IMPAIRMENT OF "RESERVE."

THE PROPER TREATMENT OF A LIFE INSURANCE COMPANY IN WHICH THE "RESERVE" HAS BECOME IMPAIRED.

SHEPPARD HOMANS.

In the treatment of this subject two important considerations present themselves. (1) A policy of life insurance is a *contract* between two parties, the company and the individual. (2) The Constitution of the United States, Section 10, Art. 1, provides that "No State shall * * * pass any law impairing the obligations of contracts."

We will first consider a life policy simply as a contract involving the payment of a stipulated sum on the death of the insured, leaving out, for present purposes, consideration of the endowment or investment element, as this is merely an incident in the transaction, governed by other and quite different principles. Not only is the insurance a contract, or vested right, which may not lawfully be impaired, but its equity or value varies with the altered health or personal conditions of each individual insured. The equity or value in the case of a person in vigorous health is quite different from that of one in impaired health. The former may obtain all the insurance he needs or desires elsewhere; the latter is deprived of this advantage. We have then, in the United States, both statutory restrictions and abstract equity to urge against any avoidable impairment or destruction of a life insurance contract. In Great Britain the law is different—Parliament has the power to direct that when the assets of a company are insufficient to meet its liabilities, the insurances may be uniformly reduced in amount and thus the deficiency may be removed. This power has been exercised and the "scaling process" has been resorted to as the best method by which to prevent a company from going into bankruptcy. Apart from the violation of constitutional law, however, there are some grave objections to the "scaling process," which I pointed out in a consultation with the managers of the Charter Oak Life Insurance Company in 1877, and which may be of sufficient interest to present to you at this time.

Here was a peculiar case. As an insurance institution the Charter Oak was entirely successful. Its death and expense rates were low; its agency force admirably organized. By injudicious investment some \$5,000,000 out of the \$13,000,000 total assets had been rendered unavailable and had been thrown out by the Insurance Commissioner of Connecticut. Some steps were needed in order to prevent the company from being placed in the hands of a receiver. This would mean the destruction of all the insurances, and the distribution of the assets among the policyholders on the basis of "reserve" or investment values. That extreme measure should be avoided if possible. The directors had decided to urge the policyholders, as the best means of protecting their own interests, to "scale down" the insurances forty per cent in each case. In this way the available assets would be sufficient to meet the liabilities so reduced. In consultation, I opposed this course for the following reasons: It would be a confession of partial failure or repudiation and would tend to destroy confidence at a time when every effort should be made to inspire confidence. It would be an unnecessary loss of forty per cent of the premium income. Agents would require compensation not only for the work of scaling the policies, but for the consequent cutting down of their own renewal commissions; hence, it would be a serious and needless expense. The trouble was in the banking or investment department and not at all in the insurance department. Sound principles would suggest where and how the remedy should be applied. Finally, I urged the great injustice when applied to impaired lives as compared to those in sound health. Its only defense would be dire necessity.

When asked to point out a remedy or better course to pursue, I suggested the following:

A carefully prepared statement should be sent to each policyholder showing in detail the

total assets, available and unavailable, and the total liabilities; also showing the resulting deficiency. The necessity for the policyholders to come to the relief of the company in order to protect their own interests should be clearly set forth. These several points should be fully explained by proper persons and by personal interviews as far as practicable.

The theoretical remedy would be for each policyholder to give a check for his share of the deficiency, viz.: forty per cent of his net reserve. The impairment would thus be removed and the company could go on without question. Such a course would, of course, be impracticable, but if each policyholder could be induced to give a written obligation or lien, bearing four per cent interest for his proportion of the impairment, to be deducted in settlement of his policy, the same results might be obtained. Confidence would be maintained or restored, the full income would be preserved, unnecessary expenses would be avoided, agents' interests in renewal commissions would be preserved, and all the insurances would remain intact. The company should agree that if the assets then unavailable should ever, in whole or in part, become available, each policyholder should receive a pro rata credit on his lien, and that any current surplus should be applied to reduce the interest thereon. Policyholders should be informed that while the stated premiums would necessarily be increased by interest on the liens, the total payments would generally be less than similar amounts of new insurances would cost in other companies.

Some individuals might object to giving a lien or note obligation, and might insist upon such surrender value as the company or the State laws promised or guaranteed. In other cases the reserve or the available portion thereof could be used to purchase paid-up or extended insurance, or the policy, if for the whole of life, could be exchanged for one running for a long term of years upon which the net reserve, taking credit for present value of full net premiums, would be proportioned to the reduced or available assets. By such methods, varying in detail, the company could be made technically and actually solvent.

My recommendations were submitted to and endorsed by several leading experts, the late Elizur Wright among the number, and were formally adopted by the directors of the company. Unfortunately, however, they decided not to abandon the "scaling process" but to offer simultaneously, both plans to the policyholders. The result, as foretold by me, was a selection against the company and its final winding up in bankruptcy. The wreck of the Charter Oak is attributable mainly to incompetent management.

Other companies have failed through dishonest management of trust funds. Among them all there has been too little regard for the obvious principles which should govern such cases and to the vested rights guaranteed to policyholders by the constitution. In nearly all such cases the insurance contracts have been needlessly destroyed to the manifest injury of individual interests. For, I repeat, the equity of a sound life in the insurance part of his policy or contract is *nil*, while that of an impaired life is tangible and positive.

There is one instance, however, which should be pointed out with the denunciation which it deserves. I allude to the case of the Atlantic Mutual Life Insurance Company of Albany. By an error of the secretary, the dividend paid—or awarded—was too large, and the net reserve was impaired thereby to the extent of perhaps \$200—an impairment of no great moment, although, of course, not to be justified. The company was unquestionably solvent and abundantly able to meet all its obligations. Taking advantage, however, of the technical impairment, this company, by a collusion between the Superintendent of the Insurance Department and a judge of the Supreme Court, was placed in the hands of a receiver. The result was the destruction of all the insurances, and a distribution of assets on the basis of reserve or investment values. This, in my opinion, was a case of judicial murder, and is a blot on the good name of the judiciary, the insurance department, the State itself, and of life insurance generally.

If in future there should, unfortunately, be a deficiency in the assets of any life insurance company, let us hope that the insurance contracts will be treated upon correct principles, as demanded alike by abstract equity and by constitutional law, and not be slaughtered wholesale as has been the case too often in the past.

STANDARD SHORT RATE SCALE

FOR COMPUTING PREMIUMS FOR TERMS LESS THAN ONE YEAR. AS ADOPTED BY THE
"WESTERN UNION."

RULE.—Take the percentage indicated in scale opposite the number of days risk is to run, on the premium for one year at given rate, and the result will be the premium earned in case of cancellation, or to be charged in case of short risks.

DEFINITIVE ANALYSIS

—OF—

LIFE INSURANCE RETURNS, 1883-89 INCLUSIVE.

A COMPENDIUM AND DIGEST OF THE FIGURES OF 26 COMPANIES.

COMPILED FROM THE OFFICIAL MASSACHUSETTS REPORT

BY BENJ. F. BROWN.

COPYRIGHT BY THE SPECTATOR CO.

INTRODUCTORY.

THE record of new business for 1889 easily surpasses in its turn the splendid showing of the preceding year and fitly signalizes the close of a decade of unparalleled growth and prosperity in life insurance. The twenty-six companies reporting to the Massachusetts department—comprising, with two or three exceptions, all of more than local note doing business in the United States—issued last year 203,417 policies (taken and paid for) insuring, including additions, the enormous total of \$629,767,816.* This result shows the remarkable gain of \$116,132,038—or nearly eighteen and one-half per cent—over the great record of 1888, and represents by far the largest single year's business ever transacted by *all* companies in this or any other country.† Corresponding with this showing, and *almost* equally satisfactory, is the gain of insurance in force which foots up \$371,670,792, representing, needless to add, the largest annual increase ever recorded. Thus swelled the amount of insurance outstanding in the twenty-six companies at the end of the year reaches the magnificent total of \$3,064,711,768,‡ showing a gain of no less than \$1,646,000,000 in round figures, or about 116 per cent since 1880; while during the same period the income increased from \$81,000,000 to \$164,073,199; the gross assets, \$278,000,000 to \$679,984,508, and the surplus over all liabilities, \$39,000,000 to \$85,783,794. Taken altogether the results here recorded are without a precedent in the whole range of financial history, and present cause for congratulation not merely to those identified with life insurance but to all interested in the progress of civilization and humanity the world over.

But, it may be asked, how came the great economy at so low an ebb as above indicated at the opening of the decade? A brief retrospect will suffice to show.

Taking the records of the Massachusetts department as a guide, we find that the year 1870 closed with a total of \$1,982,000,000 in force in the companies then reporting. The abnormal growth of the business incidental to the period of inflation

* It is a notable fact that the bulk of this vast business (61.4 per cent) was written by the three leading companies; yet, with a single exception, every company showed substantial, and several extraordinary gains over the business of 1888 (see Table A).

† It will surprise many at this day to be told that as far back as 1869 the companies reporting to the New York department returned a total new business of \$614,762,420. This was the zenith of the artificial growth incident to the inflation period, and the figure was never again equaled, indeed hardly approximated, until 1888, when a total of \$631,731,701 was reached. Both these sums, however, included "not taken" insurance amounting to over \$100,000,000 in each instance.

‡ The total in force in the companies reporting to the New York department was \$3,144,677,311, new business footing up \$652,949,993 (paid for).

or "flush" times succeeding the war here reached its climax, and the figure quoted proved to be the flood-mark of life insurance for many years to come. Reaction set in, almost as a natural consequence, and, gathering added force with the outbreak of the great financial storm a year or two later, continued without check or intermission to the end of the decade. By this time the volume of outstanding risk had declined to the low figure of \$1,418,000,000, having in the interim suffered a shrinkage of no less than \$564,000,000 in round figures.

Here, finally, with the resumption of specie payments and the return of confidence, the receding tide was stayed; and thus it was that the year 1880 marked at once the termination of a critical period and the commencement of a new epoch in the history of American life insurance. Based upon the solid foundation represented by the survival of the fittest, the progress of the grand institution has continued steadily onward and upward, the volume of business swelling in increasing ratio with each succeeding year; with the final result that the small beginning of \$159,000,000 in the first year of the decade has culminated in a business of nearly \$630,000,000 in the last, while the volume of outstanding insurance has reached a figure more than \$1,000,000,000 greater than at any previous period up to the earlier months of 1886, when, for the first time, the total of 1870 was exceeded.

It would be very satisfactory to conclude our review of the situation just here, but there are certain matters less agreeable in the consideration, to which, nevertheless, it is both proper and desirable that attention be drawn at this time. It is a fact patent to close observers that certain evils, always in some degree existent, have developed so extensively of late, as a consequence of the aggressive and overstrained competition of the day, as to constitute real occasion for apprehension and anxiety on the part of all well-wishers to life assurance. These objectionable features—"blemishes where all else is so fair"—briefly designated, are as follows: (1) increase in expenditure disproportionate to results; (2) the swelling proportion of lapses, and (3) rapidly growing volume of assurance issued though "not taken," yet, by a pleasing fiction, included in the returns of new business. (See figures under appropriate headings, Tables G and E.)

It will, of course, be understood that the criticism here implied is by no means of general application as a whole, yet there are few companies to which in a modified degree some part of it will not apply. Taking the matter of expenses, for instance, some increase is, of course, inevitable in connection with the increase of new business, which, as already shown, has been general all along the line. Yet an examination of the appropriate ratio columns (Table C) will show that there are companies which, notwithstanding this increase, have effected an actual reduction of expenses, and yet others in which little or no change is manifest in the ratio. In comparatively few companies, indeed, has a fairly proportionate ratio been exceeded, but among these should be noted two or three marked instances of a rate of expenditure which is not only dis-

proportionate to results, but is in fact almost solely responsible for the undue swelling of the general ratio (Table G), to which attention is drawn above. The value of new business acquired at legitimate cost is undeniable, but if it can be acquired only at such cost as will neutralize or exceed the benefit, it is better left alone. In one of the instances named the rate of expenditure *undoubtedly crosses the danger line*, while in two others, at least, it is not too much to say that it cannot be maintained even at its present limit without serious detriment to the interests of policyholders, if indeed, in the long run, with proper regard for safety. The effect of such expenditure may be readily traced in the appropriate column, Table D, headed "Mortuary and Expense Margins, etc.," of which a careful study is suggested. It may be well to add in this connection, though it should be unnecessary, that a small local company, whose affairs are shown to be in an unsatisfactory condition, is not to be considered in connection with the "two or three marked instances" alluded to above. Is it not time to call a halt in methods which so evidently constitute a serious menace to the future of life assurance?

As to the other matters designated, it is hardly necessary to do more in this place than draw attention to the figures given in Table E, which, in a general way, tell their own story and point their own moral. If we are to add a final word, let it be concerning the latter of the two. To say the least, it is not easy of comprehension why the companies continue to report, year after year, millions upon millions of so-called "new business" from which, though it has contributed very materially to expenses, not a dollar of revenue has been derived and which represents, in fact, only—wind. What company will take the lead in doing away with so glaring an anomaly?

EXPLANATORY NOTES.

Tables A, B and C are in form and detail the same as last year and, apart from drawing attention to the ratios fixing the exact status or "size" of the individual company's business from year to year, require no explanation other than is conveyed by their several headings. A new feature is, however, added in the form of a supplement to the last named. This table is designed to illustrate, so far as is practicable, the value of a large volume of new business, when procured at reasonable expense, in reducing the current or "office" cost of assurance through its effect upon the death rate; also, incidentally, the misleading and delusive character of the expense ratio *per se* as an index of economy. In illustration is given the experience of twelve selected companies, all over thirty years old, exemplifying a wide diversity of business methods, as well as representing the maximum and minimum conditions of new business volume and expenditure respectively. It should prove an interesting and profitable study.

Table D constitutes by far the most important as well as interesting showing of the entire series, being, in fact, a summing up of the net results accruing from the operations recorded in the preceding tables. It has been, as will be seen, much simplified and improved since last year by the elimination of certain ratios which, in the case of those at least who do not comprehend the varying effect of age and other conditions of the assurance in different companies upon such a showing, could only have a confusing or misleading effect. A further improvement consists in the introduction of a column presenting a distinctive showing of the profits *proper* of life assurance, by means of which the effects of unfavorable mortality or over-expenditure are the more readily apparent. It is well to know, in fact, just what are the legitimate earnings of the company as a direct result of good or bad management, as also to what extent they are swelled or diminished, as the case may be, by the inevitable fluctuation in value of owned securities, and that is just what is clearly and unmistakably indicated here. That there is something more in this than appears on the surface a careful examination of the columns in question will show.

The ratios given in this table comprise by no means the least important and instructive of its features. The fluctuation in the rates of interest during the term of years covered has been very striking, while the considerable fall of last year is suggestive in its teaching to say the least. (See average rates, all companies, 1883-89 table H.) Of the ratios relating to surplus earned, it need only be said, in conclusion, that while valueless, nor in any degree intended as a means of comparison as between companies, they serve a most important and desirable end in affording an accurate relative showing—a kind of barometrical index, so to speak—of net results from year to year in the individual company upon the one basis adapted for exact comparison, viz.: the net value of the aggregation of policies in force.

Tables E, F, G and H, representing the preceding tables in summary, present many features of interest, and must by no means be passed lightly by. Many of the ratios there presented will be found specially interesting and valuable for purposes of comparison and otherwise by all students of life assurance. While this may be said of all, it is especially true of the last named.

Boston, July, 1890.

TABLE A.—BUSINESS EXHIBIT, 1883-89—WITH CORRELATIVE SHOWING OF VOLUME AND GROWTH.

NAME OF COMPANY AND YEAR ORGANIZED.	NEW AND OUTSTANDING ASSURANCE									
	Year Ending December 31.	New Assurance Issued and Paid for.	Old, or Relative Volume of New Business.	Proportion to Grand Total, Twenty-six Companies.	Total Assurance in Force.	Proportion to Grand Total, Twenty-six Companies.	Net Gain in Amount Outstanding. (The minus sign — indi- cates Loss.)	Percentage of Annual Gain.	Proportion to Grand Total, Twenty-six Companies.	Ratio of Increase in Outstanding Assurance, 1883-89.

FOURTH EDITION.

A TREATISE ON THE

Principles and Practice of Life Insurance:

Being an Arithmetical Explanation of the Computations involved in the Science of
 Life Contingencies, to which are added

VALUABLE TABLES FOR REFERENCE

FOR THE USE OF

LIFE INSURANCE COMPANIES AND AGENTS.

By NATHAN WILLEY, Actuary.

Fourth Edition, Revised and Enlarged, by H. WORTHINGTON SMITH, Actuary.

Price, \$2.00 Per Copy; sent post-paid to any address.

THE SPECTATOR COMPANY, PUBLISHERS,

Chicago Office, 161 La Salle St.

No. 14 CORTLANDT ST., NEW YORK.

FIRE AND WATER

Is the only Journal published in the United States that gives exclusive information on the subjects of FIRE PROTECTION AND WATER SUPPLY. It is invaluable to Fire Insurance Companies, as every week it contains current news on the standing of fire departments, the fire protection of cities, towns and villages, and general information of importance to underwriters.

SUBSCRIPTION PRICE, \$3.00 PER YEAR.

Sample copies on application to **FIRE AND WATER,**

14 Cortlandt Street, New York.

The Principles and Practice of Fire Underwriting.

THE PRINCIPLES AND PRACTICE OF FIRE UNDERWRITING. Systematically arranged. By Joseph M. Rogers, LL.B. An Instruction Book for Fire Insurance Agents. Invaluable to all who wish to acquire a thorough knowledge of all the technical details of fire underwriting.

The Fourth Edition of this work, revised and corrected, has recently been issued, and contains many valuable and important additions.

The following extract from the authors's preface will explain the plan and scope of the work:

" * * * The merit of the work, if I may claim for it any, consists, *first*, in its arrangement; and, *second*, in its conciseness and clearness.

" In the following work I have endeavored to say everything *necessary* to be said and nothing more, and to say it in as concise and clear a manner as possible, thus securing its being read and understood by that class of agents for which it is intended, namely, those of limited experience. By thoroughly understanding and adhering to the rules herein enunciated, agents will not only render their labors more satisfactory to their principals, but more easy, agreeable, and satisfactory to themselves."

Embossed Cloth, with red edges, 150 pp. Price, \$2.00 per copy.

(A liberal discount to Companies furnishing this work to their Agents.)

APPENDIX.

FIRE PROTECTION.

A COMPILATION SHOWING THE
WATER SUPPLY AND FIRE APPLIANCES
—OF THE—
Cities and Villages of the United States.

CORRECTED TO JUNE 20, 1890.

APPENDIX.

FIRE PROTECTION AND WATER SUPPLY.

WE present in the following pages statistics regarding the fire protection and water supply of the different cities and villages of the country brought down to date. During the eleven years that we have been compiling these valuable statistics, we have sought to improve them year by year, and include in the list every place having a semblance of fire protection or water supply. This year we present a greater number of places than ever before. A very large number of places heretofore unreported responded to our inquiries for information and are included in the list, while the statistics of those places that have been heretofore reported have been carefully corrected in accordance with the present equipment of their departments. Every place of importance in the country has been communicated with and responses have been received from nearly all of them, so that this report shows more nearly this year the fire protecting facilities of the country than any compilation heretofore made. Special attention has been given to obtaining information regarding the water supply of the places named, and it will be found to give all material facts relative to this matter. We have sought to obtain uniformity in the reports from the various places, and, by condensing the matter, to give full information in the briefest space possible.

In securing the population of the places we have not only consulted the best authorities available, but where it is patent that a place has grown extensively since the last census we applied to residents for estimates of the present population.

Plain figures indicate that the population is given as stated in the census of 1880.

A * indicates that the population is estimated by a responsible person, usually the city official who furnished the fire protection report.

A † indicates that the population given is in accordance with the school census taken in 1885.

FIRE PROTECTION AND WATER SUPPLY is printed this year from new type purchased expressly for it, and, being a size smaller than that heretofore used, we have been enabled to get a much greater amount of information on the same number of pages.

For convenience in printing and for the purpose of enabling us to keep this department open for corrections to the last possible moment, "Fire Protection and Water Supply" is printed as an Appendix. By this means we have been enabled to insert corrections as late as June 20, 1890.

We desire to extend our thanks to each and every person who has aided us in collecting these statistics, either by filling out the blanks sent to them, making suggestions, or otherwise contributing to secure accuracy.

THE SPECTATOR COMPANY.

ALABAMA.

Anniston, Calhoun Co., population 10,000; mercantile buildings, brick, 2 to 8 stories; private, wood; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages; 2000 ft hose; total membership 100, paid full time 4, remainder volunteers; 11 Gamewell street boxes; 4 fire companies.

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoir; reservoir cap 8,000,000 gals; Holly pumping engines, dy cap 4,000,000 gals; 75 Mathews hydrants; 17 miles pipe 20 to 6 in dia. Anniston Pipe Works; Eddy valves; Union meters 48; pressure, domestic 95 to 100; fire same; water-works owned by private company. Supt, H. B. Rudisill; mayor, R. P. Hugger; city clerk, W. H. Jeffers.

Athens, Limestone Co., population 1011; dwellings brick and wood, 1 and 2 stories; no department; 2 chemical hand extinguishers.

WATER SUPPLY—Springs and wells. W. R. Walker, mayor; C. R. Arnett, town clerk.

Bessemer, Jefferson Co., population 3600. No department.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct into mains; Blake comp. pumping engines, dy cap 2,000,000 gals; hydrants 45, Bourbon Copper and Brass Works; pipe 9 miles, 12 to 4 in dia; 90 valves; limestone water; pressure, domestic 40, fire 45 to 48 pounds; cost to construct \$125,000; ann expenses \$5600. Supt, G. H. Stevenson; mayor, C. F. Hard; city clerk, J. C. Houston.

Birmingham, Jefferson Co., population *45,000. Fire department—11 horses, 2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; 3000 ft hose; members all paid. Ferdinand Neville.

WATER SUPPLY—Source, creek; system, pumping to reservoir; cap of reservoir 4,000,000 gals; pumping machinery by Deane, Blake and Worthington; total cap 5,500,000 gals dy; 87 hydrants; 30 miles mains, dia 4 to 16 in; Ludlow, Chapman & Eddy gates; quality of water good, not filtered; works cost to construct \$600,000; ann expenses \$20,000; int on bonds 6 per cent; pressure 50 pounds. H. M. Caldwell; W. J. Milner, supt.

Clayton, Barbour Co., population 1200; buildings brick and wood, 1 and 2 stories. Fire department—1 steam engine, 1 hose reel, 1 hook and ladder truck; 600 ft good linen hose; 35 volunteer members. W. J. Ward.

WATER SUPPLY—Source, cistern, 27,000 gals; 1 reservoir formed by damming creek; cap 20,000 gals. B. T. Roberts, town clerk.

Dadeville, Tallapoosa Co., population 1226; mercantile buildings, brick, 2 stories; shingle roofs permitted; dwellings, wood, 1 story; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; value of apparatus \$300; 1 building, ann rent \$30, value \$300; membership 86, all volunteers; ann expense \$50; bell alarm.

Decatur, Morgan Co., population 10,000; mercantile buildings, brick and stone, 8 to 4 stories; private, wood, 1 to 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage, 1 hand extinguisher; 500 ft linen hose, good; value of fire department equipment \$3000; value of buildings occupied \$500; total membership 65, all volunteer; steam whistle; 1 hook and ladder company, 1 hose company, 1 hand extinguisher company. Chief engineer, D. Young.

WATER SUPPLY—Source, river; standpipe and direct pressure; Deane pumping engines, dy cap 5,000,000 gals; hydrants 250, Chapman; pipe 28 miles, 24 to 4 in dia, maker Dennis Long; 225 valves, Chapman; quality of water good; pressure, domestic 55, fire 100 pounds; works owned by company; cost to construct \$350,000. Pres, John D. Roquemore; mayor, Chas. A. Stevens; city clerk, W. P. Guthrie.

Demopolis, Marengo Co., population *2000; buildings, brick and wood, 1 and 2 stories. Fire department—2 Babcock extinguishers, 1 hook and ladder truck; value of apparatus and supplies \$2000; 55 members, volunteers; ann expenses \$100; bell alarm. E. B. McCarty.

WATER SUPPLY—Source, artesian well and cisterns; 1½ miles street mains. J. J. Griffin, mayor; D. F. Prout, city clerk.

Enfauila, Barbour Co., population 5500. Fire department—2 steam fire engines, 1 hand engine, 1 hook and lad-

der truck, 5 hose carriages; hose cotton, good 2200 ft; rubber good 1000 ft; total membership 240, all volunteers.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; Davidson pumping engines, dy cap 2,000,000 gals; hydrants 50, Coffin Valve Co; pipe 7 miles, 4 to 10 in dia; 86 valves, Coffin Valve Co.; quality of water good, filtration natural; pressure, domestic 70, fire same; water-works owned by company; cost to construct \$80,000; int on bonds 6 per cent. Pres, com, S. H. Dent; supt, R. H. Walker; mayor, G. L. Comer; city clerk, G. A. Roberts.

Eutaw, Greene Co., population 1200; area 640 acres; frame and brick buildings, 1 and 2 stories; hook and ladder truck; bell alarm. E. C. Meredith.

WATER SUPPLY—Source, wells. J. C. Anderson, mayor.

Florence, Lauderdale Co., population *5000; buildings, brick and wood, 8 stories. Fire apparatus not described.

WATER SUPPLY—Source not stated; gravity system; Blake pumps, cap 2,000,000 gals; 6 hydrants; 6 miles mains, dia 4 to 6 in; 10 Ludlow gates; quality of water good; cost of works about \$12,000; pressure 87 to 90 pounds; ann expense \$500; works owned by private company. A. Brown, pres and supt; R. Andrews, mayor; A. W. Porter, city clerk.

Gadsden, Etowah Co., population *4000. Fire department—1 hand engine, 5 hose cars; 1 hook and ladder truck; 1700 feet rubber hose; 50 rubber buckets; total membership 60. W. P. Lay.

WATER SUPPLY—Source, river; system, pumping to reservoir; cap of reservoir 1,700,000 gals; Deane pumps, dy cap 1,000,000 gals; 50 hydrants; 5 miles mains, 4 to 10 in dia, Ludlow gates, pressure 85 pounds; cap of filtering reservoir 8,000,000 gals dy; works cost to construct \$22,000; ann expenses \$1500; int 8 per cent, operated by the Gadsden Water-works Co. A. L. Gleen, pres; M. E. Jones, supt.

Greensboro, Hale Co., population 1833. Fire department—1 hook and ladder truck with chemical extinguishers; 25 men, volunteers.

WATER SUPPLY—Source, wells. L. J. Lawson, mayor; D. J. Castleman, town clerk.

Greenville, Butler Co., population *3000; area 2600 acres; fire limit 40 acres; fireworks ordinance; mercantile buildings, brick, 2 stories; dwellings, wood, 1 story. Fire department—1 chemical engine and chemical hand extinguishers; 1 hook and ladder truck; 200 feet rubber hose in good condition; value of apparatus and supplies \$3000; membership 85, all volunteers; ann expenses \$450; bell alarm. Chief, J. O. Bryan.

WATER SUPPLY—Source, wells. W. F. McKenzie, mayor; J. J. McMullan, city clerk.

Huntsville, Madison Co., population 5500; fire area 820 acres; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; other apparatus 500 ft rubber hose, 500 ft fabric, 300 ft leather in good condition; 2 horses, 2 mules; value of fire department equipment \$8000; value of buildings occupied \$6000; total ann expenses of department \$1500; total membership 45, paid full time 2, paid part time 1, volunteer members 42; bell alarm. Chief engineer, John P. Spence.

WATER SUPPLY—Source, springs; system, direct pumping; Worthington and Gordon & Maxwell pumping engines, dy cap 1,500,000 gals; hydrants Ludlow; pipes 12 to 4 in dia, Ludlow valves; quality of water good; filtration natural; pressure, domestic 45; fire 60 pounds; water-works owned by city; ann expenses \$2500; int on bonds \$900. Supt, B. W. Blake; mayor, Jesse Murphy; city clerk, E. R. Matthews.

Jacksonville, Calhoun Co., population 2000. Fire department—1 fire company and 1 hook and ladder company (colored), good hose carriage; 600 ft of rubber hose. J. O. Camp.

WATER SUPPLY—Source, springs; system, gravity to reservoir; 12 hydrants; 4 miles mains, dia 8 and 4 in; quality of water good; cost of works \$17,000; pressure 85 to 90 pounds; int on bonds 4 per cent; works owned and operated by C. D. Martin. H. L. Stevenson, mayor; W. H. Dean, town clerk.

Marion, Perry Co., population *2500; fire limit 50 acres; fireworks ordinance; mercantile buildings, brick,

ALABAMA—Continued.

2 stories; dwellings, wood, 2 stories. Fire department—2 chemical hand extinguishers, 1 hook and ladder truck; value of apparatus and supplies \$1500; 1 building owned by department, value \$150; ann expenses \$55; bell alarm. Chief, W. H. Barritt.

WATER SUPPLY—Source, wells; 1000 gals dy cap. J. A. Moore, mayor; W. H. Smith, city clerk.

Mobile, Mobile Co., population 40,000; fire limit, 9980 acres; fireworks ordinance; causes of fires investigated; buildings, brick and frame, 2, 3 and 4 stories. Fire department—3 steam engines, 1 hook and ladder truck, 4 hose carriages; 5000 ft of hose, in good condition, 9 horses; membership 24, full paid; fire alarm telegraph, 89 street boxes; ann expenses, \$18,000; salvage corps. Chief engineer, Matt. Sloan.

WATER SUPPLY—Source, clear creek; system, pumping direct or to reservoir; reservoir 12 miles from city; Gaakill pumps; cap of reservoir 1,000,000 gals dy; 26 miles street mains and supply pipes; dia of largest, 24 in, smallest, 6 in; 200 hydrants; pressure 80 to 90 pounds; cost of works \$70,000; works owned by company. G. R. Ketchum, pres; John G. Friend, supt.

Montgomery, Montgomery Co., population 28,000; area, 2219 acres; fire limit, 426 acres; fireworks ordinance; causes of fires investigated; mercantile buildings, brick and wood, 2 and 3 stories; dwellings, brick and wood, 1 and 2 stories. Fire department—3 steam engines, 2 hand engines (unservicable), 2 chemical hand extinguishers, 1 hook and ladder truck, 4 hose carriages; siamese couplings on hand, but not used; 1 salvage wagon; 5500 ft hose good, 950 ft poor; 18 horses, value of apparatus and supplies \$85,800; 2 houses, value \$15,000; one rented at \$300 per annum; 12 members of department paid full time; 370 volunteers; ann expenses \$12; telegraph alarm, 80 street boxes. Chief, H. F. Irwin.

WATER SUPPLY—Source, artesian wells; system, direct and pumping to standpipe; Deane pumping engines, dy cap 40,000 gals; hydrants 224. Coffin Valve Co.; pipe 41 miles, 4 to 24 in dia, Warren F. & M. Co., and Chattanooga F. & P. Works; 840 valves, Coffin Valve Co.; 600 meters, National Meter Co., W. R. Worthington, Frost & Co.; quality of water good; pressure, domestic 48 to 110, fire same; water-works owned by company; int on bonds \$21,000. Pres com, J. D. Roquemore; supt, F. Crosby; mayor, E. A. Graham; city clerk, R. B. Snodgrass.

Opelika, Lee Co., population 8810, buildings, brick and wood, 1 and 2 stories. Fire department—1 steam engine; 1 hose carriage; 700 ft cotton hose; value of apparatus and supplies \$3000; 26 members, volunteer; 1 engineer paid part time; ann expenses 1888, \$120; bell alarm. Charles Shaeffer.

WATER SUPPLY—Source, cisterns and wells; cap of wells 80,000 gals each. F. M. Renfro, mayor; B. T. Phillips, city clerk.

Oxford, Calhoun Co., population 1800; fire area 25 acres; mercantile buildings, brick mostly, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 50 ft; value of fire department equipment \$600; value of buildings occupied \$150; total membership 80, all volunteers; bell alarm; 1 fire company. W. H. Orr, chief engineer.

WATER SUPPLY—Wells and cisterns.

Prattville, Autauga Co., population 1100. Fire department—1 hand engine, 1 hose carriage; 100 ft good hose; 60 men, volunteers.

WATER SUPPLY—Source, large creek; 3 reservoirs, rotary pumps.

Selma, Dallas Co., population 10,980. Fire department—1 steam engine, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; 1600 ft hose in good condition, 1000 feet poor; 5 fire wardens (act as patrol); 75 volunteers; 6 horses. John G. Norris.

WATER SUPPLY—Source, 3 artesian wells; system, direct and pumping to standpipe; Worthington pumping engines, dy cap 1,000,000 gals; hydrants 114, Ludlow; pipe, 18½ miles, 12 to 4 in dia. Chattanooga F. & P. Works; 80 valves, Ludlow; 1 meter, National Meter Co.; quality of water good; pressure, domestic 45, fire 100 to 120 pounds; ann expenses \$5000; int on bonds

\$8000. Pres of com, Wm. H. White; supt, Thos. K. Gotchell; mayor, L. S. Starr; city clerk, A. J. Goodwin.

Spring Garden, Cherokee Co., volunteer company; 200 ft hose.

WATER SUPPLY—Reservoir, 50,000 gals cap.

Talladega, Talladega Co., population 8000; mercantile buildings, brick and metal in fire limit, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 650 ft, inferior 100 ft; value of fire department equipment \$1200; value of buildings occupied \$600; total membership 70, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies; chief engineer, E. R. Jacobs; chairman of fire and water com, Jas. B. McMillan.

WATER SUPPLY—Source, spring; system, direct and pumping from spring; capacity of reservoir 5,000,000 gals dy; standpipe, height 120 ft; in city limits, 8 pumps, Birmingham Iron Works; cap 1,500,000 gals dy; 6 hydrants; 8½ miles mains, dia 2 to 8 in; quality of water good, not filtered; pressure 75 to 150 pounds; cost of works \$40,000; Talladega Gas and Water Company owners; Jos. Shakespeare, pres; W. W. Haralson, supt; W. H. Skaggs, mayor; G. A. Joiner, city clerk.

Troy, Pike Co., population 8400. Fire department—1 chemical engine, 1 steamer, 1 hook and ladder truck; 150 feet good hose; volunteer department, 70 men. E. Jackson.

WATER SUPPLY—Source, wells; system, pumping to standpipe; Gordon pump, cap 1,000,000 gals; 30 hydrants; 2½ miles of mains; pressure 60 to 100 pounds; cost of works \$70,000. Perry Davis, A. C. Worthy.

Tuskaloosa, Tuskaloosa Co., population 7000; area 1280 acres; fire limit 6 squares; fireworks ordinance; mercantile buildings, brick, 2 and 3 stories; dwellings, wood and brick, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; 1000 ft 2½-in rubber hose in good condition; value of apparatus and supplies \$170; 1 building owned by city, value \$3000; membership 26, all volunteers; bell alarm.

WATER SUPPLY—Source, wells; system, direct to tank; cap 168,000 gals; 2 Worthington duplex pumps, cap 1,480,000 gals each; 61 hydrants; 4 1-6 miles mains, dia 1 to 10 inches; cost of works \$90,000; owned by Tuskaloosa W. W. Co. J. W. Wilcox, pres; W. V. Todd, supt; W. C. Jemison, mayor; A. P. Hogan, town clerk.

Tuskegee, Macon Co., population 9500. Fire department—1 chemical engine, 1 hook and ladder truck; 100 ft rubber hose good; 60 men, volunteers. J. L. Adams.

WATER SUPPLY—Source, private wells; reservoirs. W. P. Thompson, mayor; W. H. Echols.

Union Springs, Bullock Co., population 1822; area 980 acres; fireworks ordinance, mercantile buildings, brick, height 1 story; dwellings, wood, 1 story. Fire department—1 steam engine, 1 hand engine, 1 hook and ladder truck (not used), 2 hose carriages; siamese couplings used; 1800 ft rubber hose in good condition; heater connected with steamer, value \$180; value of apparatus and supplies \$4000; 100 volunteers; ann expenses, \$200; bell alarm. Chief engineer, B. T. Ely.

WATER SUPPLY—Source, cisterns, supplied from roofs of buildings, cap 80,000 gals dy. James D. Norman, mayor; P. L. Cowan, town clerk.

Uniontown, Perry Co., population 2000; 1 hook and ladder truck; no organized department;

WATER SUPPLY—Source, cisterns and artesian well. J. C. Welch, mayor; J. A. Hudson, city clerk.

The following places have no fire protection: Ashville, St. Clair Co., population 500. Brundige, Columbia. Henry Co., population 700. Dothan, Fort Payne, De Kalb Co., population 500 (fire department organizing and system of water-works shortly to be put in). Hayneville, Lowndes Co., population 500. Jasper, Walker Co., population 1500. Ozark, Dale Co., population 600. Vetsburg, Macon Co., population 1700. Pratt Mines, Jefferson Co., population 1000 (just incorporated). Russellville, Franklin Co., population 700. Scotsboro, Jackson Co., population 1500. Sylacanga, Talladega Co., population 2000 (movement on foot to establish a fire department). Whistler, Mobile Co., population 1500. Wetumpka, Elmore Co., population 1200 (water supply).

ARIZONA.

Nogales, Pima Co., population 600; mercantile buildings, brick, 1 story; private, brick, 1 story; wooden roofs permitted. Fire department—1 hook and ladder; 1 steam pump, railroad property; hose, cotton 500 ft; value of fire department equipment \$350; value of buildings occupied \$40; total membership 25, all volunteers; 1 hook and ladder company. Chief engineer, W. J. Glenn; chairman of fire and water com, T. A. Jones.

Phoenix, Maricopa Co., population 7500; buildings, brick, 1 and 2 stories. Fire department—1 steam engine, 1 hook and ladder truck, 2 hose carriages; 2500 feet good cotton hose; value of apparatus and supplies \$7000; 100 members; ann expenses \$780; bell alarm. F. M. Camrowski.

WATER SUPPLY—Source, wells; system, standpipe and direct; Deane pumping engines, dy cap 2,000,000 gals; hydrants 50, Ludlow; 11 miles pipe 10 to 4 in dia, National Tube Works; 37 valves Ludlow; 4 meters Hersey; quality of water, medium hard, good; pressure, domestic 40, fire 180 pounds max; cost to construct \$87,000; ann expenses \$4000; int on bonds 6 per cent. Pres com, F. W. Hine; sup, J. M. Gardiner; mayor, Geo. F. Coats; city clerk, Ed. Swarty.

Prescott, Yavapai Co., population 2000; fire area 640 acres; mercantile buildings, brick and wood, 1 to 2 stories; private, wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton, good 2000 ft; total membership 70, all volunteers; bell alarm; total number of companies 4. Chief engineer, W. C. Bashford.

WATER SUPPLY—Source, creek; system, pumping to

reservoir; reservoir cap 4,000,000 gals; 25 hydrants; 8 miles mains, Ludlow gates; quality of water, good; pressure, 100 to 180 pounds; cost of works \$62,000; ann expenses about \$4500; int 8 per cent; operated by city. Supt, J. F. Mahoney.

Tombstone, Cochise Co., population 1500; buildings, frame and adobe, 1 story. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; 2400 ft good rubber hose; value of apparatus \$15,000; 8 companies; 150 volunteer members; ann expenses \$1000; bell alarm.

WATER SUPPLY—Source, in canyon; system, gravity from collecting to distributing reservoir; cap of latter 1,000,000 gals; also 25 mile conduit; cost of works \$300,000; pressure good. J. W. Clark.

Tucson, Pima Co., population 8000. Fire department—1 hook and ladder truck, 2 hose carriages; 1000 ft cotton hose, good; 70 volunteer members. D. J. Boleyn.

WATER SUPPLY—Source, river; system, gravity; 50 hydrants; 6 miles 12-in mains; quality of water good, not filtered; pressure 35 to 60 pounds; works operated by Tucson Water Co. J. R. Watts, R. N. Leatherwood, sup; cost of works \$80,000; ann expenses \$1200; int 8 per cent.

The following places have no fire protection: Solomonville, Graham Co., population 500 (water supply obtained from 2 irrigating canals running through town, also from 2 tanks of 5000 gals cap each. Hose attachments available in case of fire); St. Johns, Apache Co., population 1800. Wilcox, Cochise Co., population 500.

ARKANSAS.

Alexander, Pulaski Co., population 800. No department.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir about 8000 gals; 1½ miles mains; hydrants; cost of works \$800; operated by Alexander Water Co. E. Peloubet, pres; A. B. Holland, supt.

Arkansas City, Deaha Co., population 1800; fire area 20 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 60 ft; value of fire department equipment \$1100; value of buildings occupied \$400; total membership 80, paid part time 8, remainder volunteers; 1 hook and ladder company. Chief engineer, R. W. Smith, chairman of fire and water com, R. W. Smith.

WATER SUPPLY—Source, reservoir; system, direct; pipe in dia; water-works owned by company.

Augusta, Woodruff Co., population 1000; buildings, wood, 1 story; shingle roofs. Fire department—1 hook and ladder truck, 40 volunteer members. W. W. Folsom.

WATER SUPPLY—Source, wells and cisterns. E. Blackman, mayor; J. N. McCurdy, town clerk.

Batesville, Independence Co., population 1700; buildings, stone and wood, 1 and 2 stories. Fire department—hand engine; 300 ft hose.

WATER SUPPLY—Source, wells and streams. J. E. Rosebrough, town clerk.

Bentonville, Benton Co., population 3000; fire area 280 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, 1 doz rubber buckets and ladders in engine; hose rubber, good 250 ft; value of fire department equipment \$1000; value of buildings occupied \$50; total membership 25, all volunteers; Rumsey bell alarm. Chief engineer, Geo. M. Craig.

WATER SUPPLY—Source, cisterns.

Camden, Onachita Co., population 8000.

WATER SUPPLY—Source, river; system, direct pumping; Gordon pumping engines, dy cap 750,000 gals; hydrants 10, Holyoke; pipe 2½ miles, 6 and 4 in dia; South Pittsburgh works; 10 valves, Chapman; quality of water pure, soft; pressure, domestic 70 to 75, fire 125 to 150 pounds; cost to construct \$22,000; ann expenses \$2300; int on bonds 6 per cent; pres of com, S. Q. Levier; supt, F. W. Rogers; mayor, Jno. C. Ritchie; city clerk, Milton A. Elliott.

Dardanelle, Yell Co., population 2250; mercantile buildings, wood and brick, 1 and 2 stories; wooden

roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 500 ft; total ann expenses of department \$50; total membership 35, all volunteers; bell alarm; 1 fire company; chief eng, J. O. Polk; fire and water com, J. A. Ross, T. Cox and J. G. Jackson.

WATER SUPPLY—Source, wells; system, gravity; 6 hydrants; 1500 ft 8 in mains; quality of water good; cost of works \$4000; pressure 20 to 45 pounds; works owned and operated by W. E. Delong. L. C. Hall, mayor; G. W. Carter, town clerk.

Fayetteville, Washington Co., population 4500; buildings brick and wood, 2 and 3 stories. Fire department—2 hook and ladder trucks; value of apparatus and supplies, \$1500; 60 members; bell alarm. J. F. Mayes.

WATER SUPPLY—Source, wells and cisterns. J. H. Van Hoose, mayor; J. L. Dickson, city clerk.

Fort Smith, Sebastian Co., population 20,000. Fire department—1 hook and ladder truck, 8 hose carriages, 2 hose hose carts; 1500 ft best rubber hose; 125 men, volunteers; electric alarm. J. J. Little.

WATER SUPPLY—Source, river; system, pumping to reservoir; Worthington and Smith & Vaile pumps; cap reservoir 5,500,000 gals daily; 71 hydrants; 15 miles mains, dia 4 to 20 in; 28 Chapman gates; 18 Worthington meters; water not filtered; cost of works \$223,000; pressure 50 to 150 pounds; ann expenses \$5500; int on bonds 6 per cent; Forth Smith Water Co. owners; John Vaile, pres; Ed. Thomas, supt. Daniel Baker, mayor; H. L. Monroe, city clerk.

Helena, Phillips Co., population 4500. Fire department—1 steam engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; 1700 ft good hose; 4 men paid full time, 1 paid part time; 100 volunteers; 2 horses. N. J. Fritzer.

WATER SUPPLY—Source, river and ditch supplied from springs; stationary engine 60-horse power; 1700 ft street pipes, dia 4 to 5 in; 10 hydrants; 20 Ludlow gates; pressure 80 pounds. J. P. Duncan, mayor; J. O. Baguree, town clerk.

Hope, Hempstead Co., population 3000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted in fire limits. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; total membership 12, all volunteers; Bell alarm; 1 fire company. Chief engineer, O. W. Murray; chairman of water com, J. T. Barr.

WATER SUPPLY—Source, wells; system, pumping to reservoir; Chapman pump, cap 80,000 gals dy; 400 hydrants; miles mains not stated, dia 1 to 4 in; quality water good; pressure 24 pounds; ann expenses \$2250. J. P. Hearvey, mayor; S. A. Knightston, recorder.

ARKANSAS—Continued.

Hot Springs, Garland Co., population 12,000; fire area 2 miles sq; mercantile and private buildings in fire limits, brick, stone and iron, 2 and 3 stories; outside, wood; wooden roofs not permitted in fire limits. Fire department—2 steam fire engines, 1 hook and ladder truck, 7 hose carriages, all kinds; hose cotton, good 2500 ft; rubber good, 1000; 4 hoses, value \$400; value of fire department equipment \$15,000; value of buildings occupied \$2500; total ann expenses of department \$3000; total membership 100, paid full time 8, paid part time, 40; no of volunteer members 57; telephone alarm; no of street boxes 12, Gamewell; total no of fire companies 4. Chief engineer, A. J. Walsh; chairman of fire and water com, John Hower.

WATER SUPPLY—Source, springs and small streams; system, gravity; Knowles and Worthington pumping engines, dy cap 2,500,000 gals; hydrants 76, Holyoke; pipe 9 miles, 10 to 4 in dia; 80 valves, Ludlow & Eddy; meters Crown & Worthington; quality of water good and soft; pressure, domestic about 100, fire about same. Pres of com, A. B. Gaines; supt, A. N. Sill; mayor, Jno. Loughran; city clerk, W. E. Shanahan.

Little Rock, Pulaski Co., population *90,000; area, 2000 acres; fire limit 185 acres; fireworks ordinance; causes of fire investigated; mercantile buildings, brick, 3 stories; dwellings, frame, 1 and 2 stories. Fire department—3 steam engines, 2 hook and ladder trucks, 8 hose carriages; 4000 ft good rubber hose; 17 hoses; value of apparatus and supplies \$30,000; 1 building, value \$17,000; 175 volunteer members, 12 full paid; bell and telephone alarms. Chief engineer, Michael Egan.

WATER SUPPLY—Source, river; system, pumping to standpipe and reservoirs; cap of former 220,000 gals, of latter 18,000,000 gals; Blake pumps, cap 5,000,000 gals dy; 126 hydrants; 18 miles mains, dia 4 to 20 in; 98 Chapman gates; 28 Crown meters; pressure, 70 pounds; cost of works \$400,000; ann expenses \$10,000; int on bonds 8 per cent. Zep. Ward, pres; Zeb. Ward, Jr., supt; W. G. Whipple, mayor; H. C. Jones, city clerk.

Malvern, Hot Springs Co., population 2400; no department, limited fire protection; hose connected with railroad company's tank; church-bell alarm.

WATER SUPPLY—Source, wells and railroad tank. N. P. Richmond, mayor; W. W. Tannehill, town clerk.

Nashville, Howard Co., population 1500; frame buildings, 1 and 1½ stories; wooden roofs permitted Fire department—1 hand engine, 1 hose carriage; 750 ft good hose; 80 volunteer members; bell alarm.

WATER SUPPLY—Source, cisterns. R. F. Tilson.

Newport, Jackson Co., population 3000; fire area 320 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 1200 ft; 1 hose, value \$175; value of fire department equipment \$2800; value of buildings occupied \$350; total ann expenses of department \$600; total membership 37, paid full time 1; remainder volunteers; telephone alarm. Chief engineer, L. Minor; sec., B. B. Bond.

WATER SUPPLY—Source, river; system, standpipe and direct pumping; Smith & Vail pumping engines, dy cap 2,000,000 gals; hydrants 52; pipe 3 miles, 8, 6 and 4 in dia; quality of water good; pressure, domestic 64, fire 120 pounds. Mayor, G. Jones; city clerk, R. B. Harder.

Pine Bluff, Jefferson Co., population 15,000; fire area 2½ miles square; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, a number of chemical extinguishers, 1 hook and ladder truck; 5

hose carriages, all kinds; hose, cotton good 800 ft; rubber good 500 ft; inferior 600 ft, not in use; 2 hoses, value \$600; value of fire department equipment \$10,000; value of buildings occupied \$4000; total ann expenses of department \$3000; total membership 76, paid full time 2, remainder volunteers; Armstrong fire alarm system; street boxes 50; 1 engine company, 1 hook and ladder company, 8 hose companies. Chief engineer, J. H. Dellmon.

WATER SUPPLY—Source, wells and river; system, pumping direct and to standpipe; cap of standpipe 85,000 gals; pumping machinery by Pond Engineering Co, dy cap 8,500,000 gals; 184 hydrants; 14 miles mains, dia 4 to 14 in; Eddy gates; Crown meters, pressure 60 to 140 pounds; cost of works \$150,000; ann expenses \$3000; operated by corporation. J. F. Thompson, pres; W. P. Thompson, supt.

Rogers, Benton Co., population 2500; fire area 320 ft square; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 600 ft, rubber lined; value of fire department equipment \$800; value of buildings occupied \$150; total membership 25, volunteers; 1 hose company. Chief engineer, L. C. Hooker; fire and water com, R. L. Nance, S. B. Wing and W. Williams.

WATER SUPPLY—Source, spring; dy cap 1,000,000 gals; system, pumping to tank, cap of tank 45,000 gals; Hughes pump; 8 hydrants; 8½ miles mains, dia 4 to 8 in; works operated by Rogers Water Co. J. C. Blackburn, pres; B. F. Dyer, supt.

Texarkana, Miller Co., population 12,000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 4 hose carriages, all kinds; hose, rubber good 2500 ft; 6 hoses, value \$1200; value of fire department equipment \$200; total membership, about 70, paid full time 8, remainder volunteers; Gamewell fire alarm system, street boxes 12. Chief engineer, J. L. Cella; chairman of fire and water com, E. A. Seickler.

WATER SUPPLY—Source, artesian wells; system, direct; Gordon-Maxwell pumping engines, dy cap 2,500,000 gals; hydrants 32, Chapman & White; pipe, 7½ miles, 4 to 10 in dia, Chattanooga F. & P. Works; 10 valves; Scott, 3 meters, Crown; quality of water soft and pure; pressure, domestic 60 to 80; fire 160 to 200 pounds; cost to construct \$30,000; ann expenses about \$7,000; int on bonds \$360. Pres of com, J. A. Polhamus; supt, A. C. Jones; mayor, Martin Forster; city clerk, W. H. Arnold.

Van Buren, Crawford Co., population 2500; area 700 acres; fire limit 640 acres; mercantile buildings and dwellings, brick and frame, 1 and 2 stories; bell alarm; 4 chemical extinguishers. R. B. Creekmore.

WATER SUPPLY—Source, cisterns and wells. Alvis Smith, mayor; A. M. Orrick, city clerk.

The following places have no fire protection: Alma, Crawford Co., population 1000 (water supply, wells). Argenta, Pulaski Co., population 8000. Arkadelphia, population 2500 (bucket brigade). Atkins, Pope Co., population 800. Beebe, White Co., population 2000. Black Rock, Laurence Co., population 700. Boonville, Logan Co., population 700. Clarksville, Johnson Co., population 1200. Conway, Faulkner Co., population 1400. Corning, Clay Co., population 850. Eureka Springs, Carroll Co., population 6000. Greenwood, Sebastian Co., population 1200. Hackett City, Sebastian Co., population 1000. Huntsville, Madison Co., population 700. Magnolia, Columbia Co., population 1500. Rector, Clay Co., population 1200. Russellville, Pope Co., population 2000. Springdale, Washington Co., population 700. Walnut Ridge, Lawrence Co., population 700.

CALIFORNIA.

Alameda, Alameda Co., population *10,000. Fire department—2 hook and ladder trucks, 5 hose carriages, 4 chemical extinguishers (hand) and 4 Johnson pumps; 1100 ft rubber hose, 3250 ft cotton good; 140 men, volunteers. F. K. Krauth, Jr.

WATER SUPPLY—Source, 26 artesian wells; system, pumping to reservoir and direct; Worthington pumping engines, dy cap 1,000,000 gals; hydrants 85, Garratt; pipe about 40 miles 10 to 2 in dia; 1250 meters, National; quality of water good; pressure, domestic 40, fire same; cost to construct \$384,000; ann expenses \$24,000. R. H. Thompson, owner; supt, J. L. Borden; city clerk, Jas. Millington.

Anaheim, Los Angeles Co., population 2000; area 2000 acres; mercantile buildings, brick and wood, 1 and 2 stor-

ies; dwellings, wood, 1 and 2 stories. Fire department—1 hand engine, 2 hose carts, 1 hook and ladder truck; 750 ft rubber hose; value of apparatus, etc., \$1000; 1 building owned; 20 volunteer members; bell alarm. Chief, S. O. Wood.

WATER SUPPLY—Source, wells; system, pumping to tanks; Hooker pump, cap 70,000 gals; 9 hydrants; 1½ miles 4-inch mains; 10 gates; quality of water excellent; pressure 50 pounds; works owned and operated by city. A. Schneider, supt; Theo. Reiser, mayor; Max Nebelung, city clerk.

Anderson, Shasta Co., population 700; fire area 60 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1

iose carriage, buckets, ladders, axes and hooks; hose rubber, good 200 ft; total membership 22, all volunteers; bell alarm; 1 hose company. Chief engineer, E. F. Buss.

WATER SUPPLY—Source, mountain stream; system, gravity; cap of reservoir 8000 gals; 1 mile mains; 9 hydrants; cost of works \$11,000; pressure 60 to 80 pounds; works operated by Anderson Water Co. Edw. Aldersley, supt.

Antioch, Contra Costa Co., population 700; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 400 ft; total membership 30, all volunteers; bell alarm. R. Shipley, pres.

WATER SUPPLY—Source, tank; 30,000 gals cap. D. MacIntyre, sec.

Arcata, Humboldt Co., population 1200; mercantile buildings, wood, 1 to 2 stories; private, wood, 1 to 2 stories; wooden roofs permitted outside of business centre; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 800 ft; rubber, good 1100 ft; value of fire department equipment \$1600; total ann expense of department \$400; total membership 60, all volunteers; bell alarm; 1 hook and ladder company. Chief engineer, C. L. Pardee.

WATER SUPPLY—Source, springs; system, gravity; 16 hydrants; $\frac{3}{4}$ mile mains, 8 to 7 in dia; 4 gates; quality of water good; cost of works \$12,000; pressure 50 to 60 pounds. Wm. Carson, pres W. W. Co.; O. H. Sprung, supt; J. N. Davies, mayor; C. L. Pardee, town clerk.

Auburn, Placer Co., population 3000; buildings, brick and wood, 1 and 2 stories. Fire department—2 hose carts and 800 ft of no 1 cotton hose; value of apparatus and supplies \$2000; 50 volunteer members. W. B. McGuire.

WATER SUPPLY—Source, river; system, gravity; hydrants 30, Garratt; 15 miles pipe 18 to 24 in dia, M. T. & Co.; 4 valves, Garratt & Loftus; quality of water good; pressure, domestic 175 to 375; fire, same pounds; fall from reservoir; water-works owned by private corporation. Supt, F. W. Birdsall; mayor, E. Walsh; city clerk, H. W. Curtis.

Azusa, Los Angeles Co., population 500; brick and wood buildings, principally 2 stories; no regular department.

WATER SUPPLY—Source, river; system, gravity; cap of reservoir 1,500,000 gals; 6 miles 6 to 10 in mains; quality, mountain water; charcoal filtration; cost of works \$25,000; operated by private company. J. S. Slawson, pres; D. A. Shaw, supt.

Bakersfield, Kern Co., population 3000. Fire department—1 steamer, 1 hand engine, 1 hook and ladder, 2 hose carts; 1000 ft rubber hose, 600 ft cotton hose; 150 men, volunteers. Chief engineer, F. J. Packard.

WATER SUPPLY—Source, wells; system, pumping to reservoir; Blake pumping engines, dy cap 50,000 gals; hydrants 11, Garratt; pipe 7 miles; quality of water good; pressure, domestic 50; fire, same; water-works owned by two persons; cost to construct \$30,000; ann expenses \$4500; pres of com, W. H. Scribner, half owner.

Benicia, Solano Co., population 3300. Fire department—2 hand engines, 2 hose carts, 1 hook and ladder truck; 1200 ft rubber hose; 50 hand grenades; 1 wagon. D. M. Hart, chief engineer.

WATER SUPPLY—Source, creek; system, pumping to reservoir; cap of reservoir 90,000,000 gals, Knowles pump; cap 1,000,000 gals; 45 hydrants; 8 miles mains, dia 4 to 8 in; 6 Garratt gates; 30 Worthington meters; quality of water good; iron magnesia; cost of works \$30,000; pressure 15 to 70 pounds; works operated by Benicia Water Co. E. H. Nielsen, pres; A. Robinson, supt.

Berkeley, Alameda Co., population 5000; fire area 640 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, cotton good, 500 ft, rubber good, 800 ft; value of fire department equipment \$2300; value of buildings occupied \$1000; total membership 60, all volunteers; Klein & Co.'s gong alarm. Chief eng, Joseph Choppe; chairman of fire and water com, W. M. Heywood.

WATER SUPPLY—Source not stated; 2 reservoirs; 400,000 gals cap; 10 miles street mains and supply pipes; 14 hydrants. A. Wellendorf. (See West Berkeley.)

Bodie, Mono Co., population 2000. Fire department—2 hose carts, 1 hook and ladder truck, 1 chemical engine; 1000 ft rubber hose; cost of apparatus \$4000; ann expenses \$2300; 150 volunteer members; bell and whistle alarm. H. Hartley.

WATER SUPPLY—Source, wells; system, pumping to reservoir, pump by Prescott & Co. cap 504,000 gals dy; 8 hydrants; $\frac{3}{4}$ mile 6 in mains; quality of water mineral. Wilson Butler, town clerk.

Callistoga, Napa Co., population 1200; mercantile buildings, wood and brick; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good, 500 ft; value of fire department equipment \$500; value of buildings occupied \$1000; total membership 26, all volunteers; bell alarm; 1 hose company. Chief eng, W. T. Simmons; chairman of fire and water com, W. H. Casly.

WATER SUPPLY—Source not stated; 4 miles street mains; 12 hydrants; 8 Loftus gates; 8 meters; pressure 73 pounds. W. F. Fisher. N. W. Collins, town clerk.

Cambria, San Luis Obispo Co., population *400; mercantile buildings, frame, 2 stories; wooden roofs permitted; dwellings, frame, 1 story. Fire department—1 hook and ladder truck; 20 members; ann expenses \$50; bell alarm; chief eng, Sam'l Guthrie.

WATER SUPPLY—Source, wells and creek; reservoir 15,000 gals cap, from which pipes are laid.

Chico, Butte Co., population 7000; fire area 75 acres; mercantile buildings, brick; private, wood; 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, all kinds; 19 ladders; hose, cotton good, 8000 ft; rubber good, 500 ft; 2 horses, value \$300; value of fire department equipment \$11,000; value of buildings occupied, \$6000; total ann expenses of department \$2000; total membership 300; paid full time 1, paid part time 2, remainder volunteers; bell alarm; 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, C. B. Swain; chairman of fire and water com, W. H. Sherwood.

WATER SUPPLY—Source, 2 wells; system, pumping to tank; Evans' pumping engines, dy cap 2,000,000 gals; hydrants 32; pipe 5 miles, 8 to 4 in dia; 10 valves; quality of water good; pressure, domestic 25, fire 100 pounds; cost to construct \$7500; int on bonds 6 per cent; pres of com, G. W. Dorn; supt, same; mayor, J. A. Wayland; city clerk, J. D. Sproul.

Colton, San Bernardino Co., population 2500; buildings, brick, 2 stories; 5 hand chemical extinguishers; no department.

WATER SUPPLY—Source, artesian wells; system, gravity; pressure 50 to 75 pounds; works operated by W. W. Co.; A. B. Miner, pres; F. F. Osteo, supt; A. Thompson, mayor; W. W. Wilcox, city clerk.

Cloverdale, Sonoma Co., population *1200; buildings, stone and brick, 1 and 2 stories. Fire department—6 chemical extinguishers, 1 hose carriage; 600 ft rubber hose, good; 100 ft cotton, good; value of apparatus and supplies \$300; 35 volunteer members; bell alarm. G. Cameron.

WATER SUPPLY—Source, well; 1 reservoir, cap 300,000 gals; Worthington pumps, 720,000 gals dy cap; 4 miles street mains, dia 8 to 6 in; 17 hydrants, pressure 65 pounds. Carl Ludwig, supt; H. H. McKoon, clerk board town trustees.

Columbia, Tuolumne Co., population 550. Fire department—2 hand engines, 2 hose carriages, 300 ft good rubber hose, 500 ft good leather hose, and 250 ft poor; volunteer department, 80 men. G. Wing.

WATER SUPPLY—Source, cisterns; 2 reservoirs; gravity pressure; 5 miles of mains. G. Wing, supt.

Colusa, Colusa Co., population 3000; mercantile buildings, brick and iron in fire limits, wood outside; 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; 200 ft good cotton hose, 900 ft good rubber hose, 100 ft inferior hose; value of fire department equipment \$4000; value of buildings occupied, \$7500; ann expenses \$700; membership 50, all volunteers; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, J. Grower.

WATER SUPPLY—Source, river; system, pumping to tanks, cap 123,000 gals; Worthington & Knowles pumps, total cap 1,000,000 gals dy; 14 hydrants; $\frac{5}{8}$ miles mains, dia 4 to 8 in; quality of water soft, not filtered; cost of works, \$40,000; pressure 22 to 40 pounds; operated and owned by J. B. Cooke. W. B. Cooke, supt; J. McAmis, city clerk.

Dutch Flat, Placer Co., population *500. Fire department—1 hose cart, 800 ft cotton, new; 600 ft leather hose, old; volunteer department, 40 men. Wm. Baker.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir, 170,000 gals; 15 hydrants; $1\frac{1}{4}$ miles mains,

CALIFORNIA—Continued.

dia 6 to 12 in.; pressure 170 pounds; works owned and operated by Isaac T. Coffin.

Eureka, Humboldt Co., population 8000; area 700 acres; fire limit 75 acres; mercantile buildings, brick and wood, 1 and 2 stories; shingle roofs permitted; dwellings, frame, 1 to 2 stories. Fire department—2 steam engines, 1 hand engine, 4 hose carriages, 1 hook and ladder truck; slamese couplings used; 500 ft rubber hose, 2200 ft cotton; 500 ft leather; value of apparatus and supplies \$18,550; 8 buildings owned, value \$8000; membership 100; 4 paid men; bell alarm. Chief engineer, C. Acheson.

Water Supply—Source, river; system, direct pumping; Knowles' pumping engines, dy cap 1,500,000 gals; hydrants 6, Garratt; pipe 18 miles, 2 to 18 in dia; 9 valves, Judson Mfg. Co.; 12 meters, Hersey, Union, Worthington Thompson; quality of water good; pressure, domestic 70, fire 100 pounds; cost to construct \$168,000. Pres of com, R. Sweasy; supt, H. L. Ricks; mayor, John Vance; city, town or village clerk, Jas. T. Keleher.

Folsom City, Sacramento Co., population 1200; fire area 5 acres; mercantile buildings, material used brick, 1 story; private, material used wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck in bad condition; hose, rubber good, 50 ft.

Water Supply—Source, reservoir and large pipes.

Fresno, Fresno Co., population 8000; fire area 16 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted but tin used mostly; fireworks ordinance. Fire department—2 steam fire engines, 3 chemical extinguishers on hose wagon, 1 hook and ladder truck, 2 hose carriages; hose, cotton good, 8000 ft; inferior 250 ft; 8 horses, value \$1200; value of fire department equipment, \$12,000; value of buildings occupied \$9000; total ann expenses of department \$6000; total membership 142, paid full time 5, paid part time 1, remainder volunteer; fire alarm system to be put in; 6 boxes; no of engine companies 2; 1 hook and ladder company; 2 hose companies. Chief engineer, E. R. Higgins; chairman of fire and water com, A. Toombs.

Water Supply—Source, artesian wells and canal; system, pumping to tanks, Worthington pump, cap 1,500,000 gals dy; 25 hydrants; 8½ miles mains, dia 2 to 12 in; Garratt gates; quality of water good, not filtered; cost of works \$75,000; pressure 24 to 35 pounds; ann expenses \$6000. Louis Leach, pres works; W. S. McMurty, Jr., supt; A. G. Pedler, mayor; W. B. Dennett, city clerk.

Gilroy, Santa Clara Co., population 2800; mercantile buildings, material used wood, 1 story; private, material used wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical extinguisher; 1 hook and ladder truck, 4 hose carts; hose, rubber good, 1200 ft, 900 ft 2d quality; value of fire department equipment \$6000; value of buildings occupied \$2600; total ann expenses of department \$1000; total membership 120, all volunteers; bell alarm. Chief engineer, L. J. Cleveland; chairman of fire and water com, S. T. Moore.

Water Supply—Source, 9 cisterns, 10,000 to 15,000 gals cap; system, pumping to reservoir; 8 hydrants; 6 miles 12 in mains; 3 gates; quality of water good; pressure 20 to 35 pounds; works owned by city. J. W. Norris, supt; Louis Loupe, mayor; W. R. Pyle, city clerk.

Grass Valley, Nevada Co., population 5000; area 260 acres; fire limit same; fireworks ordinance and for investigating causes of fire; mercantile buildings, brick, 2 stories; shingle roofs permitted; dwellings, wood, 1½ stories. Fire department—1 hook and ladder truck, 5 hose carriages; 700 ft good rubber hose, 50 ft poor; 880 ft good leather, 150 ft poor; value of apparatus and supplies \$4500; 2 buildings owned, value \$3500; membership 50; 5 paid; ann expenses, \$700; bell alarm. Chief engineer, W. H. Freeman.

Water Supply—Source, canal; system, gravity; hydrants 66, J. M. Totenan; pipe, 6 miles, 4 to 22 in dia; 24 valves; quality of water good; pressure, domestic 100, fire same; annual expenses \$8500. Pres of com, A. D. West; supt, R. C. Dorsey; mayor, A. D. West; city clerk, W. D. Harris.

Hanford, Tulare Co., population 1200; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 200 ft, rubber good, 850 ft; total membership 40; all volunteers; bell alarm; 1 fire company. Chief engineer, H. T. Hendricks; chairman of fire and water com, A. Dinkelspeil.

Water Supply—Source, wells; system, pumping to reservoir.

Haywards, Alameda Co., population 2000; area 1800 acres; fire limit 1000 acres; causes of fire investigated; frame buildings, 2 stories; shingle roofs permitted. Fire department—3 companies, 2 engines, 3 hose carts, 1700 ft good hose.

Water Supply—Source, 12 wells; system, pumping to reservoir; Gregory pumps, cap 4,000,000 gals dy; 28 hydrants; 12 miles mains, dia 6 to 10 in; quality of water soft; cost of works \$35,000; pressure 80 to 120 pounds; works operated by Knox Bros. Wm. Knox, supt; James A. Collins, city clerk.

Healdsburg, Sonoma Co., population *2000; area 640 acres; fire limit same; mercantile buildings, brick, 2 stories; wooden roofs permitted; dwellings, wood, 1 story. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages; 1200 ft good rubber hose; value of apparatus and supplies \$2200; building rented, ann rent \$80, value \$500; 42 members, all volunteers, ann expenses \$200; bell alarm.

Water Supply—Source, springs; system, pumping to reservoir; cap of reservoir 500,000 gals; Blake pumping machinery, cap 500,000 gals dy; 12 hydrants; 3 miles 6 in mains; cost of works \$30,000; ann expenses \$500. F. Koenig, supt.

Hollister, San Benito Co., population 2600; fire area 200 acres; mercantile buildings, material used brick, 2 stories; private, material used wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 1000 ft, rubber good, 500 ft, inferior 200 ft, leather good, 800 ft; total ann expenses of department \$346; total membership 102, all volunteers; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, Wm. Eastman.

Water Supply—Source wells; system, direct; 1 reservoir 800,000 gals cap dy; Knowles' pumps, cap 300,000 gals dy; 6 miles street mains, dia 4 to 6 in; 28 hydrants; water pressure 45 pounds; works owned by private corporation. P. S. Hawkins, pres; J. S. Hamilton, supt. H. Shaw, city clerk.

Irvington, Alameda Co., population *500; buildings, brick and wood, 1 and 2 stories. Fire department—1 hose carriage; 800 ft cotton hose, good; 20 members, volunteers. H. Weston.

Water Supply—Source, wells; system, gravity and pumping to reservoir, cap of pump 60,000 gals dy; 8 hydrants; ¼ mile 2½ in mains; cost of works \$12,000; pressure 20 to 30 pounds. H. Crowell, Wm. Mack.

Jackson, Amador Co., population 1800; frame and brick buildings, 1 and 2 stories; 1 hose carriage, 250 ft poor rubber hose; no organized department.

Water Supply—Source, canal and river; system, gravity; 7 hydrants; 2 miles mains, diameter 2 to 6 inches; quality of water good; cost of works \$30,000; pressure for fire, 170 pounds. B. F. Richtmeyer, supt; Ellis Evans.

Livermore, Alameda Co., population 2700; fire area ¼ miles sq; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 aerial truck, 2 hose carriages; hose cotton, good 800 ft, rubber good, 800 ft, inferior, 400 ft, linen, good, 400 ft; value of fire department equipment \$1400; value of buildings occupied \$1000; total membership 80, all volunteers; bell alarm. Chief engineer, L. Schaffer; chairman of fire and water com, Jas. Beazall.

Water Supply—Source, streams and wells; system, pumping to reservoir; diameter of mains 8 to 8 in; 2 reservoirs, steam pump; 18 hydrants. J. Aylward, supt; D. M. Connors.

Long Beach, Los Angeles Co., population 800; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; total membership 10, all volunteers; 1 hook and ladder company. Chief engineer, A. R. Grezurg.

Los Angeles, Los Angeles Co., population 80,000; fire area 6 sq miles; mercantile buildings, brick, stone and iron, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—7 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, all kinds; hose, rubber good, 7000 ft; 27 horses, value \$6750; value of fire department equipment \$60,000; value of buildings occupied \$25,000; total annual expenses of department \$70,000; total membership 80, paid full time 27, paid part time 53; Richmond electric fire alarm; no

of street boxes 30; no of engine companies 7; 1 hook and ladder company, 1 hose company. Chief engineer, Thos. Stroben; chairman fire and water com, H. T. Hazard.

WATER SUPPLY—Source, river and springs; system, gravity; hydrants 225, Ludlow; pipe 110 miles 2 to 30 in dia; 8500 service taps, Ludlow; 100 meters, Hersey and Nat'l; quality of water good; filtration, underground drain pipes; pressure, domestic 40, fire same; water-works owned by company; cost to construct \$1,200,000; int on bonds 6 per cent on \$300,000. Pres. of com, Wm. H. Perry; supt, Wm. Mulholland; mayor, Henry Hazard; city clerk, F. Teed. Los Angeles City Water Co. supplies hill section with 2200 taps.

Los Gatos, Santa Clara Co., population 2000; buildings, wood, 1 and 2 stories. Fire department—1 hose carriage; 300 ft cotton hose, good; 300 ft rubber hose, good; value of apparatus and supplies \$500; 25 members, volunteers; bell alarm. E. J. Crandall.

WATER SUPPLY—Source, not stated; 8 reservoirs; 3 miles street mains; 4 hydrants, pressure, 150 pounds. W. D. Tisdale, supt; A. E. Wilder.

Madera, Fresno Co., population 1800. Fire department—1 hand engine, 1 hose cart, 700 ft rubber hose; 40 volunteers. E. E. Vincent.

WATER SUPPLY—Source, flume system pumping to cisterns.

Martinez, Contra Costa Co., population 1500; area 400 acres; frame buildings, 2 stories. Fire department—50 volunteer members; 1 hook and ladder truck, 4 fire extinguishers, 1 hose carriage; 400 ft hose. E. H. Ludden.

WATER SUPPLY—Source, wells; steam pumps. D. R. Thomas, owner. G. T. Bush.

Marysville, Yuba Co., population 6000; brick and frame buildings, 2 stories. Fire department—3 steam engines, 1 hook and ladder truck, 5 hose carriages, 1200 ft good rubber hose; value of apparatus, etc., \$15,000; 18 men paid; annual expenses, \$4000; bell alarm. John Colford.

WATER SUPPLY—Source not given; 23 reservoirs; 15 hydrants. L. H. Babb, supt; E. E. Smith.

Mendocino, Mendocino Co., population 900; fire area 1 square mile. Mercantile buildings, material used, wood, 2 stories; private, material used, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment, \$1400; total membership, 60, all volunteers; bell alarm; 1 fire company. Chief engineer, J. C. Ford; chairman of fire and water com, E. Brown.

Merced, Merced Co., population 8000. Fire department—1 steam fire engine, 1 hand fire engine, 1 hook and ladder truck, 2 hose carts, siamese couplings used; 800 ft rubber hose; value of apparatus, etc., \$3000; 1 building used; membership, 60; annual expenses, \$300; bell alarm. Henry Bearwald.

WATER SUPPLY—Source, wells and cisterns; 6 hydrants; annual expenses, \$300. J. Naffiger, J. Myall.

Mission San Jose, Alameda Co., population 800; fire area 800 to 1000 acres; mercantile buildings, material used, wood; 1 story; private, material used, wood; 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$500; value of buildings occupied, \$200; total annual expenses of department \$50; total membership 80, all volunteers; bell alarm; 1 hook and ladder company. Chief engineer, James Stanley.

WATER SUPPLY—Source, mountain springs reservoir, cap \$1,000,000 gals; one-half mile 8½ in street mains; 8 hydrants. Supt, J. Gallegos.

Modesto, Stanislaus Co., population 3500; fire area 8 blocks; mercantile buildings, material used, brick, 2 stories; private, material used, wood, 1 story; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; cotton, good, 1200 ft; hose rubber, inferior 800 feet; total membership, 65, all volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, P. J. Hazen.

WATER SUPPLY—Source, tanks, 100,000 gals cap; 12 hydrants; good pumping power; gravity pressure, 12 hydrants. R. McHenry, pres; O. McHenry, sec.

Monrovia, Los Angeles Co., population 3000; fire area 6 blocks; mercantile buildings, material used, stone, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance.

Fire department not described; plenty of hose, plugs and good pressure. Chief engineer, C. E. Slosson; chairman of fire and water com, C. O. Mamo.

Monterey, Monterey Co., population 1400; buildings, wood and stone, 1 and 2 stories high. Fire department—1 hook and ladder truck, one hose carriage; hose cotton, good 600 ft; total membership 25, all volunteers; bell alarm. Chief engineer, J. A. Smith.

WATER SUPPLY—Source, river; 8 reservoirs, total cap 168,000,000 gals; 12 hydrants; pipe 25 miles; quality of water good; pressure, 115 pounds; water-works operated by Pacific Improvement Co; cost to construct, \$1,500,000. Supt, J. J. Skinner; clerk to town trustees, A. A. Osio, Pacific Grove Retreat, New Monterey and Del Monte also supplied by these works.

Mott, Siskiyou Co., buildings wood; no fire department.

WATER SUPPLY—Source not stated; steam pumping engines, 10 h p; direct pressure; 12 hydrants; pipe 1 mile.

Napa City, Napa Co., population 7500; fire area 1100 acres; mercantile buildings, brick, 2 stories; private, wood outside of fire limits, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages, all kinds; hose, cotton good, 2000 ft, inferior 500 ft; rubber inferior 300 ft; value of fire department equipment \$5000; value of buildings occupied \$7000; total ann expenses of department \$150; total membership 125, all volunteers; electric fire alarm; no of street boxes 30; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, H. L. Eastman; chairman of fire and water com, J. Evin.

WATER SUPPLY—Source in dry season, river; in wet season supply is pumped from well; system, pumping to reservoir; Garratt pumping engines, dy cap 175,000 gals; 43 hydrants, Garratt; pipe 6 miles, 4 to 12 in dia, R. D. Wood & Co; about 30 Eddy valves; 30 Worthington meters; quality of water pure, mountain, no filtration; pressure, domestic about 40, fire same pounds; cost to construct about \$120,000, pres of com, S. E. Holden; supt, T. R. Parker; J. A. Fuller, chairman on town trustees; city clerk, A. J. Raney.

Naperville, Du Page Co., population 8000; fire area 40 acres; mercantile buildings, brick, wood and stone, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limit. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good, 1000 ft; value of fire department equipment \$8000; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 80, all volunteers; bell alarm. Chief engineer, Joseph Eggerman.

WATER SUPPLY—Source, wells, river and brooks. Town clerk, T. W. Saylor.

National City, San Diego Co., population 1800; fire area 1½ miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, rubber lined, good 2000 ft; value of fire department equipment \$2900; value of buildings occupied \$250; total membership 40, all volunteers; bell alarm; 2 hose companies. Chief engineer, F. W. Brown.

WATER SUPPLY—Source, dam; reservoir pressure 74 pounds; hydrants at every alternate block.

Nevada City, Nevada Co., population 2550; fire area 15 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—5 hose carriages, all kinds; siamese couplings; hose, 2000 ft good; value of fire department equipment \$2000; value of building occupied \$6000; ann expenses \$1200; total membership 70, all volunteers; bell alarm. Chief engineer, J. E. Isaac.

WATER SUPPLY—Source, river; system, gravity; 3 reservoirs, cap 1,000,000 gals; 41 hydrants; pipe 4½ miles, 4 to 10 in dia. Supt, J. E. Brown; mayor, A. Gault; town clerk, Thos. Carr.

Nipomo, San Luis Obispo Co., population 400; buildings wood, 1 and 2 stories. Fire department—bucket and hose; bell alarm. Chief engineer, H. E. Ketchum.

WATER SUPPLY—Source, springs; system, gravity, reservoir; pipe, 98,000 ft; cost to construct \$15,000. Pres of com, I. B. Thayer; supt, W. Adams.

North San Juan, Nevada Co., population 500. Fire department—2 hose carriages; hose cotton, good 1200; total membership 42, all volunteers.

WATER SUPPLY—Source not stated; gravity pressure 125 pounds.

CALIFORNIA—Continued.

Oakdale, Stanislaus Co., population 1200; fire area 125 acres; mercantile buildings, brick principally, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted, but tin used; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; rubber buckets, Hays hose clamp, etc; hose cotton good, 250 ft, rubber good, 400 ft; value of fire department equipment \$1700; value of buildings occupied \$600; total ann expenses of department \$1100; total membership 45, all volunteers; bell tower alarm, with watchman in attendance. Chief engineer, Anthony Arnold; board of fire commissioners, E. Reynolds, E. Roddep, B. Seebee.

WATER SUPPLY—Source, cisterns located in centre of business district connected with 8 in pipe to main 6 in pipe of works; cap of cisterns 6000 gals each. Thos. Roberts.

Oakland, Alameda Co., population *60,000; fire area 44 acres; mercantile buildings, brick and wood, 2 to 4 stories. Fire department—9 steam fire engines, 8 chemical extinguishers, 2 hook and ladder trucks, 5 hose carts; hose, cotton good 5000 ft, rubber good, 1800 ft; 21 horses; value of fire department equipment \$40,000; value of buildings occupied \$13,000; total ann expenses of department \$35,000; total membership 66; paid full time 17, paid part time 49; Gamewell alarm; no of street boxes 60. Chief engineer, Jas. Kennedy.

WATER SUPPLY—Source, lakes and artesian wells; system, gravity and pumping to reservoir; 8 reservoirs, cap 1,000,000 gals each; cap of lakes 275,000,000 gals; Cameron pumping engines, dy cap 500,000 gals; hydrants 250; pipe 167 miles; 160 meters; pressure, 40 to 90 pounds; water-works operated by Contra Costa Water Co; cost to construct \$5,200,000; ann expenses \$1,200,000; int on bonds 6 per cent. Pres. of com, Henry Tierce; supt, Chas. Purcell.

Oroville, Butler Co., population 2500; fire area 500 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose, rubber good, 1800 ft; value of fire department equipment \$2000; value of buildings occupied \$5000; total membership 70, all volunteers; bell alarm. Chief engineer, E. W. Fogg.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 2,000,000 gals; 85 hydrants; pipe 5 miles; pressure 70 pounds; cost to construct \$20,000. Pres. of com, J. J. Smith; supt, D. N. Friesleben.

Pacific Grove, Monterey Co., population 800; mercantile buildings, wood, 1 story; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good, 300 ft, inferior, 150 ft; value of fire department equipment \$1000; value of buildings occupied \$200; total membership 22, all volunteers. Chief engineer, A. Pell.

WATER SUPPLY furnished by Pacific Improvement Co. See Monterey. City clerk, B. A. Eardley.

Pasadena, Los Angeles Co., population 9000; fire area circle of 1½ miles; mercantile buildings, wood and brick, 1 to 5 stories; private, wood, 1 to 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 15 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, all kinds; hose cotton, good 1900 ft; rubber good, 1050 ft; 23 horses, value \$1100; value of fire department equipment \$17,186; value of buildings occupied \$7500; total annual expenses of department \$6000; total membership 18, paid full time 5, paid part time 13; Gamewell fire alarm. Chief engineer, A. S. Turbett; chairman of fire and water com, W. W. Mills.

WATER SUPPLY—Source, springs; system of gravity and pumping to reservoir; Worthington pumping engine, dy cap 1,202,000 gals; 15 hydrants; pipe steel, etc., 10 miles, 4 in to 13 in dia; makers Ward & Co and a St Louis firm; a few meters in use; spring water, no filtration; pressure, domestic 10 to 120 ft, fire same pounds; water-works owned by company; cost to construct \$85,000; ann expenses \$5000. Pres. of com, O. R. Dougherty; supt, H. C. Bennett; mayor, A. J. Throp; city clerk, J. H. Cambell. Pasadena Land & Water Co. supplies one-third of city and nearly all of South Pasadena; the Pasadena (Lake Vineyard) Land & Water Co. supplies about two-thirds of the city, and the North Pasadena Land & Water Co. supplies a tract north of the city and a small part of the city proper.

Petaluma, Sonoma Co., population *4500; fire area 9 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good, 2000 ft; rub-

ber, inferior 1000 ft; value of fire department equipment \$7000; value of buildings occupied \$4000; total annual expenses of department \$450; bell fire alarm. Chief engineer, H. Pimm.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 2,000,000 gals; new storage reservoir constructed last year; 8 hydrants; pipe 17 miles, 4 in to 8 in dia; 80 gates, Chapman & Eddy; 4 meters, Worthington and Crown; quality of water good; pressure 60 to 65 pounds; water-works owned by company; cost to construct about \$150,000; ann expenses \$5000. Pres. of com, H. E. Lawrence; supt, F. P. Doyle; mayor, Geo. F. Allen; city clerk, C. H. Egan.

Placerville, Eldorado Co., population *2000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories. Fire department—2 hand engines, 2 chemical extinguishers, 2 hose carriages; hose cotton, good 1200 ft; value of fire department equipment \$5000; value of buildings occupied \$3500; total membership 80, all volunteers; bell alarm. Chief engineer, J. J. Wonderly.

WATER SUPPLY—Source, springs and cisterns; system, gravity; 2 reservoirs cap 500,000 gals; 18 hydrants (number to be increased during summer); pipe 3½ miles, 3 in to 7 in dia; pressure 47 to 150 pounds. G. W. Barlow.

Pomona, Los Angeles Co., population 5000; fire area 640 acres. Mercantile buildings, brick, 2 stories; private, wood and brick, 1½ stories. Fire Department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, hose cotton, good 1500 ft; 2 horses, value \$400; value of fire department equipment \$3000; value of buildings occupied \$1500; total membership 75, all volunteers; gen alarm bell; 1 hook and ladder company, 2 hose companies. Chief engineer, P. F. Zilles; fire and water com, S. J. Ralph and C. C. Johnson.

WATER SUPPLY—Source, artesian wells; system, gravity; 22 hydrants, local make; pipe 30 miles, 8½ in and under dia, Pomona Pipe Works; 205 valves, Crane Bros. Mfg. Co; 1 meter, National; quality of water good, no filtration; pressure, domestic 60; fire same pounds; water-works owned by company; purchased for \$100,000; int on bonds 6 per cent. Pres. of com, B. S. Nichols; supt, H. J. Nichols; mayor, W. M. Woody; city clerk, Azra Crabb; storage reservoir for fire purposes in course of construction.

Red Bluff, Tehama Co., population *4200; fire area 120 acres; mercantile buildings, brick, 2 stories; wooden roofs permitted.

FIRE DEPARTMENT—1 steam fire engine, 2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, Siamese couplings; hose cotton, good 1000 ft; rubber good, 1100 ft; value of fire department equipment \$10,000; value of buildings occupied \$4000; total membership 110, all volunteers; bell alarm. Chief engineer, B. Bidwell.

WATER SUPPLY—Source, creek; system, direct pumping; 8 reservoirs sup by creek, 1 pump; 80 hydrants; pipe 8½ in to 12 in dia; pressure 20 pounds; water-works owned by company. Supt, C. Cadwallader.

Redwood City, San Mateo Co., population 2000; fire area 400 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 900 ft; inferior 200 ft; value of fire department equipment \$2500; value of buildings occupied \$3500; total membership 78, all volunteers; Garratt alarm bell (electric fire alarm system now being put in); 1 hook and ladder company, 8 hose companies. Chief engineer, G. W. Lover; chairman of fire and water com, L. J. Frank.

WATER SUPPLY—source, artesian wells; system, pumping to reservoir and direct; 41 hydrants; water-works owned by company; cost to construct \$20,000; int on bonds 6 per cent. Pres. of com, A. J. Gordon; supt, J. Stalter; clerk, J. W. Glennan.

Riverside, San Bernardino Co., population 6000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted but tin used mostly; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, one hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$2000; total membership 25, paid part time 25; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, James N. Keith.

WATER SUPPLY—Source, artesian wells; system, gravity; 1 reservoir cap 850,000 gals; 44 hydrants (Beaumont, Schenck and Ludlow); pipe 35 miles, 2 in to 17 in dia, V. D. Hooker & Co.; 26 Ludlow valves; quality of water good; pressure 80 to 85 pounds; water-works operated by River-

side Water Co; cost to construct about \$220,000. Pres of com, J. G. North; supt, Frank Cuttle; dir board of trustees, E. W. Holmes; city clerk, A. S. Alkire.

Sacramento, Sacramento Co., population 82,000; fire area 640 acres; mercantile buildings, brick, 8 stories; private, wood, 2 stories; fireworks ordinance. Fire department—4 steam engines, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 1400 ft, rubber good 4000 ft; 12 horses; value of fire department equipment \$28,000; value of buildings occupied \$25,000; total ann expense of department \$27,000; total membership 38; paid full time 12, paid part time 26; fire alarm telegraph; 80 street boxes. Chief engineer, M. O'Mera.

WATER SUPPLY—Source, river; system, direct pumping; 1 reservoir, cap 250,000 gals; Holly pumping engines, dy cap 7,000,000 gals; 875 hydrants; pipe 85 miles, 4 in to 20 in dia; pressure 40 to 60 pounds; cost to construct \$350,000; ann expenses \$25,000. Supt, H. E. Wolf; E. H. McKee.

Saint Helena, Napa Co., population *2500; mercantile buildings, wood, stone and brick, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 400 ft, rubber good 1200 ft; value of fire department equipment \$1600; value of buildings occupied \$2300; total membership 77, all volunteers; bell alarm. Chief engineer, R. B. Bell.

WATER SUPPLY—Source, streams; system, gravity; 1 reservoir, cap 2,500,000; 22 hydrants; pipe 5 miles, 2 in to 8 in dia; pressure 119 pounds; water-works owned by company; cost to construct \$30,000. Pres. of com, W. A. C. Smith; supt, S. Ewer; town clerk, T. Haire.

Salinas, Monterey Co., population *9000; fire area 3840 acres; mercantile buildings, brick and wood, 1 story; private, wood, 1 story; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 2100 ft, inferior 1000 ft, leather, inferior, 300 ft; value of fire department equipment \$2000; value of buildings occupied \$3000; total ann expenses of department \$200; total membership 80, all volunteers; bell alarm. Chief engineer, G. E. Lacey.

WATER SUPPLY—Artesian wells; system, pumping to tanks; 2 Enright pumping engines, dy cap 120,000 gals; 24 hydrants; pipe 7 miles, 6 in dia; Enright gates; quality of water good; pressure 30 to 40 pounds; water-works operated by company. Pres of com, W. Vandenhurst; supt, A. Day; mayor, W. J. Hill; city clerk, J. J. Kelly.

San Andreas, Calaveras Co., population *600. Fire department—1 hand engine, 1 hose cart; hose cotton, good 500 ft, leather good 400 ft; total membership 45, all volunteers. Chief engineer, C. M. Whitlock.

San Bernardino, San Bernardino Co., population *6000; buildings brick and frame, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft, inferior 400 ft; value of fire department equipment \$7900; ann expenses \$150; total membership 60, paid full time 2, remainder volunteers; bell alarm. Chief engineer, D. H. Wixom.

WATER SUPPLY—Source, wells; system, pumping to cisterns (200). B. B. Harris.

San Buena Ventura, Ventura Co., population 4000; mercantile buildings mostly brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; also private hose cart and good company; hose rubber, good 1200 ft; value of fire department equipment about \$5000; value of buildings occupied \$500; total ann expenses of department trifling; total membership about 70, all volunteers; bell alarm; 8 hose companies and 1 volunteer Chinese Co. Chief engineer, W. R. Stone.

WATER SUPPLY—Source, river; system, gravity; Worthington duplex pumping engines, dy cap 800,000 gals; 14 hydrants; pipe 18 miles, 2 to 25 in dia, Lacy Mfg. Co.; 20 valves, Eddy & Chapman; 7 meters, Worthington; quality of water good, no filtration necessary; pressure, domestic 90, fire same pounds; water-works owned by company; cost to construct \$150,015; ann expenses \$5781; int on bonds \$2215. Pres of com, G. W. Chrisman; supt, E. P. Foster; mayor, J. S. Collins; town clerk, J. F. Newly.

San Diego, San Diego Co., population *81,000; fire area 1920 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, 2 stories; roofs tin and iron; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, all kinds; hose cotton, good 8000 ft; rubber good 400 ft; 11 horses, value \$2176; value of fire department equipment \$21,000; value of buildings occupied \$7000;

total ann expenses of department \$4588; total membership 61, paid full time 9, paid part time 32, volunteer members 20; electric and bell alarm; boxes at houses and hotels; 2 engine and hose companies, 2 hook and ladder companies, 1 hose company. Chief engineer, A. B. Cairnes; chairman of fire and water com, Jno. P. Burt.

WATER SUPPLY—Source, river; system, gravity and pumping to reservoir; Gaskill & Worthington pumping engines, total dy cap 6,600,000 gals; 182 hydrants; pipe 55 miles, 4 to 15 in dia; 250 gates, Ludlow, Eddy and Chapman; 700 meters, Worthington; quality of water good, no filtration; average pressure 45 pounds; water-works operated by company; int on bonds 6 per cent. Pres of com, E. S. Babcock, Jr.; supt, Jos. A. Flint; mayor, M. D. Hamilton; city clerk, J. A. Thomas. It is proposed to have a larger and stronger pipe system to increase pressure.

San Francisco, San Francisco Co., population *850,000; fire area 17,000 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 to 4 stories; causes of fire investigated. Fire department—17 steam fire engines, 1 chemical engine on wheels, 5 hook and ladder trucks, 8 hose carriages, all kinds; 1 fire boat, 1 water tower, siamese couplings; hose rubber, good 25,000 ft; 101 horses; value of fire department equipment \$150,000; value of buildings occupied \$380,000; total ann expenses of department about \$400,000; total membership 363, paid full time 100, paid part time 263; telegraph alarm; 188 street boxes; 17 engine companies, 5 hook and ladder companies, 6 hose companies; fire patrol supported by insurance companies. Chief engineer, David Scanell.

WATER SUPPLY—Source, mountain streams; system, gravity and pumping to reservoir; 10 reservoirs, cap 21,000,000 gals; 4 pumping engines, dy cap 21,500,000 gals; 185 hydrants; pipe 240 miles, 3 to 36 in dia; 600 valves, various manufacturers; 1300 meters, Worthington and others; quality of water good, no filtration; pressure 10 to 180 pounds; cost to construct about \$17,000,000; ann expenses \$500,000. Pres of water-works, C. W. Howard; city supt, Chas. Elliott; mayor, E. B. Pond; city clerk, Russell.

San Jose, Santa Clara Co., population *23,000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—4 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose cotton, good 2000 ft, rubber, good 2100 ft; 10 horses, not owned; value of fire department equipment \$45,561; value of buildings occupied \$14,800; total ann expenses of department \$18,522; total membership 40, paid full time 10, paid part time 30; electric alarm; private boxes. Chief engineer, R. Hoelbe.

WATER SUPPLY—Source, springs; system, gravity; 3 impounding and 8 distributing reservoirs, total cap 155,000,000 gals; Knowles' pumping engines, dy cap 2,000,000 gals; 200 hydrants; pipe 65 miles, 8 to 10 in dia; pressure 20 to 50 pounds; water-works operated by company; cost to construct \$500,000. Pres of com, E. Williams; supt, W. J. Wilcox.

San Juan, San Benito Co., population 600; buildings brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck; total membership 80, all volunteers. Chief engineer, Thos. Flint.

WATER SUPPLY—Source, wells.

San Leandro, Alameda Co., population *1400; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 hose carriages, 2 ladders; hose linen, good 1450 ft; value of fire department equipment \$1200; total membership 20. Chief engineer, C. Iverson.

WATER SUPPLY supplied by Contra Costa Water Co. (see Oakland); system, direct; 11 hydrants; pipe 8 miles; pressure 50 pounds.

San Luis Obispo, San Luis Obispo Co., population 3500; fire area 96 acres; mercantile buildings, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; siamese couplings; hose cotton, good 500 ft, rubber inferior, 1000 ft; value of fire department equipment \$2000; value of buildings occupied \$5000; ann expenses \$300; total membership 75, all volunteers; bell alarm. Chief engineer, A. Kiernan.

WATER SUPPLY—Source, creek; system, gravity and pumping to reservoir; no pumping engines; 21 hydrants; pipe 10 miles, 4 in to 8 in dia; quality of water good; no filtration necessary; pressure, domestic 50, fire 60 pounds; water-works owned by company; cost to construct \$38,000. Pres. of com, B. D. Murphy; supt, J. A. Nock; mayor, P. Ready; city clerk, S. A. Pollard. 1 new reservoir to be constructed.

San Matro, San Matro Co., population 1000; buildings, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand

CALIFORNIA—Continued.

engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$2000; total membership 25, all volunteers; bell alarm. Chief engineer, C. Hatch.

WATER SUPPLY—Source not stated; system, gravity; 28 hydrants. A. Hayward, G. A. Bartlett.

San Pedro, Los Angeles Co., population 2000; area of town 500 acres; mercantile buildings, wood, 1 to 2 stories; private, wood, 1 to 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$1600; value of buildings occupied \$1600; total membership 80, all volunteers; church bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, D. R. Clay; fire and water com, N. O. Anderson, E. N. Webster, R. D. Sepulveda.

WATER SUPPLY—Source, wells; system, direct and pumping to tanks; Dow & Blake pumping engines, dy cap 1,000,000 gals; 7 hydrants, Schenck; pipe 2 in to 5 in dia, Reading; 4 valves, Ludlow; 8 meters; no filtration; pressure, domestic 10 to 40, fire 100 pounds. Pres and com, J. B. Banning; supt, A. Young; mayor, E. Phelps; city clerk, H. C. Downing.

San Rafael, Marin Co., population 3500; fire area 920 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 1500 ft; hose rubber, good 800 ft; inferior 250 ft; leather good 450 ft; total annual expenses of department \$900; total membership 65, all volunteers; bell and steam whistle; signal boxes. Chief engineer, J. D. Lawton; chairman of fire and water com, H. C. Gieske.

WATER SUPPLY—Source, springs; system, gravity; 40 hydrants, Vulcan Iron Works; pipe 40 miles, 2 to 12 in dia; 40 meters, Worthington; quality of water good, no filtration; pressure, domestic 80, fire 120 pounds; water-works owned by company; cost to construct \$450,000; ann expenses about \$20,000; int on bonds \$9750. Pres and supt of com, Robt. Walke; mayor, C. Groeyan; city clerk, E. J. Mallon.

Santa Anna, Los Angeles Co., population 5000; buildings brick and wood, 1 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hook and ladder truck, 60 rubber buckets; ann expenses \$500; total membership 43; bell alarm. Chief engineer, J. P. Brown.

WATER SUPPLY—Source, artesian wells; system, pumping to tanks; Hooker pumping engines, dy cap 50,000 gals; quality of water good, no filtration; pressure, domestic 50, fire same pounds; cost to construct \$7000. Mayor, John Avas; town clerk, E. Tedford. Supply inadequate to present needs of city.

Santa Barbara, Santa Barbara Co., population 7800; fire area 80 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; siamese couplings; hose cotton, good 1800 ft; rubber, good 250 ft, inferior 250 ft; value of fire department equipment \$6000; total ann expenses of department 1000; total membership 60, all volunteers; bell alarm. Chief engineer, E. P. Poeder.

WATER SUPPLY—Source, cisterns (3); system, pumping to reservoir; Mission Water Works; 25 hydrants; pipe 2 to 7 in dia; pressure 75 pounds. A. W. Canfield, F. W. Gutrin.

Santa Clara, Santa Clara Co., population 3700. Fire department—1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1100 ft, rubber, good 1060 ft; total membership 150, all volunteers. Chief engineer, J. P. Fitzpatrick.

WATER SUPPLY—Source, creeks; system, gravity and pumping to reservoir; 80 hydrants; pipe 8 miles, 5 in dia; pressure, average 85 pounds; cost to construct \$600. Supt, S. Morrison; mayor, F. B. Kingston.

Santa Cruz, Santa Cruz Co., population 8000; fire area 600 acres; buildings brick and wood. Fire department—2 hook and ladder trucks, 5 hose carts; hose cotton, good 1000 ft, rubber, good 4000 ft; value of fire department equipment \$5000; value of buildings occupied \$9500; total ann expenses of department about \$4000; electric alarm; 12 street boxes. Chief engineer, Enoch Alzina.

WATER SUPPLY—Source, streams; system, gravity; 54 hydrants, Garratt & Eddy; pipe 80 miles, 2 to 14 in dia, R. D. Wood & Co. and others; 96 valves, Eddy; 22 meters, Calef; quality of water good, no filtration; pressure, domestic 40, fire 80 pounds; water-works owned by com-

pany; cost to construct \$800,000; ann expenses \$3000. Pres of com, L. J. Dutton; supt, W. H. Duke; mayor, G. Bowman; city clerk, O. J. Lincoln.

Santa Rosa, Sonoma Co., population 9000; fire area 1230 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 2500 ft, leather, good 500 ft, inferior 200 ft; 2 horses, value \$400; value of fire department equipment \$7500; value of buildings occupied \$3000; total ann expenses of department \$1800; total membership 110, paid full time 2, paid part time 1, remainder volunteers; electric and bell alarm; 6 street boxes, California Electric Co.; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Wm. H. Grissim.

WATER SUPPLY—Source, wells; system, gravity; 2 reservoirs; no pumping engines; 86 hydrants, Garratt; pipe about 18 miles, 1 to 11 in dia, F. S. Smith; 20 valves, Garratt and others; quality of water good, no filtration; pressure, domestic 32, fire same pounds; water-works owned by company; cost to construct \$150,000; ann expenses about \$7000; no bonds. Pres and supt of com, M. S. McDonald; mayor, J. S. Smith; city clerk, H. Churchill. A third reservoir is contemplated.

Santa Rosalia, Sonoma Co., buildings, brick, 1 and 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1700 ft, leather, good 1000 ft; value of fire department equipment \$7000; ann expenses \$4500; total membership 90, paid full time 3, remainder volunteers; bell alarm. Chief engineer, H. Baker.

WATER SUPPLY—Source not stated; 2 reservoirs; 22 hydrants; pipe 40 miles; pressure 60 pounds. M. L. McDonald, C. A. Hofer.

Selma, Fresno Co., population 1500; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$3000; value of buildings occupied \$500; total ann expenses of department \$2500; total membership 36, all volunteers; whistle alarm; 1 hook and ladder company, 1 hose company. Chief engineer, H. P. Gay; chairman of fire com, E. H. Tucker.

WATER SUPPLY—Source, tank 65 ft high, 10½ ft deep, 30 ft in dia; system, pumping to mains; 6 hydrants.

Sonoma, Sonoma Co., population 1000; fire area 100 acres; mercantile buildings, wood and stone, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 400 ft; value of fire department equipment \$2000; buildings occupied owned by city; total membership 40, all volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, J. E. Poppe; chairman of fire and water com, C. McHarvey.

WATER SUPPLY—Source, artesian well, 250,000 gals dy cap; system, gravity; reservoir cap 2,000,000 gals; hydrants at convenient points; pipe 3 in and 6 in dia.

Sonoma, Tuolumne Co., population 1500. Fire department—1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose 1800 ft good; total membership 90, all volunteers. Chief engineer, B. Mock.

WATER SUPPLY—Source, cistern, 1,800,000 gals cap; system, gravity; 8 reservoirs; 80 hydrants. J. Ferguson, H. C. Brochen.

Stockton, San Joaquin Co., population 20,000; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; metal roofs; fireworks ordinance. Fire department—4 steam fire engines, 1 chemical engine on wheels, 1 aerial truck, 8 hose carts; hose cotton, good 2500 ft, rubber, good 2500 ft, linen, good 500 ft; 12 horses, value \$2500; value of fire department equipment \$15,000; value of buildings occupied \$22,000; total ann expenses of department \$12,540; total membership 80, paid full time 7, paid part time 23; Gamewell fire alarm; 11 street boxes. Chief engineer, M. McCann; chairman fire com, J. H. Budd.

WATER SUPPLY—Artesian wells; system, pumping to reservoir and standpipe; Worthington pumping engines, dy cap 4,500,000 gals; 650 taps; pipe 8 miles; pressure 35 pounds; water-works operated by company. Supt, M. S. Thresher; mayor, J. M. Walsh; city clerk, C. A. Campbell.

Suisun City, Solano Co., population 1000. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 800 ft; total membership 20, all volunteers. Chief engineer, M. A. Maynard.

WATER SUPPLY—Source, cisterns (8). City clerk, O. S. Powers.

Sutter Creek, Amador Co., population 900. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; total membership 40, all volunteers. Chief engineer, Janssen.

WATER SUPPLY supplied by Blue Lake Water Co.; 1 reservoir; 20 hydrants.

Templeton, San Luis Obispo Co., population 800; fire area about 80 acres; mercantile buildings, brick and wood, and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine (stationary), 1 hose carriage; hose cotton, good 500 ft; value of fire department equipment \$775; value of buildings occupied \$125; total ann. expenses of department \$15; total membership 28, all volunteers; steel triangle alarm, donated by local blacksmiths; fire company. Chief engineer, Sigmund Jacobson; chairman of fire and water com., E. F. Barnard.

WATER SUPPLY—Source, river; system, gravity; reservoir cap 85,000 gals; Dow pumping engine, dy cap 60,000 gals; 6 hydrants; pipe 1 mile; cost to construct \$3000.

Truckee, Nevada Co., population 1500. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 900 ft, inferior 600 ft; total membership 64, all volunteers.

WATER SUPPLY—Source, springs; system, gravity; pumping engines, 9 hydrants; pipe 8 miles; water-works owned by Geo. Schaffer; cost to construct \$4000.

Tulare, Tulare Co., population 2800; frame buildings. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carts; 3 engine houses in use; hose good 2500 ft. Chief engineer, J. Fowler.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; Garratt duplex pumping engine, dy cap 12,000 gals; 23 hydrants; pipe 10½ miles, 2 to 10 in dia; 28 valves, Ludlow; quality of water good, no filtration; pressure 20 to 80 pounds; water-works operated by company; cost to construct \$65,000. Pres of com, W. W. Madden; supt, W. D. Madden, Jr.; mayor, C. F. Hall; city clerk, H. M. Shreve.

Ukiah, Mendocino Co., population 1700; buildings brick and wood, 1 story. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 400 ft, leather, good 80 ft; value of fire department equipment \$1500; total ann. expenses of department \$500; total membership 80, all volunteers; bell alarm. Chief engineer, W. H. Chessall.

WATER SUPPLY—Source not stated; system, gravity; 1 reservoir; 7 hydrants; pipe 3 miles, 8 to 6 in dia; 5 valves, Converse; quality of water good; cost to construct \$9000. Supt, T. H. Jameson; city clerk, J. H. Carothers.

Vallejo, Solano Co., population 6000; buildings brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1600 ft, rubber good, 8000 ft, inferior 2000 ft; value of fire department equipment \$10,000; total ann. expenses of department \$8000; total membership 211, paid full time 7, paid part time 4, volunteer members 200; bell alarm. Chief engineer, O. L. Henderson.

WATER SUPPLY—Source, cut 3 miles from city; system, gravity and direct pumping; Hooker pumping engines, dy cap 600,000 gals; 60 hydrants, Heald; pipe 30 miles, 8 to 12 in dia; 50 meters, Worthington; quality of water good, no filtration; pressure, domestic 30 to 75, fire 75 pounds; water-works owned by E. J. Wilson, also general manager; cost to construct \$500,000; ann. expenses \$10,000; nt on bonds \$9000. Sec, G. W. Wilson.

Visalia, Tulare Co., population 3500; buildings, brick and wood, 1 to 4 stories. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$17,000; total ann. expenses of department \$700; total membership 0, all volunteers; bell alarm. Chief engineer, T. Hall.

WATER SUPPLY—Source, tanks and cisterns; 2 hydrants; pipe 8 miles, 3 in to 8 in dia; pressure 35 pounds. Mayor, D. Hyde; town clerk, T. Holder.

Watsonville, Santa Cruz Co., population 3000; fire area 1 mile sq; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook

and ladder truck, 3 hose carriages; hose cotton, good 1000 ft, rubber inferior 1050 ft; value of fire department equipment \$2000, exclusive of hose; value of buildings occupied \$8000; total ann. expense of department about \$1000; total membership 60, all volunteers; 1 hook and ladder company, 2 hose companies. Chief engineer, H. F. Peckham; chairman of fire and water com., A. A. Morey.

WATER SUPPLY—Source creek; system, gravity; 7 hydrants; pipe 9 miles, 4 in to 15 in dia; pressure 35 pounds. Mayor, J. A. Trafton; city clerk, F. G. Lennard.

West Berkeley, Alameda Co., population 2000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, rubber, good 700 ft, leather, good 700 feet; value of building occupied \$800; total membership 60, all volunteers; bell alarm. Chief engineer, Jos. Chapple.

WATER SUPPLY—Source, cisterns (8); 30 hydrants; pipe 8 in to 6 in dia; water-works operated by Alameda Water Co. Town clerk, C. H. Spear.

Willows, Colusa Co., population 1600. Fire department—2 hose carts; hose cotton, good 900 ft; total membership 25, all volunteers. Chief engineer, H. Bielar.

WATER SUPPLY—Source, artesian wells; system, pumping to tank; Worthington pumping engines; 23 hydrants; pipe 4 miles, 8 in dia; pressure 35 pounds; cost to construct \$30,000. Pres of com, Jos. Wright; supt, L. Lasber; mayor, J. M. Potts; town clerk, Geo. Parks.

Wilmington, Los Angeles Co. (Includes San Pedro), total population 8000; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft. Chief engineer, R. D. Clay.

WATER SUPPLY—Source, wells; system, pumping to tanks and direct; 8 tanks, cap 150,000 gals; Dow & Blake pumping engines, combined dy cap 1,000,000 gals; 22 hydrants; pipe 12 miles; 7 meters; pressure from 50 to 125 pounds; water-works operated by company; cost to construct, \$50,000. Pres com, J. A. Banning; supt, A. Young.

Woodland, Yolo Co., population 5,000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 660 ft, rubber, good 500 ft; 2 hoses, value \$500; value of fire department equipment \$7000; total ann. expenses of department \$1900; total membership 80, paid full time 2, remainder volunteers; bell alarm; 1 engine and hose company, 1 hook and ladder company. Chief engineer, H. U. Prindle.

WATER SUPPLY—Source, 4 wells; system, pumping to tanks; Worthington pumping engines, dy cap 1,500,000 gals; 27 fire hydrants; pipe 8 miles, 2 in to 8 in dia; 25 valves, Garratt; 1 Worthington meter; quality of water good; pressure, domestic 25 pounds, fire same; cost to construct, \$53,000; ann. expenses, \$3337. Supt, W. M. Porter; town clerk, R. F. Heister.

Yreka, Siskiyou Co., population 2000. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose 900 ft; total membership 125, all volunteers. Chief engineer, Chas Schock.

WATER SUPPLY—Source, springs; system, gravity; 1 tank, cap 60,000 gals; 12 hydrants; pipe 2 miles; pressure light; water-works owned by Henry Scheld.

The following places have no fire protection: Arroyo Grande, San Luis Obispo Co., population 500 (2 reservoirs and steam pump). Biggs, Butte Co., population 800 (steam pumps, water tower 54 ft high, hydrants over town and private hose). Blue Lake, Humboldt Co., population 400 (talk of organizing department). Crescent City, Del Norte Co., population 1800 (cisterns and tanks). Galt, Sacramento Co., population 800 (1 chemical extinguisher, hose used by private parties in connection with tank and windmill, pails, pumps). Lodi, San Joaquin Co., population 1400 (wells and tanks used for irrigating purposes). Oceanside, San Diego Co., population 1200 (department disbanded). Parris, San Diego Co. (well and private windmill, inexhaustible supply). Rhonessville, Humboldt Co., population 500; San Jacinto, San Diego Co., population 1000; San Marcus, San Diego Co. (abundant water supply). Santa Paula, Ventura Co., population 1000 (capacious reservoir in course of construction, five hydrants to be placed in business district). Vacaville, Solano Co., population 1000; Weaverville, Trinity Co. (good domestic supply).

COLORADO.

Almao, Park Co., population 446; fire area 250 acres; mercantile buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 400 ft, rubber, good 500 ft; value of fire department equipment \$8500; value of buildings occupied \$1000; total membership 50, paid part time 1, volunteer members 49; bell alarm. Chief engineer, C. Gumaer.

WATER SUPPLY—Source, creek, 8 cisterns; 4 hydrants; pipe 1000 ft, 2½ in dia. Mayor, G. W. Brunk; town clerk, M. S. Byerly.

Aspen, Pitkin Co., population 7000; mercantile buildings, brick and wood, 1 to 8 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carts; hose cotton, good 3800 ft; value of fire department equipment \$8000; total membership 90, all volunteers; bell alarm. Chief engineer, W. R. Phillips.

WATER SUPPLY—Source, Castle and Hunter creeks; system, gravity; 50 hydrants, Ludlow; pipe 8 miles, National Tube Co.; 50 valves, Ludlow; quality of water fine; pressure, domestic 95 to 110, fire same pounds; cost to construct \$140,000. Pres of com, H. R. Cowenhoven; supt, H. G. Koch; mayor, B. Clark Wheeler.

Black Hawk, Gilpin Co., population 1500; fire area 360 acres; buildings wood, 1½ stories. Fire department—3 hose carts; 2 steam pumps, 1000 gals per minute; hose cotton, good 1500 ft; value of fire department equipment \$5000; value of buildings occupied \$4500; total membership 25, all volunteers; steam whistle alarm. Chief engineer, Ed. Brabst.

WATER SUPPLY—Source springs; system, gravity; Knowles' pumping engine; 12 hydrants; pipe 6 in dia; pressure, domestic 140, fire same pounds. Supt, Ed. Brabst; mayor, W. Fick; town clerk, S. H. Brady.

Boulder, Boulder Co., population 4000; fire area 80 acres; mercantile buildings, brick, 2 stories; private, brick and stone, 1½ stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 3500 ft; value of fire department equipment \$4000; value of buildings occupied \$6000; total membership 150, volunteers. Chief engineer, H. E. Washburn.

WATER SUPPLY—Source, Boulder River; system, gravity; 35 hydrants, Fowler & Ludlow; pipe 8 miles, Dennis & Long; 40 valves, Ludlow & Peet; quality of water good; pressure, domestic 65, fire 65 pounds; water-works owned by city; cost to construct \$47,500; ann expenses \$350; int on bonds 8 and 10 per cent. Supt, J. E. Bemis; mayor, E. A. Austin; city clerk, E. L. Coates.

Breckenridge, Summit Co., population 1667; mercantile buildings, wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber good 500 ft; value of fire department equipment \$3000; total ann expenses of department \$700; total membership 75, all volunteers; bell alarm. Chief engineer, E. Nashold.

WATER SUPPLY—Source not stated; system, direct; 1 reservoir, cap 5000 gals; 22 hydrants; pipe 1½ miles; pressure, domestic 90; fire same pounds. E. M. Conrade; Wm. Foreman.

Buena Vista, Chaffee Co., population 1146; fire area 30 acres; mercantile buildings, brick, 1 story; private, brick. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft; value of fire department equipment \$5000; value of buildings occupied \$3000; total ann expenses of department \$150; total membership 55, volunteer members; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, J. J. Abbote.

WATER SUPPLY—Source creek; system, gravity; 10 hydrants; pipe supply 3¼ miles, 10 in dia; pressure, domestic 60 pounds; cost to construct \$30,000. E. M. Kemble, T. F. McGiff.

Canon City, Fremont Co., population 3500; mercantile buildings, brick, 1 and 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1300 ft, inferior 300 ft; value of fire department equipment \$5000; total membership 34, volunteer members; bell and telephone alarm. Chief engineer, Jas. H. Peabody.

WATER SUPPLY—Source, Arkansas River; system, pumping to reservoir; pumping engines, dy cap 2,000,000 gals, Blake Mfg. Co., New York; 85 hydrants, White's; pipe 4-13 miles, 8, 6 and 4 in dia, N. O. Nelson and others; 20 valves; quality of water soft, filtration sand and gravel; pressure, domestic 55, fire 55 pounds; cost to construct \$60,000; ann expenses \$3218; int on bonds 7 per cent. Committee M. F. Handy and G. T. Phillips; supt

G. T. Conaway; mayor, J. H. Maufin; city clerk, G. T. Conaway.

Central City, Gilpin Co., population 3000; fire area 1000 acres; mercantile buildings, brick, 2 stories; private, brick; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 1600 ft; value of fire department equipment \$3000; value of buildings occupied \$6500; total membership 130, volunteer members. Chief engineer, W. H. Lafring.

WATER SUPPLY—Source, creek; system, gravity; 2 reservoirs, cap 685,000 gals; hydrants 30; pipe 9 miles, 8 in to 6 in dia; 35 Ludlow gates; 15 meters, Hersey; quality of water pure; pressure, domestic 40 to 160 pounds, fire same; water-works owned by city; cost to construct \$45,000; ann expenses \$3000; int on bonds 7 and 8 per cent. Supt, James Davidson; mayor, S. V. Newell; city clerk, R. L. Haight.

Colorado City, El Paso Co., population 2500; mercantile buildings, wood and brick, 1 and 2 stories; private, pine wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hose carriage; hose cotton, good 1000 feet; value of fire department equipment \$1500; value of buildings occupied, \$500; total membership 25, volunteer members; bell alarm; 1 hose company. Chairman of fire and water com, W. R. McCrea.

WATER SUPPLY—Source, creek; system, gravity; hydrants 100; pipe 20 miles, 12 in and 16 in dia; pressure, domestic 150 pounds, fire same. Mayor, Charles Stockbridge; town clerk, C. D. Taylor.

Colorado Springs, El Paso Co., population 11,000; fire area 5300 acres; mercantile buildings, stone and brick, 2 to 4 stories; private, stone and wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 5 hose carriages, all kinds; hose cotton, good 2500 ft, inferior 2800 ft; value of fire department equipment \$10,000; value of buildings occupied \$18,500; total ann expenses of department \$2000; total membership 195, all volunteer members; Gamewell telegraph alarm; no of street boxes 9; total no of fire companies 5; 1 hook and ladder company, 4 hose companies. Chief engineer, Chas. B. Ferrin.

WATER SUPPLY—Source, mountain streams; system, gravity; hydrants 70, Holly & Mathews; pipe 50 miles, 8 to 16 in dia; 800 valves; 8 meters, Crown & Hearnsey; quality of water soft; pressure, domestic 80, fire 80 pounds; cost to construct \$260,000; ann expenses \$3000; int on bonds \$17,170 per annum. Supt, E. W. Frost; mayor, J. W. Stillman; city clerk, H. C. McCreery.

Denver, Arapahoe Co., population 150,000; fire area 11,040 acres; mercantile buildings, stone and brick, 1 to 10 stories; private, stone and brick, 1 to 4 stories; wooden roofs are permitted in fire limits; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical engines on wheels, 16 chemical extinguishers, 2 hook and ladder trucks, 2 aerial trucks, 8 hose carriages, all kinds; hose cotton, good 400 ft, rubber, good 7000 ft; 88 horses, value \$3000; value of fire department equipment \$62,800; value of buildings occupied \$110,000; total ann expenses of department \$105,000; total membership 76, paid full time 76; Gamewell electric fire alarm system; no of street boxes 76; total no of fire companies 11. Chief engineer, Julius Pearse.

WATER SUPPLY—Wells and river; system, direct and gravity; pumping engines dy cap 17,000,000 gals; hydrants 550; pipe 80 miles, 8 to 36 in dia, Eddy Gates; quality of water good; filtration gravel; pressure, domestic 45 to 110 pounds, fire same. Pres of com, Dennis Sullivan; supt, H. Thomas; mayor, W. Londoner; city clerk, W. H. Melburn.

Durango, La Plata Co., population 3000; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted outside fire limit; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 2000 ft, inferior 750 ft, rubber, good 250 ft; value of buildings occupied \$25,000; total membership 50, volunteer members; bell alarm; total no of fire companies 3, 1 hook and ladder company, 2 hose companies. Chief engineer, Joseph Rule; chairman fire com, Harry Jackson.

WATER SUPPLY—Reservoir, 340 ft fall; hydrants 25; pipe 8 miles. Supt, Chas. S. Butler; mayor, J. P. Airy.

Empire, Clear Creek Co., population 308; mercantile buildings, wood, 1 to 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$500; total membership 25 members. S. Hanchett, F. L. Cowles.

Evans, population 400; fire area 160 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 1½

ories; wooden roofs are permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; all volunteers. Chief engineer, Geo. N. Young.

Fairplay, Park Co., population *450; mercantile buildings, wood, 1 and 2 stories. Fire department—several ladders, 1 hose carriage; hose cotton, good 1200 ft; total membership 30, all volunteers; bell alarm. Chief engineer, H. C. Williams.

WATER SUPPLY—Source, spring; 1 reservoir; 12 hydrants; pipe 2 miles. Mayor, M. S. Bailey; town clerk, N. W. Sheldon.

Fort Collins, Larimer Co., population 2500; fire area by 1½ miles; mercantile buildings, brick and stone, 2 stories; private, brick, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$2000; value of buildings occupied \$8000; total ann expenses of department \$800; total membership 50, volunteer members; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, Leander Giddings; chairman of fire and water com, John Whitten.

WATER SUPPLY—Source, river; system, gravity; Jolly pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe, 13 miles, 8 to 10 in dia; pressure, domestic 0 to 150, fire same pounds; cost to construct \$108,000; ann expenses \$1800. City clerk, W. Rosenoe.

Georgetown, Clear Creek Co., population 2500; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 600 ft; rubber good 800 ft; value of fire department equipment \$3000; value of buildings occupied \$9000; total ann expenses of department \$800; total membership 160; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, James U. Harris; chairman of fire and water com, William Hood.

WATER SUPPLY—Source, creek; system, gravity; 20 hydrants; pressure, domestic 75 to 130, fire same pounds; ann expense, \$3500. A. R. Forbes; supt, H. P. Bullis.

Glenwood Springs, Garfield Co., population *700; mercantile buildings, brick and wood, 1 and 2 stories. Fire department—hose cotton, good 1000 ft; pistol shot alarm. Chief engineer, Harry Thode.

WATER SUPPLY—Source creek; system, gravity; 16 hydrants; pipe 5½ miles, 4 to 24 in dia; pressure, domestic 8 to 75, fire same pounds; cost to construct \$90,000. Supt, M. W. Mather.

Greeley, Weld Co., population *3000; fire area 48 acres; mercantile buildings, brick and frame, 1 to 3 stories. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; 50 leather buckets; siamese couplings used; hose cotton, good 1500 ft; value of fire department equipment \$6000; value of buildings occupied \$3000; total membership 120, volunteers. Chief engineer, W. M. Boomer.

WATER SUPPLY—Source, well; system, pump to stand-pipe and direct; Gaskell pumping engines, dy cap 1,000,000 gals; 46 hydrants, Chapman; pipe 11½ miles, 4, 6, 8, 10 and 12 dia, Chautanoga Pipe Co.; 40 valves; quality of water good, filtration Hazelton purifier; pressure, domestic 70 to 90, fire 100 pounds; cost to construct \$68,128; ann expenses \$2500; int on bonds \$3800. Pres of com, mayor of city; supt, E. F. Dawley; mayor, A. T. Bacon; city, own or village clerk, E. F. Dawley.

Gunnison, Gunnison Co., population *8500.

WATER SUPPLY—Source, Gunnison River; system, pumping to tank; Worthington pumping engines, dy cap 1,500,000 gals; 52 hydrants, Holyoke; pipe 8½ miles, 12 to 16 in dia, Sheekey H. H. Co.; 8 valves, Chapman; 1 meter; quality of water fine; pressure, domestic 85, fire 125 pounds; cost to construct \$35,000; ann expenses \$3500. Pres of com, B. W. Lewis; supt, D. J. McCanne; mayor, Louis Grassmuck; town clerk, Jos. Heiner.

Highlands, Arapahoe Co., population 101½; mercantile buildings, brick, 2 and 3 stories. Fire department—1 hose carriage; hose linen, good 1000 ft; total membership 60, all volunteers. J. C. McNeill.

WATER SUPPLY—Source, artesian and driven wells; system, gravity; 1 reservoir, cap 150,000 gals; Holly & Smith & Vail pumping engines, dy cap 1,000,000 gals; 58 hydrants; 20 Eddy gates; pipe 10 miles, 4 to 6 in dia; pressure, domestic 60 to 120, fire same pounds; water-works owned by company; cost to construct \$70,000; ann expenses \$7000. Mayor, O. E. Le Fevre; town clerk, J. S. McDowell; F. P. Arbuckle.

Holyoke, population 1000; mercantile buildings, wood, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.

Fire department—2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$1300; value of buildings occupied \$250; total membership 50, volunteers; electric alarm; no of street boxes 1; 2 hose companies. G. W. Garland, foreman hose company.

WATER SUPPLY—Source, not stated; 15 hydrants; pipe 5½ miles.

Idaho Springs, Clear Creek Co., population *1500; mercantile buildings, brick and wood, 1 to 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 200 ft, rubber good 1100 ft; total membership 70, volunteers; bell alarm. J. H. Bell.

WATER SUPPLY—Source, creeks and wells; system, gravity; 1 reservoir, cap 1,500,000 gals; 21 hydrants; pipe 8 miles, 4 to 10 in dia; 12 Eddy gates; quality of water pure; pressure 80 to 120 pounds; cost to construct \$25,000; ann expenses \$1500. Supt, H. O. Walker; mayor, H. Plummer; town clerk, H. O. Walker.

La Junta, population 3000; fire area 640 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—3 hose carriages, hooks and ladders; hose cotton, good 500 ft, inferior 900 ft; rubber good 450 ft, inferior 80 ft; linen good 300 ft; value of fire department equipment \$1800; value of buildings occupied \$750; total membership 55, volunteers; bell alarm. Chief engineer, C. W. Wonderly; chairman of fire and water com, E. E. Davenport; R. A. Steen.

Lamar, Bent Co., mercantile buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; siamese couplings used; hose rubber, good 600 ft; value of fire department equipment \$2000; total membership 35; bell alarm. Chief engineer, G. T. Herbert.

WATER SUPPLY—Source, driven wells; 1 reservoir, cap 200,000 gals; 20 hydrants; pipe 3½ miles; pressure 125 pounds. City clerk, B. F. Colthar.

Las Animas, Bent Co., population 1500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted, mostly tin; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; value of fire department equipment \$3000; value of buildings occupied \$8000; total ann expenses of department \$200; total membership 34, volunteers. Chief engineer, J. M. Marshall; chairman of fire and water com, W. H. Stove.

WATER SUPPLY—Source, wells; system, direct and pumping to reservoir; reservoir cap 80,000 gals; 30 hydrants; pipe 8 miles; pressure 25 to 100 pounds; cost to construct \$28,000.

Leadville, Lake Co., population *14,000; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder trucks, 3 hose carriages, all kinds; hose cotton, good 8500 ft, rubber good 1200 ft; 4 hoses; value of fire department equipment \$9000; value of buildings occupied \$8000; total ann expenses of department \$10,000; total membership 10, paid full 10; telegraph alarm; no of street boxes 14. Chief engineer, Walter J. Pollard.

WATER SUPPLY—Source, mountain streams; system, gravity; 125 hydrants; pipe 18 miles, 4 to 12 in dia; Peal & Ludlow gates; quality of water pure; pressure 75 to 150 pounds; cost to construct \$500,000. Pres or chairman of com, Wm. E. Hawkes; supt, C. N. Priddey; mayor, Robt. J. Coleman; city clerk, John Lumsden.

Longmont, population 2000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, brick and wood 2 stories; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1900 ft; value of fire department equipment \$3000; value of buildings occupied \$1500; total ann expenses of department \$150; total membership 60, all volunteer members; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Geo. T. Dell; chairman of fire and water com, R. G. Griffith.

WATER SUPPLY—System, gravity.

Loveland, population 700; fire area 160 acres; mercantile buildings, brick and stone, 1 and 2 stories; private, wood and brick, 1 story; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton good 1000 ft; value of buildings occupied \$1500; total membership 50, volunteers. Chief engineer, Chas. Maxwell; chairman fire and water com, C. H. Bond.

WATER SUPPLY—System, gravity.

Manitou, El Paso Co., population 1200; fire area 2 by ¼ miles; mercantile buildings, stone and brick, 2 stories; private, wood, 2 stories; wooden roofs are per-

COLORADO—Continued.

mitted; fireworks ordinance; causes of fires investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 1100 ft; value of fire department equipment \$3000; value of buildings occupied \$5000; total ann expenses of department \$500; total membership 33, volunteers; bell alarm. Chief engineer, E. P. Creighton; chairman of fire and water com, Geo. W. Snider.

WATER SUPPLY—System, gravity; reservoir cap 1,000,000 gals; hydrants 18; pipe 7 miles; pressure 90 pounds. M. F. Bowers, H. H. Grafton.

Morrison, Jefferson Co., population 400; mercantile buildings, wood, 1 story.

WATER SUPPLY—System, gravity; 1 reservoir; hydrants 1; pipe ¼ mile, 8 to 7 in dia; 8 gates; pressure 50 pounds; cost to construct \$400. Chairman of com, J. H. Pratt.

Ourray, Ourray Co., population 11408; wooden buildings not permitted within fire limits. Fire department—1 set hooks and ladders, 1 hose carriage; hose cotton, good 1000 ft; inferior 750 ft; total membership 50, volunteers; gong fire alarm. Chief engineer, W. W. Rowan.

WATER SUPPLY—Source, creek; system, gravity to reservoir; hydrants 16; pipe 2 miles; pressure 65 to 150 pounds; water-works owned by town. Supt, Geo. Lindsay; mayor, W. H. Rowan; city clerk, A. Walthers.

Pueblo, Pueblo Co., population 22,000. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose rubber, good 4700 ft; inferior 2000 ft; total membership 240, volunteers. Chief engineer, G. W. Gill.

WATER SUPPLY—Source, Arkansas River; system, direct; Holly pumping engines, dy cap 10,000,000 gals; hydrants 160; Holly; pipe 30 miles, 4 to 14 in dia, Dennis Loung, Shickle, Harrison & Co.; 65 valves, Eddy, Holly, Ludlow; 10 meters, Crown; quality of water fair; pressure 60 pounds; cost to construct \$200,000. Pres of com, A. T. Stewart; supt, Weldon Keeling; mayor, A. A. Grome; city clerk, F. W. Hull.

Rocky Ford, population 600; fire area ¼ mile sq; mercantile buildings, brick and wood, 3 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance. Fire department—Hand grenades.

WATER SUPPLY—Source, Arkansas River; system, gravity. City clerk, E. C. Gobin.

Salida, Chaffee Co., population 4000; mercantile buildings, brick, 1 and 2 stories; private same. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 5800 ft; inferior 1000 ft; value of fire department equipment \$1350; total ann expense of department \$1000; total membership 70, volunteers; bell alarm.

WATER SUPPLY—System, direct; hydrants 20; pipe 4 miles; pressure 80 pounds. Supt, Geo. M. Crosby; city clerk, L. P. Randolph.

Silver Cliff, Custer Co., population 1250; fire area 80 acres; mercantile buildings, wood; private same. Fire department—9 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose 1600 feet; value of buildings occupied \$3500; total membership 80, volunteers. Chief engineer, Thos. Flynn.

WATER SUPPLY—Source, springs; hydrants 27; pipe 8 miles, 8 to 12 in dia; pressure 90 pounds; water-works owned by company; ann expenses \$600. Pres of com, Joseph Stanley; Supt, H. W. Foss.

Silverton, San Juan Co., population 11196; mercantile buildings, wood, 1 story; private, same. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1300 ft; value of fire

department equipment \$3000; total ann expenses of department \$100; total membership 60, volunteers; bell alarm. Chief engineer, John M. May.

WATER SUPPLY—System, gravity; 1 reservoir; hydrants 12; pipe 4 miles, 8 to 10 in dia; pressure, 85 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$3000. Pres of com, B. L. Carr; supt, W. W. Ruse; mayor, J. W. Wingate; town clerk, B. E. Galvia.

Sterling, population 1200; mercantile buildings, wood, 1 story; wooden roofs are permitted. Fire department—3 chemical extinguishers, 1 hook and ladder truck. Chief engineer, R. C. Wardrop.

Telluride, San Miguel Co., population 800; mercantile buildings, wood and brick, 1 and 2 stories; private same; wooden roofs are permitted. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 850 ft; inferior 80 ft; value of fire department equipment \$3000; total membership 50, volunteers; bell alarm. W. H. Trout, foreman.

WATER SUPPLY—System, gravity; reservoir; hydrants 8; pipe 3000 ft; pressure 100 pounds. Town clerk, C. S. Watson.

Trinidad, Las Animas Co., population 10,000; fire area 120 acres; mercantile buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; siamese couplings; hose rubber, good 3000 ft; value of fire department equipment \$1500; total membership 100, volunteers; bell alarm. Chief engineer, W. C. Hunn.

WATER SUPPLY—Source, Las Animas River; system, gravity with auxiliary reservoir; 80 hydrants, Chapman & Ludlow; pipe, cast iron, 16 miles, 4 to 16 in dia; 30 valves, Chapman & Ludlow; 150 meters, Crown; quality of water good; pressure 135 pounds; int on bonds 7 per cent. Pres of com, Delos A. Chappell; supt, Wm. B. Cunningham; mayor, James M. John; city clerk, E. D. Bright.

White Plains, population 400; mercantile buildings, wood, 1 to 2 stories; private, wood, 1 story. Fire department—Robt. F. Smith, town marshal.

Yuma, population 800; fire area 80 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, same; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hose carriage; hose rubber, good 700 ft; value of fire department equipment \$650; value of building occupied \$75; total membership 40, volunteers; 1 hose company. Chief engineer, Alex. F. Meyer; chairman of fire and water com, Alex. F. Meyer, U. J. Albright.

WATER SUPPLY—Source not stated; system, Holly.

The following places have no fire protection: Alamosa, Conejos Co., population 1200. Boston, Las Animas Co., population 500. Coal Creek, Fremont Co., population 700. Crested Butte, Gunnison Co., population 1000. Del Norte, Rio Grande Co., population 1600. Delta, Delta Co., population 500. Erie, Weld Co., population 1200. Fort Morgan, Weld Co., population 800. Grand Junction, Mesa Co., population 1200 (works under construction). Gunnison, Gunnison Co., population 2500. Julesburg, Logan Co., population 800. Lake City, Hinsdale Co., population 900. Monta Vista, Rio Grande Co., population 800. Montrose, Montrose Co., population 800 (river with direct pumping). Morrison, Jefferson Co., population 400. Pitkin, Gunnison Co., population 2200. Rico, Dolores Co., population 1500. Rocky Ford, Bent Co., population 650 (hand grenades). Saquache, Saquache Co., population 840. Westcliffe, Custer Co., population 600. White Pine, Gunnison Co., population 600. White Plains, population 400.

CONNECTICUT.

Ansonia, New Haven Co., population 10,000. Fire department—1 hook and ladder truck, 5 hose carriages; hose linen, good 500 ft, rubber good 2800 ft; leather good 550 ft; total membership 77, all volunteers. Chief engineer, Morris Drew.

WATER SUPPLY—Source, brooks; system, gravity; 55 hydrants, Chapman & Ludlow; pipe 7 miles, 4 to 12 in dia, cast iron, Warren Foundry Co.; 35 valves, Chapman & Ludlow; 6 meters, Union & Hersey; quality of water good; pressure, domestic 90 to 50, fire 90 pounds; cost to construct \$120,000; int on bonds 6 per cent. Pres of com, Thos. Wallace; supt, Dana Bartholomew; J. M. Wheeler, warden; city clerk, R. H. Tucker.

Baltic, New London Co., population 2800; mercantile buildings, wood, 1 to 5 stories. Fire department—1 steam fire engine, 1 hose carriage; hose rubber, good

1800 ft; value of fire department equipment \$4200; total ann expenses of department \$150; total membership 30, all volunteers; bell alarm. Chief engineer, Wm. D. Nolan.

WATER SUPPLY—Source, not stated; system, gravity; 3 hydrants; pipe 1 mile, 6 in dia; 4 valves; quality of water good; cost to construct \$1500; ann expenses \$25. Pres of com, Nathan R. Gardner; supt, Nathan R. Gardner; selectman, Thomas H. Allen.

Bethel, Fairfield Co., population 2800; fire area 5 miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 400 ft, rubber good 400 ft; value of fire department equipment \$11,000; value of

buildings occupied \$3900; total ann expenses of department \$300; total membership 190, all volunteers. Chief engineer, Chas. H. Hart.

WATER SUPPLY—Source, springs, water shed, natural brooks; reservoir, dy cap 8,000,000 gals; 60 hydrants; pipe 9 miles, 4 to 12 in dia. Supt, E. C. Oakley. Fred Shepherd.

Birmingham Borough, New Haven Co., population 16,000; fire area 40 acres; mercantile buildings, brick, 4 stories; private, brick, 3 stories; fireworks ordinance. Fire department—3 hook and ladder trucks, 5 hose carriages, all kinds; hose rubber, good 8280 ft; value of fire department equipment \$4800; value of buildings occupied \$14,000; total ann expenses of department \$750; total membership 180, all volunteers; telegraph alarm; no of street boxes 11. Chief engineer, D. J. J. Abbott.

WATER SUPPLY—Source, brooks and springs; system, gravity; hydrants 58, Ayres, Ludlow; pipe 8 miles, 12 to 4 in dia; 6 meters; quality of water good; pressure, domestic 60 to 100, fire same pounds. Pres of com, William B. Wooster; agent, Chas. H. Nettleton; warden, Sheldon Barrett; borough clerk, Andrew J. Ewen.

Branford, New Haven Co., population 2280; mercantile buildings, wood, 2 stories. Fire department—3 chemical engines on wheels; whistle and bell alarm. Town clerk, Henry H. Stedman.

Berlin, population 2800; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Town clerk, William Bulkeley.

Bristol, Hartford Co., population 6000; fire area 8840 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, 8800 ft; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$10,000; total membership 180, paid part time 10, no of volunteer members or call men 170; bell alarm. Chief engineer, H. G. Ames.

WATER SUPPLY—Source, Poland River; system, gravity; hydrants 60, Ludlow; pipe 15 miles, 12 to 1 in dia, Ludlow; 8 meters, Crown; quality of water good; pressure, domestic 60 to 120, fire same pounds; cost to construct \$125,000. Pres of com, John H. Sessions; supt, Thos. Keirns.

Canaan, Litchfield Co., population *1800. Fire department—Good hose 600 ft; 1 hose company.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir; hydrants 8; pipe 8 miles; pressure 35 to 70 pounds. Supt, S. A. Bennett, L. Foot.

Colchester Borough, New London Co., population 2974. Fire department—1 hand engine, 1 hose carriage; hose rubber-lined cotton, good 120 ft, linen, good 300 ft, leather, good 100 ft; total membership 40. Chief engineer, G. B. Avery.

WATER SUPPLY—System, 6 cisterns. Borough clerk, P. R. Strong.

Collinsville, Hartford Co., population 1876. Fire department—1 hand engine, 3 hose carriages; 6 large rotary force pumps; hose rubber, good 2000 ft; total membership 279, paid part time 4, no of volunteers 275. C. H. Blair.

WATER SUPPLY—Source, river; 3 cisterns, 5,000 gals cap.

Danbury, Fairfield Co., population *18,000; fire area 10,000 acres; mercantile buildings, wood, 4 stories; fireworks ordinance; causes of fire investigated. Fire department—100 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose rubber, good 6780 ft; value of fire department equipment \$5000; value of buildings occupied \$28,000; total ann expenses of department \$500; total membership 170, all volunteers; fire patrol of 40 men, ann expense \$300; electric bell alarm; no of street boxes 15.

WATER SUPPLY—Source, reservoirs; system, gravity; 261 hydrants, Holyoke & Ludlow; pipe 20-2-3 miles, 6 to 16 in dia, Phipps pat, Ludlow; quality of water good; pressure 75 pounds dy; int on bonds 4 per cent. Supt, C. B. Mason; mayor, L. Legrand Hopkins; city clerk, J. J. Kearns.

Danielsonville, Windham Co., population 3500; fire area 800 acres; mercantile buildings, wood and brick, 2 to 2½ stories; private, wood, 1½ to 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck; 4 hose carriages; hose rubber lined cotton, good 3000 ft; value of fire department equipment \$2000; value of buildings occupied \$5000; total ann expenses of department \$500; total membership 65, paid by

year; bell alarm; 4 fire companies, 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Chas. N. Capron.

WATER SUPPLY—Source, springs; system, gravity; 81 hydrants; pipe 11 miles, 12 to 4 in dia; 8 meters; pressure, domestic 57, fire 75 pounds. Pres of com, T. E. Hopkins; supt, J. W. Buck; mayor, S. W. Crofut; borough clerk, C. C. Young.

East Haven, New Haven Co., population 1881; mercantile buildings, wood. Fire department—1 hand engine, 1 hose cart; hose rubber, good 300 ft, inferior 300 ft; value of fire department equipment \$100; total membership 50, all volunteers; bell alarm.

WATER SUPPLY—Source, not stated; system, direct; 18 hydrants; pipe 2 miles.

Essex, Middlesex Co., population *1800; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose linen, good 600 ft; value of fire department equipment \$1400; total membership 54, all volunteers; bell alarm. Foreman, G. S. Hunt.

WATER SUPPLY—Source, wells, cisterns, ponds and river. James L. Phelps.

Fair Haven, New Haven Co., population 2000; fire area 1500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, Baker good 500 ft, inferior 400 ft; value of fire department equipment \$3000; value of buildings occupied \$1500; total membership 74, all volunteers. Chief engineer, John J. Dayton.

WATER SUPPLY—Source, lakes, Saltonstall and Whitney, also cisterns; 13 hydrants; pipe 2 miles, 6 to 24 in dia; pressure 45 pounds.

Farmington, Hartford Co., population 1600; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 850 ft, inferior 250 ft; value of fire department equipment \$1700; total ann expenses of department \$300; total membership 44, all volunteers; bell alarm. Chief engineer, W. W. Chickey; chairman of fire and water com, D. N. Barney, N. O. Keyes, T. L. Porter.

WATER SUPPLY—Source, cisterns. Town clerk, T. L. Porter.

Forestville, Hartford Co., population 1073; mercantile buildings, wood, 2 stories; private, wood, 2½ stories; wooden roofs not permitted. Fire department—1 steam fire engine, 20 chemical extinguishers, 1 hose carriage; hose cotton, good 1200 ft; value of fire department equipment \$5400; total membership 35, all volunteers; bell and whistle alarm. S. D. Bull.

WATER SUPPLY—Source, rivers and canals.

Greenwich, Fairfield Co., population 7892. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 force pump on truck; hose cotton, good 1850 ft; total membership 47, all volunteers. V. H. Russell.

WATER SUPPLY—Surface water; system, gravity; 1 reservoir, cap 800,000 gals; hydrants 30; pipe 7 miles. John Dayton, J. R. Mead.

Guilford, New Haven Co., population *1500. Fire department—3 hand engines, 1 hook and ladder truck; hose cotton and leather, good 450 ft. G. B. Norton; town clerk, G. W. Seward.

Hartford, Hartford Co., population 55,000; fire area 11,590 acres; mercantile buildings, brick, 4 and 6 stories; private, brick, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—7 steam fire engines, 6 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 8 hose carriages; hose cotton, good 15,000 ft, rubber, good 400 ft; 24 hoses, value \$7500; value of fire department equipment \$97,000; value of buildings occupied \$111,500; total ann expenses of department \$35,000; total membership 115, paid full time 28, paid part time 87; Gamewell alarm; no of street boxes 51; fire companies 8. Chief engineer, Henry J. Eaton; chairman fire and water com, Edwin J. Smith.

WATER SUPPLY—Source, mountain springs; system, gravity; hydrants 511; pipe 80 miles, 4 to 20 in dia; 704 valves; 578 meters; quality of water good; pressure 65 pounds; water-works owned by city; cost to construct \$1,772,129; ann expenses \$43,000; int on bonds \$43,411. Pres of com, Ezra Clark; supt, Ezra Clark; mayor, John G. Root; city clerk, John E. Higgins.

Killingly, Windham Co., population 6921; mercantile buildings, wood, 2 stories. Fire department—1 steam fire

CONNECTICUT—Continued.

enging, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; value of fire department equipment \$10,000; total membership 120, paid full time; bell alarm. C. S. Capron.

WATER SUPPLY—New works constructed during the past year.

Meriden, New Haven Co., population *26,000; fire area 112 acres; mercantile buildings, brick, 4 to 6 stories; private, wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—hose cotton, good 5300 ft; value of fire department equipment \$23,570; total membership 88, paid full time 2, paid part time 86, 20 volunteers; telegraph alarm; 29 street boxes; 6 fire companies, 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, Isaac B. Hyatt.

WATER SUPPLY—Surface water; system, gravity; 210 hydrants; pipe 32 miles, 4 to 16 in dia; 175 valves, Ludlow & Chapman; 85 meters; quality of water good; pressure, domestic 15 to 115, fire same pounds; cost to construct \$375,000; ann expenses \$8000; int on bonds \$7000. Pres of com, Frank P. Everts; supt, H. L. Schleiter; mayor, Benj. Page; city clerk, Herman Hess.

Middletown, Middlesex Co., population *19,000; Fire department—2 hand engines, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 4600 ft, linen good 800 ft; total membership 126, all volunteers; Gamewell telegraph alarm; 15 street boxes. Chief engineer, F. W. Willey.

WATER SUPPLY—Surface water; system, gravity; 105 hydrants; pipe 19 miles, 3 to 12 in dia; 125 valves; 10 meters, National Meter Co., Union Water Meter Co.; quality of water good; pressure, domestic 15 to 80, fire same pounds; cost to construct \$261,565; ann expenses \$3600; int on bonds \$6848. Pres of com, James Lawton; supt, John C. Broatch; mayor, Dan'l L. Briggs; city clerk, E. R. Chaffee.

Milford, New Haven Co., population 8347; mercantile buildings, wood, 3 stories; private, wood, 2 stories. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 800 ft; value of fire department equipment \$1000; value of buildings occupied \$2200; total ann expenses of department \$22; total membership 58; bell alarm. Chief engineer, W. H. Andrews.

Montville, New London Co., population 3000. No fire department—buckets and hand fire extinguishers; hose cotton, good 800 ft, rubber good 150 ft; steam whistle and bell alarm. Town clerk, Carl Mathewson.

Mystic Fire District (including Mystic Bridge and Mystic River), New London Co., population 3600; mercantile buildings, wood, 2½ stories. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; siamese couplings in use; hose cotton, good 1500 ft, rubber good 1000 ft; value of fire department equipment \$10,000; total ann expenses of department \$3000; total membership 150, all volunteers; church bell alarm. Chief engineer, John B. Grinnell.

WATER SUPPLY—Brook; system, pumping to reservoir; 2 Deane steam pumps, dy cap 1,000,000 gals; 48 hydrants; pipe 7¼ miles, 4 to 12 in dia; 60 Coffin gates; 1 meter, Crown; quality of water good; pressure 75 to 100 pounds; int on bonds 5 per cent. Pres of com, T. E. Parker.

Naugatuck, New Haven Co., population *5104; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 3 hose carriages; hose cotton, good 800 ft, inferior 600 ft, rubber good 250 ft; linen good 500 ft; value of fire department equipment \$9000; value of buildings occupied \$1000; total membership 28, paid full time; whistle alarm. Thos. Dews.

WATER SUPPLY—Source, Straitsville brook; system, gravity; 68 hydrants, Ludlow Valve Mfg. Co; pipe 11½ miles, 4 to 10 in dia, R. D. Wood & Co.; 82 valves; quality of water good; pressure, fire 110 pounds; cost to construct \$38,000; int on bonds 6 per cent. Pres of com, A. D. Warner; sec and treas, S. S. Scott; city clerk, C. F. Hungerford.

New Britain, Hartford Co., population 20,000; mercantile buildings, brick and wood, 1 to 5 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 8000 ft; 12 horses; total ann expenses of department \$15,000; total membership 72, paid full time 4, paid part time 68; Gamewell alarm system; no of street boxes 32. Chief engineer, John W. Carleton; chairman of fire and water com, John Garvie; C. H. Beaton; C. O. Case; Lawrence Cream.

WATER SUPPLY—Source, pond; system, gravity; 2 reservoirs, cap 2,000,000; 200 hydrants; pipe 35 miles,

4 to 12 in dia, Chapman, Peet and Ludlow gates; 55 meters, makers Crown, Union & Hersey; quality of water good; pressure 60 to 75 pounds. Pres of com, C. H. Reaton; supt, D. A. Harris; mayor, John Walsh; city clerk, E. R. Bishop.

New Canaan, Fairfield Co., population *3000; fire area 160 acres; mercantile buildings, wood and brick, 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 900 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$250; total membership 45, all volunteers. Chief engineer, Geo. E. Seely, Jr.

WATER SUPPLY—Source, cisterns. Mayor, Dr. Wm. G. Brownson; city, town or village clerk, Lewis E. Sutton.

New Haven, New Haven Co., population *60,000; fire area 1,100 acres; mercantile buildings, brick, 4 stories; private, wood, 2 and 3 stories. Fire department—8 steam fire engines, 22 chemical extinguishers, 3 hook and ladder trucks, 9 hose carriages, siamese couplings used; hose cotton, good 16,000 ft; 88 horses; value of fire department equipment \$57,900; value of buildings occupied \$125,000; total membership 115, paid full time 65, paid part time 45; telegraph fire alarm; no of street boxes 100. Chief engineer, A. C. Hendrick.

WATER SUPPLY—River and lakes; system, gravity; 2 reservoirs, cap 18,000,000 gals; 730 hydrants; pipe 122 miles, 4 to 24 in dia; pressure 25 to 80 pounds. Pres of com, Henry Dawson; supt, S. E. Grannis; mayor, Henry Peck; city clerk, E. Downs.

New London, New London Co., population 10,537; mercantile buildings, wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft; hose linen, good 400 ft; hose leather, good 1000 feet; value of fire department equipment \$12,000; value of buildings occupied \$17,000; total ann expenses of department \$3500; total membership 240; bell alarm. Chief engineer, W. B. Thomas.

WATER SUPPLY—Source, Lake Konomor; system, gravity; hydrants 129, Chapman & Ludlow; pipe 27 miles, 4 to 16 in dia; 12 valves, Chapman & Ludlow; 30 meters, Crown & Union; quality of water good; pressure 25 to 60 pounds; cost to construct \$344,000; ann expenses \$4773; int on bonds 7 per cent. Pres of com, B. A. Armstrong; supt, W. H. Richards.

New Milford, Litchfield Co., population *2200; fire area 320 acres; mercantile buildings, wood and brick, 2 and 3 stories. Fire department—6 chemical extinguishers, 2 hose carriages, siamese couplings used; hose cotton, good 1060 ft; hose linen, good 750 ft; value of fire department equipment \$3000; value of buildings occupied \$7500; total ann expenses of department \$200; total membership 59, all volunteers; bell alarm. Chief engineer, D. E. Soule.

WATER SUPPLY—Source, reservoir; system, gravity; reservoir cap 2,000,000 gals; hydrants 32; pipe 5½ miles, 4 to 6 in dia; pressure 110 pounds; cost to construct \$55,000. Pres of com, C. H. Booth; supt, H. O. Wunee; city clerk, R. B. Noble.

Norwalk, Fairfield Co., population *18,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2100 ft, rubber good 800 ft; total membership 120, all volunteers; electric alarm; no of street boxes 12. Chief engineer, J. T. Prowitt.

WATER SUPPLY—Source, stream; system, gravity; 2 reservoirs, cap 64,800 gals; hydrants 110; pipe 20 miles. Pres of com, W. S. Moody; supt, A. H. Camp; warden, C. B. Coolidge; H. K. Selleck.

Norwich, New London Co., population *22,000; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam engines, 5 chemical extinguishers, 2 hook and ladder trucks, 11 hose carriages; hose cotton, good 4000 ft, rubber good 250 ft, leather good 2500 ft; 5 horses; value of buildings occupied \$25,000; total ann expenses of department \$9,000; total membership 250, paid full time 1, telegraph alarm; no of street boxes 31. Chief engineer, J. B. Carrier.

WATER SUPPLY—Gravity pressure; 2 reservoirs, cap 2,000,000 gals; 22 cisterns; hydrants 276; pipe 53 miles, 4 to 16 in dia; 40 meters; pressure 80 pounds; annual expenses \$5000. Pres of com, Dr. S. L. Geer; supt, J. A. Brand.

Plainville, Hartford Co., population 1980; mercantile buildings, wood, 2 stories. Fire department—1 hose carriage; hose linen, good 1000 ft; total membership 30, all volunteers; bell alarm. J. H. Edmond.

WATER SUPPLY—Source, surface water; hydrants 24; pipe 3 miles, 4 to 8 in dia; quality of water, spring; pressure 100 pounds; cost to construct \$30,000. Pres of com, W. L. Cowles; supt, W. Higgins; town clerk, R. C. Usher.

Portland, Middlesex Co., population 4500; mercantile buildings, wood and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1250 ft; 2 horses, value \$700; value of fire department equipment \$2000; value of buildings occupied \$1000; total membership 60, all volunteers; bell alarm; no of fire companies 1. Chief engineer, R. H. Pascall.

WATER SUPPLY—Source, mountain stream and brooks; system, gravity; hydrants 71, Coffin Valve Co.; pipe 11 miles, 4 to 10 in dia, Warren Pipe & Foundry Co.; 48 valves, Coffin Valve Co.; 12 meters, Hersey; quality of water best; pressure 80 pounds; ann expenses \$6000; int on bonds 5 per cent. Pres of com, O. Gildersleeve; selectman, James Pelton; clerk, W. H. Bartlett.

Putnam, Windham Co., population 7000; fire area 5500 acres; mercantile buildings, brick, 8 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber lined cotton, good 1000 ft; value of fire department equipment \$7000; value of buildings occupied \$6000; total ann expenses of department \$800; total membership 85, paid full time 1; bell alarm. Chief engineer, L. H. Fuller.

WATER SUPPLY—Source, Little River; system, pumping on standpipe, Worthington pumping engines, dy cap 1,000,000 gals; hydrants 61, Coffin Valve Co.; pipe 18 miles, 1 to 10 in dia, R. D. Wood & Co.; 50 valves, Coffin Valve Co.; 14 meters, Hersey, Crown & Union; quality of water best; pressure 75 pounds; cost to construct \$100,000. Pres of com, L. H. Fuller; supt, C. D. Sharpe; town clerk, J. W. Manning.

Rockville, Tolland Co., population 6915; fire area 0,700 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 50 chemical extinguishers (private), 1 hook and ladder truck, 1 hose carriage; siamese couplings used; hose linen, good 600 ft, inferior 950 ft, rubber, good 1500 ft; value of fire department equipment \$6500; value of buildings occupied \$2000; total ann expenses of department \$2165; total membership 64, paid part time 60; bell and whistle alarm. Chief engineer, John Wagner.

WATER SUPPLY—Source, lake; system, gravity; hydrants 60; Chapman valves; Chapman pipe 8 miles, 3 to 5 in dia; pressure 25 to 75 pounds; water-works owned by company. Geo. Maxwell, pres; J. C. Hammond, Jr., supt.

Seymour, New Haven Co., population 3600; mercantile buildings, wood, brick and stone; private, wood. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carts; hose cotton, good 1800 ft; value of fire department equipment \$10,000; total membership 100, volunteers. Chief engineer, James Swan.

WATER SUPPLY—Source, rivers and reservoirs. Town clerk, S. H. Canfield.

Shelton, Fairfield Co., buildings brick and wood, 2 and 3 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 950 ft, inferior 50 ft; value of fire department equipment \$3000; total membership 68, all volunteers; bell alarm. F. W. Curtis.

WATER SUPPLY—Source, brook; system, gravity; 2 reservoirs, cap 48,000,000 gals; hydrants 20; pipe 3 miles; pressure 100 pounds. D. S. Brinsmeade, E. L. Staples.

Southington, Hartford Co., population 5411; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose cotton, good 2000 ft; value of fire department equipment \$4625; value of buildings occupied \$6800; total membership 100, paid part time 6; bell alarm. Chief engineer, Osborn.

WATER SUPPLY—Source, Honiston's brook; system, gravity; hydrants 74, Ludlow Valve Co.; pipe 14 miles, 0 to 4 in dia, R. D. Wood & Co.; 58 valves, Ludlow Valve Co.; quality of water good; pressure 100 pounds; cost to construct \$68,000. Pres or chairman of com, G. I. Savage; supt, T. H. McKenzie.

South Norwalk, Fairfield Co., population 5500; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2500 ft; value of fire department equipment \$6000; total ann expenses of department \$1000; total membership 180, all volunteers; electric alarm; no of street boxes 8. Chief engineer, Sam'l McGowan.

WATER SUPPLY—Source, surface water; system, gravity; reservoir cap 500,000,000 gals; hydrants 85; pipe 13 miles,

4 to 12 in dia; 75 meters, National Meter Co.; pressure 105 to 110 pounds; cost to construct \$124,798; ann expenses \$1200. Pres of com, S. Raymond; supt, J. M. Layton; mayor, Edwin Wilcox; city, town or village clerk, E. E. Crowe.

Stafford Springs, Tolland Co., population 3600; fire area 4 miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2½ stories; wooden roofs not permitted within fire limit. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 1200 ft; value of fire department equipment \$3000; value of buildings occupied \$3500; total ann expenses of department \$300; total membership 20; bell alarm. Chief engineer, Anthony Adams.

WATER SUPPLY—Source, brook; system, gravity; hydrants 20; pipe 7 miles; pressure 100 to 120 pounds.

Stamford, Fairfield Co., population 12,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, 1 supply wagon, 2 jumpers, 2 hose carriages and 1 jumper in reserve; hose cotton, good 4500 ft; 2 horses; value of fire department equipment, including building, \$25,000; total membership 40, paid full time 1, paid part time 39; telegraph alarm. George Bowman.

WATER SUPPLY—Source, lake; system, gravity; reservoir cap 6,000,000 gals; hydrants 25; pipe 4 to 12 in dia; pressure 60 pounds. Geo. Whitney; E. W. Riker.

Stonington, New London Co., population 5669; population borough 2100; same fire protection. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose good; total membership 120, all volunteers. Chief engineer, E. S. Chesbro.

WATER SUPPLY—Source, Mistuxet Brook; system, pumping to reservoir; Deane steam pumping engines, dy cap 2,000,000 gals; hydrants 22, Coffin Valve Co.; pipe 10 in dia; 11 meters, National Meter Co., Hersey; quality of water good; pressure 70 pounds. Pres of com, Thomas E. Packer; supt, A. G. Watrous.

Stratford, Fairfield Co., population 4251. Fire department—2 hook and ladder trucks; total membership 100, volunteers. B. H. Willer.

WATER SUPPLY—Source, wells. Town clerk, H. R. Stage.

Thomaston, Litchfield Co., population 3800; fire area 640 acres; mercantile buildings, wood, 4 stories; private, wood and brick, 2½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages, 2 private; siamese couplings used; hose cotton, good 1000 ft; inferior 8450 ft, private; value of fire department equipment \$2800; value of buildings occupied \$12,000; total membership 100, all volunteers; whistle alarm. Chief engineer, T. D. Bradstreet.

WATER SUPPLY—Source, reservoir; system, gravity; hydrants 28, R. D. Wood & Co.; pipe 4 to 12 in dia, R. D. Wood & Co.; 1 meter, Crown; quality of water soft; pressure 125 pounds; cost to construct \$40,000. Pres of com, Aaron Thomas; supt, Wm. T. Woodruff; town clerk, A. E. Bradstreet.

Thompsonville, Litchfield Co., population 3794. Fire department—1 steam fire engine, 1 hand engine, 8 hose carriages; hose, linen and leather, good 1500 ft; total membership 100, all volunteers. James Morrison.

WATER SUPPLY—Source, springs; system, pumping to standpipe; Deane pumping engines, dy cap 1,000,000 gals; hydrants 27, Chapman & Holyoke; pipe 19 miles, 2 to 12 in dia, Goodhue & Rienle; 55 valves, Chapman; quality of water good; pressure 45 to 85 pounds; cost to construct \$80,000. Pres of com, C. H. Beiswe; supt, H. R. Cooper; town clerk, F. E. Ely.

Torrington, Litchfield Co., population 4700; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber lined cotton, good 1000 ft; value of fire department equipment \$1500; total membership 100, all volunteers; whistle and bell alarm. D. L. Ballard.

WATER SUPPLY—Source, surface water; system, gravity; 2 reservoirs; 24 hydrants; pressure 60 pounds. O. R. Tyler, Gideon H. Welch.

Wallingford, New Haven Co., population 8017. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2600, inferior 200 ft; value of fire department equipment \$10,000; total membership 68, all volunteers. B. F. Buell.

WATER SUPPLY—Source, lake system, gravity; 60 hydrants; pipe 16 miles; ann rent for use \$1076. Wm. F. Hall, Frany Hale.

Waterbury, New Haven Co., population 25,000; fire area 80 acres; mercantile buildings, brick and wood, 2 and

CONNECTICUT—Continued.

stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 city truck, 1 aerial truck, 2 hose wagons; 4 two-wheeled hand reels; hose cotton, good 8000 ft; rubber good 550 ft; 8 horses; value of fire department equipment \$18,300; value of buildings occupied \$68,500; total ann expenses of department \$15,669 for 1899; total membership 385, paid full time 5, 380 volunteer members; general alarm; 28 street boxes. Chief engineer, S. C. Snagg.

WATER SUPPLY—Source, springs and brook; system, gravity; 941 hydrants, Holyoke; pipe 8½ inches, 4 to 18 in dia, Warren Foundry; 385 valves, Whittier Machine Co.; 181 meters; quality of water good; pressure 0 to 100 pounds; cost to construct \$605,000; ann expenses \$10,000; int on bonds \$16,978 annually. Pres of com, N. J. Wellon; supt, N. J. Wellon; mayor, Chas. R. Baldwin; city clerk, E. G. Kilduff.

West Hartford, Hartford Co., population 1900. Fire department—1 hose carriage; hose leather, good 400 ft. Chief engineer, W. S. Palmer.

WATER SUPPLY—Source, elevated tank; system, gravity; 8 hydrants; pipe 94 in dia. Town clerk, L. Buckland.

West Haven, New Haven Co., population 3500; fire area 1½ by 2 miles; mercantile buildings, brick and wood, 2½ stories; private, wood, 2½ to 3 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hose carriages (2 private); hose cotton and rubber, good 800 ft borough (800 ft private); value of fire department equipment \$1400; total membership 40, all volunteers; 1 fire company. Chief engineer, Wm. V. Wilson.

WATER SUPPLY—Source, river; system, pumping to reservoir; Worthington pumping engines, 600,000 gals dy cap; reservoir cap 1,000,000 gals.

Westport, Fairfield Co., population 4000. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft, leather, good 800; total membership 135, all volunteers. Geo. H. Slover.

WATER SUPPLY—Source, wells, cistern and river. Town clerk, W. J. Finch.

West Stratford, Fairfield Co., buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck; value of fire department equipment \$1000; total ann expenses of department \$150; total membership 35, all volunteers; bell alarm.

WATER SUPPLY—Source, wells, cisterns and river.

Wethersfield, Hartford Co., population 2178; buildings, wood and brick. Fire department—1 hook and ladder truck; value of fire department equipment \$600; total membership 36, all volunteers; bell alarm. E. G. Woodhouse.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Albert Galpin.

Willimantic, Windham Co., population 9000; fire area 300 acres; buildings, brick and wood, 2, 3 and 4 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, rubber lined, good 3600 ft; value of fire department equipment \$3500; total membership 110, all volunteers; electric alarm; no of street boxes 9. Chief engineer, Chas. N. Daniels.

WATER SUPPLY—Source, Natchaug river; system, pumping to reservoir; pumping engines, dy cap 3,000,000 gals. R. D. Wood & Co.; hydrants 144, Matthews & Chapman; pipe 16 miles, 8 to 14 in dia, R. D. Wood & Co., Chapman valves; 42 meters, Crown, Union, Thomson; pressure 70 to 120 pounds; cost to construct \$300,000; ann expenses \$3800; int on bonds \$8000. Pres of com, S. C. Smith; supt, H. S. Moulton; mayor, S. C. Billings; borough clerk, J. D. Wheeler.

Winsted, Litchfield Co., population 4500. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 3600 ft; total membership 140, all volunteers; electric bell alarm; 11 fire stations. Stephen F. Goodsell.

WATER SUPPLY—Source, natural lake; system, gravity; 90 hydrants, Holyoke Co.; pipe 9 miles, 4 to 12 in dia, R. D. Wood and others; quality of water soft and good; pressure 50 pounds; cost to construct \$150,000; ann expenses \$3000; int on bonds 5 per cent. Pres of com, E. E. Culver; supt, E. E. Culver; mayor, David R. Rankin; town clerk, Geo. M. Wentworth.

The following places have no fire protection: Beria, Hartford Co., population 3800. Chester, Middlesex Co., population 1200. Clinton, Middlesex Co., population 1400. Cromwell, Middlesex Co., population 1800. Danvers, Fairfield Co., population 1900. East Granby, Hartford Co., population 1940. East Haddam, Middlesex Co., population 2000. East Hampton, Middlesex Co., population 2000. East Hartford, Hartford Co., population 1900. Haddam, Middlesex Co., population 2419. Greenville, New London Co., population 2380. Jewett City, population 2500. Madison, New Haven Co., population 1678. Mansfield, Tolland Co., population 2154. Ridgefield, Fairfield Co., population 2058. Sharon Valley, Litchfield Co., population 2800. South Coventry, Tolland Co., population 2048. South Manchester, Hartford Co., population 3500 (3 hose carriages, 1800 ft hose; reservoir 40,000,000 cap being constructed). South Windsor, Hartford Co., population 1908. Sterling, population 1000. Unionville, population 1400 (hydrants on streets, milk well protected). Union City, New Haven Co., population 1897. Voluntown, New London Co., population 1600 (mills protected; water supply, wells and reservoir). Watertown, population 1890. Westville, New Haven Co., population 3000. Windsor Locks, population 2800 (mills protected).

DELAWARE.

Camden, Kent Co., population 1577; fire area 500 acres; buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$750; value of buildings occupied \$300; total membership 23, volunteers. Chief engineer, Wm. Ellison.

WATER SUPPLY—Source, wells. Town clerk, W. B. Nock.

Delaware City, New Castle Co., population 1260; buildings, wood and brick. Fire department—1 hand engine, 1 hose carriage, 12 ladders and truck; hose 1000 ft. Chief engineer, G. N. Bright.

WATER SUPPLY—Source, canal; quality of water good. Mayor, J. E. Sadler; town clerk, W. A. Jester.

Dover, Kent Co., population 4000; buildings, wood and brick, 2 and 3 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft; value of fire department equipment \$3200; value of buildings occupied \$3000; total membership 40, volunteers. Chief engineer, Casper Miller.

WATER SUPPLY—Source, 2 wells and creek; system, direct; Gaskill pumping engines, dy cap 1,000,000 gals; 81 hydrants, Holly; pipe 2½ miles, 2 to 12 in dia; 10 valves; 1 meter, Crown; quality of water soft; pressure, domestic 46, fire 85 to 100 pounds; cost to construct \$30,000; ann expense \$3300; int on bonds 4 per cent. Supt, W. D. Walls; mayor, H. Reedy; city clerk, Wm. N. Boggs.

Frederica, Kent Co., population 800; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordi-

nance. Fire department—1 hand engine; other apparatus, 3 hand extinguishers; hose rubber, good 100 ft.

WATER SUPPLY—Source, wells and river. Town clerk, W. E. Knowles.

Georgetown, population 1800; buildings, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine; hose rubber, good 300 ft. Chief engineer, D. C. R. Layton; chairman of fire and water com, W. F. Tunnell.

WATER SUPPLY—Source, driven wells; system, pumping to mains. Town clerk, C. S. Moore.

Laurel, Sussex Co., population 2000; mercantile buildings, wood, 2 stories. Fire department owned by manufacturers—3 hand engines; hose rubber, good 300 ft.

WATER SUPPLY—Source, wells and creek. Town clerk, I. J. Wooten.

Leipsic, Kent Co., population 450; mercantile buildings, wood, 2 and 3 stories. Fire department—Buckets and ladders.

WATER SUPPLY—Source, creek; system, pumping from creek to mains. Supt, N. Farron; town clerk, H. Raymond.

Middletown, New Castle Co., population 2000; mercantile buildings, brick, 2 and 3 stories. Fire department—1 hose carriage; hose rubber, good 1000 ft new; value of fire department equipment and building \$2200; total membership 35, volunteers; steam alarm. George T. Hopkins.

WATER SUPPLY—Source not given; system, gravity; pumping engines, 245 to 410 gals per min, Worthington;

hydrant 1; pressure 85 pounds. Town clerk, T. A. P. Bradley.

Milford, Kent Co., population 3500; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$200; total ann expenses of department \$50; total membership 30, all volunteers; bell alarm. Chief engineer, S. W. Gray; chairman of fire and water com, G. W. Marshall.

WATER SUPPLY—Source, river and wells. Pres of council, Dr. G. W. Marshall.

Newark, New Castle Co., population 1150; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose tender; hose cotton, good 800 ft, hose rubber, good 500 ft; value of fire department equipment \$1200; total membership 50, all volunteers; bell alarm. Chief engineer, Jos. T. Williams.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; Holly pumping engines, dy cap 1,000,000 gals; hydrants 35; pipe 2½ miles, 6 to 10 in dia; quality of water good; pressure 60 to 125 pounds; cost to construct \$35,000; int on bonds 5 per cent. Supt, Jas. Hayes; mayor, F. T. Armstrong; town clerk, G. W. Williams.

New Castle, New Castle Co., population 5000; fire area 2000 acres; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 20 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft; inferior 500 ft; value of fire department equipment \$5500; value of buildings occupied \$8000; total ann expenses of department \$1000; total membership 70, paid full time 2; 2 companies. Chief engineer, F. W. Dickerson; chairman of fire and water com, Jas. B. Lancaster.

DISTRICT OF COLUMBIA.

Washington (includes Georgetown), population 230,000; buildings, brick, stone and wood, 1 to 6 stories; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 5 chemical extinguishers, 3 hook and ladder trucks, 8 hose carriages; 2 fuel carts, 31 hose couplings; hose cotton, good 30,000 ft, inferior 3000 ft; total value of 49 horses, fire department equipment and 10 buildings occupied \$108,000; total ann expenses of department, 1859, \$145,000; total membership 17, full paid; telegraph alarm; 160 street boxes. Chief engineer, Joseph Paris.

WATER SUPPLY—Source, creek and springs; system, pumping to reservoir; reservoir cap 1,250,000 gals; pumping engines, dy cap 2,500,000 gals, Blake and Davidson; hydrants 40; pipe 9 miles, 4 to 12 in dia; quality of water good; pressure 25 to 30 pounds; cost to construct \$110,000; ann expenses \$4000; int on bonds 5 per cent. Pres, Jas. G. Shaw; supt, S. C. Shaw.

Seaford, Sussex Co., population 1200. Fire department—1 hook and ladder truck; other apparatus, ladders and buckets.

Smyrna, Kent Co., population 2300. Fire department—3 hose carriages; hose rubber, good 1800 ft. Chief engineer, H. S. Anthony.

WATER SUPPLY—Source, wells; system, direct and to standpipe; Gordon & Maxwell pumping engines, dy cap 1,000,000 gals; hydrants 35, Union Hydraulic Works; pipe 4 miles, 4 to 8 in dia, Emans Pipe Co.; 18 valves, Union Hydraulic Works; quality of water first-class; pressure, domestic 45, fire 57 to 100 pounds; cost to construct \$20,000; ann expenses \$1500; int on bonds 4 per cent. Pres, S. Taylor; supt, A. Taylor; mayor, Jas. H. Hoffecker; town clerk, J. B. Cooper.

Wilmington, New Castle Co., population 51,000; buildings, brick, 2 stories. Fire department—6 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, all kinds; hose 6000 feet; 21 horses; value of fire department equipment \$50,000; total ann expenses of department \$35,000; total membership 700, paid full time 9, paid part time 6; telegraph alarm; no of street boxes 20.

WATER SUPPLY—Source, creek; system, gravity and pumping to reservoir; 2 reservoirs, combined cap 41,000,000 gals; Worthington & Knowles pumping engines, dy cap 8,500,000 gals; hydrants 635; pipe 69½ miles; quality of water good; pressure 30 to 50 pounds; cost to construct \$750,000; ann expenses \$50,000; int on bonds 6 per cent. Pres, W. T. Porter.

WATER SUPPLY—Source, Potomac River; system, gravity, pumping to reservoir and direct; 8 reservoirs and standpipe; cap receiving reservoir 176,000,000 gals; cap distributing reservoir 150,850,000; cap 8d reservoir about 800,000,000 gals; Worthington, Holly, Gaskill pumping engines, combined cap 7,000,000 gals dy; cost to construct about \$3,500,000; int on bonds 8 per cent; ann expenses about \$14,000; 1000 hydrants; pipe 199 miles, 3 to 48 in dia; pressure 30 pounds. Engineer; commissioner of district in charge with assistant; H. F. Hayden, supt.

FLORIDA.

Barton, Polk Co., population 1500; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—3 chemical engines on wheels; 1 hook and ladder truck; hose rubber, good 300 ft; value of fire department equipment \$1500; value of buildings occupied \$500; total membership 20, volunteers; bell alarm. Chief engineer, H. W. Snell.

WATER SUPPLY—From tank, cap 3000 gals. Town clerk, J. W. Bayd.

Brooksville, Hernando Co., population 800; buildings, frame, 1 and 2 stories. Fire department—3 chemical engines; hose rubber, good 300 ft; value of fire department equipment \$1200; total membership 25, volunteers; bell alarm. Chief engineer, C. C. Kesthley.

WATER SUPPLY—Source, wells. Town clerk, G. B. Whelpley.

Daytona, Volusia Co., population 1200; buildings, frame, 2 stories. Fire department—3 chemical engines, 3 hose carriages; hose rubber, good 180 ft; value of fire department equipment \$3000.

WATER SUPPLY—Source, river and artesian wells. Mayor, G. M. Wallace; town clerk, C. M. Bingham, Jr.

De Land, Volusia Co., population 2000; fire area 50 acres; buildings, brick and frame, 2 and 3 stories; sale of fireworks prohibited. Fire department—3 chemical engines, 4 chemical hand extinguishers, 1 hook and ladder truck; value of fire department equipment \$1800; total membership 57, volunteers. F. S. Goodrich.

WATER SUPPLY—Source, wells. S. B. Wright.

Enstla, Lake Co., population 2000; fire area 7½ acres; buildings, brick, wood and iron, 2 and 3 stories; wooden roofs permitted. Fire department—3 chemical engines

on wheels, 3 chemical hand extinguishers, 1 hook and ladder truck; buckets; hose cotton, good 300 ft, rubber good 300 ft; value of fire department equipment \$1900; total ann expenses of department \$135; total membership 18; bell alarm. Chief engineer, T. C. Keyes.

WATER SUPPLY—Source, lake. Mayor, P. A. Ross; city clerk, A. G. Smith.

Fernandina, Nassau Co., population 4000; fire area 20 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted outside fire limits. Fire department—1 chemical engine, 3 chemical hand extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$4000; value of buildings occupied \$3500; total membership 45, volunteers; bell alarm; 3 fire companies. Chief engineer, Geo. E. Wolf; chairman of fire and water com, R. V. R. Schuyler.

WATER SUPPLY—Source, artesian well; system, direct and pumping to standpipe; pumping engines, cap 950 gals per minute; 55 hydrants; pipe 23 miles, 4, 6 and 10 in dia; 11 valves; pressure, domestic 50, fire 150 pounds; cost to construct \$40,000. Supt, Chas. Williams; mayor, W. O. Jeffreys; city clerk, J. A. Edwards.

Jacksonville, population 25,000. Fire department—1 hook and ladder truck, 8 hose carriages; hose 3500 ft; 6 horses; total membership 30, paid; telegraph alarm. Chief engineer, Peter Stores.

WATER SUPPLY—Source, 4 artesian wells; system, direct; pumping engines, dy 4,500,000 gals, H. R. Worthington; 100 hydrants, Coffin & Ludlow; pipe 9 miles, 4 to 14 in dia, Warren Foundry; 65 valves, Coffin & Ludlow; 300 meters, National; quality of water first-class; pressure, domestic 35, fire 100 pounds; cost to construct \$112,000; ann expenses \$3500; int on bonds 8 per cent. Pres of

FLORIDA—Continued.

trustees, A. S. Baldwin; supt. R. N. Ellis; mayor, P. McQuade; city clerk, W. C. West.

Gainesville, Florida, population 6000; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2½ stories; wooden roofs not permitted. Fire department—3 chemical hand extinguishers, 1 hook and ladder truck; value of fire department equipment \$750; total membership 80, volunteers; 1 engine company. Chief engineer, Jas. A. Morris.

WATER SUPPLY—New source under consideration.

Key West, population 25,000; fire area 800 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fire-works ordinance. Fire department—4 steam fire engines, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 1500 ft, inferior 1700 ft, rubber good 2500 ft, inferior 750 ft; 11 horses, value \$2800; value of fire department equipment \$15,000; value of buildings occupied \$8000; total ann expenses of department \$11,000; total membership 250, paid full time 10; electric alarm; 5 companies. Chief engineer, B. F. H. Bowers; chairman of fire and water com, H. G. Fueford.

WATER SUPPLY—Source, ocean and artesian wells. Each dwelling has a cistern, cap 10,000 gals. Mayor, J. G. Waddell; city clerk, B. F. H. Bowers.

Lake City, Columbia City, population 3000; buildings brick, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 900 ft; bell alarm. Chief engineer, C. S. Wynkoff.

WATER SUPPLY—Source, lake and wells; system, direct and pumping to tanks, cap of tanks 20,000 gals; 2 pumping engines, dy cap 6,000,000 gals; Worthington; 31 hydrants; pipe 2 miles, 4 and 6 in dia; filtration through brick and charcoal; pressure, domestic 40 to 90 pounds; cost to construct, \$18,000. Pres. N. S. Collins; mayor, A. J. Henry; town clerk, W. M. Ives.

Leesburgh, Sumter Co., population 1500. Fire department—1 steam fire engine, 2 hose reels; hose 1000 ft. Chief, E. H. Mote.

WATER SUPPLY—Source, 2 cisterns, cap 6000 gals, filled by underground pipe from ice factory. Town clerk, P. W. Butler.

Madison, Madison Co., population 1000; buildings, brick and wood. No organized fire department; a manufacturing company have a trained force of men always on duty in case of fire, with hose, buckets and ladders.

WATER SUPPLY—Source, tanks. Pumps and 5 hydrants.

Milton, Santa Rosa Co., population 2000; fire area 2 acres; buildings, wood and brick. Fire department—1 hand engine.

WATER SUPPLY—Source, river.

Ocala, Marion Co., population 5000; fire area 1000 acres; mercantile buildings, brick, 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1800 ft; 2 horses; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$2000; total membership 60, volunteers; bell fire alarm; total no of companies 4. Chief, F. A. Teague; chairman of fire, R. E. Younge.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 170,000 gals; Worthington pumping engine, dy cap 1,000,000 gals; hydrants 75; pipe 7 miles, 4 to 10 in dia; pressure 45 to 50 pounds. Pres. A. D. Schofield; supt, C. H. Campbell.

Orlando, Orange Co., population 4000; mercantile buildings, brick and wood, 2 and 3 stories, wooden roofs not permitted. Fire department—1 steam fire engine, 3 chemical engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1800 ft; value of fire department equipment \$4000; total membership 65, volunteers; bell alarm. W. C. Sherman.

WATER SUPPLY—Source, lake; system, direct and pumping to standpipe; Knowles pumping engine, dy cap 1,000,000 gals; hydrants 55, Eddy Valve Co. and others; pipe 13 miles, 4 to 12 in dia, Gloucester Iron Works; 120 valves, Chapman and Ludlow; 5 meters, Hersey and Am. Frost; quality of water pure; pressure, domestic 50, fire 120 pounds; cost to construct \$150,000; ann expenses \$5500. Pres. G. W. Lentr; local manager, H. W. Greetham; mayor, M. Marks; town clerk, Jas. K. Duke.

Palatka, Putnam Co., population 4500; fire area 800 acres; mercantile buildings, brick and frame, 1 to 3 stories; wooden roofs prohibited in fire limits; private, wood, 1 to 3 stories. Fire department—1 steam fire engine, 1 hand

engine, 1 hook and ladder truck, 5 hose carriages; siamese coupling; hose 2200 ft; total membership 100, volunteer, R. Reesting.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 164,000 gals; 2 pumping engines, dy cap 2,000,000 gals; Worthington; hydrants double 70; pipe 7 miles, 4 to 12 in dia; 6 meters. Crown; pressure 60 to 80 pounds; cost to construct \$25,000; ann expenses \$2000. Pres. Harvey Wheeler; supt, J. H. Yeaton; mayor, W. J. Webb; city clerk, Jas. Purcell.

Pensacola, population 12,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, valves, gates and shut off nozzles; hose rubber, good 2400 ft; inferior 450 ft; total membership 250, paid full time 4. Chief engineer, L. Le Baron.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; 2 pumping engines, dy cap 4,000,000 gals. Dean; hydrants 105, Holyoke; pipe 11 miles, 6, 8, 12 and 14 in dia, Wood and Co.; 20 valves, Ludlow; 35 meters, Hersey; quality of water good; pressure 80 pounds; cost to construct \$100,000; ann expenses \$7000; int on bonds \$6000. Pres. B. B. Ritt; supt, Ed Gale Quinn; mayor, W. D. C. Siple; city clerk, E. T. Hunt.

St. Augustine, St. John's Co., population 2300. Fire department—3 steam fire engines with heaters, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, hooks, pikes and chains; hose 2000 ft; total membership 60, volunteer. W. M. Ingraham.

WATER SUPPLY—Source, river, 4 artesian wells; hydrants 25; 3 and 6 in mains. E. F. Joyce; William Moody.

Sanford, Orange Co., population 2000; mercantile buildings, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—5 chemical engines, 2 hook and ladder trucks, 3 hose reels; hose 1700 ft; total membership 30, volunteers. Chief engineer, H. M. Papworth.

WATER SUPPLY—Source, lake; system, gravity, pumping to reservoir and direct; reservoir cap 250,000 gals; Worthington pumping engines, dy cap 1,200,000 gals; hydrants 50, Orlando; pipe 7 miles, 3 to 10 in dia, Wood & Co.; 20 meters, Worthington and Hersey; quality of water soft; pressure, domestic 40 to 100 pounds; cost to construct \$60,000; int on bonds \$1200. Vice-pres, F. H. Rand; supt, W. Beardsall; mayor, J. J. Harris; town clerk, W. H. Liffier.

Tallahassee, Leon Co., population 3000; buildings, brick and wood, 2 stories. Fire department—6 chemical hand extinguishers, 1 hook and ladder truck; value of fire department equipment \$800; total membership 24, volunteers, part paid.

WATER SUPPLY—Source, well and cistern. Mayor, W. B. Gorman; city clerk, J. L. Demilly.

Tampa, Hillsborough Co., includes Ybor City; population 10,000; fire area 250 acres; buildings, brick and wood, 1, 2 and 3 stories; wood and tin roofs; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical hand extinguishers, 2 hook and ladder trucks, 9 hose carriages, all kinds; hose rubber, good 3000 ft; value of fire department equipment \$8000; total membership 200, volunteer; electric alarm; 15 street boxes; 9 fire companies. Chief engineer, A. C. Wuerpel.

WATER SUPPLY—Source, springs and artesian well; system, direct and pumping to standpipe; Worthington pumping engines, dy cap 2,000,000 gals each; 125 hydrants, Wood & Co.; pipe 18 miles, 6, 8 and 10 in dia, R. D. Wood & Co.; 50 valves, R. D. Wood & Co.; quality of water pure; pressure 68 pounds. Pres. J. S. Schofield; supt, W. A. Campbell; mayor, H. Glogowsky; city clerk, Lamont Bailey.

Warrington, Escambia Co., population 1135; area 1500 acres, fire limit 500 acres; buildings, frame, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 25 chemical hand extinguishers, 1 hook and ladder truck, 3 hose carriages; 40 buckets and hauling lines; hose rubber, good 1200 ft, inferior 1000 ft; 4 hoses; total membership 100, volunteers; bell alarm. Chief engineer, Commander of navy yard.

WATER SUPPLY—Source, bay, wells and cisterns.

Ybor City—Hillsborough Co. (See Tampa.)

The following places have no fire protection: Apalachicola, Franklin Co., population 4000; Apopka, Orange Co., population 1000; Fort Ogden, De Soto Co., population 500; Orange City, Volusia Co., population 1100; Quincy, Gadsden Co., population 900. St. Andrews Bay, Washington Co., population 175.

GEORGIA.

Albany, Dougherty Co., population *8000. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 2100 ft; total membership 120 volunteers. N. J. Cruger.

WATER SUPPLY—Source, 28 public cisterns. Town clerk, Y. C. Rust.

Americus, Sumter Co., population *8000; mercantile buildings, brick, 1 to 3 stories; private, frame, 1 and 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 4 chemical engines, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose cotton, good 8000 ft; value of fire department equipment \$11,000; value of buildings owned \$8000; total ann expenses of department \$1000; total membership 113, volunteer; bell alarm. Chief engineer, H. D. Watts.

WATER SUPPLY—Source, springs; system, direct and pumping to standpipe; 2 Dean pumping engines; hydrants 50; pipe 3 miles, 8 to 10 in dia; pressure 60 pounds. Supt., C. J. Hawkins; mayor, J. B. Fielder; city clerk, D. K. Brewster.

Athens, Clark Co., population *10,000. Fire department—1 steam fire engine, 2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 8 hose reels; hose rubber, good 8000 ft; 4 horses; total membership 250, volunteer; no of companies 7. Chief engineer, W. F. Dorsey. Chairman of fire and water committee, W. A. McDowell.

WATER SUPPLY—Source, springs; system, pumping to standpipe; reservoir cap 25,000,000 gals, Blake pumping engines, dy cap 1,750,000 gals; hydrants 65, Ludlow, Eddy; pipe 6 miles, 4 to 12 in dia, Wood & Co.; 25 valves, Ludlow; 20 meters, National; quality of water excellent; pressure, domestic 65, fire, 75 pounds; cost to construct \$125,000; ann expenses \$3000; int on bonds \$3750. Pres, W. H. Howell; supt, W. L. Wood; mayor, E. T. Brown; city clerk, John Gilliland.

Atlanta, Fulton Co., population 90,000; fire area 890 acres; mercantile buildings, brick, 3 to 6 stories; private, wood and brick, 1 and 2 stories; tin or gravel roofs; fireworks ordinance; causes of fires investigated. Fire department—4 steam fire engines, 1 two horse chemical engine, champion, 2 chemical hand engines, 2 hook and ladder trucks, 5 hose carriages, all kinds, hose wagons, other apparatus; siamese coupling, hose 11,200 ft cotton and rubber; 20 horses; value of fire department equipment \$40,000; value of 6 buildings owned \$70,000; total ann expenses of department 1889 \$45,494.00; total membership 55, all full paid; electric alarm; no of street boxes 48. Chief engineer, W. R. Joyner. Additions will be made to the dep't in the fall.

WATER SUPPLY—Source, stream; system, direct pumping; reservoir cap 250,000,000 gals; Holly pumping engines, dy cap 6,000,000 gals; 448 hydrants, Holly, Mathews, Ludlow; 86 miles cast iron pipe, 6 to 16 in dia; 350 valves, Morris & Trasker, Eddy, Chapman, Galvin; several meters, Crown, Hersey, Worthington, Thompson; quality of water clear; filtration Hyatt; pressure, domestic 40, fire 30 to 100 pounds; cost to construct \$298,000; ann expenses \$27,744; int on bonds 7 per cent. Pres, C. C. Hammock; supt, Wm. G. Richards; mayor, J. T. Gleen; city clerk, A. P. Woodward. A new plant will be built at a cost of \$500,000.

Augusta, Richmond Co., population *40,000. Fire department—4 steam fire engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 5100 ft; 20 horses; total men 51, paid full time; electric alarm; 11 street boxes. H. M. Young.

WATER SUPPLY—Source, Savannah River; system, direct and pumping to tank; cap of tank 170,000 gals; Worthington, Knowles and R. D. Wood pumping engines, dy cap 8,000,000 gals; 808 hydrants, R. D. Wood, Ludlow and others; 36 miles pipe, 30 to 4 in dia, R. D. Wood and Chertanooqua Pipe Works; 800 valves, Ludlow & Wood; quality of water good; pressure, domestic 40, fire 60 pounds; cost to construct \$300,000; ann expenses \$6000. Supt, Wm. Bennett; mayor, R. H. May; city clerk, L. T. Blome. 1000 ft 6 in pipe just added.

Bainbridge, Decatur Co., population 1800. Fire department—2 hand engines, 1 hook and ladder truck; 8 hose carriages, all kinds; hose rubber, good 600 ft, inferior 800 ft; total membership 125, volunteers. T. R. Wardell.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; Knowles pumping engine, dy cap 800,000 gals; 10 hydrants; pipe 4 miles, 8 in dia; pressure 60 pounds; cost to construct, \$30,000. Pres, W. E. Burbage; supt, A. E. Boardman; mayor, M. O. Neal; town clerk, T. Bramwell.

Barnsville, Georgia, population 8000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; tin and iron roofs; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, all kinds; siamese couplings; hose rubber, good 1000 ft; value of fire department equipment \$5000; value of 1 owned building \$3000; total ann expenses of department \$800; total membership 36, volunteers; bell alarm; 1 fire company. Chief engineer, W. C. Stafford; chairman of fire and water com, G. L. Summers. A hook and ladder truck will be added.

WATER SUPPLY—Source, 5 cisterns supplied from roofs of buildings, cap 100,000 gals. Mayor, G. L. Summers; city clerk, G. Huguley.

Boston, population 900. Fire department—1 hand engine; hose rubber, good 200, 2 1/2 in dia; total membership 22, volunteers.

WATER SUPPLY—Source, 3 cisterns, cap of each 8000 gals.

Brunswick, Glynn Co., population 1200; fire area 2060 acres; buildings, mercantile, brick, 2 stories; private, frame, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; 4 hose carriages; shut off nozzle, screw couplings; hose cotton, good 4000 ft; 4 horses; total membership 125, volunteers; bell alarm. Chief engineer, G. H. Merrifield.

WATER SUPPLY—Source, 2 artesian wells; system, pumping to tank on top of tower; Worthington pumping engines, dy cap 8,000,000 gals; 78 hydrants; pipe 15 miles, 4 to 16 in dia; R. D. Wood & Co. and Anniston Pipe Works; quality of water very good; pressure 40 pounds; cost to construct \$70,000; int on bonds \$7000. Pres, W. E. Burbage; supt, W. E. Sutton; mayor, J. J. Spears; city clerk, E. A. Nelson.

Cartersville, Bartow Co., population 2087. No organized department—1 hook and ladder truck.

Cochran, Pulaski Co., population *1500; mercantile buildings, brick and frame, 1 story. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1000 ft; one building used.

WATER SUPPLY—Source, 2 large wells; system, pumping to cistern, cap of cistern 20,000 gals. Mayor, W. R. Cochran; city clerk, T. R. Hendrix.

Columbus, Muscogee Co., population 32,000; mercantile buildings, brick and wood, 1 to 4 stories. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 2500 ft; 18 horses; value of fire department equipment, etc., \$25,000; total membership 120, 13 paid, remainder volunteers; telegraph alarm; no of street boxes 17, more to be added. Chief engineer, George J. Burns.

WATER SUPPLY—Source, creek; system, gravity; 2 reservoirs, cap 120,000,000 gals; 28 cisterns, 15,000 gals each; hydrants 126; pipe 7 miles; pressure 38 pounds. Pres, B. F. Archer; supt, M. H. Tuggle; mayor, D. P. Dodier; city clerk, M. M. Moore.

Congress, Rockdale Co., population 2000; mercantile buildings, brick and wood, 1 to 2 stories. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 1200 ft; bell alarm; company reported disbanded. Mayor, J. C. Barton; town clerk, J. R. Maddox.

Covington, Newton Co., population 2000. Fire department—1 hook and ladder truck; bucket brigade. J. G. Lester.

WATER SUPPLY—Source, wells. Mayor, L. L. Middlebrook; town clerk, J. W. Purrington.

Cuthbert, Randolph Co., population 2500; use of firecrackers and fireworks prohibited; buildings, brick, 1 story; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1000 ft; inferior 1500 ft; value of fire department equipment \$12,000; total ann expense of department \$300; total membership 160, volunteers; bell alarm. Chief engineer, F. M. Allison.

WATER SUPPLY—Source, creek and 4 cisterns; cap of cisterns 60,000 gals dy. Mayor, R. L. Moye; town clerk, J. D. Gunn.

Dalton, population 5900; mercantile buildings, brick and frame, 1 to 3 stories. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$1650; value of buildings occupied \$300; total ann expenses of department \$325; total membership 46, volun-

GEORGIA—Continued.

teers; bell alarm; total no of fire companies 8. Chief engineer, C. G. Spencer; chairman of fire and water com, T. C. Thompson.

WATER SUPPLY—Source, spring; system, pumping to reservoir and to standpipe; cap of reservoir 116,800 gals; cap of standpipe 198,000 gals; Gordon pumping engines, dy 500,000 gals each; hydrants 40. Cincinnati Brass Works; pipe 5½ miles, 4 to 10 in dia. South Pittsburgh Pipe Works; 28 valves, Scott; quality of water excellent; pressure 65 pounds; cost to construct \$35,000; ann expenses \$900; int on bonds 5 per cent on \$30,000. Supt, C. G. Spencer; mayor, John Black; city clerk, B. C. Bwings.

Darien, McIntosh Co., population 1500. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; value of fire department equipment and horses \$4800; total membership 30, volunteers. J. J. Kirby.

WATER SUPPLY—Source, river. 1 reservoir; reservoir cap 35,000 gals. Mayor, Jas. Walker; town clerk, W. S. McIntosh.

Dawson, Terrell Co., population 2000; fire area 404 yards each side of court house; mercantile buildings, brick and frame, 2 stories; private, frame; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine, 8 chemical hand extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$6000; value of 1 building owned \$600; total membership 65, volunteers; bell alarm.

WATER SUPPLY—Source, wells; also 6 cisterns, cap 30,000 gals each, supplied from roofs of houses; windmills and waste water from Variety Works. Mayor, J. D. Laing; town clerk, J. L. James.

Dayton, McIntosh Co., population 1500. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 1000 ft; value of fire department equipment \$4500; total membership 30, volunteers. Chief engineer, J. J. Kirby.

WATER SUPPLY—Source, river; 1 reservoir, cap 35,000 gals. Mayor, Jas. Walker; town clerk, W. S. McIntosh.

Elberton, Elbert Co., population *1500; buildings, wood, 2 stories. Fire department—1 hook and ladder truck; total membership 30; bell alarm. J. C. Brown.

WATER SUPPLY—Source, wells and springs. Town clerk, H. J. Brewer.

Forsyth, Monroe Co., population *2000; mercantile buildings, brick and wood, 1 story. Fire department—1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 100 ft; total membership 15, volunteers. J. J. Leary.

WATER SUPPLY—Source, wells. Mayor, George T. Brown; town clerk, J. A. Huddleston.

Fort Gaines, Clay Co., population 1800; mercantile buildings, brick and wood, 1, 2 and 3 stories. Fire department—1 chemical engine on wheels, 8 chemical extinguishers, 1 hose carriage; hose cotton, good 500 ft, rubber, good 300 ft; value of fire department equipment \$5000; total membership 25. J. E. Peterson.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 22,000 gals; Deane pumping engines, dy cap 250,000 gals; 8 hydrants, pipe ¼ mile, 8 in dia; pressure 70 pounds; cost to construct \$7000; ann expenses \$500. Town clerk, R. T. Foote.

Fort Valley, Houston Co., population *800. Fire department—1 hook and ladder truck; no other protection.

WATER SUPPLY—Source, private cisterns. Town clerk, J. D. Marshall.

Gainesville, Hall Co., population 4500; fire area 10 acres; buildings brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages, all kinds; hose rubber, good 1200 ft, inferior 500 ft; leather, good 600 ft; value of fire department equipment \$6000; total ann expenses of department \$600; total membership 95, volunteers; bell alarm; 3 fire companies. Chief engineer, D. J. Evans; chairman of fire and water com, F. M. Loden. A chemical engine will be purchased.

WATER SUPPLY—Source, springs; system, pumping to reservoir. Regular system will be built this year. Mayor, Geo. K. Looper; city clerk, E. P. Chambers.

Griffin, Spalding Co., population 6000; fire area 59 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 1700

ft, inferior 1000 ft; value of buildings occupied \$3800; total membership 125, paid full time 2. Chief engineer, Frank Hyn; chairman of fire and water com, M. J. Patrick.

WATER SUPPLY—Source, wells; also 4 cisterns supplied from roofs of buildings, cap of cisterns 40,000 gals. Mayor, J. A. Stewart; town clerk, Thos. Nail.

Hawkinsville, Pulaski Co., population 3000; fire area 600 acres; mercantile buildings, brick and frame, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, one hook and ladder truck, 3 hose carriages, all kinds; 1800 feet hose; value of fire department equipment \$6000; total ann expenses of department \$500; total membership 80, volunteer; bell alarm. Chairman of fire and water com, F. H. Boseman.

WATER SUPPLY—Source, artesian well and river; 1 cistern of 35,000 gals cap; reservoir cap 250,000 gals; 25 hydrants. Mayor, M. T. Hodge; town clerk, W. R. Taylor.

Macon, Bibb Co., population 55,000; mercantile buildings, brick and stone; 1 to 5 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 aerial truck; 3 4-wheel hose carriages, horse; hose rubber, good 2000 ft; 14 horses, value \$350 each; total ann expenses of the department \$30,000; total membership 35, paid; Gamewell electric alarm; 28 street boxes; 4 fire companies. Chief engineer, L. M. Jones; chairman of fire and water com, G. C. Conner. Steam engine and 1000 ft more hose ordered.

WATER SUPPLY—Source, springs; system, pumping to reservoir and tower; cap of reservoir 2,500,000 gals; cap of tower 75,000 gals; Worthington pumping engines, dy cap 2,000,000 gals; 200 hydrants, Mathews; pipe 25 miles, 4 to 14 in dia. R. D. Wood & Co.; 90 valves, Eddy; 90 meters, Crown, Worthington, Frost and Thompson; quality of water clear and soft; pressure 47 pounds; cap of works will be increased about double. Treas, G. F. Work; supt, J. W. Wilcox; mayor, S. B. Price; city clerk, B. Smith.

Madison, Morgan Co., population *2700; fire area 1000 yards; mercantile buildings, brick, slate and tin roofs, 2 stories; private, frame, 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical hand extinguishers, 1 hook and ladder truck; 90 rubber buckets; value of fire department equipment \$1250; value of buildings occupied \$3500; total membership 70; bell alarm. E. G. Atkinson.

WATER SUPPLY—Source, wells. Mayor, J. N. Bardos; town clerk, T. G. Baldwin.

Marionetta, Cobb Co., population 3500; buildings, brick, 1, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine; 2 chemical hand extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; siamese coupling; 1550 ft hose; value of fire department equipment \$3700, 1 building rented at \$300 per year; total ann expense of department \$400; total membership 75, volunteers. Chief engineer, R. B. Legy.

WATER SUPPLY—Source, 7 cisterns filled from buildings; pumps. Mayor, T. W. Glover; town clerk, H. J. Schoenthal.

Milledgeville, Baldwin Co., population 5000; mercantile buildings, brick, metal roofs in fire district, 2 stories; private, frame, 2 and 3 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose rubber, good 400 ft; leather, good 300 ft; value of fire department equipment \$3500; bell alarm.

WATER SUPPLY—Source, 6 cisterns fed by gutters from houses; cap 20,000 to 60,000 gals. Mayor, P. J. Cline; town clerk, G. W. Caraker.

Montezuma, Macon Co., population 1200; fire area ¼ mile; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine; 2 hose carriages; hose cotton, good 600 ft; inferior 400 ft; rubber, good 1000 ft; value of fire department equipment \$5000; value of buildings occupied \$500; total ann expenses of department \$250; total membership 40, volunteers, 1 paid; night watch alarm; 2 companies. Chief engineer, K. O. Engram; chairman of fire com, Frank Holt. Hose reel has been ordered.

WATER SUPPLY—Source, artesian well and creek; 1 cistern, cap 25,000 gals; more cisterns will be built. City clerk, U. C. Schumarte.

Norcross, Gwinnet Co., population *700; mercantile buildings, frame and brick. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, wells. Mayor, J. B. Webb; town clerk, T. B. Ray.

Perry, Houston Co., population 1000; fire area 640 acres; mercantile buildings, wood, 1 story. Fire department—50 chemical hand extinguishers.

WATER SUPPLY—Source, wells and creek. Mayor, W. C. Davis; city clerk, F. W. Houser.

Quitman, Brooks Co., population 700; fire area 10 acres; mercantile buildings, brick, iron and wood, 2 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft; rubber, good 1000 ft; value of fire department equipment \$850; total ann expenses of department \$300; total membership 20, volunteers; total no of fire companies 1. Chief engineer, A. J. Sparks; chairman of fire and water com, S. S. Bountree.

WATER SUPPLY—Source, 5 cisterns. Town clerk, M. C. Wade.

Rome, Floyd Co., population 900; fire area 100 acres; mercantile buildings, brick, 2 stories; private, frame, 1 and 2 stories. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages, all kinds; siamese couplings; hose rubber, good 800 ft; leather inferior, 900 ft; value of buildings occupied \$5000; total ann expenses of department \$2700; total membership 170, volunteers; telegraph alarm system; no of street boxes 14; total no of fire companies 4. W. W. Seary.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap of standpipe 221,000 gals; pumping engines, dy cap 1,800,000 gals, Noble Bros. and Cameron; hydrants 86, R. D. Wood and Co.; pipe 8 miles, 4 to 10 in dia, Chattanooga Pipe Works; 46 valves, Ludlow; 50 meters, Union and Crown; quality of water clear; pressure 77 pounds; cost to construct \$100,000; ann expenses \$4500; int on bonds 6 per cent. Chairman of com, J. D. Moer; supt, J. J. Wagner; mayor, W. A. Walton; city clerk, M. A. Nevin. About 2 additional miles of pipe will be laid.

Roswell, Cobb Co., population 1800; mercantile buildings, frame and brick; no fire department; water buckets and hand grenades.

Savannah, Chatham Co., population 60,000; fire area 404 acres; mercantile buildings, brick, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 2 hook and ladder trucks, 9 hose carriages, all kinds; one supply wagon; hose 6000 ft new, 1000 ft old; 28 houses; total ann expenses of department \$55,000; total membership 47, full paid; no of street boxes 40. Chief engineer, W. B. Puder. 1500 ft of hose and a chemical engine ordered.

WATER SUPPLY—Source, 23 artesian wells; system, pumping to reservoir; Worthington pumping engines, dy cap 1,500,000 gals; hydrants 247, McLean and Chapman; pipe 36 miles, 4 to 24 in dia; 8 meters, Worthington, Crown and Hersey; quality of water excellent; pressure 80 pounds; cost to construct \$60,000; ann expenses \$21,000. Chairman of com, J. J. McDonough; supt, Jas. Manning; mayor, John Schwarz; city clerk, Frank E. Rebarber.

Thomasville, Thomas Co., population 5000; fire area 20 acres; mercantile buildings, brick, 2 stories; private, frame, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose rubber,

good 9000 ft; value of fire department equipment \$6800; value 2 buildings owned by department \$400; total ann expenses of department \$650; total membership 126, volunteers; bell alarm. Chairman of fire and water com, C. P. Hamsell.

WATER SUPPLY—Source, artesian wells; system, gravity and pumping to standpipe; standpipe cap 888,000 gals; Gordon & Maxwell pumping engines, dy cap 800,000 gals; 30 hydrants; pipe 2 miles, 4 to 8 in dia; pressure 50 pounds; cost to construct \$35,000. Supt, E. O. Thompson; mayor, H. W. Hopkins; town clerk, K. T. McLean.

Thomson, McDuffie Co., population 2600; fire area 2600 acres; mercantile buildings, frame, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 900 ft, rubber 1000 ft 2½ in; value of fire department equipment \$1800; value of buildings occupied \$1900; total membership 86, volunteers; bell alarm.

WATER SUPPLY—Source, wells and 12 cisterns, cap 18,000 gals. Mayor, J. L. Holzendorf; town clerk, W. R. Hadley.

Valdosta, Lowndes Co., population 2000; mercantile buildings, brick. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose rubber, good 1000 ft, inferior 800 ft; total membership 40, volunteers. H. N. Sandlin.

WATER SUPPLY—Source, cisterns, cap 50,000 gals. Town clerk, O. M. Smith.

West Point, Troupe Co., population 2600; fire area 50 acres; mercantile buildings, brick, metal roofs, 1, 2 and 3 stories; private, frame, 1 and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose rubber, good 800 ft, inferior 800 ft; value of fire department equipment 4500; value of building owned \$500; total membership 26, volunteers, 8 paid. Chief engineer, W. G. Shaefer.

WATER SUPPLY—Source, river. 2 cisterns, cap of cisterns 25,000 and 35,000 gals. Mayor, F. J. Jennings; city clerk, H. T. Woodyard.

The following places have no fire protection: Acworth, Cobb Co., population 683. Austell, Cobb Co., population 600. Bailey, Appling Co., population 490. Buena Vista, Marion Co., population 2000; water-works will probably be built. Carrollton, Carroll Co., population 3500; buckets used. Conyers, Rockdale Co., population 2000; fire company disbanded. Douglasville, Douglas Co., population 1000. Eatonton, Putnam Co., population 1500; brick and wooden buildings, 2 stories; fireworks ordinance; buckets. Flowery Branch, Hall Co., population 450. Hazlehurst, Appling Co., population 170. Harmony Grove, Jackson Co., population 580. Hogansville, Troup Co., population 1000. Jackson, Butts Co., population 1200; brick and wooden buildings, fireworks ordinance. Kingston, Bartow, population 458. Lumpkin, Stewart, population 1500; wooden buildings. Lumpkin, Cowette Co., population 8000; brick buildings; fireworks ordinance. Ogelthorpe, Macon Co., population 448. Rutledge, Morgan Co., population 273. Thomaston, Upson Co., population 1790. Wrightsville, Johnson Co., population 400.

IDAHO.

Albion, Cassia Co., population 500; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. No organized department—Hose rubber, good 500 ft, 50 feet poor; bell alarm.

WATER SUPPLY—Source, wells and streams; pumps.

Bellevue, Logan Co., population 2000; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hose carriage, ladders and hooks; hose cotton, good 100 ft, rubber, good 800 ft; value of fire department equipment \$2000; total ann expenses of department \$350; total membership 35, all volunteers; bell alarm. Chief engineer, M. McFall.

WATER SUPPLY—Source, mountain stream; system, gravity; 8 hydrants; 7 miles pipe, 4 to 12 in dia; quality of water good; pressure 40 to 65 pounds; water-works owned by company; cost to construct \$18,000. Pres of com, H. E. Miller; supt, H. F. Baker; mayor, L. Young; city clerk, S. B. Dilley.

Boise City, Ada Co., population 28000; fire area 20 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood and brick, 1 to 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; siamese couplings; hose cotton, good 500 ft, rubber, good 1000 ft; value of fire department equip-

ment \$3000; value of buildings occupied \$5000; total ann expenses of department about \$1500; total membership 100. Chief engineer, T. C. Gregory.

WATER SUPPLY—Source, river; system, gravity; 7 cisterns cap 12,000 gals; 3 hydrants; 2 miles pipe, 4 in dia; pressure 80 pounds; water-works owned by H. B. Eastman & Bro. City clerk, E. Meek.

Eagle Rock, Bingham Co., population 1800; buildings, stone and wood, 1 and 2 stories. Fire department—1 hose carriage; hose cotton, good 300 ft; value of fire department equipment \$400; total ann expenses of department \$380; total membership 16, all volunteers; whistle alarm. Chief engineer, E. F. Winn.

WATER SUPPLY—Source, river; system, pumping to reservoir and direct; reservoir cap 70,000 gals; Knowles pumping engines, dy cap 120,000 gals; 7 hydrants; 2½ miles pipe, 6 in dia; 10 valves, Chapman; pressure 50 to 120 pounds; water-works owned by company; cost to construct \$10,000. Pres of com, W. H. B. Cron; supt, W. G. Ellis; mayor, T. J. Smith; city clerk, E. F. Winn.

Halley, Alturas Co., population 1500; fire area 100 acres; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1

IDAHO—Continued.

hose carriage, 8 hooks, 5 ladders; hose cotton, good 1000 ft; inferior 1000 ft; value of fire department equipment \$1000; total membership 80, all volunteers; bell alarm. Chief engineer, E. A. White.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 250,000 gals; 5 hydrants; about 8 miles pipe; pressure 40 pounds; water-works owned by Alturas Water Co. Pres, E. A. White. Water-works to be enlarged shortly.

Idaho City, Boise Co., population 9800; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hose carriage; hose rubber, good 1800 ft; value of fire department equipment \$1000; value of buildings occupied \$1800; total membership 80, all volunteers; bell alarm.

WATER SUPPLY—Source not stated; reservoir cap 80,000 gals; pipe 6 in dia; ann expense \$150.

Lewiston, Nez Perce Co., population 1500; buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$1500; total membership 70, paid part time; bell alarm. Chief engineer, C. F. Leland.

WATER SUPPLY—Source, river, wells and ditch. Mayor, D. M. White; town clerk, J. M. Howe.

ILLINOIS.

Abingdon, Knox Co., population 1151; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 550 ft; value of fire department equipment \$1750; value of buildings occupied \$1950; total membership 40, volunteers; bell alarm. Chief engineer, Frank Foreman.

WATER SUPPLY—Source, wells and large cisterns. City clerk, W. Cochran.

Aledo, Mercer Co., population 2500. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft; total membership 80 volunteers. Chief engineer, I. R. Vincent.

WATER SUPPLY—Source, wells; water-works recently finished. Mayor, L. B. Morey; city clerk, S. D. C. Hayes.

Alexis, Warren Co., population 800; mercantile buildings, brick and wood, 2 stories; private, same; wooden roofs are permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, portable tank; hose rubber, good 150 ft; value of fire department equipment \$400; value of buildings occupied \$500; total ann expenses of department \$70; total membership 80, volunteers; bell alarm. Chief engineer, A. Weed; chairman of fire and water com, F. P. Campbell.

WATER SUPPLY—Source, wells. Village clerk, F. S. Talbot.

Alton, Madison Co., population 18,500; fire area 3000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, 1½ and 2 stories; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1000 ft, inferior 800 ft; rubber good 800 ft, inferior 200 ft; linen good 850 ft, inferior 150 ft; 4 horses, value \$700; value of fire department equipment \$7350; value of buildings occupied \$8500; total ann expenses of department \$5000; total membership 8, paid full time 4, paid part time 4; telephone fire alarm. Chief engineer, Andrew McDonald; chairman of fire and water com, Fred Volbrack; J. H. Raible.

WATER SUPPLY—Source, Mississippi River; system, pumping to reservoir and direct; reservoir cap, 4,000,000 gals; Allis pumping engines, dy cap 2,500,000 gals; hydrants 118, Ludlow; pipe 28 miles, 4 to 16 in dia, Dennis Long & Co., S. H. & H. I. Co.; 60 valves, Ludlow; 58 meters; quality of water soft; filtration 2000 ft surface, 6 ft merrimac gravel; pressure, domestic 85 to 90, fire 90 to 200 pounds; cost to construct \$80,000; ann expenses \$9500. Pres of com, T. A. Taylor; supt, W. G. Curtis; mayor, H. G. McPike; city clerk, P. Ward.

Amboy, Lee Co., population 9800; fire area 20 acres; mercantile buildings, brick and stone, 2 stories; private, wood. Fire department—1 steam fire engine, 10 chemical extinguishers, 3 hose carriages; hose rubber, good 600 ft, inferior 400 ft; value of fire department equipment \$7000; value of buildings occupied \$4000; total ann expenses of

Murray, Shoshone Co., population 500; fire area about 50 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1100 ft; value of fire department equipment \$3000; value of buildings occupied \$150; total ann expenses of department \$50; total membership 80, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies.

WATER SUPPLY—Source, ditch; reservoir cap 50,000 gals.

Pocatello, Bingham Co., population 2400. Fire department—Employees of U. F. R. R. shops; 1 hose carriage; hose cotton, good 500 ft, rubber good 700 ft; fire department equipment owned by U. F. R. R. Co.; value of buildings occupied \$30; total membership 30, all volunteers; electric alarm. Chief engineer, J. A. Lillbridge.

WATER SUPPLY—Source, streams; system, pumping to tank; tank cap 100,000 gals; 2 Knowles pumping engines; 15 hydrants; pipe 3 miles; water-works owned by U. F. R. R. Co.; cost to construct \$10,000; ann expenses \$300. Supt, J. M. Bennett.

The following place has no fire protection: Blackfoot, Bingham Co., population 800 (unsuccessful effort made last year to put in water-works).

department \$1000; total membership 40, all volunteers; bell alarm.

WATER SUPPLY—Source, wells and hydrants supplied from tanks of railroad company. City clerk, H. Masterman.

Arcola, Douglas Co., population 2800. Fire department—1 hand engine; value of fire department equipment \$500; total membership 80, all volunteers; bell alarm. Chief engineer, W. P. Boyd.

WATER SUPPLY—Source, 7 public wells. Town clerk, S. R. Coan; system of water-works erected last year.

Astoria, Fulton Co., population 1800. Fire department—1 hook and ladder truck; force pumps and bucket corps. Chief engineer, W. S. Anderson.

WATER SUPPLY—Source, wells. Mayor, B. C. Foler; town clerk, S. W. Menul.

Auburn Junction, Cook Co. (See town of Lake.)

Aurora, Kane Co., population 25,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 6000 ft; rubber good 2000 ft; total membership 80, volunteers; telegraph alarm; 60 street boxes. Chief engineer, Geo. Singer.

WATER SUPPLY—Source, Fox river; system, pumping to standpipe; Deane pumping engines, dy cap 4,000,000 gals; 250 hydrants, Ludlow; pipe 26 miles, 4 to 16 in dia. Addyston; 170 valves, Ludlow; 200 meters; Hersey & Worthington; quality of water good, filtration through gravel; pressure, domestic 70, fire 120 pounds; cost to construct \$167,000; ann expenses \$2676. Pres of com, C. C. Earle; supt, M. W. Corbett; mayor, John Jameson; city clerk, J. M. Kennedy.

Austin, Cook Co., population 4700. Fire department—1 hook and ladder truck, 2 hose carriages; volunteer department.

WATER SUPPLY—Source, artesian wells. Town clerk, E. S. Austin.

Barry, Pike Co., population 1500. Fire department—1 steam fire engine; 1 hook and ladder truck; 2 hose carriages; hose cotton, good 550 ft; rubber good 300 ft. Chief engineer, B. McConnell.

WATER SUPPLY—Source, artesian well; system, pumping to tank and direct; hydrants in business locality. Supt, B. McConnell; town clerk, T. F. O'Brien.

Batavia, Kane Co., population 4800; fire area 2122 acres; mercantile buildings, wood and stone, 2 stories; private, same, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; siamese couplings; hose rubber, good 4000 ft; inferior 800 ft; value of fire department equipment \$2500; value of buildings occupied \$500; total ann expenses of department \$125; bell alarm.

WATER SUPPLY—Source, Fox River. Mayor J. H. Miller; town clerk, Chas. Nicholson.

Beardstown, Cass Co., population 6000; fire area 700 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted. Fire department—1 hand engine, 6 chemical extinguish-

ers, 1 hook and ladder truck, 2 hose carriages; at C., B. & Q. R. 1 hose carriage and 800 ft rubber hose; hose rubber, good 1200 ft; value of fire department equipment \$3000; total membership 36, volunteers; bell alarm. Chief engineer, John Mann.

WATER SUPPLY—Source, river; system, pumping direct from river; 1 Worthington pumping engine; 11 hydrants; pipe 1 mile, 6 in dia. Mayor, John J. Beatty, city clerk, T. L. Mathews.

Belleville, St. Clair Co., population *30,000; fire area 210 acres; mercantile buildings, brick, 1 to 5 stories; private, brick, 1 to 3 stories; wooden roofs are permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 3000 ft, inferior 1500 ft; 8 horses; value \$1600; value of fire department equipment \$18,000; value of buildings occupied \$17,000; total ann expenses of department \$6000; total membership 17, paid full time 5, paid part time 12; telephone alarm; 8 engine companies; 1 hook and ladder company. Chief engineer, Louis Klein; chairman of fire and water com, C. Knefelkamp.

WATER SUPPLY—Source, Richland creek; system, pumping to reservoir and standpipe; reservoir cap 80,000,000 gals; cap of standpipe 120,000 gals; 1 Worthington pumping engine, dy cap 2,500,000 gals; 102 hydrants, Ludlow; 18 miles pipe, 4 to 14 in dia, Sickle, Harrison & Howard; 35 valves; 15 meters, Worthington; quality of water fair, Hyatt filter; pressure, domestic 40 to 65, fire 140 pounds; cost to construct \$175,000; ann expenses \$3500. Supt, M. I. Stookey; mayor, Wm. White; city clerk, Frank Puderer.

Belvidere, Boone Co., population *5000; mercantile buildings, stone, brick and wood; private, same. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft. Chief engineer, R. A. Simpson.

WATER SUPPLY—Source, river and artesian well; 5 large cisterns. Mayor, John Hannah; city clerk, A. E. Jenner.

Blandinsville, McDonough Co., population 1775; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No organized department—1 chemical engine, 2 hook and ladder trucks; hose rubber, good 100 ft. City clerk, S. C. Barlow.

Bloomington, McLean Co., population *26,000; fire area 40 acres; mercantile buildings, brick, 3 stories; private, wood, 1 and 2 stories; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose rubber, good 2800 ft; 9 horses; value of fire department equipment \$15,000; value of buildings occupied \$30,000; total ann expenses of department \$8000; total membership 17, paid full time; electric alarm; 43 street boxes. Chief engineer, J. J. O'Neill.

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap of standpipe 75,000 gals; Worthington and Blake pumping engines, dy cap 3,500,000 gals; 380 hydrants, Matthews & Flower; 30 miles pipe, 4 to 10 in dia, Dennis Long & Co.; 75 valves, Galvin; 350 meters, Crown; quality of water pure; pressure, domestic 75, fire 150 pounds; cost to construct \$75,000; ann expenses \$15,000; int on bonds 8 per cent. Chairman of com, Geo. McIntosh; supt, H. W. Smith; mayor, J. R. Mason; city clerk, Rolla N. Evans.

Blue Island. Fire department—2 hook and ladder trucks, 2 hose carriages; 2 hook and ladder companies, 2 hose companies; volunteer.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; Buffalo pumping engines, dy cap 2000 barrels; 35 hydrants; pipe 5 miles, 4 and 6 in dia; 10 valves; 2 meters, American; quality of water good; pressure, domestic 35, fire 80 to 100 pounds; cost to construct \$20,000; ann expenses \$1800. Supt, A. Reiner; mayor, Chris. Kruger; town clerk, Fred Hohmann.

Blue Mound, Macon Co., population 900; mercantile buildings, wood, 1 story; private, same. Fire department—1 hose carriage; hose rubber, good 400 ft; total membership 12, volunteers. Chief engineer, F. H. Mosher.

WATER SUPPLY—Source, well; system, pumping to tank and direct; cap of tank 25,000 gals; steam pumping engine; 8 hydrants; 2000 ft of mains. Village clerk, Wm. Gray.

Bradford, population 700; fire area 160 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1½ and 2 stories; fireworks ordinance. Fire department—ladders and buckets.

WATER SUPPLY—Source not stated; system, pumping to tank; wind pump.

Braidwood, Will Co., population *6000; buildings, wood; fireworks ordinance; causes of fire investigated. Fire department—3 chemical engines on wheels, 2 chemical extinguishers; 1 hook and ladder truck; 2 hose carts; hose rubber, good 1100 ft; value of fire department equipment \$5000; value of buildings occupied \$1000; total membership 50, all volunteers; bell alarm. Chief engineer, Jao. Hynd.

WATER SUPPLY—Source, cisterns; system, direct pumping. Alex Kirkpatrick, S. Rickson.

Bunker Hill, population 1600; fire area 6 sq blocks; mercantile buildings, brick, 2 stories; private, same; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 450 ft; total membership 23, volunteers; bell and whistle alarm. Chief engineer, James Jenks.

WATER SUPPLY—Source, 2 large cisterns.

Bushnell, McDonough Co., population *2500; fire area 60 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft; value of fire department equipment \$800; value of buildings occupied \$700; ann expenses of department \$335; total membership 30, paid part time; bell alarm. Chief engineer, W. E. Beach.

WATER SUPPLY—Source, wells; system, pumping to standpipe; 12 hydrants; pipe 3 miles, 4 to 6 in dia; cost to construct about \$15,000. Pres of com, O. C. Hicks; mayor, J. Cole; town clerk, O. C. Hicks. Works constructed last year.

Byron, population 900; mercantile buildings, stone and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder, 1 hose carriage; hose cotton, good 400 ft, rubber good 300 ft, inferior 100 ft. Chief, John F. Spalding.

WATER SUPPLY—System, cisterns.

Cabery, Ford Co., population 500; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 700 ft, inferior, 50 ft; value of fire department equipment \$950; value of buildings occupied \$40; total ann expenses of department \$150; total membership 23, volunteers; bell alarm. J. H. Perry, fire marshal.

WATER SUPPLY—Source, well; system, pumping to tank; cap of tank 45,000 gals; pumping engine dy cap 575,000 gals; pipe 3500 ft, 6 in dia; pressure 80 to 40 pounds; cost to construct \$3000; ann expenses \$800. Supt, W. Wallis; village clerk, Wm. Hoyt.

Cairo, Alexander Co., population *12,500; fire area 300 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 7 hand engines, 8 hose carriages, all kinds; hose rubber, good 7000 ft; value of fire department equipment \$19,000; value of buildings occupied \$30,800; total ann expenses of department \$3000; total membership 260, mostly volunteers; bell alarm. Fire department for harbor service—3 transfer steamers, with 800 ft of hose; 2 steam tugs, with 400 ft of hose, can be used for fire on river fronts. Chief engineer, W. Halliday.

WATER SUPPLY—Source, river; system, pumping to standpipe and direct; 157 hydrants; pipe 14 miles; pressure 40 to 85 pounds. Supt, M. Porticonn; mayor, T. W. Halliday; city clerk, Casey Stilter.

Cambridge, Henry Co., population 1908; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft, inferior 250 ft; value of fire department equipment \$2500; value of building occupied \$3000; total membership 75, volunteers; bell alarm. Chief engineer, J. McFadden.

WATER SUPPLY—Source, wells and cisterns. Mayor, A. R. Mock; village clerk, W. R. Allen.

Camp Point, population 1800; mercantile buildings, brick and wood, 1 to 2 stories; private, wood, 1 to 2 stories; wooden roofs permitted. Fire department—3 hand engines; hose linen; good 850 ft, inferior 50 ft. Pres board trustees, R. A. Wallace.

Canton, Fulton Co., population 6600; fire area 640 acres; mercantile buildings, brick, 2 to 3 stories; private,

ILLINOIS—Continued.

brick and wood, 1 to 2 stories. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, good 2500 ft; 6 hoses, value \$1200; value of fire department equipment \$6000; value of buildings occupied \$6000; total annual expenses of department \$1200; total membership 18, volunteer members 14; electric bell and telephone fire alarm; engine company 1; 1 hook and ladder company, 3 hose companies. Marshall, W. H. Shaw; chairman of fire and water com. Chas. Clayton.

WATER SUPPLY—Source, artesian and surface wells; system, pumping to standpipe and direct; Hooker Colvill pumping engines, dy cap 2,000,000 gals; hydrants 82; pipe 8 miles, 4 to 8 in dia; 10 valves; 6 meters. Thompson and Frost; quality of water slightly mineral; pressure, domestic 80 to 85, fire 40 to 150 pounds; water-works owned by city; cost to construct \$90,000; annual expenses \$1000; int on bonds 6 per cent. Supt, J. T. Atwater; mayor, Newton Ellis; city clerk, J. T. Atwater.

Carlinville, Macoupin Co., population 2800; fire limit 30 acres; causes of fire investigated; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; 800 ft rubber hose good, 100 poor, 400 ft cotton hose good; 1 bucket wagon; value of fire department equipment \$2000; buildings \$200; 50 members, volunteers; bell alarm. Chief engineer, C. H. Borgdorf.

WATER SUPPLY—Source, Macoupin Creek; system, pumping to standpipe and direct; Deane pumping engines, dy cap 1,500,000 gals; hydrants 58, Boumont; pipe Phipps, 6½ miles, 4 to 10 in dia; 20 valves. Chapman; quality of water good, American Filter Co.'s filter; pressure, domestic 80, fire 150 pounds; cost to construct \$75,000; int on bonds 6 per cent. Pres of com, W. G. Reeve; supt, Geo. Siegel; mayor, Wm. H. H. Horine; city clerk, W. Mayfield.

Carlyle, Clinton Co., population 2800. Fire department—7 chemical extinguishers, 1 hook and ladder truck; total membership 76, volunteers; electric fire alarm; 3 hose companies. Chief engineer, Henry Bender.

WATER SUPPLY—Source, Kaskaskia River; system, pumping to standpipe; Deane duplex pumping engines, dy cap 1,000,000 gals each; hydrants 48, Ludlow; pipe 4½ miles, 4 to 10 in dia, Shickle, Harrison and Howard; 12 valves; quality of water pure, Hyatt filter; pressure, domestic 60, fire 200 pounds; cost to construct \$30,000; annual expenses \$600; int on bonds 6 per cent. Pres or chairman of com, J. J. Randall; supt, J. J. Randall; mayor, Geo. R. Beattie; city clerk, Jas. L. Reid.

Carroll, White Co., population 2800; fire area 700 acres; mercantile buildings, brick and wood, 2 stories; private, same. Fire department—3 hand engines, 1 hook and ladder truck; hose, 1000 ft; value of fire department equipment \$1200; value of buildings occupied \$600; total membership 80, volunteers; 1 night watchman paid by city; bell alarm. Chief engineer, John L. Griffin.

WATER SUPPLY—Source, wells and cisterns. Mayor, Simon Grant; city clerk, Jas. C. Pearce.

Carrollton, Green Co., population 2500; mercantile buildings, brick and wood, 1 to 2 stories; private, same, 1 to 2 stories. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft; rubber, good 240 ft; total membership 60, volunteers; bell and whistle alarm. Chief engineer, H. S. Moore.

WATER SUPPLY—Source, wells and cisterns. Mayor, L. S. Eldred; city clerk, E. Miner.

Carthage, Hancock Co., population 2100; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft, inferior 500 ft; value of fire department equipment \$2400; value of buildings occupied \$400; total annual expenses of department \$50; total membership 30, volunteers; bell alarm. Chief engineer, John Elder; chairman of fire and water com, Ed. S. Clark.

WATER SUPPLY—Source, artesian well; system, pumping to tank and direct; cap of tank 61,770 gals; Knowles pumping engine, dy cap 200,000 gals; hydrants 14; pipe 1½ miles, 4 to 6 in dia; pressure 35 to 161 pounds. Mayor, A. W. O'Hara; city clerk, S. W. Merrill.

Centralia, Marion Co., population 6000; fire area 60 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 chemical engine on wheels, 6 doz chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, inferior 400 ft; rubber good 700 ft; linen good

700 ft; value of fire department equipment \$1800; value of buildings occupied \$600; members 20, volunteers 20; bell and whistle alarm. Chief engineer, A. L. Reinhardt; chairman of fire and water com, F. Buchler.

WATER SUPPLY—System, direct pumping; hydrants 7; pipe 600 ft, 4 in dia; pressure 150 pounds. Supt, D. Oxley; city clerk, Z. S. Condit.

Cerro Gordo, Platt Co., population 1000; mercantile buildings, brick and wood, 1 and 2 stories; private, same. Fire department—1 hand engine, 6 chemical extinguishers, 8 ladders; hose rubber, good 800 ft; value of fire department equipment \$600; total membership 40, volunteers. Chief engineer, John Welty.

WATER SUPPLY—Source, 1 cistern, 3 wells. Mayor, G. H. Moore; town clerk E. A. Barnwell.

Champaign, Champaign Co., population 6000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; rubber good 200 ft; 2 hoses, value \$300; value of fire department equipment \$5000; value of buildings occupied \$12,000; total annual expenses of department \$1800; total membership 22, paid full time 1; volunteers 22; electric bell and telephone alarm; 1 hook and ladder company, 1 hose company. Fire marshal, Walter E. Price; chairman of fire and water com, P. Terbusch.

WATER SUPPLY—Source, tubular wells; system, pumping to reservoir; cap of reservoir 200,000 gals; Gordon & Maxwell pumping engines, dy cap 750,000 gals; 55 hydrants, Ludlow; pipe 7 miles. Shickle, H. & H.; 15 meters. Worthington; National filter; pressure, domestic 80, fire 75 to 150 pounds; cost to construct \$100,000; int on bonds 6 per cent. Pres of com, Henry Trevett; supt, Samuel L. Nelson; mayor, Paul W. Woody; city clerk, H. L. Nicolet.

Charleston, Coles Co., population 4000; mercantile buildings, brick and wood, 2 and 3 stories; private, same. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$4000; total membership 70; telegraph to reservoir and bell alarm. Chief engineer, Joe Trainor.

WATER SUPPLY—Source, river; system, direct pumping; Deane pumping engines, dy cap 2,000,000 gals; 35 hydrants; pipe 10 miles; pressure 80 pounds. Supt, Samuel Merritt; city clerk, F. Blaukenbaker.

Chatsworth, Livingston Co., population 1054; fire area 640 acres; mercantile buildings, wood, 1½ stories; private, same; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft; rubber 800 ft; value of fire department equipment \$5000; value of buildings occupied \$3000; total annual expenses of department \$100; total membership 75, volunteers; bell alarm. Chief engineer, Henry Gae.

WATER SUPPLY—Source, 12 cisterns, cap 800 barrels each. Town clerk, B. L. Yates.

Chebanse, Iroquois Co., population 798. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft. Chief engineer, Geo. Spies.

WATER SUPPLY—Source not stated; system, pumping to tank; cap of tank 80,000 gals; force pump with section hose; 10 hydrants; pipe ¾ mile. Supt, Geo. Spies; city clerk, Terry Steele.

Chenoa, McLean Co., population 1082. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, 4 cisterns, 1 800-barrel tank; hydrants and windmill.

Chicago, Cook Co., population 1,120,000; fire area 174 sq miles; mercantile buildings, iron and stone, 3 to 12 stories; private, brick, 2 to 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—68 steam fire engines, 2 hand engines, 19 chemical engines on wheels, 82 chemical extinguishers, 18 hook and ladder trucks, 8 aerial trucks, 77 hose carriages, all kinds, water tower, 2 fire boats (another almost completed); hose cotton, good 64,015 ft, inferior 8474 ft, rubber, good 43,575 ft, inferior 14,931 ft; 265 horses, value \$64,800; value of fire department equipment \$300,000; value of buildings and land occupied \$900,000; total annual expenses of department \$961,202; total membership 861; paid full time; Gamewell alarm; 1712 street boxes; 56 engine companies; 2 chemical engine companies, 81 hook and ladder companies; 5 hose companies. Denis J. Swenke, fire marshal; chairman of fire and water com, John W. Lyke.

WATER SUPPLY—Source, Lake Michigan; 2 tunnels; system, pumping to standpipes and direct; 10 pumping engines dy cap 152,000,000 gals; 10,436 hydrants; pipe 1076 miles,

4 to 36 in dia; 5000 gals; \$120 meters; quality of water best, not filtered; pressure, average 30 pounds; water-works owned by city; cost of construction to Jan. 1, 1899, \$12,800,264; ann expenses \$514,088. Mayor, DeWitt Cregier; city clerk, Franz Amberg.

Chillicothe, Peoria Co., population 3000; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical engines on wheels; 4 chemical extinguishers; hose rubber, good 300 ft, inferior 400 ft; total ann expenses of department \$180; bell alarm.

WATER SUPPLY—Source, river and wells. Mayor, Al Kuth; town clerk, J. E. Searey.

Clayton, Adams Co., population 1148. Fire department—1 hand engine; hose rubber, good 1000 ft.

WATER SUPPLY—Source, wells and cisterns.

Clinton, DeWitt Co., population 3700; fire area 4 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton; good 300 ft, rubber good 1700 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$300; total membership 48, volunteers; bell alarm. Chief engineer, J. E. Moffet; chairman of fire and water com, J. H. Conklin.

WATER SUPPLY—Source, well; system, pumping to standpipe; Deane pumping engines, dy cap 750,000 gals; 48 hydrants, Chapman; pipe 6 miles, 4 to 10 in dia; 28 valves, Chapman; 3 meters, Worthington; quality of water good; pressure, domestic 50, fire 100 pounds; cost to construct \$37,000; ann expense \$1600; int on bonds 5 per cent. Supt, J. E. Moffet; mayor, O. E. Harris; city clerk, J. W. Bowen.

Coal City, Grundy Co., fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 300 ft, rubber good 500 ft; value of fire department equipment \$1600; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 35, paid part time; bell alarm. Fire marshal, Robert Whanie; chairman of fire and water com, Frank Enriet.

WATER SUPPLY—Source, wells. Mayor, Percival Clark; village clerk, F. W. Francis.

Colechester, McDonough Co., population 1087; mercantile buildings, brick and wood, 1 and 2 stories; private, same; shingle and tin roofs. Fire department—3 chemical extinguishers.

WATER SUPPLY—Source, wells. City clerk, D. E. Perry.

Collinsville, Madison Co., population 4000; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, private chemical extinguishers in 1 store, 3 hose carriages; hose cotton, good 1000 ft, inferior 60 ft, rubber good 100 ft, inferior 500 ft; value of fire department equipment, \$3000; value of buildings occupied \$300; total ann expenses of department \$175; total membership 45, volunteers; bell alarm. Chief engineer, A. J. Platt; chairman of fire and water com, John P. Sweetzer.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. N. Peers.

Danville, Vermilion Co., population 1300; fire area 30 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; siamese couplings; hose rubber, good 1500 ft, inferior 1000 ft; 2 hoses; value of fire department equipment \$10,000; value of buildings occupied \$3000; total ann expenses of department \$13,000; total membership 25, paid full time 5; automatic alarm. Chief engineer, G. W. Luft.

WATER SUPPLY—Source, springs; 2 reservoirs, cap 4,000,000 gals, 23 cisterns, 6800 barrels; 107 hydrants; pipe 14 miles. Supt, J. Straw; city clerk, A. C. Freeman.

DeKalb, DeKalb Co., population 3000; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted; no wooden buildings within 50 acres area; fireworks ordinance; causes of fire investigated. Fire department—10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber good 1600 ft, inferior 500 ft; value of fire department equipment \$1500; value of buildings occupied \$1400; total ann expenses of department \$1500; total membership 40,

paid part time; electric bell alarm; 9 street boxes. Fire marshal, D. D. Brown; chairman of fire and water com, J. H. Lewis.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 940,000 gals; Deane pumping engine, dy cap 70,000 gals; have bought new pumps recently; 35 hydrants; pipe 3 miles, 4 to 6 in dia; pressure 20 to 100 pounds. Supt, L. R. Waldron; mayor, A. S. Jackson; city clerk, A. W. Sprague.

Decatur, Macon Co., population 20,000; fire area 50 acres; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 to 3 stories. Fire department—3 hook and ladder trucks, 9 hose carriages, all kinds; hose rubber, good 3400 ft, inferior 1100 ft; 9 hoses; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total membership 128, paid full time 15; telegraph alarm; street boxes 6. Chief engineer, F. B. Winebrenner.

WATER SUPPLY—Source, river; system, direct pumping; A.H.s pumping engines, dy cap 2,000,000 gals; hydrants 91; pipe 9 1/2 miles. Supt, J. T. Barnett; city clerk, F. C. Betzer.

Delavan, Tazewell Co., population 1800; mercantile buildings, brick and wood, 2 stories; private, same; metal roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; value of fire department equipment \$3000; value of buildings occupied \$400; total membership 30. Chief engineer, C. W. Few.

WATER SUPPLY—Source, wells; system, pumping to standpipe; pumping engine, dy cap 1600 gals; hydrants 10; pipe 1 mile, 4 to 8 in dia; 5 gates, Ludlow; quality of water good; pressure 45 pounds; cost to construct \$7000. Pres of com, Fred Starr; supt, C. W. Few; mayor, S. M. Reichman; town clerk, F. B. Starr.

Dixon, Lee Co., population 7700; fire area 300 acres; fireworks ordinance; causes of fire investigated; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—3 hook and ladder trucks, 4 hose carriages; 3000 ft good rubber hose, 350 ft poor; value of fire department equipment \$3000; buildings \$3000; 80 part paid members; ann expenses \$400; electric alarm. Chief engineer, A. J. Graff.

WATER SUPPLY—Source, Rock River; system, pumping to reservoir; Gordon and Maxwell pumping engines, dy cap 2,000,000 gals; hydrants 65, Coffin Valve Co.; pipe, M'Neal, 7 miles, 4 to 10 in dia; 21 valves; 9 meters, Hersey; pressure, domestic 50, fire 80 to 150 pounds; cost to construct \$80,000; ann expenses \$3000; int on bonds 6 per cent. Pres or chairman of com, J. D. Crabtree; supt, John Wasley; mayor, Col. H. Y. Noble; city clerk, E. N. Smith.

Du Quoin, Perry Co., population 5550; fire area 1280 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted by "permit of council." Fire department—1 hand engine, 7 chemical engines, many hundred chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage; hose cotton, good 300 ft, inferior 200 ft; rubber good 200 ft, inferior 300 ft; 2 hoses, not property of department; value of fire department equipment \$500; buildings occupied are rented; total membership 24, volunteers; bell tower alarm; 1 engine company, 2 hook and ladder companies, 1 hose company. Chief engineer, A. F. Nietman; fire and water com, Aldermen Voss, Howell and Carr.

WATER SUPPLY—Source, wells and cisterns. Mayor, Jos. Solomon; city clerk, F. V. Nettleton.

Dwight, Livingston Co., population 1800; fire area 20 acres; mercantile buildings, brick and stone, 2 stories; private, wood and brick. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft; value of fire department equipment \$3000; value of buildings occupied \$500; total membership 20. Chief engineer, Chas. M. Baker; chairman of fire and water com, C. H. Crandall.

WATER SUPPLY—Source, wells and railroad tanks with hose connections. Mayor, C. J. Judd; town clerk, L. D. Plummer.

Earville, La Salle Co., population 3000; mercantile buildings, brick and wood, 2 stories; private, same. Fire department—1 hook and ladder truck, 54 buckets; total membership 20, volunteers; bell alarm.

WATER SUPPLY—Source, wells. Mayor, H. W. Sanders; town clerk, A. H. Chase.

East Dubuque, Jo Daviess Co., population 1200; fire area 300 acres; mercantile buildings, brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft; leather good 800 ft, inferior 300 ft; value of fire department equipment \$2500; value of buildings occupied \$1300; bell alarm. Chief engineer, Theo. Dames.

ILLINOIS—Continued.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir and direct; Samedley pumping engines, dy cap 70,000 gals; hydrants 9; pipe $1\frac{1}{2}$ miles, 6 in dia; 7 gates; pressure 20 to 70 pounds; cost to construct \$6000; ann expenses \$660. Mayor, M. P. Mutton; city clerk, Geo. Kowell.

East St. Louis, St. Clair Co., population 412,000; mercantile buildings, brick and wood, 3 stories; private, same. Fire departments—8 steam fire engines, 3 hose carriages; hose rubber, good 3500 ft; 4 horses; members paid full time 4; telegraph alarm; street boxes 20. Chief engineer, M. Walsh.

WATER SUPPLY—Source, river; system, pumping to reservoir and standpipe; 1 reservoir cap 8,000,000 gals; Deane pumping engines, dy cap 9,000,000 gals; hydrants 125; pipe 16 miles; pressure 80. City clerk, Edward C. Schultz.

Edwardsville, Madison Co., population 2667. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; total membership, 70, volunteers. Chief engineer, O. F. Jaggren.

WATER SUPPLY—Source, 18 cisterns. Town clerk, Harry Hall.

Effingham, Effingham Co., population 6000; fire area 400 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 400 ft, rubber good 500 ft, inferior 300 ft; value of fire department equipment \$750; value of buildings occupied \$350; total ann expenses of department \$600; total membership 80, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, Chas. H. Kelly; chairman of fire and water com, C. Bort.

WATER SUPPLY—Source, 11 cisterns. Mayor, E. N. Reinhart; city clerk, W. M. Stewart.

El Paso, Woodford Co., population 1560; fire area 4 blocks; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hose carriage; hose cotton, good 500 ft, rubber good 1000 ft; value of fire department equipment \$4000; value of buildings occupied \$300; total ann expenses of department \$300; total membership 40, volunteers; bell alarm. Chief engineer, R. Robinson.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; Smith-Valle pumping engines, dy cap 400,000 gals; 19 hydrants; pipe 3 miles, 6 in dia; 4 gates; quality of water good; pressure 25 to 60 pounds; cost to construct \$12,000; ann expenses \$300. Supt, E. S. Paul; mayor, J. W. Broughman; city clerk, S. K. Hayward.

Elgin, Kane Co., population 18,000; fire area 350 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 3000 ft, inferior 500 ft; 6 horses, value \$1500; value of fire department equipment \$10,000; value of buildings occupied \$12,000; total ann expenses of department \$9000 to \$10,000; total membership 31, paid full time 4, paid part time 27; Gamewell alarm; 16 street boxes; 1 engine company, 1 hook and ladder company, 3 hose companies. Andrew O. Apple, fire marshal; chairman fire and water com, John W. Farnum.

WATER SUPPLY—Source, Fox River; system, pumping to standpipe; standpipe cap 510,000 gals; Worthington pumping engines, dy cap 3,000,000 gals; 196 hydrants, Ludlow; pipe 17 miles, 6 to 16 in dia, Ad-dyston; 1621 valves, Eddy; 53 meters, Thompson; quality of water good; American filter; pressure, domestic 90 pounds, fire any desired pressure; cost to construct \$162,800; ann expenses \$5500; int on bonds 5 per cent. Supt, R. R. Parkin; mayor, A. E. Price; city clerk, W. F. Syler.

Elmwood, Peoria Co., population 2000; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood. Fire department—3 hand engines, 1 hose carriage; hose rubber, good 750 ft; value of fire department equipment \$3000; value of buildings occupied \$5500; total membership 60, volunteers. Chief engineer, Frank Douglass.

WATER SUPPLY—Source, 10 cisterns. Mayor, C. B. Morey; town clerk, F. Douglass.

Englewood, Cook Co. (see Town of Lake).

Enreka, Woodford Co., population 1800; mercantile buildings, brick, 2 stories; private, wood, 2 stories;

wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose cotton, good 500 ft. Chief engineer, F. M. Hoyt.

WATER SUPPLY—Source, wells; system, pumping to tank and direct; Worthington pumping engines, dy cap 300,000 gals; 9 hydrants; pipe 4000 ft, 4 in dia; quality of water good; pressure 40 pounds; cost to construct \$6800; int on bonds 6 per cent. Supt, F. M. Hoyt; mayor, A. J. Youngblood; town clerk, A. V. S. Baird.

Evanston, Cook Co., population 10,000; mercantile buildings, brick, 7 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1500 ft, rubber good 500 ft; 5 horses, value \$800; value of fire department equipment \$4000; value of buildings occupied \$800; total membership 12, paid full time 2, paid part time 9; electric bell alarm. Chief engineer, Samuel Harrison; chairman of fire and water com, G. M. Sargent.

WATER SUPPLY—Source, Lake Michigan; system, direct; Gaskin pumping engines, dy cap 5,000,000 gals; 150 hydrants; pipe 25 miles, 4 to 16 in dia; pressure 20 to 120 pounds. Supt, Samuel Peasey; city clerk, J. J. Adams.

Fairbury, Livingston Co., population 4000; fire area 60 acres; mercantile buildings, brick and iron, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 hose carriages; hose cotton, good 800 ft, rubber good 400 ft, inferior 300 ft; value of fire department equipment \$1000; value of buildings occupied \$4000; total ann expenses of department \$400; total membership 14, paid full time 1; bell alarm. Chief engineer, Wm. Chastrow; chairman of fire and water com, Amos Brown.

WATER SUPPLY—Source not stated; system, pumping to tank; cap of tank 60,000 gals; 12 fire plugs; pipe 3 in dia; pressure 75, pump gives 175 pounds. Supt, Amos Brown.

Fairfield, Wayne Co., population 26300; fire area 40 acres; mercantile buildings, brick, 3 stories; private, wood, $1\frac{1}{2}$ to 2 stories. Fire department—1 force pump, 1 hook and ladder truck, 100 buckets. Chief engineer, A. B. Rider.

WATER SUPPLY—Source, wells and cisterns. Mayor, W. J. Sailor; town clerk, H. F. Sibley.

Farmer City, DeWitt Co., population 21260; fire area 40 acres. Fire department—1 hand engine, 1 hook and ladder truck.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Walter S. Young.

Farmington, population 1800; fire area 15 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 450 ft; total membership 61, paid full time 1, 50 volunteers. Chief engineer, A. O. Morse.

Flanagan, population 350; fire area 1 block; mercantile buildings, wood, 1 and 2 stories; private, wood 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber good, 800 ft; value of fire department equipment \$250; value of buildings occupied \$335; bell alarm. Chairman of fire and water com, W. S. Shearer.

Flora, Clay Co., population 2200; fire area 640 acres; mercantile buildings, brick, 2 stories; private, brick, 25 ft; wooden roofs not permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$350; total membership 20; bell alarm. Chief Engineer, John Cunningham.

WATER SUPPLY—Source, wells and cisterns. Mayor, W. W. Jones; town clerk, H. H. Kingsbury.

Forrest, population 1200; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, $1\frac{1}{2}$ to 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose cotton, good 100 ft, rubber good 200 ft; value of fire department equipment \$550; value of buildings occupied \$100; total ann expenses of department \$10. Chairman of fire and water com, G. O. Thayer.

Freeburgh, St. Clair Co., population 1088. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, good 238 ft; value of fire department equipment \$300; total membership 25, volunteers; bell alarm. Chief engineer, Phil. Ettling.

WATER SUPPLY—Source, wells, cisterns and pond. Mayor, Chas. Weber; town clerk, John Sintel.

Freeport, Stephenson Co., population 14,700; fire area 2200 acres; mercantile buildings, brick and stone, 3

stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 200 ft; rubber good 1800 ft, inferior 900 ft; 2 horses, value \$700; value of fire department equipment \$8000; value of buildings occupied \$8000; total ann expenses of department \$8000; total membership 11, paid full time 5, paid part time 6; Gamewell alarm; street boxes 15. Chief engineer, John F. Rodemeyer; chairman of fire and water com, S. W. Rugand.

WATER SUPPLY—Source, 18 artesian wells; system, pumping to standpipe and direct; Knowles pumping engines, dy cap 3,000,000 gals; hydrants 108, Matthews; pipe 14½ miles, 14 to 16 in dia, D. Long & Co., Shickle, H. & H. I. Co.; 88 valves, Eddy; 80 meters, Union, Crown, Hersey; quality of water good; pressure, average 75 pounds. Pres of com, Nathan Shelton; supt, F. E. Josel; city clerk, W. C. Clark.

Fulton, Whiteside Co., population 1786; mercantile buildings, brick and wood, 2 stories; private, same. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 600 ft; value of fire department equipment \$1000; total membership 55, volunteers. Chief engineer, L. B. Peters.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; 1 reservoir, cap 117,000 gals; 1 pumping engine, dy cap 1,440,000 gals; hydrants 21; pipe 2 miles; pressure 40 pounds. Supt, O. E. Finch; mayor, H. L. Abbott; city clerk, W. C. Snyder.

Galena, Jo Daviess Co., population *8000; mercantile buildings, brick and wood, 2 to 6 stories; private, same; wooden roofs permitted. Fire department—2 hook and ladder trucks, 4 hose carriages; hose cotton, good 700 ft; rubber good \$100 ft; 2 horses; value of fire department equipment \$6000; total ann expenses of department \$3000; total membership 260, volunteers; bell alarm; 1 alarm box. Chief engineer, T. Grady.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; Nat I. & B. Works, pumping engines, dy cap 3,000,000 gals; hydrants 74, Ludlow; pipe, Shickle, H. & H. I. Co., 6 miles, 4 to 10 dia; 40 valves, Ludlow; quality of water excellent; pressure, domestic 95 to 100, fire 95 to 150 pounds; cost to construct \$30,000. Pres of com, R. Barrett; supt, W. E. French; city clerk, J. B. French.

Galesburg, Knox Co., population 16,150; fire area 640 acres; mercantile buildings, brick in fire limits, 2 stories; private, wood, 1½ stories; wooden roofs permitted outside fire limits. Fire department—1 steam fire engine, 1 Champion double tank, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 700 ft; rubber good 1800 feet; 8 horses, value \$1800; value of fire department equipment \$10,000; value of buildings occupied \$8000; total ann expenses of department \$3600; total membership 14, paid full time 7, paid part time 7; telephone alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, John Slater; chairman of fire and water com, Chas. Waste.

WATER SUPPLY—Source, large well and running stream; system, pumping to standpipe and direct; 2 reservoirs, cap 1,000,000 gals; hydrants 30; pipe 2 miles, 6 to 10 in dia; pressure 140 pounds. Mayor, Loren Stevens; city clerk, John C. Stevens.

Galva, Henry Co., population *2800; fire area 1280 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 water witch; hose rubber good 900 ft; value of fire department equipment \$2000; value of buildings occupied \$3500; total ann expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, Q. P. Gibbs; mayor, C. A. Shurtliff; town clerk, H. D. Nott.

Geneseo, Henry Co., population 5000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin roofs in business blocks. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft, inferior 200 ft; value of fire department equipment \$3000; value of buildings occupied \$4000; total membership 70; 1 hook and ladder company, 2 hose companies. Fire marshal, C. J. Linele.

WATER SUPPLY—Source, artesian well; system, pumping direct to mains; Perkins pumping engines, dy cap 300,000 gals; hydrants 48; pipe 6 miles, 4 to 8 in dia; quality of water soft; pressure, domestic 10, fire 100 pounds; cost to construct \$30,000; ann expenses \$2100. Supt, S. J. Arnett; mayor, J. W. Smith; city clerk, J. F. Luberke-necht.

Geneva, Kane Co., population *1500; mercantile buildings, brick and stone, 2 stories; private same;

wooden roofs permitted. Fire department—2 chemical extinguishers; bell alarm.

WATER SUPPLY—Source, river and wells. City clerk, F. Brucker.

Gilman, Iroquois Co., population 1399. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source and system not described; 4 reservoirs. Mayor, A. E. Merritt.

G loonda, Pope Co., population 1000; mercantile buildings, brick and wood; private same. Fire department—1 hook and ladder truck. Town clerk, P. V. Trovillian.

Grand Crossing, Cook Co., population *2500. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft, leather good 500 ft; 2 horses; members paid full time 4; 60 fire hydrants.

Greenville, Bond Co., population *2800; fire area 20 acres; mercantile buildings, brick and wood; private same. Fire department—1 hose carriage; hose, good 500 ft; electric alarm. Chief engineer, E. D. Wallace.

WATER SUPPLY—Source, well; system, direct pumping; pumping engines dy cap 144,000 gals, Blake; 21 hydrants; pipe 2 miles, 4 to 8 in dia; pressure 60 to 175 pounds; water-works owned by city; cost to construct \$30,000. Supt, W. E. Davis; mayor, W. B. Harris; city clerk, Ward Reid.

Griggsville, Pike Co., population 1515. Fire department—1 engine, 1 hose carriage. Chief engineer, G. Ehrigott.

WATER SUPPLY—Source, cisterns. Town clerk, E. A. F. Allen.

Hampshire, population 1000; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hose carriage; hose linen, good 400 ft, inferior 100; value of fire department equipment \$2500; value of buildings occupied \$2800; total membership 12, all volunteers; bell alarm; 1 fire company. Chief engineer, G. W. Cook; chairman of fire and water com, B. T. Watrous.

WATER SUPPLY—Source, cisterns.

Hanover, population 1000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 300 ft; value of fire department equipment \$1000; total membership 30, all volunteers. Chief engineer, A. W. Butrick.

Harvard, McHenry Co., population *2500. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft, inferior 500 ft, rubber good 600 ft; paid full time 6, volunteer members 70. Chief engineer, Jas. Login; G. R. Wagar.

WATER SUPPLY—Source, 2 exhaustless springs, 8 cisterns; 1 large hydrant. M. W. Leake, W. S. Wakely.

Havana, Mason Co., population 2800; buildings, brick and wood, 2 and 3 stories. Fire department—6 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$300; ann expenses \$400; total membership 80, all volunteers; bell alarm. Jas. McHose, E. Snyder.

Henry, Marshall Co., population 2000. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft, inferior 350 ft; total membership 55, all volunteers. F. Krenz.

WATER SUPPLY—Source, artesian wells; system, direct. Supt, Frank Krenz; mayor, G. F. Parkel; town clerk, E. Dierway.

Highland, Madison Co., population 2900; fire area 80 acres; mercantile buildings, brick, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 2 hose carriages; 1 private hose cart and 260 ft cotton hose; hose cotton, good 860 ft, rubber good 500 ft; value of fire department equipment \$2500; value of buildings occupied \$3000; total membership 64, all volunteers; bell alarm; 2 fire companies. Chief engineer, Adolph Ruegger; chairman of fire and water com, Otto G. Schott.

WATER SUPPLY—Source, 16 cisterns supplied from buildings, cap 116,000 gals. Mayor, John Guggersbuckler; town clerk, Fred Wildi.

Hinckley, DeKalb Co., population *800; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extir-

ILLINOIS—Continued.

guishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$3400; value of buildings occupied \$300; expenses in 1899 \$1000; total membership 43, all volunteers; bell alarm; 18 hydrants. Chief engineer, H. H. Hopkins; village clerk, F. L. Winslow.

Hoopeston, Vermillion Co., population 2500; fire area 16 acres; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 hose carriage; hose good 1000 ft; value of fire department equipment \$1000; value of buildings occupied \$400; volunteer department; bell alarm. W. A. Brillart.

WATER SUPPLY—Source, wells and cisterns; system, pumping to standpipe and direct; Deane pumping engine, dy cap 150,000 gals; 30 hydrants; pipe 3 miles, 8 in dia; pressure 50 to 100 pounds; cost to construct \$15,000; ann expenses \$1300. Mayor, A. H. Trego; city clerk, John Petrey; A. J. Catherwood.

Hyde Park, Cook Co., population 75,000; fire area 1500 acres; mercantile buildings, wood, 2 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hand engine, 8 hook and ladder trucks, 6 hose carriages; slamese couplings used; hose cotton, good 3000 ft, rubber good 5000 ft, linen good 1000 ft, inferior 600 ft; 20 horses; value of fire department equipment \$35,000; value of buildings occupied \$35,000, 1 building rented, \$300 per annum; total ann expenses of department \$30,000; total membership 66, paid full time 31, part time 35; telegraph alarm; 37 street boxes.

WATER SUPPLY—Lake Michigan; system, direct pumping; Cope & Maxwell, Gaskill and Worthington pumping engines, dy cap 400,000 gals; 1800 hydrants; 100 gates, Ludlow; pipe 100 miles, 4 to 24 in dia; 75 meters, Worthington; pressure 20 pounds; ann expenses \$34,000. Supt, Robt. Hawkins.

Jacksonville, Morgan Co., population 10,927. Fire department—1 hook and ladder truck, 4 hose carriages; hose rubber and cotton, good 8000 ft; total membership 30, paid full time. James Mitchell.

WATER SUPPLY—Source, creek and artesian wells; system, gravity; Worthington and Hooker pumping engines, dy cap 2,500,000 gals; 104 hydrants, Ludlow, Wood and Galvin; 14 miles pipe, 2 to 10 in dia, Shickle, Harrison & Howard; 58 valves, Eddy, Ludlow & Galvin; 250 meters, Crown, Worthington, Hersey; quality of water soft; pressure, domestic 45, fire 90 pounds; cost to construct \$200,000; ann expenses \$6074; int on bonds \$4735. Pres of com, Felix Farrell; supt, D. C. Fry; mayor, James F. King; city clerk, Wm. A. Kirby.

Jerseyville, Jersey Co., population 4000. Fire department—1 hand engine, 15 chemical extinguishers, 1 hook and ladder truck, 1 hose cart; hose good 500 ft; total membership 24. Chief engineer, J. S. Daniels.

WATER SUPPLY—Source, artesian well; system, gravity; Deane pumping engines; 20 hydrants, R. D. Wood, Matthews' part; 4 miles pipe, 4 to 8 in dia, Shickle, Howard and Harrison Iron Co.; 16 valves, Eddy; pressure, domestic 50, fire 50 to 150 pounds; cost to construct \$50,000; ann expenses \$1200; int on bonds 5 per cent. Supt, William Pittman; mayor, J. M. Page; city clerk, Thomas Butler.

Joliet, Will Co., population 30,000; fire area 25 acres; mercantile buildings, stone, 2 to 4 stories; private, wood; 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 3 chemical engines on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 8000 ft, inferior 600 ft; 12 horses, value \$2500; value of fire department equipment \$50,000; value of buildings occupied \$30,000; total ann expenses of department \$12,000; total membership 20, paid full time 15, paid part time 5; Gamewell alarm; 74 street boxes; 3 fire companies. Chief marshal, John Schwarz; chairman of fire and water com, John McFadden.

WATER SUPPLY—Source, ponds and artesian wells; system, pumping to standpipe and direct; standpipe 145 ft high, 7 ft in diameter; Knowles' and Holly-Gaskill pumping engines, dy cap 4,000,000 gals; 60 hydrants; 15 miles pipe, 4 to 16 in dia; pressure 55 pounds. Supt, J. C. Elwood; city clerk, R. T. Kelly.

Kankakee, Kankakee Co., population 8000. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 8 hose carts; hose rubber, good 1800 ft; total membership 40, all volunteers. Chief engineer, W. S. Halsey.

WATER SUPPLY—Source, river; system, pumping to standpipe; Maxwell pumping engines, dy cap 1,000,000 gals; 110 hydrants, Beaumont; 14 miles pipe; quality of water good, filtration by sponge and charcoal; pressure 50

to 100 pounds. Supt, J. B. Reed; mayor, S. Knight; city clerk, F. H. Holmes.

Kansas, population 1400; fire area 400 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 80 ft, rubber good 400 ft, inferior 300 ft; value of fire department equipment \$1200; value of buildings occupied \$500; total membership 28, all volunteers; bell alarm; 1 fire company. Chief engineer, W. P. Horton; chairman of fire and water com, T. C. Bingham; Capt. T. E. Davis.

Kenney, DeWitt Co., population 950; fire area 2 blocks; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, buckets and ladders; hose rubber, good 800 ft, inferior 50 ft. Chief engineer, C. E. Howard.

WATER SUPPLY—Source, wells. Village clerk, C. L. Turner.

Kewanee, Henry Co., population 4572. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1300 ft; total membership 70, all volunteers. Chief engineer, A. F. Bigelow.

WATER SUPPLY—Source, wells; system, direct pumping; pumping engines, dy cap 500,000 gals, Buffalo Steam Pump Co.; 20 hydrants; pipe 2½ miles, Kalsheim; quality of water hard; pressure, domestic 30, fire 180 pounds; water-works owned by city; cost to construct \$28000. Supt, E. E. Baker.

Kirkland, DeKalb Co., population 225; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 35 chemical extinguishers, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1200; expenses in 1899 \$280; total membership 40, all volunteers; bell alarm. Chief engineer, F. H. Griggs.

WATER SUPPLY—Source and system not stated; 3 reservoirs, cap 400 barrels each. Supt, N. M. Burroughs; village clerk, I. N. Miner.

Kirkwood, Warren Co., population 1000. Fire department—1 chemical engine, 1 hook and ladder truck; hose rubber, good 300 ft; total membership 25, all volunteers. Chief engineer, R. L. Everett.

WATER SUPPLY—Source, 4 wells. Mayor, Geo. Abbey; town clerk, G. A. Baxter.

Knoxville, Knox Co., population 1600; mercantile buildings, wood and brick, 3 stories; private, wood; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; value of fire department equipment \$1000; value of buildings occupied \$250; department disbanded; bell alarm. Chief engineer, F. D. Huggin.

WATER SUPPLY—Source, wells and cisterns. City clerk, O. L. Campbell.

Lacon, Marshall Co., population 1814; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$275; value of buildings occupied \$400; total membership 30, paid full time; bell alarm. Chief engineer, W. B. Whitte.

WATER SUPPLY—Source, 3 cisterns supplied from roofs, capacity 2000 gals. Mayor, Geo. W. E. Cook.

Lake View, Cook Co., population 6000; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; 18 horses; value of fire department equipment \$30,000; total membership 30, paid full time; electric fire alarm; 16 street boxes. Chief engineer, C. A. Charleston.

WATER SUPPLY—Source, Lake Michigan; system, direct pumping and pumping to tanks; Holly-Gaskill, Worthington and Flanders' pumping engines, dy cap 20,000,000 gals; hydrants 425; pipe 76 miles; pressure 30 pounds. Commissioner, E. Sanders; supt, Fred. Parker; city clerk, J. J. Wilson.

Lanark, Carroll Co., population 1600. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1100 ft; no of volunteer members 30. Chief engineer, J. S. Wilson.

WATER SUPPLY—Source, wells; system, pumping to reservoir; Smedley pumping engine, dy cap 1,000,000 gals; hydrants 12; pipe ¼ mile, 4 to 6 in dia; 8 gates; quality of water hard; pressure 45 to 150 pounds; cost to construct

\$1500. Supt., L. Heath; mayor, John Valentine; city clerk, F. Yeager.

La Salle, La Salle Co., population 11,000; fire area 22 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, one and 2 stories; wooden roofs not permitted in fire district. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; rubber good 1000 ft; 2 horses, value \$400; value of fire department equipment \$5500; value of buildings occupied \$1500; total ann expenses of department \$1850; total membership 25, paid full time 8, paid part time 25; electric alarm; no of street boxes 16; total no of fire companies 2. Chief engineer, George A. Wilson; chairman of fire and water com., Edward Greely.

WATER SUPPLY—Source, springs; system, gravity and direct pumping; Gaskill pumping engines, dy cap 200,000 gals; hydrants 61, Bourdon; pipe 7 miles, 4 to 12 in dia. Shickle, Harrison and Howard; 2 valves, Ludlow; 12 meters, Crown; quality of water soft; pressure, domestic 75, fire 125 pounds; water-works owned by city; cost to construct \$100,000; ann expenses \$8000; int on bonds \$9400. Supt., Geo. A. Wilson; mayor, F. W. Mathieson; city clerk, J. E. Skelly.

Lebanon, St. Clair Co., population 3000; buildings, private, wood and brick, 1, 2 and 3 stories; wooden roofs permitted. No fire department; 1 hand engine, 1 hose carriage; hose rubber, good 400 ft. Chief engineer, Geo. Six. A fire department to be organized soon.

WATER SUPPLY—Source, cisterns and wells. City clerk, C. L. Robinson.

Lemont, Cook Co., population 41,000; mercantile buildings, wood. Fire department—1 hook and ladder truck, 2 hose carts; hose, good 3000 ft. Chief engineer, Joseph Gehartz.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; cap of reservoir, 100,000 gals; pipe 5 miles; 25 Mathews' hydrants; Eddy valves. Supt., John Brankly; town clerk, Patrick M'Connor.

Lena, Stephenson Co., population 1740; fire area 640 acres; mercantile buildings, brick, wood and stone, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 8 hose carriages; steam couplings used; hose cotton, good 500 ft, rubber good 1500 ft, inferior 500 ft; value of fire department equipment \$8000; total membership 88, paid full time 1; bell alarm. Chief elected by department and confirmed by city council.

WATER SUPPLY—Source, 8 cisterns supplied from buildings, dy cap 4400 gals.

Leroy, McLean Co., population 1500. Fire department—1 hand engine, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 300 ft. Chief engineer, M. R. Galusha.

WATER SUPPLY—Source, cisterns. Town clerk, P. A. Barley.

Lewistown, Fulton Co., population 2400; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$1400; value of buildings occupied \$1000; 40 volunteer members; bell alarm. Chief engineer, J. F. Armdale; chairman of fire and water com., Wm. Cavine.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; cap of standpipe 25,000 gals. City clerk, G. K. Liston.

Lexington, McLean Co., population 1500. No organized fire department—1 hook and ladder truck, worthless.

WATER SUPPLY—Source, wells; force pumps and hose, worthless. Town clerk, J. M. Weakly.

Lincoln, Logan Co., population 8000; fire area 50 acres; mercantile buildings, brick, stone and iron, 1 to 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 1800 ft; 2 horses, value \$500; value of fire department equipment \$3000; value of buildings occupied \$500; total ann expenses of department \$2500; members paid full time 1, volunteers 40; whistle alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, John H. Starkey; chairman of fire and water com., Thos. W. Kenyon.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe 100 ft high, cap 150,000 gals; 2 compound pumps, dy cap 2,000,000 gals; 50 hydrants; pipe 1 miles, 4 to 14 in dia; pressure 40 to 150 pounds. Pres

of com., J. F. Moffatt; supt., A. J. Aldrich; mayor, C. M. Knapp; city clerk, John H. Starkey.

Litchfield, Montgomery Co., population 2600; fire area 640 acres; mercantile buildings, brick and galvanized iron, two and three stories; private, wood, 1 story; wooden roofs not permitted in fire district; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 200 ft, rubber good 1200 ft; value of fire department equipment \$1500; value of buildings occupied \$5000; total membership 100, all volunteers; 4 fire companies; 1 hook and ladder company; 2 hose companies. Chief engineer, Chas. Vaughn; chairman fire and water com., Julius C. Machler.

WATER SUPPLY—Source, creek; system, direct pumping; Holly & Worthington pumping engines, dy cap 1,000,000 gals; 4 miles mains, 4 to 10 in dia; 50 hydrants; pressure 120 pounds. Supt., M. Madison; city clerk, J. W. Rose.

Lookport, Will Co., population 5000. No organized department.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; cap of reservoir 500,000 gals; water-power pump dy cap 140,000 gals; 1 mile mains; 20 hydrants; Eddy valves. Pres., J. L. Norton.

Macomb, McDonough Co., population 2800; fire area 40 acres; mercantile buildings, brick, stone and metal, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck; 2 reels on chemical engine; hose rubber, good 300 ft, inferior 100 ft; value of fire department equipment \$1500; value of buildings occupied \$5000 (including ground); total ann expenses of department \$500; total membership 21, paid full time; whistle alarm; 2 fire companies. Chief engineer, R. T. Quin; chairman of fire and water com., John Helms.

WATER SUPPLY—Source, wells and cisterns. Mayor, Wm. Martin; town clerk, S. Aldredge.

Manhattan, Will Co., buildings, wood; 1½ stories; wooden roofs permitted. Fire department—5 chemical extinguishers.

WATER SUPPLY—Source and system not stated; 1 reservoir, cap 100 barrels; steam pump. Village clerk, B. Mathoney.

Marengo, McHenry Co., population 1294. Fire department—3 chemical engines, 1 hook and ladder truck; hose, good 400 ft; total membership 72, all volunteers. Marshal, John Arlington.

WATER SUPPLY—Source, wells and cisterns. Mayor, Woodard; town clerk, C. P. Fillmore.

Maroa, Macon Co., population 3000. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose cart; hose rubber, good 650 ft; total membership 85, all volunteers. Chief engineer, W. F. McClung.

WATER SUPPLY—Source, wells and cisterns. Mayor, John H. Crocker; city clerk, N. A. Crouch.

Marshall, population 2000; fire area 10 acres; mercantile buildings, brick, 2 and 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—chemical extinguishers, 2 hose carriages; 2 Gould rotary pumps; hose cotton, good 1000 ft, rubber good 850 ft; value of village fire department equipment \$4000, private \$2000; value of buildings occupied \$500; total membership 62, all volunteers; bell alarm; 5 fire companies. Fire marshal, L. Haynes; chairman of fire and water com., G. W. Smith.

Marshall, Clark Co., population 2200. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose cart; hose good 1000 ft; total membership 86, all volunteers; bell alarm. Chief engineer, Wm. M. Andrews.

WATER SUPPLY—Source, wells and cisterns. City, town or village clerk, Will C. Hippard.

Mascoutate, St. Clair Co., population 2558; mercantile buildings, brick, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck; 2 hose carriages; hose rubber, good 1200 ft; ann expenses of department \$100; total membership 100; bell alarm. Chief elected by company, F. Graul.

WATER SUPPLY—Source, 7 cisterns. Mayor, Christ. Lischer, Sr.; town clerk, Charles Monlay.

Mason City, Mason Co., population 2000. Fire department—1 hand engine, 1 chemical engine; hose rubber, good 475 ft; total membership 25, all volunteers. Chief engineer, J. J. Cox.

WATER SUPPLY—Source, tank and private cisterns.

ILLINOIS—Continued.

Mattoon, Coles Co., population 7000. Fire department—1 hook and ladder truck, 3 hose carts; hose good 1500 ft. Chief engineer, Geo. Redfern.

WATER SUPPLY—Source, wells; system, pumping to standpipe; 73 hydrants; pipe 6 miles. Supt, Gray; city clerk, Tom Hart.

McHenry, population 1900; fire area 1 by $\frac{3}{4}$ miles; mercantile buildings, wood, 2 stories; private, wood, $1\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical engines on wheels, 1 hook and ladder truck; value of fire department equipment \$1000. Chief engineer, N. L. Holmes.

WATER SUPPLY—Source, wells.

Mendota, La Salle Co., population 4000. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft; no of paid members 80. Chief engineer, J. D. Tower.

WATER SUPPLY—Source, wells; system, pumping to reservoir and gravity; reservoir cap 800,000 gals; Deane pumping engines, dy cap 110,000 gals; 40 hydrants; pipe 4 miles, 4 to 8 in dia; 7 valves; 3 meters; pressure 50 to 100 pounds; water-works owned by city; cost to construct \$30,000; int on bonds 6 per cent. Supt, D. L. Harris; mayor, M. Wilson; city clerk, Geo. Holland.

Menonk, Woodford Co., population 2500; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck; 1 force pump on wheels; hose rubber, good 300 ft, inferior 100 ft; value of buildings occupied \$8000; total membership 25, all volunteers; bell alarm. Chief engineer, D. H. Perry; chairman fire and water com, Jas. A. Sampson.

WATER SUPPLY—Source and system not described; works owned by town; cost \$10,000. Supt, J. C. Wickler; town clerk, T. J. Taylor.

Metamora, Woodford Co., population 900; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, $1\frac{1}{2}$ and 3 stories; wooden roofs not permitted in fire limits. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good, 800 ft; total membership 16, all volunteers; bell alarm. Chief engineer, Frank Giehl; chairman of fire and water com, Ben Streid, Joseph Theens, H. Jaquot.

WATER SUPPLY—Source, wells. Mayor, John L. McGuiness.

Metropolis, Massac Co., population 4000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 force pump on wheels; hose linen, good 500 ft, inferior 550 ft; no of paid men 25. Chief engineer, John Buchman.

WATER SUPPLY—Source, cisterns and wells; may have water-works this year. Mayor, John H. Norris; town clerk, Leming Corlis.

Millstadt, St. Clair Co., population 1800; fire area 640 acres; mercantile buildings, brick, 2 stories; private, brick, $1\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 400 ft, rubber good 550 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total membership 42, all volunteers; bell alarm. Chief elected by company.

WATER SUPPLY—Wells and cisterns. Mayor, Chas. Jacobus; town clerk, J. F. Weible.

Moline, Rock Island Co., population 12,000. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose good 5000 ft; total membership 140, paid part time.

WATER SUPPLY—Source, Mississippi River; system, direct pumping; Deane pumping engines, dy cap 2,500,000 gals; 150 hydrants, Ludlow; pipe 10 miles, 6 to 18 in dia; 80 valves, Ludlow; 20 meters, Crown & Worthington; pressure, domestic 60, fire 100 pounds; cost to construct \$100,000; ann expenses \$5000. Supt, Fred Alsterlund; mayor, P. H. Wessel; city, town or village clerk, C. J. Coulson.

Momence, Kankakee Co., population 1087. Fire department—5 chemical extinguishers.

WATER SUPPLY—Source, river. Town clerk, F. E. Lane.

Monmouth, Warren Co., population 5000; fire area 10 blocks; mercantile buildings, brick, 2 stories; private, wood, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical

engine, 8 chemical extinguishers, 3 hook and ladder trucks, 3 hose carriages; siamese couplings used; hose cotton, good 1800 ft, inferior 800 ft; 2 horses; value of fire department equipment \$9000; value of buildings occupied \$10,000; total membership 100, paid full time 2; telephone and bell alarm. Chief engineer, H. A. Webster.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir and direct; pumping engines, dy cap 1,000,000 gals, 56 hydrants; pipe 5 miles, 6 to 10 in dia; 86 gates; quality of water soft; pressure 60 to 140 pounds; water-works owned by city; cost to construct \$42,000. Supt, W. A. Child; mayor, H. Berlingum; city clerk, J. A. Stevenson.

Morris, Grundy Co., 4500. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2500 ft; 2 horses; members paid part time 2, volunteers 85. Chief engineer, A. C. Claypool.

WATER SUPPLY—Source, well; system, pumping to reservoir; hydrants 81; pipe 4 miles; quality of water good; cost to construct \$1500. Mayor, T. M. Cronin; town clerk, J. R. Forsyth.

Morrison, Whiteside Co., population 1981. Fire department—3 hose carriages; hose cotton, good 1000 ft; linen good 500 ft; total membership 18; paid full time, telephone fire alarm; no of street boxes 6; Chief engineer, W. Brewer.

WATER SUPPLY—Source, spring; system, pumping to tank and direct; 1 reservoir; Worthington pumping engines, dy cap 1,600,000 gals; hydrants 38; pipe 21,522 ft. Supt, H. G. Parrish; town clerk, J. N. Baird.

Monticello, population 2000; fire area 280 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limit. Fire department—1 hook and ladder truck; value of fire department equipment \$350; value of buildings occupied \$150; total membership 14, all volunteers; total no of fire companies 1. Chief engineer, Scott Miller.

Mound City, Pulaski Co., population 2000; buildings, brick and wood, 1 to 3 stories. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 500 ft, inferior 30 ft; value of fire department equipment \$500; total membership 70, all volunteers; bell alarm.

WATER SUPPLY—Source, cisterns. City clerk, W. S. Singleton.

Mount Carroll, Carroll Co., population 2000; fire area 250 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1000; value of buildings occupied \$1200; total ann expenses of department \$500; total membership 41, paid full time 22, paid part time 13, no of volunteer, members or call men 10; gong alarm. Chief engineer, C. M. Frazier; chairman of fire and water com, Charles Holman.

WATER SUPPLY—Source, well; system, pumping direct and to reservoir; Gordon and Maxwell pumping engines, dy cap 600,000 gals; hydrants 19; pipe 3 miles, 4 to 10 in dia; quality of water good; pressure 50 to 120 pounds; cost to construct \$16,000; int on bonds 6 per cent. Supt, John H. Warfield; mayor, Otto Jensen; city clerk, Aaron Smith.

Mount Olive, population 2000; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, brick, 2 stories. Fire department—3 hand engines, 2 hose carriages; hose cotton, good 800 ft; total membership 65, all volunteers; bell alarm; total no of fire companies 2. Chief engineer, Andrew J. Keiser.

WATER SUPPLY—Source, wells.

Mount Pulaski, Logan Co., population 2000. Fire department—1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; total membership 46. Chief engineer, J. M. Hopkins.

WATER SUPPLY—Source, well; system, pumping direct to tank; Hooker, Caldwell & Co. pumping engines, dy cap 35,000 gals; hydrants 17; pipe $1\frac{1}{2}$ miles, 3 and 4 in dia; 6 Eddy gates; pressure 60 to 100 pounds. Pres or chairman of com, J. F. Schick; supt, J. M. Hopkins; mayor, J. F. Schick; town clerk, F. Fiegenschuck.

Murphysboro, Jackson Co., population 4500. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft, inferior 100 ft; total membership 21, volunteers. Chief engineer, W. H. Hull.

WATER SUPPLY—Source, river; system, pumping direct to mains; hydrants 100; pipe 5 miles; 25 gates; pressure 30 pounds; water-works owned by city; cost to construct \$3000. Mayor, Jos. Van Cloostere; city clerk, Wm. M. Brown. Private water-works being constructed.

Naperville, Du Page Co., population 8000; fire area 10 acres; mercantile buildings, brick, wood and stone, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted outside fire limit; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 10 chemical extinguishers (private), 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; ann expenses of department \$75; total membership 80, all volunteers; bell alarm. Chief elected by village council.

WATER SUPPLY—Source, wells, rivers, spring and brooks.

Nashville, Washington Co., population 8000; mercantile buildings, brick, 1 to 8 stories; private, brick and wood, 1½ and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 steam heater; siamese couplings used; hose cotton, good 500 ft, rubber good 500 ft, malfese cross, rubber, 500 ft; value of fire department equipment \$4000; value of buildings occupied \$2500; total membership 26, all paid; bell alarm. Chief engineer, Chris Keyler.

WATER SUPPLY—Source, wells, ponds and 12 cisterns; cisterns, dy cap 250,000 gals. Supt, Philip Reither; town clerk, F. Lebkuecher.

Nauvoo City, population 2100; fire area 676 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; 1 hose carriage; hose linen, good 600 ft; value of fire department equipment \$1800; value of buildings occupied \$700; total membership 26, all volunteers; 1 fire company. Chief engineer, Jos. Nelson.

WATER SUPPLY—Source, cisterns.

New Athens, St Clair Co., population 1000; fire area 350 acres; mercantile buildings, brick, 2 stories; private, brick, 1½ stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft, leather good 300 ft; value of fire department equipment \$2000; total membership 60, 30 paid; bell alarm. Chief engineer, Wm. Nold. Chief elected by department.

WATER SUPPLY—Source, river and wells; 20 cisterns supplied from roofs; cap of cisterns 8000 to 12,000 gals. Village clerk, August Gieschuer.

Normal Park, Cook Co. (see Chicago).

Oak Park, Cook Co., population 4000. Fire department—1 chemical engine, 10 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft; value of fire department equipment \$600; total ann expenses of department about \$100; total membership 20; bell alarm. Fred Worster.

WATER SUPPLY—Source, 3 Artesian wells; system, pumping direct and to standpipe; Worthington pumping engines, 1½ cap 2,000,000 gals; 275 hydrants, Mathews; pipe 80 miles, 10 to 4 in dia, R. D. Wood & Co. and others; 180 valves, Crane; 98 meters, Worthington; quality of water soft; pressure, domestic 40, fire 150 pounds; cost to construct \$200,000; ann expenses \$5000. Pres, Jas. W. Scoville; supt, F. W. Jackson. More pipe will be laid.

Odin, Marion Co., population 1000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical extinguisher; ladders and buckets.

Okenville, Washington Co., buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; ladders; hose cotton, good 300 ft, rubber good 80; value of fire department equipment \$1000; total ann expenses of department \$150; bell alarm. Chief engineer, G. A. Eppel.

WATER SUPPLY—Source, wells and cisterns; Rumsey & Co.'s pumps. Pres, Chris. Buckmiller; town clerk, W. Schmetzler.

Olney, Richland Co., population 4500. Fire department—1 chemical engine on wheels, 2 chemical hand extinguishers, 1 hook and ladder truck; hose cotton, good 200 ft; rubber good 200 ft; value of fire department equipment \$4000; total membership 65, volunteer; bell alarm. Chief engineer, Thos. Brassie.

WATER SUPPLY—Source, wells. Mayor, Frank Powers; city clerk, Jno. T. Radcliff.

Onarga, Iroquois Co., population 1200. Fire department—2 chemical engines, 8 fire extinguishers, 1 hook and ladder truck; hose rubber good 100 ft, inferior 100 ft. Town clerk, A. M. Peck.

Oregon, Ogle Co., population 2500; fire area 400 acres; mercantile buildings, stone, brick and wood; 1, 2 and 3 stories; roofs wood and tin; fireworks ordinance. Fire

department—1 hook and ladder truck, 3 hose carriages; siamese couplings; hose linen, good 500 ft, rubber good 500 ft, inferior 400 ft, value of fire department equipment \$3500; value of buildings occupied \$3200; total ann expenses of department \$100; total membership 75, volunteers; bell alarm; 3 fire companies. Chief engineer and chairman of fire and water com, A. G. Perry.

WATER SUPPLY—Source, river; system, pumping to reservoir; 1 reservoir, cap 1,120,000 gals; Blake pumping engines, dy cap 250,000 gals; 115 hydrants; pipe 2 miles, 4 to 8 in dia; pressure 82 pounds; ann expenses \$500. W. Sears, F. S. Burchell.

Ottawa, La Salle Co., population 12,000; fire area 80 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; 1 heater; hose cotton, good 2000 ft, inferior 1200 ft, rubber good 800 ft; 4 horses, value \$800; value of fire department equipment \$16,000; value of buildings occupied \$9000; total ann expenses of department \$7500; total membership 27 volunteers, 4 paid; bell alarm; 1 fire company. Chief engineer, Henry Wolf; chairman of fire and water com, Mark Duffy.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 6000 barrels; 6 cisterns; 5 hydrants; pipe ¼ mile, 6 to 10 in dia; 4½ miles of canal and feeder, which supplies water for fire purposes; city surrounded by rivers and canal; pressure 40 pounds; ann expenses \$200. Mayor, F. A. Sherwood; city clerk, W. P. Leahy.

Palatine, Cook Co., population 800; buildings frame, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1100; total membership 25, volunteers; bell alarm. F. R. Robinson.

WATER SUPPLY—Source, wells; 11 tanks. Village clerk, C. H. Cutting.

Pana, Christian Co., population 5000; fire area 640 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; Fire department—1 chemical engine on wheels; 500 hand grenades, ladders and hooks; hose rubber, good 150 ft; value of fire department equipment \$2000; total ann expenses of department \$200; total membership 30, volunteers; bell alarm. Chief engineer, J. O. Hawkes; chairman of fire and water com, N. Alexander.

WATER SUPPLY—Source, wells and cisterns. City clerk, Wm. Tyrrell. Water-works are talked of.

Paris, Edgar Co., population 7000; fire area 1440 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 2500 ft, inferior 800 ft; value of fire department equipment \$4000; value of buildings occupied \$4000; total ann expenses of department \$1000; total membership 100, volunteers; bell and telephone alarm. Chief engineer, Henry Flint; chairman of fire and water com, A. P. Harris.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; cap of reservoir 4,000,000 gals; Blake pumping engines, dy cap 800,000 gals; 66 hydrants, Holly; pipe 8 miles, 12 to 6 in dia, Holly; 2 valves in each hydrant; 8 meters, Rumsley; quality of water good; pressure, domestic 45, fire 120 pounds; cost to construct \$80,000; ann expenses \$3000; int on bonds \$2100 on \$80,000. Supt, W. S. Hopkins; mayor, W. R. Swineford; city clerk, H. H. Geohagan.

Paxton, Ford Co., population 2200; buildings, brick, 2 and 3 stories. Fire department—1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$2175; total membership 25, volunteer. N. E. Crothers.

WATER SUPPLY—Source, well; system, pumping to tank, cap of tank 60,000 gals; pumping engines, dy cap 40,000 gals; 17 hydrants; pipe 2 miles, 8 in dia; 4 gates; quality of water good; pressure, domestic 35 to 50 pounds; cost to construct \$10,000. Supt, Frank Cook; mayor, Jno. P. Middlecoff; town clerk, H. Kerr.

Pecatonica, Winnebago Co., population 1600; fire area 10 acres; buildings, stone, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 3 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages, hose cotton, good 100 ft, rubber good 400 ft, inferior 300 ft; value of fire department equipment \$5000; value of buildings occupied \$3000; total ann expenses of department \$500; total membership 25, volunteers; 1 paid; telephone alarm. Chief engineer, E. B. Wolvin.

ILLINOIS—Continued.

WATER SUPPLY—Source and system not stated; 8 reservoirs; ann expenses \$185. Will erect standpipe.

Pekin, Tazewell Co., population 10,000; fire area 8 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 2500 ft, rubber good 300 ft; 4 horses, value \$800; value of fire department equipment \$23,186; value of buildings occupied \$15,000; total ann expenses of department \$8000, includes water-works; total membership 30, volunteer, 1 paid, 2 paid part time; electric bell alarm; 1 street box. Fire marshal, Julius F. Jaekel; chairman of fire and water com, Jno. Mattheussen.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; Blake pumping engines, dy cap 3,000,000 gals; 117 hydrants, Ludlow; pipe 12 miles, 4 to 16 in dia, Shickle, Harrison and others; Ludlow valves; 4 meters, Worthington; quality of water pure and soft; pressure, domestic 60, fire 120 pounds; cost to construct \$100,000; int on bonds 6 per cent. Pres, Chas. A. Lamb; supt, Henry Lautz; mayor, E. F. Unland; city clerk, T. C. Sutton.

Peoria, Peoria Co., population 50,000; fire area 300 acres; mercantile buildings, brick and frame, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 4 chemical hand extinguishers, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 2500 ft, inferior 500 ft, rubber good 4000 ft, inferior 3000 ft; 28 horses, value \$5800; value of fire department equipment \$90,000; value of buildings occupied \$50,000; total ann expenses of department \$50,000; total membership 118, 26 full paid; Gamewell electric alarm; 90 street boxes; 11 fire companies. Chief, Carl Moller; chairman of fire and water com, A. Rienhardt. Chemical engine and hook and ladder truck ordered.

WATER SUPPLY—Source, Lake Peoria; system, direct; Worthington & Dean pumping engines, dy cap 6,000,000 gals; 410 hydrants; pipe 65 miles, 4 to 18 in dia; 45 meters; quality of water good, filtered; pressure 120 to 180 pounds; cost to construct \$300,000; ann expenses \$45,000. Pres, Jas. E. Kearney; supt, Jas. Brown; mayor, Jno. Warner; city clerk, M. E. Fay.

Peotons, Will Co., population 1100; fire area 80 acres; mercantile buildings, frame and brick, 2 stories; private, frame, 2 stories. Fire department—1 hand engine, 6 chemical extinguishers, 1 hose carriage; hose rubber, good 300 ft; value of buildings owned \$300. E. B. Cowing.

WATER SUPPLY—Source, wells. Mayor, J. Imholts; town clerk, Harry Conrad.

Peru, La Salle Co., population 8000; fire area 640 acres; mercantile buildings, wood and brick, 1 to 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck; 3 hose carriages, all kinds; hose cotton, good 3000 ft; 2 horses, value \$600; value of fire department equipment \$10,000; value of buildings occupied \$1400; total ann expenses of department \$1300; total membership 40, volunteers, paid full time 1; bell alarm. Chief engineer, Chas. H. Hobbs; chairman of fire and water com, Jno. Carroll.

WATER SUPPLY—Source, river and 6 cisterns, supplied by steam pump from river, cap 100,000 gals; extra fire hydrant from tanks of 100,000 gals cap, for manufacturing district. Mayor, H. Horener; city clerk, Patrick Keegan.

Pittsfield, Pike Co., population 3500; mercantile buildings, wood and brick, 2 and 3 stories; roofs are iron and gravel; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose rubber, good 500 ft, linen good 500 ft; value of fire department equipment \$2500; value of buildings occupied \$1000; total membership 40, volunteers; bell alarm; 8 fire companies. Chief engineer, S. N. Jones; chairman of fire and water com, W. B. Green.

WATER SUPPLY—Source, surface water, artesian well, 1200 ft; system, pumping to reservoir; pumping engines, dy cap 60,000 gals; 12 hydrants; pipe 1½ miles, 8 in dia; 2 Ludlow gates; quality of water mineral; pressure, domestic 50 to 80 pounds; cost to construct \$10,000; ann expenses \$1500. Pres, W. B. Green; supt, Jas. Anderson; mayor, H. Harder; city clerk, Chas. Coley.

Polo, Ogle Co., population 2400; fire area 1280 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated.

Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; siamese coupling; hose rubber, 6500 ft, linen good 55 ft; value of fire department equipment \$4000; total membership 80, part paid; bell alarm. E. W. Baskman.

WATER SUPPLY—Supply for fire purposes is obtained from tank of railroad company; 6 hydrants; pipe 6 miles, 6 to 8 in dia. Mayor, L. F. Thomas; town clerk, Geo. Both.

Pontiac, Livingston Co., population 2800. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1800 ft, inferior 1800 ft; 3 horses; paid full time 2, paid part 18. Eb. Calkins.

WATER SUPPLY—Source, river; 6 cisterns, cap of cisterns 22,000 gals. City clerk, W. S. Lacey.

Princeton, Bureau Co., population 5000; fire area 35 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck; 1 hose carriage; hose rubber, good 450 ft; value of fire department equipment \$3500; value of buildings owned \$3000; total ann expenses of department \$125; total membership 80, volunteers; bell alarm. Chief engineer, H. H. Puesday; chairman of fire and water com, D. E. Munger. 1500 ft 2½ in hose added, also 2 hose carts.

WATER SUPPLY—Source, artesian wells; complete system of water-works, with tower, engine and pipes; cost to construct \$20,000. Mayor, R. R. Gibson; city clerk, I. O. Brokaw.

Prophetston, Whiteside Co., population 1000; fire area 3½ acres; buildings, wood; fireworks ordinance. Fire department—2 chemical engines on wheels; 3 chemical hand extinguishers; hand grenades; hose rubber good 300 ft; value of fire department equipment \$1200; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 25, volunteers; bell alarm; 1 fire company. Chief engineer, Jno. B. Loomis; chairman of fire and water com, J. J. Greene.

Quincy, Adams Co., population 40,000; fire area 1280 acres; mercantile buildings, brick, 3 and 4 stories; private, brick, 2 stories; causes of fire investigated. Fire department—4 steam fire engines, 2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 6 hose carriages, all kinds; siamese couplings; hose rubber, good 300 ft, inferior 2500 ft; 16 horses; value of fire department equipment \$25000; value of 7 buildings owned \$65,000; total ann expenses of department \$30,000; total membership 80, paid full time 16, paid part time 30; telephone and telegraph alarm; 12 street boxes. J. Esterly.

WATER SUPPLY—Source, Mississippi River; system, pumping to reservoir; Worthington, Gordon and Maxwell engines, dy cap 7,000,000 gals; 160 hydrants, Mathews; pipe 25 miles, 30 to 6 in dia, Long & Co. and others; 111 valves, Galvin and Eddy; 235 meters, various; quality of water good; pressure 35 to 40 pounds; L. & W. B. Bull, owners; supt, W. B. Bull; mayor, Jas. M. Bishop; city clerk, J. T. Wemhoemer. 2 miles of 6 in pipe to be added.

Red Bud, Randolph Co., population 1400; buildings, brick and wood, 1, 2 and 3 stories. Fire department—1 hook and ladder truck, buckets; value of fire department equipment \$300; bell alarm.

WATER SUPPLY—Source, wells and cisterns. Mayor, Ben Rose; city clerk, F. D. Guker.

Roanoke, Woodford Co., population 235; buildings, frame, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 300 ft; value of fire department equipment \$600.

WATER SUPPLY—Source, wells. Village clerk, N. R. Moore.

Robinson, Crawford Co., population 2000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft; value of buildings occupied \$250; total membership 200, volunteer; bell alarm.

WATER SUPPLY—Source, wells, pumps. Mayor, Thos. S. Price; city clerk, Jno. C. Eagleton.

Rochelle, Ogle Co., population 2200; fire area 10 acres; mercantile buildings, brick, 1 and 2 stories; private, frame; wooden roofs permitted. Fire department—3 hose carriages; siamese couplings; hose rubber, good 1200 ft; value of fire department equipment \$2000; value of buildings occupied \$3000; total membership 20, volunteer. W. Stocking.

WATER SUPPLY—Source, spring; system, direct pumping; pumping engines dy cap 750,000 gals; 89 hydrants; pipe 3 miles, 4 to 8 in dia; pressure, domestic 40 to 100 pounds; ann expenses \$2500. Mayor, A. Gardhouse; city clerk, E. E. Ogden.

Rock Falls, Whiteside Co., population *2000; buildings, wood and brick, 3 stories; wooden roofs permitted. Fire department—8 chemical extinguishers, 5 hose carriages, hand grenades; hose cotton, good 800 ft; rubber good 600 ft; linen good 400 ft; value of fire department equipment \$3000; total membership 19, volunteer; whistle and bell alarm. J. V. McCarty.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; Worthington pumping engines, dy cap 4,000,000 gals; 12 hydrants; pipe 1 mile, 8 in dia; ann expenses about \$300. Pres, G. H. Howland; supt, W. G. Watron; mayor, G. W. Packer; village clerk, W. H. Cadwell.

Rockford, Winnebago Co., population 26,000; fire area 180 acres; mercantile buildings, stone, brick and wood, 2 to 5 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—5 chemical hand extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 3500 ft; rubber good 800 ft; inferior 500 ft; 12 horses, value \$2000; value of fire department equipment \$7400; value of buildings occupied \$18,500; total ann expenses of department \$15,000; total membership 17, paid; Gamewell alarm; 25 street boxes; 4 companies. Chief engineer, Jno. T. Lakin; chairman of fire and water com, Thos. W. Cole.

WATER SUPPLY—Source, artesian wells; system, direct pumping; Holly pumping engines, dy cap 12,000,000 gals; 285 hydrants, Holly & Matthews; pipe 4½ miles, 8 to 22 in dia; 884 valves; 8 meters, Hersey; quality of water good; pressure 50 to 100 pounds; cost to construct \$450,000; ann expenses \$11,000; int on bonds 5 per cent. Supt, J. T. Lakin; mayor, J. H. Shewart, city clerk, E. K. Conkling.

Rock Island, Rock Island Co., population 13,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 7 hose carriages, all kinds; hose rubber, good 7000 ft; total membership 170, volunteer; 8 private hose carriages with 1000 ft of hose. C. Baker.

WATER SUPPLY—Source, Mississippi River; system, direct; Holly pumping engines, dy cap 5,000,000 gals; 190 hydrants, Holly and Ludlow; pipe 17 miles, 4 to 16 in dia; 100 valves, Ludlow; 18 meters, Union and Hersey; quality of water good; pressure, domestic 60, fire 100 or more pounds; cost to construct about \$250,000; ann expenses \$10,000; int on bonds \$2500. Supt, Jno. A. Murrin; mayor, Wm. McConochie; city clerk, Robt. Mosher.

Roseville, Warren Co., population 1700; fire area 640 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical hand extinguishers, 1 hook and ladder truck; hose rubber, good 300 ft; value of fire department equipment \$3000; value of buildings occupied \$300; total membership 27, volunteer; bell alarm; 2 fire companies. Fire marshal, S. Blener.

WATER SUPPLY—Source, wells. Village clerk, G. W. Bockus.

Sandwich, DeKalb Co., population *2800. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 2400 ft; total membership 47, part paid. S. Mitten.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; Worthington pumping engines, dy cap 1,000,000 gals; 83 hydrants; pipe 4 miles, 4 to 8 in dia; 8 Ludlow gates; 1 meter, Crown; quality of water hard; pressure 75 to 120 pounds; cost to construct \$2400. Mayor, Enos Doan; town clerk, S. P. Sedgwick.

Savanna, Carroll Co., population \$4000; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, good 1000 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total membership 75, volunteers; bell alarm; 8 fire companies. Chief engineer, W. H. Griffiths.

WATER SUPPLY—Source, Mississippi River; system, pumping to reservoir; Dean pumping engines, dy cap 700,000 gals; 19 hydrants; pipe 3 miles, 4 to 10 in dia; 10 Ludlow gates; quality of water good; pressure 85 pounds; cost to construct \$20,000; ann expenses \$1400, operated by company. Pres, W. H. Griffiths; supt, Jas. Hunt; mayor, W. H. Griffiths; city clerk, F. S. Greenleaf.

Seneca, La Salle Co., population 1000; fire area 80 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine, 1 hose carriage; hook and ladders; hose cotton 1000 ft; value of fire department equipment \$300; value of buildings occupied \$3000; total member-

ship 25, volunteers, 2 paid part time; bell alarm; 1 fire company. Chief Engineer, J. C. Damme; chairman of fire and water com, Mr. Burke.

WATER SUPPLY—Source, 3 cisterns, 2 artesian wells.

Shannon, Carroll Co., population 1200. Fire department—8 chemical extinguishers; 1 hook and ladder truck; W. Nothy.

WATER SUPPLY—Source, wells.

Sheffield, Bureau Co., population 1000; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—hose rubber, good 100 ft; watchmen alarm. Chief, W. Hartnady; chairman of fire and water com, Jno. Prior. Hydrants on main street attached to railroad pump engine.

Shelbyville, Shelby Co., population 4000; fire area 30 acres; mercantile buildings, wood, stone, brick and iron, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$3000; value of buildings occupied \$1800; total ann expenses of department \$300; total membership 30, part paid; electric alarm; 12 street boxes; 4 fire companies. Chief engineer, H. D. Wright; chairman of fire and water com, Wm. Price.

WATER SUPPLY—Source, Kaskaskia River; system, direct and pumping to standpipe; Worthington pumping engines, dy cap 2,000,000 gals; 60 hydrants; pipe 8 miles, 4 to 14 in dia; Ludlow gates; sand filtration through conduits to well; pressure 60 to 140 pounds; works owned by private company; cost to construct \$65. Pres, T. M. Thornton; mayor, E. R. Kuecht; city clerk, R. L. Guns.

Somonauk, DeKalb Co., population 900; mercantile buildings, brick, stone and wood, 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; 1 fire company. Chairman of fire and water com, H. Wright.

WATER SUPPLY—Source not stated; elevated tower 70 ft, containing reservoir, cap 2000 barrels; 8 hydrants; pipe 1 mile.

South Chicago (see Chicago).

WATER SUPPLY—Source, 68th street works.

South Evanston, Cook Co., population *4000. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 1700 ft; total membership 16, paid.

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe; standpipe cap 30,000 gals; Deane pumping engines, dy cap 1,000,000 gals; 70 hydrants; pipe 9 miles, 6 to 10 in dia; 35 gates, Chapman; 4 meters, Worthington; quality of water good; pressure 40 to 100 pounds; cost to construct \$65,000; ann expenses \$2500. Chairman, P. E. O'Neill; supt, Jno. Watson; mayor, T. D. Bresse; village clerk, W. G. Norkett.

Springfield, Sangamon Co., population 20,000; fire area 800 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 and 3 stories. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings; hose cotton, good 6000 ft; 14 horses; value of fire department equipment \$21,000; value of 2 buildings owned \$7000; total membership 28, paid full time 16, paid part time 8; telephone alarm. Jno. H. Freeman.

WATER SUPPLY—Source, water gallery and well; system, direct and pumping to reservoir; Worthington pumping engines, dy cap 4,000,000 gals; 148 hydrants, various; pipe 35 miles, 15 to 4 in dia, Dennis, Long & Co. and others; 287 valves, Chapman; 80 meters, Worthington and Hersey; quality of water excellent; filtration natural sand and gravel bed; pressure, domestic 30 to 25, fire 40 pounds; cost to construct about \$700,000. Pres, H. O. Bolles; supt, Peter Berriman. Chartered board of water com controls works.

Staunton, Macoupin Co., population 2800; mercantile buildings, brick and iron, 2 stories; private, frame, 1 story; wooden roofs not permitted in fire limits. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; buckets; hose cotton, good 800 ft; rubber good 800 ft; inferior 300 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$350; total membership 24, volunteers; bell alarm. Chief engineer, W. Rodebaugh; chairman of fire and water com, Hon. W. C. Shirley.

WATER SUPPLY—Source, wells.

ILLINOIS—Continued.

Sterling, Whiteside Co. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 900 ft, inferior 800 ft, rubber good 2400 ft, inferior 400 ft; 1 horse; value of fire department equipment \$5000; total membership 40, paid part time; bells and whistles alarm. Chief engineer, C. H. Ines; chairman of fire and water com, G. C. Willson.

WATER SUPPLY—Source, artesian wells 1400 ft deep; system, pumping to standpipe and direct; Deane pumping engines, dy cap 2,500,000 gals, 188 hydrants, Coffin; pipe 14 miles, 18 to 4 in dia, Dennis, Long & Co.; 16 meters, Frost; quality of water good; pressure, domestic 50, fire 120 pounds. Pres, G. H. Howland; supt, W. J. Watson; mayor, A. B. Lawrence.

Streator, La Salle Co. population 16,000; fire area 4 sq. miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 6 chemical hand extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose rubber, good 1500 ft, inferior, 400 ft; 4 horses, value \$700; value of fire department equipment \$7000; value of buildings occupied \$1500; total membership 15, paid full time 8, paid part time 12; telephone alarm. Chief engineer, Jas. McNamara; chairman of fire and water com, Jas. Knox. Electric alarm and 1000 ft of hose to be added.

WATER SUPPLY—Source, creek and wells; system, pumping to standpipe; 125 hydrants; pipe 18 miles; pressure 90 to 140 pounds. E. D. Ferguson, W. E. St. Clair.

Sullivan, Moultrie Co. population 9000; buildings, brick and frame, 3 stories. Fire department—6 chemical hand extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft.

WATER SUPPLY—Source, artesian wells; system, pumping to tank; U. S. Wind Engine Co. pumping engines; 7 hydrants; pipe 4000 miles, 4 and 6 in dia; quality water slightly sulphur; cost to construct about \$10,000; owned by city. Supt, Fred Hoke; mayor, W. Eden; town clerk, E. Hall.

Sycamore, DeKalb Co. population 4000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; roofs are slate and iron. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose rubber, good 1500 ft, inferior 450 ft; value of fire department equipment \$30,000; value of buildings occupied \$3000; total membership 42, volunteers, paid part time; electric bell alarm; 4 fire companies. Chief engineer, C. H. Henigan; chairman of fire and water com, Walter Waterman.

WATER SUPPLY—Source, wells; system, direct and pumping to standpipe; Blake pumping engines, dy cap 1,000,000 gals; 88 hydrants, Gregson & Ludlow; pipe 3 miles, 10, 8, 6 and 4 in dia, Shinkle, Harrison and Howard Iron Co.; 15 valves, Ludlow; 8 meters, Hersey; quality of water soft; pressure, domestic 60, fire 120 pounds; cost to construct \$40,000; ann expenses \$1500; int on bonds 5½ per cent. Pres, Jno. H. Kenyon; supt, S. O. Pike; mayor, A. Ellwood; city clerk, Frank O. Van Gelder.

Tamaroa, Perry Co. population 800. Fire department—2 chemical extinguishers.

WATER SUPPLY—Source, 25 cisterns, cap 7500 gals. Town clerk, J. J. Miller.

Taylorville, Christian Co. population 3800; fire area 8 miles; mercantile buildings, brick and wood; private, wood, 3 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$1000; value of buildings occupied \$1000; total membership 106, volunteers; bell alarm. Chief engineer, M. Tobin.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; standpipe cap 80,000 gals; 2 Deane pumping engines, dy cap 200,000 gals; 66 hydrants; 3 miles pipe, 4 to 8 in dia; 8 gates, Deane; water-works owned by city; cost to construct \$30,000; ann expenses \$3000. Supt, G. W. Range; mayor, J. R. Smith; city clerk, T. E. McCaskil.

Tiskilwa, Bureau Co. population 758. Fire department—1 hand engine, 1 chemical extinguisher.

Tolono, Champaign Co. population 1000; fire area 840 acres; mercantile buildings, wood, brick, iron and tin, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 engine, 1 hook and ladder truck, 1 hose carriage, 18 leather buckets; hose rubber, good 500 ft; value of fire department equipment \$300; value of

buildings occupied \$250; total membership 25, volunteers; bell alarm. Chief engineer, Robt Richmond.

WATER SUPPLY—Wells and cisterns. Mayor, L. C. Burr; village clerk, Geo. Manley.

Town of Lake, Cook Co. (including Englewood, Union Stock Yards, Auburn Junction and Normanville), population 96,000. Fire department—6 engines, 1 chemical extinguisher, 8 hook and ladder trucks, 7 hose carriages; hose rubber, good 9000 ft; 88 horses; total membership 80, paid full time; telegraph alarm; 95 street boxes. Chief engineer, F. T. Swenie.

WATER SUPPLY—Lake Michigan; system, direct pumping; Holly pumping engines, dy cap 12,000,000 gals; 1200 hydrants; 140 miles mains; Worthington meters; Eddy and Ludlow valves; pressure, domestic 40, fire 60 pounds; cost to construct \$1,000,000; int 6 per cent; ann expenses \$70,000. Supt, J. Duggan; town clerk, J. Gallagher.

Trenton, Clinton Co. population 1500; fire area 640 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, same; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, inferior 250 ft, rubber, good 650 ft; value of fire department equipment \$1500; value of buildings occupied \$400; total ann expenses of department \$200; total membership 50, paid part time; bell alarm; 1 engine company; 1 hook and ladder company; 1 hose company. Chief engineer, L. M. Koentz; chairman of fire and water com, S. Hammel.

WATER SUPPLY—Source, wells, cisterns and 5 ponds. Mayor, L. Riemann; city clerk, T. J. Kasper.

Turner, Du Page Co. population 1800; mercantile buildings, brick, stone and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; pails; value of fire department equipment \$300; value of buildings occupied \$500. Village clerk, D. C. Ahern.

Tuscola, Douglas Co. population 1457; fire area 20 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels; hose rubber, good 300 ft; value of fire department equipment \$3000; value of buildings occupied \$500; total ann expenses of department \$75; total membership 50, volunteers; bell alarm.

WATER SUPPLY—Source, wells.

Union Stock Yards, Cook Co. (See town of Lake.)

Urbana, Champion Co. population 4000. Fire department—1 hand engine, 2 hose carriages; hose good 1000 ft; total membership 10; 1 hose company. Chief engineer, L. I. Koucher.

WATER SUPPLY—Source, surface water; 8 cisterns; system, direct and pumping to reservoir; cap of reservoir 250,000 gals; 40 hydrants; pressure 90 pounds. City clerk, McKinley.

Vandalia, Fayette Co. population 4000; fire area 2 miles; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft, inferior 400 ft, rubber good 800 ft; value of fire department equipment \$25,000; value of buildings occupied \$1000; expenses of department \$1.50 per member per fire; total membership 28, paid part time; bell alarm. Chief engineer, F. C. Henning; chairman of fire and water com, J. N. Henning.

WATER SUPPLY—Source, cisterns, supplied from buildings. Mayor, John Rode; town clerk, E. Y. McKinsey.

Virden, Macoupin Co. population 1608; fire area 4 blocks; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories, fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose rubber, inferior 800 ft; value of fire department equipment \$1700; value of buildings occupied \$300; total ann expenses of department \$100; total membership 100, volunteers; bell alarm. Chief engineer, J. A. Beatty.

WATER SUPPLY—Source, wells, cisterns and ponds. Town clerk, T. B. Toney.

Virginia, Cass Co. population 1680; mercantile buildings, brick and wood, 2 stories; private same; metal roofs only. Fire department—1 hand engine, 1 hook and ladder truck; ladder, hooks and rubber buckets; hose rubber, good 300 ft, inferior 100 ft.

WATER SUPPLY—Source, wells and cisterns. Mayor, W. W. Bishop; city clerk, L. H. Bristow.

Warren, Jo Daviess Co., population 1897. No organized fire department—Chemical extinguishers and hand grenades. Town clerk, J. L. Graham.

Warsaw, Hancock Co., population 8106; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; siamese couplings; hose cotton 600 ft, rubber inferior 400 ft, leather 400 ft; value of fire department equipment \$3760; total ann expenses of department \$300; total membership 75, volunteers; bell alarm; 1 engine company; 1 hook and ladder company. Chief engineer, John D. Hopkins; chairman of fire and water com, Truman Platz.

WATER SUPPLY—Source, artesian well; system, direct pumping; Gray pumping engines; 6 hydrants; pipe $\frac{3}{4}$ mile, 4 in dia; quality of water mineral; pressure 43 pounds; cost to construct \$6000. Supt, Frank Meyers; mayor, M. J. M. Ludde; city clerk, P. W. Planty.

Washington, Tazewell Co., population 1897. Fire department—1 pump, 1 chemical engine on wheels, 1 hose carriage; hose 200 ft; total membership 25, volunteers; 1 electric bell alarm. Chief engineer, James Berney.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; 1 tank cap 21,000 gals; Deane pumping engines; cost of works \$15,000; int 6 per cent. Village clerk, Chas. Koker.

Washington Heights, Cook Co., population 1896. Fire department—hooks and ladders and buckets; members all volunteers.

Waterloo, Monroe Co., population 2100. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 800 ft; total membership 80, volunteers.

WATER SUPPLY—Source, cisterns. Mayor, Geo. C. Ganen; city clerk, A. B. Sinclair.

Watska, Iroquois Co., population 2800. Fire department—1 hook and ladder truck out of repair.

WATER SUPPLY—Source, artesian wells, tanks and cisterns. City clerk, J. F. Pierson.

Waukegan, Lake Co., population 4012. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1200 ft; total membership 77; paid full time 2, volunteer members 75. Chief engineer, Pat Cunningham.

WATER SUPPLY—Source, 8 artesian wells; system, gravity; 4 miles mains; 33 hydrants; cost to construct \$2,000; ann expenses \$800. Town clerk, A. B. Palmer.

Wenona, Marshall Co., population 1800; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$700; total membership 25, volunteers; steam whistle and bell alarm. Chief engineer, H. L. Taylor.

WATER SUPPLY—Source, private wells and cisterns. City clerk, M. A. Gallaher.

West Belleville, St. Clair Co., population 2721. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 800 ft; 2 horses; total membership 25, volunteers.

WATER SUPPLY—Source, 8 cisterns, cap 48,000 gals.

Wheaton, Du Page Co., population 2100. Fire department—10 chemical extinguishers.

WATER SUPPLY—Source, wells. Town clerk, E. B. Holt.

Whitehall, Greene Co., population 2145. Fire department—1 hook and ladder truck; volunteer department.

Wilmington, Hill Co., population 2000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in business portion. Fire department—1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$6000; value of buildings occupied \$4000; total ann expenses of department \$1200; total membership 60, volunteers; electric bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Fire marshal, C. W. Barnhart; chairman of fire and water com, H. W. Blood.

WATER SUPPLY—Source, Kankakee River; system, direct pumping; Holly pumping engines; hydrants 27; pipe $1\frac{1}{2}$ miles, 4 to 8 in dia; 2 gates; quality of water soft; pressure 60 to 80 pounds. Supt, C. W. Barnhart; mayor, A. Goding; city clerk, L. L. Stephenson.

Winchester, Scott Co., population 1686; mercantile buildings, brick and wood, 1 and 2 stories; private same; wooden roofs permitted outside fire limits. Fire department—3 hand engines, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; bell alarm.

WATER SUPPLY—Source, wells. City clerk, H. Sanderson.

Woodhull, Henry Co., population 600; fire area 40 by 60 rods; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—4 or 5 chemical extinguishers, force pumps. Village clerk, W. N. Gamble.

Woodstock, M'Henry Co., population 2000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hook and ladder trucks, 8 hose carriages, siamese couplings, 6 hand force pumps; hose rubber, good 1500 ft; value of fire department equipment \$5500; total ann expenses of department \$500; total membership 75, volunteers; bell alarm. Chief engineer, C. H. Donnelly.

WATER SUPPLY—Source, wells and cisterns. Mayor, E. E. Richards; town clerk, Chas. F. Lemmers.

Wyoming, Stark Co., population 1800; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hook and ladder trucks, 2 hose carriages; hose rubber, good 600 ft; value of fire department \$1200; value of buildings occupied \$1000; total ann expenses of department \$100; total membership 70, paid part time 4, volunteer members 70; five alarm bells; 2 fire companies. Fire marshal, F. W. Stephenson; chairman of fire and water com, J. B. Robinson.

WATER SUPPLY—Source, wells and cisterns.

The following places have no fire protection: Ashland, Cass Co., population 1800. Augusta, Hancock Co., population 1200. Bradford, Stark Co., population 700. Carbondale, Jackson Co., population 2600. Carlinville, Macoupin Co., population 4000. Casey, Clark Co., population 1800. Chandlerville, Cass Co., population 800. Cowden, Shelby Co., population 1000. Dixon, Lee Co., population 4500. Elmhurst, Du Page Co., population 1200. Erie, Whiteside Co., population 800. Girard, Macoupin Co., population 1200. Greenview, Menard Co., population 1100 (have 800 ft hose). Harrisburg, Saline Co., population 8000. Hegewisch, Cook Co., Kinmundy, Marion Co., population 1200. Mount Morris, Ogle Co., population 1000. New Burnside, Johnson Co., population 1000. Newton, Montgomery Co., population 2000. Palestine, Crawford Co., population 900. Perry, Pike Co., population 800. Pinckneyville, Perry Co., population 1500. WATER SUPPLY—Source, river; system, direct; Gordon & Maxwell pumping engines, dy cap 1,000,000 gals; 73 hydrants, Matthews; 7 miles pipe, 4 to 16 in dia, Dennis Long; 33 valves, Eddy; 2 meters; pressure, domestic 45 to 50, fire 80 to 90 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$1800; int on bonds 5 per cent. Pres of com, Harrison Connelly; supt, Alfred Coburn; mayor, John F. McClave; city clerk, Bryan McMahon.

Angola, Steuben Co., population 2000; fire area 880 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; metallic roofs. Fire department—1 chemical engine on wheels, 18 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 250 ft; value of fire

INDIANA.

Albion, Noble Co., population 1500; buildings, brick and wood, 1 to 3 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$800; total ann expenses of department \$1500; total membership 33, paid part time 23, volunteers 10; bell alarm. Chief engineer, A. J. Deula.

WATER SUPPLY—Source, 3 cisterns.

Anderson, Madison Co., population 1200. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carts, 1 hose wagon; other apparatus; 1800 ft hose; total membership 24, paid part time; Gamewell alarm. Chief engineer, S. A. Towell. New central station building to cost \$6000.

INDIANA—Continued.

department equipment \$2600; value of buildings occupied \$800; total ann expenses of department \$50; total membership 53, all volunteers; Van Duzen & Co.'s bell alarm. Chief engineer, John Richardson; chairman of fire and water com, P. Snyder.

WATER SUPPLY—Source, wells and cisterns. Mayor, Wm. G. Carpenter; town clerk, Wm. Carr. Water-works talked of.

Attica, Fountain Co., population 3000; fire area 1 block; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 2 hose reels; hose rubber, good 100 ft, inferior 300 ft; value of fire department equipment \$1200; value of buildings occupied \$500; total membership 30, all volunteers; bell alarm. Chief engineer, James Wilson.

WATER SUPPLY—Source, springs; system, pumping to reservoir; Dean pumping engine, dy cap 1,000,000 gals; 850 hydrants; 7 miles pipe, 8 in dia, Attica; quality of water magnesia, no filtration; pressure, domestic 65, fire 75 pounds; cost to construct \$40,000; ann expenses \$3000. Pres and supt of com, Samuel Mentzer; mayor, Chas. Willford; city clerk, H. Newlin.

Auburn, DeKalb Co., population *3000; buildings, brick and wood, 2 to 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; 2 hoses; value of fire department equipment \$3000; total membership 23, paid full time 21; remainder volunteers; bell alarm. Chief engineer, J. F. Aber.

WATER SUPPLY—Source, wells. Pres board town trustees, S. Heberling; town clerk, J. F. Aber.

Aurora, Dearborn Co., population 4500; mercantile buildings, brick 2 and 3 stories; private, wood, 1½ to 2 stories; metallic roofs over half of city; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings; hose rubber, good 5000 ft, inferior 300 ft; value of fire department equipment \$1800; value of building occupied \$10,000 (new); total ann expense of department \$500; total membership 50, all volunteers; bell alarm. Chief engineer, James Everett.

WATER SUPPLY—Source, river and 15 cisterns. Mayor, Moses S. Pickelheimer; city clerk, Geo. J. J. Luther.

Boswell, Benton Co., population 700; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good, 250 ft; value of fire department equipment \$500; value of building occupied \$75; total membership 16, all volunteers; bell alarm. Chief engineer, Wm. Hush.

WATER SUPPLY—No report.

Batesville, Ripley Co., population 1500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; metal and slate roofs. Fire department—2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; 3 steam pumps in factories for fire purposes only; hose cotton, good 100 ft, rubber 1200 ft; value of fire department equipment \$2500; value of building occupied \$4000 (town hall); total membership 60, all volunteers; bell and whistle alarm, Van Duzen & Tift. Chief engineer, Joseph Blank; pres town council, C. Schivier.

WATER SUPPLY—Source, cisterns.

Bedford, Lawrence Co., population 3000. Fire department—1 hook and ladder truck; value of fire department equipment \$1150; bell alarm. Chief engineer, Peter Fillion.

WATER SUPPLY—Source, wells and 4 large cisterns. Mayor, J. D. Somonson; town clerk, D. Cabpell.

Bloomington, Monroe Co., population 4000; fire area 10 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 10 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 1500 ft, inferior 200 ft; leather good 800; value of fire department equipment \$6000; value of buildings occupied \$3000; total ann expenses of department \$300; total membership 23, paid part time; bell alarm; 1 fire company. Chief engineer, M. W. Gruffy; chairman of fire and water com, J. D. Showers.

WATER SUPPLY—Source, wells, streams and 10 cisterns; cap of cisterns 50,000 gals dy. City clerk, R. C. Greeves.

Bluffton, Wells Co., population 4300; fire area 350 acres; mercantile buildings, brick, 3 stories; private, wood,

1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 chemical engines, 1 hook and ladder truck, 2 hose carts; hose cotton, good 1450 rubber lined ft, inferior 60 ft, rubber good 500 ft; value of fire department equipment \$2500; value of buildings occupied about \$4000; total membership 40, all volunteers; bell alarm. Chief engineer, J. B. Pleasinger.

WATER SUPPLY—Source, 80 ft wells; system, direct; Holly pumping engine, dy cap 1,000,000 gals; 80 hydrants, Holly; pipe about 4 miles, 4 to 12 in dia, about 20 valves, National Tube Works; quality of water good; no filtration; pressure, domestic 40, fire 80 pounds; water-works owned by city; cost to construct about \$20,000; ann expenses \$1260; int on bonds 6 per cent on \$15,000. Trustees of Works, J. W. Freeman, Geo. McFerren and C. G. Quick; mayor, Martin Walbert; city clerk, John Miller. Can utilize water of Wabash River in case wells give out. Main laid to river with cut-off.

Bourbon, Marshall Co., population 1500; fire area 2 blocks; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 hook and ladder trucks, 2 hose carriages; hose rubber, good 600 ft, inferior 250 ft; value of fire department equipment \$1800; value of building occupied \$400; total membership 33, all volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, S. Beals.

WATER SUPPLY—Source, 8 cisterns. Town clerk, R. Demas.

Brasil, Clay Co., population 7500; fire area 1½ miles sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, inferior 800 ft, rubber good 1200; value of fire department equipment \$3000; value of buildings occupied \$4000; total ann expenses of department \$300; total membership 33, all volunteers; telephone alarm; Gamewell electric fire alarm system to be put in at once. Chief engineer, Charles Jones; chairman of fire and water com, Thos. Barrowman.

WATER SUPPLY—Source, surface water; system, direct pumping; Deane pumping engines, dy cap 1,500,000 gals; 55 hydrants; pipe 5 miles 4 to 10 in dia; quality of water soft, no filtration; pressure 70 to 85 pounds; cost to construct \$50,000; ann expenses \$3000. Supt, Thos. Henderson; mayor, Jacob Herr; city clerk, Oscar Thomas.

Bremen, Marshall Co., population *1200; buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carts; value of fire department equipment \$1500; total ann expenses of department \$300; total membership 30, all volunteers; bell alarm. Chief engineer, H. H. Miller.

WATER SUPPLY—Source, 14 cisterns. Town clerk, J. W. Brougher.

Brookville, Franklin Co., population *2000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose good 800 ft, inferior 100 ft; volunteer department. Chief engineer, Geo. A. Newman.

WATER SUPPLY—Source, rivers, canal and 2 large cisterns. Town clerk, P. H. Hendrickson.

Cambridge City, Wayne Co., population *2500; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft; rubber good 600 ft; value of fire department equipment \$3000; value of building occupied \$4000; total membership 20, all volunteers; bell alarm. Chief engineer, Jno. Weigel.

WATER SUPPLY—Source, wells, river and canal. Town clerk, J. A. Smith.

Cannelton, Perry Co., population 2500; mercantile buildings, stone, brick and wood, 1 and 2 stories; private, stone, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 hand engines, 4 hose carriages, 1 steam fire pump; hose rubber, good 1800 ft, inferior 600 ft; total ann expenses of department \$300; total membership 120, all volunteers; total no of fire companies 3. Chief engineer, J. Juber; chairman of fire and water com, E. E. Drumb, W. Heck, Geo. Smith.

WATER SUPPLY—Source, river. Town clerk, W. J. Ried.

Centreville, Wayne Co., population 935; fire area 640 acres; mercantile buildings, brick 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fire-works ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 2500 ft, leather inferior 800 ft; value of fire department equip-

ment \$10,000; value of buildings occupied \$8000; total ann expenses of department \$800; total membership 80, all volunteers; bell alarm. Chief engineer, Chas. F. Bailey.

WATER SUPPLY—Source, wells and 12 cisterns, cap of cisterns 50,000 gals.

Charlestown, Clark Co., population 1800; fire area 75 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories. Fire department—5 chemical extinguishers, 1 hook and ladder; rubber fire buckets; bell alarm.

WATER SUPPLY—Source, wells and cisterns. Town clerk, James M. Demar.

Churubusco, Whitley Co., population 1800; fire area 8 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine; hose cotton, good 700 ft; value of fire department equipment \$1800; value of buildings occupied \$800; total ann expenses of department \$100; total membership 88, all volunteers; bell alarm; 1 engine company, 1 hose company. Chief engineer, F. P. Loudy; chairman of fire and water com, Jacob Kickler, W. Jakerwood.

Columbia City, Whitley Co., population 4800; fire area 1 mile sq.; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 500 ft, rubber good 800 ft, inferior 500 ft; 2 horses, value \$450; value of fire department equipment \$12,000; value of buildings occupied \$8000; total ann expenses of department \$1800; total membership 60, paid full time 8, paid part time 6, volunteers 51; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, P. Anthes; chairman of fire and water com, Ch. Eynson.

WATER SUPPLY—Source, river; system, pumping to cisterns (11), dy cap 6850 barrels. Mayor, D. Buttler; town clerk, A. Hover.

Columbus, Bartholomew Co., population 8000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, 500 ft, rubber good 800 ft, inferior 500 ft; total membership 55, all volunteers; Gamewell alarm. Chief engineer, A. B. Reeves.

WATER SUPPLY—Source, East White River; system, direct; pumping engines dy cap 4,500,000 gals, Holly, Gaskill; 75 hydrants, Holly and Bourbon; pipe 10 miles, 4 to 8 dia, Dennis Long; 2 meters filtration gravel; pressure, domestic 45 to 60, fire 80 to 100 pounds; cost to construct \$80,000; ann expenses \$5000; int on bonds 4 and 5 per cent. Supt, J. A. Trotter; mayor, W. W. Stader; city clerk, J. A. Trotter; F. P. Smith, S. B. Cook.

Connersville, Fayette Co., population 5500. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 1000 ft, leather good 1000 ft; total membership 40, all volunteers; telephone alarm. Chief engineer, Harry Lile.

WATER SUPPLY—Source, canal; system, direct pumping; 65 hydrants; pipe 7 miles; pressure, 40 to 60 pounds. Supt, J. Hoover; mayor, J. M. McIntosh; town clerk, W. F. Downs.

Covington, Fountain Co., population 2000. Fire department—14 chemical extinguishers, 1 hook and ladder truck.

WATER SUPPLY—Source, river, well and cisterns. Mayor, John B. Martin; town clerk, J. C. Nelson.

Crawfordsville, Montgomery Co., population 10,000; fire area 35 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1400 ft; value of fire department equipment \$4000; value of buildings occupied \$1000; total membership 60, all volunteers; bell and telephone alarm. Chief engineer, Wm. W. Vance.

WATER SUPPLY—Source, springs; system, direct, pumping to reservoir and pumping to standpipe; reservoir 90 by 12, cap 8,000,000 gals; standpipe 175 by 15 ft; 8 steam pumps; dy cap 425,000,000 gals; 125 double hydrants; pipe 12 miles, 42 fire cisterns, average 400 barrels; pressure 65 pounds per sq. inch. Supt, S. Simpson; city clerk, Wm. H. Webster.

Crown Point, Lake Co., population 2800; fire area 750 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft, inferior 250 ft; value of fire de-

partment equipment \$8000; total membership 40, paid full time 1; bell alarm. Chief elected by the company.

WATER SUPPLY—Source, 4 cisterns supplied from roofs of buildings. Town clerk, John Pinter.

Decatur, Adams Co., population 4000; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ and 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, inferior 500 ft; value of fire department equipment \$1500; value of buildings occupied \$2000; total ann expenses of department \$500; total membership 60, all volunteers; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Jas. Hurst; chairman of fire and water com, John Bowers; mayor B. H. Dent; city clerk, D. O. Jackson.

Delphi, Carroll Co., population 3800; fire area 4 blocks; mercantile buildings, wood and brick, 2 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck; 2 hose carriages; hose rubber, good 1900 ft, inferior 50 ft; value of fire department equipment \$2500; value of buildings occupied \$2000; total ann expenses of department \$500; total membership 50, all volunteers; bell alarm; 3 fire companies. Chief engineer, C. J. Barley.

WATER SUPPLY—Source, creek, canal; 6 cisterns supplied from roofs of buildings, cap 25,000 barrels. Mayor, A. W. Wolver; town clerk, C. A. O'Brien.

Dublin, Wayne Co., population 1070; area 160 acres; buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Will E. Floyd.

Edinburgh, Johnson Co., population 2010; area 1 mile; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 850 ft; value of fire department equipment \$500; total ann expenses of department \$150; total membership 18, all volunteers.

WATER SUPPLY—Source, wells; 2 double force pumps. Town clerk, Mat Duckworth.

Elkhart, Elkhart Co., population 14,000; mercantile buildings, brick, 1 to 4 stories; private, wood, 1½ and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 400 ft, rubber good 1500 ft, inferior 1500 ft; 2 horses, value \$450; total ann expenses of department \$5000; total membership 88, paid full time 2, no of volunteers 86; Gamewell alarm; street boxes 10; fire companies 4; 1 hook and ladder company; 8 hose companies. Chief engineer, Ira Hummel; chairman of fire and water com, F. Miller, G. Joncon.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; Smith Vaile pumping engines, dy cap 100,000 gals; 150 hydrants, Chapman and Matthew; pipe 15 miles, 4 to 12 in dia, Dennis Long & Co., Addytown Pipe Co; 50 valves, Eddy, Galvin; 1 meter; quality of water good; pressure, domestic 40, fire 80 to 120 pounds; cost to construct \$180,000; ann expenses \$4,200; int on bonds \$4000. Supt, C. H. Watson; mayor, E. Goldwait; city clerk, H. S. Chester.

Evansville, Vanderburgh Co., population 55,000; fire area 4500 acres; mercantile buildings, brick, 4 stories; private, brick and wood, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical engines on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, 1 supply wagon; hose cotton, good 10,000 ft; 30 horses, value \$2520; value of fire department equipment \$28,000; value of buildings occupied \$45,000; total ann expenses of department \$50,000; total membership 80, paid full time; Gamewell alarm; 51 street boxes. Chief engineer, Ed. Grill; chairman of fire and water com, C. S. Lockwood.

WATER SUPPLY—Source, Ohio River; system, pumping direct into mains; Gaskill pumping engines, dy cap 4,000,000 gals; 310 hydrants, Holly; pipe 43 miles, 4 to 20 in dia, Dennis Long & Co. and others; 100 valves, Chapman; pressure, domestic 40, fire 100 pounds; cost to construct \$300,000; ann expenses \$35,000; int on bonds \$20,000; trustees of W. W. H. F. Froelich, A. Jack, Fred Baker; clerk of water-works, Noah A. Riggs; mayor, N. M. Goodlett; city clerk, Jas. R. Ferguson.

Fairmount, Grant Co., population 2000; area 500 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 600

INDIANA—Continued.

inferior 80 ft; value of fire department equipment \$3000; value of buildings occupied, \$800; total ann expenses of department \$50; total membership 54, paid full time; whistle alarm; 1 engine company; 1 hook and ladder company; 1 hose company. Chief engineer, C. D. Overman; chairman of fire and water com, Wm. R. Pearson, W. F. Fink.

Fort Wayne, Allen Co., population 40,000; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, hose cotton, good 6000 ft; 17 horses; total ann expenses of department \$20,000; total membership 80, paid full time 20, paid part time 19; Gamewell electric bell alarm; 47 street boxes. Chief engineer, Henry Hilbrecht; chairman of fire and water com, H. A. Read.

WATER SUPPLY—Source, wells; system, pumping direct into mains; Holly pumping engines, dy cap 9,000,000 gals; 262 hydrants, Ludlow and Matthews; pipe 32 miles, 4 to 24 in dia, R. D. Wood and others; 186 valves, Eddy and others; 280 meters, Hersey National Meter Co.; quality of water good; pressure, domestic 50, fire 100 pounds; cost to construct \$270,000; ann expenses \$10,000; int on bonds \$15,980; pres of com, Chas. McCulloch; sec, P. J. McDonald; mayor, Daniel L. Harding; city clerk, R. C. Reinwald.

Fowler, Greene Co., population 1500; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck; hose rubber, good 200 ft; value of fire department equipment \$360; value of buildings occupied \$100; total membership 25, all volunteers; 1 hook and ladder company. Chief engineer, Frank Ader; chairman of fire and water com, E. V. Brake.

Frankfort, Clinton Co., population 7950; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose wagon; hose rubber, inferior 1000 ft, 2 horses, value \$375; value of fire department equipment, \$3800; value of buildings occupied \$6000; total membership 21, paid full time; bell alarm. Chief engineer, G. W. Bird; chairman of fire and water com, J. Blinn.

WATER SUPPLY—Source, artesian wells; system, pumping direct into mains; Knowles pumping engines, dy cap 3,000,000 gals; 75 hydrants, Chapman; 70 valves, Chapman; quality of water good; pressure, domestic 55, fire 65 to 100 pounds; cost to construct \$100,000; ann expenses \$800; int on bonds \$3800. Pres or chairman of com, E. Marvin; supt, J. B. Marvin.

Franklin, Johnson Co., population 4000; fire area 1000 to 1500 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—3 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, hose rubber, inferior 800 ft; value of fire department equipment \$700; total ann expenses of department \$100; total membership 20, paid full time 1; bell alarm. Chief engineer, Jacob Hazelett; chairman of fire and water com, Geo. Griffith.

WATER SUPPLY—Source, wells and cisterns. Waterworks in contemplation.

Garrett, De Kalb Co., population 1268; mercantile buildings, wood, 2 stories. Fire department—1 hand engine, 1 hose carriage; B. & O. R. R. have department of 8 men to protect shops. Town clerk, W. Y. Johnson.

Goodland, Newton Co., population *1000. No fire department—Force pumps; hose 100 ft.

WATER SUPPLY—Source, wells. Town clerk, John Carpenter.

Goshen, Elkhart Co., population *8000; fire area 26 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; 5 hose carriages; hose rubber, good 2000 ft., leather good, 2500; value of fire department equipment \$6000; value of buildings occupied \$1000, rent \$25 per annum; total ann expenses of department \$1000; total membership 127, all volunteers; bell, whistle and electric alarm. Chief engineer, John Snowbarger.

WATER SUPPLY—Source, wells; system, direct pumping; pumping engines dy cap 1,500,000 gals; 9 cisterns, dy cap 150,000 gals; 46 hydrants; 10 miles pipe, 6 to 12 in dia; pressure 120 pounds; ann expenses \$3800. Supt, L. Warner; city clerk, J. H. Hawks, Jr.

Greencastle, Putnam Co., population 5000; fire area 8 sq. miles; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1500 ft, rubber good 2000 ft; 3 horses, value \$300; value of fire department equipment \$7000; value of buildings occupied \$50; total ann expenses of department \$2200; total membership 12, paid full time 8, paid part time 7. Chief engineer, Fred Weik; chairman of fire and water com, T. Strams; Geo. Blake, John Miller.

WATER SUPPLY—Source, creek; 19 cisterns filled by engine; cap of cisterns 600 barrels each. Supt, G. F. Edmonston; city clerk, E. C. Anderson.

Greenfield, Hancock Co., population *2800. Fire department—1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$210; total membership 50, all volunteers; bell alarm. Chief engineer, N. P. Howard, Sr.

WATER SUPPLY—Source, wells. Town clerk, J. Q. Johnson.

Greensburg, Decatur Co., population 3128; fire area 400 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1900 ft, inferior 200 ft; 8 horses; value of fire department equipment \$10,000; value of buildings occupied \$4000; total ann expenses of department \$200; total membership 30, all paid; bell alarm; chief elected by council. Chief engineer, Ralph Buckley.

WATER SUPPLY—Source, driven wells; system, direct pumping; 2 pumping engines, cap 1,500,000 gals, G. F. Blake Mfg. Co.; 100 hydrants, Ludlow, V. Co.; pipe 7½ miles, 4 to 12 in dia, Long & Co.; 43 valves, Ludlow; quality of water good; pressure, domestic 50, fire 130 pounds. Pres of com, N. P. Hobert, N. Y.; Supt, Richard Thomson; mayor, Geo. H. Dunn; town clerk, R. Thomson.

Hagerstown, Wayne Co., population 1000; fire area ¾ miles sq.; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 800 ft, inferior 200 ft, rubber good 500 ft; value of fire department equipment \$1000; value of buildings occupied \$300; total ann expenses of department \$150; total membership 25, all volunteers. Chief engineer, Z. C. Davis.

WATER SUPPLY—Source, 18 good cisterns.

Hammond, Lake Co., population 7000; fire area 400 acres; mercantile buildings, brick, 2 to 4 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1450 ft, inferior 100 ft, linen good 500 ft, inferior 200 ft; 3 horses, value \$275; value of fire department equipment \$5800; value of buildings occupied \$400; total membership 27, paid members 4; whistle and bell alarm; 2 fire companies. Chief engineer, H. M. Godfrey; chairman of fire com, C. Heinbach.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; Worthington pumping engines, dy cap 300,000 gals; 47 hydrants; pipe 6 miles, 4 to 10 in dia; 18 gates; pressure 40 to 120 pounds. Pres of com, C. Lavine; mayor, T. Hammond; city clerk, J. B. Woods.

Hartford City, Blackford Co., population *2000. Fire department—1 engine, 1 hook and ladder truck, 1 hose cart; 1500 ft good hose; total membership 40. Chief engineer, Hiram Sinclair.

WATER SUPPLY—Source, cisterns. Town clerk, Alonzo Frazer.

Haxleton, Gibson Co., population 618. Fire department—1 hand engine, worthless; hose, inferior 150 ft. **WATER SUPPLY**—Source, river.

Huntingburgh, Dubois Co., population *2600; mercantile buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft; value of fire department equipment \$800; total membership 20, all volunteers. Chief engineer, R. C. Rothert.

WATER SUPPLY—Source, cisterns and wells; waterworks recently constructed. Mayor, E. R. Burdick; town clerk, James Murray.

Huntington, Huntingdon Co., population *9000. Fire department—9 steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hand hose carriages, 1 horse hose

carriage; hose rubber, good 1500 ft; total membership 112, volunteers, paid full time 2. Chief engineer, S. Buchanan.

WATER SUPPLY—Source, 2 creeks; 4 cisterns each having 35,000 gals cap. Mayor, S. F. Day; town clerk, J. M. Black.

Indianapolis, Marion Co., population 125,000; fire area 12,800 acres; special limit consists of a space 1 mile square, covering the business portion of the city; mercantile buildings, brick, 3 and 4 stories, private, brick and wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 2 chemical engines, 23 chemical extinguishers, 8 hook and ladder trucks, 1 hose carriage, 9 hose wagons; hose cotton, good 12,000 ft; 50 horses; expenses in 1899 \$78,955; total membership 83, paid full time; telegraph alarm; 124 street boxes. Chief elected by council, F. Dougherty.

WATER SUPPLY—Source, opened and covered gallery; system, pumping direct into mains; Holly pumping engines, dy cap 84,000,000 gals; 700 hydrants, Holly, Gaskill, Matthews; between 70 and 80 miles pipe, 2 to 30 in dia; between 300 and 400 valves, Ludlow, R. D. Wood; 260 meters, Crown, Worthington; quality of water best, filtration natural process; pressure, domestic 60, fire 120 pounds; int on bonds 6 per cent. Pres of water-works, T. A. Morris; supt, F. A. W. Davis; mayor, Thos. L. Sullivan; city clerk, Budd Swift.

Jasper, Dubois Co., population 1040; buildings, brick and wood, 1 to 2 stories; shingle roofs. Fire department—1 hand engine, 1 hose carriage.

WATER SUPPLY—Source, wells and cisterns. Town clerk, C. J. Jutt.

Jeffersonville, Clark Co., population 12,000; fire area 38 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 steam fire engine in reserve, 2 hose carriages; hose rubber, good 1200 ft, inferior 300 ft; 2 horses, value \$350; value of fire department equipment \$7000; value of buildings occupied \$500; total ann expenses of department \$356; total membership 7, paid full time 8, paid part time 4; telephone and bell alarm; total no of fire companies 1. Chief engineer, W. T. Patterson; chairman of fire and water com, F. A. Young.

WATER SUPPLY—Source, river; system, pumping to standpipe; Holly-Gaskill pumping engines dy cap 8,000,000 gals; hydrants 110; pipe 10 miles, 4 to 14 in dia; pressure 54 to 70 pounds. Supt, D. M. Allen; mayor, L. F. Warder; city clerk, John H. Ault.

Kendalville, Noble Co., population 8000. Fire department—1 hook and ladder truck, 2 hose carts; 1000 ft hose; total membership 50, all volunteers. Chief engineer, F. W. Holzer.

WATER SUPPLY—Source, well; system, pumping direct into mains; Knowles pumping engines, dy cap 1,000,000 gals; hydrants 35, Matthews; pipe 4 miles, 4 to 12 in dia, R. D. Wood & Co.; 40 valves, James Flower & Bros.; pressure, domestic 50 to 60, fire 90 to 100 pounds; cost to construct \$27,000; ann expenses \$2000; int on bonds \$800. Pres of com, D. C. Walling; supt, Herman Krueger; mayor, C. G. Alchele; city clerk, W. R. Osborn.

Kentland, Newton Co., population 2000 mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; tin roofs. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 300 ft, rubber good 150 ft, inferior 150 ft; total membership 13; bell alarm. Chief engineer, T. H. Harnist.

WATER SUPPLY—The construction of water-works is in contemplation.

Knightstown, Henry Co., population *2200. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, wells.

Kokomo, Howard Co., population 12,000; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted. Fire department—3 steam fire engines, 5 chemical extinguishers, 3 hook and ladder trucks, 5 hose carriages, all kinds; hose rubber, good 2600 ft, inferior 1500 ft; total membership 70, all volunteers. Chief engineer, D. L. Duke; chairman of fire and water com, Christopher Leach.

WATER SUPPLY—Source, river, 2 creeks, 16 cisterns; total cap of cisterns 395,000 gals; system, direct pumping; 120 hydrants; Deane pumping engines dy cap 3,000,000 gals; cost to construct \$102,000; int 5 per cent. E. W. Connell, supt; works owned by company.

Ladoga, population *1800; fire area 160 acres, special limit of 8 squares; mercantile buildings, brick, stone and iron, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limit; fireworks ordinance. Fire

department—1 hand engine, 1 hose carriage; hose cotton, good 800 ft; value of fire department equipment \$400; buildings rented; total ann expenses of department \$100; total membership 30, all volunteers; 1 fire company. Chief engineer, Sam'l Gill; chairman of fire and water com, J. N. Foster.

Lafayette, Tippecanoe Co., population 21,000. Fire department—1 steam fire engine, 1 chemical engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1200 ft, rubber good 4000 ft, inferior 2800 ft; 10 horses; total membership 12, paid full time 6, paid part time; tele phone and telegraph alarm; 26 street boxes.

WATER SUPPLY—Source, Wabash River; system, pumping to reservoir and direct; Clapp & Jones pumping engines, dy cap 5,000,000 gals; 211 hydrants, Ludlow and Matthews; pipe 21 miles, 4 to 16 in dia, Dennis Long and Lake Shore; valves, Ludlow and Eddy; 12 meters, Worthington and Hersey; quality of water fair; cost to construct \$300,000; ann expenses \$10,000; int on bonds 8 per cent. Pres of com, Wm. F. Frey; supt, E. V. Cunningham.

La Porte, La Porte Co., population 10,000. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 2200 ft, total membership 150, all volunteers. Chief engineer, L. S. Wilhelm.

WATER SUPPLY—Source, lake; system, direct; Holly pumping engines, dy cap 2,000,000 gals; 87 hydrants, Holly; pipe 18 miles, 4 to 12 in dia; 36 valves, Ludlow; quality of water soft; pressure, domestic 35, fire 80 to 110 pounds; cost to construct \$150,000; ann expenses \$6000. Pres of com, Louis Schumm; supt, G. H. Storey; mayor, E. H. Scott; city clerk, Wm. Voght.

Lawrenceburgh, Dearborn Co., population 4668; area 800 acres; buildings, wood and brick. Fire department—2 steam fire engines; 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 2000 ft; 2 horses; value of fire department equipment \$12,000; value of buildings occupied \$5000; volunteer members. Chief elected by council, A. D. Cook.

WATER SUPPLY—Source, Ohio River; system, pumping to cisterns. Mayor, W. H. O'Brien; city clerk, John Tettel.

Lebanon, Boone Co., population *4000; fire area 740 acres; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 50 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, inferior 300 ft; value of fire department equipment \$8000; total ann expenses of department \$300; membership 27, volunteers; bell alarm. Chief elected by company.

WATER SUPPLY—Source, wells and cisterns.

Liberty, Union Co., population *2000; fire area 639 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$300; bell alarm. Chief engineer, H. S. Kain.

WATER SUPPLY—Source, private wells and cisterns. Town clerk, Andrew Graham.

Ligonier, Noble Co., population 2500; fire area 480 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$1200; value of buildings occupied \$800; total membership 40, all volunteers; electric bell alarm; 8 fire companies. Chief engineer, Chas. C. Buchtel; chairman of fire and water com, H. R. Cornell.

WATER SUPPLY—Source, well and river; system, pumping to standpipe and direct; Deane pumping engines, 18 hydrants; 2½ miles pipe, 4 to 8 in dia; pressure 40 to 150 pounds; cost to construct \$14,000; ann expenses \$1025. Pres of com, H. R. Cornell; supt, M. T. Knipper; town clerk, H. M. Goodspeed.

Logansport, Cass Co., population *15,233; fire area 600 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages; factories have apparatus; hose cotton, good 8500 ft, rubber good 800 ft; 10 horses; value of fire department equipment \$13,000; value of buildings occupied \$6500; total ann expenses of department \$8000; total membership 22, paid full time 9, paid part time 13, telegraph and telephone alarm; 19 street boxes. Chief elected by city council, P. J. Farrell.

WATER SUPPLY—Source, river; system, pumping direct into mains; Cope & Maxwell pumping engines, dy cap

INDIANA—Continued.

8,000,000 gals; 106 hydrants, Ludlow; pipe 16 miles, 2 to 20 in dia; Ludlow valves; quality of water soft; pressure, domestic 60, fire 120 pounds; cost to construct \$170,000; ann expenses \$6000; int on bonds 5 per cent. Supt, Patrick Walsh; mayor, W. H. Cullen; city clerk, J. J. Taggart.

Loogootee, Martin Co., population *1100; mercantile buildings, brick and wood, 1 to 3 stories. Fire department—1 hook and ladder truck; hand pumps; value of fire department equipment \$200; volunteer department.

WATER SUPPLY—Water works put in recently; not described. Mayor, Baldwin Riley; town clerk, J. A. Bramble.

Madison, Jefferson Co., population 10,000; fire area 800 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hook and ladder truck; 9 hose carriages; hose cotton, good 1000 ft, rubber good 4000 ft; inferior 1000 ft, leather good 1000 ft, inferior 1000 ft; 10 horses, value \$8000; value of fire department equipment \$25,000; value of buildings occupied, \$18,000; total ann expenses of department \$6000; total membership 222, all volunteers; 4 fire companies. Chairman of fire and water com, John W. Thomas.

WATER SUPPLY—Source, river; system, pumping from river and 22 cisterns to reservoir; Cobb, Streibling pumping engines, dy cap 50,000 gals; 110 hydrants; 10 miles pipe, 4 to 12 in dia; 45 Ludlow gates; pressure 80 pounds; cost to construct \$140,000; ann expenses \$8900. Pres, W. W. Hinds; supt, C. E. Godman; mayor, J. T. Brasher; city clerk, John A. Zuck.

Marion, Grant Co., population 11,000; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 3600 ft; value of buildings occupied \$2000; total ann expenses of department \$450; total membership 60, volunteers; telephone alarm. Chief engineer, Jno. McDonald; chairman of fire and water com, G. W. Spere.

WATER SUPPLY—Source, flowing wells; system, direct; Deane pumping engines, dy cap 2,000,000 gals; hydrants 67, Ludlow valve Co.; pipe 11 miles, 12 to 4 in dia, Dennis Long & Co.; 39 valves, Ludlow; quality of water mineral; pressure, domestic 85, fire 70 pounds; cost to construct \$55,000, ann expenses \$1800. Supt and pres, D. H. Sanders; mayor, A. E. Steele; city clerk, S. B. Dorne.

Michigan City, Laporte Co., population 18,000; fire area 1 black wide and 10 long; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds; hose rubber, good 6000 ft; value of fire department equipment \$15,000; value of buildings occupied \$8000; total ann expenses of department \$1000; total membership 106, volunteers; Gamewell alarm; no of street boxes 15; total no of fire companies 8. Chief engineer, Wm. Phillips; chairman of fire and water com, J. T. Fogarty.

WATER SUPPLY—Source, crystal springs; system, direct; Worthington and Hawley pumping engines, dy cap 8,500,000 gals; hydrants 102; pipe 18 miles, 6 to 12 in dia; Hawley gates; 3 meters; quality of water impure; pressure, domestic 30 to 120 pounds; cost to construct \$80,000; ann expenses \$4000. Pres and supt, J. Rankowitz; mayor, M. T. Krenger; city clerk, Geo. Staiger.

Mishawaka, St. Joseph Co., population *4000. Mercantile buildings, 2 and 3 stories; private, frame and brick, 1 and 2 stories. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 900 ft, inferior 800 ft, leather good 400 ft; value of fire department equipment \$6000; total membership 60, volunteers; bell alarm. Chief engineer, John J. Schmidler.

WATER SUPPLY—Source, St. Joseph River; system, direct; Perkins windmill pumping engines, per minute 480 gals; hydrants 20; pipe 1 mile, 6 and 4 in dia; quality of water soft; fire pressure 100 pounds; ann expenses about \$400. Pres board of trustees, M. M. Fisher; village clerk, T. J. Deffenbaugh.

Monticello, White Co., population 1800; mercantile buildings, frame and brick, 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$260; total membership 23, volunteers; bell alarm.

WATER SUPPLY—Source, river and wells. Town clerk, Frank Howard.

Montpelier, Blackford Co., mercantile buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose cotton, good 400 ft;

value of fire department equipment \$260; total membership 18, volunteers; bell alarm. Chief engineer, John F. Cloud.

WATER SUPPLY—Source, cisterns.

Mount Vernon, Posey Co., population 7000; mercantile buildings, brick, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 1600 ft; value of fire department equipment \$2700; total ann expenses of department \$800; total membership 45, volunteers; whistle and bell alarm. Chief engineer, Louis Fuelling.

WATER SUPPLY—Source, river; system, pumping to standpipe; Blake pumping engines, dy cap 2,000,000 gals; hydrants 82; pipe 8 miles; pressure 98. City clerk, C. L. Prosser.

Munsee, Delaware Co., population 15,000; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1 and 2 stories; metal roofs used; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 400 ft, rubber good 2000 ft; 2 horses, value \$300; value of fire department equipment \$30,000; value of buildings occupied \$15,000; total ann expenses of department \$3000; total membership 21; paid full time 3, paid part time 18; Gamewell alarm; 2 fire companies. Chief engineer, H. L. Richey; chairman fire and water com, C. W. Kelgove.

WATER SUPPLY—Source, river and 19 cisterns, cap of cisterns 1000 barrels daily; system, direct; hydrants 85. Mayor, Frank Ellis; city clerk, J. A. Brown.

New Albany, Floyd Co., population *25,000; fire area 5 sq. miles; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck; 6 hose carriages, all kinds; other apparatus, hose reel and 2 hand pumps; hose rubber, good 1600 ft, inferior 1600; 9 horses, value \$1570; value of fire department equipment \$10,000; value of buildings occupied \$16,000; total ann expenses \$30,000, includes water dept; total membership 13, paid; electric Gamewell alarm; 21 street boxes; 4 fire companies. Chief engineer, W. Merker; chairman of fire and water com, P. M. Kepley.

WATER SUPPLY—Source, river; system, gravity; 3 reservoirs; cap 11,000,000 gals; 156 hydrants; pipe 105,413 ft. Supt, Fred Rapp.

New Carlisle, St. Joseph Co., population 1000; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 800 ft, rubber good 200 ft, inferior 100 ft, leather good 100 ft, linen 400; value of fire department equipment \$3000; value of buildings occupied \$3000; total membership 16, volunteers; electric bell alarm; 2 street boxes. Chief engineer, A. Lindahl.

WATER SUPPLY—Source, wells; system, pumping from wells to reservoir; reservoir cap 60,000 gals; Worthington pumping engines, dy cap 800,000 gals; 20 hydrants; pipe 2½ miles, 4 to 6 in dia; 10 gates; pressure 4 to 120 pounds; cost to construct \$15,000; ann expenses \$750. Pres, W. L. Brummitt; supt, D. A. White; town clerk, J. C. Davis.

New Castle, Henry Co., population 8500. Fire department—1 hook and ladder truck; hose rubber, good 1000 ft; total membership 40, volunteers. W. D. Jennings.

WATER SUPPLY—Source, artesian wells; system, direct pumping; Holly pumping engines, dy cap 1,500,000 gals; 85 hydrants, Holly; pipe 8 miles, 12, 10, 8 to 6 in dia, Addison, Steel & Pipe Co.; 12 valves, Galvin; quality of water first-class; pressure, domestic 80, fire 120 pounds; cost to construct \$25,000; ann expenses about \$1200; int on bonds 5 per cent. Pres, R. M. Chambers; supt, Geo. T. Melle; pres council, W. M. Pence; village clerk, Ed. Pitman.

New Harmony, Posey Co., population 2000; mercantile buildings, brick, 2 stories; private, wood, 1 story. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 100 ft, rubber, good 500 ft; inferior 100 ft, linen 50 ft, inferior 100; value of fire department equipment \$1200; total ann expenses of department \$50; total membership 30, volunteer; bell alarm. Chief engineer, A. Dranfield; chairman of fire and water com, W. O. Tretheway.

WATER SUPPLY—Source, wells, river and cisterns; system, pumping to standpipe. Mayor, W. Read; town clerk, E. R. Snelling.

New Haven, Allen Co., population *1100; buildings, frame, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage,

hose rubber, good 1400 ft. inferior 100 ft.; value of fire department equipment \$3000; value of 1 building owned \$500; bell alarm.

WATER SUPPLY—Source, 2 wells.

Noblesville, Hamilton Co., population 4000; fire area 1 mile long and $\frac{1}{2}$ mile wide; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 $\frac{1}{2}$ and 2 stories; wooden roofs not permitted inside fire limits. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft.; value of buildings occupied \$200; total ann expenses of department \$106; total membership 30, volunteers; bell alarm; 1 fire company. Chief engineer, J. G. Esington.

WATER SUPPLY—Source, wells and cisterns. Mayor, J. Neil; city clerk, David Martin.

North Manchester, Wabash Co., population 3000. Fire department—1 steam fire engine; 1 hook and ladder truck; 2 hose carriages; hose rubber, good 3000 ft.; total membership 47. Chief engineer, W. E. Thomas.

WATER SUPPLY—Source, cisterns and river. Town clerk, Joseph Cowgill.

North Vernon, Jennings Co., population *3600; buildings, brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft.; value of fire department equipment \$6000; total ann expenses of department \$300; total membership 60, paid part time 1; bell alarm. C. E. Billings.

WATER SUPPLY—Source, ponds, 1 cistern; cap of cistern 700 barrels. Mayor, W. S. Prather; city clerk, J. L. Hudson.

Oldenburgh, Franklin Co., population *800; fire area 160 acres; buildings, brick, 2 to 4 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft. inferior 100 ft.; value of fire department equipment \$1800; value of buildings occupied \$300; total ann expenses of department \$300; total membership 94, volunteers. J. B. Enneking.

WATER SUPPLY—Source, stream; 7 cisterns. Town clerk, John E. Bonner.

Osgood, Ripley Co., population 1800; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; other apparatus; hose cotton, good 600 ft., rubber good 600 ft.; total membership 24, volunteer. Chief engineer, W. E. Jones; chairman of fire and water com, Jas. M. McCoy.

Pera, Miami Co., population *8000; fire area 1500 acres; mercantile buildings, brick, 3 stories; private, frame, 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 2000 ft.; value of fire department equipment \$7000; value of 1 building owned \$1500; total ann expenses of department about \$600; total membership 40, volunteers; telegraph alarm; 7 street boxes. Alex. Appel.

WATER SUPPLY—Source, river; system, pumping from river to reservoir; reservoir cap 1,500,000 gals.; Worthington pumping engines, dy cap 600,000 gals.; 107 hydrants; pipe 12 inches, 6 to 16 in dia; 84 gates, Ludlow; 2 meters, Crown; pressure, domestic 38 to 75 pounds; cost to construct \$110,000, ann expenses about \$2500. Pres, Chas. Wilson; supt, Jno. Stewart; mayor, J. A. Graham; city clerk, Chas. Denniston.

Petersburg, Pike Co., population 2000; fire area 500 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft. inferior 50 ft.; value of fire department equipment \$1000; value of buildings occupied \$300; total membership 33, volunteers; bell alarm. Chief engineer, Geo. W. Gullick.

WATER SUPPLY—Source, 2 cisterns of 300 barrels each cap.

Pierceton, Kosciusko Co., population 1300. Fire department—1 hand engine, 10 chemical extinguishers, 1 hose carriage; hose rubber, good 400 ft. inferior 400 ft.; total membership 40, volunteers. F. H. Foster.

WATER SUPPLY—Source, 8 cisterns, cap 100,000 gals. S. M. Cochran.

Plymouth, Marshall Co., population 3200; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, all kinds; hose cotton, good 750 ft., rubber good 600 ft., inferior 200 ft.; 1 horse, value \$150; value of equipment and buildings occupied \$6000; total ann expenses of de-

partment \$400; total membership 105, volunteers; 4 fire companies. Chief engineer, Fred H. Kuhn; chairman of fire and water com, J. M. Confer.

WATER SUPPLY—Source, 4 driven wells; system, direct pumping; Holly pumping engines, dy cap 1,600,000 gals; 83 hydrants, Holly, pipe 8 $\frac{1}{2}$ inches, 12, 8, 6 and 4 in dia, Michigan Pipe Co.; 10 valves, Michigan Pipe Co.; quality of water good; pressure, domestic 40, fire 80 to 100 pounds; cost to construct \$17,000; ann expenses \$1500; int on bonds 4 per cent. Pres, J. V. Artley; sec, A. R. Underwood; mayor, O. M. Packard; city clerk, J. M. Keyser.

Portland, Jay Co., population *6000. Fire department—1 hook and ladder truck, 2 hose carriages; total membership 20, volunteers. Jno. Canfield.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. M. Bellman.

Princeton, Gibson Co., population 3500. Fire department—1 hand engine, 1 hook and ladder truck; total membership 4, volunteers, paid part time. Wm. G. Moorman.

WATER SUPPLY—Source, public and private cisterns; quality of water good. Mayor, J. B. Gamble; city clerk, C. W. Benton.

Richmond, Wayne Co., population 22,000; fire area 2600 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 4 chemical hand extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose cotton, good 4500 ft., rubber good 600 ft.; 9 horses, value \$2000; value of fire department equipment \$18,000; value of buildings occupied \$30,000; total ann expenses of department \$10,000; total membership 30, paid full time 8, part time 12; electric alarm; 83 street boxes; 5 fire companies. Chief engineer, Jas. Parsons; chairman of fire com, D. P. Whelan.

WATER SUPPLY—Source, springs; system, pumping to reservoir and direct; Gaskill pumping engines, dy cap 4,000,000 gals; 218 hydrants, Matthews; pipe 37 miles, 6 to 30 in dia, Addison and others; 110 valves, Ludlow; 60 meters, Union and Worthington; filtration gravel bed; pressure, 5 to 150 pounds; ann expenses \$10,000; int on bonds \$10,000. Pres, D. K. Zeller; supt, T. M. Curtis; mayor, John P. Thistlewaite; city clerk, M. T. Nordyke.

Roann, Wabash Co., population 1000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, value of fire department equipment \$800; value of buildings occupied \$500. H. C. Shuler.

Rochester, Fulton Co., population *3000; fire area 600 acres; buildings, frame and brick. Fire department—1 fire engine, 2 hose carriages; hose rubber, good 200 ft.; total membership 46. W. W. Stickels.

WATER SUPPLY—Source, wells. Town clerk, Joseph Ault.

Rockport, Spencer Co., population 3500; fire area 700 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted. Fire department—12 chemical hand extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft.; value of fire department equipment \$1500; value of buildings occupied \$3000; total membership 25, volunteer; bell alarm; 2 fire companies. Chief engineer, O. L. Wester; chairman of fire and water com, Gus Britzus.

WATER SUPPLY—Source, Ohio River; system, gravity and pumping to reservoir from river; Smith & Valle pumping engines, dy cap 1,000,000 gals; 17 hydrants, Ludlow; pipe 8 miles, 8, 6 and 4 in dia, Dennis, Long & Co.; 4 meters, Hersey; pressure 40 to 60 pounds; cost to construct \$20,000. Pres, S. W. Stocking; supt, S. H. Kennedy; mayor, Chas. Leib; city clerk, L. J. Held.

Rockville, Parke Co., population *3000; mercantile buildings, brick and stone, 1, 2 and 3 stories; private, brick, stone and wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 12 chemical extinguishers; 1 hose carriage; hose rubber, inferior 400 ft.; bell alarm.

WATER SUPPLY—Source, wells. Mayor, R. Dooley; town clerk, Ed. Lambert.

Rushville, Rush Co., population 4500. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, hose rubber, good 1400 ft.; 8 horses, value \$300; value of fire department equipment \$8000; value of buildings occupied \$3000; total ann expense \$2000; total membership 21, paid full time 2, paid part time 19. Chief engineer, S. J. Finney; chairman of fire and water com, W. A. Caldwell.

INDIANA—Continued.

WATER SUPPLY—Source, inexhaustible wells and 12 cisterns; pressure 80 to 180 pounds. Mayor, W. T. Jackson; city clerk, John Keeley.

Salem, Washington Co., population *900. Fire department—1 steam fire engine, 1 chemical engine, 2 hose carriages; hose rubber, good 1200 ft; total membership 40, all volunteers. M. K. Chapman.

WATER SUPPLY—Source, creek and 7 cisterns; system, pumping to reservoir; Deane pumping engines, dy cap 1,200,000 gals; 11 hydrants; 8 miles pipe, 4 to 8 in dia; 6 Eddy gates; pressure, domestic 80 to 70 pounds; cost to construct \$15,000; ann expenses about \$200. Pres, J. Berkeley; supt, E. Craycroft; mayor, M. Meyer; clerk, J. H. Masterton.

Scottsburg, Scott Co., population 1000; buildings, frame. Fire department—Buckets and ladders; steam whistle and bell alarm.

WATER SUPPLY—Good. (Not described.) Town clerk, W. H. Penning.

Seymour, Jackson Co., population 8000; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, inferior 200 ft, rubber good, 3000 ft; value of fire department equipment \$9000; value of buildings, 2 owned, \$4000; total membership 32, paid full time 12. Chief, Jas. Degoye.

WATER SUPPLY—Source, East Branch, White River; system, pumping to standpipe and direct; Smith & Vaile pumping engines, dy cap 8,000,000 gals; 101 hydrants, Bourbon B. & I. Works; 10 miles pipe; 4 to 12 in dia, Dennis, Long & Co.; 43 valves, Bourbon B. & I. Works; 4 meters, Crown & Hersey; quality of water, soft, medium, filtration natural; pressure, domestic 55, fire 100 to 120 pounds. Pres, W. E. McMillan; supt, J. A. Lamon; mayor, D. W. Johnson; city clerk, Wm. Klitch.

Shelbyville, Shelby Co., population 7000; fire area 700 acres; mercantile buildings, brick, tin roofs, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 steam fire engine not in use, 1 hook and ladder truck, 2 hose carriages, all kinds; hose rubber, good 1400 ft; value of fire department equipment \$4000; value of buildings occupied \$4000; total ann expenses of department \$800; total membership 23, paid part time 13; remainder volunteers; bell and whistle alarm; 2 fire companies. Chief engineer, Wm. A. New; chairman of fire and water com, F. D. Blanchard. Electric alarm system to be erected.

WATER SUPPLY—Source, well; system, gravity and pumping to standpipe; standpipe 126 ft high, 5 ft in dia; Worthington pumping engines, dy cap 2,000,000 gals; 80 hydrants; 8 miles pipe; 20 gates; quality of water good; pressure 180 pounds; cost to construct \$20,000; ann expenses \$2000. Supt, H. S. Byers; mayor, J. C. Edwards; city clerk, Geo. Oefelein.

South Bend, Saint Joseph Co., population 30,000; fire area 2375 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, brick inside fire limits, 3 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 9 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, good 3000 ft, rubber, good 500 ft, inferior 200 ft; leather, good 450 ft; 12 horses, value \$2400; value of fire department equipment \$29,950; value of buildings occupied \$10,000; total ann expenses of department \$16,000; total membership 32, paid full time 18, paid part time 14; Gamewell electric and telephone alarm; 25 street boxes. Chief engineer, Isaac Hutchins; chairman of fire and water com, Alex. Staples.

WATER SUPPLY—Source, artesian wells; system, pump to standpipe; Deane pumping engines, dy cap 6,000,000 gals; 106 hydrants; 27 miles pipe, 4 to 30 in dia; 180 meters, various; quality of water pure; pressure, domestic 75, fire 95 pounds; cost to construct \$250,000; ann expenses \$6000. Pres of com, Alex. Staples; supt, Ira S. Schrop; mayor, Wm. Longley; city clerk, David Casey.

Spencer, Owen Co., population 2000; fire area 640 acres; mercantile buildings, brick, stone and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 600 ft, rubber, good 550 ft; value of fire department equipment \$1000; value of buildings occupied \$300; total ann expenses of department \$200; total membership 40, volunteers; bell alarm. Chief engineer, N. W. Williams.

WATER SUPPLY—Source, river, creek and cisterns. Town clerk, B. B. Demarcas.

Sullivan, Sullivan Co., population *5000; fire area 490 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose rubber, good 1500 ft; value of fire department equipment \$10,000; value of buildings occupied \$1500; total membership 75, volunteers; bell alarm; 2 fire companies. Chief engineer, W. M. Wilson; chairman of fire and water com, B. Stansil.

WATER SUPPLY—Source, wells and cisterns. City clerk, J. M. DeCamp.

Tell City, Perry Co., population 3000; fire area 355 acres; buildings, brick and frame, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, all kinds; hose rubber, good 900 ft, linen good 700 ft; value of fire department equipment \$1500; value of buildings occupied \$300; total membership 90, volunteer; bell alarm. Chief engineer, Henry Bader.

WATER SUPPLY—Source, 19 cisterns, supplied by gutters; dy cap of cisterns 100,000 gals. Mayor, H. Ludwig; city clerk, Fred. Kaehlin.

Terre Haute, Vigo Co., population 40,000; fire area 5000 acres; mercantile buildings, brick and frame, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 12 tank champion chemical engines, 1 hook and ladder truck, 1 hose carriage, 5 hose wagons, 1 supply wagon and chief's buggy, hose cotton, good 4000 ft, inferior 800 ft, rubber good 1000 ft; 23 horses, value \$4000; value of fire department equipment \$32,000; value of buildings occupied \$30,000; total membership 42, paid full time 30; Gamewell telegraph alarm; no of street boxes 46; total no of fire companies 7. Chief engineer, John Kennedy; chairman of fire and water com, Samuel Hybarger.

WATER SUPPLY—Source, Wabash River; system, direct; Clapp and Jones pumping engines, dy cap 8,000,000 gals; hydrants 418, Mathews and R. D. Wood & Co.; pipe 31 miles, 6, 8, 10, 12 and 16 in dia, Addison P. & S. Co.; 123 valves, Ludlow; 4 meters, Crown and Hersey; quality of water good, filtration National Filter Co.; pressure, domestic 60, fire 120 pounds; cost to construct \$600,000; ann expenses \$15,000; int on bonds \$8000. Pres com, J. C. Kolsem; supt, L. L. Williams; mayor, Frank Donaldson; city clerk, A. C. Duddleston.

Tipton, Tipton Co., population 3500, fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, rubber buckets; hose rubber, good 150 ft; value of fire department equipment \$1800; total membership 23, volunteers; whistle alarm. Chief engineer, S. Rosenthal.

Union City, Randolph Co., population 5000; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 3 hose carriages; hose rubber, good 1300 ft, inferior 400 ft; value of fire department equipment \$1500; value of buildings occupied \$3000; total membership 60, volunteers; bell alarm; total no of fire companies 3. Chief engineer, Dolph Adams; chairman of fire and water com, J. M. Shank.

WATER SUPPLY—Source, well; system, direct pumping; Deane pumping engines; hydrants 55; pipe 9 miles, 6 to 14 in dia; 25 gates; 25 meters, Union Crown; pressure 40 to 80 pounds. Pres, J. M. Skanet; supt, Eugene Pettis; mayor, T. H. Boehm; city clerk, Lew Heck.

Valparaiso, Porter Co., population *9000; fire area 497 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 hand engines not in use, 3 hook and ladder trucks, 3 hose carriages, all kinds; hose cotton, good 600 ft, inferior 1400 ft, rubber inferior 750 ft; value of fire department equipment \$4500; value of buildings occupied \$4000; total membership 60; bell and telephone alarm; total no of fire companies 4. Chief engineer, L. T. White.

WATER SUPPLY—Source, lake; system, direct; Gaskill pumping engines, dy cap 1,500,000 gals; hydrants 55; pipe 12 miles, 4, 6, 8, 10 and 12 in dia, Michigan Pipe Co.; 51 valves, Galvin; 45 meters, Worthington; quality of water soft; pressure, domestic 25, fire 60 to 80 pounds; int on bonds 6 per cent. Pres, S. V. Saleno; supt, Don A. Saylor; mayor, Thos. G. Lytle; city clerk, E. Norris.

Vevay, Switzerland Co., population 2000; mercantile buildings, frame and brick. Fire department—2 chemical engines, 2 hook and ladder trucks; hose rubber, good 300 ft; value of fire department equipment \$3000; total membership 40, volunteers; bell alarm. O. Johnson.

WATER SUPPLY—Source, cisterns, river and wells; town clerk, Chas. Keisel.

Vincennes, Knox Co., population 15,000; mercantile buildings, frame, 3 stories; wooden roofs permitted outside fire limits. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 3000 ft; 5 horses, value \$300; value of fire department equipment \$3500; value of buildings occupied \$5000; total ann expenses of department \$4000; total membership 18, paid full time 4, paid part time 14; Gamewell alarm; no of street boxes 20; total no of fire companies 4. Chief engineer, Geo. Fendrick; chairman of fire com, John Kramer.

WATER SUPPLY—Source, Wabash River; system, pumping to standpipe; Deane pumping engines, dy cap 3,000, (100 gals each; hydrants 155, Ludlow; pipe 15 miles, 6 to 22 in dia, Dennis Long & Co.; 65 valves, Ludlow; 30 meters, Crown; pressure, domestic 75, fire 150 pounds. Supt, L. J. Weisenbeiger; mayor, Hon. F. Murphy; city clerk, Geo. E. Green.

Wabash, Wabash Co., population 7500; fire area 225 acres; mercantile buildings, brick, stone and wood, 2 to 4 stories; roofs are tin, slate and shingle. Fire department—1 hand engine not used, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 800 ft, rubber good 1500 ft; 4 horses, value \$1000; value of fire department equipment \$5000; value of buildings occupied \$15,000; total ann expenses of department \$3000; total membership 55; bell alarm; total no of fire companies 2. Chief engineer, Joe W. Davis; chairman of fire and water com, A. S. Ross.

WATER SUPPLY—Source, flowing wells; system, pumping to standpipe; Holly pumping engines, dy cap 3,000,000 gals; hydrants 184, Ludlow; pipe 18 miles, 12 to 6 in dia, Dennis Long & Co.; 63 valves, Ludlow; quality of water excellent; pressure 50 to 75 pounds; cost to construct \$130,000; ann expenses \$3000; int on bonds 7800. Supt, N. S. Stitt; mayor, H. C. Pettit; city clerk, J. W. H. McGuire.

Warsaw, Kosciusko Co., population 4500; mercantile buildings, brick and frame, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; other apparatus, iamese couplings; hose rubber, good 2100 ft; value of fire department equipment \$4000; value of 1 building owned \$2000; total membership 150, volunteers; bell alarm. Chief engineer, Perry Brown.

WATER SUPPLY—Source, lake; system, pumping to standpipe and direct; Worthington pumping engines, dy ap 1,000,000 gals; 52 hydrants, Mathews; pipe 6 miles, 4 to 8 in dia, Nat'l Tube Works; 18 valves; pressure, domestic 40, fire 80 pounds; cost to construct \$80,000; ann expenses \$5000; int on bonds \$300. Pres, Jas. S. Frasier; mayor, L. W. Roysse; city clerk, Elmer Haiter.

Washington, Daviess Co., population 7500; fire area 60 acres; mercantile buildings, brick and iron, 3 stories, rivate, frame, 2 stories. Fire department—2 hook and ladder trucks; 2 hose carriages; other apparatus, bucket cart, 60 buckets; hose cotton, good 800 ft, rubber good 1500; value of fire department equipment \$5700; total ann expenses of department \$1000; total membership 60, volunteers; bell alarm system. Chief engineer, Jos. Faust.

WATER SUPPLY—Source, river; system, pumping from river and cistern to standpipe; Holly pumping engines,

dy cap 1,500,000 gals; 90 hydrants; pipe 11 miles, 6 to 12 in dia, 60 Ludlow gates; 10 meters, Crown; pressure 50 to 150 pounds. Pres, H. H. Hodgkins; supt, R. Boyce; mayor, J. W. Ogden.

Waterloo, DeKalb Co., population 2000. Fire department—1 hand engine, 1 hook and ladder truck with buckets; hose rubber, good 800 ft; total membership 45, volunteer. Chief engineer, L. S. Smith.

WATER SUPPLY—Source, 17 cisterns, total cap 30,000 gals. City clerk, M. Kiplinger.

Westville, La Porte Co., population 600; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 320 ft; value of fire department equipment \$500; value of buildings occupied \$250; total membership 40, volunteer; bell alarm. Chief engineer, Welcome Jerome.

Williamsport, Warren Co., population 1500; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft; value of fire department equipment \$1000; value of buildings occupied \$300. Chief engineer, F. L. Gemmer.

WATER SUPPLY—Source, cisterns. Town clerk, S. G. Brier.

Winamac, Pulaski Co., population 1200; buildings, brick and wood, 2 stories; wooden roofs permitted; no fire department.

WATER SUPPLY—Source, wells and cisterns

Xenia, Miami Co., population 15,000; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 400 ft, rubber good 400 ft; value of fire department equipment \$300; value of buildings occupied \$500; total membership 22, paid. Chief engineer, A. Michael.

WATER SUPPLY—Source, cisterns.

Zionsville, Boone Co., population 1000; fire area 20 acres; buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage; hose linen, good 200 ft; value of fire department equipment \$300. Chief engineer, R. E. Wells.

WATER SUPPLY—Source, wells. Town clerk, C. N. Beamer.

The following places have no fire protection: Akron, Fulton Co., population 700. Arcadia, Hamilton Co., population 800. Avilla, Noble Co., population 750 (citizens have voted to put in a system of water-works and make other arrangements for fire protection. C. A. Schneiders, town clerk). Bloomfield, Greene Co., population 1000. Brimhurst, Carroll Co., population 600. Brownsburg, Jackson Co., population 800. Brownstown, Crawford Co., population 2000. Cochran, population 1500. Dana, Vermillion Co., population 1125. Denver, Miami Co., population 800. Fremont, Steuben Co., population 200. Gosport, Owen Co., population 900. Harmony, Clay Co., population 11000. Mooresville, Morgan Co., population 1200. Shoals, Martin Co., population 800. South Whitney, Whitney Co., population 900. Versailles, Ripley Co., population 600, buckets. West Lebanon, Warren Co., population 900.

IOWA.

Adel, Dallas Co., population 1400; fire area 160 acres; mercantile buildings, brick, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, chemical engine, 1 hook and ladder truck, 1 hose cart; hose rubber, good 500 ft; value of fire department equipment \$3500; value of buildings occupied \$1000; total ann expenses of department \$400; 80 members paid part time; volunteers; bell alarm. Chief engineer, S. L. Ward; chairman of fire and water com, C. D. Bailey, M. J. Roland.

WATER SUPPLY—Source, cisterns and four good wells. City clerk, M. A. Laeter.

Afton, Union Co., population 1850; mercantile buildings, brick and wood; shingle roofs. No fire department 1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, all in poor condition; hose rubber, inferior 400 ft; bell alarm.

WATER SUPPLY—Source, cisterns and wells; system, imping to reservoirs. Town clerk, John J. Baxter.

Albia, Monroe Co., population 12142. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 300 ft; total membership 60; all volunteers. Chief engineer, John T. Rowe; town clerk, Thomas Beard.

Algona, Kosuth Co., population 2500; buildings, wood and brick. Fire department—5 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; 3 force pumps, hose rubber, good 500 ft; value of fire department equipment \$1500; total membership 25, all volunteers; bell alarm. Chief engineer, A. F. Dailey.

WATER SUPPLY—Source, wells; water-works will probably be constructed this year. Mayor, J. R. Jones; clerk, W. B. Quarton.

Alta, Buena Vista Co., population 1000; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 150 ft, rubber good 300 ft, inferior 100 ft; value of buildings occupied \$300; total member-

IOWA—Continued.

ship 86, all volunteers; bell alarm. Chief engineer, C. E. Cameron.

WATER SUPPLY—Source, cisterns.

Altoona, Polk Co., population 600; fire area 195 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No fire department—1 chemical extinguisher, 1 hand hose cart, two long ladders; hose rubber, good 100 ft.

Anamosa, Jones Co., population 11874; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1400 ft; value of fire department equipment \$2500; value of buildings occupied \$600; total ann expenses of department \$200; total membership 90, all volunteers; bell alarm. Chief engineer, E. M. Harvey.

WATER SUPPLY—Source, river; system, gravity and pumping to reservoir; Gordon & Maxwell pumping engines, cap 18,000 gals hourly; 10 hydrants; 2½ miles pipe, 4 to 8 in dia; 12 gates; pressure, 40 to 100 pounds; cost to construct \$24,000; ann expenses \$2700. Pres of com, B. Huggins; supt, J. C. Griffith; mayor, E. M. Harvey; city clerk, J. B. McQueen.

Atlantic, Cass Co., population 5000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2400 ft; value of fire department equipment \$5000; value of buildings occupied \$1500; total ann expenses of department \$1500; total membership 50, all volunteers; electric alarm. Chief elected by city council. A. D. McCall.

WATER SUPPLY—Source, wells; system, direct pumping; Holly pumping engines, dy cap 3,000,000 gals; 72 hydrants, Holly; pipe 6 miles, 4 to 16 in dia; 22 valves; quality of water good; pressure, domestic 75, fire 120 to 180 pounds; cost to construct, \$71,000; ann expenses \$7151; int on bonds 6 per cent. Pres of com, J. C. Yecker; supt, W. A. Wilken; mayor, T. R. Wallace; city clerk, W. A. Wilken.

Audubon, Audubon Co., population 1500; fire area 60 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted, but tin and iron used mostly; no fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton 1600 ft; value of fire department equipment \$2000; value of buildings occupied about \$1000; total membership 56, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, E. J. Freeman; chairman of fire and water com, W. H. Scott.

WATER SUPPLY—Source, wells and creek; system, direct pumping to tank, tank cap 4000 barrels; Smith, Valle pumping engine, dy cap 100,000 gals; 7 hydrants; pipe 3675 ft. Pres of com, W. H. Scott; supt, E. J. Freeman; mayor, A. F. Armstrong; city clerk, J. A. Wheatley.

Avoca, Pottawattamie Co., population 1800; fire area about 10 acres; mercantile buildings; brick, 2 stories; private, wood (outside fire limit), 1, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 5 chemical extinguishers, 2 hose carriages; hose cotton, good 1000 ft; rubber good 550 ft, inferior 250 ft; value of fire department equipment \$8000; value of buildings occupied \$1000; total ann expenses of department \$350; total membership 23, paid part time 3, remainder volunteers; bell alarm; 1 engine and hose company. Chief engineer, Jno. T. Hazen, chairman of fire and water com, same.

WATER SUPPLY—A system of water-works will probably be put in this year.

Bedford, Taylor Co., population 2000; fire area 6 blocks; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, hook and ladder on engine; hose rubber, good 60 ft, inferior 50 ft; 2 hoses, value \$300; value of fire department equipment \$1000; value of buildings occupied \$5000; total membership 30, all volunteers; bell alarm. Chief engineer, J. R. Derrickson.

WATER SUPPLY—Source, wells and cisterns. Mayor, Chas. Thomas; town clerk, John Beauchamp.

Belle Plaine, Benton Co., population 2800; fire area 2 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; 2 hose carriages; hose rubber, good, 1000 ft; value of fire de-

partment equipment \$1800; value of buildings occupied \$4000; total ann expenses of department \$100; total membership 88, all volunteers; bell and whistle alarm. Chief engineer, T. Lawrence, Jr.

WATER SUPPLY—Source, 6 artesian wells and cisterns. Mayor, Dr. Vincent; town clerk, A. B. Anderson.

Bellevue, Jackson Co., population 1500; mercantile buildings, brick and wood, 2 stories; private, wood, brick and stone; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, rubber good 400 ft, leather good 400 ft, linen inferior 200 ft; value of fire department equipment \$3500; value of building occupied \$2000; total ann expenses of department \$250; total membership 60, paid part time 80, remainder volunteers; bell alarm. Chief engineer, Harry Roenburg.

WATER SUPPLY—Source, river, wells and 2 public cisterns supplied from roofs, cap of cisterns 600 barrels dy. Town clerk, W. F. Hauske.

Belmond, Wright Co., population 1200; fire area 200 acres; mercantile buildings, wood, 1½ stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 200 ft, inferior 100 ft; value of fire department equipment \$800; value of buildings occupied \$100; total membership 26, all volunteers; 1 fire company. Chief engineer, F. M. Mitchell.

Blainstown, Benton Co., population 800; buildings, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 100 ft; value of fire department equipment \$200; total ann expenses of department \$20; total membership 50, all volunteers; bell alarm. Chief engineer, Jas. Halstead.

WATER SUPPLY—Source, wells. Mayor, Thos. F. Barnes; town clerk, W. H. Hoebe.

Boone, Boone Co., population 7000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs not permitted on new buildings; fireworks ordinance. Fire department—1 hand engine, 2 hook and ladder trucks, 3 hose carriages; hose cotton, good 1700 ft, inferior 75 ft; value of fire department equipment \$2300; value of buildings occupied \$3000; total ann expenses of department \$2705.25; total membership 83, all volunteers; bell alarm; 3 hook and ladder companies, 2 hose companies. Chief engineer, A. P. Fogg; chairman fire and water com, R. Sutton.

WATER SUPPLY—Source, artesian well; system, gravity and direct pumping; Dean pumping engine, dy cap 80,000 gals; 19 hydrants; pipe 12½ miles, 6 to 8 in dia; 5 valves. Chapman; quality of water mineral, no filtration; pressure 45 to 180 pounds; cost to construct \$21,000; ann expenses \$1250. Supt, R. Sutton; mayor, P. Wells; city clerk, F. D. Gay.

Brooklyn, Poweshirk Co., population 1500; buildings, brick and wood. Fire department—1 steam fire engine, 1 chemical engine, 1 hose cart; hose rubber, good 1000 ft; value of fire department equipment \$3500; value of building occupied \$100; bell and whistle alarm. Chief engineer, O. F. Donovan.

WATER SUPPLY—Source, private wells and public cisterns. Mayor, E. H. Skinner; town clerk, E. J. Applegate.

Brush Creek, Fayette Co., population 800; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted but tin used mostly; no fireworks ordinance. No organized fire department; about 8 chemical extinguishers, hand grenades and ladders. City marshal, J. A. Wood.

Burlington, Des Moines Co., population 33,000; fire area 1600 acres; mercantile buildings, brick, wood and stone, 1 and 6 stories; private, wood and brick, 1 and 3 stories; metal roofs; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds; hose cotton, good 9700 ft, rubber good 700 ft; 17 hoses; value of fire department equipment \$30,000; value of buildings occupied \$3000; total ann expenses of department \$12,000; total membership 37; Gamewell fire alarm system; 23 street boxes. Chief engineer, Wm. Franken.

WATER SUPPLY—Source, river; system, direct; Holly pumping engines, dy cap 6,500,000 gals; 216 hydrants, Holly & Gaskill; pipe 19 miles, 4 to 16 in dia, Denais Long & Co., S. H. & H. Co.; 118 Eddy valves; 86 meters, Crown, Hersey, Worthington and Union Rotary; quality of water muddy in rainy seasons; pressure, domestic 95, fire 120 to 160 pounds, according to location; cost to construct \$125,000; int on bonds 6 per cent. Pres of com, Geo. D. Rand; supt, Charles Hood.

Carroll, Carroll Co., population 2800; fire area 40 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1060 ft, rubber good 600 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$100; total membership 70, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Jas. Thompson; chairman of fire and water com., I. M. Gilley.

WATER SUPPLY—Source, well; 1 reservoir supplied by pumps; 10 hydrants; pipe 2000 ft, 6 to 8 dia. Supt, Jno. H. Gelsing; city recorder, Jas. Thompson.

Carson, Pottawattamie Co., population 500; mercantile buildings, brick and wood, 1 story; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. No organized fire department; 1 hook and ladder truck; value of fire department equipment \$100; bell alarm.

Cedar Falls, Black Hawk Co., population *2600; fire area 140 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings; value of fire department equipment \$5000; value of building occupied \$400; total ann expenses of department \$525; total membership 41, paid part time 2, remainder volunteers; bell alarm. Chief engineer, C. Boehmle.

WATER SUPPLY—Source, river; system, pumping to tank; cap of tank 100,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 7 miles pipe, 4 to 10 in dia; Mathews hydrants; Worthington meters; cost to construct \$23,100. J. H. Jeffers, Geo. A. Newman.

Cedar Rapids, Linn Co., population *20,000; mercantile buildings, principally brick; private, wood; wooden roofs permitted. Fire department—3 hook and ladder trucks, 8 hose carriages, all kinds; siamese couplings; hose 6000 ft good; total ann expenses of department \$8000; total membership 300, paid full time 1; telegraph and telephone alarm; 25 street boxes; 50 fire police. Chief engineer, L. M. Ayers.

WATER SUPPLY—Source, artesian wells and river; system, direct; Worthington & McGowan pumping engines, dy cap 600,000 gals; 187 hydrants, Bourbon; pipe 18½ miles, 4 to 20 in dia, 260 valves, Eddy; 12 meters, Crown & Hersey; quality of water good, no filtration; pressure, domestic 60, fire 100 pounds; water-works owned by company; cost to construct \$240,000; int on bonds 8 per cent. Pres. of com, C. B. Soutter; supt, Charles J. Fox; mayor, J. J. Snaffer; city clerk, John Blaine.

Centre Point, Linn Co., population 1000; fire area ¾ mile square; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 400 ft, rubber good 400 ft; total membership 26, all volunteers. Chief engineer, H. B. Gott.

WATER SUPPLY—Source, cisterns.

Centerville, Appanoose Co., population *4000; fire area 2000 square feet; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; siamese couplings; hose cotton, good 1800 ft; value of fire department equipment \$10,000; total ann expenses of department \$600; total membership 52, paid full time 1; paid part time 2, volunteer members 49; bell alarm. Chief engineer, Thos. Goss.

WATER SUPPLY—Source, cisterns and 1 large well.

Chariton, Lucas Co., population *2000. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; total membership 100, paid part time 1, remainder volunteers. Chief engineer, J. S. Howard.

WATER SUPPLY—Source, 8 cisterns of 800 barrels each; 3 reservoirs. Mayor, G. W. Alexander; town clerk, C. A. Younk.

Charles City, Floyd Co., population *8000; mercantile buildings, wood and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine, 1 hook and ladder truck; value of fire department equipment \$12,000; value of building occupied \$300; total ann expenses of department \$150; total membership 26, all volunteers; bell alarm.

WATER SUPPLY—Source, river and springs; system, direct; pumping engines, dy cap 12,500 gals; 24 hydrants; 1 miles pipe 4 to 10 in dia; cost to construct \$20,000. Supt, J. C. Stearns; mayor, G. R. May; city clerk, D. H. Henthall.

Cherokee, Cherokee Co., population *4000; area 2 miles; buildings, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—1 horse power engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings, American jacket hose, 1000 ft, rubber, good 600 ft; value of fire department equipment about \$2,000; total membership 30, all volunteers. Chief engineer, W. B. Chick.

WATER SUPPLY—Source, cisterns and wells; system, pumping to standpipe; standpipe cap 5000 barrels; Smedley pumping engine, dy cap 1,000,000 gals; 17 hydrants; 2½ miles pipe, 6, 8 and 10 in dia; pressure, about 80 pounds; Holly system; supply inexhaustible. Town clerk, J. H. Umhoefer.

Clarinda, Page Co., population 2600; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 chemical engines on wheels, 2 chemical extinguishers, 2 hose carriages; hook and ladder company without truck and water brigade with 2 carts; hose cotton, good 1000 ft, rubber good 120 ft; value of fire department equipment \$500; value of buildings occupied \$2000; total membership 66, all volunteers; bell and steam whistle alarm; 1 fire company; 2 chemical engine companies; 1 hook and ladder company; 2 hose teams; 2 water brigades. Chief engineer, Frank Miller.

WATER SUPPLY—Source, wells; system, direct pumping; Worthington pumping engines, dy cap 1,500,000 gals; 66 hydrants; 4½ miles pipe, 4 to 12 in dia; Galvin valves; Hersey meters; quality of water good, not filtered; pressure 60 to 120 pounds; cost to construct \$40,000; ann expenses about \$1500. Mayor, E. P. H. Stone, city clerk, W. L. Lundy.

Clear Lake, Cerro Gordo Co., population *1800; buildings, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose linen, good 60 ft, rubber good 800; value of fire department equipment \$1625; total ann expenses of department \$100; total membership 60, all volunteers; bell alarm. Chief engineer, John Clay.

WATER SUPPLY—Source, lake and 2 cisterns; cap of cisterns 800 gals each. Mayor, D. W. Hurn; town clerk, C. A. Cooley.

Clinton, Clinton Co., population 18,000; fire area 10 acres; mercantile buildings, brick, 1 to 4 stories; private, wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 4800 ft, rubber good 3000 ft, inferior 200 ft; 8 hoses, value \$300; value of fire department equipment \$15,000; value of buildings occupied \$15,000; total ann expenses of department \$6000; total membership 26, paid full time 5, volunteer members 30; telephone alarm; 4 hose companies. Chief engineer, E. A. Burke; chairman of fire and water com, Thos. price.

WATER SUPPLY—Source, river, 2 artesian wells, 8 cisterns; system, direct; 125 hydrants; 18 miles pipe. Supt, O. Meser; city clerk, L. F. Sutton.

Colfax, Jasper Co., population 1000; fire area business section. Fire department—Apparatus purchased. Chief engineer, Wm. Craft.

WATER SUPPLY—Source, river and wells; system, gravity, pumping to reservoir and direct; Cameron pumping engines, dy cap 40,000 gals; 9 hydrants; 5½ miles pipe, 1 to 6 in dia; 7 gates; pressure 70 pounds; water-works owned by city; cost to construct \$7000; ann expenses \$300. Supt, G. A. Goodrich; mayor, J. A. Mattern; city clerk, J. C. Balthus.

Corning, Adams Co., population 3000; fire area 600 acres; mercantile buildings, wood and brick, 3 stories; private same; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber, good 600 ft; value of fire department equipment \$6000; value of buildings occupied \$6000; total membership 57, volunteers; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, J. L. Swining; chairman of fire and water com, G. G. Williams.

WATER SUPPLY—Source, wells; system, pumping to tank; cost to construct \$20,000. Town clerk, W. H. Clark.

Council Bluffs, Pottawattamie Co., population 35,000; mercantile buildings, brick and wood, 1 to 5 stories; private, same; fireworks ordinance. Fire department—3 steam fire engines (2 not in use), 2 hook and ladder trucks, 8 hose carriages; hose rubber, good 3500 ft, inferior 1000 ft; 10 hoses; value of fire department equipment \$40,000; value of buildings occupied \$17,000; total

IOWA—Continued.

expenses of department in 1888 \$15,680; total membership 25, paid full time 17, paid part time 8; telegraph alarm; 20 street boxes. Chief engineer, Chas. D. Walters.

WATER SUPPLY—Source, Missouri River; system, gravity, pumping to reservoir and direct; Knowles' pumping engines, dry cap 7,000,000 gals; 222 hydrants; pipe 81 miles, 4 to 30 in dia; 211 gates; 196 meters; pressure 80 to 125 pounds; cost to construct \$750,000; ann expenses \$17,000. Pres of com, Robt. Sewell; supt, H. Birkenbine; mayor, M. F. Rohrer; city clerk, F. A. Burke.

Crissco, Howard Co., population *2000. Fire department—1 hook and ladder truck. Chief engineer, C. F. Stremel.

WATER SUPPLY—Source, wells. Town clerk, H. J. Jerlied.

Creston, Union Co., population 8000; fire area 25,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 800 ft, rubber good 8000 ft; 4 horses, value \$700; value of buildings occupied \$4000; total membership 90; paid full time 2, volunteer members 88; bell and whistle alarm; 1 engine company, 1 hook and ladder company, 8 hose companies. Chief engineer, Ed. W. Graham; chairman of fire and waer com, E. J. Lichly.

WATER SUPPLY—Source not stated; reservoir; 6 hydrants. Mayor, John A. Patterson; city clerk, E. J. Lichly.

Dallas Centre, Dallas Co., population 490; mercantile buildings, wood, 1 and 2 stories; private, same. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage, hooks, ladders and buckets; hose rubber, good 800 ft; value of fire department equipment \$800; total membership 86; volunteer; bell alarm. Chief engineer, E. J. M. Stevens.

WATER SUPPLY—Source, wells. Village clerk, Ed. Everts.

Davenport, Scott Co., population 33,000; fire area 3000 acres; mercantile buildings, brick, 2 to 5 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated in fire limits. Fire department—1 steam fire engine, 1 double tank chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; hose cotton, good 7000 ft, inferior 400 ft; 12 horses, value \$2400; value of fire department equipment \$35,000; value of buildings occupied \$30,000, total ann expenses of department \$14,500; total membership 40, paid full time 19, volunteer members 21; Gamewell alarm; no of street boxes 32; 1 engine and hook and ladder company, 4 hose companies. Chief engineer, Marsh Noe; chairman of fire and water com, Theodor H. Rath.

WATER SUPPLY—Source, river; system pumping to reservoir and direct; Worthington and Clapp & Jones pumping engines, dry cap 18,000,000 gals; 819 hydrants; pipe 84 miles, 4 to 24 in dia; 450 gates; 80 meters; pressure 40 to 150 pounds; water-works owned by company; cost to construct \$1,000,000. Pres of com, N. Kuhner; supt, T. N. Hooper; mayor, E. Claussen; city clerk, M. McSteen.

Dayton, Webster Co., population 850; mercantile buildings, wood and brick, nearly 3/4 to 2 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 600 ft; value of fire department equipment \$600; value of buildings occupied \$100, total ann expenses of department \$25; total membership 24, volunteers; triangle and church bells alarm; 1 fire company. Fire marshal, Milon E. Curtis; chairman of fire and water com, J. A. Lindberg.

WATER SUPPLY—Source, cisterns.

Decorah, Winnebick Co., population \$3500; fire area 200 acres; mercantile buildings, brick and stone, 2 stories; private, brick and wood, 2 stories. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft; value of fire department equipment \$3000; 2 buildings occupied; total ann expenses of department \$150; total membership 88, volunteers; bell alarm. Chief engineer, George Q. Gardner.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 600,000 gals; pumping engines, dry cap 200,000 gals; hydrants 18; pipe 6 miles, 4 to 8 in dia; cost to construct \$80,000; int on bonds 6 per cent. Pres com, A. M'Kay; supt, O. Hoffas; mayor, H. C. Bullard; town clerk, W. R. Foye.

Denison, Crawford Co., population *2000; fire area 640 acres; mercantile buildings, wood, 1 and 2 stories; private same. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose lines, good 100 ft, rubber good 300 ft, inferior 300 ft; value of fire department equipment \$2500; value of buildings occupied \$800; total membership 45, volunteers; bell alarm. Chief engineer, R. Shaw.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; pumping engines, dry cap 800,000 gals; hydrants 11; pipe 2 miles, 1 to 6 in dia; pressure 20 to 85 pounds; cost to construct \$12,000. Supt, N. J. Wheeler; mayor, E. K. Burch; town clerk, C. M. Staley.

Des Moines, Polk Co., population 50,000; fire area 5 by 7 miles; mercantile buildings, brick and stone, 1 to 6 stories; private, brick and wood, 1 to 8 stories; wooden roofs not permitted in fire limits. Fire department—1 reserve steam fire engine, 8 chemical engines on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 7 hose carriages; hose cotton, good 8000 ft, rubber good 4000 ft; 22 horses, value \$3500; 6 buildings occupied, owned by city; total ann expenses of department \$30,000; total membership 84, paid full time 84; Gamewell and telephone alarm; street boxes 20. Chief engineer, R. C. Johnson.

WATER SUPPLY—Source, Raccoon River; system, direct pumping; Holly and Worthington pumping engines, dry cap 11,000,000 gals; hydrants 617, Holly; pipe, D. Long & Co., 60 miles, 6 to 20 in dia; Ludlow valves; 1500 meters. Crown, Hersey, Worthington, Union; quality of water excellent; pressure, domestic 90, fire 130 pounds; cost to construct \$1,200,000; ann expenses \$40,000. Pres of com, F. M. Hubbel; manager, A. N. Denman; mayor, J. C. Campbell; city clerk, I. A. Hammer.

De Witt, Clinton Co., population *1536; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; hose rubber, good 650 ft; leather good 50; value of fire department equipment \$1000; 1 building occupied, owned by town; total membership 30, volunteers; bell alarm. Chief engineer, W. A. Latham.

WATER SUPPLY—Source, well and 2 cisterns; cap of cisterns each 20,000 gals. Town clerk, W. H. Schlubach.

Dubuque, Dubuque Co., population 32,000; fire area 3200 acres; mercantile buildings, brick, 4 stories; private, brick and wood, 2 1/2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose rubber, good 4000 ft, inferior 1000; 11 horses; value of fire department equipment \$25,000; value of buildings occupied \$30,000; total ann expenses of department \$15,000; total membership 25, paid full time 30, paid part time 6; telephone and telegraph alarm; 33 street boxes. Chief engineer, J. H. Trieb.

WATER SUPPLY—Source, level and artesian wells; system, gravity, pumping to reservoir, standpipe and direct; Smedley pumping engines, dry cap high service 500,000 gals, low service 1,600,000 gals; 187 hydrants, Holly; pipe 20 miles, 4 to 12 in dia; 150 valves, Ludlow; 20 meters; quality of water pure; pressure 40 pounds; water-works owned by company. Pres of com, S. Chamberlain; supt, N. W. Kimball; mayor, R. W. Stewart; city clerk, Jas. Fitzpatrick.

Dunlap, Harrison Co., population *1408; mercantile buildings, brick and wood; private same. Fire department—1 chemical engine on wheels; value of fire department equipment \$550; bell alarm. Chief engineer, B. F. Philbrook.

WATER SUPPLY—Source, artesian well. Town clerk, F. A. Dean.

Dyersville, Dubuque Co., population *1200; mercantile buildings, wood; private same. Fireworks department—1 hand engine, 1 hook and ladder truck, 1 hose cart; total membership 70, volunteers; bell alarm. Chief engineer, Wm. MacHogan.

WATER SUPPLY—Source, river and cisterns.

Dysart, Tama Co., population 1000; fire area 160 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 Remington hand or horse engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 800 ft, rubber good 800 ft; value of fire department equipment \$3500; value of buildings occupied \$500; total membership 40, volunteers; bell alarm. Chief engineer, E. F. Douglass.

WATER SUPPLY—Source, cisterns. Mayor, N. C. Rice; town clerk, A. N. Stewart.

Eagle Grove, Wright Co., population 3500; fire area 040 acres; mercantile buildings, brick for past 3 years with tin roofs, 2 stories; private, wood, 1 story; fireworks

ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; stationary pump, cap 400 gals per minute; hose linen, good 1000 ft; value of fire department equipment \$1500; value of buildings occupied \$500; total membership 65, volunteers; whistle alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, G. H. Curlion; chairman fire and water com, A. G. Brenneck, Geo. Wright.

WATER SUPPLY—Source, flowing wells (water-works proposed). Mayor, D. C. Filkins; town clerk, C. A. Shaffter.

Earlville, Delaware Co., population *1100; mercantile buildings brick and wood, 1½ and 2 stories; private, same. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; hose rubber, good 800; total membership 50; bell alarm. Chief engineer, J. B. Taylor.

WATER SUPPLY—Source, 3 cisterns, cap 800 barrels each. Mayor, H. G. Miller; town clerk, S. K. Virtue.

Eldon, Wapello Co., population *1288; mercantile buildings, wood, 1½ stories, private, same; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$550; total membership 26; whistle alarm.

WATER SUPPLY—Source, wells. Town clerk, D. M. Moore.

Eldora, Hardin Co., population *1644; buildings, brick and wood. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose rubber, good 1500 ft; value of fire department equipment \$1750; value of 2 buildings occupied \$1000; volunteer members.

WATER SUPPLY—Source, wells; 5 hydrants.

Emmettsburg, Palo Alto Co., population *1284; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 12 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 200 ft; value of fire department equipment \$1500; total membership 40, volunteers; bell alarm. Chief engineer, P. O. Refsell.

WATER SUPPLY—Source, wells and lake; water-works in course of construction. Mayor, B. E. Kelley; town clerk, D. W. Burlingame.

Estherville, Emmett Co., population 1800; fire area 40 acres, mercantile buildings, wood, 2 and 3 stories; private, wood; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; R. R. Co. has hose cart and hose; hose rubber, good 800 ft; value of fire department equipment \$700; value of buildings occupied \$100; total membership 32, volunteers; triangle alarm; 1 engine company; 1 hook and ladder company; 1 hose company. Chief engineer, F. L. Ronemus; chairman of fire and water com, A. O. Peterson.

WATER SUPPLY—Water-works proposed.

Fairfield, Jefferson Co., population *8500. Fire department—1 hook and ladder truck, 2 hose carriages; hose 1000 ft; total membership 21. Chief engineer, Geo. D. Clarke.

WATER SUPPLY—Source, pond; system, pumping to standpipe and direct; Blake pumping engines, dy cap 1,500,000 gals; 33 hydrants, Ludlow; pipe, Shickle, H. & H., 5 miles; 22 valves, Ludlow; 1 meter, Worthington; quality of water soft; pressure, domestic 35, fire 150 pounds; water-works owned by city; cost to construct \$67,000; ann expenses \$2800, excluding int. Supt, T. F. Higley; mayor, J. M. Hinkle; town clerk, T. F. Higley.

Fayette, Fayette Co., population 1800; mercantile buildings, wood, 2 stories, private, same; wooden roofs permitted outside fire limits. Fire department—1 hook and ladder truck. Recorder, J. E. Fowells.

Forest City, Winnebago Co., population 1200; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 10 chemical extinguishers; hose rubber, good 400 ft, inferior 100 ft; value of fire department equipment \$2000; value of buildings occupied \$250; total membership 42, volunteers; bell alarm; engine company, 1 hook and ladder company; 1 hose company. Chief engineer, J. F. Knobloch; chairman of fire and water com, E. Alexander.

WATER SUPPLY—Source, wells and cisterns. City order, E. Alexander.

Fort Dodge, Webster Co., population *4552; fire area 360 acres. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose rubber, 1000 ft, linen 800 ft; horses; value of building occupied \$1500; total ann expenses of department \$300; total membership 60, volunteers.

WATER SUPPLY—Source, river; system, direct; Cope & Maxwell pumping engines; 80 hydrants; 8½ miles pipe; 6 to 10 in dia; filtration natural.

Fort Madison, Lee Co., population 10,000; fire area 1000 acres; mercantile buildings, brick, 2 and 3 stories; private, same; wooden roofs permitted. Fire department—1 steam fire engine in reserve; 1 hook and ladder truck; 4 hose carriages; slamese couplings used; hose cotton, good 800 ft, inferior 200 ft, rubber 1800 ft, inferior 500 ft, 2 horses; value of fire department equipment \$3000; value of 5 buildings occupied \$3000; total ann expenses of department \$1827; total membership 100, part paid; 1 hook and ladder company; 4 hose companies. Chief engineer, A. H. Stemple; chairman of fire and water com, Geo. A. Fuchs.

WATER SUPPLY—Source, Mississippi River; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; Blake pumping engines, dy cap 1,500,000 gals; 87 hydrants, Ludlow & Galvin; R. R. has 12 hydrants; pipe cast-iron, 9 miles, 4 to 12 in dia, R. R. has 2 miles; 40 valves, Ludlow; 12 meters, Crown; quality of water good; pressure, domestic 60 to 70, fire 125 to 135 pounds; water-works owned by company. Pres of com, G. D. L. Huillier; supt, P. M. Hanley; mayor, J. D. M. Hamilton; city clerk, J. W. Albright.

Glenwood, Mills Co., population *1800; mercantile buildings, wood and brick, 1 and 2 stories; private, same; fireworks ordinance. Fire department—1 hand engine; 1 hook and ladder truck, 1 hose carriage; hose cotton, good 300 ft, rubber good 180 ft, inferior 300 ft; value of fire department equipment \$1000; value of building occupied \$3000. Chief engineer, H. A. Tolles.

WATER SUPPLY—Source, creek, 2 cisterns and 2 wells (artesian well being sunk). City recorder, James Carter.

Grand Junction, Green Co., population 1100; mercantile buildings, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 800 ft, inferior 200 ft; value of fire department equipment \$2000; total membership 35, volunteers; gong alarm. Chief engineer, F. H. Parmenter.

WATER SUPPLY—Source not given; system, gravity and direct; hydrants 5.

Greenfield, Adair Co., population 1500; fire area ¼ mile; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck; hose cotton 400 ft; value of fire department equipment \$400; value of buildings occupied \$300; total expense of department for year \$1000; total membership 26, volunteers. Chief engineer, J. D. Williams.

WATER SUPPLY—Source, 4 large wells, pumps.

Grinnell, Poweshiek Co., population *3830. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose 1800 ft; total membership 40, volunteers. Chief engineer, S. J. Preston.

WATER SUPPLY—Source, wells and cisterns. Mayor, C. R. Morse; town clerk, J. P. Lyman.

Grundy Centre, Grundy Co., population *1209; mercantile buildings, brick, 3 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—2 chemical engines on wheels, 12 chemical extinguishers; value of fire department equipment \$2500; total ann expenses of department \$100; total membership 30, volunteers; bell alarm. Chief engineer, Wm. Stuart.

WATER SUPPLY—Source, wells and cisterns. Mayor, S. Hays; town clerk, E. G. Enginger.

Guthrie Centre, Guthrie Co., population 1000; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted. Fire department—2 chemical engines on wheels, 8 chemical extinguishers; hose rubber, good 300 ft; total membership 36, volunteers; bell alarm. Chief engineer, H. A. Swain.

WATER SUPPLY—Source, wells; water-works proposed. Mayor, F. Hopkins; town clerk, Samuel Porter.

Guttenberg, Clayton Co., population *1123; fire area 640 acres; mercantile buildings, brick and stone, 3 stories, private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, hose cotton, good 500 ft, rubber good 300 ft; value of fire department equipment \$1800; value of 3 buildings occupied \$1650; total membership 45, volunteers; bell alarm. Chief engineer, Wm. Nolte.

WATER SUPPLY—Source, river and R. R. tank. Town clerk, A. Class.

Hampton, Franklin Co., population *1715. Fire department—1 hand engine, 1 hook and ladder truck; hose rubber 700 ft. Chief engineer, C. W. Boutin.

IOWA—Continued.

WATER SUPPLY—Source, 8 cisterns. Town clerk, S. J. Parker.

Harlan, Shelby Co., population 2000; fire area 240 acres; mercantile buildings, brick and wood 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted on new buildings. Fire department—1 steam fire engine, 1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1200 ft, rubber good 100 ft; value of fire department equipment \$5850; value of buildings occupied \$2000; total ann expenses of department \$425; total membership 70, paid part time 2; volunteer members 70; bell alarm; 1 engine company, 1 hook and ladder company, 2 hose companies; chief engineer, W. T. Shepherd; chairman of fire and water com, O. F. Graves.

WATER SUPPLY—Source, 8 cisterns; system, pumping to cisterns, cap 650 barrels each. Mayor, F. M. Browlin; town clerk, J. S. Mills.

Ida Grove, Ida Co., population 11852; mercantile buildings, wood, 1½ and 2 stories. Fire department—Total membership 22, volunteers; bell alarm. Chief engineer, J. J. Amen.

WATER SUPPLY—Source, driven wells; system, pumping to tank; cap of tank 100,000 gals; Knowles pumping engine; hydrants 11, Chapman; pipe, c. i., 2 miles; Chapman valves; pressure 45 to 125 pounds; cost to construct \$10,830; ann expenses \$250; int on bonds 5 per cent. Chairman of com, Geo. A. Case; supt, J. C. Higgins; town clerk, W. J. Scott.

Independence, Buchanan Co., population 8400; fire area 176 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 150 ft, rubber good 2000 ft, inferior 150 ft; value of fire department equipment \$40,000; value of building occupied \$12,000; total ann expenses of department \$300; total membership 75, all volunteers; bell alarm. Chief engineer, P. A. Sutkamp.

WATER SUPPLY—Source, river and driven wells; system, direct pumping; 2 Smedley pumping engines, dy cap 2,000,000 gals; 40 hydrants, Ludlow; pipe 5 miles, 6 to 10 in dia, Ohio Pipe Co.; 16 valves, Ludlow; 60 meters, Hersey, Crown & Worthington; quality of water A 1; pressure, domestic 65, fire 85 to 100 pounds; works owned by city; cost to construct \$40,000; ann expenses \$2500; int on bonds 5 per cent. Supt, A. D. Guernsey; mayor, D. W. Howard; city clerk, Rufus Brewer.

Indianola, Warren Co., population 18000; mercantile buildings, 1 and 3 stories; private, wood, 1 to 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$300; value of building occupied \$300; total ann expenses of department \$10; total membership 25, volunteers 16; bell alarm; 1 hook and ladder company. Chief engineer, M. R. Juddins; chairman of fire and water com, R. Eller.

WATER SUPPLY—Source, public wells. Town clerk, E. N. Hartman.

Iowa City, Johnson Co., population 7000; fire area 320 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 500 ft, rubber good 1200 ft, inferior 800 ft; value of fire department equipment \$5000; value of buildings occupied \$15,000; total ann expenses of department \$700; total membership 150, volunteers; bell and telephone alarm. Chief engineer, Scott Wilson.

WATER SUPPLY—Source, artesian wells and river; system, direct pumping; Holly pumping engines, dy cap 8,000,000 gals; 98 hydrants, Holly & Ludlow; 9 miles pipe, 4 to 20 in dia; 48 valves, Ludlow & Eddy; 1 meter, Crown; quality of water good; pressure, domestic 50, fire 120 pounds; cost to construct \$85,000; ann expenses \$3000. Pres of com, A. B. Brown; supt, Jay Chatham; mayor, C. M. Reno; city clerk, N. F. Hatz.

Iowa Falls, Hardin Co., population 9200; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 horse power engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$4500; total ann expenses of department \$105; total membership 55, volunteers; bell alarm. Chief engineer, E. O. Soule.

WATER SUPPLY—Source, 7 cisterns; average cap 500 barrels. Town clerk, G. F. Baker.

Jefferson, Greene Co., population 1444; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted.

Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000; value of fire department equipment \$3000; total membership 50, volunteers; bell alarm. Chief engineer, M. Head.

WATER SUPPLY—Source, wells and cisterns; 3 tanks, cap 1500 barrels. Town clerk, E. S. Young.

Keokuk, Lee Co., population 18,964; fire area 500 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines in reserve, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 3500 ft; 6 horses; value of fire department equipment \$15,000; value of buildings occupied \$7000; total ann expenses of department \$6700; total membership 20, paid full time 4, paid part time 10; telephone alarm. Chief engineer, M. Berryhill; chairman of fire and water com, John Kieney.

WATER SUPPLY—Source, river; system, direct pumping; Holly pumping engines, dy cap 8,000,000 gals; 15 hydrants; pipe 15 miles, 6 to 14 in dia; Chapman gates; 25 meters; pressure 90 to 140 pounds. Pres of com, J. H. Purdy; supt, Owen Jones; mayor, J. N. Irwin; city clerk, W. J. Fulton.

Keota, Keokuk Co., population 1000; fire area 160 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; well supplied with hooks and ladders and rubber buckets; hose rubber, good 100 ft; value of fire department equipment \$500; value of buildings occupied \$300. John Longman, town marshal.

WATER SUPPLY—Source, town wells. Mayor, A. L. Erdici.

Knoxville, Marion Co., population 3500; fire area 3 block; mercantile buildings, brick, 2 stories; private, wood, ½ stories; fireworks ordinance. Fire department—1 chemical engine on wheel, 4 chemical extinguishers; hose rubber, good 1500 ft, inferior 50 ft, linen good 300 ft, inferior 150 ft; value of fire department equipment \$2500; value of buildings occupied \$4000; total ann expenses of department \$70; total membership 20, volunteers; bell alarm. Chief engineer, Jas. Wolf.

WATER SUPPLY—Source, springs; system, pumping to reservoir and standpipe; reservoir cap 6,000,000 gals; standpipe cap 98,000 gals; Blake pumping engines, dy cap 240,000 gals; 25 hydrants, Galvin and Ludlow; pipe 4 miles, 4 to 8 in dia, Ohio Pipe Co.; Galvin valves; quality of water good; cost to construct \$28,500; int on bonds 5 and 6 per cent. Supts, H. T. Cunningham and E. R. Hays; mayor, S. H. Garretson; town clerk, T. J. Gibson.

Lansing, Allamakee Co., population 2000; buildings, brick and stone, 2 and 3 stories; wooden roofs not permitted. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; 3 fire boats; hose cotton, good 500 ft; rubber good 1000 ft; value of fire department equipment \$5500; value of buildings occupied \$9000; total ann expenses of department \$250 for water; total membership 45, volunteers; bell alarm. Chief engineer, A. J. Widmayer.

WATER SUPPLY—Source, 2 artesian wells; 7 hydrants; pipe 2 miles, 8 to 6 in dia. Supt, J. W. Thomas.

La Porte City, Black Hawk Co., population 1400; fire area 640 acres; mercantile buildings, wood and brick, 2 stories; private, wood; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 50 ft, linen good 1000 ft; value of fire department equipment \$2500; value of buildings occupied \$1500; total ann expenses of department \$500; total membership 30, volunteers; bell alarm. Chief engineer, J. F. Lartner; chairman of fire and water com, W. L. Kline.

WATER SUPPLY—Source, large cisterns, supplying most thickly settled part of city.

Le Mars, Plymouth Co., population 5000; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted on new buildings. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; siamese couplings used; hose linen, good 2000 ft; value of fire department equipment \$7500; value of buildings occupied \$1500; total ann expenses of department \$500; total membership 30; bell alarm. Chief engineer, J. M. Dunn.

WATER SUPPLY—Source, 44 driven wells; system, direct pumping; Holly pumping engines, dy cap 2,000,000; 51 hydrants; pipe 4½ miles; 20 gates; cost to construct \$20,000; ann expenses \$3000. Supt, J. M. Dunn; mayor, T. J. Priestly; city clerk, J. C. Kain.

Lisbon, Linn Co. Fire department—1 hand engine; buckets and hooks and ladders; some hose.

WATER SUPPLY—Source, wells and 8 large cisterns. Mayor, W. H. Runkle.

Lucas, Lucas Co., population 11519; mercantile buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck; total ann expenses of department \$260; total membership 40, volunteers; bell alarm. Chief engineer, W. I. Snedaker.

WATER SUPPLY—Source, wells.

Lyons, Clinton Co., population 7000; fire area 960 acres; mercantile buildings, brick, 2 to 3 stories; private, rick and wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 hand engine, 5 hose carriages; hose cotton, good 600 ft; rubber good 2000 ft; value of fire department equipment \$8000; value of buildings occupied \$6000; total ann expenses of department 500; total membership 100, volunteers; telephone alarm. Chief engineer, C. L. Root; chairman of fire and water com, A. Fields.

WATER SUPPLY—Source, river; system, pumping to reservoir and direct; 1 reservoir; Knowles' pumping engines, 7 cap 2,000,000 gals; 78 hydrants; pipe 10 miles, 4 to 14 in dia; 35 gates, Ludlow; 3 meters, Crown; pressure 45 to 100 pounds; cost to construct \$70,000; int on bonds 6 per cent. Pres of com, D. J. Batchelder; supt, H. D. Root; town clerk, L. E. Dean.

McGregor, Clayton Co., population 11447; fire area 1 acres; buildings, brick and wood, 2 stories. Fire department—1 hook and ladder truck; hose linen, good 700 ft; value of fire department equipment \$1500; value of buildings occupied \$500; total membership 60, volunteers. Chief engineer, G. McGregor.

WATER SUPPLY—Source, artesian well; town clerk, Arthur Hatch.

Maquoketa, Jackson Co., population *8500. Fire department—1 hook and ladder truck, 8 hose carriages, all inds; total membership 72; bell fire alarm system. Chief engineer, A. Thurst.

WATER SUPPLY—Source, large well; system, pumping to standpipe and direct; Blake pumping engines, dy cap 1,000,000 gals; 27 hydrants, Ludlow; pipe 8 miles, 2 to 10 in dia, Ohio Pipe Co.; 10 valves; quality of water first-class; ressure, domestic 60, fire 80 to 100 pounds; cost to construct \$38,000; ann expenses \$1800; int on bonds 6 per cent. Pres of com, Harvey Reid; supt, H. P. Morse; mayor, M. S. Dunn; city clerk, C. H. Van Ostrand.

Marango, Iowa Co., population 11928; mercantile buildings, wood and brick, 2 stories; private same; wooden roofs permitted; fireworks ordinance. Fire department—6 chemical extinguishers; 1 hook and ladder truck, 2 hose carriages; alamese couplings used; hose cotton, good 250 ft; inferior 100 ft, rubber good 1000 ft inferior 100 ft; value of 8 buildings occupied \$1000; total ann expenses of department \$800; total membership 75, volunteers; bell telephone alarm. Chief engineer, Jas Partridge.

WATER SUPPLY—Source, river; system, direct pumping; 9 hydrants; 2 miles pipe, 3 1/2 to 4 in dia; cost to construct \$25,000; ann expenses \$25. Supt, Jas. Partridge; mayor, A. J. Morrison; town clerk, Gus Holm.

Marion, Linn Co., population 4500; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 chemical engine, 1 wheels, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1400 ft; value fire department equipment \$2745; value of buildings occupied \$2000; total membership 85, volunteers; telephone alarm; 1 hook and ladder company; 8 hose companies. Chief engineer, W. N. Burns; chairman of fire and water com, J. S. Alexander, J. W. Nye.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; 2 Worthington pumping engines, 7 cap 2,000,000 gals; 58 hydrants, Chapman; St. Louis pipe 6 miles, 4 to 18 in dia; Eddy valves; 8 meters, orthington; quality of water poor; filtering gallery at orks; pressure, domestic 50, fire up to 120 pounds; int on bonds 6 per cent. Pres of com, Samuel Saylor; supt, L. Rupert; mayor, Geo. B. Owen; city clerk, E. E. Asby.

Marshalltown, Marshall Co., population 8288. Fire department—2 hooks and ladder trucks, 4 hose carriages; hose cotton, inferior 250 ft, rubber good 2300 ft, linen good 0 ft; total membership 100, volunteers; telegraph arm; 11 street boxes. Chief engineer, J. H. Johnson. **WATER SUPPLY**—Source, river; system, direct pumping; Knowles pumping engines, dy cap 2,500,000 gals; 92 hydrants, Chapman & Galvin; 12 miles D. Long & Co. pipe, 2 to 12 in dia, Shickle, H. and H.; 63 valves; 1 meter, own; quality of water spring, filtration through gravel; ressure, domestic 55, fire 100 pounds; water-works owned

by city; cost to construct \$47,000; ann expenses \$8000; int on bonds 8 per cent. Supt, J. G. Trotter; mayor, Nelson Ames; city clerk, J. G. Trotter.

Mason City, Cerro Gordo Co., population *4800. Fire department—Well equipped volunteer company; hose good supply. Chief engineer, J. C. Williams, Jr.

WATER SUPPLY—Source, springs, well and creek; system, direct; Blake pumping engines, dy cap 1,000,000 gals; 31 hydrants, Ludlow; 8 1/2 miles Shackle H. & H. pipe, 6 to 10 in dia; 8 valves, Ludlow; 8 meters, Crown; quality of water good; pressure, domestic 60, fire 125 pounds; cost to construct \$45,000; ann expenses \$8015. Supt, Frank Kellogg; J. H. Stevens; city clerk, A. H. Gale.

Missouri Valley, Harrison Co., population 4000; fire area 14 1/2 square miles; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 3 hose carriages, all kinds; hose rubber, 1700 ft; orders given for 500 ft and hook and ladder; value of fire department equipment \$3000; value of buildings occupied \$5000; total ann expenses of department \$600; total membership 40, volunteers; bell alarm. Chief engineer, Wm. Neufund.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; National Iron and B. Works pumping engines, dy cap 750,000 gals; 14 hydrants, Ludlow and Alaska; 1 1/2 miles St. Louis pipe, 6 to 12 in dia, Shickle H. and H.; 11 valves, Galvin; quality of water good; pressure, domestic 55, fire 150 pounds; water-works owned by city; cost to construct 16,000. Mayor, D. M. Harris; town clerk, O. B. Walker.

Monticello, Jones Co., population *2000; fire area 600 acres; mercantile buildings, wood and brick, 1 and 3 stories; private, same, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 400 ft, linen good 600 ft; value of fire department equipment \$2000; value of buildings occupied \$1520; total annual expenses of department \$50; total membership 60, volunteers; bell alarm. Chief engineer, J. A. Chandler.

WATER SUPPLY—Source, wells and cisterns; system, pumping to reservoir; pumping engines dy cap 250,000 gals; 20 hydrants; pipe 2 1/2 miles, 6 to 8 in dia; pressure 32 pounds; ann expenses \$1185. Supt, James Graves; town clerk, Chas. Hagg.

Mount Ayr, Ringgold Co., population 1700; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fire works ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$1200; total membership 30, volunteers; bell alarm. Chief engineer, T. H. Leasure; chairman of fire and water com, W. A. De Lashmut.

WATER SUPPLY—Source, wells.

Mount Pleasant, Henry Co., population *4887; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft. Chairman of fire and water com, B. F. Ross.

WATER SUPPLY—Source, large creek; system, pumping to standpipe and direct; Blake pumping engines; 50 hydrants; pipe 5 miles, 10 in dia; Hyatt filter. Supt, C. M. Glover; town clerk, Wm. McCoy.

Mount Vernon, Linn Co., population 1850; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 chemical extinguisher, 1 hook and ladder truck; hose rubber, good 600 ft; value of fire department equipment \$600; total membership 25, volunteers; bell alarm. Chief engineer, M. Kepeff.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. V. Myers.

Muscatine, Muscatine Co., population 15,000; fire area 100 blocks; mercantile buildings, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 hook and ladder truck, 1 aerial truck, 11 hose carriages; hose cotton, good 8450 ft, hose rubber, good 2000 ft; value of fire department equipment \$7500; value of 4 buildings occupied \$1200; total ann expenses of department \$600; total membership 221, volunteers; 1 hook and ladder company, 4 hose companies, also 3 independent hose companies. Chief engineer, G. Bitzer; chairman of fire and water com, Robert Schenck.

WATER SUPPLY—Source, Mississippi River; system, pumping to reservoir; Gordon pumping engines, dy cap 1,500,000 gals; 65 hydrants, various; pipe 4 miles, 6 to 12 in dia, D. Long & Co.; 70 valves, Eddy, Ludlow, Chap-

IOWA—Continued.

man; 30 meters, Crown, Hersey, Worthington, Union; quality of water good; pressure, domestic 60 to 90, fire 90 to 150 pounds; cost to construct \$95,000; ann expenses \$6000. Pres of com, Alex. Jackson; supt, Wm. Mollis; mayor, G. Schmidt; city clerk, M. Eaton.

Nashua, Chickasaw Co., population 1206; mercantile buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 hose carriages; hose cotton, good 1000 ft; total membership 30, volunteers; bell alarm. Chief engineer, J. M. Gilland.

WATER SUPPLY—Source, river; system, direct; 2 steam pumps; hydrants 25; pipe 2 miles. Supt, W. A. Lytle; town clerk, A. W. Beach.

Nevada, Story Co., population *1490, fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft; value of fire department equipment \$1500; value of building occupied \$3000; bell alarm; 2 fire companies. Chief engineer, T. P. Worsley.

WATER SUPPLY—Source, wells. Town clerk, F. Thompson.

New Hampton, Chickasaw Co., population 2000, fire area 10 blocks; mercantile buildings, wood, nearly 2 blocks brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines (1 not in use), 1 chemical engine on wheels, 3 chemical extinguishers (also 12 private), 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft, rubber good 600 ft, inferior 600 ft; value of fire department equipment \$1800; value of buildings occupied \$3500; total ann expenses of department \$1000; total membership 100, paid full time 2, volunteers; Yarger and Briggs alarm. Chief engineer, H. D. Bowen.

WATER SUPPLY—Source, wells and cisterns. Town clerk, G. A. Hamilton.

Newton, Jasper Co., population 2900, fire area 500 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ to 2 stories, wooden roofs not permitted in business section. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton good 1500 ft, rubber good 200 ft; value of fire department equipment \$5000; value of buildings occupied \$3500; total ann expenses of department \$100; total membership 70, volunteers; electric bell alarm; 10 boxes, 1 engine company, 1 hook and ladder company. Chief engineer, Harry Galusha; chairman fire com, A. K. Brown.

WATER SUPPLY—Source, well; system, pumping to reservoir; pumping engines, dy cap 2800 gals; hydrants 18; pipe 6 to 8 in dia; pressure 45 pounds. Supt, A. K. Brown; mayor, J. Stevens; city clerk, E. D. Finch.

Norway, Benton Co., population *500; mercantile buildings, wood, 2 stories. Fire department—Buckets; hose rubber, good 200 ft.

WATER SUPPLY—Source, town well and large R. R. tank. Town clerk, H. B. Haladon.

Odebolt, Sac Co., population 1200; mercantile buildings, frame, 2 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 1200 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$120; total membership 48, volunteers; bell alarm; total no of fire companies 4. Chief engineer, W. J. Summerville; chairman of fire and water com, Henry Hanson.

WATER SUPPLY—Source, wells; system, pumping to tank; hydrants 10; pipe 1½ miles; 4 valves, Eddy; pressure 80 to 60 pounds; cost to construct \$3500; ann expenses \$300. Supt, Jos. Mattes; mayor, C. M. Miller; city clerk, W. C. Matthews.

Onawa, Monona Co., population 1800, fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 100 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, inferior 400 ft, linen good 700 ft, inferior 200 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total membership 60, volunteers; 3 fire companies. Chief engineer, Frank Hawkins; chairman of fire and water com, W. L. Holmes.

WATER SUPPLY—Source, wells. Town clerk, P. K. Holbrook.

Osage, Mitchell Co., population 2000; mercantile buildings, stone and brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 15 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton good 1100 ft; value of fire department

equipment \$5000; value of buildings occupied \$2000; total ann expenses of department \$300; total membership 50 volunteers; bell alarm. Chief engineer, Parr Goodale; chairman of fire and water com, C. F. Gardner.

WATER SUPPLY—Source, 6 cisterns, cap of each 300 barrels, 6 more will be built. Mayor, E. S. Fonda; city clerk, F. Mininger.

Oseola, Clark Co., population *2000; fire area 10 acres; buildings, brick and frame; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, value of fire department equipment \$800; total membership 15, volunteer; bell alarm. Chief engineer, L. Taylor.

WATER SUPPLY—Source, wells and cisterns. Town clerk, F. M. Kyte.

Oskaloosa, Mahaska Co., population *6000; fire area 40 acres; mercantile buildings, brick, 2 and 3 stories; private, frame, 1 to 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck; hose cotton, good 1500 ft, rubber good 1000 ft, inferior 1000 ft; 1 horse; value of fire department equipment \$6000; value of buildings, 1 occupied, \$1600; total ann expenses of department \$1000; total membership 25, paid part time; bell and whistle alarm.

WATER SUPPLY—Source, river; system, pumping to standpipe; Holly and Deane pumping engines, dy cap 4,000,000 gals; 61 hydrants, Holly and Ludlow; pipe 14 miles, 12 to 4 in dia; 28 valves, Ludlow; 18 meters, Crown, Hersey, Union and Frost; quality of water fair, filtration Hyatt; pressure, domestic 40, fire 95 pounds, cost to construct \$175,000. Pres, Jas. Gamble; supt, Chas. B. Craig; mayor, Geo. H. Bough; city clerk, J. A. Coffin.

Ottumwa, Wapello Co., population 18,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages, all kinds; hose cotton, good 2000 ft, rubber inferior 500 ft, leather good 500 ft; 1 horse; 3 buildings occupied; bell alarm, 8, paid part time. Chief engineer, J. D. Stephens.

WATER SUPPLY—Source, river; system, pumping to reservoir and direct; Flanders and Deane pumping engines, dy cap 4,000,000 gals; 100 hydrants, R. D. Wood & Co.; pipe 15 miles; Ludlow valves; 20 meters, Worthington and Union; quality of water soft; pressure 90 pounds. Pres, L. T. Whitley; supt, Frank Fielder; mayor, W. W. Epps; city clerk, M. A. Roberts.

Pella, Marion Co., population 3800; fire area 1 mile square; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 900 ft; value of fire department equipment \$3000; value of buildings occupied \$2500; total ann expenses of department \$500; total membership 30, volunteers; 3 fire companies. Chief engineer, H. Rhysburger; chairman of fire and water com, D. S. Hubell.

WATER SUPPLY—Source, 12 wells and 12 cisterns, cap of cisterns 500 barrels each. Town clerk, Jno. Van Maren.

Perry, Dallas Co., population *3000; buildings, frame, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose rubber, good 900 ft; value of fire department equipment and buildings \$4000; total ann expenses of department \$100; total membership 27, volunteers, paid part time; bell alarm.

WATER SUPPLY—Source; 9 wells; system, direct; 3 hydrants; pipe 2 miles; 2 valves; pressure 65 pounds. Mayor, S. M. Thornley; city, town or village clerk, A. W. Parmenter.

Postville, Allamakee Co., population 1000; fire area 180 acres; mercantile buildings, brick and wood; 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; hand pumps; value of fire department equipment \$250; value of buildings occupied \$300; total ann expenses of department \$100; total membership 21, volunteers; bell alarm. Chief engineer, N. J. Beedy.

Red Oak, Montgomery Co., population *4000; fire area 600 acres; buildings, brick, 2 stories; wood 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 8 hose carriage; siamese couplings; hose rubber, good 1500 ft; value of building, 1 owned, \$800; total ann expenses of department \$2000; total membership 80, volunteers; telegraph and telephone alarm. Chief engineer, Thomas H. Lee.

WATER SUPPLY—Source, river and wells; system, direct; Smith & Valle pumping engines, dy cap 1,200,000 gals; 45 hydrants, Patten & Co.; 6 miles pipe, 4 to 6 in dia; 30

valves, 15 meters. Crown & Hersey; quality of water first-class, filtration through gravel; pressure, domestic 70, fire 120 pounds; cost to construct \$40,000; ann expenses \$4000; int on bonds 5 per cent. Supt, L. H. Turner, chairman of water com; mayor, A. W. Harding; city clerk, G. Blackstone.

Reinbeck, Grundy Co., population 600; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hooks and ladders; hose rubber, good 800 ft; inferior 800 ft; value of fire department equipment \$3000; total ann expenses of department, about \$300; total membership 15, volunteers; bell alarm. Chief engineer, John Maholin.

WATER SUPPLY—Source, wells; system, pumping to tank; cap of tank 200,000 gals; 6 hydrants; 1 mile pipe; cost to construct \$3800; ann expenses \$75; int on bonds 7 per cent. Town clerk, Jas. Gillespie.

Rock Rapids, Lyon Co., population 900. No fire department.

WATER SUPPLY—Complete system to be furnished by July 1. Mayor, C. H. Overocker.

Sabula, Jackson Co., population 1800; buildings, frame. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, rivers and wells. Town clerk, E. C. Brown.

Sanborn, Obrien Co., population 1600; fire area 80 acres; mercantile buildings, brick and frame, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, stationary, and 1 hand engine, 2 hose carriages, all kinds; hose rubber good 700 ft; value of fire department equipment \$30,000; value of buildings occupied \$2000; total ann expenses of department \$735; total membership 25, volunteers, paid full time 1; bell alarm. Chief engineer, Warren Walker.

WATER SUPPLY—Source, lake; system, direct and pumping to tank; Knowles' pumping engines, dy cap 864,000 gals; 9 hydrants; 1½ miles pipe, 4 to 12 in dia; pressure 20 to 200 pounds; cost to construct \$30,000. Supt, W. Walker; mayor, J. E. Drake; Town clerk, H. D. Chapin.

Seymour, Wayne Co., population 1300; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; hose linen, good 800 ft, inferior 800. Mayor, H. L. Reily.

Shelby, Shelby Co., population 550; buildings, wood, 1 and 2 stories. Fire department—23 chemical extinguishers; other apparatus, 18 hooks and ladders; value of fire department equipment \$150; volunteer members.

WATER SUPPLY—Source, wells. Town clerk, S. C. Eshelman.

Shenandoah, Page Co., population 2200; buildings, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft; value of fire department equipment \$5000; total ann expenses of department \$300; total membership 30, volunteer, 1 paid; bell alarm. Chief engineer, J. W. Schnarty.

WATER SUPPLY—Source, wells. Town clerk, Jacob Lenery.

Sigourney, Keokuk Co., population 3000; fire area 900 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; total membership 40, volunteer; bell and whistle alarm system. Chief engineer, Jno. A. Oelmayer.

WATER SUPPLY—Source, wells and cisterns. Mayor, J. D. Smith; town clerk, Will Richardson.

Sioux City, Woodbury Co., population 45,000; fire area 32,000 acres; mercantile buildings, brick, stone and iron, 2 and 3 stories; private, wood and brick, and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 3 chemical extinguishers; 1 hook and ladder truck, 3 hose carriages, 11 kinds; hose cotton, good 3000 ft, inferior 1000 ft, rubber good 1500 ft; 11 hoses, value \$2500; value of fire department equipment \$15,000; value of buildings 21, owned, 20,000; total membership 31, paid full time 21, paid part time 10; Gamewell electric and telephone alarm. Chief engineer, G. M. Kellogg; chairman of fire and water com, V. E. Cody. Aerial truck and hose cart to be added.

WATER SUPPLY—Source, wells; system, direct and pumping to reservoir; Holly pumping engines, dy cap 600,000 gals; 127 hydrants, Wood; 24 miles pipe, 4 to 18 in dia, Dennis, Long & Co.; 149 valves, Ludlow; 56 meters, roun; quality of water first-class; pressure 100 pounds, apt, J. F. Sullivan; mayor, C. E. Palmer; city clerk, W. Sinn.

Spencer, Clay Co., population 2500; buildings, brick and frame, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage, hose rubber, good 800 ft; value of fire department equipment \$600; total membership 11, volunteers.

WATER SUPPLY—Source, wells; system, direct and pumping to reservoir; cap of pump 20,000 barrels dy; 18 hydrants; 1 mile pipe, 10 in dia; pressure 84 pounds; cost to construct \$700. Supt, H. Kunnath; mayor, J. Q. Adams; clerk, Frank Richardson.

Storm Lake, Buena Vista Co., population 1700; fire area 12 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers; 1 hook and ladder truck; 2 hose carriages; siamese couplings; hose rubber, good 900 ft; value of fire department equipment \$3500; value of buildings occupied \$2000; total membership 48, volunteers; bell alarm. Chief engineer, L. G. Mabline.

WATER SUPPLY—Source, wells, cisterns and tanks. Town clerk, A. D. Bailey.

Story City, Story Co., population 800; fire area 160 acres; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 400 ft; value of fire department equipment \$600; value of buildings occupied \$75; total ann expenses of department \$10; total membership 32, volunteers; bell alarm. Chief engineer, E. L. Ericson; chairman fire and water com, H. R. Boyd.

WATER SUPPLY—Source, well.

Stuart, Guthrie and Adair Cos., population 2400. Fire department—1 steam fire engine, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose cotton, good 150 ft, inferior 150 ft, rubber good 1050 ft, inferior 350 ft; value of fire department equipment \$9500; value of buildings occupied \$3300; total ann expenses of department \$300; total membership 45, volunteers. Chief engineer, F. R. Neal; chairman of fire and water com, A. A. Montgomery.

WATER SUPPLY—Source, 8 wells, cap 12,000 gals each, 3 tanks, cap 20,000 gals each. Town clerk, F. C. Fritz.

Tama, Tama Co., population 1700; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, hose cotton, good 1000 ft; value of fire department equipment \$3700; total ann expenses of department about 100; total membership 50, volunteers; bell alarm. Chief engineer, W. R. Lesser.

WATER SUPPLY—Source and system not stated; 4 large tanks; 2 hydrants. Town clerk, Thos. Williamson.

Templeton, Carroll Co., buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage; hooks and ladders; hose linen, good 500 ft, inferior 50 ft; value of fire department equipment \$3500.

WATER SUPPLY—Source, reservoir of 800 barrels cap. Town clerk, Jno. H. Horn.

Tipton, Cedar Co., population 1800; buildings, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$2500; value of buildings occupied \$2500; total membership 26, volunteer; bell alarm. Chief engineer, S. D. Casad.

WATER SUPPLY—Source, wells; works not described; cost to construct \$18,000. Town clerk, W. Gilmore.

Toledo, Tama Co., population 2100; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1200 ft, inferior 850 ft; total membership 55, volunteer; bell alarm. Chief engineer, A. G. Smith.

WATER SUPPLY—Source, cisterns. Town clerk, A. G. Smith.

Traer, Tama Co., population 1700; mercantile buildings, wood and brick; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; siamese couplings; hose rubber, good 1100 ft, inferior 400 ft; value of fire department equipment \$3700; total ann expenses of department about \$200; total membership 35, paid full time 3; bell alarm; volunteer fire patrol. Chief engineer, T. H. Greelis.

WATER SUPPLY—Source, creek, 8 cisterns; cap of cisterns 2200 barrels dy. Mayor, D. E. Baker; town clerk, Wm. Ladd.

Vall, Crawford Co. Fire department—1 hand engine, 2 chemical engines on wheels, 1 hose carriage; total mem-

IOWA—Continued.

bership 30, volunteers. Chief engineer, E. W. Mo-Cracken.

WATER SUPPLY—Source, wells.

Villisca, Montgomery Co., population 2400; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 1800 ft; value of buildings occupied \$800; total membership 84, volunteers. Chief engineer, C. Juest; chairman of fire and water com; M. Cowell.

Vinton, Benton Co., population 2800; mercantile buildings, brick and wood, 1 to 3 stories; private, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; other apparatus, siamese couplings; hose cotton, good 800 ft, inferior 800 ft, rubber good 1800 ft, inferior 100 ft; value of fire department equipment \$7000; value of buildings occupied \$8000; total membership 70, volunteer; bell alarm. Chief engineer, Henry Jones.

WATER SUPPLY—Source, artesian wells; system, direct; Gordon pumping engines, dy cap, 500,000 gals; 41 hydrants, Bourbon C. & B. Co.; 8 miles pipe, 10 to 6 in dia; 26 valves, Ludlow; quality of water soft; pressure, domestic 40, fire 80 to 150 pounds; cost to construct \$28,000; ann expenses \$300; int on bonds 1400. Chairman of com, J. W. Barr; supt, Geo. Hays; mayor, L. S. Keigle; town clerk, C. S. Bennett.

Washington, Washington Co., population 4000; fire area 1200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder, 1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$8000; value of 1 building owned \$7000, total membership 80, volunteer. Chief engineer, E. S. Mason.

WATER SUPPLY—Source, cisterns and wells.

Waterloo, Black Hawk Co., population 7000; fire area 112 acres; buildings, wood and brick, 1, 2 and 3 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages, all kinds; siamese couplings; hose cotton, good 1800 ft, rubber good 1000 ft, inferior 200 ft; value of fire department equipment \$600; value of 6 buildings owned \$2500; total ann expenses of department, \$600; total membership 100, paid full time 5. Factories have 1000 ft hose and their own water-works.

WATER SUPPLY—Source, river; system, direct.

Waverly, Bremer Co., population 2600. Fire department—1 engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1600 ft; total membership 60, volunteer. Chief engineer, C. H. Barrow.

WATER SUPPLY—Source, river and cisterns; cap of cistern 500 barrels each. Town clerk, E. W. Risdon.

Webster City, Hamilton Co., population 8000; fire area 420 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—2 hook and ladder trucks; 2 hose carriages; bell alarm. J. H. Lenhart.

WATER SUPPLY—Source, well; system, pumping to tank; Knowles pumping engines; 15 hydrants, Bourbon; 1½ miles pipe, 6 in dia; 4 valves; quality of water good; pressure, domestic 30, fire 100 pounds; cost to construct \$18,000; int. on bonds 6 per cent. Pres. R. G. Clark; mayor, Samuel Baxter; town clerk, W. J. Brown.

Abilene, Dickinson Co., population 5000. Fire department—50 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; total membership 80, all volunteers. Chief engineer, W. L. Allison.

WATER SUPPLY—Source, well; system, direct; 55 hydrants; pipe 10 miles; pressure 80 pounds. Supt, J. E. Bonebroke; city clerk, W. P. Seed.

Anthony, Harper Co., population 2122; buildings, stone, brick and wood, 1 and 2 stories. Fire department—Value of apparatus, house and lot \$8000; total ann expenses of department \$200; 45 men, volunteers; bell alarm; 2 hose companies. Chief engineer, W. H. Allier.

WATER SUPPLY—Source not stated; system, pumping to standpipe; 50 hydrants; pipe 4½ miles. Town clerk, Jas. Smith.

Argentine, Wyandotte Co., population 5500; fire area 2 miles; mercantile buildings, stone and wood, 2 and 3 stories; private, stone, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire de-

partment—West Liberty, Muscatine Co., population 1200; buildings, wood and brick, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; value of fire department equipment \$3500; total membership 40, volunteers; bell alarm. Chief engineer, M. Polders.

WATER SUPPLY—Source, cisterns. Town clerk, T. K. Chase.

West Union, Fayette Co., population 2000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 chemical engine, 4 chemical extinguishers; 1 hook and ladder truck; hose rubber, good 150 ft; value of fire department equipment \$3000; total ann expenses of department about \$200; total membership 45, volunteers. Chief engineer, Frank Hobson; chairman of fire and water com, F. E. Nye.

WATER SUPPLY—Source, wells and cisterns. Mayor, T. L. Green; town clerk, Frank Camp.

What Cheer, Keokuk Co., population 5000; fire area 800 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, all kinds; hose cotton, good 1000 ft, inferior 800 ft; value of fire department equipment \$800.

Wilton Junction, Muscatine Co., population 1500. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft; total membership 40, volunteers. Chief engineer, Aaron Park.

WATER SUPPLY—Source, 2 cisterns and wells. Mayor, C. W. Norton; town clerk, J. C. Parks.

Winterset, Madison Co., population 2500; fire area 8 blocks square; mercantile buildings, brick and iron, 2 stories; private, brick, stone and wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1100 ft; value of fire department equipment \$5000; value of buildings occupied \$550; total membership 80, full paid; telephone alarm. Chief engineer, C. Ambrose.

WATER SUPPLY—Source, 12 wells and ponds. Mayor, F. D. Campbell; town clerk, L. Shoup.

The following places have no fire protection: Anita, Cass Co., population 800. Bayard, Guthrie Co., population 400 (voted against water-works last fall). Bonaparte, Van Buren Co., population 1000. Brighton, Washington Co., population 1000 (full set of ladders well housed, wells and cisterns). Callopo, Sioux Co., population 1000; Davis City, Decatur Co., population 750. Delmar, Clinton Co., population 587 (buckets and ladders). Downs, Wright Co., population 500. Fairbank, Buchanan Co., population 250. Farmington, Van Buren Co., population 850. Fosterville, Adair Co., population 1483 (ladders, buckets, etc.). Ida Grove, Ida Co., population 11322. Keosauqua, Van Buren Co., population 1200; Lehigh, Webster Co., population 1600. Leon, Decatur Co., population 1800. Morning Sun, Louisa Co., population 850. Norway, Benton Co., population 800 (buckets and 200 ft hose). Salem, Henry Co., population 800 (buckets and ladders). Sidney, Fremont Co., population 1000 (barrel tank in course of erection). Sioux Rapids, Buena Vista Co., population 900. Spirit Lake, Dickinson Co., population 1000. Woodbine, Harrison Co., population 600. Wyoming, Jones Co., population 1000 (3 large force pumps and 2 wells).

partment—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1500 ft; 2 hoses, value \$250; value of fire department equipment \$200. total ann expenses of department \$2500; total membership 14, paid full time 2, paid part time 2; whistle alarm. Chief engineer, Jerrie Connors; chairman of fire and water com, J. F. Bowman; Geo. Parker, D. Smith.

Arkansas City, Cowley Co., population 2000. Fire department—3 hose carts. Chief engineer, Allen Mowry.

WATER SUPPLY—Source, springs; system, pumping to standpipe; Blake pumping engines, dy cap 2,500,000 gals; 184 hydrants, Chapman, Bourbon, Matthews; pipe 18 miles, 4 to 10 in dia, Shickle, Harrison and Howard; 80 valves, Chapman; 85 meters, Worthington and Crown; quality of water pure; filtration, natural bed sand and gravel; pressure, domestic 80 to 75, fire 50 to 150 pounds; cost to construct \$150,000; int. on bonds 6 per cent. Pres of com, J. B. Quigley; supt, L. Andrews; mayor, Frank P. Schiffbauer; city clerk, James Benedict.

KANSAS.

Armourdale, Wyandotte Co. (See Kansas City.)

Armstrong, Wyandotte Co. (See Kansas City.)

Atchison, Atchison Co., population 25,000; fire area 140 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose cart; hose cotton, good 700 ft, rubber, good 1500 ft; 4 horses, value \$800; value of fire department equipment \$2250; value of buildings occupied \$7000; total ann expenses of department \$7000; total membership 14, paid full time 7, paid part time 7; telephone alarm. Chief engineer, John Compton; chairman of fire and water com, D. Baker, Jas. Cairley.

WATER SUPPLY—Source, Missouri River; system, gravity; Gordon and Maxwell pumping engines, dy cap 2,000,000 gals; 100 hydrants, White's patent; 12 miles pipe, 4 to 12 in dia; 100 valves, Peets; 64 meters, Crown and Hersey; quality of water good; pressure 40 to 90 pounds; int on bonds 7 per cent. Pres of com, John R. Lyonberger; supt, E. S. Wills; mayor, B. P. Waggener; city clerk, T. B. Gerrow.

Beloit, Mitchell Co., population *3500; buildings, stone and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft; total membership 60, all volunteers; bell alarm. Chief engineer, I. G. White.

WATER SUPPLY—Source, well and Solomon River; system, pumping to standpipe; Worthington, Smith & Vaile pumping engines, dy cap 1,750,000 gals; 70 hydrants, N. O. Nelson; 6 1/2 miles pipe, 4 to 10 in dia, Shickle, Harrison & Howard; Peet valves, 6 meters, Hersey; quality of water good; pressure 75 pounds; cost to construct \$54,000; ann expenses \$1000; int on bonds 6 per cent. Pres of com, E. E. Stevens; supt, A. F. Fletcher; mayor, C. H. Geibor; city clerk, G. V. Freeman.

Bunker Hill, Russell Co., buildings, stone, 2 stories; shingle roofs. Fire department recently organized. Chief engineer, T. E. Harbough.

WATER SUPPLY—Source, springs; system, pumping to tank and direct; cap of tank 80,000; Hopkins pumping engine, dy cap 80,000 gals; 5 hydrants; 4 miles pipe. Supt, W. H. Biays; town clerk, J. B. Miller.

Burlingame, Osage Co *1800; fire area 280 acres; mercantile buildings, stone and wood, 2 stories; private, 1 1/2 and 3 stories; wooden roofs permitted. Fire department—1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 180 ft, inferior 50 ft; value of fire department equipment \$1200; value of buildings occupied \$3000; total membership 25, all volunteers. Chief appointed by mayor, W. Thomas.

WATER SUPPLY—Source, wells Supt, W. B. Oliver.

Burlington, Coffey Co., population *4000; fire area 35 acres; buildings, stone, brick and wood, 2 and 3 stories. Fire department—3 hose carts, ladders and hooks; 1400 ft hose. Chief engineer, Geo. G. Hall.

WATER SUPPLY—Source, river; system, pumping to standpipe; standpipe cap 40,000 gals; Deane pumping engines, dy cap 2,000,000 gals; cost to construct about \$60,000; int on bonds 6 per cent. Supt, James O'Neill; town clerk, O. P. Mauck.

Caldwell, Summer Co., population 3000; mercantile buildings, stone, brick and wood, 1, 2 and 3 stories; private; wood; 1 story; wooden roofs permitted. Fire department—2 hose carriages, hooks, ladders, axes, etc.; hose rubber, good 950 ft, inferior 50 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total membership 88, all volunteers; bell alarm. Chief engineer, John W. Nice; chairman of fire and water com, J. F. Robertson.

WATER SUPPLY—Source, well and creek; system, pumping to standpipe; cap of standpipe 250,000 gals.

Cawker City, Mitchell Co., population 1540; buildings, stone and wood, 1 and 2 stories. Bucket brigade.

WATER SUPPLY—Source, good wells. Town clerk, J. W. McGhee.

Cherryvale, Montgomery Co., population *2878. Fire department—3 hose carts; 2000 ft hose; total membership 30.

WATER SUPPLY—Source, creek, system, pumping to standpipe; cap of standpipe 35,000 gals; Deane pumping engine, dy cap 2,000,000 gals, Supt, E. B. Clarke.

Cherokee, Crawford Co., population 1800; mercantile buildings, brick, 2 stories; private, 1 and 2 stories; tin roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck. W. H. Crondec, city marshal.

Chetopa, Labette Co., population 3000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden

roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; bucket brigade; total membership 20, all volunteers; bell alarm.

WATER SUPPLY—Water-works constructed last year (no report). City clerk, J. H. Frye.

Clay Centre, Clay Co., population 8080; fire area 120 acres; buildings, brick and wood, 2 to 4 stories. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1100 ft; value of fire department equipment \$2450; value of buildings occupied \$5000; total membership 52, all volunteers, electric alarm. Chief engineer, W. N. Benedict.

WATER SUPPLY—Source, wells; system, direct pumping; Holly pumping engines, dy cap 1,500,000 gals; 41 hydrants; pipe 5 miles; 20 gates, Chapman; pressure 40 to 200 pounds; cost to construct \$75,000; ann expenses \$2500. Supt, Jas. Hanna; city clerk, A. McArthur.

Clyde, Cloud Co., population 1200; mercantile buildings, brick and wood, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 550 ft; total membership 20, all volunteers; gong alarm; 1 hose company. Chief engineer, L. B. Haynes.

WATER SUPPLY—Source, river; pumping to reservoir; 1 reservoir, cap 1,000,000 gals; Deane pumps; 40 hydrants; pipe 4 miles. Supt, S. R. Kirsch; town clerk, W. H. Savary.

Colony, Anderson Co., population 600; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted. No organized fire department—30 chemical extinguishers, 50 or 60 hand grenades.

WATER SUPPLY—Source, wells.

Columbus, Cherokee Co., population 3000; mercantile buildings, stone and brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs not permitted; fire ordinance. Fire department—3 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$1800; value of buildings occupied 800; total ann expenses of department \$100; total membership 31, all volunteers. Chief engineer, J. O. Houx; chairman of fire and water com, C. D. Morris.

WATER SUPPLY—Source, not stated; system, pumping to standpipe; standpipe 150 ft high; 60 hydrants, White's.

Concordia, Cloud Co., population 4000; mercantile buildings, brick and stone, 1, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 900 ft, inferior 100 ft; total membership 20, all volunteers; 1 hose company. Foreman, E. E. Hopkins; chairman of fire and water com, D. L. Brown.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; Deane pumping engines, dy cap 1,000,000 gals; 50 hydrants; 6 1/2 miles pipe; 40 gates; pressure 70 to 125 pounds; water-works owned by city; cost to construct \$45,000. Supt, W. R. Harvey; mayor, D. L. Brown, city clerk, W. R. Harvey.

Council Grove, Morris Co., population 3300; fire area 640 acres; mercantile buildings, brick and stone, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, hose rubber, good 1000 ft; value of fire department equipment \$1250; value of buildings occupied \$500; total ann expenses of department \$150; total membership 85, all volunteers; electric bell alarm. Chief engineer, C. H. Shaffer.

WATER SUPPLY—Source, well; system, gravity and pumping to standpipe; Davidson pumps, dy cap 2,000,000 gals; 43 hydrants, Ludlow; 5 miles pipe, 6 to 12 in dia; 83 valves; 2 meters, Union; quality of water good; pressure, domestic 80, fire 120 pounds; cost to construct \$20,000; ann expenses \$4000; no bonds. Pres of com, Daniel Kunkle of N. Y.; pres, Preston Little; mayor, J. M. Henson; city clerk, C. H. Shaffer.

Dodge City, Ford Co., population 5500; buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 8 hose carriages; hose cotton, good 1200 ft; expenses in 1888 \$780; total membership 72, all volunteers; bell alarm. Chief engineer, C. M. Beeson.

WATER SUPPLY—Source, wells; system, pumping to standpipe; 2 pumping engines, dy cap 750,000 gals each; Smith, Vaile & Co., 5 miles pipe, 4 to 12 in dia; 80 valves, Ludlow; quality of water fine; pressure, domestic 70, fire 90 to 200 pounds; cost to construct \$75,000. Pres of com, G. W. Gilbert; supt, F. A. Heineke; mayor, R. W. Evans; city clerk, Geo. F. Jones.

Eldorado, Butler Co., population 6000; fire area 8 square miles; mercantile buildings, stone and brick, 2 and

KANSAS—Continued.

8 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck; 4 hose carriages; hose cotton, good 800 ft; rubber good 2500 ft; total membership 80, all volunteers; bell alarm; 1 hook and ladder company; 4 hose companies. Chief engineer, A. Conley; chairman of fire and water com., T. G. Doors.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct into mains; Blake's pumping engines, dy cap 1,000,000 gals; 67 hydrants; 8 miles pipe; pressure, domestic 90, fire 110 pounds. Supt., C. L. Turner; mayor, E. W. Smith; city clerk, W. O. Bush.

Ellis, Ellis Co., population 1500; mercantile buildings, stone, wood and brick, 1 and 2 stories; private, wood and stone, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; fire department owned by U. P. R. R. Co.; all employees of railroad are members.

WATER SUPPLY—Source, wells; water-works owned by U. P. Railway Co. (not described).

Emporia, Lyon Co., population 12,000; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 2500 ft, inferior 500 ft; 4 horses, value \$900; value of fire department equipment \$6000; value of buildings occupied \$3000; total ann expenses of department \$8000; total membership 18, paid full time 2, paid part time 16; telephone alarm; 1 fire company. Chief engineer, C. P. Theis.

WATER SUPPLY—Source, Neosho River; system, pumping to reservoir and direct; Holly pumping engines, dy cap 8,500,000 gals; 112 hydrants, Holly; pipe 28 miles, 18 to 8 in dia, Shickle, Harrison and Howard; Holly and Eddy valves; quality of water good; pressure, domestic 60, fire 120 pounds; cost to construct \$225,000; ann expenses \$5000; int on bonds \$12,000. Supt., R. W. Jeremy; mayor, J. M. Griffith.

Erie, population 1600; fire area 1000 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. No organized fire department; total membership 150, all volunteers; bell alarm. City marshal, W. T. March. Bucket brigade and ladders.

WATER SUPPLY—Source, wells.

Eureka, Greenwood Co., population 8500, fire area 640 acres; buildings frame. Fire department—hook and ladder outfit. Chief engineer, V. Pharris.

WATER SUPPLY—Source, river; system, pumping to standpipe and direct; Deane pump, dy cap 250,000 gals; 86 hydrants; pipe 6 miles; 36 gates; pressure 80 pounds; cost to construct \$60,000; ann expenses \$800. Supt., F. Deeburt; town clerk, Dr. Watson.

Fargo Springs, Seward Co., population 4000; buildings, brick and wood, 1 to 3 stories. Fire department—2 steam fire engines, 5 hand engines, 500 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose rubber, good 8000 ft; 14 horses; value of fire department equipment \$7500; expenses in 1898 \$3000; total membership 140, paid full time 40; electric alarm. Chief engineer, L. A. Etzold.

WATER SUPPLY—Source and system not stated; 27 hydrants; pipe 8 miles. Supt., Newmiller; town clerk, G. S. Flein.

Fort Scott, Bourbon Co., population 17,000; fire area 200 acres; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 hose carriages; hose cotton, good 750 ft, rubber good 2000 ft, inferior 800 ft; value of fire department equipment \$3700; value of buildings occupied \$1200; total ann expenses of department \$2720; total membership 80, all volunteers; telephone alarm; 3 fire companies. Fire marshal, A. J. Hazelton; chairman of fire and water com., J. A. Willet.

WATER SUPPLY—Source, river; system, pumping to standpipe and to reservoirs; 2 reservoirs, 4,000,000 gals cap; standpipe cap 100,000 gals; Worthington pumps, dy cap 4,000,000 gals; 75 hydrants; 18 miles pipe, 6 to 12 in dia; pressure 80 to 150 pounds. Supt., H. C. Messenger; city clerk, W. P. Patterson.

Fredonia, Wilson Co., population 1850; fire area 820 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hooks and ladders; hose rubber, good 1000 ft; value of fire department equipment \$2000; value of buildings occupied \$1500; total ann expenses of department \$400;

total membership 25, all volunteers; bell alarm. Chief engineer, Isaac Hudson; chairman of fire and water com., J. D. Alben.

WATER SUPPLY—Source, wells; system, pumping to reservoir; 1 reservoir cap 1,000,000 gals; Deane pumping engines, dy cap 2,000,000 gals; 50 hydrants; 5 miles pipe; pressure 150 pounds; J. A. O'Neal; city clerk, W. D. Chrisman.

Galena, Cherokee Co., population *5000. Fire department—1 hook and ladder truck.

WATER SUPPLY—Water-works constructed recently (no report). Town clerk, H. Bender.

Garnett, Anderson Co., population *8000. Fire department—1 hand engine with hose, 1 hook and ladder truck; members all volunteers.

WATER SUPPLY—Source, wells and 4 cisterns. Mayor, Jas. J. Houston.

Girard, Crawford Co., population 8250; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 400 ft, inferior 200 ft; value of fire department equipment \$1000; total ann expenses of department \$300; total membership 15, paid full time; bell alarm. Chief engineer, H. A. Crawford; chairman of fire and water com., C. Hitz.

WATER SUPPLY—Source, wells; system, pumping to tank; cap of tank 60,000 gals; 1 mile pipe. Supt., Wm. Osborne; town clerk, Clustin Hawley.

Great Bend, Barton Co., population 4200; mercantile buildings, brick and stone, some iron; 1, 2 and 3 stories; private, wood; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hose carriages; several Babcocks; hose cotton, good 1100 ft, inferior 100 ft; value of fire department equipment \$2500; value of buildings occupied \$1000, total ann expenses of department \$300; total membership 16, all volunteers; 1 hose company. Chief engineer, W. B. Cornell.

WATER SUPPLY—Source, wells; system, pumping to standpipe; Buffalo Steam Pump Co. pumping engines, dy cap 2,000,000 gals; 50 hydrants, N. O. Nelson Mfg. Co.; pipe 4½ miles, 4 to 10 in dia, South St. Louis Foundry; 24 valves, Galvin; 1 meter; quality of water good; pressure, domestic 35 to 65, fire 100 to 150 pounds; ann expenses \$2000; int on bonds \$2500. Pres of com., J. F. Thompson; supts., E. N. and E. R. Moses; mayor, O. B. Wilson; city clerk, R. A. Charles.

Greenleaf, mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1000; value of buildings occupied \$300; total ann expenses of department \$100; total membership 20, all volunteers; bell alarm.

WATER SUPPLY—Source, wells.

Greensburg, Edwards Co., buildings, brick and wood, 2 stories; shingle roofs. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 2000 ft; total membership 25, all volunteers.

WATER SUPPLY—Source, well; system, direct and pumping to tank; cap of tank 110,000 gals; Knowles pumping engines, dy cap 750,000 gals; 35 hydrants; pipe 8½ miles; pressure 40 to 80 pounds; cost to construct \$45,000. Supt., G. R. Gillett; mayor, C. S. Neal; city clerk, P. M. Bagley.

Harper, Harper Co., population *4000. Fire department organized during the past year—1 hook and ladder truck.

WATER SUPPLY—Water-works constructed last year (no report).

Haven, Reno Co., population 200; fire area 50 acres; mercantile buildings, brick and wood, 1, 1½ and 2 stories; private, wood, 1 story; tin and shingle roofs. No organized fire department—200 buckets.

WATER SUPPLY—Source, river.

Hiawatha, Brown Co., population 2500; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 chemical engine, 13 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose rubber, good 1150 ft; bell alarm. Chief engineer, Chas. V. Pyle.

WATER SUPPLY—Source, wells; system, pumping to standpipe; Deane pumping engines, dy cap 1,000,000 gals; 44 hydrants; 6½ miles pipe, 4 to 10 in dia, S. H. & H.; 45 valves; quality of water good; pressure, domestic 40 to 60, fire 125 pounds; works owned by city; cost to construct \$48,000. Supt., H. P. Harrison; mayor, J. P. Baine; town clerk, C. H. Lawrence.

Holton, population 8000; fire area 8 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, 4 pumps; hose rubber, inferior 1000 ft; total membership 20, all volunteers; bell alarm. Chief engineer, F. P. Craig.

WATER SUPPLY—Water-works in contemplation.

Howard, Elk Co., population 11802; buildings, stone and wood, 1 to 2 stories. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 500 ft; value of fire department equipment \$1500; total membership 24, all volunteers. Chief engineer, John Marshall.

WATER SUPPLY—Wells and cisterns. City clerk, W. D. Burns.

Hutchinson, Reno Co., population 15,000; fire area 2 miles; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 8 hose carriages; hose cotton, good 1000 ft, rubber good 800 ft, inferior 200 ft; value of fire department equipment \$4000; total ann expenses of department \$1500; total membership 25, paid part time; telephone alarm; 2 hose companies. Chief engineer, J. A. Baum; chairman of fire and water com, A. M. West.

WATER SUPPLY—Source, inexhaustible wells; system, direct; 177 hydrants; 5 miles pipe. Supt, L. A. Beebe; city clerk, A. A. Meredith.

Independence, Montgomery Co., population 4500; fire area 40 acres; mercantile buildings, brick and stone, 2 stories; private, wood, stone and brick, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1600 ft; value of fire department equipment \$4000; value of buildings occupied \$3500; total membership 11, all volunteers; paid for time served at fires by the city; bell alarm. Chief engineer, L. Shadley.

WATER SUPPLY—Source, Virgilgr River; system, pumping direct into mains and to standpipe; Smith, Vaile & Co. pumping engines, dy cap 1,250,000 gals; 53 hydrants, N. O. Nelson; 6½ miles pipe, 4 to 10 in dia; 16 valves, Ludlow; 8 meters, Crown; quality of water soft, filtration gravel and charcoal; pressure, domestic 85 pounds, for fire can put on direct pressure; cost to construct \$80,000; ann expenses \$15,000; int. on bonds \$4280. Mayor, W. Kincaid; city clerk, J. B. Underhill.

Iola, Allen Co., population 8000; fire area 10 acres; buildings, wood and stone, 1½ and 2 stories. No fire department.

WATER SUPPLY—Source, wells. Village clerk, W. P. Northrup.

Junction City, Davis Co., population 5800; fire area 1200 acres; mercantile buildings, stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 800 ft, rubber good 1500 ft, inferior 1000 ft, leather inferior 400 ft; value of fire department equipment \$2500; value of buildings occupied \$35,000; total ann expenses of department \$800; total membership 75, all volunteers; 1 hook and ladder company; 8 hose companies. Chief engineer, A. L. Barnes; chairman of fire and water com, S. D. Underwood.

WATER SUPPLY—Source, wells; system, pumping direct into mains through city, then into reservoir; 2 Deane pumping engines, dy cap 1,000,000 gals each; 60 hydrants, Matthews; 6½ miles pipe, 1½ to 10 in dia; 26 valves, Chapman; 1 meter, National Meter Co.; quality of water good; pressure 75 to 80 pounds; water-works owned by city; cost to construct \$66,000; ann expenses \$1500; int on bonds \$3000. Supt, C. T. Wisler; mayor, C. P. Fogelstrom; city clerk, J. B. Callen.

Kansas City, Wyandotte Co., population 50,000; fire area 10 square miles; mercantile buildings, brick and stone, 3 to 5 stories; private, brick, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance. Fire department—1 chemical engine, 6 chemical extinguishers, 1 aerial truck, 4 hose carriages, all kinds; 1 hose wagon, combination water tower; hose rubber, good 5100 ft; 10 horses, value \$3000; value of fire department equipment \$18,000; value of buildings occupied \$10,000; total ann expenses of department \$17,500; total membership 21, paid full time; electric and telephone alarm; 800 street boxes in manufactories and warehouses. Chief engineer, W. J. Hill; chairman of fire and water com, M. J. Flaherty.

WATER SUPPLY—Source, Missouri River; system, pumping to reservoir and standpipe; Holly and Worthington pumping engines, dy cap 80,000,000 gals; 180 hydrants, Matthews; 80 miles pipe, 2 to 42 in dia; valves, Ludlow;

112 meters, National Meter Co.; quality of water good; pressure, 60 to 100 pounds. Pres of com, G. E. Taintor; supt, B. F. Jones; manager, R. M. Jones; mayor, W. A. Cay; city clerk, Benj. Schirb.

Kingman, population 2500; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted. Fire department—1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$3000; value of buildings occupied \$10,000; total membership 85, all volunteers; bell alarm; 1 fire company. Chief engineer, John A. Russele; chairman of fire and water com, Fremont Burkett.

WATER SUPPLY—Source not stated; system, pumping to tank; cap of tank not given.

Kinsley, Edwards Co., population 1500; buildings, brick and wood, 1½ and 2 stories. Fire department—6 chemical extinguishers; ladders and buckets; bell alarm; 1 fire company. Chief engineer, E. M. Bois.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 180,000 gals; Deane pumping engines, dy cap 2,000,000 gals; 27 hydrants; 4 miles pipe; 20 Chapman gates; pressure 40 to 150 pounds; cost to construct \$40,000; ann expenses \$1000. Supt, R. G. Steven; city clerk, L. C. Geer.

La Cygne, Linn Co., population 11800; buildings, brick, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; value of fire department equipment \$1500. Chief engineer, J. O. Rogers.

WATER SUPPLY—Source, wells, 4 public cisterns, also private cisterns. Ed. C. Lane.

Lansing, Leavenworth Co., population 1000; fire area 8 acres; mercantile buildings, wood, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 700 ft, rubber good 700 ft, inferior 300 ft; value of fire department equipment \$4000; value of buildings occupied \$500; electric bell and steam whistle alarm. Chief engineer, Dan. Storrs.

WATER SUPPLY—Source not stated; system, pumping to reservoir; 2 reservoirs, cap 2,000,000 gals; pumping engines cap 500 gals per minute; 10 hydrants; pressure 80 pounds. Town clerk, R. Fleming.

Larned, Pawnee Co., population 1507; buildings brick, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1200 ft; rubber good 1200 ft; value of fire department equipment \$2000; total membership 32, all volunteers; bell alarm. Chief engineer, John C. Fry.

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap of standpipe 80,000 gals; 60 hydrants; pipe 4 miles; pressure 100 pounds. City clerk, G. Bedell.

Lawrence, Douglas Co., population 11,000; fire area 2200 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1500 ft, inferior 500 ft; 4 horses, value \$500; value of fire department equipment \$5000; value of buildings occupied \$3000; total ann expenses of department \$2000; total membership 15, paid full time 2, paid part time 13; telephone and bell alarm. Chief engineer, B. J. Whitman.

WATER SUPPLY—Source, river; system, pumping to standpipe; cap of standpipe 240,000 gals; Worthington pumping engines, dy cap 2,500,000 gals; 120 hydrants; pipe 12 miles; cisterns cap 7000 barrels dy. Supt, John Walker; city clerk, A. P. Honnold.

Leavenworth, Leavenworth Co., population 31,000; fire area 42 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose cotton, good 1600 ft, inferior 900 ft, rubber good 500 ft, inferior 200 ft; 5 horses; value of fire department equipment \$12,000; value of buildings occupied \$35,000; total ann expenses of department \$10,000; hydrants rent \$3800; total membership 12, paid full time; telephone alarm. Chief appointed by mayor and confirmed by council. P. Burns.

WATER SUPPLY—Source, river; system, pumping to basins and to reservoir; cap of reservoir and basins 12,000,000 gals; Holly and Worthington pumping engines, dy cap 11,000,000 gals; 126 hydrants; pipe 23 miles, 4 to 18 in dia, Ludlow; Chapman gates; 320 meters, Crown, Hersey; filtration through settling reservoir; pressure 120 pounds. Pres of com, L. T. Smith; supt, S. Hastings.

Lindsborg, McPherson Co., population 1800; buildings, brick, stone and wood, 1 to 4 stories; wooden roofs

KANSAS—Continued.

permitted. No fire department—1 hook and ladder truck; 50 buckets.

WATER SUPPLY—Source, wells. Town clerk, G. E. Eberhardt.

Lyons, Rice Co., population 5000; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hose carriages; hose rubber, good 1200 ft, inferior 800 ft; total membership 25, all volunteers. Chief engineer, O. R. Potter; chairman of fire and water com, W. T. Nicholas.

WATER SUPPLY—Source not stated; system, pumping to tank; cap of tank 2200 barrels; Deane pumping engines.

Manhattan, Riley Co., population 4917. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft, inferior 250 ft; 2 horses; total membership 61, 1 paid, 60 volunteers. Chief engineer, L. R. Brady.

WATER SUPPLY—Source, Blue River; system, pumping to reservoir; Deane pumping engines, cap 1200 gals per minute; 40 hydrants, Matthews, Chapman; pipe 8 miles, 4 to 10 in dia; valves, Galvin; 1 meter, Worthington; quality of water fair, filtration coarse sand; pressure 80 pounds; cost to construct \$72,000; ann expenses \$2000; int on bonds 6 per cent. Chairman of com, W. C. Johnston; supt, Geo. E. Hopper; mayor, H. S. Roberts; city clerk, C. E. Bowen.

Marion, Marion Co., population 1691; buildings, stone and wood, 2 stories; tin roofs. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; volunteer department; electric alarm. Chief engineer, W. W. Case.

WATER SUPPLY—Source, well; system, pumping to standpipe and direct; standpipe cap 850,000 gals; Volker & Felthousen pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 5 miles; pressure 300 pounds. City clerk, H. A. McClain.

Marysville, Marshall Co., population 3000; fire area 40 acres; mercantile buildings brick, 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, hose cotton, good 1000 ft; value of fire department equipment \$3000; total membership 40, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Samuel Forter; chairman of fire and water com, E. L. Miller.

WATER SUPPLY—Source, wells. City clerk, A. Campbell.

McPherson, McPherson Co., population 5000; area 700 acres; buildings, brick and wood, 1, 2 and 3 stories. Fire department—6 chemical extinguishers, 1 hose carriage; hose rubber, good 1200 ft; value of fire department equipment \$10,000; total membership 85, paid part time 16. Chief engineer, A. C. Wilcox.

WATER SUPPLY—Source, wells; system, pumping to tank; Cook pumping engines, cap 10,000 gals per hour; 20 hydrants, Chapman; pipe 8 miles, 4 to 10 in dia; valves Chapman; pressure, domestic 25, fire 80 pounds; water-works run by city council. Supt, A. Grosse; mayor, J. C. Hamilton; city clerk, Travis.

Ma vern, Osage Co., population 700; fire area 4 acres; mercantile buildings, stone, 1 story; private, wood, 1 story; wooden roofs not permitted. Fire department—20 chemical extinguishers, buckets. Chief engineer, J. M. Burton.

Minneapolis, Ottawa Co., population 1779; buildings, brick and wood, 1 and 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$2500; total membership 71, all volunteers; bell alarm. Chief engineer, D. D. Hoag.

WATER SUPPLY—Source, wells; system, direct; Blake pumping engines, dy cap 2,000,000 gals; 50 hydrants; 4 miles pipe; pressure, domestic 45 to 100 pounds; standpipe recently erected. Supt, A. Gilbert; city clerk, R. L. Hilman.

Mound City, Linn Co., population 1940; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$300; total membership 50, all volunteers; bell alarm. Chief engineer, C. Lehman.

WATER SUPPLY—Source, 5 large public cisterns. Town clerk, J. H. Trego.

Ness City, Ness Co., population 1500; fire area 1 mile; mercantile buildings, stone, 1 to 4 stories; private, wood,

1 to 2 stories; wooden roofs not permitted. Fire department—1 chemical engine; value of buildings occupied 500; total membership 20, all volunteers; bell alarm. Chief engineer, G. S. Redd.

WATER SUPPLY—Water-works recently constructed (no report). City clerk, R. Osborn.

Newton, Harvey Co., population 12,000. Fire department—1 hook and ladder truck, 2 hose carriages; total membership 78, all volunteers. Chief engineer, Jas. Foltz.

WATER SUPPLY—Source, wells; system, direct and pumping to standpipe; Worthington pumping engines, dy cap 2,000,000 gals; 115 hydrants, N. O. Nelson; pipe 16 miles, 4 to 12 in dia, Shickle, Harrison & Howard; 50 meters, Worthington & Crown; quality of water good; pressure, domestic 40 to 60, fire 150 pounds. Pres of com, R. M. Spirey; supt, Jno. E. Ford; mayor, Henry Buifer; city clerk, S. Lupfer.

Norton, Norton Co., population 15,000; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; 3 horses, value \$900; value of fire department equipment \$1700; value of buildings occupied \$800; total ann expenses of department \$300; total membership 87, all volunteers; hook and ladder company; 1 hose company. Chief engineer, J. W. Vining; chairman of fire and water com, B. V. Wheeler.

WATER SUPPLY—Source, 8 wells; system, pumping to standpipe and direct; standpipe cap 80,000 gals; Deane pumping engine, dy cap 500,000 gals; 22 hydrants; pipe, c. i., 3½ miles; cost to construct \$30,000; ann expenses \$2000; int on bonds 6 per cent. Supt, E. J. Davis.

Olathe, Johnson Co., population 19021; fire area 6½ acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; 2 horses; value of fire department equipment \$3000; value of buildings occupied \$500; total membership 15, paid part time; bell alarm. Chief appointed by mayor and confirmed by council.

WATER SUPPLY—Source, surface water; system, direct; reservoir cap 20,000,000 gals; 80 hydrants; pipe 3 miles; pressure 100 pounds; ann expenses \$800. Supt, S. C. Pettegrew.

Osage City, Osage Co., population 5000; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck. Fire department to be organized soon.

WATER SUPPLY—A franchise has been granted for a system of water-works. City clerk, L. L. Bodelle.

Oswego, Labeth Co., population 2500; fire area 1200 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 4 chemical extinguishers, 2 hose carriages; siamese couplings used; hose good 150 ft, inferior 100 ft, rubber good 1000 ft; value of fire department equipment \$7000; value of buildings occupied \$3000; total ann expenses of department \$800; total membership 30, all volunteers; bell alarm. Chief engineer, O. R. Sigumes.

WATER SUPPLY—Source, river; system, pumping to standpipe and direct; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 6 miles; 28 Ludlow gates; 6 meters, Hersey; filtration gravel and charcoal; pressure 80 to 140. Supt, F. L. Greene; mayor, J. W. Marley; city clerk, J. D. H. Reed.

Ottawa, Franklin Co., population 8000; fire area 900 acres; mercantile buildings, stone and brick; 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; siamese couplings; shut-off nozzles; hose cotton, good 900 ft, rubber good 1500 ft, inferior 300 ft; 2 horses, value \$250; value of fire department equipment \$30,000; value of buildings occupied \$3500; total ann expenses of department \$8000; total membership 26, paid full time 1, paid part time 25; electric alarm; 18 street boxes; 1 hook and ladder company; 8 hose companies. Chief engineer, A. P. Elder; chairman fire and water com, A. Willis.

WATER SUPPLY—Source, wells and river; system, pumping to standpipe; Deane pumping engines, dy cap 1,500,000 gals; 77 hydrants, Chapman; pipe 9¾ miles, 4 to 10 in dia; 26 valves, Chapman; 6 meters, Crown; quality of water good; pressure, domestic 40 to 60, fire 90 pounds. Owner of water-works, C. J. Ewing; supt, W. Mitchell; mayor, Jno. P. Harris.

Paola, Miami Co., population 4500; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1100 ft, inferior 50 ft; value of fire department equipment \$3000; value of buildings occupied \$100; total membership 12, all volunteers; bell alarm. Chief engineer, W. Todd; chairman of fire and water com, W. W. Culbertson.

WATER SUPPLY—Source, creek; system, pumping direct and to reservoir; cap of reservoir 100,000 gals; Worthington pumping engines; dy cap 2,000,000 gals; 57 hydrants; 7 miles pipe; 10 gates, Ludlow; Hyatt filtering plant; pressure 55 to 125 pounds; cost to construct \$65,000. Pres or chairman of com, H. N. Hazard; supt, E. W. Robinson.

Parsons, Labette Co., population 7745; fire area 30 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ stories; fireproof material for roofs. Fire department—1 hook and ladder truck, 2 hose carts; value of fire department equipment \$1000; value of buildings occupied \$500; total membership 20, all volunteer; bell and electric alarm. Chief elected by the company.

WATER SUPPLY—Source, Labette River; system, pumping to standpipe; Smith, Vaile pumping engines, dy cap 3,000,000 gals; hydrants 55, Chapman & White; pipe 9 miles, 4 to 12 in dia, Shickle, Harrison and Howard; 30 valves, Ripley & Bronson; 16 meters, Crown-Hersey Empire; quality of water good; filtration, gravity filter into well; pressure, domestic 40, fire 120 pounds; cost to construct \$30,000; ann expenses \$2700; int on bonds \$4900. Pres of com, C. H. Kimball; supt, W. K. Haynes; mayor, A. F. Niely; city clerk, R. D. Talbot.

Peabody, Marion Co., population 2200; buildings, stone, brick and iron, three stories. Fire department—1000 ft hose; 1 building in use; total membership 25; bell alarm; 1 hose company. Chief engineer, L. T. Morrill.

WATER SUPPLY—Source, wells and creek; system, pumping to tank and direct; cap of tank 60,000; 25 hydrants, 2½ miles iron mains. Supt, L. T. Morrill.

Pittsburgh, Crawford Co., population 6000; buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$2500; expenses in 1898 \$300; total membership 67, all volunteers; bell alarm. Chief engineer, J. C. Merrill.

WATER SUPPLY—Source, bored wells; system, pumping to reservoir; Worthington and Nelson pumping engines, dy cap 1,000,000 gals; 85 hydrants, Nelson; 12 miles pipe, 8 to 8 in dia; 15 to 20 valves, Nelson; 10 to 15 meters; pressure, domestic 45, fire 150 pounds; cost to construct \$85,000; ann expenses \$3500; int on bonds \$4500, 6 per cent. Pres of com, Frank Playsted; supt, Chas. Davison; mayor, Sam. Barratt; city, town or village clerk, W. S. Miller.

Pleasanton, Lynn Co., population 1479; buildings, brick and wood, 1 and 2 stories. Fire department—1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$650; total membership 15, all volunteers; bell alarm. Chief engineer, Fred. Wagner.

WATER SUPPLY—Source not stated; 1 reservoir; 10 hydrants; 3550 ft pipe; pressure 40 pounds; wind and steam power. Town clerk, Daniel Rich.

Russell, Russell Co., population 1200; fire area 6 half blocks; mercantile buildings, wood, stone and iron 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck; 1 water tank on wheels; value of fire department equipment \$3500; value of buildings occupied \$3000; total membership 31, all volunteers; bell alarm. Chief engineer, P. J. Slimm.

WATER SUPPLY—Source, wells. City clerk, Wm. Richards.

Subetha, Gehama Co., population 2000; mercantile buildings, wood, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 300 ft, inferior 50 ft, rubber good 300 ft; value of fire department equipment \$700; value of buildings occupied \$500; total membership 25, paid part time; bell alarm. Chief engineer, I. N. Bell.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. F. Thompson.

Salina, Salina Co., population 11,000; fire area 160 acres; mercantile buildings, brick and stone, 2, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carts; hose rubber, good 1200 ft, value of fire department equipment \$3500; value

of buildings occupied \$5000; total ann expenses of department \$1000; total membership 35, all volunteers; Gamewell electric alarm; 16 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, Howard Langan; chairman of fire and water com, Dan Whitehead.

WATER SUPPLY—Source, wells; system, direct pumping; Holly-Gaskill pumping engines, dy cap 1,750,000 gals; 87 hydrants, Holly Co.; pipe 8½ miles, 2 to 12 in dia, D. Long & Co.; 35 valves, Eddy; 28 meters, Hersey; quality of water good; pressure, domestic 35, fire 80 to 125 pounds; cost to construct \$103,000; int on bonds 6 per cent. Pres of com, C. H. Payson; supt, J. H. Decker; mayor, C. R. Underwood; city clerk, J. Bishop.

Sedgwick, Harvey Co., population 700; fire area 40 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$300; value of buildings occupied \$500; total membership 14, all volunteers; bell alarm; Chief engineer, W. W. Anderson.

Sensae, Nemaha Co., population 1225. Fire department—1 chemical engine, double tank, 1 hook and ladder truck. Chief engineer, J. A. Gilchrist.

WATER SUPPLY—Source, wells and cisterns. A. A. Brooks.

Solomon City, Dickinson Co., population 1032; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose rubber and cotton, good 1500 ft, inferior 150 ft; value of fire department equipment \$5000; total ann expenses of department \$400; total membership 35, volunteers, paid part time 8; bell alarm. Chief engineer, Phil Gardner.

WATER SUPPLY—Source, 4 cisterns; system, pumping to cisterns; pumping engines cap 530 gals per minute. Town clerk, H. J. G. Newidler.

Sterling, Rice Co., population 2500; fire area 600 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber inferior 500 ft; total membership 30, volunteers; electric alarm. Chief engineer, Wm. C. McVay.

WATER SUPPLY—Source, wells; system, direct pumping; Deane pumping machinery; 42 double hydrants; pipe 7 miles, 4 to 8 in dia; pressure 80 to 160 pounds; water-works operated by city; cost to construct \$45,000. Mayor, J. F. Gaskell.

Thayer, Neosho Co., population 700; buildings, stone, brick and wood, 2 stories; shingle roofs. Fire department—ladders; bell alarm.

WATER SUPPLY—Source, lake; 1 reservoir cap 10,000,000 gals. City clerk, J. M. Dunamore.

Topeka, Shawnee Co., population 50,000; fire area 300 acres; mercantile buildings, stone and brick, 2 and 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical engines on wheels; 3 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 5000 ft, inferior 200 ft; 16 horses, value \$2300; value of fire department equipment \$19,500; value of buildings occupied \$31,500; value of ground \$30,450; total annual expenses of department \$25,000; total membership 32, paid full time; telegraph alarm; no of street boxes 22; total no of fire companies 8. Chief engineer, Geo. O. Wilmarth; chairman of fire and water com, J. S. Earnest.

WATER SUPPLY—Source, rivers and wells; system, direct pumping; Holly-Gaskill pumping engines, dy cap 7,000,000 gals; 236 hydrants; pipe 33 miles, 4 to 20 in dia; 210 Ludlow gates; 100 meters, Crown; quality of water good; filtration sand; pressure 45 to 125 pounds; water-works owned by company; cost to construct \$160,000; ann expenses \$30,000; int on bonds \$7200. Pres of com, Joab Mulvane; sec, M. O'Brien; mayor, R. L. Cofran, city clerk, Geo. Tauber.

Valley Falls, Jefferson Co., population 1500; fire area 80 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 aerial truck, 1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$1500; total membership 25, all volunteers. Chief engineer, H. M. Dost; chairman of fire and water com, H. D. Butts.

WATER SUPPLY—Source, wells; system, pumping to tank, tank 20x30 ft on stone tower 55 ft high; pipe 1½

KANSAS—Continued.

miles, 4 to 6 in dia; cost to construct \$15,800; int on bonds 7 per cent. Chairman of com, C. C. Lord; sec, H. D. Butts.

Wallace, Wallace Co., population 225; buildings, wood, 1 and 2 stories; shingle roofs. Fire department—1 steam fire engine, 5 chemical extinguishers, 1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$1000; bell and whistle alarm. Chief engineer, Frank Wiszgarder.

WATER SUPPLY—Source, not stated; system, pumping to reservoir, 2 reservoirs.

Washington, Washington Co., population 11822; buildings, wood, brick and stone, 2 stories. Fire department—34 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$500; total ann expenses of department \$25; bell alarm.

WATER SUPPLY—Source, public and private wells and cisterns. City clerk, S. Clark.

Wellington, Sumner Co., population 1000; fire area 900 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, brick and stone, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1850 ft, inferior 150 ft, rubber good 1850 ft, inferior 200 ft; value of fire department equipment \$5000; value of buildings occupied \$500; total ann expenses of department \$1200; total membership 43, paid part time; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, B. A. Ellsworth.

WATER SUPPLY—Source, creek; system, pumping direct and to standpipe; Smith, Vaile pumping engines, dy cap 1,500,000 gals; new standpipe 24 by 125 ft put in during the past year; 73 hydrants; pipe 11 miles, 4 to 16 in dia; Chapman gates; 18 meters, Crown, Hersey; pressure 40 to 50 pounds; cost to construct \$60,000. Supt, J. M. Thraus; mayor, W. R. Specknall; city clerk, U. S. Nelson.

Wetmore, Nemaha Co., population 1000; fire area 830 acres; mercantile buildings, brick, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 hand engines, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage; bucket brigade; fire cisterns pump and hose on principal streets; hose rubber, good 300 ft; value of fire department equipment \$3000; value of buildings occupied \$600;

total ann expenses of department \$300; total membership 85, all volunteers; bell alarm. Chief engineer, Wm. Caldwell; chairman of fire and water com, P. F. Briney.

Wichita, Sedgwick Co., population 40,000; fire area 28,000 acres; mercantile buildings, brick and stone, 1 to 5 stories; private, wood and brick, 1 and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical engines, 2 hook and ladder trucks, 2 hose carriages, 2 hand hose reels; hose cotton, good 1000 ft; value of fire department equipment \$14,000; value of buildings occupied \$10,000; total ann expenses of department \$600; total membership 46, paid full time 16, volunteers or call men 30; electric alarm. Chief engineer, A. G. Walden.

WATER SUPPLY—Source, driven wells and river; system, pumping to standpipe; standpipe 150 ft high, 2½ ft in dia; Smith and Vaile pumping engines, dy cap 5,000,000 gals; 195 hydrants; pipe 25 miles, 4 to 16 in dia; pressure 45 to 100 pounds. Supt, D. C. Huffman; city clerk, Fred Schatner.

Winfield, Cowley Co., population 7850. Fire department—1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 1250 ft, rubber good 1200 ft; total membership 45, all volunteers; bell alarm. Chief engineer, John A. Foults.

WATER SUPPLY—Source, Walnut River; system, pumping to reservoir; Worthington pumping engines, dy cap 2,000,000 gals; 73 hydrants, James Flower; pipe 9 miles, 4 to 18 in dia; 24 Chapman gates; 37 valves, Flower, 2½ meters, Hersey; quality of water good; filtration, Oliphant system, dy cap 1,000,000 gals; pressure 50 to 100 pounds; cost to construct \$120,000; int on bonds 6 per cent. Pres of com, C. H. Payson; Supt, J. H. Decker; mayor, P. H. Albright; city clerk, E. S. Bedillion.

Wyandotte, Wyandotte Co. (see Kansas City).

The following towns have no fire protection: Argonia, Sumner Co., population 500. Baxter Springs, Cherokee Co., population 1800. Colby, Thomas Co. Fall River, Greenwood Co. Frankfort, Marshall Co., population 1800. Humboldt, Allen Co., population 12045. Le Roy, Coffey Co., population 1000. Louisville, Miami Co., population 900. Lyndon, Osage Co. Moline, Elk Co. Osborne, Osborne Co. Scandia, Republic Co. St. Francis, Cheyenne Co., population 400. Troy, Doniphan Co. Ulysses, Grant Co., population 800. Walnut, Crawford Co., population 700. Wamego, Pottawatomie Co., population 3000. White Cloud, Doniphan Co. Williamsburg, Franklin Co.

KENTUCKY.

Augusta, Bracken Co., population 1500; fire area 600 acres; mercantile buildings, brick and wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; siamese couplings; hose cotton, good 600 ft, rubber good 600 ft, inferior 100 ft; leather good 800 ft; value of fire department equipment \$3000; value of building owned \$300; total membership 60, volunteers; bell alarm. Chief engineer, J. R. Wilson.

WATER SUPPLY—Source, 21 cisterns.

Bardstown, Nelson Co., population 2500; mercantile buildings, brick 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$5000; value of buildings, 3 owned, \$2500; total ann expenses of department \$500; total membership 70, volunteer, paid 2; bell alarm. Chief engineer, Henry Wassell.

WATER SUPPLY—Source, 15 cisterns. Town clerk, Jno. S. Kelley.

Bellevue, Campbell Co., population 4500; fire area 2000 acres; buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; 1 hand pump; hose cotton, good 1000 ft, rubber good 150 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$350; total membership 80, paid full time 2; bell alarm. Chief engineer, Henry F. Coriell; chairman of fire and water com, A. Gwinia.

WATER SUPPLY—Source, river; system, pumping to reservoir; 100 hydrants; pipe 15 miles, 4, 6, 8 and 10 in dia, Addystone; 40 valves, Ludlow; 1 meter, Worthington; quality of water pure, soft; pressure 75 pounds; cost to construct \$100,000; ann expenses \$2500; int on bonds 6 per cent. Pres, Chas. W. Baker; supt, G. R. Harms; mayor, G. R. Harms; town clerk, Chas Harrison.

Bowling Green, Warren Co., population 9000; buildings, brick, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages; hose rubber, good 3000 ft, inferior 1000 ft; value of fire department equipment \$4500; value of buildings, 1 owned, \$500; total ann expenses of department \$800; total membership 81, paid part time; whistle and bell alarm. Chief, J. H. Wilkerson.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 1,000,000 gals, Dickson & Dennis Long & Co. pumping engines, dy cap 2,700,000 gals; 33 hydrants, R. D. Wood & Co.; pipe 15 miles, 16 to 4 in dia, Dennis, Long & Co.; 40 meters, National Meter Co.; quality of water limestone; pressure 70 to 80 pounds; cost to construct \$90,000; ann expenses \$4000; int on bonds 5 per cent. Pres, Jno. Demreth; supt, Jas. H. Wilkerson; mayor, T. J. Smith; city clerk, G. S. Hollingsworth.

Carlisle, Nicholas Co., population 1400; fire area 165 acres; mercantile buildings, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft; value of fire department equipment \$1600; total membership 50; bell alarm. Chief engineer, T. P. Tureman.

WATER SUPPLY—Source, 6 large cisterns. Town clerk, J. H. Powling.

Carrollton, Carroll Co., population 1850. Fire department—2 chemical engines on wheels, 6 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 500 ft; 2 hoses; total membership 30. Chief engineer, Jas. F. Jett.

WATER SUPPLY—Source, river and 5 cisterns. Town clerk, R. J. Wilson.

Catlettsburg, Boyd Co., population 3000; fire area 300 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 2 hose carriages; hose rubber, good 1000 ft; 2 hoses, value \$400; value of fire depart-

ment equipment \$5000; value of buildings occupied \$3000; total ann expenses of department \$1500; total membership 25, volunteer; bell alarm. Chief engineer, J. A. Kilgore.

WATER SUPPLY—Source, cisterna. Town clerk, J. W. Mullian.

Covington, Kenton Co., population 42,000; fire area 1496 acres; mercantile buildings, brick, 8 and 4 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 aerial truck, 5 hose carriages, all kinds; hose cotton, good \$200 ft; 14 horses; value of fire department equipment \$30,000; value of buildings occupied \$25,000; total ann expenses of department \$25,000; total membership 27, paid; Gamewell electric alarm; 45 street boxes; 5 fire companies. Chief engineer, Joseph Meyers; chairman, Thos. Sandford.

WATER SUPPLY—Source, river; system, pumping to basins and gravity; reservoir cap 84,500,000 gals; 8 basins, combined cap 74,500,000 gals; Holly pumping engines, dy cap 10,000,000 gals; 26 cisterns; 250 hydrants; pipe 28 miles, 4 to 30 in dia; valves; meters; pressure 80 pounds; water-works owned by city; cost to construct old works \$400,000; new about \$1,000,000; ann expense of old works \$35,000. Supt of old works, W. H. Gloré.

Cynthiana, Harrison Co., population 3500; mercantile buildings, brick, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft; inferior 400 ft; value of fire department equipment \$6500; value of buildings occupied \$4000; total membership 28, paid full time 2; bell alarm. Chief engineer, F. Robitzer.

WATER SUPPLY—Source, river and 14 cisterns; cap of cisterns 880 barrels dy. Town clerk, T. A. Garnett.

Danville, Boyle Co., population 3075; mercantile buildings, brick, 3 stories; private, brick, 2 stories; fireworks ordinance. Fire department—1 hand engine, 3 chemical engines; 2 chemical extinguishers; 1 hook and ladder truck; hose rubber, good 800 ft; inferior 300 ft; value of fire department equipment \$3500; total membership 45, volunteers; bell alarm. Chief engineer, John A. Cheek.

WATER SUPPLY—Source, wells and cisterns. Mayor, J. A. Cheek; town clerk, J. W. Yerkes.

Dayton, Campbell Co., population 5500; mercantile buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, 800 ft; bell alarm.

WATER SUPPLY—Source, river; system, pumping to reservoir; Holly pumping engines; 40 hydrants, Bourbon C. & B. Co.; 5 miles pipe, 4 to 10 in dia, Addyston; 100 valves, Bourbon C. & B. Works; quality of water clear; pressure 108 to 115 pounds. Pres, C. H. Baker; supt, G. R. Harnes; mayor, John Reid; town clerk, C. B. Hayward. 10 miles and 80 hydrants to be added.

Falmouth, Pendleton Co., population 1000; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft, inferior 100 ft; value of fire department equipment \$1000; total membership 24, volunteers; bell alarm. Chief engineer, W. B. Woodhead.

WATER SUPPLY—Source, rivers and 18 cisterns. Town clerk, W. E. Willson.

Frankfort, Franklin Co., population 11,000; fire area 490 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, hose cotton, good 1150 ft; 2 horses, value \$400; value of fire department equipment \$7000; value of buildings occupied \$10,000; total ann expenses of department \$3800; total membership 9, paid full time 4, paid part time 5; Gamewell electric alarm; 16 street boxes; 1 fire company. Chief engineer, R. Ferguson; chairman of fire and water com, B. C. Milam.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 5,000,000 gals; Holly pumping engines, dy cap 2,000,000 gals; 110 hydrants, R. D. Wood & Co.; 11 miles pipe; 6 to 14 in dia, Dennis, Long & Co.; 93 valves, Boston Machine Co.; 20 meters; quality of water good; pressure 120 pounds; cost to construct \$200,000; ann expenses \$4500. Pres, J. S. Johnson; supt, J. D. Griffin; mayor, E. H. Gayles, Jr.; city clerk, P. Newman.

Franklin, Simpson Co., population 1700; buildings, brick, 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$500; total

membership 60, volunteers; bell alarm; Chief engineer, J. H. Adair.

WATER SUPPLY—Source, wells. City clerk, S. V. Forline.

Georgetown, Scott Co., population 2000; fire area 500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$8000; value of 1 building owned \$2000; total ann expenses of department \$3000; total membership 62, full paid, 13 part paid; bell alarm.

WATER SUPPLY—Source, 15 cisterns, supplied from roofs of buildings.

Harrodsburg, Mercer Co., population 4000; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in business part; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 2 chemical extinguishers, hose rubber, good 800 ft; 2 horses; value of fire department equipment \$3000; value of 1 building owned \$1000; total ann expenses of department \$300; total membership 25, volunteers; bell alarm. Chief engineer, W. O. Curry.

WATER SUPPLY—Source, creek and streams; 1 cistern supplied from roofs of buildings, and private wells. Town clerk, N. Harris.

Hawesville, Henderson Co., population 900; buildings, brick and wood, 1 to 3 stories. Fire department—buckets; bell alarm.

WATER SUPPLY—Source, wells, cisterns and river.

Henderson, Henderson Co., population 10,000; fire area 50 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood, 1 and 2 stories, fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft; inferior 1200 ft; 2 horses; value of fire department equipment \$2500; value of 2 buildings owned \$1000; total ann expenses of department \$1000; total membership 16, 1 paid full time; bell alarm.

WATER SUPPLY—Source, river; system, pumping to reservoir and standpipe; reservoir cap 8,000,000 gals; G. B. Allen and Worthington pumping engines, dy cap 3,500,000 gals; 75 hydrants, R. D. Wood & Co.; pipe 15½ miles, 8 to 18 in dia, Wood & Co. and Chattanooga Pipe Works; 75 valves, Eddy; 18 meters, Hersey; pressure, domestic 40, fire 75 pounds; cost to construct \$250,000; ann expenses \$3500; int on bonds 5 per cent. Chairman of com, J. F. Mayer; supt, Jas. P. Wigal; mayor, Chas. E. Ball; town clerk, Jos. B. Johnson.

Hickman, Fulton Co., population 2500; buildings, brick, 2 and 3 stories. Fire department—ladders and buckets.

WATER SUPPLY—Source, cisterns and river. Town clerk, W. L. McCutchen.

Hopkinsville, Christian Co., population 6000; fire area 60 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted. Fire department—1 steam fire engine, 30 chemical extinguishers, 1 hook and ladder truck; 2 hose carriages; hose rubber, good 850 ft, inferior 500 ft; 2 horses, value \$500; value of fire department equipment \$6500; value of buildings occupied \$4000; total ann expenses of department \$15; total membership 12, part paid; bell alarm. Chief engineer, H. E. Willen; chairman of fire and water com, A. H. Anderson.

WATER SUPPLY—Source, 8 wells, 15 cisterns; system, elevated tanks; cap of tanks 22,000 gals. Town clerk, H. R. Leittell.

Lancaster, Garrard Co., population 2200; buildings, brick and frame, 2 and 3 stories. Fire department—1 chemical engine; hose rubber, good 200 ft; value of buildings occupied \$3000; total membership volunteer; bell alarm. Chief engineer, W. S. Miller.

WATER SUPPLY—Source, wells and cisterns. Town clerk, R. H. Tomlinson.

Lebanon, Marion Co., population 3500; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1200 ft; value of fire department equipment \$2000; value of buildings occupied \$4000; total ann expenses of department \$280; total membership 8, paid full time 6, paid part time 2; bell alarm. Chief engineer, John Rubel.

WATER SUPPLY—Source, river; system, pumping to reservoir and direct; cap of reservoir 1,000,000 gals; Gordon pumping engines, dy cap 1,000,000 gals; 48 hydrants, Bourbon C. & B. Works; pipe 8½ miles, 4 to 12 in dia, Dennis, Long & Co.; 43 valves, Bourbon C.

KENTUCKY—Continued.

and B. Works; 1 meter, Hersey; quality of water soft; pressure 130 pounds; cost to construct \$30,000; ann expenses \$3800; int on bonds 6 per cent. Pres or chairman of com, Andrew Offutt; supt, John Rubel; mayor, Dr. W. Cleaver.

Lexington, Fayette Co., population 3500; fire area 3 miles; mercantile buildings, brick, 3 and 4 stories; private, brick, 3 and 4 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers; 1 hook and ladder truck, 3 hose carriages; hose rubber, good 3500 ft, inferior 1000 ft; 5 horses, value \$1500; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$10,000; total membership 12; Gaynor electric alarm; 44 street boxes. Chief engineer, G. W. Muir.

WATER SUPPLY—Source, surface water collected in reservoir; system, direct; reservoir covers 40 acres; Holly pumping engines, dy cap 8,000,000 gals; 242 hydrants, Holly; pipe 18 miles, 4 to 16 in dia, Addison P. and S. Co.; 80 valves, Ludlow; 450 meters, Hersey; quality of water soft; pressure 40 to 100 pounds; cost to construct \$350,000; int on bonds \$14,380. Pres, C. G. Hildreth; supt, C. A. Charles; mayor, C. W. Foushee; city clerk, W. P. Kimball.

Louisia, Lawrence Co., population 1050; buildings, brick and wood, 2 stories. Fire department—1 hand engine; hose rubber, good 300 ft. Chief engineer, R. C. McClure.

WATER SUPPLY—Source, wells and cisterns. Town clerk, A. J. Garred.

Louisville, Jefferson Co., population 200,000; buildings, 2 to 4 stories; wooden roofs permitted. Fire department (report of 1899)—13 steam fire engines, 4 hook and ladder trucks, 13 hose carriages; hose cotton, good 2000 ft, rubber good 20,000 ft; 60 horses; value of fire department equipment \$145,000; total ann expenses of department \$140,000; total membership 124, all paid; telegraph alarm; 225 street boxes. Chief engineer, E. Hughes.

WATER SUPPLY (report of 1899)—Source, Ohio River; system, pumping to reservoir, standpipe and direct; reservoir cap 100,000,000 gals; Blake pumping engines, dy cap 21,000,000 gals; 147 hydrants; pipe 137.4 miles; 487 cisterns; 678 meters; pressure, domestic 80, fire 50 pounds; water-works owned by company, part of whose stock is held by the city; cost to construct \$5,008,809; ann expenses \$39,258; int on bonds 6 per cent. Supt, Chas. Herman; mayor, Chas. Jacob.

Ludlow, Kinton Co., buildings, brick and frame, 2 stories. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton, good 400 ft, line good 600; value of fire department equipment \$3000; total ann expenses of department about \$1000; total membership 81, volunteer 1; telegraph and bell alarm; 18 street boxes. Chief engineer, C. M. Young.

WATER SUPPLY—Source, cisterns and pumps. Town clerk, Thos. Venn.

Mayesville, Mason Co., population *10,000; mercantile buildings, brick and stone, 2 to 5 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—3 hand engines not in use, 2 hook and ladder trucks, 6 hose carriages, all kinds; hose rubber, good 4500; value of fire department equipment \$5000; value of buildings, 4 owned, \$30,000; total membership 180, volunteer.

WATER SUPPLY—Source, river; system, pumping to reservoirs; reservoir cap 3,000,000 gals; Blake pumping engines, dy cap 2,000,000 gals; 51 hydrants, R. D. Wood & Co.; pipe 11 miles, 8 to 14 in dia, Dennis, Long & Co.; 80 valves, Wood & Co.; 60 meters, Crown & Hersey; quality of water good; pressure 150 pounds; cost to construct \$150,000. Pres, Jacob Kieger; supt, A. Shaefer; mayor, Fred'k Dressel.

Mt. Sterling, Montgomery Co., population 7000; fire area 1000 acres; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 6 chemical extinguishers, 2 hose carriages; hose cotton, good 1200 ft, rubber, good 2000 ft; value of fire department equipment \$3000; value of buildings occupied \$6000; total ann expenses of department \$500; total membership 23, volunteer; bell alarm. Chief engineer, J. W. Barnes.

WATER SUPPLY—Source, spring wells and creek. Mayor, Geo. A. Whitney; town clerk, Henry R. Bright.

Newport, Campbell Co., population 28,000; fire area 1420 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood and brick,

1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose leather, good 2300; 5 horses, value \$1000; value of fire department equipment \$50,000; total ann expenses of department \$3800; membership mostly volunteers, paid full time 8, paid part time 2; Gamewell electric alarm. Chief engineer, Jno. Waters; chairman of fire and water com, Jno. Schnorr.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 45,000,000; Holly pumping engines, dy cap 450,000 gals; 3700 hydrants; pipe 37.74 miles, 4 to 20 in dia, Addystone P. & S. Co.; valves, Bourbon C. & B. Co.; 101 meters, Worthington; quality of water good; filtration settling; pressure 80 to 95 pounds; cost to construct \$800,000; ann expenses \$20,000; int on bonds \$58,400. Pres, A. S. Berry; supt, Chas. L. Jungerman; mayor, A. S. Berry; city clerk, M. J. Costigan. 4000 ft 6 in mains to be laid.

Nicholasville, Jessamine Co., population *3500; buildings, wood and brick, 1 to 3 stories. Fire department—3 chemical engines, 1 hook and ladder truck. Chief engineer, S. M. Anderson.

WATER SUPPLY—Source, wells and cisterns. Town clerk, S. D. Young.

Owensboro, Daviess Co., population 11,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 2300; 4 horses; membership mostly volunteers, paid full time 4, paid part time 2; Gaynor telegraph alarm. Chief engineer, Thos. B. Yarger.

WATER SUPPLY—Source, river; system, direct; Holly & Buffalo pumping engines, dy cap 5,000,000 gals; 123 hydrants, Holly; pipe 18 miles, 4 to 30 in dia, Dennis, Long & Co.; 110 valves, Chapman & Ludlow; 36 meters, Crown & Hersey; quality of water soft; pressure, domestic 60, fire 80 to 150 pounds. Pres, Sam'l A. Miller; supt, H. P. Martin; mayor, J. Lee; city clerk, Ph. R. Zalarif.

Paduosh, McCracken Co., population 18,000; fire area 2300 acres; mercantile buildings, brick, iron and stone, 2 to 3 stories; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose cotton, good 180 ft, rubber good 2350 ft, inferior 200 ft; 4 horses, value \$300; value of fire department equipment \$3000; value of buildings occupied \$4000; total ann expenses of department \$3000; total membership 9, paid full time 4, paid part time 5; Gamewell telegraph alarm; 14 street boxes. Chief engineer, W. E. Augustus.

WATER SUPPLY—Source, Ohio River; system, pumping through standpipe; standpipe 175 ft high, 22 ft in dia; Holly pumping engines, dy cap 4,000,000 gals; 169 hydrants; pipe 15 miles; 3 meters; pressure, domestic 60, fire 200 pounds; cost to construct \$122,000; ann expenses \$6400. Pres, Henry Burnett; supt, L. M. Rickie.

Paris, Bourbon Co., population 7000; fire area 6 miles; mercantile buildings, brick, 2 stories; private, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose rubber, good 1000 ft, inferior 1400 ft; 4 horses, value \$300; value of fire department equipment \$1200; total membership 19, full paid. Chief engineer, F. Mann; chairman of fire and water com, R. J. Neely.

WATER SUPPLY—Proposition to build works to be submitted at public meeting; 13 cisterns supplied by pipes from buildings.

Princeton, Caldwell Co., population 2500; fire area 1/2 acres; buildings frame and brick; fireworks ordinance. No fire department.

WATER SUPPLY—Source, springs, wells and cisterns. Town clerk, John R. Wylie.

Richmond, Madison Co., population 3000; buildings, wood and brick, 1, 2 and 3 stories. Fire department—2 chemical engines, 1 hook and ladder truck; hose rubber, good 500 ft; value of fire department equipment \$3550; total ann expenses of department about \$300; total membership 16, volunteers; bell alarm. Chief engineer, Frank Conway.

WATER SUPPLY—Source, wells and cisterns.

Russellville, Logan Co., population 3500; fire area 64 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft, inferior 200 ft; value of fire department equipment \$1700; value of buildings occupied \$500; total membership 23, volunteer; bell alarm. Chief engineer, J. M. Dale; chairman of fire and water com, H. Briston.

WATER SUPPLY—Source, wells and cisterns. Mayor, J. W. McCutchen; town clerk, W. J. Inman.

Shelbyville, Shelby Co., population 2850; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, private hand engine, 5 chemical extinguishers, 1 hose carriage; hose rubber, good 1100 ft; value of fire department equipment \$6000; value of 1 building owned \$1000; total membership 16, paid. Chief engineer, L. T. Gruber.

WATER SUPPLY—Source, 14 cisterns supplied from creek, cap of cisterns, 6 average 1500 barrels, 4 average 900 barrels each; creek surrounds town on three sides. Town clerk, C. C. Watts.

Stanford, Lincoln Co., population 2900; fire area 500, acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 12 chemical extinguishers, 4 hook and ladder trucks; hose cotton, good 100 ft. City clerk, W. H. Miller.

Versailles, Woodford Co., population 3000; mercantile buildings, brick, 2 and 3 stories; private, wood and brick 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 500 ft; value of fire department equipment \$5500; value of buildings occupied \$1000; total membership 25, volunteers 2, paid; bell

alarm. Chief Engineer, J. H. McKenzie; chairman of fire and water com., A. F. Steel.

WATER SUPPLY—Source, cisterns; system, direct pumping. Town clerk, J. C. Bailey. Reservoir to be built.

Williamstown, Grant Co., population 1000; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 2 hook ladders; value of fire department equipment \$300; value of buildings occupied about \$10; bell alarm. Chairman of fire and water com., T. Needham.

WATER SUPPLY—Source, cisterns. Town clerk, D. C. Points.

Winchester, Clark Co., population 7500; buildings, brick and wood; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft; total membership 50, volunteers; Gaynor electric alarm. Chief engineer, W. A. Atterhall.

WATER SUPPLY—Source, cisterns. Town clerk, D. T. Buckner.

The following have no fire protection: Barbourville, Knox Co., population 1200. Columbus, Hickman Co., population 2000. Eddyville, Lyon Co., population 800. Eminence, Henry Co., population 1500. Glasgow, Barron Co., population 1500 (reservoir). Greenville, Muhlenburgh Co., population 1200 (buckets). Hartford, Ohio Co., population 1200 (buckets). Leitchfield, Grayson Co., population 800. Madisonville, Hopkins Co., population 2500. Somerset, Pulaski Co., population 3000 (water-works and fire department under advisement). Warsaw, Gallatin Co., population 825.

LOUISIANA.

Alexandria, Rapides Co., population 2900. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose rubber, good 1000 ft; total membership 100, volunteers.

WATER SUPPLY—Source, river and artesian wells; system, pumping to tanks; dy cap of tanks, 12,000 gals. City clerk, G. M. Ratcliffe.

Algiers, Orleans Co. (see New Orleans).

Bastrop, Morehouse Co., population 1100. No organized department.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Leon Sugar.

Baton Rouge, East Baton Rouge Parish, population 11,000. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 6 hose carriages; 2 steam tugs with pumps; hose rubber, good 8500 ft, inferior 1000 ft; total membership 800, paid full time 6, volunteer members 300. Chief engineer, H. F. Bruto.

WATER SUPPLY—Source, Mississippi River; system, gravity, pumping to reservoir, standpipe and direct; medley pumping engines, dy cap 8,000,000 gals; 87 hydrants, Chapman; pipe So. Pittsburgh Pipe Works, 6½ sizes, 4 to 18 in dia; 80 valves, Chapman; 4 meters, Brown; Jewell filter; pressure, domestic 45, fire 125 pounds; cost to construct \$75,000; int on bonds 6 per cent. Pres of com, Wm. Garig; supt, L. P. Amis; mayor, J. F. Bryan, city clerk, Geo. Henderson.

Carrollton, Jefferson Co. (see New Orleans).

Donaldsonville, Ascension Co., population 4000; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 300; value of fire department equipment \$3000; value of buildings occupied \$5000; total membership 140, volunteers. Chief engineer, S. Goette, Jr.

WATER SUPPLY—Source, wells and cisterns. Town clerk, F. Vicknair.

Franklin, St. Mary's Co., population 1700; mercantile buildings, brick and wood, 2 stories; private, same; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose cotton, good 1000 ft; value of fire department equipment \$7000; value of buildings occupied \$1000; total membership 80, volunteers; bell alarm.

WATER SUPPLY—Source, bayou.

Gretna (see New Orleans).

Jefferson City (see New Orleans).

Lake Charles, Calcasieu Parish, population 6000; fire area 3 by 2 miles; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—

1 steam fire engine, 1 hand engine, 8 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage; hose cotton, good 1200 ft, rubber good 500; value of fire department equipment \$10,000; value of buildings occupied \$2000; total membership 300, volunteers; bell alarm. Chief engineer, A. Meyer.

WATER SUPPLY—Source, lake, wells and cisterns. Mayor, Alex. L. Reid; city clerk, C. B. Richard.

Minden, Webster Parish, population 1113; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted.

WATER SUPPLY—Source, wells. Town clerk, T. R. Geren.

Monroe, Ouachita Parish, population 3000; fire area 12 squares; mercantile buildings, brick and wood, 12 to 16 inside; private, wood, 12 ft; wooden roofs not permitted in fire district; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose rubber, good 1000 ft; 2 horses, value \$300; value of fire department equipment \$10,000; value of buildings occupied \$1500; total ann expenses of department \$1000; total membership 50, paid full time 2, volunteer members 48; church bells alarm. Chief engineer, A. J. Herring; chairmen of fire and water com., E. Fudickar, E. John.

WATER SUPPLY—Source, 12 cisterns; water-works proposed. City clerk, M. L. Meredith.

Morgan City, St. Mary's Co., population 3015; fire area 400 acres; mercantile buildings, wood, 1½ stories; private, wood, 1 story. Fire department—2 hand engines, 4 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage; hose rubber, good 300 ft, inferior 150 ft, leather good, 100 ft, inferior 50 ft; value of fire department equipment \$2000; value of buildings occupied \$4000; total membership 85; bell alarm. Chief engineer, H. M. Mayo.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, S. Lenau.

Natchitoches, Natchitoches Co., population 3000; buildings, wood, 1 story. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 500 ft; value of fire department equipment \$3500; total ann expenses of department \$100; total membership 120; bell alarm. Chief engineer, J. H. Cosgrove.

WATER SUPPLY—Source, cisterns. Town clerk, Chas. E. Greneau.

New Iberia, Iberia Parish, population 7000; fire area 1 by 1½ miles; mercantile buildings, brick with iron roof, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; 1 bucket company; hose cotton, good 2500 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total membership 140, volunteers; bell alarm; 3 engine companies, 1 hook and ladder com-

LOUISIANA—Continued.

pany, 1 bucket company. Chief engineer, E. A. Pharr; pres of fire com, John Emmer.

WATER SUPPLY—Source, cisterns, wells and bayou; tanks and reservoirs. Town clerk, R. Branthey.

New Orleans, Orleans Co., population 285,000; fire area 163,308 acres (New Orleans proper embraces 1st, 2d, 3d and 4th districts); mercantile buildings, brick and wood, 2 to 5 stories; private, wood, 2 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—20 steam fire engines, 10 chemical extinguishers, 4 hook and ladder trucks, 20 hose carriages, all kinds; 2 hose wagons; hose cotton, good, 1000 ft, rubber good \$4,500 ft, inferior 8000 ft; 76 horses; value of fire department equipment \$154,000; value of buildings occupied \$95,000; total ann expenses of department \$160,000; total membership 2600, paid full time 124; telegraph alarm; 96 street boxes; fire patrol incorporated and supported at ann cost of \$30,000 by board of underwriters; 35 members. Chief engineer, Thos. O'Connor.

WATER SUPPLY—Source, Mississippi River; system, pumping to standpipe; reservoir cap 4,000,000 gals; Novelty Works pumping engines, dv cap 80,000,000 gals; 1168 hydrants, Holly and others; pipe 78 miles, 8 to 36 in dia; 588 valves, Chapman; 20 meters, Crown and Hersey; quality of water muddy; one settling reservoir; pressure 50 to 66 pounds; water-works owned by company; cost to construct \$2,367,000; int on bonds 6 per cent. Pres of com, R. E. Craig; supt, L. H. Gardner; mayor, Jos. A. Shakespear; city clerk, W. Schaumberg.

Algiers (6th district of New Orleans), population 8865. Fire department—5 steam fire engines, 1 hook and ladder truck; 1 fire boat; hose rubber, good 1000 ft, inferior 8000 ft; 9 horses; total membership 280, volunteers.

WATER SUPPLY—Source, river and 9 wells.

Jefferson City (6th district of New Orleans), population 25,000; fire area 2280 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 3 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; 1 chemical engine with 20-foot extension ladder; hose rubber, good 2000 ft, inferior 500 ft; 18 horses, value \$3900; value of fire department equipment \$12,850; value of buildings occupied \$21,000; total ann expenses of department \$23,204; total membership 43, paid full time; Gamewell telegraph alarm; 29 street boxes; 6 engine companies, 1 hook and ladder company. Chief engineer, Thos. O'Neill; chairman of fire and water com, Jos. A. Shakespear.

WATER SUPPLY—Source, wells and cisterns; system, gravity; 12 hydrants; pipe 1/2 mile, 4 to 8 in dia.

Carrollton, Jefferson Co. (7th district of New Orleans), population 2400. Fire department—2 steam fire engines, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; 2 horses; total membership 808, paid part time 8, volunteers 800. Chief engineer, J. Dahmer.

WATER SUPPLY—Source, wells.

Gretna, parish of Jefferson, population 3500; fire area 80 acres; buildings, wood, 1 story; wooden roofs per-

mitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck; hose rubber, good 1500 ft; value of fire department equipment \$8000; value of 3 buildings occupied \$8000; total ann expenses of department \$1000; total membership 80, volunteers; bell alarm.

WATER SUPPLY—Source, wells and pipes. Town clerk, J. C. Bauman.

Opelousas, St. Landry Co., population *2400. Fire department—1 hose carriage, hose canvas, good 500 ft, old 200 ft.

WATER SUPPLY—No report this year; insufficient in the past.

Plaquemine, Iberville Co., population 2551. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 1 hose carriage, bucket company; hose rubber, good 200 ft; total membership 143, volunteers.

WATER SUPPLY—Source, wells and cisterns.

St. Martinsville, St. Martin Co., population 3000; fire area 300 acres; mercantile buildings, brick and wood, not over 2 stories; private, wood, 1 story; wooden roofs permitted in dry weather; fireworks ordinance. Fire department—1 Silsby steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 30 ft, leather, inferior 150 ft, and quantity of cotton and rubber hose; value of fire department equipment \$800; value of buildings occupied \$400; total ann expenses of department \$500; total membership 100, volunteers; bell alarm; 3 fire companies; 1 hook and ladder company; Chief engineer, A. V. Fleming; chairman of fire and water com, A. V. Fleming.

WATER SUPPLY—Source, wells and Bayou Teche. Town clerk, S. T. Bienvenu.

Shreveport, Caddo Co., population 9000; buildings, brick and wood, 2 to 4 stories. Fire department—3 steam fire engines, 2 hook and ladder trucks, 7 hose carriages; siamese couplings used; hose, good 4000 ft; value of fire department equipment \$5000; total ann expenses of department \$10,000 (in 1887); Chief engineer, A. S. Toombs.

WATER SUPPLY—Source, Cross Bayou; system, pumping to settling basins and standpipe; 2 settling basins cap 1,250,000 gals each; 4 Blake pumping engines, dv cap 4,000,000 gals; 106 hydrants, Ludlow; pipe 8 1/2 miles D Long & Co.; Ludlow valves; pressure, domestic 86, fire 175 pounds; cost to construct \$250,000; int on bonds 6 per cent. Pres of com S. R. Bullock; supt, T. E. Baker; city clerk, W. J. Bruner.

Thibodeaux, La Fourche Co., population 1113; mercantile buildings, brick, 8 and 4 stories, slate roofs. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck; hose, 700 ft; value of fire department equipment \$8000 to \$4000; value of buildings occupied \$8000; total membership 225, volunteers; bell alarm. Chief engineer, W. C. Ragan.

WATER SUPPLY—Source, wells and bayou; steam pump. Supt, J. Marshall; town clerk, H. L. Boudreau.

The following places have no fire protection. Bastrop, Morehouse Co., population 1100. Farmerville, Union Co., population 1000. Minden, Webster Parish, population 1118.

MAINE.

Anson, Somerset Co., population 1552; buildings, wood, 1 and 2 stories; wooden roofs permitted. No organized fire department; pails and 1 small force pump; 800 ft hose; value of fire department equipment \$800; whistle alarm.

WATER SUPPLY—Source, wells, springs and streams; 4 hydrants; pipe 1/4 mile; pressure 150 pounds.

Auburn, Androscoggin Co., population *11,000; fire area 1280 acres; mercantile buildings, brick, 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 4000 ft, leather good 2000 ft; 6 horses; value of buildings occupied \$8000; total membership 44, paid part time; telegraph alarm; 8 street boxes. Chief engineer, A. A. Miller.

WATER SUPPLY—Source, Lake Auburn; system, gravity and pumping to reservoir; reservoir for high service; 2 Worthington pumps, dv cap 1,000,000 gals each; 60 hydrants, Chapman mach.; pipe 25 miles 4 to 12 in dia, R. D. Wood & Co.; 12 meters, National; quality of water good; pressure, domestic 55, fire 100 pounds; cost to construct \$250,000; ann expenses \$7000; int on bonds 5 per cent. Supt and pres of com, F. M. Jordan; mayor, A. R. Savage; city clerk, J. N. Mitchell.

Augusta, Kennebec Co., population 8686. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 4000 ft; 4 horses; total

membership 82, paid full time. Chief engineer, C. S. Downing.

WATER SUPPLY—Source, Kennebec River; system, pumping to reservoirs; reservoirs comb cap 12,000,000 gals; R. D. Wood & Co. pumping engine, dv cap 2,000,000 gals; 90 hydrants, Chapman; pipe 22 miles, 2 to 12 in dia, R. D. Wood & Co.; 115 valves, R. D. Wood & Co. and Chapman; quality of water good; Warren filters; pressure, domestic 100 to 75, fire 100 to 125 pounds. Pres of com, Geo. P. Wescott; supt, W. H. Williams; mayor, Sam'l W. Lane; city clerk, F. E. Southard.

Bangor, Penobscot Co., population *19,500; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hook and ladder truck, 7 hose carriages; hose cotton, good 8000 ft; 7 horses; value of fire department equipment \$18,000; value of buildings occupied \$18,500; total ann expenses of department \$17,442; total membership 94, 5 paid; telegraph alarm; street boxes 22; 4 stations. Chief engineer, A. H. Parker.

WATER SUPPLY—Source, Penobscot River; system, direct pumping; Holly pumping engines, dv cap 3,000,000 gals; 171 hydrants, Holly; pipe 80 miles, 4 to 16 in dia, R. D. Wood; 80 valves, Eddy; quality of water best; pressure, domestic 110, fire 110 to 180 pounds; cost to construct

\$500,000; int on bonds \$80,000. Supt, F. E. Sparks; mayor, E. H. Blake; city clerk, Victor Brett.

Bath, Sagadahoc Co., population 7874; fire area 3900 acres; mercantile buildings, wood and brick, 3 to 5 stories; private, wood and brick, 2 to 3 stories; slate roofs; fire-works ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; in reserve, 1 steamer, 1 chemical engine; hose cotton, 8560 ft; 5 horses; total membership 52; paid full time 3, part time 50; electric alarm. Chief engineer, S. B. Knight.

WATER SUPPLY—Source, brook; system, pumping to standpipe; 2 Worthington pumps, dy cap 2,000,000 gals each; 118 hydrants, Ludlow; pipe 20 miles, 2 to 12 in dia, R. D. Wood & Co.; 61 valves, Ludlow; 1 check valve; 14 meters; quality of water best; pressure 73 to 100 pounds; cost to construct \$275,000. Pres of com, C. H. Payson; supt, Jas. W. Wakefield; mayor, Chas. E. Fatten; city clerk, W. T. Hodgkins.

Belfast, Waldo Co., population 5908; fire area 380 acres; buildings, wood; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines; 1 hook and ladder truck, 5 hose carriages; 850 ft rubber lined hose, good; hose cotton, good 750 ft, rubber good 600 ft, leather good 500 ft; value of fire department equipment \$6250; value of buildings occupied \$5000; ann rent \$474; total ann expenses of department \$3000; 27 members, 86 call men; bell and whistle alarm. Chief engineer, H. E. McDonald.

WATER SUPPLY—Source, river, springs and water-shed; system, pumping to standpipe; Deane pumps, dy cap 2,000,000 gals; 50 hydrants; pipe 9 miles, 10 in dia, Coffin Gates; 8 meters, Crown; pressure 80 to 100 pounds; cost to construct \$100,000. Supt, D. M. Bird; city clerk, L. F. Murch.

Bethel, Oxford Co., population *1400. Fire department—2 chemical engines; 80 rubber buckets, 12 ladders, 2 hooks. Chief engineer, H. C. Barker.

WATER SUPPLY—Source, deep wells; water-works constructed last year; no report. Town clerk, L. T. Barker.

Biddeford, York Co., population *14,000. Fire department—3 steam fire engines, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose good 5000 ft, inferior 1000 ft; 4 horses; 51 members, paid part time; Gamewell alarm; 20 street boxes. Chief engineer, Wm. Boston.

WATER SUPPLY—Source, Saco River; system, pumping to reservoir; reservoir cap 1,000,000 gals; Worthington and Deane pumping engines, dy cap 7,500,000 gals; 118 hydrants, R. D. Wood & Co.; pipe 50 miles, 4 to 20 in dia, R. D. Wood & Co.; 255 valves, Eddy; 4 meters, Crown; quality of water good, Warren filters; pressure 35 to 85 pounds; int on bonds 5 per cent. Pres of com, D. W. Clark; supt, James Burnie; mayor, Edward W. Staples; city clerk, E. A. Hubbard.

Booth Bay, Lincoln Co., population 1000; buildings, wood, 2 stories. Fire department—1 hand engine, 1 hose carriage, ladders; hose cotton, good 300 ft, rubber good 200 ft; value of fire department equipment \$300; total membership 60; bell alarm. Chief engineer, A. H. Kenniston.

WATER SUPPLY—Source, pond and springs; system, pumping to standpipe; cap of standpipe, 250,000 gals; Volker & Felthousen pumping engines, dy cap 1,000,000 gals; pipe 46 miles; hydrants; water-works owned by company; cost to construct \$39,000. Pres of com, H. A. Hancox; town clerk, Rufus Holton.

Bowdoinham, Sagadahoc Co., population 1000. Fire department—1 hand engine; other apparatus not described. Chief engineer, R. W. Carr.

WATER SUPPLY—Source, river; reservoirs. Town clerk, L. D. Small.

Brewer, Penobscot Co., population 3170; buildings, private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hook and ladder trucks, 4 hose carts; hose cotton, 3750 ft, leather, good 700 ft; value of fire department equipment \$500; value of 3 buildings occupied \$3500; total ann expenses of department \$700; total membership 91, paid; bell alarm. Chief engineer, A. P. Bennett.

WATER SUPPLY—Source, river; system, direct pumping; Holly pumping engines, dy cap 8,000,000 gals; 86 hydrants, Holly; pipe 10 miles, 2 to 8 in dia, R. D. Wood & Co.; 55 valves Eddy; quality of water good, filtration gravel; pressure, domestic 100, fire 120 pounds. Pres of com, F. M. Laughton; supt, H. T. Sparks; mayor, H. R. Sargent; city clerk, F. H. Nickerson.

Bridgton, Cumberland Co., population *1500. Fire department—1 steam fire engine, 1 hand engine, 1 chemi-

cal engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose rubber-lined, good 1800 ft; total ann expenses of department \$270; total membership 40, paid. Chief engineer, M. M. Caswell.

WATER SUPPLY—Source, creek; 6 reservoirs. Corporation clerk, D. E. C. Chaplin.

Brownville, Piscataquis Co., population 1000; buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage; hose leather, good 400 ft; bell alarm.

WATER SUPPLY—Source, river.

Brunswick, Cumberland Co., population *6000. Fire department—3 hand engines, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 3150 ft; total membership 100, paid for actual service; electric alarm. Chief engineer, S. B. Dunning.

WATER SUPPLY—Source, Androscoggin River; system, pumping to standpipe; impounding reservoir, cap 7,000,000 gals; standpipe cap 685,000 gals; 2 Deane pumping engines, dy cap 1,500,000 gals; 62 hydrants, R. D. Wood & Co.; pipe 10 miles, 6 to 12 in dia, R. D. Wood & Co.; 130 gates, Chapman; 210 meters; quality of water A. 1, Warren's Patent Filters; pressure 60 pounds; cost to construct \$100,000; int on bonds 5 per cent. Pres of com, Stephen J. Young; supt, I. H. Simpson; mayor, Robt. H. Stanwood; city clerk, Thos. H. Riley.

Bucksport, Hancock Co., population 3047. Fire department—3 hand engines, 3 hose carriages, all kinds; hose leather, good 1200, linen good 300 ft; total membership 100, paid full time. Chief engineer, A. H. Genn.

WATER SUPPLY—Source, pond; system, gravity; 10 hydrants, Holyoke; pipe 4 miles, 2 to 10 in dia, R. D. Wood & Co.; 13 valves, Kennedy; quality of water spring, filtration through charcoal and gravel; pressure 40 pounds; cost to construct \$30,000; ann expenses \$300. Pres of com, P. Spofford; supt, Jas. Mitchell; town clerk, Wm. Remick.

Calais, Washington Co., population 6172. Fire department—2 steam fire engines, 3 hand engines, 6 hose carriages, hose cotton, good 4600 ft; 8 horses; total membership 41, paid full time 1, paid part time 40. Chief engineer, W. E. McAllister.

WATER SUPPLY—Source, St. Croix River; system, pumping to reservoir; reservoir cap 2,500,000 gals; 3 Blake pumping engines, dy cap 8,000,000 gals; 64 hydrants, Chapman; pipe 15½ miles, 6 to 12 in dia, 60 valves, Chapman; quality of water soft and pure, filtration gravel; pressure 80 pounds; int on bonds 5 per cent. Pres of com, Weston Lewis; supt, H. W. Rogers; mayor, C. A. Mc, Cullough; city clerk, J. M. Dyer.

Camden, Knox Co., population 4398; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; 3 force pumps; hose rubber, good 2700 ft, leather good 700 ft, inferior 100 ft; value of fire department equipment \$4000; value of 8 buildings occupied \$2500; total ann expenses of department \$725; bell alarm.

WATER SUPPLY—Source, Munn Lake; system, gravity; 42 hydrants, Ludlow; pipe 10 miles, 6 to 10 in dia, Warren; Ludlow valves; quality of water fine; pressure 100 pounds; water-works owned by company. Pres of com, A. F. Crockett; supt, J. W. Crocker; town clerk, A. D. Champney.

Carmel, Penobscot Co., population 1220; buildings, wood, 1½ stories. Fire department—wooden buckets; bell alarm.

WATER SUPPLY—Source, wells. Town clerk, L. C. Whitten.

Caribou, Aroostook Co., population 1500; fire area 640 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 Remington hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton 1000 ft, rubber 300 ft; value of fire department equipment \$3000; total ann expenses of department \$1700; total membership 55, volunteers; bell and whistles alarm. Chief engineer, H. D. Collins.

WATER SUPPLY—Source, streams; system, pumping to standpipe; standpipe cap 180,000 gals; Blake pumping engine, dy cap 1,000,000 gals; 25 hydrants; pipe 2½ miles, 8 in dia; pressure 90 pounds. Village clerk, W. C. Spaulding.

Cherryfield, Washington Co., population 1798. Fire department—hooks and ladders, buckets, etc.; 1 force pump on wheels. Chief engineer, E. C. Wakefield.

WATER SUPPLY—Source, river. Town clerk, John Monohan, Jr.

Cumberland Mills, Cumberland Co. Fire depart-

MAINE—Continued.

ment—3 hose carriages; hose cotton, good 400 ft, linen 1200 ft. Chief engineer, J. E. Warren.
WATER SUPPLY—Supplied by Portland Water Co. (see Portland); few hydrants. Town clerk, A. A. Cordwell.

Damariscotta, Lincoln Co., population 1143. Fire department—1 hand engine, 1 hose carriage; hose, good 600 ft; total membership 50, volunteers. Chief engineer, E. E. Dunbar.

WATER SUPPLY—Source, river and wells, 1 cistern. Town clerk, Geo. O. Keene.

Dexter, Penobscot Co., population 2800; fire area 1980 acres; mercantile buildings, wood, 8 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—4 hand engines, 1 hook and ladder truck, 8 hose carriages; hose, good 2500 ft, inferior 850 ft; value of fire department equipment \$2485; value of 2 buildings occupied \$1000; total ann expenses of department \$1100; total membership 145, volunteers; bell alarm; six fire constables to care for personal property at fires. Chief engineer, N. H. Fay.

WATER SUPPLY—A local company has franchise for erection of water-works. Works will be erected as soon as appropriation is obtained for hydrant rental. Town clerk, Levi Bridgman.

East Livermore, Androscoggin Co., population 1200; mercantile buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine; hose cotton, good 1000 ft; bell alarm.

WATER SUPPLY—Source, river and wells; S. D. Leavitt, S. R. Byram.

Eastport, Washington Co., population 4008. Fire department—3 hand engines, 2 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages all kinds; hose cotton, good 500 ft, rubber, good 1500 ft, leather, inferior 600 ft; total membership 100, paid part time 2. Chief engineer, N. M. Kemp.

WATER SUPPLY—Source, 18 cisterns; reservoir. Supt, S. D. Leavitt; city clerk, S. R. Byram.

Ellsworth, Hancock Co., population 5052; mercantile buildings, brick and wood, 8 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 4 hose carriages; siamese couplings used; hose cotton, inferior 800 ft, rubber inferior 800 ft, leather good 1000 ft, inferior 800 ft; value of fire department equipment \$7500; value of building occupied \$25,000; total ann expenses of department \$1800; total membership 800, volunteers; bell alarm. Chief engineer, Samuel Royal, Jr.

WATER SUPPLY—Source, branch pond stream; system, pumping to standpipe; Deane pumping engine; 52 hydrants; pipe 6½ miles, 4 to 10 in dia; quality of water fine, filtered; pressure 100 pounds. Pres of com, Milton Clews; supt, I. Henshman; Mayor, James T. Davis; city clerk, T. E. Hale.

Fairfield, Somerset Co., population 2044; fire area 1440 acres; buildings, wood, 1½ and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages; siamese couplings used; hose cotton, good 800 ft, leather good 800 ft, inferior 400 ft; value of fire department equipment \$10,000; value of 8 buildings occupied \$5000; total ann expenses of department \$300; total membership 95, paid part time 38, volunteers 6; bell alarm. Chief engineer, J. W. Channing.

WATER SUPPLY—Source, river and 15 cisterns; supplied by Waterville Water Co. (see Waterville); 38 hydrants.

Farmington, Franklin Co., population 3858; fire area 150 acres; mercantile buildings brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; value of buildings occupied \$300; total membership 80, volunteers; bell alarm.

WATER SUPPLY—Source, cisterns, wells and brook. Town clerk, J. W. Merrell.

Fort Fairfield, Aroostook Co., population 2807; fire area 1 street, about 1 mile; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; only State fireworks ordinance. Fire department—1 Remington horse power engine, 3 hose carriages, all kinds; 8 hose pipes, 1 shut off nozzle; hose cotton, good 1500 ft; value of buildings occupied \$400; total membership 80, volunteers; 3 church bells alarm. Chief engineer, S. E. Jewett; chairman of fire and water com, J. F. Hacker.

WATER SUPPLY—Source, Grass Brook; system, gravity; 17 hydrants; pipe 6 to 10 in dia; pressure 150 ft head.

Foxcroft, Piscataquis Co., population 2500; buildings, brick and wood, 1 to 4 stories. Fire department—2 hand engines, 8 hose carriages, all kinds; 2 force pumps; hose cotton, 300 ft, rubber good 1000 ft, linen 800 ft; value of fire department equipment \$2000; value of 3 buildings occupied \$300; bell and whistle alarm. Chief engineer, Wm. McComb.

WATER SUPPLY—Source, Piscataquis River; system, pumping to reservoir; reservoir cap 750,000 gals; Deane pumping engines, dy cap 750,000 gals; 30 hydrants, Chapman; pipe, Warren, 6 miles; pressure 70 pounds; water-works owned by company; int on bonds 5 per cent. Pres of com, Weston Lewis; supt, John A. Goodwin; town clerk, E. J. Hale.

Freeport, Cumberland Co., population 2279; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber lined, good 400 ft; value of fire department equipment \$500; total membership 30, volunteers; bell alarm; Chief engineer, E. S. Soule.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir and tank, cap of tank 15,000 gals; reservoir cap 50,000 gals. Town clerk, W. A. Mitchell.

Fryeburgh, Oxford Co., population 1640; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, linen good 800 ft; bell alarm. Chief engineer, A. R. Jenness.

WATER SUPPLY—Source, mountain stream; system, gravity; 1 reservoir cap 2,000,000 gals; 19 hydrants, Matthews; pipe 7 miles, 6 to 10 in dia; 10 gates, Chapman; pressure 60 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$30. Pres of com, I. C. Shirley; supt, A. R. Jenness; village clerk, J. C. Gerry.

Gardiner, Kennebec Co., population 4439; fire area 1280 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 5150 ft; value of fire department equipment \$15,000; value of 6 buildings occupied \$2700; total membership 120, paid 1; bell alarm. Chief engineer, G. W. Cross.

WATER SUPPLY—Source, Cobscook Contee River; system, pumping to reservoir and direct; reservoir cap 2,000,000 gals; Blake pumping engines, dy cap 1,500,000 gals; 75 hydrants, Chapman; pipe 14 miles, 2 to 12 in dia, Closser Iron Works; 4 meters; quality of water best; pressure, domestic 40 to 95 pounds; water-works owned by company. Pres of com, Weston Lewis; supt, Gustavus Moore; mayor, A. M. Spear; city clerk, C. O. Washworth.

Goldsborough, Hancock Co., population 1708; buildings, wood, 1 and 2 stories. Fire department—pails and buckets.

WATER SUPPLY—Source, wells. Town clerk, A. B. Kingsley.

Gorham, Cumberland Co., population 3223; buildings, wood. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose leather, good 800 ft, inferior 100; value of fire department equipment \$1000; bell and whistle alarm. Chief engineer, S. Hinkley.

WATER SUPPLY—Source, wells and cisterns. Town clerk, John C. Summersides.

Gray, Cumberland Co., population 1000. Fire department—hooks and ladders.

WATER SUPPLY—Source, aqueducts and wells. Town clerk, F. L. Clark.

Hallowell, Kennebec Co., population 3134; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, 2500 ft, linen good 2500 ft; value of fire department equipment \$12,000; value of 8 buildings occupied \$4000; total ann expenses of department \$2500; total membership 75, paid full time; bell alarm. Chief engineer, J. D. Hodgdon.

WATER SUPPLY—Source, springs; system, gravity; 3 reservoirs; 10 hydrant, Whittier; pipe 4 miles, 1 to 4 in dia; 35 valves, Chapman; quality of water best; pressure 30 to 100 pounds; water-works owned by company; cost to construct \$20,000; int on bonds 5 per cent. Pres, J. F. Bodwell; supt, Orlando Currier; mayor, E. Rowell; city clerk, Geo. A. Safford.

Hartland, Somerset Co., population 1047; buildings, wood, 1 and 2 stories. Fire department—1 hand engine.

1 hook and ladder truck, 1 hose carriage, 1 force pump in factory; value of fire department equipment \$1000. Chief engineer, S. H. Wilkins.

WATER SUPPLY—Source, river and cisterns; system, gravity; 7 hydrants. Town clerk, D. Thompson.

Houlton, Arcootook Co., population 3222; fire area 500 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 8 hose carriages; alamese couplings used; hose cotton, good 1800 ft, rubber good 1000 ft, leather good 200 ft; value of fire department equipment \$3600; value of buildings occupied \$15,000; total ann expenses of department \$1800; total membership 54, paid part time 50; bell alarm. Chief engineer, A. W. Ingersoll.

WATER SUPPLY—Source, streams fed by springs; system, pumping to standpipe, standpipe 50 ft high, 20 ft in dia; 2 Worthington pumping engines, dy cap 500,000 gals each; 30 hydrants, Mathews; pipe 5 miles, Warren; Coffin gates; 2 meters; pressure, domestic 50, fire 100 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$2500. Pres of com, Walter Mansur; supt, J. F. Holland; town clerk, M. M. Clark.

Kennebunk, York Co., population *2832. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft; total membership 80, volunteers. Chief engineer, E. H. Gaddis.

WATER SUPPLY—Source, river, brook; system, direct pumping; Deane pumping engine; 2 water-power force pumps; 4 hydrants; pipe 1900 ft; water-works built by town for fire protection only. Town clerk, W. L. Dane.

Kittery, York Co., population *3897. Fire department of Navy yard which adjoins town—3 steam fire engines, 1 hook and ladder truck, 4 hose carriages. Chief engineer, Nathan Whalley.

WATER SUPPLY—Source, wells, river and cisterns. Town clerk, D. M. Shopleigh.

Lewiston, Androscoggin Co., population *24,000; fire area 1280 acres; mercantile buildings, wood, 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 Hayes aerial truck, 5 hose carriages; hose cotton, good 7000 ft; 8 horses; value of fire department equipment \$60,000; value of 2 buildings occupied \$40,000; total ann expenses of department \$18,000; total membership 63, paid full time 2, paid part time 61; telegraph alarm; 38 street boxes. Chief engineer, J. B. Merrill.

WATER SUPPLY—Source, river; system, pumping to reservoir; Worthington pumping engines, dy cap 3,000,000 gals; 128 hydrants; pipe 20 miles, 8 to 24 in dia; pressure 65 to 100 pounds; ann expenses \$25,337. Supt, J. C. Downs; city clerk, John Putnam.

Lincoln, Penobscot Co., population 800; fire area 400 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total membership 60, all volunteers. Chief engineer, C. W. Porter.

Lisbon Falls, Androscoggin Co., population 420; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 500 ft, rubber good 200 ft; mill has 5 hydrants and 2 force pumps; value of fire department equipment \$3500; total membership 70, volunteers. Chief engineer, C. H. Littlefield.

WATER SUPPLY—Source, river; 7 tanks, cap 8000 gals each.

Livermore Falls, Androscoggin Co., population 1000; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, general supply chemical extinguishers, 2 hose carriages, hooks and ladders; hose cotton and linen, good 3000 ft; also pumps and 1000 ft hose in mills can be used if necessary; value of fire department equipment \$5000; value of buildings occupied \$1500; total ann expenses of department \$100, total membership 65, paid full time 35, paid part time 2, volunteers 30; bells and whistles alarm; 2 engine companies. Chief engineer, D. S. Thompson.

WATER SUPPLY—Source, river and wells; 3 reservoirs. Village clerk, C. H. Gibbs.

Lubee, Washington Co., population 2108; fire area 150 acres; mercantile buildings, wood 1½ stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—10 chemical extinguishers, 1 hook and ladder truck; fire hooks, buckets

and axes; total ann expenses of department \$50; total membership 110, volunteers 8 private watchmen; bell alarm. Chief engineer, A. B. Sumner.

WATER SUPPLY—Source, springs, ocean and cisterns. Town clerk, R. G. McBride.

Machias, Washington Co., population 2208; fire area 600 acres; buildings, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; force pump; hose rubber, good 1200 ft, inferior 500 ft; value of fire department equipment \$5000; bell and whistle alarm. Chief engineer, Saml. Longfellow.

WATER SUPPLY—Source, springs, brooks and rivers; 8 reservoirs. Town clerk, H. R. Taylor.

Mechanic Falls, Androscoggin Co., population 2000; buildings, wood, 2 stories. No fire department; paper mills own 2 chemical engines and several force pumps; bell alarm.

WATER SUPPLY—Source, river and wells.

Newport, Penobscot Co., population 1452; buildings, wood, 1½ to 3½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; 30 small hand pumps; hose linen, good 700 ft; value of fire department equipment \$1450; total membership 47, volunteers; bell alarm. Chief engineer, R. A. Derrig.

WATER SUPPLY—Source, river, wells and cisterns; 3 reservoirs. Town clerk, C. H. Morrill.

Norway, Oxford Co., population 2515; mercantile buildings, wood and brick, 1 to 4 stories; private, 1 to 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose good 2900 ft; value of fire department equipment \$4000; value of 4 buildings occupied \$1000; total ann expenses of department \$2000; total membership 78; bell alarm. Chief engineer, Wm. C. Cole.

WATER SUPPLY—Source, lake and river; system, pumping to reservoir; Worthington pumping engine; 32 hydrants; pipe 7 miles, 12 in dia; 16 gates, Chapman; pressure 80 to 100 pounds; cost to construct \$42,000; ann expenses \$1000. Supt, W. W. Whitmarsh; city clerk, C. G. Mason.

Oakland, Kennebec Co., population *2500; buildings, wood. Fire department—1 hand engine, 1 hose carriage, 4 force pumps; hose cotton, good 2500 ft; value of fire department equipment \$3000; total membership 40, volunteers; bell and whistle alarm. Chief engineer, C. W. Heney.

WATER SUPPLY—Source, river and streams; system, pumping to 8 cisterns; pumping engines, dy cap 20,000 gals. Town clerk, H. C. Winslow.

Old Orchard, York Co., population 350; buildings, wood, 2 to 4 stories. Fire department—1 steam fire engine, 1 hand engine; hose cotton, good 1500 ft, linen good 600 ft; 2 horses; value of fire department equipment \$600; total ann expenses of department \$600 (1885); total membership 15; bell alarm. Chief engineer, W. G. Smith.

WATER SUPPLY—Source, spring; system, direct pumping and gravity; reservoir cap 300,000 gals; Blake pumping engines, dy cap 1,000,000 gals; 26 hydrants; pipe 7 miles; pressure 150 pounds. Supt, S. W. Duff; city, town or village clerk, W. F. Fernold.

Oldtown, Penobscot Co., population *4000. Fire department—1 steam fire engine, 2 hand engines, 3 chemical engines on wheels, 8 hose carriages; hose cotton, good 2800 ft, leather good 400 ft, inferior 500 ft; total membership 120, volunteers. Chief engineer, Hugh Gibbons.

WATER SUPPLY—Source, river; system, pumping to tanks; 14 tanks; 3 force pumps. Town clerk, W. E. Hellenbrand.

Orono, Penobscot Co., population 2242; fire area 8000 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck, 4 hose carriages; hose linen, good 300 ft, rubber good 900 ft, leather good 1800 ft; value of fire department equipment \$5000; value of buildings occupied \$18,500; total ann expenses of department \$700; total membership 100, volunteers; bell alarm. Chief engineer, E. E. Ring.

WATER SUPPLY—Source, 2 rivers; 23 cisterns. Town clerk, Albert White.

Paris, Oxford Co. (see South Paris).

Pittsfield, Somerset Co., population 2500; buildings, wood and brick, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and

MAINE—Continued.

ladder truck, 2 hose carriage; hose rubber, good 1400 ft, leather inferior 800 ft; value of fire department equipment \$2000; total ann expenses of department \$400; total membership 80, volunteers; bell and whistle alarm. Chief engineer, T. S. Dexter.

WATER SUPPLY—Source, river and pond; system, direct; 9 tanks, cap of tanks 200 hogsheads each; 15 hydrants; pipe 2000 ft. Supt, Robt. Dobson; town clerk, A. D. Mitchell.

Pittston, Kennebec Co., population 4100. Fire department—1 hand engine.

WATER SUPPLY—Source and system not stated; 2 reservoirs. Town clerk, S. S. Clark.

Phillips, Franklin Co., population 1450; buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 700 ft; value of fire department equipment \$1200; total ann expenses of department \$350; total membership 70, volunteers, paid part time 1; bell alarm. Chief engineer, F. E. Timberlake.

WATER SUPPLY—Source, river. Town clerk, B. T. Parker.

Portland, Cumberland Co., population 40,000; buildings, wood and brick; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 1 hand engine, 8 hook and ladder trucks, 1 aerial truck, 6 hose carriages, 2 fire boats; hose cotton, good 18,000 ft; 21 horses; value of fire department equipment \$100,000; 12 buildings occupied; total ann expenses of department \$45,000; total membership 148, paid full time 18, paid part time 120; telegraph alarm. Chief engineer, G. H. Cloyes.

WATER SUPPLY—Source, lake; system, gravity; 2 reservoirs, cap 80,000,000 gals; 800 hydrants. Wood; pipe 110 miles, 8 to 24 in dia. Wood; 600 valves; 225 meters, Crown, Worthington, Hersey; quality of water first-class; pressure 35 to 65 pounds. Pres, D. W. Clark; supt, G. P. Wescott; mayor, H. Sellicher; city clerk, G. C. Burgess.

Presque Isle, Aroostook Co., population 1850; fire area 400 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, force pump; hose rubber, good 1800 ft, inferior 800 ft; total ann expenses of department about \$800; total membership 18, volunteers; bell alarm. Chief engineer, E. S. Perry.

WATER SUPPLY—Source, river; system, gravity and direct; reservoir cap 10,000 gals; Worthington pumping engines; 10 hydrants; 5 miles pipe; pressure 100 pounds; int on bonds 5 per cent. Supt, Geo. H. Freeman.

Randolph, Kennebec Co., population 1200; fire area 640 acres; mercantile buildings, brick, wood and stone, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 8 chemical extinguishers, 1 hose carriage, force pump; hose 1000 ft good, leather 850; value of fire department equipment \$1500; value of buildings occupied \$500; total membership 45; bell alarm. Chief engineer, N. A. Reed.

WATER SUPPLY—Source, river; 2 cisterns supplied from roofs, cap 10,000 gals dy; 10 hydrants. Town clerk, Wm. Dudley.

Raymond, Cumberland Co., population 1128; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; no fire department; 8 chemical extinguishers.

WATER SUPPLY—Source, wells. Mayor, F. H. Whitham; town clerk, O. B. Lane.

Richmond, Sagadahoc Co., population 2000; buildings, wood, 1, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 8 hose carriages; hose cotton, good 500 ft, rubber good 800 ft, linen good 800 ft; value of fire department equipment \$1500; total ann expenses of department about \$1200; total membership 85, volunteers; bell alarm. Chief engineer, J. H. Knights.

WATER SUPPLY—Source not stated; system, gravity; reservoir cap 1,000,000 gals; Blake pumping engines, 14 gals to stroke; 41 hydrants; 4 miles pipe. J. L. Pushard; W. H. Sturtevant.

Rockland, Knox Co., population 7800. Fire department—2 steam fire engines, 1 hook and ladder truck; 8 hose carriages, all kinds; hose cotton, good 6000 ft; 4 horses; total membership 95, paid part time. Chief engineer, A. H. Jones.

WATER SUPPLY—Source, lake; system, gravity; reservoir cap 2,500,000 gals; 62 hydrants, R. D. Wood & Co.; pipe 51 miles, 2, 4, 6, 8 and 10 in dia, R. D. Wood & Co.; quality of water good; pressure 95 pounds. Pres of com, Hon. A. Flerreket; supt, J. W. Crocker; mayor, E. A. Butler; city clerk, R. H. Burnham.

Saco, Cumberland Co., population 4500. Fire department—3 hose carriages; hooks and ladders; hose cotton, good 500 ft, leather good 250 ft; whistle and bell alarm.

WATER SUPPLY—Supplied by Portland Water Company; 7 hydrants; 8 miles pipe. Town clerk, J. C. Seater.

Saco, York Co., population 2400. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 5000 ft; 4 horses; total membership 42, paid part time. Chief engineer, A. Lord.

WATER SUPPLY—Biddeford and Saco Company supplies the town. (See Biddeford.) Jas. Birney; W. H. Sturtevant.

Sanford, York Co., population 1500. Fire department 1 steamer, private; 1 hand tub; 4 force pumps. E. M. Goodall.

WATER SUPPLY—Source, springs; system, direct; 1 tank, cap of tank 51,800 gals; windmill pumping engines, dy cap 25,000 gals; 12 hydrants, Chapman; 7000 feet pipe, R. D. Wood & Co.; 12 valves, Chapman; pressure, domestic 15, fire 55 pounds; cost to construct \$10,000; ann expenses \$50. Pres, E. M. Goodall.

Searsport, Waldo Co., population 2350; fire area 1280 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 400 ft, linen good 700 ft; value of fire department equipment \$1000; value of building occupied \$1000; total membership 68; bell alarm. Chief engineer, J. H. Sullivan.

WATER SUPPLY—Source, 6 cisterns, cap 115,000 gals daily. Jos. Field.

Skowhegan, Somerset Co., population 4500; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 4000 ft, leather good 1000 ft, inferior 500 ft; 2 horses; value of fire department equipment \$55,000; value of buildings owned \$1000; total ann expenses of department \$2000; total membership 80, paid full time 2; whistle alarm. Chief engineer, B. D. Savage.

WATER SUPPLY—Source, brook; system, pumping to standpipe; standpipe cap 260,000; Worthington pumping engines, dy cap 2,000,000 gals; 76 hydrants, Wood & Co.; pipe 10 miles, 8 to 10 in dia, Wood & Co. and Drummond; 1 meter, Worthington; pressure 70 to 100 pounds; waterworks owned by company; cost to construct \$115,000; int on bonds 5 per cent. Pres, Gen. R. B. Shepherd; supt, Jas. H. Holt; city clerk, Geo. S. Webb.

South Berwick, York Co., population 2700. Fire department—3 hand engines, 8 hose carriages; hose rubber, good 200 ft, leather good 1800 ft; total membership 6. Chief engineer, J. S. Ford.

South Paris, Oxford Co., population 1200; fire area 100 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1000 ft, rubber good 500 ft, linen good 1000 ft, inferior 800 ft; value of fire department equipment \$3000; value of building owned \$1000; total ann expenses of department about \$1000; total membership 75; bell alarm. Chief engineer, A. E. Thistleff.

WATER SUPPLY—Source, river and 12 cisterns; 22 hydrants; pipe 2½ miles. Town clerk, A. C. T. King.

Springvale, York Co., population 1120; buildings, wood. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage; other apparatus, 1 tub, hooks, ladders and buckets; hose leather, good 800 feet. Chief engineer, E. F. Davenport.

WATER SUPPLY—Source, pond; system, gravity; 4 hydrants; pipe 8 miles; pressure 40 pounds; cost to construct \$10,000. Pres, S. D. Tibbett; supt, Jas. A. Bennett.

Stockton, Waldo Co., population 1550; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 8 hook and ladder trucks, 1 hose carriage; hose linen, good 200 ft; value of fire department equipment \$250; total membership 25; bell alarm. Chief engineer, C. Fletcher.

WATER SUPPLY—Source, wells and cisterns. Town clerk, S. Merrithen.

Thomaston, Knox Co., population 3000. Fire department—1 steam fire engines, 2 hand engines, 1 hook and ladder truck, 5 hose carriages; hose good, 2500 ft, poor 400 ft; total membership 120, volunteer. Chief engineer, N. C. Mehan.

WATER SUPPLY—Source, lake; 24 hydrants; pipe 14 miles, 10 in dia; 1 valve; quality of water good; water-works owned by company. Pres, A. F. Crockett.

Topsam, Sagadahoc Co., population 1500; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 800 ft, rubber good 600 ft; value of fire department equipment \$1200; total ann expenses of department about \$700; total membership 70, volunteer; whistle and bell alarm. Chief engineer, Ed Beaumont.

WATER SUPPLY—Source, river; 5 reservoirs. Town clerk, C. E. White.

Waldoborough, Lincoln Co., population 3700; mercantile buildings brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hose carriages; hose rubber, good 150 ft, inferior 80 ft, linen good 450 ft, leather good 100 ft; value of fire department equipment \$1500; bell alarm. Chief engineer, J. P. Gidden.

WATER SUPPLY—Source, wells and cisterns. Town clerk, P. E. Stores.

Waterville, Kennebec Co., population 7500. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 5800 ft, linen good 1000 ft; total membership 80, volunteer; Gamewell telegraph alarm. Chief engineer, H. G. Tozier.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 8,000,000 gals; Deane pumping engine, dy cap 2,500,000 gals; 70 hydrants, Chapman; pipe 18 miles, 6 to 14 in dia; valve, Chapman; 4 meters; quality of water first-class; pressure 85 pounds; water-works owned by company; int on bonds 5 per cent.

West Waterville, Kennebec Co. (See Oakland.)

Winn, Penobscot Co., population 1000; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 chemical engine; value of fire department equipment \$400. Chief engineer, C. A. Carl.

WATER SUPPLY—Source, river. Town clerk, G. W. Young.

Winterport, Waldo Co., population 2800. Fire department—1 chemical engine, hooks. Town clerk, C. R. Hill.

Winthrop, Kennebec Co., population 2800; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; total ann expenses of department about \$200; total membership 25, volunteer; bell alarm. Chief engineer, C. A. Wing.

WATER SUPPLY—Source not given; system, gravity and direct pumping; force pump in factory; 10 hydrants, Matthews; cost to construct \$5000. Village clerk, E. O. Kelley.

Wiscasset, Lincoln Co., population 1850; fire area 40 acres; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose rubber, good 300 ft; leather good 1050; total ann expenses of department about \$800; total membership 100, paid part time; whistle and bell alarm. Fire warden, E. B. Neal.

WATER SUPPLY—Source, river and wells. Town clerk, S. Holbrook.

Woodford, Cumberland Co., population 6000. Fire department—1 hose carriage; hose 2000 ft; total membership 70. Chief engineer, L. G. Eldridge.

WATER SUPPLY—Source, lake; system, gravity; 64 hydrants; pipe 6 miles; pressure 40 to 60 pounds; water-works owned by Portland Water Co. Pres, Geo. P. Westcott; town clerk, F. Burnell.

Yarmouth, Cumberland Co., population 2800; fire area 4000 acres; buildings, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; total membership 40. Chief engineer, C. E. Greeley.

WATER SUPPLY—Source, river and springs; system, gravity; 3 reservoirs. Town clerk, L. R. Cook.

The following places have no fire protection: Canaan, Somerset Co., population 1000, Carmel, Penobscot Co., population 1280 (buckets). Corinth, Penobscot Co., population 1500. Fort Kent, Aroostook Co., population 1512. Goldborough, Hancock Co., population 1709. Gray, Cumberland Co., population 1000. Hancock, Hancock Co., population 1100. Limerick, York Co., population 1400. Mechanic Falls, Androscoggin Co., population 2000. Penobscot, Hancock Co., population 1200. Sumner, Oxford Co., population 1016. West Gardiner, Kennebec Co., population 977. Whitefield, Lincoln Co., population 1510.

MARYLAND.

Annapolis, Anne Arundel Co., population 7000; buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; slamese couplings; hose cotton, rubber lined, good 1000 ft, rubber good 600 ft; total membership 100; bell alarm. Chief engineer, W. O. Basil. Apparatus and equipment of naval academy available in case of emergency.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 6,000,000 gals; Worthington pumping engines, dy cap 600,000 gals; 45 hydrants; mains 4 to 8 in dia; 4 Worthington meters; quality of water first-class; filtration natural; pressure, domestic 38 pounds; water-works owned by company; ann expenses \$8250; int on bonds in 1899 \$750. Pres of com, Wm. H. Gorman; mayor, Jas. H. Brown; city clerk, Philip E. Porter.

Baltimore, Baltimore Co., population 500,000; fire area 38 sq. miles; mercantile buildings, brick and stone, 3 to 8 stories; private, brick, 3 to 5 stories; wooden roofs permitted; fireworks ordinance. Fire department—15 steam fire engines, 5 in reserve, 8 chemical engines on wheels, 38 chemical extinguishers, 6 hook and ladder trucks, 6 aerial trucks, 30 hose carriages, all kinds, 15 heaters for engines; hose cotton, good 22,500 ft, inferior 17,150 ft, rubber good 1500 ft; 118 hoses, value \$30,000; value of fire department equipment \$20,000; value of buildings occupied \$175,000; total ann expenses of department \$223,073.53; total membership 276, paid full time 166, paid part time 110; Gamewell alarm; 227 street boxes. Chief engineer, John M. Hennick; fire commissioners, J. A. Preston, J. F. Hunter, Geo. May.

WATER SUPPLY—Source, Jones' Falls and Gunpowder River; system, gravity and pumping to reservoir; 8 reservoirs; combined dy cap of reservoirs about 84,000,000 gals; 8 Worthington pumping engines, dy cap 16,000,000 gals; 1063 hydrants; pipe 358 miles, 1½ to 40 in dia; 784 meters; pressure 60 pounds; water-works owned by city; cost to construct \$10,896,979; ann expenses \$106,664; int on bonds 4 to 6 per cent. Sec of com, John F. Hunter; mayor, C. L. Davidson; city clerk, A. J. King.

Belt of Baltimore, Baltimore Co., surrounding Baltimore city, extending 8 miles from city limits, popu-

lation 10,000; fire area 22,400 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—9 chemical engines on wheels, 12 chemical extinguishers, 8 hook and ladder trucks; hose rubber, good 1800 ft; 30 hoses; value of fire department equipment \$40,000; value of 8 buildings occupied \$20,000; total ann expenses of department \$15,000; total membership 68, paid full time 20, paid part time 48. Chief engineer, John M. Hennick; mayor, C. L. Davidson; city clerk, A. J. King.

Bel Air, Harford Co., population 41500; fire area 240 acres; buildings, wood and brick. Fire department—1 hook and ladder truck, value of fire department equipment \$100; value of building occupied \$100; bell alarm.

WATER SUPPLY—Source, wells. A system of water-works in course of construction.

Boonsboro, Caroline Co., population 1000; fire area 26¼ acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$800; value of buildings occupied \$50; bell alarm.

WATER SUPPLY—Source, private wells and cisterns.

Cambridge, Dorchester Co., population 8975. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2000 ft; linen good 304 ft; leather good 300 ft; 100 members. Chief engineer, H. A. Joyce.

WATER SUPPLY—Source, river and creek. Water-works will be constructed this year; 60 hydrants; 6 miles pipe. Mayor, G. Warren Mundy; town clerk, T. H. Medford.

Catonsville, Baltimore Co., population 2600. No organized fire department; 1 chemical engine; hose rubber, good 250 ft; expect to organize a volunteer company soon.

WATER SUPPLY—Source, artesian wells and stream; system, pumping to tank; cap of tank 125,000 gals; Deane & Worthington pumping engines dy cap 500,000 gals; 8

MARYLAND—Continued.

miles mains; 8 meters, 60 taps. Pres and sec, I. M. Cone.

Centreville, Queen Anne Co., population 1500; fire area 100 acres; mercantile buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; 1 hose carriage, hose linen, good 500 ft; value of fire department equipment \$500; total membership 85, all volunteers; bell alarm. Chief engineer, F. Gemmill; president of fire and water com, A. K. Weidon.

WATER SUPPLY—Source and system not stated; stand-pipe 100 ft high.

Chestertown, Kent Co., population 2800; area 250 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 700 ft, leather good 100 ft; value of fire department equipment \$6000; value of buildings occupied \$1300; total membership 80, all volunteers; bell alarm. Chief engineer, W. T. Sutton.

WATER SUPPLY—Source, springs; system, pumping to reservoir; 8 reservoirs, cap 180,000 gals; Deane pumping engines, dy cap 240,000 gals; 80 hydrants; pipe 6 miles, 8 to 6 in dia; 16 gates; 6 meters; pressure 25 to 50 pounds; cost to construct \$25,000; ann expenses \$3000. Supt, Wm. T. Sutton; town clerk, J. M. Wheatley.

Crisfield, Somerset Co., population *8000; buildings, wood, 2 stories; private, wood, 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage; siamese couplings used; hose rubber, good 900 ft; value of fire department equipment \$5600; value of buildings occupied \$780; volunteer department, 1 paid member; bell alarm; fire patrol supported by subscription and tax. Chief engineer, W. A. Britton.

WATER SUPPLY—Source wells, river. Town clerk W. R. Reese.

Cumberland, Alleghany Co., population 10,698; fire area 1800 acres; mercantile buildings, brick 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose linen, good 400 ft, leather good 2000 ft; value of fire department equipment \$2000; value of buildings occupied \$10,000; bell and whistle alarm. Chief engineer, W. A. Hart.

WATER SUPPLY—Source, Potomac River; system, direct pumping; Holly-Gaskill pumping engines, dy cap 2,000,000 gals; 800 hydrants, Holly; pipe 80 miles, 8 to 12 in dia; Eddy valves; pressure, domestic 35 to 90, fire 110 to 180 pounds; cost to construct \$150,000; ann expenses \$7000; int on bonds 5 per cent. Supt, Asa Wilson; city clerk, D. L. Blanchard.

Easton, Talbot Co., population 5000. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 50 ft, rubber good 800 ft, linen good 50 ft, leather good 500 ft; total membership 60, all volunteers. Chief engineer, E. Roberts.

WATER SUPPLY—Source, 6 artesian wells; system, pumping to standpipe; 1 reservoir, cap 8700 gals; standpipe 100 ft, high, 12 ft in dia; Holly pumping engines, dy cap 500,000 gals; 40 hydrants, Union Hydraulic Works; pipe 6½ miles, 4 to 8 in dia, McNeal Pipe & Foundry Co.; 60 valves; quality of water good; pressure, domestic 45, fire 150 pounds, works owned by company; cost to construct \$40,000; ann expenses \$1500. Pres or chairman of com, Joseph H. White; supt and sec, N. A. Shanahan; mayor, C. R. Leonard; city clerk, D. R. Cox.

Elkton, Cecil Co., population 2000; wooden roofs permitted. Fire department—2 hand engines, 1 chemical extinguisher; hose leather, good 600 ft. Chief engineer, R. Thomas.

WATER SUPPLY—Source and system not described; pumps. Town clerk, J. L. Wells.

Emmitsburgh, Frederick Co., population 1000. Fire department—1 hook and ladder truck, 2 hose carriages; hose leather, good 1500 ft; 80 members. Chief engineer, G. T. Eyster.

WATER SUPPLY—Source and system not stated; 1 reservoir.

Fort McHenry, Baltimore Co., government post; buildings, brick and wood, 1½ stories. Fire department—4 hook and ladder trucks, 2 hose carriages; hose cotton, good 1100 ft, rubber good 450 ft; trumpet alarm.

WATER SUPPLY—Water-works at Baltimore, whence the supply is obtained.

Frederick, Frederick Co., population 10,000. Fire department—3 steam fire engines, 4 chemical extinguish-

ers, 9 hook and ladder trucks, 10 hose carriages; hose rubber, good 2000 ft, leather good 800 ft; total membership 700, all volunteers.

WATER SUPPLY—Source, river and springs; system, gravity; reservoir cap 1,900,000 gals; 10 miles pipe, 2 to 10 in dia; 85 gates; 1 meter; pressure, 15 to 25 pounds; cost to construct \$125,000; ann expenses \$1700. Supt, C. N. Halm; mayor, Lewis H. Dole.

Frostburg, Alleghany Co., population 6000; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 to 3 stories; tin and sheet-iron roofs; fireworks ordinance. Fire department—2 hook and ladder trucks, 2 hose carriages; hose rubber, good 600 ft, inferior 150 ft; value of fire department equipment \$1700; value of buildings occupied \$5000; total membership 70, volunteers; bell alarm. Chief engineer, Frank Spates.

WATER SUPPLY—Source, springs and artesian wells; system, gravity; reservoir cap 200,000 gals; 85 hydrants; 6 miles pipe, 2 to 8 in dia; 15 valves; pressure 90 to 120 pounds; water-works owned by company; cost to construct \$40,000. Pres of com, W. D. Sprigg; supt, D. G. Williams; mayor, Wm. Thomas; city clerk, L. P. Smith.

Govanstown, Baltimore Co., fire area 8 acres; buildings, private, brick, and wood, 2, 3 and 4 stories; wooden roofs permitted. Fire department—4 chemical engines on wheels, 8 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 1000 ft; 7 horses, value \$1800; value of fire department equipment \$7000; value of buildings occupied \$1800; total ann expenses of department \$7900; members paid full time 12, paid part time 2, no of volunteer members 16; electric alarm; 27 street boxes. Chief engineer, Geo. W. Morgan.

Hagerstown, Washington Co., population *10,000; mercantile buildings, brick, 3 stories; private, wood and brick 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 3 hand engines, 1 hook and ladder truck, 11 hose carriage; siamese couplings used; hose cotton, good 2500 ft, leather good 1500 ft; value of fire department equipment \$12,500; value of buildings occupied \$80,000; total ann expenses of department \$1000; total membership 900, paid full time 5; bell alarm.

WATER SUPPLY—Source, springs and artesian wells; system, gravity; reservoir cap 20,000,000 gals; Cameron pumping engines, dy cap 500,000 gals; 65 hydrants, Matthews; 19 miles pipe, 4 to 12 in dia, McNeal and others; 60 valves, Ines and Kennedy; 30 meters, National Meter Company; quality of water clear and soft; pressure 80 to 100 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$1500; int on bonds 4 per cent. Pres of com, H. H. Keedy; supt, C. F. Manning; mayor, R. J. Halm.

Havre de Grace, Harford Co., population 3800; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—2 hose carriages; hose rubber, good 2000 ft; value of buildings occupied \$300; total ann expenses of department \$600. Chief engineer, S. T. Mitchell.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 4,000,000 gals; pipe 7 miles, supplied by pumps from river; 40 fire plugs; pressure 120 pounds; water-works owned by company; cost \$30,000; int on bonds 6 per cent. Pres, A. P. McCombs; supt, J. W. Maslin.

Lonaconing, Allegany Co., population 6000; fire area 250 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—1 hand engine; 1 hose carriage; hose cotton, inferior 200 ft, rubber good 500 ft; value of fire department equipment \$2000. Chief engineer, J. Frank Barnes.

WATER SUPPLY—Source, creeks and streams.

Mechanicstown, Frederick Co., population 1160; fire area 1½ miles; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; fireworks ordinance. Fire department—2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$1100; 80 members. Foreman, J. F. D. Miller; chairman of fire and water com, V. B. Osler.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 50,000 gals; 18 hydrants; pipe 2 miles; pressure 90 pounds. Supt, S. Binley; town clerk, H. Coret.

Pocomoke City, Worcester Co., population 2000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$5000; total membership 80, all volunteers. Chief engineer, R. M. Stevenson.

WATER SUPPLY—Source, river and private wells. Town clerk, E. Schofield.

Port Deposit, Cecil Co., population 2600; mercantile buildings, granite, wood and brick, three stories; private, wood; 2½ stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages, 6 buckets; hose cotton, good 1700 ft, inferior 800 ft, rubber good 800 ft, inferior 200 ft; horses hired; total membership 80, 1 paid part time; bell and whistle alarm; 2 fire companies. Chief engineer, G. A. Einwachter chairman of fire and water com, R. C. Hopkins.

WATER SUPPLY—Source, river and springs. Town clerk, J. F. Mohrlein.

Saint Michael's, Talbot Co., population 1176. Fire department—1 hand engine, buckets and ladders. Chief engineer, S. F. Lewis.

WATER SUPPLY—Source, wells, 1 artesian well. Town clerk, H. C. Dodson.

Salisbury, Wicomico Co., population 8000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 2, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1000 ft, inferior 800 ft; 2 horses, value \$450; value of fire department equipment \$6500; value of buildings occupied \$500; total ann expenses of department \$300; total membership 125, paid part time 2; bell alarm. Chief engineer, Fred A. Grier; fire and water commissioners, S. Smith, Thos. Williams.

WATER SUPPLY—Source, river and artesian well; system, pumping to standpipe and direct; Hughes' pumping engines, dy cap 700,000 gals; 2 hydrants; pipe 5 miles, 8 to 8 in dia; 40 gates; pressure 40 to 185 pounds; cost to construct \$21,000. Pres of com, S. P. Dennis; supt, L. S. Bell; city clerk, Thos. H. Williams.

Snow Hill, Worcester Co., population 1276; build-

ings, wood, 2 stories. Fire department—1 hook and ladder truck; bell and whistle alarm.

WATER SUPPLY—Source, river and wells; system not stated; pumps. Town clerk, S. E. Boehm.

Union Bridge, Carroll Co., population 1000; buildings, brick and wood, 2 and 3 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose 1000 ft; total membership 87, volunteers; bell alarm. Chief engineer, W. H. Marshall.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 800,000 gals; Worthington pumping engines, dy cap 250,000 gals; 80 hydrants, Mathews; pipe 2½ miles, 4 to 8 in dia; 29 gates, Feet; pressure 80 pounds; water-works owned by company; cost to construct \$17,000; ann expenses \$300. Pres of com, M. C. McKinstry; supt, J. Hollenberger; town clerk, John S. Lepp.

Westminster, Carroll Co., population 3000; mercantile buildings, brick, 3 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 400 ft, leather 1100 ft; value of fire department equipment \$2500; value of buildings occupied \$5000; total ann expenses of department \$150; total membership 50, volunteers. Chief engineer, F. K. Herr.

WATER SUPPLY—Source, springs; system, pumping to reservoir and direct; reservoir cap 1,000,000 gals; Worthington pumping engines, dy cap 118,000 gals; 40 hydrants, Ives; pipe 5 miles, 4 to 8 in dia, Ives; 8 meters; quality of water soft; pressure, domestic 55, fire 100 pounds; water-works owned by company; cost to construct \$35,000; ann expenses \$1000; int on bonds 6 per cent. Pres of com, Wm. A. McKillip; supt, W. W. Taylor; town clerk, C. H. Bangham.

The following places have no fire protection: Barton, Allegany Co., population 1800. Oakland, Garrett Co., population 1200. Princess Anne, Somerset Co., population 1000.

MASSACHUSETTS.

Abington, Plymouth Co., population 4000; mercantile buildings, wood, 3 to 4 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; State fireworks ordinance. Fire department—private chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages; hose cotton, good 8000 ft; 6 horses, hired; value of fire department equipment \$4000; value of buildings occupied \$5000; total ann expenses of department \$3400 (1889); total membership 88; bells and whistle alarm; 2 hook and ladder companies, 2 hose companies. Chief engineer, A. H. Wright.

WATER SUPPLY—Source, Big Sandy Pond; system, pumping to standpipe; standpipe cap 387,000 gals; Worthington pumping engines, dy cap 2,000,000 gals; 127 hydrants, Coffin; pipe 18 miles, 4 to 12 in dia, Warren; 65 valves, Coffin; 85 meters, National; quality of water soft and clear; pressure, 65 to 75 pounds; water-works owned by town jointly with Rockland; cost to construct \$150,000; int on bonds 4 per cent. Supt, A. H. Wright; town clerk, J. W. Sproul.

Acton, Middlesex Co., population 1797. Fire department—hooks, ladders and pails.

WATER SUPPLY—Source, river.

Adams, Berkshire Co., population 10,000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 6 hose carriages; hose linen, good 1700 ft, inferior 250 ft, rubber good 850 ft, inferior 100 ft; value of buildings occupied \$5000; total membership 50, volunteers; whistle alarm; 1 hose company. Chief engineer, R. N. Richmond.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, cap 8,000,000 gals; 110 hydrants, Wood, Ludlow, Chapman; pipe 10 miles, 8 to 12 in dia, R. D. Wood & Co.; 20 valves, Chapman, Ludlow; 14 meters, Crown; quality of water soft; pressure 110 to 130 pounds; water-works owned by fire district; cost to construct \$150,000; ann expenses \$12,716; int on bonds 5 per cent. Pres of com, David Upton; supt, C. A. Waters.

Agawam, Hampden Co., population 2216.

WATER SUPPLY—Source, springs; system, gravity; pipe 5 miles; pressure, domestic 45 pounds; water-works owned by C. L. Goodhue; cost to construct \$6000.

Amesbury, Essex Co., population 12,000. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, 3 hose reels; hose good 8000 ft; total membership 125, volunteers. Chief engineer, J. S. Poyen.

WATER SUPPLY—Source, springs and driven wells; system, pumping to reservoirs and direct 1 reservoir, cap

2,000,000 gals and 1 3,000,000; 2 Worthington pumping engines, dy cap 1,000,000 gals each; 120 hydrants, Ludlow; pipe 8 to 9 miles, 4 to 12 in dia, Gloucester; valves, Chapman & Ludlow; 60 meters, National & Union; quality of water soft and clear; pressure, domestic 60, fire 100 pounds; water-works owned by company; cost to construct \$100,000; int on bonds 5 per cent. Pres of com, Richard F. Briggs; city clerk, N. E. Collins.

Amherst, Hampshire Co., population 4190; fire area whole town; mercantile buildings, brick and stone 3 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, canvas chute and jumping net; hose cotton, good 1800 ft, leather good 500 ft; value of fire department equipment \$2670; value of buildings occupied \$700; total ann expenses of department \$800; total membership 88; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, W. H. H. Morgan.

WATER SUPPLY—Source, Amethyst brook; system, gravity; storage reservoir cap 1,000,000 gals; 25 hydrants, Hol-yoke; pipe 7 miles; valves, Chapman; pressure 100 pounds; water-works owned by company; cost to construct \$80,000; int on bonds 5 per cent. Pres of com, W. A. Dickinson; supt, P. E. Irish; town clerk, W. A. Hunt.

Andover, Essex Co., population 15711. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; total membership 40; electric alarm. Chief engineer, J. L. Smith.

WATER SUPPLY—Source, Haggetts pond; system, pumping to reservoir; reservoir cap 1,250,000 gals; Blake pumping engines, dy cap 1,850,000 gals; 167 hydrants, Ludlow; pipe 23 miles, 6 to 12 in dia, R. D. Wood & Co.; 190 valves, Ludlow; Crown and Metropolitan meters; quality of water soft, fine; pressure, domestic 75 pounds, fire direct pressure from pumps; water-works owned by city; cost to construct \$180,000; ann expenses \$3500; int on bonds 4 per cent. Water commissioners F. G. Haynes, J. H. Flint; J. P. Butterfield; supt, John E. Smith; mayor, Peter D. Smith; town clerk, Geo. A. Putnam.

Arlington, Middlesex Co., population 5000. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose linen, good 8000 ft; 2 horses; total membership 55, volunteers. Chief engineer, Chas. Gott.

WATER SUPPLY—Source, Lexington Great Meadows and North brook; system, gravity; storage reservoir cap 77,000,000 gals; 98 hydrants; pipe 12 miles; quality of

MASSACHUSETTS—Continued.

water filter gallery; pressure 50 pounds; water-works owned by town; cost to construct \$488,686; ann expenses \$2597; int on bonds 5 and 6 per cent. Supt, Thos. Roden; city clerk, B. D. Lock.

Ashburnham, Worcester Co., population 12068; buildings, wood, 2 stories. Fire department—2 hand engines, 3 hose carriages, all kinds; hose cotton, good 300 ft, rubber good 600 ft, leather good 600 ft; value of fire department equipment \$3000; value of 3 buildings occupied \$9800; total ann expenses of department \$976; total membership 107, volunteers; bell alarm. Chief engineer, L. B. Adams.

WATER SUPPLY—Source, springs; system, gravity; impounding reservoir cap 1,000,000 gals; 6 hydrants, Whittier; pipe 1 mile; pressure 100 pounds; water-works owned by company; cost to construct \$10,000; ann expenses \$50. Pres of com, I. W. Adams; town clerk, W. B. Whitney.

Ashby, Middlesex Co., population 1621; buildings, wood, 2 stories. Fire department—1 chemical engine on wheels; value of fire department equipment \$1100; total ann expenses of department \$26 (1888); total membership 30, volunteers; bell alarm. Chief engineer, Chas. O. Green.

WATER SUPPLY—Source, wells. Town clerk, J. W. Sheldon.

Ashland, Middlesex Co., population 2633; fire area 7972 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine; 1 hook and ladder truck (extension), 2 hose carriages; siamese couplings used; hose cotton; good 2650 ft; 4 horses, hired; value of fire department equipment \$7700; value of building occupied \$3000; total ann expenses of department \$1411; total membership 40; bell alarm. Chief engineer, J. H. Balcon.

WATER SUPPLY—Source, river, brooks and ponds. Town clerk, E. T. Billings.

Athol, Worcester Co., population 6500; fire area 1000 acres; mercantile buildings, wood and brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine unused, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 6500 ft, rubber inferior 300 to 400 ft, leather inferior 300 to 400 ft; value of fire department equipment \$10,000; value of buildings occupied \$1500; total ann expenses of department \$2100; total membership 56, paid part time; bell and whistle alarm. Chief engineer, C. Grey.

WATER SUPPLY—Source, brooks; system, gravity; 3 reservoirs; 62 hydrants, Ludlow; pipe 10 miles, 4 to 12 in dia; Ludlow and Chapman valves; 12 meters; filtration sand and charcoal; pressure 40 to 140 pounds; water-works owned by company; cost to construct \$140,000; ann expenses \$2500; int on bonds 6 per cent. Pres of com, S. L. Wiley; supt, Alex. McDonald; town clerk, John D. Holbrook.

Attleborough, Bristol Co., population 97500; fire area 2700 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 2000 ft, leather good 1800 ft; value of fire department equipment \$6000; value of 2 buildings occupied \$10,000; total ann expenses of department \$2100; total membership 41, paid part time; telegraph alarm. Chief engineer, R. B. Nye.

WATER SUPPLY—Source, springs, driven wells and Ten Mile River; system, pumping to tank and direct; tank cap 215,000 gals; Worthington & Blake pumping engines, dy cap 3,000,000 gals; 115 hydrants; pipe 17 miles, 4 to 12 in dia, R. D. Wood & Co.; 375 meters, Crown, Union, Hersey and others; quality of water good; pressure, domestic 35, fire 76 pounds; water-works owned by town; cost to construct \$68,742, ann expenses \$4040; int on bonds 7 per cent. Pres of com, T. W. Stone; supt, G. B. Fitts.

Ayer, Middlesex Co., population 2231; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, rubber lined, good 1000 ft, inferior 700 ft, leather good 500 ft; value of fire department equipment \$3000; value of buildings occupied \$800; total ann expenses of department \$1800; total membership 60, paid full time 58, paid part time 2; bell and whistle alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, H. C. Sherwin.

WATER SUPPLY—Source, collecting well; system, pumping to reservoir; reservoir cap 100,000 gals; Holly pump-

ing engines, dy cap 450,000 gals; 48 hydrants, Ludlow; pipe 4½ miles, R. D. Wood & Co.; Ludlow valves; 2 meters; pressure 65 pounds; water-works owned by town; cost to construct \$68,000; int on bonds 4 per cent. Supt, H. W. Whitney; town clerk, A. Fenner.

Barre, Worcester Co., population 2300; fire area 7 miles square; mercantile buildings, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1550 ft, rubber good 465 ft; value of fire department equipment \$3927; value of buildings occupied \$600; total membership 22, paid part time; bell alarm. Chief engineer, B. F. Brooks.

WATER SUPPLY—Source, stream; large reservoirs. Town clerk, J. C. Bartholomew.

Bedford, population 1000; fire area 8147 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose linen, good 550 ft, inferior 550 ft; value of fire department equipment \$200; value of buildings occupied \$400; total ann expenses of department \$325; total membership 37, paid full time 23, paid part time 13; bell alarm. Chief engineer, Jonas Melvin.

WATER SUPPLY—Source, cisterns.

Bellevue, Hampshire Co., population 2807; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$400; total membership 15, volunteers. Chief engineer, R. E. Fairchild.

WATER SUPPLY—Source, wells. Town clerk, W. B. Glover.

Belmont, Middlesex Co., population 11630; buildings, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 1 chemical engine on wheels, 2 hose carts, 3 hose wagons, hand grenades; hose cotton, good 3800 ft, inferior 2000 ft; value of fire department equipment \$3000; value of buildings occupied \$5000; total ann expenses of department \$1000; total membership 50, paid part time. Chief engineer, David Cheney.

WATER SUPPLY—Source, brooks; cap 35,000 gals dy; 3 reservoirs; 60 hydrants. Supt, W. J. Underwood; town clerk, W. L. Cheney.

Beverly, Essex Co., population 19186; fire area 800 acres; buildings, wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 hook and ladder trucks, 6 hose carriages; siamese couplings used; hose good, 9000 ft; 4 horses; value of fire department equipment \$35,000; total ann expenses of department \$7000; total membership 307, volunteers; telegraph alarm. Chief engineer, Levi K. Goodhue.

WATER SUPPLY—Source, Wenham Lake; system, pumping to reservoir and direct; reservoir cap 3,200,000 gals; Holly pumping engines, dy cap 4,000,000 gals; 170 hydrants; pipe 3½ miles, 4 to 18 in dia; 31½ valves, Coffin; 23 meters, Worthington; quality of water best; pressure 75 pounds; water-works owned by town; cost to construct \$300,000. Pres of com, Peter E. Clark; supt, Chas. Pickett; city clerk, W. H. Lovett.

Billerica, Middlesex Co., population 3000 (includes North Billerica). Fire department—1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck; hose linen, good 800 ft, rubber good 300 ft; auxiliary apparatus covering the village; 4 rotary force pumps, 360 ft linen and rubber lined hose, and 3 carriages and hose company 10 men, connected with mills; total ann expenses of department \$400; total membership 50, paid part time. Chief engineer, Ed. B. Haskell.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, Dudley Foster.

Blackinton, Berkshire Co., population 900; buildings, wood, 2 to 4 stories; wooden roofs permitted. Fire department—1 hose carriage; 500 hand grenades; hose cotton, good 2000 ft, leather good 50 ft; value of fire department equipment \$1000; automatic alarm.

WATER SUPPLY—Source, river and mountain springs; system, gravity and direct; reservoir cap 250,000 gals; 3 force pumps; 30 hydrants; pressure 180 pounds. Town clerk, Daniel Eadie.

Blackstone, Worcester Co., population 15435. Fire department—1 steam fire engine, 1 hose carriage; hose cotton, good 1500 ft; 2 horses; total membership 30, volunteers. Chief engineer, J. J. Dorsey; town clerk, M. Carroll.

Bolton, Worcester Co., population 1876; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted.

Fire department—1 hook and ladder truck, buckets and force pump; value of fire department equipment \$300; total membership 20, volunteers; bell alarm. Chief engineer, Marshall Smith.

WATER SUPPLY—Source, brook and wells. Town clerk, A. S. Haynes.

Boston, Suffolk Co., population 400,000; fire area 22,922 acres; mercantile buildings, brick, 5 to 10 stories; private, brick, 3 to 8 stories; fireworks ordinance. Fire department—84 steam fire engines, 10 chemical engines on wheels, 12 hook and ladder trucks, 8 aerial trucks, 42 hose carriages, 28 supply wagons, 1 fire boat, 1 water tower. In reserve: 7 engines, 2 chemical, 6 hose carts, 8 hook and ladder trucks, 18,000 ft hose; siamese couplings used; hose cotton 48,897 ft, suction 917 ft, rubber 5196 ft, hand 2284 ft, linen 600 ft, chemical 2148 ft; 190 horses; value of fire department equipment \$500,000; 64 buildings occupied; total ann expenses of department \$513,198; total membership 698, paid full time 428, paid part time 200. Fire patrol incorporated and supported by Board of Underwriter at ann expense of \$38,534; 80 men; telegraph alarm; 501 street boxes. Chief engineer, L. P. Webber.

WATER SUPPLY—Source, Sudbury River, lakes Cochituate and Mystic; system, gravity and pumping to reservoir; 8 reservoirs, cap 2,169,144 gals; Worthington & Holly pumping engines, dy cap 84,000,000 gals; 6284 hydrants, Boston Water-works; pipe 680 miles, 4 to 48 in dia; 6000 valves; 3842 meters, Crown, Worthington, Tremont, B. W. W. and others; pressure 80 to 80 pounds; water-works owned by city; cost to construct \$21,187,122; ann expenses \$465,088; int on bonds 8½ to 6 per cent. Supts, D. Fitzgerald, D. Brackett; mayor, T. N. Hart; city clerk, F. M. Curtis.

Bradford, Essex Co., population 4000; fire area 5 by 2 miles; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hose wagon; hose cotton, good 2500 ft, inferior 500 ft; 3 horses, value \$350; value of fire department equipment \$5800; value of buildings occupied \$2500; total ann expenses of department \$2400; total membership 17, paid full time 1, part time 1; Gamewell alarm. Chief engineer, J. Frank Mills.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 50,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 60 hydrants, Chapman; pipe 7 miles, 4 to 12 in dia, Goodhue & Birnie; 54 valves, Chapman; quality of water good; pressure, domestic 70, fire 105 pounds; water-works owned by company. Pres of com, C. L. Goodhue.

Braintree, Norfolk Co., population 14040; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose, rubber lined cotton, 2000 ft, rubber 650 ft, inferior 800 ft, leather 850 ft; factories have force pumps and hose; 7 horses; value of fire department equipment \$3225; value of 8 buildings occupied \$4200; total ann expenses of department \$3000; total membership 58; bell alarm. Chief engineer, E. O. Pierson.

WATER SUPPLY—Source, Little Pond; system, pumping to standpipe; standpipe cap 525,000 gals; Blake pumping engines, dy cap 1,125,000 gals average; 100 hydrants, Coffin; pipe 12 miles, 4 to 12 in dia, Warren; 90 valves, Coffin; 15 meters, Crown; quality of water first-class; filter gallery; pressure 75 to 110 pounds; water-works owned by company; town has voted to buy the works; cost to construct \$175,000; int on bonds 5 per cent. Pres of com, Elisha Thayer; supt, Melvin C. French; town clerk, Sam'l A. Bates.

Bridgewater, Plymouth Co., population 13887; buildings wood. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose good, 2000 ft; value of fire department equipment \$3000; value of building occupied \$1500; electric bell alarm. Chief engineer, Darius C. Ford.

WATER SUPPLY—Source, 8 wells (1 driven); system, pumping to standpipe; standpipe cap 275,000 gals; 3 Worthington pumping engines, dy cap 1,000,000 gals each; 60 hydrants, Ludlow; pipe 23 miles, 4 to 10 in dia; 40 valves, Ludlow; 9 meters; quality of water excellent; pressure, domestic 90, fire, if necessary, 250 pounds; water-works owned by company; cost to construct \$140,000; ann expenses \$3000; int on bonds 5 per cent. Pres of com, Hon. B. W. Harris; supt, Henry H. Thorndike.

Brimfield, population 1137; fire area about 2 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—hook and extension ladder, 2 dozen pails; value of fire department equipment \$30.

WATER SUPPLY—Source, wells and private aqueducts.

Brockton, Plymouth Co., population 30,000. Fire department—4 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 2 hook and ladder trucks, 1 aerial truck, 8 hose carriages; hose cotton, rubber lined, good 10,000 ft; 16 horses; total membership 118; telegraph alarm; 38 street boxes. Chief engineer, Chas. Eaton.

WATER SUPPLY—Source, Salisbury Brook; system, gravity; impounding reservoir, cap 380,000,000 gals; 480 hydrants, Ludlow; pipe 45 miles; valves, Ludlow; 1200 meters; pressure 45 pounds; water-works owned by town; cost to construct \$40,000; ann expenses \$3000; int on bonds 4½ per cent. Chairman of com, E. H. Reynolds; supt, W. F. Clearland; city clerk, D. W. C. Packard.

Brookfield, Worcester Co., population 8000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 8000 ft, leather inferior 150 ft; total ann expenses of department \$1851; total membership 100, volunteers; bell and whistle alarm; 2 fire companies. Chief engineer, Geo. N. Hill.

WATER SUPPLY—Source, springs; system, gravity; 8 reservoirs; 10 hydrants; pipe 2 miles, 6 to 12 in dia; 6 gates, Chapman; pressure, 60 pounds; water-works owned by town; cost to construct \$14,000; int on bonds 4½ per cent. Supt, C. P. Carpenter; Town clerk, H. P. Gerald.

Brookline, Norfolk Co., population 12,000; fire area 4000 acres; mercantile buildings, wood and brick, 3 stories; private, wood and stone, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 5000 ft, inferior 800 ft; 10 horses, value \$2800; value of fire department equipment \$10,000; total ann expenses of department \$15,300; total membership 66, paid full time 6, paid part time 50; Gamewell alarm; 26 street boxes; 3 engine companies, 1 hook and ladder company, 8 hose companies. Chief engineer, John H. Allen; chairman of fire and water com, W. H. Bowker.

WATER SUPPLY—Source, filtering galleries on banks of Charles River; system, direct pumping, surplus to reservoir; reservoir cap 6,000,000 gals; standpipe cap 450,000 gals; 2 Worthington, 1 Blake, pumping engines, dy cap 5,000,000 gals; 388 hydrants, Boston M. Co., Chapman; pipe 44½ miles, 6 to 16 in dia, Starr, Wood, Warren, McNeal; valves, Boston, Chapman; 600 meters, Crown, Worthington, Hersey, Thomaon, Union; quality of water good; pressure 40 to 100 pounds; water-works owned by town; cost to construct \$518,758; ann expenses \$15,000; int on bonds 8½ to 7 per cent. Chairman of com, Wm. K. Melcher; supt, Fayette F. Forbes; town clerk, B. F. Baker.

Buckland, Franklin Co. (see Shelburne Falls).

Cambridge, Middlesex Co., population 68,000; fire area 4315 acres; mercantile buildings, brick, 3 to 6 stories; private; wood and brick, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—6 steam fire engines, 1 chemical engine on wheels, 7 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, 4 fuel wagons; hose cotton, good 10,500 ft, rubber good 800 ft; 24 horses, value \$4300; value of fire department equipment \$73,500; value of buildings occupied \$194,000; total ann expenses of department \$55,500; total membership 99, paid full time 22, paid part time 78; Gamewell and bell alarm; 78 street boxes, private 2. Chief engineer, Thos. J. Casey; chairman of fire and water com, James F. Ayward.

WATER SUPPLY—Source, Stony Brook and Fresh Pond; system, pumping to reservoir and standpipe; reservoir and standpipe cap 5,000,000 gals; 8 Worthington pumping engines, dy cap 21,000,000; 648 hydrants, Boston, Wood, Chapman, Potter and Perkins; pipe 120 miles, 2 to 36 in dia, Wood, McNeal, Warren; 1100 valves, various; 321 meters, all kinds, quality of water good; pressure 25 to 45 pounds; water-works owned by city; cost to construct \$2,808,780; ann expenses \$85,000; int on bonds 8½ to 6 per cent. Pres of com, Chester W. Kingsley; supt, Hiram Nevins; mayor, Henry H. Gilmore; city clerk, Walter W. Pike.

Campello, Plymouth Co. (see Brockton).

Canton, Norfolk Co., population 14800; fire area 1200 acres; buildings, wood and brick, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose cotton, rubber-lined, good 800 ft, cotton good 8000 ft; value of fire department equipment \$10,000; 4 buildings occupied; new engine house cost \$3000; total ann expenses of department \$3200; total membership 70, volunteers. Chief engineer, John Williams.

WATER SUPPLY—Source, river, wells and springs; sys.

MASSACHUSETTS—Continued.

tem, pumping to standpipe; new water-works completed; 110 hydrants; pipe 18½ miles; pressure 48 to 98 pounds; water-works owned by town; cost to construct \$125,000 to \$150,000; int on bonds 4 per cent. Chairman of com, F. M. Ames; town clerk, Gerald Healy.

Chelmsford, Middlesex Co., population 12804. Fire department—ladders, buckets, hooks, etc.; value of fire department equipment \$300.

Chelsea, Suffolk Co., population 80,000; fire area 2400 acres; mercantile buildings, brick, 4 stories; private, wood and brick, 3 and 4 stories; wooden and slate roofs; fire-works ordinance; causes of fire investigated. Fire department—8 steam fire engines, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton, good 8100 ft, rubber good 200 ft; 12 horses; value of fire department equipment \$52,000; value of 5 buildings occupied \$78,250; total ann expenses of department \$27,000; total membership 78, paid full time 12, paid part time 66; Gamewell alarm; 87 street boxes. Chief engineer, H. A. Spencer; chairmen of fire and water com, Geo. E. Dyke, E. S. Lombard.

WATER SUPPLY—Source, 4 wells (Mystic water-works); system, gravity; 17 reservoirs, cap 800,000 gals dy; 166 hydrants; pipe 82 miles, 4 to 16 in dia; pressure, domestic 45 pounds; water-works owned by city of Boston; ann expenses \$17,845.

Cheshire, Berkshire Co., population 11600; buildings, wood, 2 stories.

WATER SUPPLY—Source, brooks; system, gravity; 1 reservoir; 125 hydrants; pipe 4 miles, 8 to 8 in dia, R. D. Wood & Co.; filtration gravel and charcoal; pressure 125 to 150 pounds; water-works owned by company; cost to construct \$17,000; ann expenses \$100. Supt, H. A. Northrop; town clerk, J. G. Northrop.

Chicopee, Hampden Co., population 18,000; fire area 640 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 steam fire engine, 2 chemical engines on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, rubber lined, good 3000 ft, leather inferior 900 ft; 2 horses hired; value of fire department equipment \$22,780; value of 2 buildings occupied \$4500; total ann expenses of department \$8000; total membership 108, paid full time 2, paid part time 106; bell alarm; 6 fire companies. Chief engineer, P. M. Judd; chairman of fire com, Thos. McDonnell.

WATER SUPPLY—Source, ponds and springs; system, gravity and pumping to tank from reservoir; impounding reservoir, cap 5,250,000 gals; Deane pumping engines, dy cap 490,000 gals; 88 hydrants; pipe 12 miles, 4 to 8 in dia; 11 gates, Chapman; 8 meters; pressure 40 to 85 pounds; water-works owned by company; cost to construct \$81,500; ann expenses \$1500. Pres of com, Emerson Gaylord; supt, E. R. Stickney; town clerk, John D. White.

Chicopee Falls, Hampden Co., population 5000; buildings, wood and brick, 4 stories; private, wood, 3 stories; wooden roofs permitted; fire-works ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1400 ft, leather good 800; value of fire department equipment \$6000; total ann expenses of department \$700; total membership 72; Gamewell alarm; 8 street boxes; 1 hook and ladder company; 2 hose companies. Chief engineer, O. K. Batchelder; chairman of fire and water com, N. R. Wood.

WATER SUPPLY—Source, Chicopee River; system, pumping to reservoir; 1 reservoir; 4 force pumps; 48 hydrants; pipe 5 miles; 2 meters; pressure 55 to 100 pounds; water-works owned by town and Chicopee Mfg. Co. jointly; cost to construct \$20,000; ann expenses \$500; int on bonds 4½ per cent. Town clerk, H. J. Boyd.

Clinton, Worcester Co., population 11,000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages; hose cotton, rubber lined, 600 ft, rubber 500 ft, leather 500 ft; 2 horses; 4 buildings occupied; total ann expenses of department \$5000; total membership 80, 1 paid full time, 68 paid part time; steam gong alarm. Chief engineer, C. C. Stone.

WATER SUPPLY—Source, streams; system, gravity; reservoir cap 20,000,000 gals, 1 impounding, 2 storage and 1 distributing, dy cap 6,000,000 gals; 135 hydrants, Chapman, and 55 private; pipe 25 miles, 4 to 16 in dia; gates, Chapman; 87 meters, Crown, Union, Desper; pressure, domestic 80, fire 100 pounds; water-works owned by city; cost to construct \$270,000; ann expenses \$5800; int on

bonds 4 per cent. Pres of board, James E. Howe; supt, H. H. Howe; city clerk, J. H. Philbin.

Cochituate, Middlesex Co., population 2000; mercantile buildings, wood, 2½ stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, leather good 500, value of fire department equipment \$3500; value of buildings occupied \$1500; total ann expenses of department \$500; total membership 48, volunteers; Stevens' alarm; 8 street boxes; 1 hook and ladder company; 1 hose company. Chief engineer, Ralph Bent.

WATER SUPPLY—Source, Snake Brook; system, gravity and direct pumping for fires; impounding reservoir, cap 16,000,000 gals; Amoskeag rotary pump; 32 hydrants, Mathews; pipe 5½ miles; Chapman valves; filter gallery; pressure, domestic 80, fire 88 pounds; water-works owned by town; cost to construct \$20,000; ann expenses \$400; int on bonds 4 and 5 per cent. Chairman of com, A. H. Bryant; Supt, R. Burt.

Cohasset, Norfolk Co., population 2220. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; total membership 60, volunteers.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; reservoir cap 1,500,000 gals; Blake pumping engines, dy cap 750,000 gals; 85 hydrants; pipe 7 miles, 4 to 12 in dia; gates Chapman; pressure 60 pounds; water-works owned by company. Pres of com, Chas. A. Welch; supt, D. N. Tower; town clerk, N. B. Tower.

Concord, Middlesex Co., population 8727; fire area 50,000 acres; mercantile buildings, wood, 2 to 4 stories; private, wood, 2 to 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 3 hose carriages; hose cotton, rubber lined, good 2100 ft, inferior 800 ft, linen good 1190 ft; horses hired; value of fire department equipment \$5000; value of buildings occupied \$2200; total ann expenses of department \$1000; total membership 77, paid full time; bell alarm; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, Densmore B. Hosmer; water com, Sam'l Hoar.

WATER SUPPLY—Source, Sandy Pond; system, gravity; reservoir cap 2,500,000 gals; 110 hydrants, Boston, Chapman, Coffin; pipe 28¼ miles, 2 to 12 in dia, Ferris & Halliday; 101 valves, Coffin; 6 meters, National; quality of water first-class; pressure 40 pounds; water-works owned by town; cost to construct \$150,510; ann expenses \$900; int on bonds 4 to 6 per cent. Chairman of com, Sam'l Hoar; supt, John O. Haskell; chairman of selectmen, Geo. E. Wolcott; town clerk, Geo. Heywood.

Conway, Franklin Co., population 1000. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 400 ft, linen good 200 ft, leather good 200 ft, inferior 500 ft; total membership 30, all volunteers. Chief engineer, C. A. Smith.

WATER SUPPLY—Source, river. Town clerk, H. W. Billings.

Cottage City, Dukes Co., population 4500; buildings, wood, 2½ to 4 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical engines on wheels, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2000 ft, inferior 50 ft; value of fire department equipment \$30,000; total ann expenses of department \$1500; total membership 80, paid part time 2, remainder volunteers; electric alarm; 7 street boxes. Chief engineer, Geo. W. Smith.

WATER SUPPLY—Source, Lake Anthony; system, direct pumping; cap of lake 10 acres; Knowles pumping engines, dy cap 500,000 gals; 9 hydrants, Holyoke; pipe 1 mile; pressure 100 to 180 pounds; cost to construct \$5500; ann expenses \$500. Supt, R. H. Chase; town clerk, H. H. Davis.

Dalton, Berkshire Co., population 2600; buildings, brick and wood, 3 stories. Fire department—6 hose carriages, all kinds; mills have hose companies with from 500 to 1000 ft of hose each; hose rubber lined, good 1000 ft; whistle and bell alarm. Chief engineer, C. Glennon.

WATER SUPPLY—Source, brook; system, gravity; 1 reservoir, cap 8,350,000 gals; 51 hydrants; pipe 6 miles; pressure 137 to 150 pounds; water-works owned by town; cost to construct \$28,000; ann expenses \$400; int on bonds 4 per cent. Supt, A. E. Chamberlain; town clerk, Home Bicknell.

Danvers, Essex Co., population 7000; buildings, wood, 2 to 4 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 9 hose carriages, all kinds; hose cotton, good 2000 ft, rubber good 1000 ft, linen inferior 500 ft, leather good 1000 ft; value of fire department equipment \$3000; value of buildings occupied \$5000; total ann expenses of

department \$5880; total membership 106; bell and whistle alarm. Chief engineer, D. W. Wheelwright.

WATER SUPPLY—Source, pond; system, pumping to reservoir; reservoir cap 5,000,000 gals; Worthington pumping engines, dy cap 5,000,000 gals; 207 hydrants, Ludlow and Newport; pipe 88 miles, 4 to 12 in dia, Pat. Water & G. P. Co.; 40 meters, Worthington and Weir; quality of water good, no filtration; pressure, domestic 80 pounds, fire same; water-works owned by town; cost to construct about \$237,500; ann expenses \$5629; int on bonds 4 and 5 per cent; water board chosen annually. H. Newhall, registrar.

Dedham, Norfolk Co., population *6800; 'mercantile buildings, mostly frame, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 5 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds; siamese couplings; hose cotton rubber lined, good 4850 ft, rubber inferior 2800 ft; value of fire department equipment about \$8000; value of buildings occupied \$15,000; total ann expenses of department \$3000; total membership 110, all volunteers; bell alarm. Chief engineer, Geo. A. Guild. 2 more hose carriages asked for by citizens.

WATER SUPPLY—Source, wells and cisterns; system, gravity and pumping to standpipe; 2 standpipes, cap 750,000 gals; Knowles' pumping engines, dy cap 3,000,000 gals; 123 hydrants; pipe 20 miles, 4 to 10 in dia; 150 valves. Ludlow and Chapman; 8 meters, Crown; filtration natural; pressure 40 to 60 pounds; water-works owned by company; cost to construct \$165,000. Pres of com, W. Warren; supt, W. F. Hill; city clerk, D. G. Hill.

Deerfield, Franklin Co., population 3049; fire area 2 miles; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—hooks, ladders, extinguishers, pumps, pails, etc.; value of fire department equipment \$150. Foreman, Harry Wells; asst foreman, S. S. Graham; sec and treas, A. W. Ball.

WATER SUPPLY—Source, driven wells. Town clerk, H. S. Childs.

Douglass, Worcester Co., population 2905. Fire department—1 engine; volunteer company.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Thomas Meek.

Draut, Middlesex Co., population 11927; buildings, wood, 2 stories. Fire department—1 hose carriage; hose linen, good 1200 ft; owned by mills. Chief engineer, Geo. S. Dunn.

WATER SUPPLY—Source, brooks.

Dudley, Worcester Co., population 2743 (see Webster).

East Bridgewater, Plymouth Co., population 3500; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 hook and ladder trucks, 4 hand hose reels; value of fire department equipment \$2800; total membership 80, all volunteers; bell alarm. Chief engineer, Minot S. Curtis.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 450,000 gals; Worthington pumping engines, dy cap 500,000 gals; 80 hydrants; pipe in B. & E. B. 21 miles, 8 to 10 in dia; quality of water soft, not filtered; pressure 85 pounds; cost to construct \$140,000 (estimated); ann expenses \$3000. Pres of com, B. W. Harris; supt, H. H. Thorndike; city clerk, Frank Smith.

East Stoughton, Norfolk Co., population 1600; mercantile buildings, wood, 2 to 4 stories; private, wood, 1½ to 2½ stories; shingle roofs. Fire department—1 steam fire engine, 1 hose reel, 1 hose wagon; hose cotton, good 3000 ft; 3 hoses, valued \$300; value of fire department equipment \$5000; value of buildings occupied \$1500; total ann expenses of department \$475; total membership 15, paid full time; bell alarm. Chief engineer, Alva M. Butler.

WATER SUPPLY—Source and system not given; 8 reservoirs. Town clerk, H. C. Kimball.

East Weymouth, Norfolk Co. (See Weymouth.)

Easthampton, Hampshire Co., population 14991. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1700 ft; value of buildings occupied \$5000; total ann expenses of department \$1816; total membership 68, all volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, G. S. Buckner.

WATER SUPPLY—Source, surface water; system, direct pumping; pumping engines owned and operated by Rubber Thread Co., dy cap 300,000 gals; 56 hydrants; pipe 5

miles; pressure, domestic 75, fire 110 pounds; ann expenses \$1100. Supt, Geo. L. Manchester.

East n, Bristol Co., population 4000; mercantile buildings, wood and stone, 2 stories; private, wood and stone, 2 stories; wooden roofs permitted. No organized fire department—1 hand engine, 10 or 15 chemical extinguishers, 2 hose carriages; hose linen, good 2000 ft, rubber good 1000 ft; bell alarm.

WATER SUPPLY—Source, well; 2 Worthington pumps.

Edgartown, Dukes Co., population 1185; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, hose cotton, 500 ft, leather good 500 ft; value of building occupied \$800; total ann expenses of department \$150; total membership 80, all paid; bell alarm. Chief engineer, R. E. Morton.

WATER SUPPLY—Source, bay; 8 wells of 50 barrels cap each. Town clerk, J. A. Baylies.

Enfield, Hampshire Co., population, 1010. Fire department—1 hand engine, 1 hose carriage; hose rubber; good 260 ft.

WATER SUPPLY—Source, river. Town clerk, Charles Richards.

Essex, Essex Co., population 1785; area 7889 acres; buildings, wood, 2 stories; shingle roofs. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 1100 ft; value of fire department equipment \$4500; value of buildings occupied \$3000; total ann expenses of department \$800; total membership 80, paid full time; bell alarm. Chief engineer, Jacob Quimby.

WATER SUPPLY—Source, rivers and wells. Town clerk, N. Burnham.

Everett, Middlesex Co., population *9000; area 2800 acres; buildings, wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft, inferior 700 ft; 9 hoses; value of fire department equipment \$7000; value of buildings occupied \$2500; total ann expenses of department \$5700; total membership, 85, 1 paid full time, 24 paid part time; telegraph and bell alarm. Chief chosen by engineers, Joseph Swan.

WATER SUPPLY—See Boston.

Fairhaven, Bristol Co., population 2880; fire area 6000 acres; mercantile buildings, wood, brick and stone, 3 and 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine not in use, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft, inferior 1200 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$750; total membership 27, all paid full time; bell alarm. Chief engineer, Benj. F. Drew.

WATER SUPPLY—Source, springs; 8 reservoirs. City clerk, F. De P. Tappan.

Fall River, Bristol Co., population 70,000; mercantile buildings, brick and stone, 5 and 6 stories; private, wood, 2 and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—7 steam fire engines, 10 chemical extinguishers, 4 hook and ladder trucks, 10 hose carriages; siamese couplings used; hose cotton, good 15,000 ft; 38 hoses; value of fire department equipment \$67,500; value of buildings occupied with land \$302,700; total ann expenses of department \$54,000; total membership 155, paid full time 25, paid part time 130, telegraph alarm; 58 street boxes and 48 private boxes. Chief elected by council. W. C. Davol, Jr.

WATER SUPPLY—Source, Watuppa Lake; system, pumping to standpipe and tank; cap of lake 10,000,000 gals; Worthington and Davidson pumping engines, dy cap 18,000,000 gals; 613 hydrants; pipe 80 miles, 6 to 24 in dia, 617 valves; 2041 meters; Crown, Union and Gem; pressure 80 pounds; cost to construct \$1,754,441; ann expenses \$25,044; int on bonds 5 and 7 per cent. Pres. of com, Weaver Osborne; supt, Patrick Kiernan.

Fitchburg, Worcester Co., population 28,000; fire area 550 acres; mercantile buildings, brick, 4 stories; private, wood, 2 stories; slate roofs; fireworks ordinance. Fire department—3 steam fire engines, 5 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages, 2 hose wagons; 1 hose sleigh; 1 supply wagon; hose cotton, good 9000 ft, inferior 700 ft, linen good 200 ft, inferior 1800 ft, leather inferior 250 ft; 9 hoses, value \$2000; value of fire department equipment \$23,269; value of buildings occupied \$18,000; expenses in 1889 \$14,217; total membership 71, paid full time 4, paid part time 67; electric alarm; 38 street boxes; 1 engine company,

MASSACHUSETTS—Continued.

1 hook and ladder company, 2 hose companies. Chief engineer, Geo. H. Kendall; chairman of fire and water com., H. F. Rockwell.

WATER SUPPLY—Source, surface water; system, gravity; 8 reservoirs, combined cap 280,000,000 gals; 281 hydrants, Matthews and Chapman; pipe 41.6 miles, 4 to 16 in dia; 289 valves; 798 meters; quality of water good; pressure 80 to 160 pounds; cost to construct \$645,000; ann expenses \$8775; int on bonds \$27,980. Pres of com., S. D. Sheldon; supt, Thomas C. Lovell; mayor, Chas. S. Heydon; city clerk, Walter Davis.

Florence, Hampshire Co., population 8000; fire area 1½ miles square; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fire-works ordinance. Fire department—1 steam fire engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber good 1000 ft; value of fire department equipment \$6000; value of buildings occupied \$4500; total ann expenses of department \$6590; total membership 24, paid by year; bell alarm; 1 engine company, 2 hose companies. Asst engineer, J. W. Bird; W. A. Bailey, chief, Northampton.

WATER SUPPLY—Source not stated; system, gravity; water mains through all principal streets, 4 to 16 in dia; pressure 65 pounds. Supt, J. M. Clark; city clerk, E. I. Clapp.

Foxborough, Norfolk Co., population 3500; mercantile buildings, wood, 1 to 4 or 5 stories; private, wood, 1 or 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, supply wagon; life saving apparatus; hose cotton, good 2400 ft, inferior 400 ft, leather good 800 ft, inferior 200 ft; value of fire department equipment \$10,000; value of buildings occupied \$2500; total ann expenses of department \$1732; total membership 27, paid part time; electric alarm; 9 street boxes. Chief, Robt. W. Carpenter.

WATER SUPPLY—Source, cisterns, inexhaustible wells; water-works erected last year; 4 hydrants. Town clerk, L. E. Gray.

Frammingham, Middlesex Co., population 10,000; buildings, brick and wood, 2 stories. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; 1 hose wagon; hose cotton, good 8000 ft, linen good 500 ft; value of fire department equipment \$20,000; value of buildings occupied \$4500; expenses in 1898 \$4500; total membership 180; 60 paid part time; telegraph alarm; 18 street boxes. Chief engineer, W. C. Wright.

WATER SUPPLY—Source not stated; system, pumping to reservoirs; 12 reservoirs; Holly pumping engines; 76 hydrants; pipe 15 miles; pressure 80 pounds. Supt, E. A. Martin; clerk, F. E. Hemenway.

Franklin, Norfolk Co., population 18988; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2500 ft; value of fire department equipment \$7000; value of buildings occupied \$3000; total ann expenses of department \$3000; total membership 148, paid part time; bell alarm; 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, G. E. Emerson.

WATER SUPPLY—Source, wells; system, pumping to tank; cap of tank 760,000 gals; Knowles' pumping engines, dy cap 2,000,000 gals; 97 hydrants; pipe 8½ miles, 4 to 12 in dia; 6 meters. Worthington and Crown; quality of water soft and good; pressure 30 to 100 pounds; water-works owned by company; cost to construct \$180,000; int on bonds 5 per cent. Pres of com., J. G. Ray; supt, Wm. E. Mason; town clerk, H. E. Ruggles.

Free-town, Bristol Co., population 1547; buildings, wood, 2 stories. Fire department—1 hand engine, 1 hand chemical engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; value of fire department equipment \$350; total membership 40, volunteers; bell alarm.

WATER SUPPLY—Source, river and wells.

Gardner, Worcester Co., population 78500; fire area 18,000 acres; mercantile buildings, wood, 2½ stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—4 hand engines, 2 hook and ladder trucks, 8 hose carriages; hose cotton, good 4000 ft, leather good 200 ft; value of fire department equipment \$12,000; value of buildings occupied \$10,000 to \$15,000; total ann expenses of department \$4600; total membership 126, volunteers; 1 hook and ladder company, 2 hose companies. Chief engineer, C. N. Edgell.

WATER SUPPLY—Source, Crystal Lake; system, pump-

ing to reservoir and direct; reservoir cap 5,000,000 gals; 2 Deane pumping engines, dy cap 4,000,000 gals; 75 hydrants, Holyoke; pipe 16 miles, 4 to 16 in dia, R. D. Wood & Co.; 46 valves, Ludlow; 24 meters; quality of water good; pressure 40 to 125 pounds; water-works owned by company. Pres of com., C. H. Green; supt, H. W. Conant; city clerk, C. W. Bush.

Georgetown, Essex Co., population 2220. Fire department—1 steam fire engine, 3 hand engines, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose linen, good 1000 ft, rubber good 400 ft, leather good 600 ft, inferior 800 ft; total membership 200, volunteers. Chief engineer, G. L. Mighill.

WATER SUPPLY—Source, 6 cisterns, 16 tanks. Town clerk, H. N. Harriman.

Gloucester, Essex Co., population 23,000. Fire department—4 steam fire engines, 3 hand engines, 2 chemical engines on wheels, 2 hook and ladder trucks, 4 hose carriages, 1 supply wagon; 1 fire boat; hose good 12,000 ft; 12 horses; value of fire department equipment \$48,000; total ann expenses of department \$38,000 (in 1898); total membership 197, paid 17, call men 180; telegraph alarm. Chief engineer, Ed. L. Lane.

WATER SUPPLY—Source, Wallace's and Dyke's ponds; system, pumping to reservoir; reservoir cap 10,000,000 gals; 160 hydrants, Chapman; pipe 28 miles; 30 meters; gals; Knowles' pumping engines, dy cap 5,000,000 gals; pressure 70 pounds; int on bonds 6 per cent. Supt, John E. McCusker; mayor, Wm. W. French; city clerk, John J. Somes.

Grafton, Worcester Co., population 14500; fire area 3000 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1750 ft, linen good 800 ft, leather good 1000 ft; value of fire department equipment \$6000; value of 3 buildings occupied \$3000; total ann expenses of department \$1567; total membership 128, full paid; bell alarm. Chief engineer, Alden M. Bigelow.

WATER SUPPLY—Source, springs; system, pumping to standpipe; storage reservoir; standpipe cap 100,000 gals; 2 Worthington pumping engines, dy cap 1,780,000 gals; hydrants 28, Ludlow; pipe 10 miles, 4 to 10 in dia, Dumond; 51 valves; quality of water first-class; pressure, domestic 75, fire 160 pounds; water-works owned by company; cost to construct \$98,000; ann expenses \$3500; int on bonds 5 per cent. Pres of com., J. W. Parmelee; supt, Solon F. Smith; city clerk, A. A. Howe.

Great Barrington, Berkshire Co., population 14273. Fire department—1 steam fire engine, 1 hand engine, 4 hose carriages; hose linen, good 8000 ft; total membership 80, volunteers. Chief engineer, Parley A. Russell.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir; 20 hydrants; pipe 4½ miles; filtration stone, gravel and charcoal; pressure 65 pounds; water-works owned by company; cost to construct \$38,000. Pres of com., J. S. Dodge.

Greenfield, Franklin Co., population 5800; fire area about 640 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted, but not much used; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; canvas chute, jumping net, etc.; hose cotton, good 8800 ft, leather inferior 800 ft; buildings occupied owned by town; total ann expenses of department \$1800; total membership 70, paid full time 5, call men 65, paid by hour; electric connection between engine house and steam gong; 1 hook and ladder company, 3 hose companies. Chief engineer, Chas. L. Smith; chairman of fire and water com., Anson Withey.

WATER SUPPLY—Source, Glen Brook; system, gravity; reservoir cap 10,000,000 gals; hydrants 70, Wood, Chapman-Ludlow; pipe 30 miles, 8 to 14 in dia, Wood, Warren; 38 valves, Ludlow-Chapman; 3 meters, National; quality of water A1; pressure 100 pounds; water-works owned by fire district; ann expenses \$1800; int on bonds 4 per cent. Supt, James Parker; town clerk, F. L. Green.

Groton, Middlesex Co., population 2150; buildings, private, wood, 2 stories; State fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck; 1 hose carriage; hose cotton rubber lined, fair 300 ft, good 50 ft, leather fair 250, inferior 100 ft; total ann expenses of department \$750; total membership 63, paid full time; bell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, Chas. Woolley.

WATER SUPPLY—Source, 7 cisterns, cap 30,000 gals. Town clerk, Geo. D. Brigham.

Groveland, Essex Co., population 2500; buildings, wood, 2 stories; wooden roofs permitted. Fire depart-

ment—2 hand engines, jumping net, arrow gun, ladders and fire escape; hose cotton, good 1600 ft. leather inferior 100 ft; 2 horses, value \$300; value of fire department equipment \$2000; value of buildings occupied \$3000; total membership 53, paid part time. Chief engineer, John W. Libby.

WATER SUPPLY—Source, pond and creek; 1 reservoir at South Groveland; 20 hydrants; pipe $2\frac{1}{2}$ miles; 20 gates. Town clerk, J. P. Ladd.

Haverhill Essex Co., population 25,000; fire area 24 sq miles; mercantile buildings, brick and stone, 3 to 5 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—4 steam fire engines, 2 hand engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, 8 hose wagons, 8 hose sleighs; 1 combined chemical and protection wagon; hose cotton, good 12,180 ft. rubber good 400 ft; 18 horses, value \$4500; value of fire department equipment \$3600; value of 9 buildings occupied \$35,000; total ann expenses of department \$38,000; total membership 160, paid full time 9; Gamewell alarm; 38 street boxes. Chief engineer, John B. Gordon; chairman of fire com, F. A. Cheney.

WATER SUPPLY—Source, springs and ponds; system, gravity and pumping to standpipe; 2 Worthington pumping engines, dy cap 2,000,000 gals each; 180 hydrants, mostly Chapman; pipe 40 miles; valves, mostly Chapman; meters, Worthington; pressure 80 pounds; water-works owned by company; int on bonds $4\frac{1}{2}$ and 5 per cent. Supt, C. W. Morse; mayor, Thos. E. Burnham; city clerk, D. B. Tenney.

Hingham, Plymouth Co., population 14,375; fire area 23,040 acres; buildings, $2\frac{1}{2}$ stories; wooden roofs permitted; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck, 5 hose carriages; hose cotton, 3000 ft, rubber 1100 ft; value of fire department equipment \$6000; value of 5 buildings occupied \$7500; total ann expenses of department \$1500; total membership 115, volunteers; Gamewell alarm. Chief engineer, Geo. Cushing.

WATER SUPPLY—Source, Accord and Fulling Mill ponds; system, gravity and pumping to standpipe and direct; standpipe cap 885,000 gals; Deane pumping engines, dy cap 1,000,000 gals; hydrants 180, Chapman; pipe 41 miles, 4 to 16 in dia, Goodhue & Birnie; 125 valves, Chapman; 2 meters, Union; quality of water fine; pressure 60 pounds; water-works owned by company; cost to construct \$360,000; ann expenses \$5000; int on bonds 5 per cent. Pres of com, E. L. Ripley; supt, C. W. S. Seymour; town clerk, Chas. N. Marsh.

Hinsdale, population 1700; mercantile buildings, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—5 hose carriages; hose linen, good 500 ft. Chairman of com, G. T. Plunkett.

Holyoke, Hampden Co., population 180,000; mercantile buildings, brick, 4 stories; private, wood and brick, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—5 steam fire engines, 2 hook and ladder trucks, 7 hose carriages, 5 hose wagons; siamese couplings used; hose cotton, good 15,000 ft, inferior 2000 ft; 13 horses; value of fire department equipment \$40,000; value of 6 buildings occupied \$68,000; total ann expenses of department \$40,000; total membership 143, paid full time 9; telegraph alarm; 43 street boxes. Chief engineer, John L. Lynch.

WATER SUPPLY—Source, Wright's and Ashley's ponds and brooks; system, gravity; storage reservoir being constructed; 801 hydrants public, and over 100 private, Mathews, Holyoke; pipe $46\frac{1}{2}$ miles, 4 to 20 in dia, Wood, Starr, Warren; 368 valves, Chapman, Ludlow, Eddy; 145 meters, various; quality of water good; pressure 24 to 109 pounds; water-works owned by city; cost to construct \$576,730; ann expenses \$3200; int on bonds 6 per cent. Chairman of com, Maurice Lynch; supt, J. D. Hardy; city clerk, M. J. Griffin.

Hopkinton, Middlesex Co., population 4000; buildings, wood, $1\frac{1}{2}$ to 3 stories; wooden roofs permitted. Fire department—8 hand engines, 1 chemical engine on wheels, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages; hose cotton 4500 ft, rubber 300 ft, leather good 700 ft, inferior 500 ft; value of fire department equipment \$5565; total ann expenses of department \$1960 (in 1898); total membership 140; bell and whistle alarm. Chief engineer, R. J. Fraill.

WATER SUPPLY—Source, 3 artesian wells; system, pumping to tank; cap of tank 250,000 gals; Deane pumping engines, dy cap 35,000 gals; 28 hydrants; pipe 4 miles; 7 meters; pressure 80 pounds; water-works owned by town; cost to construct \$35,000; ann expenses \$1000; int on bonds 4 per cent. Town clerk, Chas. Wonderley.

Hubbardston, Worcester Co., population 11803; buildings, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; siamese couplings used; hose rubber, good 400 ft, leather inferior 125 ft; value of fire department equipment \$800; value of building occupied \$400; total ann expenses of department \$500; total membership 45; volunteers; bell and whistle alarm.

WATER SUPPLY—Source, wells. Town clerk, L. Woodward.

Hudson, Middlesex Co., population 9898; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 3 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages; hose cotton rubber lined, good 3400 ft; value of fire department equipment \$7000; value of 8 buildings occupied \$6500; total ann expenses of department \$1800; total membership 185, paid full time; bell alarm. Chief engineer, F. W. Trowbridge.

WATER SUPPLY—Source, ponds; system, gravity; 90 hydrants, Chapman, Holyoke; pipe 12 8-10 miles, 4 to 16 in dia, McNeal; 150 valves, Chapman; 1 meter, Crown; quality of water good; pressure 25 to 55 pounds; water-works owned by town; cost to construct \$38,725; ann expenses \$500; int on bonds 4 per cent. Chairman of com, E. M. Stone; supt, D. W. Stratton; town clerk, D. W. Stratton.

Hull, Plymouth Co., population 650; fire area 7 miles; buildings, wood, 2 stories; wooden roofs permitted; general fireworks ordinance. Fire department—4 hose carriages, all kinds; 8 ladders and hooks; hose cotton, good 2000 ft, inferior 2000 ft; value of fire department equipment \$3000; value of buildings occupied \$2000; total ann expenses of department \$500; total membership 40; bell alarm. Chief engineer, Alonzo Mitchell.

WATER SUPPLY—Hingham Water Co., see Hingham; hydrants 45; pipe 8 miles; pressure 65 pounds. Town clerk, Fred W. Burr.

Hyde Park, Norfolk Co., population 9000; fire area 2560 acres; mercantile buildings, wood, 3 stories; private, wood, $2\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1700 ft, inferior 3000 ft; 10 horses, hired; value of fire department equipment \$12,450; value of buildings occupied \$3000; total ann expenses of department \$4000; total membership 48, paid full time 1, paid part time 40, volunteers 7; Stevens alarm; 10 street boxes; 1 engine company; 1 hook and ladder company; 8 hose companies. Chief engineer, W. W. Hilton.

WATER SUPPLY—Source, driven wells, surface water; system, pumping to reservoir; reservoir cap 1,500,000 gals; Blake pumping engines, dy cap 2,500,000 gals; hydrants 104, Chapman; pipe, Wood, $2\frac{1}{2}$ miles, 4 to 14 in dia; valves, Chapman; 80 meters; pressure 80 pounds; water-works owned by company; cost to construct \$150,000. Pres of com, Robert Bleakie; supt, Albert S. Adams; town clerk, A. B. Terry.

Ipswich, Essex Co., population 5000; mercantile buildings, wood with slate roofs, 3 stories; private, wood, 3 stories. Fire department—3 hand engines, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 1000 ft, leather good 1500 ft; value of fire department equipment \$5500; value of buildings occupied \$5000; total ann expenses of department \$1800; total membership 175; bell alarm; 8 engine companies; 1 hook and ladder company. Chief engineer, S. F. Canney.

WATER SUPPLY—Source, river; 5 reservoirs.

Kingston, Plymouth Co., population 1570; fire area whole line of pipe; buildings, wood, $2\frac{1}{2}$ stories; wooden roofs permitted. Fire department—3 hose carriages; hose cotton, good 1500 ft, rubber good 300 ft; value of buildings occupied \$2000; total membership 43, paid part time 23, volunteers 19; bell alarm; 3 hose companies. Chief engineer, J. Delano, Jr.

WATER SUPPLY—Source, well; system, direct pumping, surplus to reservoir; reservoir cap 235,000 gals; Blake pump, dy cap 328,380 gals; hydrants 50, Coffin; pipe 8 miles, McNeal; gates Coffin; pressure, domestic 65, fire 90 pounds; water-works owned by town; cost to construct \$40,000; int on bonds 4 per cent. Chairman of com, Green Evans; supt, Melvin C. French; town clerk, Wm. H. Burgen.

Lancaster, Worcester Co., population 2250; buildings, wood and brick, $1\frac{1}{2}$ and 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 2400 ft; value of buildings occupied \$3000; total ann expenses of department \$1900; total

MASSACHUSETTS—Continued.

membership 85, paid full time; 1 hook and ladder company; 8 hose companies. Chief engineer, Henry H. Harley.

WATER SUPPLY—Town supplied by Clinton Water-works; hydrants 36; Chapman; pipe 7 miles; Chapman valves; 10 meters, Crown; pressure 100 pounds; cost to construct \$40,000; int on bonds 6 per cent. Pres of com, E. V. R. Thayer; supts, J. F. Philbin, W. W. Clinton; treas, J. T. Langford; town clerk, H. M. Nash.

Lawrence, Essex Co., population 168,845; area 4185 acres; mercantile buildings, brick, 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 1 chemical engine, 8 hook and ladder trucks, 8 hose carriages; 1 chemical engine and protective wagon combined, siamese couplings used; hose cotton, good 1200 ft, inferior 500 ft; 17 horses; value of fire department equipment \$34,175; value of buildings occupied \$55,787; total ann expenses of department \$34,708; total membership 73, paid full time; telegraph alarm; street boxes 61. Chief elected by board of engineers, Z. T. Merrill.

WATER SUPPLY—Source, Merrimack River; system, pumping to reservoir; reservoir cap 40,000,000 gals; Morris pumping engines, dy cap 10,000,000 gals; hydrants 505, Lowry, Chapman, Boston; pipe 56 miles, 6 to 80 in dia; 678 valves, Newport, Boston Machine Co., Chapman; 1260 meters; quality of water good; pressure 70 pounds; water-works owned by city; cost to construct \$1,800,000; ann expenses \$18,000; int on bonds \$78,000. Pres of com, Jesse Moulton; supt, A. H. Salisbury; mayor, J. W. Crawford; city clerk, Wm. T. Kimball.

Lee, Berkshire Co., population 4874; fire area 6000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton, good 200 ft, inferior 200 ft; rubber good 1800 ft, leather good 800 ft; inferior 500 ft; value of fire department equipment \$6000; value of buildings occupied \$3000; total ann expenses of department \$800; total membership 150 all volunteers; bell alarm. Chief engineer, F. M. Pease.

WATER SUPPLY—Source, mountain stream; system, gravity; 2 reservoirs, cap 21,500,000 gals; 22 hydrants, Holyoke; pipe 8 miles, 10 and 4 in dia; pressure, domestic 80, fire 90 pounds; cost to construct \$40,000; ann expenses \$400; int on bonds \$1000. Pres of com, C. L. Goodhue; supt, F. C. Chaffee; city clerk, C. N. Foote.

Leicester, Worcester Co., population 3923; fire area 15,000 acres; buildings, private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 2 chemical extinguishers, 4 hose carriages; life-saving apparatus; hose rubber, good 2150 ft, leather 1000 ft; total membership 63, paid part time; bell, whistle and telephone alarm; 4 fire companies. Chief elected by engineers, Amos A. Gould.

WATER SUPPLY—Source, 10 large wells. Chairman of com, H. O. Smith; clerk, H. L. Watson; treas, F. T. Denny; town clerk, L. D. Thurston.

Lenox, Berkshire Co., population 2154. Fire department—hose linen, 300 ft.

WATER SUPPLY—Source, springs and river; system, pumping to reservoir and gravity; 3 reservoirs, cap 705,500 gals; Cameron pumping engines; 8 hydrants; pipe 6 miles; filtration stone and gravel; pressure 50 pounds; cost to construct \$28,000. Pres of com, J. Rockwell; com, C. R. Bond; treas, Wm. Curtis; town clerk, J. J. Newton.

Leominster, Worcester Co., population 15297. Fire department—1 steam fire engine, 6 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages; hose cotton, good 550 ft, inferior 150 ft, leather good 2600 ft, inferior 300 ft; total membership 72, all volunteers. Chief engineer, W. H. Spaulding.

WATER SUPPLY—Source, Morse Brook; system, gravity; 3 reservoirs, cap 150,000,000 gals; 155 hydrants, R. D. Wood & Co.; pipe 25 miles, 2 to 12 in dia; 150 valves, Ludlow and Chapman; quality of water good; filtration filter dam; pressure 80 pounds; water-works owned by town; cost to construct \$160,000; int on bonds 4 to 7 per cent. Pres of com, Hamilton May; supt, J. G. Tenney; selectmen, M. H. Bosworth, A. L. Clark, J. G. Tenney; town clerk, C. A. Joslin.

Lexington, Middlesex Co., population 2737; area 11,180 acres; buildings, wood, 2 and 3 stories; shingle roofs. Fire department—2 chemical engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2100 ft; 3 horses; value of fire department equipment \$3000;

value of 2 buildings occupied \$8000; total membership 40; bell alarm; 4 fire companies. Chief engineer, Wm. E. Foster.

WATER SUPPLY—Source, wells; system, pumping to tank; Blake duplex pump, dy cap 800,000 gals; 40 hydrants, Ludlow; pipe 7 miles, 4 to 8 in dia; Ludlow valves; 1 meter; pressure, domestic 60, fire 80 pounds. Pres of com, Moses Joy, Jr.; supt and treas, E. L. Wires; town clerk, Leonard A. Saville.

Lowell, Middlesex Co., population 70,000; fire area 125 acres; mercantile buildings, brick and wood; 4 and 5 stories; private, wood, 1½ to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical engines, 2 hook and ladder trucks, 1 aerial hook and ladder truck, 11 hose carriages; siamese couplings in use; hose cotton, good 15,500 ft; 25 horses, value \$3750; value of fire department equipment \$95,000; 11 buildings owned, value \$187,000; total ann expenses of department \$95,000; total membership 121, paid full time 47, paid part time 32; telegraph alarm; 7 street boxes. Chief nominated by mayor, confirmed by aldermen, E. S. Hosmer; W. A. Dickinson, chairman; fire patrol supported by city, 4 permanent members.

WATER SUPPLY—Source, Merrimack River; system, pumping to reservoir; reservoir cap 22,000,000 gals; Worthington and Morris pumping engines, dy cap 11,000,000 gals; 800 hydrants, Chapman, Boston Mfg. Co.; pipe cast-iron, 90 miles, 4 to 80 in dia; 750 valves, Boston Mfg. Co., Chapman; 1850 meters, various; quality of water good, filtration gravel; pressure 60 pounds; water-works owned by city; cost to construct \$2,337,684; ann expenses \$193,585. Pres of com, John Sturt; supt, Wm. F. Wright; mayor, C. D. Palmer; city clerk, G. N. Dadman.

Lincoln, Middlesex Co., population 1901; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, pond; system, pumping to reservoir; Worthington duplex pump, dy cap 100,000 gals; 11 hydrants, Newport; pipe 25 miles; cost to construct \$35,000; ann expenses \$300; int on bonds 6 per cent. Supt, G. L. Chapin; town clerk, J. L. Chapin.

Ludlow, Hampden Co., population 11642. No fire department.

WATER SUPPLY—Town supplied by Springfield Water-Works.

Lyman, Essex Co., population 50,000; mercantile buildings, brick, 2 to 3 stories; private, wood, 2 to 4 stories; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 2 chemical engines, 5 chemical extinguishers, 5 hose carriages; siamese couplings used; hose cotton, good 12,000 ft, fair 3000 ft, poor 3500 ft; 25 horses; value of fire department equipment \$65,500; 6 buildings with land \$60,500; total ann expenses of department \$38,800; total membership 120, paid full time 25, paid part time 38; telegraph alarm; 60 street boxes. Chief elected by city council, A. C. Moody.

WATER SUPPLY—Source, ponds and brooks; combined storage cap 540,000,000 gals; system, pumping to reservoir; reservoir cap 20,000,000 gals; Morris pumping engines, dy cap 5,000,000 gals; 550 hydrants, White Machine Works; pipe 81 miles; valves, White Machine Co.; 236 meters; cost to construct \$1,372,471; ann expenses \$33,929; int on bonds 4 and 6 per cent. Pres of com, D. H. Sweetser; supt, John O. Haskell; city clerk, Chas. E. Parsons.

Malden, Middlesex Co., population 20,000; fire area 2600 acres; mercantile buildings, wood, 2 to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; siamese couplings in use; 10 horses; 3 buildings owned value \$50,000; total ann expenses of department \$15,300; total membership 43, 10 permanent, 38 call men; telegraph alarm; 37 street boxes. Chief appointed by aldermen and mayor, T. W. Hough.

WATER SUPPLY—Source, pond; system, pumping to standpipe; Blake pump, dy cap 1,000,000 gals; 230 hydrants, Chapman; pipe 51 miles, 4 to 12 in dia; valves Chapman; 61 meters; pressure, domestic 55, fire 65 pounds; cost to construct \$422,371; ann expenses \$36,222; int on bonds 3¼, 4, 5 and 6 per cent. Supt, Solon M. Allis.

Manchester, Essex Co., population 1688; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine, 1 hook and ladder truck, 8 hose carriages; hose linen, good 1200 ft, leather good 400 ft, inferior 600 ft; value of fire department equipment \$10,000; total ann expenses of department \$1859; total membership 94, all volunteers; bell alarm. Chief engineer, Chas. H. Stone.

WATER SUPPLY—Source and system not stated; 2 reservoirs. Town clerk, A. S. Jewett.

Mansfield, Bristol Co., population 8000; fire area 1500 acres; mercantile buildings, wood, 8 stories; private, wood, $2\frac{1}{4}$ stories; wooden roofs permitted. Fire department—3 hose carriages; hose cotton, good 1850 ft, inferior 250 ft; value of fire department equipment \$1800; value of buildings occupied \$3000; total membership 41; 1 hook and ladder company, 1 hose company. Chief engineer, W. H. Angell; Prudential com, E. M. Reed, A. V. Rogerson, D. E. Harding.

WATER SUPPLY—Source, springs; system, pumping direct and to standpipe; Blake duplex pumps, dy cap 600,000 gals; 46 hydrants; pipe 6 miles; 80 Ludlow gates; 22 meters, various; pressure 60 to 70 pounds; cost to construct \$68,000; ann expenses \$5000. Com'rs, D. S. Spaulding, A. B. Day, W. B. Royerson, town clerk, A. V. Royerson.

Marblehead, Essex Co., population 47518. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 7000 ft, rubber good 450 ft, 315 volunteers, paid full time 2. Chief engineer, I. Atkins.

WATER SUPPLY—Source, wells; system, pumping to standpipe; 2 Deane pumps, dy cap 1,000,000 gals each; 70 hydrants, Chapman; pipe $7\frac{1}{2}$ miles; Chapman valves; pressure 60 pounds; cost to construct \$75,000. Pres com, Thomas Appleton; supt, Kendall Pollard; town clerk, S. Felton.

Marlborough, Middlesex Co., population 13,000; fire area 12,845 acres; mercantile buildings, wood, 8 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 7400 ft, rubber good 250 ft, leather inferior 1000 ft; value of fire department equipment \$7000; value of 5 buildings owned \$5500; total ann expenses of department \$8450; total membership 96, all volunteers; electric alarm. Chief elected by board of engineers, John C. Rock.

WATER SUPPLY—Source, Lake Williams; system, pumping to reservoir and direct; reservoir cap 5,500,000 gals; Blake pumping engines, dy cap 2,500,000 gals; 253 hydrants, Chapman; pipe 26 miles, 4 to 14 in dia, R. D. Wood, Warren Foundry; 258 valves, Chapman; 150 meters, various; quality of water first-class, not filtered; pressure 28 to 130 pounds; cost to construct \$250,000; ann expenses \$4500; int on bonds 4 per cent. Pres of com, R. D. S. Mortimer; supt, Geo. A. Stacy; selectman, J. T. Murphy; town clerk, P. B. Murphy.

Mattapan, Suffolk Co. (see Boston).

WATER SUPPLY—(See Boston.)

Mattapoisett, Plymouth Co., population 1215; buildings, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 8 chemical extinguishers, 8 hook and ladder trucks, 2 hose carriages; hose linen, 900 ft, leather good 412 ft.

WATER SUPPLY—Source, ocean, wells and spring, 2 cisterns. A new reservoir to be built this year.

Maynard, Middlesex Co., population 12708; mercantile buildings, brick, 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—hose linen, good 4000 ft; bell alarm.

WATER SUPPLY—Source, White Pond; system, pumping to reservoir; cost to construct \$75,000. Chairman of com, Wm. Ellis.

Medfield, Norfolk Co., population 1594; mercantile buildings, wood and brick, 2 or 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1800 ft; value of fire department equipment \$5000; total ann expenses of department \$1200; total membership 60, paid part time; bell and whistle alarm; 1 engine company, 1 hook and ladder company. Chief engineer, J. W. Page.

WATER SUPPLY—Source, brooks and wells. Town clerk, Stillman J. Spear.

Medford, Middlesex Co., population 11,000; mercantile buildings, brick and wood, 8 and 4 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine, 5 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 supply wagon, 4 hose pumps; hose cotton, good 5000 ft; 8 horses, value \$2400; value of fire department equipment \$18,000; value of buildings occupied \$20,000; total ann expenses of department \$10,000; total membership 45, paid full time 5, paid part time 40; electric alarm; 26 street boxes. Chief engineer, Arthur C. Symmes.

WATER SUPPLY—Source, Spot Pond; system, gravity;

200 hydrants, various; pipe 40 miles, 2 to 12 in dia; 317 valves, Chapman and Boston Machine Co.; 10 meters, Crown and Hersey; quality of water good; pressure 55 pounds; cost to construct \$280,000; ann expenses \$4000; int on bonds 6 per cent. Chairman of com, D. A. Gleason; supt, R. M. Gow.

Medway, Norfolk Co., population 8000. Fire department—2 hand engines; hose good 2500 ft; total membership 150, all volunteers. Chief engineer, Wm. Colvin.

WATER SUPPLY—Source, river, 7 cisterns; mains; 10 hydrants. Town clerk, H. E. Mason.

Melrose, Middlesex Co., population 8000; fire area 2700 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 4500 ft, leather good 400 ft; value of fire department equipment \$5800; value of buildings occupied \$5000; total ann expenses of department \$6800; total membership 59, paid part time; electric alarm; 18 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, A. Wilbur Lynde.

WATER SUPPLY—Source, Spot Pond; system, gravity and pumping to reservoir; Knowles pumping engines; 123 hydrants; pipe 25.4 miles, 2 to 16 in dia; 2 meters; pressure 35 to 80 pounds; cost to construct \$252,948; ann expenses \$8000; int on bonds 6 per cent. Supt, Parker Merrill; town clerk, John Larraby.

Merrimac, Essex Co., population 8000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose cotton, good 2000 ft, inferior 500 ft, leather good 1200 ft, inferior 400 ft; value of fire department equipment \$11,300; expenses for 1889 \$1711; total membership 86, all volunteers; electric alarm; 4 fire companies. Chief engineer, E. H. Sargent.

WATER SUPPLY—Source, brook and Merrimac River; reservoirs. Town clerk, Bailey Sargent.

Methuen, Essex Co., population 4500; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 8 hose carriages; hose rubber lined, good 8000 ft; 2 horses; total ann expenses of department \$3000; total membership 85; paid part time; Gamewell alarm. Chief engineer, N. D. Leach.

WATER SUPPLY—Source not given; system, direct pumping; 8 pumps; hydrants 95; 1 mile main; pressure 300 pounds; cost to construct \$6000. Built for fire protection only.

Middleboro, Plymouth Co., population 6500; fire area 3500 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hook and ladder truck, 4 hose carriages, all kinds; 1 hose wagon; hose cotton, good 8400 ft, linen inferior 400 ft; value of fire department equipment \$6000; value of buildings occupied \$7500; total ann expenses of department \$1700; total membership 110, paid part time; electric alarm; 10 street boxes; 7 fire companies; 1 hook and ladder company; 5 hose companies. Chief engineer, Eugene P. LeBaron; chairman of fire and water com, Geo. L. Soule.

WATER SUPPLY—Source, large well; system, pumping direct and to standpipe; standpipe cap 225,000 gals; 2 Deane pumping engines, dy cap 864,000 gals each; 80 hydrants, Ludlow; pipe 10 $\frac{1}{2}$ miles, 4 to 12 in dia, Warren Foundry; 95 valves, Ludlow; 108 meters, various; quality of water superior; pressure, domestic 40 to 70, fire 100 pounds; water-works owned by fire district; cost to construct \$24,008; ann expenses \$2450; int on bonds \$2980 in 1890. Chairman of com, E. P. LeBaron; supt, Joseph E. Beals; city clerk, Chas. T. Thatcher; fire district clerk, A. M. Wood.

Middleton, Essex Co., population 1000; buildings, wood, $1\frac{1}{2}$ and 2 stories; wooden roofs permitted. Fire department—1 hose carriage; other apparatus, set of hooks and ladders; hose rubber, good 800 ft; value of fire department equipment \$1100; value of buildings occupied \$75; total ann expenses of department \$35; total membership 12; bell alarm. Chief engineer, B. F. McLaughlin.

WATER SUPPLY—Source, pond; town supplied from Danvers Water-works; system, direct pumping; 5 hydrants; pipe 8 miles, $1\frac{1}{2}$ in dia; pressure 75 pounds. Town clerk, J. A. Batchelder.

Millbury, Worcester Co., population 4555; buildings, wood and brick, $1\frac{1}{2}$ and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines; 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 2300 ft; value of fire department equipment \$10 000;

MASSACHUSETTS—Continued.

expenses in 1888 \$1600; total membership 78, paid part time; electric fire alarm system. Chief engineer, John Gegenheimer.

WATER SUPPLY—Source, wells; private reservoirs. Town clerk, Ira N. Goddard.

Millford, Worcester Co., population 19648; fire area 12,160 acres; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; 2 jumpers; siamese couplings used; hose rubber, good 300 ft, leather good 5250 ft, inferior 800 ft; 6 horses; value of fire department equipment \$28,000; total annual expenses of department \$5158; total membership 84; bell alarm. Chief engineer, P. H. Baxter.

WATER SUPPLY—Source, wells and Charles River; system, direct pumping; Holly and Knowles' pumping engines, dy cap 8,000,000 gals; 90 hydrants; pipe 20 miles, 4 to 14 in dia; 107 gates, Chapman, Ludlow; 56 meters, various; pressure 40 to 85 pounds; water-works owned by private company; cost to construct \$370,000; ann expenses \$8300; int on bond 5 and 5½ per cent. Pres of com, C. W. Shippee; supt, W. H. Bomey; city clerk, J. T. McLoughlin.

Millis, Norfolk Co., population 700; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 700 ft, linen good 500 ft, inferior 500 ft; total ann expenses of department \$250; total membership 50. Chief engineer, Oliver A. Clark.

Millville, Worcester Co., population 1500; buildings, brick and wood, 2 to 4 stories. Fire department—3 hose carriages; hose cotton, good 9000 ft, linen good 3000 ft; total membership 80, all volunteers; bell and steam whistle alarm. Chief engineer, W. J. Bowes.

WATER SUPPLY—No report; rotary and steam pumps in factories. Town clerk, M. Carroll.

Milton, Norfolk Co., population 16555. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 250 ft, linen good 800 ft, leather good 900 ft; 5 paid men, 75 volunteers; Gamewell alarm.

WATER SUPPLY—Town obtains supply from Hyde Park Water Co.; system, pumping to reservoir; reservoir cap 5,000,000 gals; 46 hydrants, Ludlow; pipe 6 miles, 6 to 12 in dia, R. D. Wood & Co.; 32 valves, Ludlow; quality of water good; pressure 20 to 90 pounds; water-works owned by company; cost to construct \$41,000; int on bonds 5 per cent. Pres of com, E. P. Whitney; supt, M. T. Lemmon; mayor, J. Walter Beadlee; town clerk, H. B. Martin.

Monson, Hampden Co., population 8956; buildings, wood, 2 stories. Fire department—2 chemical engines, 1 hook and ladder truck; 5 force pumps in factories; hose rubber, good 200 ft; value of fire department equipment \$3000; total membership 48; whistle and bell alarm. Chief engineer, A. A. Gage.

WATER SUPPLY—Source, wells. Town clerk, C. M. Gage.

Montague, Franklin Co., population 5238; buildings, brick and wood; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 900 ft, rubber good 500 ft; 82 paid members; bell alarm. Chief engineer, Warren Burnham.

WATER SUPPLY—Source not given; system, gravity; reservoir cap 1,250,000 gals; 50 hydrants; pipe 5 miles; pressure 100 pounds. District clerk, W. M. Cassidy.

Nantucket, Nantucket Co., population 3143; fire area 640 acres; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—5 hand engines, 2 hook and ladder trucks, 2 hose carriages; 1 hose cart; hose cotton, good 2500 ft, leather good 500 ft; value of fire department equipment \$11,000; value of buildings occupied \$5000; total ann expenses of department \$5400; total membership 225, paid full time; telegraph alarm; fire patrol supported by town, 4 members. Chief engineer, B. S. Coffin.

WATER SUPPLY—Source, Wannaconnet Pond; system, pumping to tank and direct; reservoir cap 50,000 gals; Worthington and Blake pumping engines, dy cap 1,500,000 gals; 47 hydrants, Ludlow, Chapman, Matthews; pipe 8 miles, 8 to 4 in dia, Warren Foundry and R. D. Wood; 41 valves, Ludlow, Chapman; quality of water best; pressure, domestic 80 to 87, fire 80 pounds; water-works owned by company; int on bonds 6 per cent. Pres of com, R. Gardner Chase; supt, Wm. F. Codd; town clerk, Laureston Banker.

Natick, Middlesex Co., population 7000; fire area 2 miles each way from center of town; mercantile buildings, brick and wood, 2½ and 3 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks; 5 hose carriages; hose cotton good 8650 ft, inferior 500 ft; 6 horses, value \$1700; value of fire department equipment \$30,000; value of buildings occupied \$23,000; total ann expenses of department \$7000; total membership 67, paid part time; Gamewell alarm; 9 street boxes; 4 fire companies. Chief engineer, J. W. Morse.

WATER SUPPLY—Source, pond; system, pumping to reservoir and direct; reservoir cap 8,500,000 gals; Worthington and Blake pumping engines, dy cap 1,500,000 gals; 146 hydrants, various; pipe 27 miles, 3 to 12 in dia, Goodhue, Norman; 180 valves, Newport and Chapman; 77 meters, various; quality of water good; pressure 60 to 90 pounds; water-works owned by town; cost to construct \$226,000; ann expenses \$7150; int on bonds 7 per cent. Pres of com, F. Bigilon; supt, J. W. Morse; town clerk, James McManus.

Needham, Norfolk Co., population 12553. Fire department—2 hand engines, 1 hook and ladder truck; hose 500 ft; volunteer department. Chief engineer, Geo. Adams.

WATER SUPPLY—Source, wells and cisterns. Town clerk, C. C. Greenwood.

New Bedford, Bristol Co., population 45,000; fire area 1980 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 1 hand engine, 2 hook and ladder trucks; hose cotton, good 11,000 ft; 25 horses; 8 buildings occupied by department; total ann expenses of department \$95,000; total membership 150, paid full time 16, part time 137; telegraph alarm; 43 street boxes, 16 private; 2 hose companies. Chief elected by city council, Fred Macy.

WATER SUPPLY—Source, river; system, gravity and pumping to reservoir and standpipe; reservoir cap 15,000,000 gals; 8 pumping engines, dy cap 20,000,000 gals, Quaintard Iron Works, Worthington; 400 hydrants, Chapman; pipe 61 1-10 miles, 4 to 30 in dia, various; 708 valves, Chapman, Coffin; 120 meters, Union, National, Hersey; quality of water good, not filtered; pressure 4 to 65 pounds; water-works owned by city; cost to construct \$1,206,000; ann expenses \$37,000; int on bonds 5 18.25 per cent. Pres of com, Walter Clifford; supt, Robert C. P. Coggeshall; mayor, Walter Clifford; city clerk, Daniel B. Leonard.

Newbury, Essex Co., population 11590; buildings, wood, 2½ stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, wells, cisterns and rivers. F. L. Ferguson.

Newburyport, Essex Co., population 15,000. Fire department—8 steam fire engines, 1 hook and ladder truck, 4 hose carriages, 2 hose wagons, 1 supply wagon; hose cotton, good 5000 ft, fair 6150 ft; 9 horses; value of fire department equipment \$34,000; total membership 95, paid part time; telegraph alarm. Chief engineer, E. S. Dole.

WATER SUPPLY—Source, spring; system, pumping to tank; cap of tank 300,000 gals; 2 pumping engines, dy cap 4,000,000 gals; 165 hydrants, Chapman and Holyoke; pipe 27 miles, 4 to 12 in dia; 20 meters; pressure 55 pounds. Pres of com, H. B. Little; supt, John E. McCusker; city clerk, Geo. H. Stevens.

Newton, Middlesex Co., population 28,000; fire area 11,600 acres; mercantile buildings, brick and wood, 3 stories; private; wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine, 1 hook and ladder truck, 7 hose carriages; hose cotton, good 11,000 ft; 17 horses; value of fire department equipment \$52,000; value of buildings occupied (with land) \$36,000; total ann expenses of department \$24,000; total membership 70, paid full time 15, part time 51; telegraph alarm; 68 street boxes. Chief engineer, H. L. Bixby.

WATER SUPPLY—Source, Charles River; system, pumping to reservoir and direct into mains; reservoir cap 15,000,000 gals; H. R. Worthington pumping engines, dy cap 6,000,000 gals; 165 hydrants, various; pipe 63 miles, 4 to 24 in dia, Warren Foundry; valves, Boston Machine, Chapman; 2800 meters, Crown, Hersey, Union, Worthington; quality of water fine, filtration intercepted springs; pressure 55 pounds; cost to construct \$1,500,000; ann expenses \$15,000; int on bonds \$68,000. Pres of com, E. W. Cate; supt, H. N. Hyde, Jr.; mayor, Herman M. Burr; city clerk, I. F. Kingsbury.

North Adams, Berkshire Co., population 15,500; fire area 8000 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, $1\frac{1}{2}$ to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 5 hose carriages; hose cotton rubber lined, good 3000 ft, inferior 600 ft; value of fire department equipment \$4000; value of buildings occupied \$24,000; total ann expenses of department \$5000; total membership 10, paid part time; bell and steam whistle alarm; 22 street boxes; 1 hook and ladder company; 3 hose companies. Chief engineer, R. B. Harvie; chairman of fire and water com, A. W. Puertan.

WATER SUPPLY—Source, springs and brooks; system, gravity; reservoir cap 3,000,000 gals; 130 hydrants, Ludlow; pipe 14 miles, 4 to 24 in dia, R. D. Wood & Co.; Ludlow valves; 20 meters, Crown and Union; quality of water pure, soft, not filtered; pressure 85 to 115 pounds; works owned by city; ann expenses \$22,000. Supt, J. J. Maret; city clerk, J. I. Lee Roy.

North Andover, Essex Co., population 3973; buildings, brick and wood, $2\frac{1}{2}$ to 5 stories. Fire department—1 steam fire engine, 1 hose carriage, 1 hose wagon; 1 hose reel; hose linen, good 2700 ft, rubber good 50 ft; 3 horses; value of fire department equipment \$12,000; expenses in 1899, \$9750; total membership 61, paid full time 1; bell alarm. Chief engineer, P. P. Dau.

WATER SUPPLY—Source, ponds and rivers; 10 tanks. Town clerk, Isaac F. Osgood.

North Attleborough, Bristol Co., population 7000; fire area 2100 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck; 1 hose wagon; 2 hose reels; siamese couplings; hose fabric, good 8000 ft, cotton inferior 1250 ft; 4 horses, hired; value of fire department equipment \$6000; value of buildings occupied \$3000; total membership 83, paid part time; electric alarm; swinging harness. Chief elected by district, C. W. H. Day.

WATER SUPPLY—Source, well; system, direct pumping; reservoir cap 555,000 gals; Davidson pumping engines, dy cap 1,000,000 gals; 103 hydrants, Lowry, Matthews & Ludlow; pipe 12 miles 6 to 16 in dia, Warren Foundry; Peet valves; 320 meters, various; quality of water A no 1; pressure 70 to 85 pounds; water-works owned by fire district No. 1; cost to construct \$142,047; ann expenses \$3455; int on bonds 4 per cent; amount of bonds \$125,000. Pres of com, O. M. Bester; supt, W. P. Whitman; city clerk, C. T. Guild.

North Brookfield, Worcester Co., population 4200; mercantile buildings, wood, $1\frac{1}{2}$ to 3 stories; private, wood, $1\frac{1}{2}$ to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine, 20 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose linen good 1500 ft, leather good 1000 ft; value of fire department equipment \$5500; value of buildings occupied \$3000; total ann expenses of department \$1008; total membership 50, paid full time; steam whistle alarm; 4 fire companies. Chief engineer, John Rask.

WATER SUPPLY—Source, springs; system, direct pumping; 15 tanks; 3 steam pumps; 8 hydrants; 200 ft pipe, 6 in dia; pressure 150 pounds; also 1 artesian well, 185 ft. Town clerk, Geo. R. Hamant.

North Easton, Bristol Co., population 2500; buildings, stone and wood, 2 stories. Fire department—1 hand engine, 1 hose carriage; hose linen, good 3000 ft; bell alarm.

WATER SUPPLY—Source and system not described; 75 hydrants; 6 miles pipe; pressure 60 to 180 pounds; cost to construct \$80,000. Supt, Horace Jones; city clerk, G. G. Withington.

Northampton, Hampshire Co., population 14,000; fire area water limits; mercantile buildings, brick and wood, 3 stories; private, wood; 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 hand engines, 1 chemical engine, 2 hook and ladder trucks, 8 hose carriages, life saving apparatus; hose 5000 ft; 5 hoses, value \$1000; value of fire department equipment \$20,337; value of buildings occupied \$12,000; total ann expenses of department \$8000; total membership 96, paid part time; electric alarm; 19 street boxes and 8 telephones. Chief engineer, W. Bailey; chairman of fire and water com, C. E. Childs.

WATER SUPPLY—Source, brook; system, gravity; reservoir cap 20,500,000 gals; 202 hydrants, 37 miles pipe, 4 to 16 in dia; 147 gates, Ludlow and Chapman; 155 valves, Ludlow and Chapman; 13 meters, Crown; quality of water excellent; pressure 80 to 90 pounds; cost to construct \$273,062; ann expenses \$2200; int on bonds $3\frac{1}{4}$, 4 and 6 per cent. Pres or chairman of com, D. W. Bond; supt,

Jonas M. Clark; mayor, J. Brown; city clerk, E. I. Clapp.

Northborough, Worcester Co., population 11853. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose good 1000 ft, fair 500 ft; expenses in 1898 \$400; total membership 30.

WATER SUPPLY—Source, Cold Harbor Brook; system, gravity; reservoir cap 80,000,000 gals; 54 hydrants, Chapman; pipe $8\frac{1}{2}$ miles; pressure 85 pounds; cost to construct \$70,000; ann expenses \$3600; int on bonds 4 per cent. Pres of com, S. Small; supt, R. R. Yates; city clerk, G. B. Howe.

Norwood, Norfolk Co., population 12921; fire area 400 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 Babcock extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose cotton, good 3000 ft; inferior 800 ft; value of fire department equipment \$3800; value of buildings occupied \$7000; total ann expenses of department \$1700; total membership 45, paid full time; bell and whistle alarm. Chief engineer, J. F. Boyden.

WATER SUPPLY—Source, pond; system, pumping to reservoir; reservoir cap 15,000,000 gals; Davidson pump, dy cap 1,000,000 gals; 70 hydrants, Chapman; pipe 13 miles, Warren Foundry & Machine Co.; Chapman valves; 70 meters; pressure, domestic 50, fire 55 pounds; cost to construct \$105,000; ann expenses \$25,000; int on bonds 4 per cent. Supt, Geo. A. F. Buckram; town clerk, Francis Tinker.

Orange, Franklin Co., population 3650; buildings, wood, 2 stories; slate roofs. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 100 Eddison extinguishers, 8 hose carriages; siamese couplings used; hose cotton, good 4000 ft, leather good 1000 ft; value of fire department equipment \$12,800; value of buildings occupied \$3000; total ann expenses of department \$2000; total membership 180, paid part time; bell and whistle alarm. Chief appointed by selectmen, W. H. Conor.

WATER SUPPLY—Source, river. Town clerk, E. C. Fowler.

Oxford, Worcester Co., population 2700. Fire department—1 steam fire engine, 1 hand engine; 2 hose carriages; hose leather, good 2700 ft, inferior 500 ft; total membership 65, paid part time. Chief engineer, P. Foster.

WATER SUPPLY—Source, 7 cisterns, total cap 95 gals. Town clerk, Edward S. Pease.

Palmer, Hampden Co., population 15823; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton rubber lined, good 2050 ft; total membership 30; bell alarm. Chief engineer, W. H. Hi.

WATER SUPPLY—Source, springs; system, gravity; 40 hydrants, Chapman; pipe 5 miles, 4 to 10 in dia; Chapman valves; pressure 70 pounds; cost to construct \$40,000; ann expenses \$1200; int on bonds 5 per cent. Pres or chairman of com, C. L. Goodhue, Springfield; treas and supt, John H. Gamwell; town clerk, J. B. Shaw.

Peabody, Essex Co., population 19530; fire area 10,000 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, 1 supply wagon, 5 hose pumps; siamese couplings used; hose cotton, good 10,600 ft, leather good 150 ft; 7 horses; value of fire department equipment \$68,500; 5 buildings occupied, value \$41,200; total ann expenses of department \$7720; total membership 102, paid full time 5, paid part time 97; electric alarm; 17 street boxes; 1 whistle; 2 strikers. Chief appointed by engineers, Daniel B. Lord.

WATER SUPPLY—Source, surface water; system, gravity and pumping to reservoir; reservoir cap 1,500,000 gals; Worthington pump, dy cap 2,000,000 gals; 177 hydrants; pipe 35 miles, 3 to 16 in dia; pressure 75 pounds; ann expenses \$5235. Supt, M. M. Quint; city clerk, Nathan N. Pears.

Petersham, Worcester Co., population 11082. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck; hose good 800 ft. Chief engineer, J. F. Barner.

WATER SUPPLY—Source, wells. Town clerk, S. B. Cook.

Pittsfield, Berkshire Co., population 17,000; fire area 640 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 2 hand engines, 4 chemi-

MASSACHUSETTS—Continued.

cal extinguishers, 2 hook and ladder trucks, 7 hose carriages; hose cotton, good 6000 ft; leather good 1000 ft; 12 horses; value of fire department equipment \$30,000; value of buildings occupied \$10,000; total ann expenses of department \$7500; total membership 174, paid part time 22; telegraph alarm; 24 street boxes. Chief elected by district, Geo. W. Branch.

WATER SUPPLY—Source, Ashley Lake; system, gravity; 8 reservoirs combined cap 600,000 gals; 98 hydrants, R. D. Wood & Co.; pipe 26 miles, 20 to 2 in dia; 18 meters; quality of water good; pressure 50 to 70 pounds; works owned by city; cost to construct \$25,000; ann expenses \$4000; int on bonds 4 per cent. Chairman of com, W. R. Plummer; supt, John M. Hatch; town clerk, Fred Pringle.

Plainville, Norfolk Co., population included in Wrentham. Fire department—1 hand engine, 1 hose carriage; hose leather good 800 ft; total membership 50, all volunteers.

WATER SUPPLY—Source not given; system, gravity; 1 reservoir, Knowles pump; 5 hydrants.

Plymouth, Plymouth Co., population 7500; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hand engine, 1 chemical engine, 1 hook and ladder truck, 7 hose carriages; hose cotton rubber lined, good 1500 ft, rubber good 100 ft, 400 ft linen; 2 horses; total ann expenses of department \$4000; total membership 184; electric alarm. Chief engineer, H. P. Bailey.

WATER SUPPLY—Source, South Pond; system, gravity and pumping to reservoir; reservoir cap 2,970,000 gals; Worthington pumping engines, dy cap 1,440,000 gals; 88 hydrants, Chapman; pipe 23 miles, 16 to 2 in dia; 258 valves, Chapman; quality of water A no 1; pressure 50 to 108 pounds; water-works owned by town; cost to construct \$236,708; ann expenses \$4198; int on bonds \$6818. Chairman of com, C. S. Davis; supt, R. W. Bagwell; mayor, Wm. H. Nelson; town clerk, Curtis Davis.

Provincetown, Barnstable Co., population 4480; fire area 8000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 6 hand engines, 1 chemical engine, 1 hook and ladder truck, 7 hose carriages, 1 hose wagon, 4 hand engines; siamese couplings used; hose cotton, good 4150 ft, linen good 500 ft, inferior 800 ft; value of fire department equipment \$28,300; value of buildings occupied \$7400; total ann expenses of department \$2100; total membership 237, all volunteers; bell alarm. Chief elected by board of engineers, J. D. Hillard.

WATER SUPPLY—Source, 42 cisterns. Town clerk, Seth Smith. Water-works contemplated.

Quincy, Norfolk Co., population 112,144; buildings, wood, 1½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 6000 ft, inferior 600 ft; value of fire department equipment \$9000; total ann expenses of department \$6250; total membership 66, paid full time 2, paid part time 64; telegraph alarm; 21 street boxes. Chief engineer, John W. Hall.

WATER SUPPLY—Source, wells; system, direct and pumping to standpipe; reservoir cap 180,000,000 gals; standpipe cap 481,797 gals; Deane pumping engines, dy cap 4,000,000 gals; 108 hydrants, Chapman; pipe 80 miles, 4 to 20 in dia, National Tube Works; 200 valves, Chapman; 45 meters, various; quality of water good; pressure 80 to 85 pounds. Pres or chairman of com, J. A. Gordon; supt, F. E. Hall; mayor, Chas. H. Porter; town clerk, C. A. Spear.

Randolph, Norfolk Co., population 18907. Fire department—2 steam fire engines, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2260 ft, leather fair 1100 ft; 6 horses; total membership 70, paid part time. Chief engineer, R. A. Wales.

WATER SUPPLY—Source, lake; system, pumping to standpipes; 2 standpipes, cap 1,000,000 gals; Holly pumping engines, dy cap 2,500,000 gals; 115 hydrants, Chapman; pipe 20 miles, 4 to 14 in dia, Warren; 85 valves, Chapman; pressure 73 to 87 pounds; water-works owned by towns of Randolph and Holbrook; cost to construct \$110,000; ann expenses \$3000; int on bonds 4 per cent. Pres of com, J. W. Belcher; supt, E. J. Chadbourn.

Reading, Middlesex Co., population 5000; fire area 5 ½ miles; mercantile buildings, wood, 2 stories; private, wood 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, rubber lined good 2100 ft, leather fair 2200 ft;

value of fire department equipment \$12,000; value of buildings occupied \$9000; total ann expenses of department \$3850; total membership 95, paid full time 95, volunteers 15; Stevens alarm; 18 street boxes; 4 fire companies. Chief engineer, Edward C. Nichols.

WATER SUPPLY—Source, cisterns and wells; town voted March 28th, 1890, to construct at once system of water-works with 18½ miles pipe and 77 hydrants; system to be pumping to standpipe. Chairman of com, L. M. Bancroft; chairman of selectmen, S. M. Pratt; town clerk, James Reid.

Revere, Suffolk Co., population 5680; fire area 2500 acres; buildings, private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 3600 ft, inferior 400 ft; 5 horses, not owned; value of fire department equipment \$5000; value of buildings occupied \$5000; total ann expenses of department \$800; total membership 54, paid \$30 per year; Stevens alarm; 17 street boxes; 1 hook and ladder company; 8 hose companies. Chief engineer, Albert H. Kimball.

WATER SUPPLY—Source, tubular wells; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; Knowles and Deane pumping engines, dy cap 2,500,000 gals; 64 hydrants, Chapman; pipe 2 to 14 in dia, Goodhue & Birnie; 77 valves, Chapman; quality of water good; pressure 75 pounds; water-works owned by company; ann expenses \$5000. Pres of com, Andrew Burnham; supt, Albert S. Burnham; town clerk, Albert H. Kimball.

Rockland, Plymouth Co., population 8500; fire area 6440 acres; mercantile buildings, wood, 2½ stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose cotton, good 1700 ft; horses hired; value of fire department equipment \$4500; value of buildings occupied \$3000; total ann expenses of department \$1300; total membership 85, volunteers; Gamewell alarm; 6 street boxes, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, G. H. Gardner.

WATER SUPPLY—Source, pond; system, direct pumping (see Abington); 100 hydrants, Coffin; valves, Coffin; 30 meters; water-works owned by towns of Rockland and Abington; int on bonds 4 per cent. Chairman of com, G. W. Kelley; supt, W. R. Rose; town clerk, E. Stedley.

Rockport, Essex Co., population 8500; fire area 4260 acres; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 1 hose carriage, 1 supply wagon; hose cotton 2850 ft, rubber 750 ft; value of fire department equipment \$7500; value of 4 buildings occupied \$4000; total ann expenses of department \$1600; total membership 55, paid full time; bell alarm. Chief engineer, John Parsons, Jr.

WATER SUPPLY—Source, river and 11 cisterns, cap of cisterns 30,000 gals. Town clerk, C. W. Pool.

Royalston, Worcester Co., population 11153; buildings, wood. Fire department—1 hand engine, fire pumps; hose 1000 ft. Chief engineer, A. A. Hyatt.

WATER SUPPLY—Source, river. Town clerk, Geo. W. Blandin.

Salem, Essex Co., population nearly 30,000; fire area 1000 acres; mercantile buildings, brick and wood, 3 to 4 stories; private, brick and wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 5 pony chemical extinguishers, 1 hook and ladder truck, 5 hose wagons; hose cotton, good 17,100 ft; 16 horses; value of fire department equipment \$30,000; value of buildings occupied \$33,000; total ann expenses of department \$27,000 (app for 1890); total membership 106, paid full time 14, paid part time 91. Pearce & Jones alarm; 57 street boxes; 8 engine companies, 1 hook and ladder company, 5 hose companies. Chief engineer, Wm. O. Arnold; chairman of fire and water com, Arthur S. Palfrey.

WATER SUPPLY—Source, Wenham Lake; system, pumping to reservoir and direct; reservoir cap 30,000,000 gals; 2 Worthington pumping engines, dy cap 10,000,000 gals; 353 hydrants, Whittier Machine Co.; pipe 44 miles, 4 to 30 in dia, R. D. Wood & Co. and others; valves, Chapman and others; 127 meters, various; pressure 50 pounds; water-works owned by city; cost to construct \$1,700,000; ann expenses \$32,000; int on bonds 5 and 6 per cent. Pres of com, Paul B. Fatten; supt, Henry Rogers; mayor, Robt. Rantoul; city clerk, Henry M. Meek.

Salisbury, Essex Co., population 1100; the portion of

town having fire protection and water supply has been annexed to Amesbury. Town clerk, G. W. Merrill.

Sandwich, Barnstable Co., population 42194; mercantile buildings, wood, 1 and 1½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; bell alarm. Chief engineer, F. H. Burgess.

WATER SUPPLY—Source, wells, supplied by springs. Town clerk, F. N. Burgess.

Saugus, Essex Co., population 8600; buildings, wood, 2 and 8 stories. Fire department—8 hose carriages, ladders and equipments; hose good 2400 ft; total membership 105. Chief engineer, Chas. I. Hitchings.

WATER SUPPLY—Source, supplied by Lynn water-works (see Lynn); 80 hydrants, Chapman and Holyoke; pipe, cement 9 miles, 4 to 10 in dia; Chapman valves; pressure 70 pounds. Chairman of com, Wilbur F. Newhall; town clerk, Wm. H. Newhall.

Saxtonville, Middlesex Co., population 2000; fire area 11 acres; mercantile buildings, wood, 8 stories; private, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine; hose linen, good 2000 ft, inferior 100 ft; value of fire department equipment \$5000; total membership 15, paid volunteers; Gamewell-Stevens alarm; 4 street boxes; 1 engine company. Chief engineer, Wm. Burke.

WATER SUPPLY—Source, river; system, direct; 1 pump; 4 hydrants; pipe 1 mile; pressure 80 pounds. Town clerk, F. E. Hemingway.

Sharon, Norfolk Co., population 1500; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton rubber lined, good 1500 ft; 1 horse hired; value of fire department equipment \$1200; value of buildings occupied \$1000; total ann expenses of department \$324; total membership 54, paid \$2 per year and 80c. per hour for fires; bell alarm; 1 hook and ladder company, 8 hose companies. Chief engineer, Walter H. Delano.

WATER SUPPLY—Source, spring; system, pumping to tank and direct; tank cap 1500 gals; Blake pumping engine, dy cap 720,000 gals; 26 hydrants, Chapman; pipe 6 miles; Chapman valves; 8 meters; pressure 4 to 78 pounds; water-works owned by company; cost to construct \$40,000; int on bonds 6 per cent. Pres of com, J. P. Farley; supt, E. E. Farnham; town clerk, J. P. Hewins.

Shelburne Falls, Franklin Co., population 2500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft, rubber 100 ft, leather inferior 250 ft; total ann expenses of department \$600 (in 1898); total membership 70; bell and whistle alarm. Chief engineer, G. D. Eldridge.

WATER SUPPLY—Source, springs; system, gravity; 8 hydrants; 8 fire plugs; pipe 2 1-10 miles; pressure, domestic 90 pounds; water-works owned by company; cost to construct \$6000; ann expenses \$30. Supt, L. T. Covell; town clerk, Geo. Mirrick.

Shirley, Middlesex Co., population 1800; fire area 9319 acres; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 150 ft, rubber good 900 ft, linen good 900 ft; 1 horse, value \$150; value of fire department equipment \$300; value of buildings occupied \$200; total ann expenses of department \$250; total membership 50, paid full time 85, paid part time 15. Chief engineer, J. H. Logue; chairman of fire and water com, J. F. Hazen.

WATER SUPPLY—Source, springs; 2 reservoirs. Town clerk, J. Longley.

Shrewsbury, Worcester Co., population 1450; buildings, wood. Fire department—2 hand engines, 2 chemical extinguishers; buckets.

WATER SUPPLY—Source, wells and cisterns. Town clerk, G. E. Stone.

Somerset, Bristol Co., population 2475; buildings, wood, 2½ stories. Fire department—1 steam fire engine, 1 hook and ladder truck; life saving apparatus; total ann expenses of department \$387; total membership 71. Chief engineer, A. O. Hillard.

WATER SUPPLY—Source, river. Town clerk, Elisha ilade.

Somerville, Middlesex Co., population 40,000; fire area 2250 acres; mercantile buildings, wood and brick, 4 and 5 stories; private, wood, 8 stories; wooden roofs permitted; fireworks ordinance; State law permits fire in-

quest. Fire department—2 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder truck, 3 hose reels, 4 hose wagons; siamese couplings used; hose cotton 8000 ft; 18 horses; value of fire department equipment \$31,250; value of 6 buildings occupied \$75,500; total ann expenses of department \$32,000; total membership 73, paid full time 11, paid part time 62; telegraph alarm; 45 street boxes. Chief engineer, James R. Hopkins.

WATER SUPPLY—Source, Mystic system (see Boston); system, pumping to reservoir and standpipe; 7 cisterns; 1 reservoir, cap 25,244,000 gals; 1 standpipe, cap 2,000,000 gals dy; Worthington pumping engines, dy cap 18,000,000 gals; 1 Worthington pump for high service; 401 hydrants, 59 miles pipe, 4 to 30 in dia; pressure 40 to 85 pounds. Supt, Nathaniel Dennett; city clerk, Geo. I. Vincent.

South Abington, Plymouth Co., population 4000. Fire department—See Whitman.

WATER SUPPLY—Source, Hobart Pond; system, pumping to standpipe; Worthington pumping engine, dy cap 1,200,000 gals; 85 hydrants, Ludlow; pipe 10 miles; Ludlow valves; 180 meters; pressure 65 pounds; water-works owned by town; cost to construct \$78,000; ann expenses \$3745; int on bonds 4 per cent. Supt, J. C. Gilbert.

Southbridge, Worcester Co., population 16501; mercantile buildings, brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines; 1 hand engine, 4 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages; portable fire escape; siamese couplings; hose linen rubber lined, good 500 ft, rubber good 500 ft, inferior 200 ft, leather, good 2500 ft; 18 horses; value of fire department equipment \$3300; value of 2 buildings occupied \$2500; total ann expenses of department \$2750; total membership 55, volunteers. Chief engineer, J. J. Bowen.

WATER SUPPLY—Source, springs; system, gravity; 4 tanks, dy cap 40,000 gals; 80 hydrants, Mathews; pipe 2½ miles, 8 to 12 in dia; Chapman valves; pressure 50 pounds; water-works owned by company; cost to construct \$25,000; ann expenses \$125. Supt, F. W. Eaton; town clerk, E. D. Phillips.

South Framingham, Middlesex Co., population 2000. Fire department, see Framingham.

WATER SUPPLY—Source, Farm Pond and Sudbury River; system, direct pumping; Deane and Davidson pumping engines, dy cap 3,000,000 gals; 75 hydrants, Coffin; pipe 12 miles, 2 to 16 in dia, Warren; 90 meters, National; quality of water good, filtration sand and filter gallery; pressure, domestic 80, fire 80 to 120 pounds; water-works owned by company. Pres of com, Willis M. Ranney; supt, Alfred E. Martin.

South Hadley Falls, Hampshire Co., population 12949; fire area 2500 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance, causes of fire investigated. Fire department—1 hand engine (not in use); 1 hook and ladder truck, 8 hose carriages, siamese couplings used; hose cotton, good 2000 ft, leather good 250 ft, cotton rubber lined, good 500 ft; total ann expenses of department \$400; total membership 30, paid part time; bell alarm. Chief engineer, F. E. White.

WATER SUPPLY—Source, springs; system, gravity; 60 hydrants, Holyoke; pipe 18 miles, 4 to 16 in dia; 85 valves, Chapman; 1 meter, Worthington; quality of water good; pressure 70 pounds; water-works owned by village; cost to construct \$60,000; ann expenses \$1000; int on bonds 7 per cent. Pres of com, H. P. Street; supt, M. L. Barnes; town clerk, Joseph Allen.

South Weymouth, Norfolk Co. (see Weymouth).

Spencer, Worcester Co., population 17450. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 8 hose carriages; hose good 4300 ft; volunteer members. Chief engineer, E. E. Stone.

WATER SUPPLY—Source, Shaw's Pond, 3 cisterns, 10 tanks, cap of tanks 54,000 gals; system, gravity; 88 hydrants, Holyoke; pipe 18 miles, 2 to 14 in dia; gates Chapman; pressure 75 pounds; cost to construct \$240,079; ann expenses \$388; int on bonds 4 per cent. Supt Dexter Bullard; town clerk, A. W. Curtis.

Springfield, Hampden Co., population 140,000; fire area 1890 acres; mercantile buildings, brick, 5 stories; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 12 chemical extinguishers, 8 hook and ladder trucks, 9 hose carriages; siamese couplings used; hose cotton 15,000 ft, cotton 1 in 1600 ft, leather good 1500 ft; 25 horses; value of fire department equipment \$31,611; value of buildings occupied \$110,000; total ann expenses of department \$59,321; total membership 143, paid full time 22; telegraph alarm, 48 street boxes. Chief engineer, A. F. Leshure.

MASSACHUSETTS—Continued.

WATER SUPPLY—Source, streams; system, gravity; impounding reservoir, cap 2,000,000 gals; distributing reservoir cap 110,000,000 gals, 672 hydrants, Chapman; pipe 91.1 miles, 2 to 24 in dia; 678 valves, Chapman; 751 meters, Crown & Hersey; quality of water fair, filtration "Excel-sior;" pressure, domestic 35, fire 127 pounds; water-works owned by city; cost to construct \$1,406,968; ann expenses \$18,463; int on bonds 6 and 7 per cent. Chairman of board H. Q. Sanderson; supt J. C. Hancock, mayor, Edward S. Bradford; city clerk, E. A. Newell.

Sterling, Worcester Co., population 11881; buildings, wood, 1½ and 2 stories. Fire department—2 hand engines, 2 hose carriages; hose cotton, 1000 ft, linen good, 200 ft; value of fire department equipment \$2000; total ann expenses of department \$50 (in 1887); total membership 25, volunteers; bell alarm.

WATER SUPPLY—Source, wells; 2 reservoirs. Town clerk, E. P. Bartlett.

Stoneham, Middlesex Co., population 15682. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 2000 ft, leather 2260 ft; total membership 63, paid part time.

WATER SUPPLY—Source, Wakefield Water Co. (see Wakefield); 2 cisterns, 19 tanks, 4 pumps; 54 hydrants; 17 meters. Town clerk, B. B. Burbank.

Stoughton, Norfolk Co., population 15188; mercantile buildings, wood, 2 stories; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 9000 ft, leather good 510 ft; value of fire department equipment \$7000; value of 3 buildings occupied \$2000; total ann expenses of department \$2100; total membership 55, paid full time; bell alarm.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 818,000 gals; Worthington pumping engine, dy cap 600,000 gals; 20 hydrants; pipe 6 miles, 8 to 10 in dia; 26 meters, Hersey & Worthington; quality of water pure; pressure 65 pounds; water-works owned by company; cost to construct \$90,000. Pres of com, Chas. W. Lunn; supt, Frank F. Phinney; town clerk, H. C. Kimball.

Starbridge, Worcester Co., population 1980; mercantile buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers; bell alarm.

WATER SUPPLY—Source, wells; system, gravity. Town clerk, A. B. Chamberlain.

Sunderland, Franklin Co., population 700; mercantile buildings, wood, 2 stories. Fire department—hand pumps; hose rubber; bell alarm.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir; pipe 8 miles; pressure 80 ft head; water-works owned by company; cost to construct \$2100. Pres of com, Joel Burt; town clerk, J. M. Smith.

Swampscott, Essex Co., population 12500. Fire department—1 steam fire engine; 1 hook and ladder truck; 1 hose carriage; 1 supply wagon; hose cotton, good 2000 ft; horses from R. R. when needed; total membership 19; paid full time; telegraph alarm; 7 street boxes. Chief engineer, I. Emmons.

WATER SUPPLY—Source, Marblehead Water Co. (see Marblehead); 65 hydrants, Chapman and Holyoke; pipe 8 miles, 4 to 10 in dia; 3 meters; pressure 60 pounds; water-works owned by company; cost to construct \$75,000. Pres of com, Thos Appleton; supt, Kendall Pollard; town clerk, Geo. F. Till.

Tapleville, Essex Co., population 8000, buildings, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; 1 aerial truck, 9 hose carriages; hose cotton, inferior 2000 ft, rubber inferior 400 ft, leather inferior 1100 ft, linen inferior 200 ft; value of fire department equipment \$2000; total membership 110, paid part time; bell and whistles alarm; 1 hook and ladder company, 9 hose companies. Chief engineer, C. H. Giles.

WATER SUPPLY—Danvers system (see Danvers); reservoir cap 3,000,000 gals; 307 hydrants; pipe 26 ½ miles; pressure, domestic 70 to 85 pounds. Supt, D. F. Harrigan; town clerk, Julius Peall.

Taunton, Bristol Co., population 28,000; fire area 25,000 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 12 chemical extinguishers, 2 hook and ladder trucks, 9 hose carriages; hose cotton, good 12,000 ft; 14 hoses, value \$3750; value of fire department equipment \$62,000; value of buildings occupied \$80,000; total ann expenses of department \$17,500; total membership 128,

paid full time 8, paid part time 84, volunteers 36; Game-well alarm; 43 street boxes; 8 engine companies, 2 hook and ladder companies, 5 hose companies. Chief engineer, Abner Coleman; chairman of fire com, Albert M. Clark.

WATER SUPPLY—Source, ground water and Taunton River for emergency; system, direct pumping; Holly pumping engine, dy cap 4,000,000 gals; 514 hydrants, Chapman, Ludlow, Wood; pipe 69 2-10 miles, 4 to 20 in dia, Wood, Warren, Gloucester; 378 valves, Chapman; 988 meters, Union, National, Hersey, Water Waste Pre.; quality of water good, filter gallery 100 ft from river, pressure, domestic 55, fire 100 pounds; water-works owned by city; cost to construct \$571,955; ann expenses \$15,000; int on bonds 4 to 6 per cent. Pres of com, Farley I. Perrin; supt, Geo. F. Chase; mayor, Arthur M. Alger; city clerk, Edwin A. Felton.

Templeton, Worcester Co., population 2769; Fire department—4 hand engines, 4 hose carriages; hose good, 2000 ft; total membership 240, volunteers. Chief engineer, O. D. Miles; town clerk, Chas. Parkhurst.

Townsend, Middlesex Co., population 11946; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose cotton, good 1600 ft; total ann expenses of department \$400; total membership 70, volunteers; bell alarm. Chief engineer, A. L. Fessenden.

WATER SUPPLY—Source, river and creek. Town clerk, E. A. Blood.

Turner's Falls, Franklin Co., population 6628 (includes Montague). Fire department—1 steam fire engine (not in use), 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1500 ft, rubber good 500 ft; total membership 22, paid part time. Chief engineer, Daniel McCarthy.

WATER SUPPLY—Source, Lake Pleasant; system, pumping to reservoir; reservoir cap 1,270,000 gals; Deane pumping engine, dy cap 1,200,000 gals; 57 hydrants, Ludlow; pipe 7½ miles, main 14 in dia, Warren; 59 valves, Peet; 3 meters, National, Crown; quality of water first-class; pressure 100 pounds; water-works owned by fire district; cost to construct \$104,942; ann expenses \$7600; int on bonds 4 per cent; Supt, H. D. Bardwell; town clerk, W. S. Dana.

Upton, Worcester Co., population 12265; buildings, wood, 2 stories; wooden roofs permitted; fire works ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, 500 ft, leather good 300 ft; value of fire department equipment \$500; value of buildings occupied \$800; total membership 65, paid part time 60; bell alarm.

WATER SUPPLY—Source, river and wells; ann expenses \$650.

Uxbridge, Worcester Co., population 2048. Fire department—2 hand engines, 2 hose carriages; hose linen good 800 ft, leather good 400 ft; total membership 10, paid part time.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir; 25 hydrants, Chapman; pipe 3 miles; Chapman valves; 12 meters; pressure 62 pounds; water-works owned by company; cost to construct \$24,000; ann expenses \$100; int on bonds 5 per cent. Pres of com, A. W. Bennett; supt, C. A. Taft; town clerk, A. W. Bennett.

Vineyard Haven, Dukes Co., population 1000; fire area 180 acres; mercantile buildings, wood, 2 stories, private, wood 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$1500; total membership 58, volunteers; church bells alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, Gilbert L. Smith.

WATER SUPPLY—Source, Tashmoo springs; system, pumping to standpipe and direct; Blake pumping engine, dy cap 1,000,000 gals; 1 hydrant, Ludlow; 27-10 miles pipe, Gloucester, Warren; 4 meters; pressure, 78 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$600; int on bonds 6 per cent. Pres of com, C. C. Jackson; supt, O. G. Stanley.

Wakefield, Middlesex Co., population 27800. Fire department—1 steam fire engine, 3 hand engines, 1 chemical engine on wheels, 1 portable extinguisher, 1 hook and ladder truck, 3 hose carriages, hose cotton, good 3050 ft, leather good 2700 ft; total membership 45, paid; 1 independent company; bells, whistles and Stevens alarm; 1 street boxes. Chief engineer, Owen Corcoran.

WATER SUPPLY—Source, Crystal Lakes; system, pumping to standpipe and direct; standpipe cap 555,000 gals; Knowles pumping engine, dy cap 2,000,000 gals; 88 double hydrants; pressure 80 pounds; water-works owned by com-

pany. Pres of com, D. H. Darling; supt, G. W. Harrington; city clerk, Chas. F. Hartshome.

Wales, Hampden Co., population 1688; buildings, wood, 8 and 4 stories; wooden roofs permitted. Fire department—2 hand engines, 5 chemical extinguishers, 2 hose carriages; hose linen, good 1000 ft; value of fire department equipment \$1000; total ann expenses of department \$300; total membership 80, paid full time; bell alarm. Chief engineer, E. A. Clark.

WATER SUPPLY—Source, stream; system, gravity. Town clerk, A. H. Hubbard.

Walpole, Norfolk Co., population 12448; buildings, wood. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft; value of fire department equipment \$1000; bell and whistle alarm. Chief engineer, Chas. Fales.

WATER SUPPLY—Source, streams. Town clerk, Geo. P. Morey.

Waltham, Middlesex Co., population 18,000; fire area 7064 acres; mercantile buildings, wood and brick, 2 to 5 stories; private, wood, 2 to 3 stories, wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 chemical extinguisher, 1 hook and ladder truck, 8 hose carriages, 1 hose wagon, 1 supply wagon; hose cotton, good 8000 ft, linen good 200 ft, leather inferior 1000 ft; 8 hoses, value \$3060; value of fire department equipment \$36,000; value of buildings occupied \$30,000; total ann expenses of department \$14,000; total membership 74, paid full time 4, paid part time 70; Gamewell alarm; 78 street boxes; 2 engine companies, 1 hook and ladder company, 4 hose companies. Chief engineer, C. H. Parks; chairman of fire com, C. H. Moulton.

WATER SUPPLY—Source, ground water; system pumping to reservoir; reservoir cap 6,000,000 gals; 2 Worthington pumping engines, dy cap 8,000,000 gals; 200 hydrants, Boston, Chapman; pipe 88 miles, 2 to 24 in dia; 373 valves, Chapman; 38 meters; filter basin near Charles River; pressure 55 pounds; water-works owned by town; cost to construct \$417,000; ann expenses 12,000. Pres of com, John Harris; supt, Geo. E. Winslow; mayor, Henry N. Fisher; city clerk, Luman N. Hall.

Ware, Hampshire Co., population 8000 (includes Gilbertville); mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine in reserve, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 2800 ft; mills have private hose; value of fire department equipment \$14,000; value of building occupied \$6000; total ann expenses of department \$4000; total membership 44, paid 8; bell alarm. Chief engineer, T. C. Gleason.

WATER SUPPLY—Source, collecting wells; system, pumping to reservoir; reservoir cap 1,567,068 gals; Deane pumping engines, dy cap 1,500,000 gals; 50 hydrants, Chapman; pipe 8½ miles, 4 to 12 in dia, McNeal, Warren; 78 valves, Chapman; 178 meters, Crown, Hersey; quality of water good; pressure 15 to 100 pounds; water-works owned by town; cost to construct \$87,664; ann expenses \$5600; int on bonds 2½ and 4 per cent. Chairman of com, C. C. Hitchcock; supt, Fred A. Volk; chairman of selectmen, D. W. Miner; town clerk, A. F. Richardson.

Warren, Worcester Co., population 14081; mercantile buildings, wood, 2 to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 hook and ladder trucks, 5 hose carriages; siamese couplings used; hose cotton, good 1000 ft, linen good 2000 ft, leather inferior 800 ft; value of fire department equipment \$9000; value of buildings occupied \$2000; total ann expenses of department \$1600; total membership 85, volunteers; bell and whistle alarm. Chief engineer, E. F. Strickland.

WATER SUPPLY—Source, ponds, river and brooks; system, direct pumping; 1 reservoir; 24 hydrants; pipe 4 to 6 in dia; pressure 100 pounds; ann expenses \$1600. Town clerk, S. E. Blair.

Watertown, Middlesex Co., population 16228; fire area 9051 acres; mercantile buildings, wood and brick, 2½ and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; 2 private steam pumps; hose good 4800 ft; 5 hoses; value of fire department equipment \$7000; value of buildings occupied \$28,500; total ann expenses of department \$5100; total membership 81, paid full time 3, paid part time 37; telegraph alarm; 10 street boxes. Chief engineer, J. A. Yolk.

WATER SUPPLY—Source, surface water; system, pump-

ing to tank and direct; tank cap 800,000 gals; Deane pumping engines; 174 hydrants, Ludlow and Chapman; pipe 30 miles, 6 to 12 in dia; filter galleries near Charles River; pressure 300 pounds; water-works owned by company; ann expenses \$700 (in 1895). Pres of com, A. O. Davidson; supt, J. H. Perkins; town clerk, W. H. Ingraham.

Wayland (village of Cochituate), Middlesex Co., population 11948; buildings, wood, 2 and 4 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton 1000 ft, leather good 500 ft; value of fire department equipment \$3500; value of buildings occupied \$1600; total ann expenses of department \$300; total membership 40, volunteers; bell alarm. Chief engineer, Ralph Bent.

WATER SUPPLY—Source not stated; system, gravity and direct pumping; 83 hydrants; pipe 5 miles, 4 to 10 in dia; 12 gates; pressure 88 pounds; cost to construct \$30,000; ann expenses \$300. Supt, Ralph Bent; town clerk, R. J. Lombard.

Webster, Worcester Co., population *7000; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1400 ft, leather good 1400 ft; value of fire department equipment \$5500; value of buildings occupied \$10,000; total ann expenses of department \$3000; total membership 60, volunteers; bell alarm. Chief engineer, L. E. Pattison.

WATER SUPPLY—Source, Lake Chaubunagungamaug; system, pumping to reservoir and direct; Crocker pumping engine, dy cap 423,000 gals; 37 hydrants, Chapman; pipe 5 miles, 4 to 6 in dia; Chapman valves; 6 meters; pressure, domestic 40, fire 125 pounds; water-works owned by H. N. Slater, Jr.; ann expenses \$1000. Supt, Thos. K. Bates; town clerk, E. P. Carter.

Wellesley, Norfolk Co., population *8118; buildings, wood, 3 stories; wooden roofs permitted. Fire department—4 hose carriages; hose cotton 2000 ft, leather good 400 ft; value of fire department equipment \$3400; total ann expenses of department \$500 (in 1898); total membership 33; bell and whistle alarm. Chief engineer, Freeman Phillips.

WATER SUPPLY—Source, filter basin near brook; system, pumping direct and to reservoir; reservoir cap 1,151,000 gals; Blake pumping engines, dy cap 1,000,000 gals; 126 hydrants, Ludlow, Chapman; pipe 19¼ miles, McNeal; 118 gates, Ludlow, Chapman; 66 meters, Hersey, Worthington, Crown; pressure 40 to 119 pounds; water-works owned by town; cost to construct \$175,000; ann expenses \$3500; int on bonds 4 per cent. Supt, W. H. Vaughn; town clerk, Fred Kingsbury.

Wellfleet, Barnstable Co., population 11687. No organized fire department—1 hook and ladder truck.

Wenham, Essex Co., population 871; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hand engine, hooks and ladders, 1 hose carriage; hose linen, good 150 ft, rubber good 300 ft; value of fire department equipment \$900; total membership 40, volunteers; bell alarm. Chief engineer, Simeon Dodge, Jr.

WATER SUPPLY—Source, wells, cisterns and ponds. Town clerk, W. Pool.

West Boylston, population 3000; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories. Fire department—2 hook and ladder trucks; value of buildings occupied \$200.

Westborough, Worcester Co., population 14880; fire area, 12,187 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2800 ft; value of fire department equipment \$5000; value of building occupied \$18,000; total ann expenses of department \$3000; total membership 88; electric, bell and whistle alarm. Chief engineer, H. L. Chase.

WATER SUPPLY—Source, Sandra Pond; system, gravity; reservoir cap 120,000,000 gals; 77 hydrants, Wood, Chapman; pipe 11 9-10 miles, 4 to 16 in dia, Wood; 80 valves, Wood, Chapman; 86 meters, Union, Hersey; quality of water good, filtration through gravel; pressure 55 pounds; water-works owned by town; cost to construct \$195,068. Pres of com, M. G. McCarty; town clerk, H. L. Chase.

West Brookfield, Worcester Co., population 1747; mercantile buildings, wood, 2 to 4 stories; private, wood, 2 stories; shingle and slate roofs; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton rubber lined 1800 ft, leather inferior 800 ft; value of fire department equipment

MASSACHUSETTS—Continued.

\$6500; value of building occupied \$1000; total ann expenses of department \$800; total membership 86, volunteers; bell alarm. Chief engineer, John G. Shackley.

WATER SUPPLY—Source, stream; system, gravity; 8 tanks; 4 hydrants, Chapman; pipe $\frac{3}{4}$ miles; gates, Chapman; pressure 40 pounds; water-works owned by town; cost to construct \$3500. Supt, Wm. Dane; town clerk, Horace W. Bush.

Westfield, Hampden Co., population 16961; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical engines on wheels, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; 6 horses; 2 buildings owned; total ann expenses of department \$4800; total membership 65, paid; Gamewell alarm; 9 street boxes. Chief engineer, H. T. Snow.

WATER SUPPLY—Source, Moose meadow; system, gravity; storage reservoir cap 184,000,000 gals; distributing reservoir cap 4580 gals; 136 hydrants, Ludlow; pipe 27 miles, 4 to 14 in dia, Warren; valves, Ludlow; pressure 127 pounds; water-works owned by town; cost to construct \$261,000; ann expenses \$2073; int on bonds 4 to 6 per cent. Chairman of com, C. H. Whipple; supt, C. H. Diele; town clerk, C. N. Oakes.

Westminster, Westmoreland Co., population 1556. Fire department—2 hand engines, 2 hose carriages; hose rubber, good 200 ft, leather good 300 ft, inferior 150 ft; total membership 70, paid full time.

WATER SUPPLY—Source, 20 cisterns.

West Newbury, Essex Co., population 11890; buildings, wood, 2 stories. Fire department—1 steam fire engine, 1 hose carriage; hand pumps; hose cotton, good 1600 ft; value of fire department equipment \$7000; total ann expenses of department \$400; total membership 17, volunteers; bell and whistle alarm. Chief engineer, Gilman W. Brown.

WATER SUPPLY—Source, river and wells; 4 reservoirs, cap 15,000 gals each. Town clerk, E. P. Stanwood.

West Springfield, Hampden Co., population 4480; buildings, wood, 2 stories. Fire department—2 hose carriages; hose linen, good 450 ft, rubber good 800 ft; leather good 150 ft; total membership 18; bell alarm. Chief engineer, John Emerson.

WATER SUPPLY—Source, Darby Brook; system, gravity; impounding reservoirs; 34 hydrants; 11 miles pipe; water-works owned by company; cost to construct \$75,000. Supt, M. L. Tourtelotte; town clerk, J. M. Harmon.

West Stockbridge, Berkshire Co., population 11648; buildings, wood, 2 stories. No fire department.

WATER SUPPLY—Source not stated; system, gravity; 3 miles pipe; pressure, domestic 140 pounds. Town clerk, J. S. Moore.

Weymouth, Norfolk Co., population 11,000; fire area 9000 acres; mercantile buildings, wood, 2 and 3 stories; private, wood $1\frac{1}{4}$ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, chemical engine on wheels, 4 hook and ladder trucks, 7 hose carriages; hose cotton good 7000 ft, rubber good 500 ft, inferior 300 ft; value of fire department equipment \$9000; value of buildings occupied \$10,000; total annual expenses of department \$4506; total membership 167, volunteers, paid \$10 per annum; bell alarm. Chief engineer, F. D. Thayer.

WATER SUPPLY—Source, Weymouth Great Pond; system, gravity and pumping to standpipe and direct; standpipe cap 705,880 gals; Blake & Deane pumping engines, dy cap 3,000,000 gals; 323 hydrants, Chapman; pipe; 48 $\frac{1}{2}$ miles, 1 to 20 in dia, McNeal; 360 valves, Chapman; 3 meters, Crown; quality of water good; pressure, domestic 90 to 60, fire 70 to 100 pounds; water-works owned by town; cost to construct \$278,263; ann expenses \$20,680; int on bonds 4 per cent. Chairman of com, A. J. Richards; supt, Geo. J. Ries.

Whitman, Plymouth Co., buildings, wood, 1 to 3 stories. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton, good 2300 ft; value of fire department equipment \$9780; total ann expenses of department \$1800; total membership 75, paid part time; bell and whistle alarm. Chief engineer, I. T. Churchill.

WATER SUPPLY—Source, Hobart Pond; system, pumping to standpipe; Worthington pumping engine, dy cap 1,000,000 gals; 92 hydrants, Ludlow; pipe 10 miles, Davis & Farnum; Ludlow valves; 126 meters, Crown, Union; pressure 75 pounds; water-works owned by town; cost to construct \$78,880; ann expenses \$5000; int on bonds 4 per cent. Supt, J. C. Gilbert; town clerk, Geo. N. Pearson.

Whittinsville, Worcester Co., population 2240. No

fire department; factories protected by tanks and force pumps.

WATER SUPPLY—Source and system not stated; 1 reservoir. Supt, G. E. Taft; town clerk, D. B. Bostwick.

Wilbraham, Hampden Co., population 11724; buildings, wood 2 stories. Fire department—1 hook and ladder truck; total membership 24, volunteers; bell alarm. Chief engineer, C. G. Robbins.

WATER SUPPLY—Source, wells. Town clerk, W. C. Stone.

Williamsburgh, Hampshire Co., population 12044; fire area 1000 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hose carriages; hose cotton 200 ft, rubber 300 ft, leather 100 ft, good 1000 ft; value of fire department equipment \$5000; value of 2 buildings occupied \$3000.

WATER SUPPLY—Source, river and springs. Town clerk, T. M. Carter.

Williamstown, Berkshire Co., population 13529; buildings, wood, stone and brick, 2 to 4 stories; wooden roofs permitted. No fire department; quantity of hose.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir; 12 hydrants; pipe $7\frac{1}{2}$ miles, 6 in dia; water-works owned by company; cost to construct \$15,000; ann expenses \$100. Supt, Chas G. Sandford; town clerk, E. A. Tallmadge.

Winchendon, Worcester Co., population 4000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, $1\frac{1}{4}$ and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages; siamese couplings used; hose cotton, good 1400 ft, leather good 2600 ft, inferior 800 ft; 3 horses; value of fire department equipment \$10,000; value of 2 buildings occupied \$5000; total ann expenses of department \$243; total membership 146, paid part time; telephone, bell and whistle alarm. Chief engineer, E. S. Merrill.

WATER SUPPLY—Source, river, ponds and 10 cisterns. Water-works projected. Town clerk, Geo. M. Whitney.

Winchester, Middlesex Co., population 14290. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 6420 ft; total membership 62, paid full time 1, paid part time 62. Chief engineer, C. T. Symmes.

WATER SUPPLY—Source, surface; system, gravity and pumping to high service reservoir; impounding reservoir, cap 280,000,000 gals; high service reservoir cap 100,000 gals; windmill pump; 65 hydrants, Boston, Newport; pipe 23 miles, 2 to 12 in dia, Norman; 96 valves, Boston; quality of water good; pressure 45 pounds; water-works owned by town; cost to construct \$165,000; ann expenses \$3000; int on bonds 6 and 7 per cent. Pres of com, Jas. F. Dwinell; supt, Wm. T. Dotter; town clerk, Geo. W. Spurr.

Winthrop, Suffolk Co., population 4500; fire area 150 acres; buildings, wood, $2\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hook and ladder trucks, 2 hose carriages; net and shute; hose cotton, good, 3000 ft; value of buildings occupied \$3000; total ann expenses of department \$800; total membership 53; Stevens alarm; 9 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, E. B. Floyd.

WATER SUPPLY—Source, Revere Water Co. (see Revere); 59 hydrants; pressure 80 pounds. Supt, A. S. Burnham; town clerk, S. Floyd.

Woburn, Middlesex Co., population 12,700; fire area 7665 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hook and ladder trucks, 14 hose carriages; hose cotton 5000 ft, linen good 500 ft, leather inferior 2000 ft; 8 horses (10 in use); value of fire department equipment \$35,000; value of 7 buildings occupied \$11,500; total ann expenses of department \$5600; total membership 97, paid full time 2, paid part time 95; telegraph alarm; 18 street boxes. Chief engineer, Clarence Litchfield.

WATER SUPPLY—Source, filter gallery near Horn Pond; system, pumping to reservoir and direct; reservoir cap 8,000,000 gals; Worthington & Blake pumping engines, dy cap 4,000,000 gals; 307 hydrants, various; pipe 48 $\frac{1}{2}$ miles, 4 to 14 in dia, W. Water-works; 243 valves, Chapman; Pattee & D., Whittier; 32 meters, Hersey, Crown, Worthington; quality of water pure; pressure 45 to 85 pounds; water-works owned by city; cost to construct \$550,553; ann expenses \$11,132; int on bonds 8 $\frac{1}{2}$ to 6 per cent. Chairman of com, E. B. Parkhurst; supt, P. F. Crilly; mayor, E. F. Johnson; city clerk, D. F. Moreland.

Worcester, Worcester Co., population 20,000; mercantile buildings, brick, 5 to 7 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam

fire engines, 8 hook and ladder trucks, 16 hose carriages; hose cotton, good 15,000 ft, rubber good 800 ft, leather good 1500 ft, linen good 2000 ft; 28 horses; value of fire department equipment \$95,000; value of 16 buildings occupied \$153,000; total ann expenses of department \$65,000; total membership 144, paid full time 88; telegraph alarm; 95 street boxes. Chief engineer, S. E. Combs.

WATER SUPPLY—Source, brooks; system, gravity; impounding reservoirs, cap 1,300,000,000 gals; 968 hydrants, Chapman; pipe 114 miles, 4 to 24 in dia; 1060 valves; 7983 meters, Ball & Fitts, Piston, Rotary, Hersey, Crown, Desper; quality of water good; pressure, domestic 70, fire 180 to 140 pounds; water-works owned by city; cost to construct \$3,279,589; ann expenses \$53,680; int on bonds 8½ and 4 per cent. Supt, John G. Brady; mayor, F. A. Harrington.

Wrentham, Norfolk Co., population 2710. Fire department—1 hand engine; force pump owned by factory; 1 hose company. Town clerk, D. T. Stone.

The following places have no fire protection: Acushnet, Bristol Co., population 1071. Agawam, Hampden Co., population 2916. Berkley, Bristol Co., population 900. Brighton, Suffolk Co., population 1822. Charlton, Worcester Co., population 1822. Cheshire, Berkshire Co., population

*1600. Colerain, Franklin Co., population 1605. Duxbury, Plymouth Co., population *1224. Falmouth, Barnstable Co., population 2500. Hadley, Hampshire Co., population 1747. Hanson, Plymouth Co., population 1237 (1 hydrant taps Abington and Rockland pipe; 135 ft hose). Hardwick, Worcester Co., population 8145 (factories have force pumps and hose). Harvard, Worcester Co., population 1148. Hyannis, Barnstable Co., population 1274. Lanesborough, Berkshire Co., population 1400. Littleton, Middlesex Co., population 1060. Lunenburg, Worcester Co., population 1071. Marion, Plymouth Co., population 800. Marshfield, Plymouth Co., population 1648. New Marlborough, Berkshire Co., population 1661. Orleans, Barnstable Co., population 1200. Pembroke, Plymouth Co., population 1500. Rowley, Essex Co., population 1163. Sandisfield, Berkshire Co., population 900. Sheffield, Berkshire Co., population 2000. Southampton, Hampshire Co., population 1023. Southborough, Worcester Co., population 2100. Southwick, Hampden Co., population 923. Sudbury, Middlesex Co., population 1165. Sunderland, Franklin Co., population 700. Tewksbury, Middlesex Co., population 2223. Westford, Middlesex Co., population 2182. West Stockbridge, Berkshire Co., population *1648. Whitinsville, Worcester Co., population 2340. Wilmington, Middlesex Co., population 921.

MICHIGAN.

Adrian, Lenawee Co., population 19650. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 6 hose carriages; hose 400 ft; total membership 32, paid full time 6, paid part time 26. Chief engineer, H. Bowen.

WATER SUPPLY—Source, wells and surface water; system, pumping to reservoir and direct; reservoir cap 8,500,000 gals; Holly & Allis pumping engines, dy cap 4,000,000 gals; 128 hydrants, Holly; pipe, 17 miles, 6 to 18 in dia; valves, Ludlow; 5 meters; quality of water first-class; pressure, domestic 40, fire 80 to 100 pounds; water-works owned by company; ann expenses \$4500; int on bonds 7 per cent. Pres of com, S. L. Wiley; supt, A. F. Haas; mayor, Seth Bean; city clerk, John Mawdsley.

Albion, Calhoun Co., population 5000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft, inferior 500 ft; 2 horses, value \$500; value of fire department equipment \$8000; value of buildings occupied \$4000; total ann expenses of department \$1800; total membership 80, paid full time 1, paid part time 1; volunteers 26; bell alarm. Chief engineer, F. W. Peabody; chairman of fire and water com, W. E. Durkee.

WATER SUPPLY—Source, race, river and wells; system, pumping to standpipe; 2 Hughes pumping engines, dy cap 2,000,000 gals; 64 hydrants. City clerk, W. W. Austin.

Allegan, Allegan Co., population 12640; fire area 26 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1½ stories; wooden roofs not permitted on new or repaired buildings in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 8 hose carriages; hose cotton, good 2400 ft; rubber good 1200 ft, linen 250 ft; value of fire department equipment \$2500; value of buildings occupied \$500; total ann expenses of department \$400; total membership 60, volunteers; bell alarm. Chief engineer, David Frank.

WATER SUPPLY—Source, river and wells; system, direct pumping; Walker pumping engines, dy cap 1,125,000 gals; 36 hydrants, Holly, Galvin; pipe 6 miles, 4 to 8 in dia; 14 gates, Ludlow, Flower; pressure 100 pounds; water-works owned by village; cost to construct \$40,000; ann expenses \$1280. Supt, M. Dyer; mayor, H. Hart; village clerk, J. Dryden.

Alma, Gratiot Co., population 11198. Fire department—1 hook and ladder truck, 2 hose carriages; hose 1000 ft; total membership 40, volunteers.

WATER SUPPLY—Source, Pine River; system, direct, Walker, Smith and Vaile pumps; 35 hydrants, Holly; pipe 4 miles; gates, Galvin; pressure, domestic 80, fire 90 pounds; water-works owned by village; cost to construct \$10,000; ann expenses \$1000; int on bonds 6 per cent. Supt, J. M. Montegel, Jr.; town clerk, C. L. Delavan.

Almont, Lapeer Co., population 1807. Fire department—2 hand engines, 8 chemical engines on wheels, 1 hook and ladder truck, 1 hose cart; hose rubber, good 600 ft. Chief engineer, A. W. Ferguson.

WATER SUPPLY—Source, creek, well and 8 cisterns. Village clerk, A. H. Patterson.

Alpena, Alpena Co., population *12,000. Fire department—2 steam fire engines, 2 hose carriages; hose good 4150; 4 horses; total membership 24, paid full time 2, paid part time 22; telegraph alarm; 12 street boxes. Chief engineer, A. L. Power.

WATER SUPPLY—Source, Lake Huron; system, direct pumping; Walker pumping engines, dy cap 8,000,000 gals; also a set of Holly pumps run by turbine wheel for additional fire protection; 141 hydrants, Holly-Gaskill; pipe 18 miles, 4 to 16 in dia, Wyckoff pat; Galvin valves; quality of water good; pressure, domestic 30, fire 100 pounds; water-works owned by company; cost to construct \$900,000; ann expenses \$10,000; int on bonds 7 per cent. Pres and supt, W. H. Johnson; mayor, M. O'Brien; town clerk, W. McDonald.

Ann Arbor, Washtenaw Co., population 12,000; fire area 30 acres; mercantile buildings, brick, 3 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 8 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose cotton, good 2000 ft, rubber good 1500 ft, inferior 500 ft; 4 horses, value 3 owned by city \$500; value of fire department equipment \$8000; value of buildings occupied \$12,000; total ann expenses of department \$6000; total membership 80, paid full time 4, paid part time 6, volunteers 20; bell alarm. Chief engineer, Fred Siple; chairman of fire com, M. E. Cooley.

WATER SUPPLY—Source, springs and surface water; system, pumping to reservoir; reservoir cap 9,000,000 gals; Gordon & Knowles pumping engines, dy cap 8,500,000 gals; 117 hydrants, Pattee & Perkins; pipe 24 miles, 4 to 16 in dia; 81 gates, Ludlow; 8 meters, Union, Hersey; pressure 65 to 100 pounds; water-works owned by company; cost to construct \$215,000; ann expenses \$3845; int on bonds 6 per cent. Pres and supt, A. W. Hamilton; mayor, S. W. Beakes; city clerk, Jas. Bach.

Au Sable, Iosco Co., population *8500. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber 800 ft; total membership 20, paid part time. Chief engineer, A. F. McDonald.

WATER SUPPLY—Source, Au Sable River; system, direct pumping; Walker pumping engines, dy cap 1,500,000 gals; 70 hydrants, Holly-Gaskill; pipe 6 miles, 4 to 12 in dia, Michigan; quality of water poor; pressure, domestic 50, fire 160 pounds; water-works owned by town; cost to construct \$35,000; ann expenses \$1800; int on bonds 6 per cent. Pres of com, Justin Rogers; supt, J. S. Duncan; mayor, F. G. Bell; town clerk, John Henry.

Bangor, Van Buren Co., population *1900. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; total membership volunteers. Chief engineer, Fred E. Beers.

WATER SUPPLY—Source, cisterns. Town clerk, W. H. Reynolds.

Battle Creek, Calhoun Co., population *16,000; fire area 70 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cot-

MICHIGAN—Continued.

ton, good 8500 ft; 8 horses; value of fire department equipment \$12,000; value of 2 buildings occupied \$10,000; total ann expenses of department \$5000; total membership 23, paid full time 2, paid part 24; Gamewell and telephone alarm. Chief engineer, J. G. Bohnett.

WATER SUPPLY—Source, Goquac Lake; system, pumping to standpipe; standpipe cap 142,000 gals; 2 Blake pumping engines, dy cap 8,500,000 gals; 150 hydrants, Mathews, Holly; pipe, 17 miles, 4 to 16 in dia, Long, Wood, Detroit; 118 valves, Eddy, Wood; 38 meters, National; quality of water good; pressure 60 to 85 pounds; water-works owned by city; cost to construct \$151,116; ann expenses \$5047; int on bonds 4½ per cent. Pres of board, E. C. Nichols; supt, W. W. Bridgen; mayor, J. W. Bailey; recorder, C. R. Thompson.

Bay City, Bay Co., population *2500; fire area 180 acres; mercantile buildings, brick and stone, 8 and 4 stories; private, wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 3 chemical extinguishers, 1 hook and ladder truck, 1 fire escape truck, 5 hose carriages; 8 fire boats; hose cotton, good 7000 ft, rubber good 5000 ft; 14 horses; value of fire department equipment \$33,000; value of buildings occupied \$25,000; total ann expenses of department \$17,000; total membership 35, paid full time 7, paid part time 28; telegraph alarm; 40 street boxes. Chief engineer, T. K. Harding.

WATER SUPPLY—Source, Saginaw Bay; system, direct pumping; Holly pumping engines, dy cap 10,500,000 gals; 229 hydrants, Holly, Wood, Galvin; pipe 29½ miles, 3 to 20 in dia, Buffalo, Lake Shore, Michigan, 428 valves, Flower, Galvin; 246 meters, Union, National, Hersey, Worthington; quality of water fair; pressure, domestic 40, fire 80 to 120 pounds; water-works owned by city; cost to construct \$447,584; ann expenses \$10,000; int on bonds 4 to 8 per cent. Pres of com, Andrew Walton; supt, E. L. Dunbar; mayor, O. A. Watrous; city clerk, J. B. Barber.

Benton Harbor, Berrien Co., population *2000; fire area 16 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; siamese couplings used; hose rubber, good 1600 ft; 2 horses; value of fire department equipment \$5800; value of 3 buildings occupied \$5300; total membership 20, paid 2; bell alarm. Chief engineer, Daniel Green.

WATER SUPPLY—Source, canal, 8 cisterns; 4 hydrants. Town clerk, J. C. Russell.

Big Rapids, Mecosta Co., population 15917; fire area 40 acres; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 stories. Fire department—2 hook and ladder trucks, 4 hose carriages; siamese couplings used; hose good 2500 ft; value of fire department equipment \$11,600; value of 4 buildings occupied \$2500; total membership 60, paid part time; steam whistle alarm. Chief engineer, S. G. Webster.

WATER SUPPLY—Source, driven wells; system, direct pumping; reservoir cap 30,000 gals; 2 Holly pumping engines, dy cap 8,500,000 gals; 84 hydrants, Ludlow; pipe 10 miles, 4 to 16 in dia; valves, Ludlow; pressure, domestic 65, fire 120 pounds; water-works owned by town; cost to construct est. \$50,000; ann expenses \$5000; int on bonds 4½ per cent. Supt, S. Bronson; town clerk, S. A. Stambaugh.

Blissfield, Lenawee Co., population 11196; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers; 1 hose carriage; hose rubber, good 1100 ft, inferior 500 ft; value of fire department equipment \$3800; value of buildings occupied \$8000; total ann expenses of department \$70, total membership 85; bell alarm. Chief engineer, D. E. Herington.

WATER SUPPLY—Source, river, basin, 5 cisterns, dy cap of cisterns 125,000 gals; 1 hydrant. Village clerk, C. W. Back.

Brighton, Livingston Co., population 1855; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 900 ft; value of fire department equipment \$3700; part of building occupied; total ann expenses of department \$30; total membership 27, volunteers; bell alarm. Chief engineer, John Becker.

WATER SUPPLY—Source, pond, creek; system, pumping to 12 cisterns. Town clerk, T. F. Lown.

Buchanan, Berrien Co., population 12070. Fire de-

partment—1 steam fire engine, 1 hand engine, 2 hose carriages; hose good, 2000 ft; total membership 52, part paid. Chief engineer, I. L. H. Dodd.

WATER SUPPLY—Source creek; 4 cisterns. Recorder, A. F. Treat.

Cadillac, Wexford Co., population *7000. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton 8500 ft, rubber good 800 ft, inferior 500 ft; total membership 60, volunteers. Chief engineer, C. C. Dunham.

WATER SUPPLY—Source, Clam Lake; system, direct pumping; Davidson and Holly pumping engines, dy cap 5,000,000 gals; 50 hydrants, Peet, Holly; pipe 6 miles, 4 to 12 in dia, Michigan; 30 valves, Galvin; quality of water A1; pressure, domestic 60, fire 100 to 150 pounds; water-works owned by H. W. Green; cost to construct \$30,000; ann expenses \$8000. Supt, H. W. Green; mayor, E. L. Metheang; town clerk, L. R. Bishop.

Caro, Foscila Co., population 2400; buildings, brick and wood, 1 to 3 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, rubber good 500 ft, inferior 600 ft; value of fire department equipment \$3000; total ann expenses of department \$300 (in 1897); total membership 27, volunteers; bell alarm. Chief engineer, P. D. Riddle.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; standpipe cap 250,000 gals; Deane pumping engines, dy cap 1,000,000 gals; 80 hydrants, Mathews; pipe 8½ miles, Detroit; Eddy valves; 7 meters; pressure, domestic 60, fire 80 pounds; water-works owned by company; cost to construct \$35,000; int on bonds 6 per cent. Pres of com, Geo. W. Phelps; supt, C. O. Thomas; town clerk, A. Moreland.

Carro ton, Saginaw Co., population 1200; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose good 1600 ft; value of fire department equipment \$6000; total membership 45, paid 3; bell alarm. Chief engineer, Jos. Bied.

WATER SUPPLY—Source, river, tanks. Village clerk, Robt. J. Abbs.

Cedar Springs, Kent Co., population 11094; buildings, wood and brick, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose linen, good 600 ft; value of buildings occupied \$1200; bell alarm.

WATER SUPPLY—Source, creeks and wells; 5 reservoirs. Town clerk, D. C. Lyle.

Central Mine, Keweenaw Co., population 1200; buildings, wood, 1½ and 2 stories; wooden roofs permitted. No fire department; hose 500 ft; total membership 400, volunteers; whistle alarm.

WATER SUPPLY—Source, creek; system, pumping to reservoir; Gordon & Maxwell pumping engine; 3 hydrants; pipe 800 ft; pressure, 120 pounds; water-works owned by company; cost to construct \$3500. Postmaster, H. C. Burns.

Centreville, St. Joseph Co., population *1000. Fire department—1 hook and ladder truck, good company. Chief engineer, Wm. F. Puck.

WATER SUPPLY—Source, wells. Town clerk, C. F. Findley.

Charlevoix, Charlevoix Co., population 1156; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; value of fire department equipment \$3500; total ann expenses of department \$500; total membership 25, paid 1; telephone alarm.

WATER SUPPLY—Source, lake; 2 tanks, cap 1000 barrels. Town clerk, H. S. Harsha.

Charlotte, Eaton Co., population 4200; mercantile buildings, brick and galvanized iron, 3 stories; private, wood and brick, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, 1 hose wagon; hose cotton, good 2000 ft, inferior 500 ft; value of fire department equipment \$11,000; value of buildings occupied \$7000; total ann expenses of department \$600; total membership 24, paid full time 2, paid part time 21; bell and telephone alarm. Chief engineer, E. K. Baxter; chairman of fire and water com, Chas. Ellis.

WATER SUPPLY—Source, wells and cisterns; system, direct pumping; Walker pumping engines, dy cap 3,000,000 gals; 66 hydrants, Ludlow; pipe 12 miles, 4 to 12 in dia, Cin. & Newport; Ludlow gates; pressure, domestic 60, fire 80 pounds; water-works owned by town; cost to construct \$80,000; ann expenses \$2100; int on bonds 4 per cent.

Pres of com, E. Shepherd; 1st engineer, W. W. Richardson; city clerk, Scott Shawl.

Cheyboygan, Cheyboygan Co., population *4500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; 8 hose carriages; siamese couplings used; hose cotton, good 2000 ft, leather inferior 500 ft; value of fire department equipment \$3000; 1 building occupied; total ann expenses of department \$600; total membership 100, volunteers; whistle alarm. Chief engineer, J. E. Culvey.

WATER SUPPLY—Source, artesian well and Lake Huron; system, direct pumping; 2 Walker pumping engines, dy cap 2,000,000 gals; 22 hydrants, Holly, Ludlow, Bailey; pipe 4 miles; pressure, domestic 40, fire 100 pounds; water-works owned by village; cost to construct \$2400; ann expenses \$3000; int on bonds 5½ per cent. Chairman of com, J. W. McDonald; supt, Chas. Adams; town clerk, Wm. E. Shoemaker.

Clinton, Lenawee Co., population 848. Fire department—1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck; 48 buckets.

WATER SUPPLY—Source, cisterns; force pumps. Village clerk, C. D. Cutting.

Coldwater, Branch Co., population 6000; fire area 40 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 hose carriages; hose cotton, good 2800 ft; 8 horses; value of fire department equipment \$8500; value of building occupied \$5000; total ann expenses of department \$1600; total membership 18, part paid; bell and telephone alarm. Chief engineer, A. E. Hutchins.

WATER SUPPLY—Source, wells; a system of water-works projected by city. Mayor, E. R. Clarke; city clerk, Elmer J. Allen.

Constantine, St. Joseph Co., population 1500; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—11 chemical extinguishers, 2 hose carriages; hose cotton, good 800 ft, inferior 100 ft; rubber good 600 ft; total ann expenses of department \$300; total membership 20, volunteers; bell alarm; 1 hose company. Chief engineer, M. F. French; chairman of fire and water com, T. H. Ritter.

WATER SUPPLY—Source, Fawn River; system, direct pumping; 48 hydrants, Holly; pipe 4½ miles, 4 to 10 in dia, Michigan; Holly valves; pressure 100 pounds; water-works owned by town; cost to construct \$33,500; ann expenses \$350; int on bonds 5 and 6 per cent. Supt, E. Straub; town clerk, O. E. Wilson.

Corunna, Shiawassee Co., population 1451; buildings, brick and wood, 1 and 2 stories; tin and tar roofs. Fire department—1 steam fire engine, 3 chemical extinguishers; 1 hook and ladder truck; 2 hose carriages; hose cotton, good 1000 ft; 2 horses; total membership 58, paid full time 1; bell alarm. Chief engineer, L. H. Wilcox.

WATER SUPPLY—Source, river and wells; tank. Supt, E. Harrington; town clerk, H. C. Kieme.

Crosswell, Samiac Co., population 1000; fire area 20 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hand grenades in most business buildings; hose rubber, good 800 ft; value of fire department equipment \$9000; total ann expenses of department \$10; total membership 80, volunteers; bell alarm; 1 hose company. Chief engineer, N. P. Houghtalin.

Crystal Falls, Iron Co., population 2600; fire area 30 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck; 8 hose carts; hose rubber, good 500 ft, inferior 1000 ft; value of fire department equipment \$5000; value of buildings occupied \$4000; total membership 79, volunteers; electric alarm being put in; 1 hook and ladder company, 3 hose companies. Chief engineer, A. L. Flewelling; chairman of fire and water com, J. H. Parks.

WATER SUPPLY—Source and system not given; Holly pumping engines, dy cap 1,000,000 gals.

Decatur, Van Buren Co., population 1937. Fire department—1 hook and ladder truck; total ann expenses of department \$100; total membership 24, volunteers. Chief engineer, Ed. Arnold.

WATER SUPPLY—Source, 3 cisterns. Town clerk, H. Brodrick.

Deerfield, Lenawee Co., population *447. Fire department—1 hand engine.

WATER SUPPLY—Source, river; 6 cisterns.

Detroit, Wayne Co. (report of 1899), population *225,000; fire area 1800 acres; mercantile buildings, brick, 4 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—17 steam fire engines, 4 chemical engines on wheels, 40 chemical extinguishers, 8 hook and ladder trucks, 11 hose carriages, 6 hose wagons; siamese couplings used; hose cotton, good 38,750 ft; 107 horses; value of fire department equipment \$767,496; 23 buildings occupied; total ann expenses of department \$300,000; total membership 267, paid full time; telegraph and watch tower alarm; 200 street boxes. Chief engineer, James Battle.

WATER SUPPLY—Source, Detroit River; system, pumping to standpipe and direct; 1 Detroit Locomotive Works, 2 Riverside Iron Works pumping engines, dy cap 80,000,000 gals; 1818 hydrants, Wood; pipe 243 miles, 4 to 42 in dia, Detroit P. and F. Co.; 410 valves, Mardock, Flower, Galvin; 236 meters (putting on 500 more); Thomson, Crown, Hersey, Worthington; quality of water good; pressure 17 to 20 pounds; water-works owned by city; cost to construct \$4,275,000; ann expenses \$103,597; int on bonds 4 to 7 per cent. Pres of com, J. S. Farland; manager, L. N. Case; mayor, Hasen S. Pingree; city clerk, A. G. Kromberg.

Dowagiac, Cass Co., population *8000. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose good 1900 ft, inferior 300 ft. Chief engineer, Thos. Henwood.

WATER SUPPLY—Source, 5 artesian wells; system, direct pumping; storage reservoir cap 65,000 gals; Holly pumping engine, dy cap 2,000,000 gals; 78 hydrants public, 7 private, Galvin, Wood; pipe 9 miles, 4 to 10 in dia, Long, Wood; 80 valves, Galvin; pressure, domestic 40, fire 80 pounds; water-works owned by city; cost to construct \$41,000; ann expenses \$2100; int on bonds 6 per cent. Pres of com, H. H. Porter; supt, Jas. Mann; mayor, Fred E. Lee; city clerk, A. M. Moon.

East Saginaw, Saginaw Co., population *32,000; fire area 1000 acres; mercantile buildings, wood and brick, 1 to 5 stories; private, brick and wood, 1 and 3 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, 2 fire boats; hose good 6000 ft, inferior 1000 ft; 8 horses; value of fire department equipment \$100,000; value of buildings occupied \$17,000; total ann expenses of department \$20,000; total membership 26, paid full time 15, paid part time 11; telephone alarm. Chief engineer, Geo. W. Wallis.

WATER SUPPLY—Source, Saginaw River; system, direct pumping; Holly pumping engines, dy cap 18,000,000 gals; 276 hydrants, Holly, Mathews; pipe 40 9-10 miles, 3 to 30 in dia; 324 valves, Galvin, Flower; 145 meters, Crown, Union, Worthington; pressure, domestic 40, fire 70 to 90 pounds; water-works owned by city; cost to construct \$517,700; ann expenses \$15,907; int on bonds 4 to 8 per cent. Pres of com, Geo. W. Weadock; inspector, John Weller; mayor, Geo. W. Weadock; city clerk, John C. Mathews.

Eaton Rapids, Eaton Co., population *2700; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 1000 ft, rubber good 800 ft, inferior 400 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total membership 45, paid; bell alarm. Chief engineer, W. F. Sterling.

WATER SUPPLY—Source, river, mill race; system, pumping to 2 cisterns; pumping engines dy cap 60,000 gals. Town clerk, L. W. Toles.

Edmore, Montcalm Co., population 1180; buildings, brick and wood, 2 stories. Fire department—hose cotton, good 1000 ft, inferior 60 ft; value of fire department equipment \$10,000; total ann expenses of department \$1000; total membership 17, volunteers; watchman, bell alarm.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; pumping engines dy cap 500,000 gals; 7 hydrants, Flower; pipe ¾ miles, National; valves, Flower; pressure, domestic 10, fire 140 pounds; water-works owned by village; cost to construct \$8500; ann expenses \$600. Supt, C. E. Powell; town clerk, G. D. Tunn.

Escanaba, Delta Co., population 3000; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose cotton,

MICHIGAN—Continued.

good 1000 ft, rubber good 1000 ft, inferior 3000 ft; value of 8 buildings occupied \$30,000; total membership 27, paid full time 1, paid part time 26; bell alarm. Chief engineer, James Tolan; chairman of fire and water com, Sam. Rathfon.

WATER SUPPLY—Source, Green Bay; system, direct pumping; Worthington pumping engines, dy cap 2,300,000 gals; 88 hydrants, Ludlow; pipe 8 miles, 10 in dia; Ludlow valves; 1 meter; pressure, domestic 80, fire 150 pounds; system of filtration; water-works owned by company; cost to construct \$125,000; ann expenses est \$2500; int on bonds 6 per cent. Pres of com, J. V. Clark; supt, E. C. Cook.

Essexville, Bay Co., population 1256; buildings, brick and wood, 1½ to 2½ stories. Fire department—1 hook and ladder truck; bell alarm.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, John Coulter.

Ewart, Osceola Co., population 1600; buildings, wood, 2 stories; Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 1800 ft, inferior 850 ft; value of fire department equipment \$2500; total ann expenses of department \$900 (in 1887); total membership 48, volunteers; electric alarm; 18 street boxes. Chief engineer, Alden E. De Shelter.

WATER SUPPLY—Source, spring; system, direct pumping; Walker pumping engines, dy cap 1,500,000 gals; 30 hydrants, Holly; pipe 4 miles, Wyckoff, Wood; 12 gates, Galvin; pressure, domestic 40, fire 90 pounds; water-works owned by village; cost to construct \$17,000; ann expenses \$1200. Pres of com, J. M. Wilkinson; supt, Ed. Seath; town clerk, W. E. Davis.

Fentonville, Genesee Co., population 12282; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 1000 ft, rubber good 1000 ft; 2 hoses; value of fire department equipment \$7000; value of buildings occupied \$5000; total ann expenses of department \$400; total membership 76, paid 4; bell alarm. Chief engineer, A. J. Hirst.

WATER SUPPLY—Source, river; 4 cisterns. Town clerk, J. F. Davis.

Flint, Genesee Co., population 18,000; fire area 85 acres; buildings, brick and wood, 2 and 3 stories; fire-works ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 8000 ft; 5 hoses; value of fire department equipment \$13,000; value of 3 buildings occupied \$7000; total ann expenses of department \$4500; total membership 12, paid full time 4, paid part time 8; telephone and bell alarm. Chief engineer, Jas. Williams.

WATER SUPPLY—Source, Thread River, wells and Swartz Creek; system, direct pumping; Holly-Gaskill pumping engines, dy cap 6,000,000 gals; 112 hydrants, Holly; pipe 12 1-3 miles, 4 to 10 in dia; 86 gates, Holly; 2 meters; quality of water poor; pressure, domestic 45, fire 140 to 120 pounds; water-works owned by company; cost to construct \$140,000; ann expenses \$6500; int on bonds 6 per cent. Pres of com, W. Hamilton; mayor, Frank D. Baker; city clerk, Mark Stevens.

Fort Gratiot, St. Clair Co., buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$1800; total membership 18, volunteers; whistle alarm. Chief engineer, Thos. Dibell.

WATER SUPPLY—Source, St. Clair River; system, direct pumping; Walker pumping engines, dy cap 750,000 gals; 40 hydrants, Ludlow; pipe 6 miles; Galvin valves; pressure, domestic 35, fire 65 to 75 pounds; water-works owned by village, cost to construct \$23,000; ann expenses \$1800; int on bonds 5 per cent. Supt, Ed. Hollis; town clerk, Chas. Frink.

Fowlerville, Livingston Co., population 1035; buildings, brick and wood, 2 stories. Fire department—2 hook and ladder trucks; value of fire department equipment \$400; total membership 81, volunteers; bell alarm; Chief engineer, W. A. Benjamin.

WATER SUPPLY—Source, wells and cisterns. Town clerk, G. D. Hamilton.

Freemont, Newaygo Co., population 1200; buildings, wood, 2 stories. Fire department—2 chemical engines on wheels, 4 hose carriages; hose cotton, good 1800 ft; total membership volunteers; electric alarm; 7 street boxes. Chief engineer, J. Gerber.

WATER SUPPLY—Source, springs and 4 flowing wells;

system, direct pumping; Walker pumping engines; 10 hydrants, Holly; pipe 1 mile; pressure, domestic 40, fire 120 pounds; water-works owned by village; cost to construct \$6000. Supt, J. Gerber; town clerk, E. S. Hop-pock.

Gaylord, Otsego Co., population 1000; mercantile buildings, wood, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft; value of fire department equipment \$225; value of buildings occupied \$625; total membership 24, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Reuben Caister; chairman of fire and water com, E. B. Bolton.

WATER SUPPLY—Source, well; system, pumping to tank; tank cap 1800 barrels; deep well, dy cap 100,000 gals; 18 hydrants, Holly-Gaskill; pipe, 2 miles, Wyckoff, Wood; Galvin valves; pressure 80 pounds; water-works owned by village; cost to construct \$7000; int on bonds 6 per cent, Mayor, F. A. Baldwin.

Grand Haven, Ottawa Co., population 4000; fire area 100 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft, rubber good 1200 ft; 2 hoses; value of fire department equipment \$11,000; value of 2 buildings occupied \$6000; total ann expenses of department \$300; total membership 17, paid full time 2, paid part time 15; telephone alarm. Chief engineer, Jos. Palmer.

WATER SUPPLY—Company's works—Source, wells; system, direct pumping; reservoir cap 600,000 gals; Walker pumping engines, dy cap 1,500,000 gals; 66 hydrants, Ludlow; pipe 70 miles, 4 to 12 in dia; 44 valves, Ludlow; 4 meters, Worthington; quality of water good; pressure, domestic 35, fire 90 pounds; water-works owned by Grand Haven Water Company; cost to construct \$40,000; ann expenses \$3200; int on bonds 6 per cent. Pres of com, S. L. Wiley; supt, A. M. Cosgrove; mayor, D. Cutler; city clerk, Asa Reynolds.

City's works—Source, wells; system, direct pumping; Walker pumping engines, dy cap 500,000 gals; 37 hydrants, Chapman, Galvin; pipe 4 miles, Wyckoff, Wood; valves, Chapman, Galvin; pressure, domestic 45, fire 120 pounds; water-works owned by city; cost to construct \$19,000; ann expenses \$1800 (in 1886). Supt, A. L. Holmes.

Grand Ledge, Eaton Co., population 1378; buildings, brick and wood, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 300 ft, rubber good 600 ft; value of fire department equipment \$3000; total ann expenses of department \$300; total membership 40, volunteers; bell alarm. Chief engineer, A. B. Schumaker.

WATER SUPPLY—Source, river and cisterns; 3 reservoir. Village clerk, G. B. Pratt.

Grand Rapids, Kent Co., population 75,000; fire area 1280 acres; mercantile buildings, brick and wood, 4 stories; private, wood, 2½ stories; wooden roofs permitted out of fire limits; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 2 chemical engines on wheels; 4 chemical extinguishers, 2 hook and ladder trucks, 7 hose carriages; siamese couplings used; hose cotton 13,000 ft, inferior 4000 ft; 40 horses, value \$6000; value of fire department equipment \$25,000; value of buildings occupied \$60,000; total ann expenses of department \$48,000; total membership 80, paid full time 81, paid part time 40; Gamewell alarm; 78 street boxes; 1 engine companies, 2 hook and ladder companies, 7 hose companies. Chief engineer, Henry Lemoin; chairman of fire and water com, Wm. H. Powers.

WATER SUPPLY—City's works—Source, Grand River, Carrier Creek and Cold Brook; system, pumping to reservoir and standpipe; reservoir cap 6,000,000 gals; standpipe cap 896,000 gals; Butterworth & Sowe, Eagle, Smith & Vail, Gordon & Maxwell pumping engines, dy cap 12,000,000 gals; 638 hydrants, Wood, Galvin, Mathew, pipe 64 miles, 4 to 24 in dia; 488 valves, Wood, Galvin, Edg; 400 meters, Worthington, Crown, Hersey; quality of water good; filter bed in river; pressure 40 to 75 pounds; water-works owned by city; cost to construct \$300,000; ann expenses \$24,000; int on bonds 8 per cent. Pres of board, George V. Briggs; sec, Fred A. Twanley; mayor, E. F. Uhl; city clerk, W. A. Shinkman. Company's works—Source, springs and surface; system, pumping to standpipe; standpipe cap 225,000 gals; Blake pumping engines; pipe 26 miles.

Greenville, Montcalm Co., population 1808. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton 1500 ft, rubber good 500 ft; 3 hoses; total membership 12, paid full time 2, paid part time 10.

WATER SUPPLY—Source, wells; system, direct pumping; Deane pumping engines, dy cap 2,000,000 gals; 45

hydrants; pipe 5 miles, 4 to 18 in dia; cost to construct \$45,000; ann expenses \$8000. Supt. A. C. Phelps; mayor, W. D. Johnson; city clerk, A. C. Phelps.

Hancock, Houghton Co., population *8500. Fire department—1 steam fire engine, 8 hose carriages; hose 2000 ft; total ann expenses of department \$8500; total membership 17, part paid. Chief engineer, A. J. Scott.

WATER SUPPLY—Source, lake and springs; system, direct pumping; Worthington pumping engines, dy cap 1,000,000 gals; 19 hydrants; pipe 3 miles, 4 to 8 in dia; 12 gates; quality of water bad; pressure 60 to 90 pounds; water-works owned by village; cost to construct \$30,000; ann expenses \$3500. Mayor, Thos. Stewart; city clerk, M. Finn.

Harrison, Clare Co., population 900; buildings, wood, 1½ and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton 1000 ft; total membership 20, volunteers; telegraph alarm. Chief engineer, A. R. Canfield.

WATER SUPPLY—Source, Budd Lake; system, direct pumping; Walker pumping engines, dy cap 408,200 gals; 16 hydrants, Bailey; pipe 1½ miles, Wyckoff, Wood; Eddy valves; pressure, domestic 60 to 90, fire 200 pounds; water-works owned by village; cost to construct \$6000; ann expenses \$1200; int on bonds 5 per cent. Sec. A. H. Hudson; supt, John Wiley; town clerk, A. R. Canfield.

Hartford, Van Buren Co., population 1200; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1500 ft, inferior 800 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$500; total membership 60, volunteers; bell alarm. Chief engineer, S. Van Ostrand.

WATER SUPPLY—Source, wells; system, pumping to tanks.

Hastings, Barry Co., population \$8000; fire area 20 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck; 3 hose carriages; hose cotton, good 1200 ft, rubber inferior 600 ft; value of fire department equipment \$4000; total ann expenses of department \$1200; total membership 88, paid part time; bell and whistle alarm. Chief engineer, F. G. Goodyear; chairman of fire com, W. F. Hicks.

WATER SUPPLY—Source, well; system, direct pumping; 2 Deane pumping engines, dy cap 2,000,000 gals; 43 hydrants, Morgan; pipe 8 miles, 4 to 8 in dia; 26 gates, Peet, Crane; pressure, domestic 40, fire 80 to 100 pounds; water-works owned by village; cost to construct \$28,000; ann expenses \$2500; int on bonds 5 per cent. Chairman of com, W. C. Wilkins; mayor, Frank G. Goodyear; city clerk, J. B. Roberts.

Hillsdale, Hillsdale Co., population 5000; fire area 40 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 hose carriages; siamese couplings used; hose cotton, 1500 ft, rubber 800 ft; value of fire department equipment \$7000; 1 building occupied; total ann expenses of department \$2125; total membership 18, paid full time 3, paid part time 11; bell and telephone alarm. Chief engineer, W. P. Perry.

WATER SUPPLY—Source, Sawbees Lake, system, direct pumping; Blake pumping engines, dy cap 2,500,000 gals; 70 hydrants, Flower; 8½ miles pipe, 4 to 12 in dia, in. & Newport; valves, Eddy; 3 meters, Hersey; quality of water good; pressure, domestic 40, fire 60 to 150 pounds; cost to construct \$60,000; ann expenses \$3000; int on bonds ½ per cent. Pres of com, C. F. Cook; mayor, N. Alward; city clerk, M. J. Davis.

Holland, Ottawa Co., population 14000. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose 5500 ft; total ann expenses of department \$750; total membership 35, volunteers. Chief engineer, F. O. Nye.

WATER SUPPLY—Source, springs; system, direct pumping; Walker pumping engines, dy cap 1,500,000 gals; 60 hydrants, Ludlow; 4½ miles pipe, 4 to 8 in dia, Cin. & Newport, 34 valves, Calvin; quality of water best; pressure, domestic 40, fire 120 pounds; water-works owned by city; cost to construct \$28,368; ann expenses \$2700; int on bonds 5 per cent. Chairman of com and acting apt, John Kramer; mayor, Oscar E. Gates; city clerk, co. H. Sipp.

Holly, Oakland Co., population 11208. Fire department—12 chemical extinguishers, 2 hose carriages; hose rubber, good 1150 ft; total membership 20, paid. Chief engineer, J. Bennett.

WATER SUPPLY—Source, Shiawassee River; system, direct pumping; Holly pumping engines; dy cap 1,000,000 gals; 21 hydrants, Galvin; 4½ miles pipe, 8 to 12 in dia; 9 gates, Holly; 2 meters; pressure, domestic 40 to 120 pounds; water-works owned by village; cost to construct \$10,000; ann expenses \$1800; int on bonds 5 per cent. Pres of com, T. Striggow; supt, E. B. Trothill; town clerk, Wm. Jones.

Homer, Calhoun Co., population 1044; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1½ stories. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; 600 ft hose; value of fire department equipment \$1800; value of building occupied \$2500; total ann expenses of department \$150; total membership 50, volunteers. Chief engineer, Lewis H. DeBow.

WATER SUPPLY—Source, artesian well; 2 force pumps. Recorder C. D. Burt; town clerk, W. W. Snider.

Houghton, Houghton Co., population 11564. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 1500 ft, inferior 1000 ft, leather good 200 ft, inferior 800 ft; total membership 84, volunteers. Chief engineer, Jas. Healy.

WATER SUPPLY—Source, lake and 7 cisterns; system not given; reservoir cap 175,000 gals; 20 hydrants; pipe 4 to 10 in dia. Supt, John Slockett; town clerk, Wm. Butterfield.

Howell, Livingston Co., population 14064; buildings, brick and wood, 1 to 3 stories. Fire department—2 chemical extinguishers; hose rubber 300 ft; value of fire department equipment \$2300; ann expenses of department \$100 (in 1897); total membership 40, volunteers, bell alarm. Chief engineer, Thos. B. Clark.

WATER SUPPLY—Source, driven wells.

Hudson, Lenawee Co., population *2500. Fire department—1 steam fire engine, 1 hand engine, 8 hose carriages; hose cotton 500 ft, rubber 1500 ft; total ann expenses of department \$1800; total membership 22, full paid. Chief engineer, J. C. Wyckoff.

WATER SUPPLY—Source, river and 13 cisterns. City clerk, Geo. Brewster.

Imlay City, Lapeer Co., population *1800. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages, ladders; hose 1200 ft; total membership 33, volunteers. Chief engineer, Wm. Gooding.

WATER SUPPLY—Source, 13 cisterns. Town clerk, John Robinson.

Ionis, Ionia Co., population 5000. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 2200 ft; total membership 42, paid full time. Chief engineer, W. H. Hearsey.

WATER SUPPLY—Source, artesian wells and springs; system, direct pumping; reservoir cap 50,000 gals; Smith, Vaile pumping engines, dy cap 1,000,000 gals; 107 hydrants, Flower, Holly, Ludlow, Galvin, Gaskill, Mathews; pipe 14½ miles, 4 to 12 in dia; 72 valves, Ludlow, Eddy, Galvin, Flower; quality of water best; pressure 60 to 100 pounds; water-works owned by town; cost to construct \$108,000; ann expenses \$43,000; int on bonds 5 per cent. Pres of com, Robt. H. Bedford; supt, Frank C. Sibley; mayor, A. A. Ellis; town clerk, W. H. Hearsey.

Iron Mountain, Menominee Co., population *8500; fire area 100 acres; mercantile buildings, brick in fire limits, 2 stories; private, wood, 2 stories; tin roofs. Fire department—3 steam fire engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 600 ft; rubber good 2500 ft, inferior 200 ft; 8 hoses, value \$1600; value of fire department equipment \$10,500; value of buildings occupied \$3000; total ann expenses of department \$2000; total membership 44, paid full time 2, paid part time 1, volunteers 41; electric bell alarm; street boxes 18. Chief engineer, W. H. Hancock; chairman of fire and water com, P. O'Connell.

WATER SUPPLY—Source not given; system, pumping to 19 tanks; pumping engines, dy cap 2,640,000 gals. Chairman of com, W. H. Sweet; city clerk, F. E. Crocker.

Ishpeming, Marquette Co., population *11,000; mercantile buildings, wood, brick and stone, 2 stories. Fire department—3 steam fire engines, 1 hook and ladder truck, 3 hose carriages, siamese couplings used; hose cotton, rubber lined, inferior 1000 ft, rubber good 8700 ft, cotton good 400 ft; value of fire department equipment \$15,000; value of buildings occupied \$7000; total ann expenses of department \$3500; total membership 33, volunteers; telephone and bell fire alarm; street boxes 24. Chief engineer, W. O. Tistov.

WATER SUPPLY—Source, Lake Angeline; system, direct pumping; Worthington pumping engines, dy cap 1,800,000 gals; hydrants 74, Holly; pipe, Michigan, 17 miles, 8 to

MICHIGAN—Continued.

14 in dia; pressure, domestic 50, fire 100 pounds; water-works owned by city; cost to construct \$100,000; ann expenses \$6820; int on bonds 5 per cent. Pres of com, Capt. Mills; supt, Jas. Ames; mayor, C. H. Hall; city clerk, A. Sandberg.

Ithaca, Gratiot Co., population 2100; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—1 horse-power engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$2000; total membership 75, volunteers; bell alarm. Chief engineer, O. F. Jackson.

WATER SUPPLY—Source, well; system, pumping to tanks; cap of tanks 1000 to 1500 barrels each; supplied to a few factories and for fire protection; pipe 1 mile; cost to construct \$1000. Mayor, O. H. Heath; city clerk, J. P. Gibbs.

Jackson, Jackson Co., population 225,000. Fire department—1 steam fire engine, 2 double-tank chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose 4550 ft; 12 horses; total ann expenses of department \$16,000; total membership 27, paid full time 19, paid part time 8; Gamewell and telephone alarm. Chief engineer, T. J. Conely.

WATER SUPPLY—Source, artesian wells; system, direct pumping; Holly-Gaskill pumping engines, dy cap 6,000,000 gals; hydrants 237. Holly; pipe, Cin. & Newport, 21 miles, 4 to 18 in dia; valves Holly; 30 meters; pressure 40 to 100; water-works owned by city; cost to construct \$250,000; ann expenses \$12,000; int on bonds 6 and 8 per cent. Supt, Benj. Porter; city clerk, Charles Hunt.

Jonesville, Hillsdale Co., population 11537; fire area 18 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose cotton, 1400 ft, rubber good 500 ft; value of fire department equipment \$4970; value of building occupied \$5500; total ann expenses of department \$900; total membership 50, paid 2, bell alarm. Chief engineer, C. H. Levins.

WATER SUPPLY—Source, mill race, river, wells; cisterns. Mayor, G. F. Smith; town clerk, E. C. Corbett.

Kalamazoo, Kalamazoo Co., population 225,000; fire area 1500 acres; mercantile buildings, brick, 3 stories; private, wood, 3 stories; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages; hose cotton good, 4000 ft, rubber 500 ft; 9 horses; value of fire department equipment \$20,000; 3 buildings occupied; total ann expenses of department \$12,000; total membership 86, paid full time 12, paid part time 20; telegraph alarm; 25 street boxes. Chief engineer, B. J. Healy.

WATER SUPPLY—Source, wells; system, direct pumping; Holly-Gaskill pumping engines, dy cap 8,000,000 gals; also 1 Holly and 1 Worthington pump, cap 8,000,000 gals, held in reserve; hydrants 230. Holly, Ludlow; pipe, Wood, Long, Lake Shore, 25 miles, 2 to 24 in dia; 223 gates, Holly, Ludlow, Jenkins, Galvin; 7 meters; pressure 45 to 90 pounds; water-works owned by city; cost to construct \$300,000; ann expenses \$9000. Supt, G. H. Chandler; mayor, Otto Ihling; city clerk, C. Strong.

Lake Linden, Houghton Co., population 2700; fire area 6 blocks; buildings, brick, stone and wood, 2 to 6 stories; wooden roofs permitted outside fire limits. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$3000; total ann expenses of department about \$300; total membership 30, volunteers; telegraph, steam whistle and bell alarm. Chief, E. Scheeline.

WATER SUPPLY—Source, artesian well and creek; system, direct; pumping engines, dy cap 85,000 gals; 83 hydrants, pipe 2½ miles; pressure, domestic 50, fire 100 pounds; cost to construct \$40,000; int on bonds 6 per cent. Supt, L. Deschamps.

Lansing, Ingham Co., population 216,000; fire area 800 acres; mercantile buildings, brick and wood, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages, all kinds; slamese couplings; hose cotton, good 2500 ft, inferior 400 ft, rubber good 1500 ft; 4 horses; value of fire department equipment \$40,000; value of 3 buildings owned \$1500; total ann expenses of department \$8000; total membership 23, paid full time 3, paid part time 21; bell alarm. Chief engineer, John C. Webele.

WATER SUPPLY—Source, wells; system, direct and pumping to standpipe; standpipe cap 290,000 gals; Worthington pumping engines, dy cap 8,000,000 gals; 227 hydrants, Ludlow; pipe 22 miles, 6 to 16 in dia. Addison and others; 140 valves, Ludlow; 40 meters, National; quality of water good; pressure 65 pounds; cost to construct \$167,000; ann expenses \$6500; int on bonds \$4375. Pres, O. M. Baines; supt, W. S. Wright; mayor, F. B. Johnson; city clerk, W. C. Hinman.

Lapeer, Lapeer Co., population 3900; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; slamese couplings; hose cotton, good 1300 ft, rubber good 800 ft, inferior 2500 ft; value of fire department equipment \$7000; value of 1 building owned \$8000; total ann expenses of department \$1500; total membership 45, volunteers; bell alarm.

WATER SUPPLY—Source, artesian wells; system, direct; reservoir cap 30,000 gals; Walker pumping engines, dy cap 1,500,000 gals; 70 hydrants, Ludlow; valves, Eddy; pressure, domestic 83, fire 95 to 100 pounds; cost to construct \$41,000; int on bonds 5 per cent.

Leaside, Ingham Co., population 1900. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage; hose 900 ft.

WATER SUPPLY—Source, creek; 7 tanks; cap 500,000 gals. Town clerk, C. G. Moody.

Lexington, Sanilac Co., population 21000; fire area 800 acres; mercantile buildings, brick, 3 stories; private, wood, 1½ and 3 stories; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 1000 ft, inferior 1000 ft; total membership 50, volunteer; bell alarm. Chief engineer, George Henry.

WATER SUPPLY—Source, springs; 12 tanks. Mayor, John Bell; town clerk, J. W. Feard.

Lowell, Kent Co., population 2200; buildings, brick and wood. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; 2 pumps; hose cotton, good 1300 ft, rubber good 800 ft, inferior 200 ft; 2 horses; total membership, part paid. Chief engineer, J. C. Moore.

WATER SUPPLY—Source, 30 wells; system, pumping to reservoir; Smith & Vaile pumping engines, dy cap 6,000,000 gals; 56 hydrants; pipe 5 miles, 6 to 8 in dia; pressure 65 pounds; cost to construct \$25,000; ann expenses \$1500. Pres, Francis King; supt, A. C. Setzel; mayor, G. C. Stone; town clerk, J. Q. Look.

Ludington, Mason Co., population 10,000. Fire department—1 hand engine, 5 hose carriages, all kinds; hose, 3300 ft good; total membership 27, paid. Chief engineer, H. V. Huston.

WATER SUPPLY—Source, river and lake; system, direct; Holly & Walker pumping engines, dy cap 4,500,000 gals; 50 hydrants, Holly & Galvin; pipe 7½ miles, 4 to 10 in dia, Mich. Pipe Co.; 36 valves, Galvin; quality of water good; pressure, domestic 60, fire 80 to 100 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$5000. Pres, C. G. Wing; supt, N. J. Gaylord; mayor, Thos. Percy.

Lyons, Ionia Co., population 950. Fire department—Hose cotton, good 800 ft; total membership 25, volunteers. Chief engineer, S. Ellsworth.

WATER SUPPLY—Source, mill race; system, direct; 7 hydrants; 1300 ft pipe. Supt, L. H. Hale.

Manchester, Washtenaw Co., population 21200. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, 1000 ft; total membership 80, volunteer. Chief engineer, B. C. Lovejoy.

WATER SUPPLY—Source, river; 1 tank, cap 800 barrels. Town clerk, J. F. Nestel.

Manistee, Manistee Co., population 215,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 5000 ft, inferior 1000 ft, linen good 4000 ft; 3 horses; total membership 42, paid full time 9, paid part time 10, volunteers 30; electric and telephone alarm. Chief engineer, C. Flissner.

WATER SUPPLY—Source, wells; system, direct; Holly pumping engines, dy cap 4,500,000 gals; 90 hydrants, Holly; pipe 15 miles, 4 to 16 in dia, Cin. & Newport; 50 valves, Ludlow & Eddy; quality of water good; pressure, domestic 65, fire 100 to 125 pounds; water-works owned by company; cost to construct \$175,000. Pres, S. Babcock; supt, S. A. Cahill; mayor, R. R. Blacker; city clerk, J. Hayes.

Manistique, Schoolcraft Co., population 3000.

buildings, wood, 2 stories. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 2000 ft, inferior 80 ft; value of fire department equipment \$2400; total membership 180, volunteers; bell alarm. Chief engineer, E. N. Orr.

WATER SUPPLY—Source, wells and cisterns. Pres. M. H. Quick; town clerk, Geo. Chantlin.

Marine City, St. Clair Co., population 2000; buildings, wood, $2\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine in reserve, 1 hook and ladder truck, 2 hose carriages; siamese couplings; hose rubber, good 1200 ft, inferior 800 ft; value of 1 building occupied \$500; total membership 70, volunteers; electric bell and whistle alarm; 12 street boxes. Chief engineer, A. Bowers.

WATER SUPPLY—Source, river; system, direct; 36 hydrants, Bailey; pipe 5 miles, Clin. & Newport Co.; pressure, domestic 25, fire 80 pounds; cost to construct \$22,000; ann expenses \$2200; int on bonds 6 per cent.

Marquette, Marquette Co., population 7000; fire area 35 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; 8000 ft. cotton and rubber hose; value of fire department equipment \$3000; value of 1 building owned \$5000; total ann expenses of department \$2500; total membership 38, paid full time 3, paid part time 30; electric alarm; 6 street boxes. Chief engineer, Jas. Young.

WATER SUPPLY—Source, lake; system, direct; Holly pumping engines, dy cap 2,000,000 gals; 120 hydrants, Holly, Galvin; pipe 14 miles, 4 to 16 in dia; 100 valves, Ludlow, Galvin; 3 meters; quality of water soft; pressure, domestic 60, fire 150 pounds; cost to construct \$200,000; ann expenses \$3000; int on bonds 5 and 6 per cent. Pres. J. M. Wilkinson; supt, John P. Kern; mayor, J. M. Gangyarr; city clerk, Thos. Meads.

Marshall, Calhoun Co., population 6000; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 2 hook and ladder trucks, 4 hose carriages, all kinds; siamese couplings; hose cotton, good 2600 ft, rubber good 600 ft; value of fire department equipment \$12,000; total membership 145, paid full time 3, paid part time 26; telephone alarm. Chief engineer, J. J. McHugh.

WATER SUPPLY—Source, wells; system, pumping to standpipe; Worthington pumping engines, dy cap 2,000,000 gals; 96 hydrants, Ludlow; pipe 9 miles, 4 to 12 in dia, Lake Shore Foundry; 50 valves, Ludlow; 15 meters, Nat'l and Union; quality of water good; pressure, domestic 60, fire 100 pounds; water-works owned by company. Pres. John L. Hotchkiss; supt, R. H. Sanderson; mayor, Z. E. Bialek; city clerk, John Whalen.

Mason, Ingram Co., population 2500. Fire department—1 steam fire engine. Chief engineer, S. B. Madlen.

WATER SUPPLY—Source, stream and cisterns. Town clerk, J. C. Kimmel, Jr.

Menominee, Menominee Co., population 12,000; fire area 1280 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; roofs are iron, slate and gravel; fireworks ordinance. Fire department—2 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; one fire boat, 6 men and \$100 ft of hose, also boat with 800 ft of hose; 8000 ft of hose distributed among 12 saw mills; hose cotton, good 3000 ft, inferior 300 ft; rubber good 2500 ft, inferior 1000 ft; leather good 100 ft; 7 hoses, value \$3000; value of fire department equipment \$20,000; value of buildings occupied \$10,000; total ann expenses of department \$18,000; total membership 14, all paid; electric alarm; 48 street boxes; 2 fire companies. Chief engineer, Jno. H. Kratz; chairman of fire and water com, A. C. Stephenson. Hook and ladder truck, chemical engine and hose carriage will be added to the department.

WATER SUPPLY—Source, Green Bay; system, direct; Deane pumping engines, dy cap 3,000,000 gals; 150 hydrants, Chapman; pipe 16 miles, 4 to 12 in dia, Lake Shore; 12 valves, Chapman; quality of water good; pressure, domestic 45, fire 80 to 100 pounds; water-works owned by company; cost to construct \$100,000; ann expenses \$3000; int on bonds 6 per cent. Pres. W. A. Lynch; supt, R. H. Adams; mayor, Dr. Byron Taylor; city clerk, Jas. C. Sherman.

Midland, Midland Co., population 2000; fire area 900 acres; mercantile buildings, brick, $1\frac{1}{2}$ to 2 stories; private, wood, $1\frac{1}{2}$ to 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and lad-

der truck, 2 hose carriages; hose cotton, good 2000 ft, inferior 500 ft; value of fire department equipment \$3500; value of buildings occupied \$3000; total ann expenses of department \$250; total membership 45, volunteer; telephone and whistle alarm. Chief engineer, W. Reardon.

WATER SUPPLY—Source not stated; system, direct; dy cap 2500 gals; 34 hydrants; pipe $4\frac{1}{2}$ miles, 4 to 10 in dia; pressure 60 pounds; ann expenses \$2700. Supt, Chas. Fournie; mayor, W. D. Marsh; city clerk, Geo. Stanford.

Milford, Oakland Co., population 1800, fire area $\frac{3}{4}$ mile; buildings, brick and wood, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber inferior 800 ft, leather inferior 300 ft; value of fire department equipment \$2500; total ann expenses of department \$225; total membership 100, paid full time 1; bell alarm; 2 fire companies. Chief engineer, D. H. Levensaler; chairman of fire and water com, A. G. Gardner.

WATER SUPPLY—Source, river, pond and 2 cisterns. Town clerk, Jno. H. Wooten.

Monroe, Monroe Co., population 6000; fire area 50 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 5 hose carriages, all kinds; siamese couplings; hose cotton, good 2600 ft, rubber good 1500 ft; value of fire department equipment \$12,000; 5 buildings owned; total membership 64, part paid; electric bell alarm. Chief engineer, J. H. Kurz.

WATER SUPPLY—Source, Lake Erie; system, direct; Worthington pumping engines, dy cap 1,500,000 gals; 122 hydrants; pipe 14 miles, 4 to 20 in dia; 64 valves, Ludlow and Eddy; quality of water pure; pressure 45 to 125 pounds; cost to construct \$124,000; ann expenses \$6400. Pres. Geo. Spaulding; supt, J. C. Sterling; mayor, Chas. A. Golden; city clerk, Thos. T. Strong.

Montague, Muskegon Co., population 2600; mercantile buildings, brick; 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1400 ft; 2 hoses, value \$300; value of fire department equipment \$1000; value of buildings occupied \$5000; total ann expenses of department \$300; total membership 24, volunteer; whistle and bell alarm. Chief engineer, Geo. M. Duran; chairman of fire and water com, J. D. Wilson.

WATER SUPPLY—Source and system not given. 7 hydrants; pipe 2000 ft, 4 in dia; mills have 1800 ft hose and 10 hydrants. Mayor, Geo. M. Duran; village clerk, B. R. Hoffman.

Morenoe, Lenawee Co., population 1800. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose 700 ft; total membership 75, volunteer. Chief engineer, A. D. Stephenson.

WATER SUPPLY—Source, 5 wells; 20 hydrants. Town clerk, Wm. Gost.

Mount Clemens, Macomb Co., population 4000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; rubber good 500 ft, inferior 300 ft; total membership 75, volunteer. Chief engineer, Wm. E. Hall.

WATER SUPPLY—Source, river; system, direct; Blake pumping engines, dy cap 2,000,000 gals; 105 hydrants, Ludlow; pipe $8\frac{1}{2}$ miles, 6 to 12 in dia, Addison; 72 valves, Ludlow; 1 meter, Hersey; quality of water first-class; filtration American Filter Co.; pressure, domestic 40, fire 70 pounds; works owned by city; cost to construct \$50,000; ann expenses \$3000; int on bonds \$2500. Chairman of com, Paul Ullrich; supt, Thos. J. Hoyt; mayor, T. M. Crocker; town clerk, Chas. Fitch.

Mt. Morris, Genesee Co., population 400; mercantile buildings, brick, 2 stories; private, wood, $1\frac{1}{2}$ stories; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; siamese couplings; hose cotton, good 100 ft, rubber good 400 ft; value of fire department equipment \$1000; total ann expenses of department \$30; total membership 20, volunteer; bell alarm. Chief engineer, D. E. Smith.

WATER SUPPLY—Source, 10 wells. Town clerk, T. C. Hughes.

Mt. Pleasant, Isabella Co., population 3500; fire area 900 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1200 ft; value of fire department equipment \$2500; value of buildings occupied \$300; total ann expenses of department \$300; total membership 42, paid

MICHIGAN—Continued.

part time; bell alarm; 8 fire companies. Chief engineer, H. C. Dunlap.

WATER SUPPLY—Source, flowing well; system, pumping to reservoir and direct; Deane pumping engines, dy cap 8,000,000 gals; 26 hydrants, Ludlow; pipe 25,000 ft, 2 to 8 in dia; 15 valves, Ludlow; quality of water hard; pressure 70 to 100 pounds; water-works owned by city; cost to construct \$40,000; ann expenses \$12,000; int on bonds \$750. Water com, C. E. Owens; mayor, M. Deveron; town clerk, Wm. Sullivan.

Muir, Ionia Co., population *800. Fire department—1 chemical extinguisher, buckets, ladders, axes, etc.; hose 180 ft; value of fire department equipment \$750. Chief engineer, L. A. Ely.

WATER SUPPLY—Source, river; tanks. Town clerk, Z. Simpson.

Muskegon, Muskegon Co., population 80,000; fire area 400 acres; buildings, brick wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, all kinds; 5 fire boats; siamese couplings; hose cotton, good 1000 ft; 14 hoses; value of fire department equipment \$25,000; value of 6 buildings owned \$22,000; total ann expenses of department about \$17,000; total membership 82, paid part 15; telephone and bell alarm. Chief engineer, Jas. P. Fallon.

WATER SUPPLY—Source, driven wells and springs; system, direct; Walker and other pumping engines, dy cap 5,000,000 gals; 303 hydrants, Ludlow, Galvin; 26 miles pipe, 4 to 16 in dia, Dennis, Long & Co.; Ludlow, Galvin and Flower valves; pressure, domestic 40, fire 80 pounds; cost to construct \$197,500; ann expenses \$15,000; int on bonds 8 per cent; works controlled by Board of Public Works. Supt, Wm. Dixon; mayor, Martin Waalks; recorder, Henry Kingsberry.

Nashville, Barry Co., population 1200. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 500 ft; total membership 25, volunteers. Chief engineer, W. E. Buel.

WATER SUPPLY—Source, 8 cisterns; ann expenses \$300. Town clerk, A. L. Racey.

Negaunee, Marquette Co., population *4900. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; 1800 feet hose; total membership 25, volunteers.

WATER SUPPLY—Source, lake; system, direct; Worthington pumping engines, dy cap 8,000,000 gals; hydrants 37, Holly & Galvin; pipe 10 miles, 4 to 10 in dia, Wyckoff; 60 valves, Galvin & Flower; pressure, domestic 45, fire 80 pounds; cost to construct \$20,000; ann expenses about \$5750; int on bonds \$900. Supt, Anton Benishek; mayor, Edw. C. Anthony; city clerk, Joseph H. Primean.

Newaygo, Newaygo Co., population 1800; mercantile buildings, wood and brick, 1 to 3 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 1800 ft; total ann expenses of department about \$700; electric alarm. Chief engineer, Geo. E. Marvin.

WATER SUPPLY—Source, well; system, direct; 18 hydrants; 1½ miles pipe, Wood; pressure 40 pounds; cost to construct \$12,000; int on bonds 6 per cent. Supt, Wm. Bierbower.

Niles, Berrien Co., population 5000; fire area 80 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, reserve; 1 hook and ladder truck, 4 hose carriages, siamese couplings; hose cotton, good 300 ft, rubber good 3000 ft, inferior 500 ft; value of fire department equipment \$10,000; value of 4 buildings owned \$5000; total ann expenses of department \$4000; total membership 69, full paid; bell alarm. Chief engineer, A. W. Coffinger.

WATER SUPPLY—Source, lake; system, gravity to distributing reservoir; reservoir cap 800,000 gals; 60 hydrants, Flower; 9 miles pipe; cost to construct \$45,000. Supt, J. H. Richardson.

Northville, Wayne Co., population 2200; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine; 1 hook and ladder truck, 1 hose carriage; buckets; hose rubber good 300 ft, value of fire department equipment \$1200; total ann expenses of department \$120; total membership 30, volunteer, 1 paid; gong alarm. Chief engineer, Wm. Young. (Department disbanded.)

WATER SUPPLY—Source, wells and cisterns. Town clerk, C. A. Downer.

Olivet, Eaton Co., population 700; buildings, brick and wood, 2 stories. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$600; total membership 30, volunteer; bell alarm. Chief engineer, G. W. Keyes.

WATER SUPPLY—Source, wells.

Ontonagon, Ontonagon Co., population 800; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton 500 ft, rubber 1000 ft; 2 hoses; value of fire department equipment \$5000; value of buildings occupied \$1800; total membership 26, volunteer; bell alarm. Chief engineer, Chas. A. Parker.

WATER SUPPLY—Source, river and wells.

Oscoda, Isoco Co., population 700; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 10 hose carriages, all kinds; hose cotton, good 3000 ft; value of fire department equipment \$7000; total ann expenses of department \$2800; total membership 40, paid part time 20; electric whistle and bell alarm. Chief engineer, I. L. Warren.

WATER SUPPLY—Source, Lake Huron; system, direct; Blake and Worthington pumping engines, dy cap 1,500,000 gals; 60 hydrants, Holly and Gaskell; pipe 4 miles; pressure, domestic 40, fire 100 pounds; cost to construct \$20,000; ann expenses \$3000; int on bonds 6 per cent. Supt H. N. Hawlett.

Otsego, Allegan Co., population 3000; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, good 1000 ft, rubber good 500 ft; value of fire department equipment \$1500; value of buildings occupied \$2500; total ann expenses of department \$850; total membership 50; whistle and bell alarm. Chief engineer, Chas. Brudage; chairman of fire and water com, G. A. Sherwood.

WATER SUPPLY—Source, mill race and cisterns; system, direct; Walker pumping engines, dy cap 1,500,000 gals; 25 hydrants; pipe 5½ miles, 4 to 8 in dia; pressure 40 to 50 pounds; cost to construct \$1500; ann expenses \$150. Pres, S. A. Sherwood; supt, C. I. Clapp; city clerk, F. Milham.

Ovid, Clinton Co., population 3000; buildings, brick and wood, 2 stories. Fire department—3 chemical engines on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$5400; value of buildings occupied \$1500; total ann expenses of department \$1250; total membership 9, paid full time; bell alarm. Chief engineer, Wm. Stevens.

WATER SUPPLY—Source, 24 wells; system, direct; Gordon and Maxwell pumping engines, dy cap 1,500,000 gals; 22 hydrants, Holly, Gaskell; pipe 8½ miles; cost to construct \$15,000.

Owosso, Shiawassee Co., population 7000; fire area 390 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 10 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2250 ft, rubber good 150 ft; 2 hoses, value \$450; value of fire department equipment \$10,000; value of buildings occupied \$8000; total ann expenses of department \$800; total membership 30, paid full time 8; paid part time 2; Gamewell electric alarm; 9 street boxes. Chief engineer, J. H. Calkins.

WATER SUPPLY—Source, river and wells; system, direct; Gordon pumping engines, dy cap 2,000,000 gals; 82 hydrants, Bourbon C. and Brass Works; pipe 10 miles, 4 to 12 in dia, Addison and Detroit Pipe Co.; 71 valves, Galvin; quality of water good; pressure, domestic 60, fire 120 pounds; water-works owned by city; cost to construct \$55,000. Pres, D. M. Estey; supt, W. R. Smith; mayor, E. A. Todd; city clerk, F. W. Smith.

Paw Paw, Van Buren Co., population 1450; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; metal roofs. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, siamese couplings; hose cotton, good 1500 ft, inferior 1200 ft; value of fire department equipment \$4000; total ann expenses of department \$200; total membership 50, volunteer; bell alarm. Chief engineer, A. T. Stevenson.

WATER SUPPLY—Source, river, wells and cisterns; 5 tanks, cap 100,000 gals; pipe 1 mile. Mayor, J. C. Warner; town clerk, W. H. Mason.

Pentwater, Oceanna Co., population 1500. Fire department—1 steam fire engine, 1 hose carriage; 1200 ft hose; total ann expenses of department \$500; total membership 24. Chief engineer, W. H. Tuller.

WATER SUPPLY—Source, lake; system, direct; Walker pumping engines, dy cap 100,000 gals; 16 hydrants; pipe $3\frac{1}{2}$ miles, 4 to 8 in dia; pressure 40 to 75 pounds; cost to construct \$8000; ann expenses \$750. Mayor, A. J. Underhill; town clerk, Mose Guard.

Petersburgh, Monroe Co., population 700. Fire department—1 hand engine; 50 rubber buckets; hose rubber, poor 50 ft. Chief engineer, G. A. Stone.

WATER SUPPLY—Source, river. Town clerk, E. A. Gilbert.

Plainwell, Allegan Co., population 1800. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, 1800 ft; total ann expenses of department \$350; total membership 60, volunteers. Chief engineer, L. E. Irland.

WATER SUPPLY—Source, river; system, direct; pumping engines, dy cap 610,000 gals; 18 hydrants; 8 miles pipe; Holly valves; pressure 80 pounds. Supt, John Sternberg; town clerk, Fred. Patterson.

Pontiac, Oakland Co., population 7000; buildings, brick, 2 and 3 stories; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; siamese couplings; 8 hoses; value of fire department equipment \$30,000; value of buildings owned \$10,000; total ann expenses of department \$3500; total membership 14, paid part time 12; electric alarm.

WATER SUPPLY—Source, rivers and wells; system, direct; Worthington pumping engines, dy cap 8,000,000 gals; 115 hydrants, Wood & Galvin; pipe 14 miles, 4 to 18 in dia. New Phila., Addison & Detroit Co.; 74 valves, Ludow & Galvin; quality of water soft; pressure, domestic 15, fire 70 to 150 pounds; water-works owned by city; cost to construct \$35,000; ann expenses \$3700; int on bonds $\frac{1}{4}$ per cent. Supt, H. G. Monroe; mayor, David T. Howard; city clerk, Peter Browly.

Port Austin, Huron Co., population 1000; fire area 60 acres; mercantile buildings, brick and wood, 2 stories; private, $1\frac{1}{2}$ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 150 ft, value of buildings occupied \$350; total membership 10, volunteers; bell alarm. Chief engineer, W. J. Campbell.

No **WATER SUPPLY**.

Port Huron, St. Clair Co., population 12,000; mercantile buildings, brick, 2 to 3 stories; private, wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 2000 ft, leather good 1000 ft; 4 hoses; value of buildings occupied \$15,000; total ann expenses of department \$600; total membership 15, paid; telegraph and telephone alarm. Chief engineer, R. Wolfe.

WATER SUPPLY—Source, river; system, direct; Holly pumping engines, dy cap 7,000,000 gals; 156 hydrants, Holly Mfg. Co.; pipe 30 miles; 4 to 20 in dia, R. D. Wood & Co. and others; 350 valves; 6 meters, Union; quality of water first-class; pressure, domestic 40, fire 60 to 125 pounds; water-works owned by city; cost to construct \$255,000; ann expenses \$3000; int on bonds \$6000. Chairman of com, John G. O'Neill; supt, Hugh F. Moran; mayor, John B. McIlwain; city clerk, A. L. Whitesill.

Portland, Ionia Co., population 2500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—8 chemical extinguishers; 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2500 ft, inferior 200 ft; hoses; value of fire department equipment \$3500; value of buildings occupied \$2000; total ann expenses of department \$300; total membership 30, paid part time 4; electric whistle and bell alarm; 23 street oxes. Chief engineer, M. S. Bedon; chairman of fire and water com, D. Kenedy.

WATER SUPPLY—Source not given; system, pumping; standpipe; 47 hydrants; pipe $3\frac{1}{2}$ miles.

Quincy, Branch Co., population 1800; mercantile buildings, brick and wood, 3 stories; private, wood, $1\frac{1}{2}$ and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings; hose rubber, good 1000 ft; value of fire department equipment \$3400; value of building occupied \$5000; total membership 110, volunteer. Chief engineer, O. S. Williamson.

WATER SUPPLY—Source, 12 wells. Town clerk, W. H. Ockerby.

Reed City, Osceola Co., population 2250. Fire department—1 hook and ladder truck, 8 hose carriages; hose 700 ft; total ann expenses of fire department \$80; total membership 64, volunteer. Chief engineer, H. E. Stodard.

WATER SUPPLY—Source, well, spring and creek; system, direct; Deane pumping engines, dy cap 1,000,000 gals; 17 hydrants; pipe 2 miles, Mich. Pipe Co.; pressure, domestic 40, fire 90 pounds; cost to construct \$12,000; ann expenses \$1500; int on bonds 6 per cent.

Romeo, Macomb Co., population 1800. Fire department—1 steam fire engine; 1 hook and ladder truck; 3 hose carriages; hose 1700 ft; total membership 40, paid part time. Chief engineer, David McCann.

WATER SUPPLY—Source, 12 wells. Town clerk, Byron N. Seaman.

Rosecommon, Rosecommon Co., population 800; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$3000; total ann expenses of department about \$500; total membership 32; bell alarm. Chief engineer, W. W. Vaughn.

WATER SUPPLY—Source, running creek; water pumped to tank 75 ft high; 9 hydrants; pipe 1 mile; pressure 25 pounds. John R. Cady, James Ward.

Saginaw, Saginaw Co., population 20,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 7 hose carriages, all kinds; hose rubber and cotton, good 6000 ft, rubber and cotton fair 2000 ft; 4 hoses; membership paid full time 9, paid part time 2. Chief engineer, P. H. Opfergelt.

WATER SUPPLY—Source, river; system, direct; Holly pumping engines, dy cap 6,000,000 gals; 236 hydrants, Holly Mfg. Co.; pipe 19 miles, 4 to 18 in dia, Ohio Pipe Co.; 79 valves; pressure, domestic 45, fire 80 pounds; cost to construct \$225,000; ann expenses \$7800; int on bonds \$7500. Supt, H. F. Allen; mayor, G. M. Stark, comptroller, W. Bruder.

St. Charles, Saginaw Co., population 900; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hose carriages; hose cotton, good 500 ft, rubber good 300 ft, inferior 400 ft; value of fire department equipment \$1400; value of buildings occupied \$1000; total ann expenses of department \$200; total membership 64, volunteers; bell alarm; 8 fire companies. Chief engineer, G. G. Goodrich.

WATER SUPPLY—Source, river; tanks. Mayor, H. C. Teft; village clerk, Carl Switzer.

St. Clair, St. Clair Co., population 3000. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1800 ft; total membership 30, volunteers. Chief engineer, W. B. Moore.

WATER SUPPLY—Source, river; system, direct; 45 hydrants; pipe $6\frac{1}{2}$ miles; pressure 40 pounds; Town clerk, E. E. Tim.

St. Johns, Clinton Co., population 3500; fire area 1200 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted on business streets; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, good 2000 ft, inferior 500 ft; value of fire department equipment \$3500; value of buildings occupied \$3000; total ann expenses of department \$300; total membership 80, paid part time; 3 fire companies. Chief engineer, M. F. Washburn; chairman of fire and water com, H. Thomas.

WATER SUPPLY—Source, wells; system, direct; Gordon pumping engines, dy cap 10,000 gals; 79 hydrants, Galvin; pipe 8 miles, 4 to 10 in dia; 80 valves, Galvin; no meters; quality of water good; pressure, domestic 50, fire 100 pounds; water-works owned by city; cost to construct \$50,000; ann expenses \$25,000. Pres, Jno. D. Henderson; supt, Eugene King.

St. Joseph, Berrien Co., population 3700; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1200 ft; 2 hoses; value of fire department equipment \$5500 value of buildings occupied \$500; total ann expenses of department \$300; total membership 20, paid full time 2, paid part time 18; bell alarm. Chief engineer, J. V. Hone.

WATER SUPPLY—Source, 10 wells, dy cap 1800 barrels each. Village clerk, Chas. Cooper.

St. Louis, Gratiot Co., population 3333; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck; 2 double reels and 1 single; hose cotton, good 1200 ft, inferior 200 ft, rubber good 500 ft, inferior 600 ft; value of fire department equipment \$2500; value of buildings occupied \$5000;

MICHIGAN—Continued.

total ann expenses of department \$800; total membership 64; bell alarm; 4 fire companies. Chief engineer, Jno. T. Noble.

WATER SUPPLY—Source, artesian wells; system, direct; reservoir cap 500,000 gals; Holly and Walker pumping engines, dy cap 500,000 gals; 40 hydrants, Holly; pipe 4½ miles, 6 to 10 in dia; quality of water mineral; pressure, domestic 40, fire 70 to 100 pounds; water-works owned by city; cost to construct \$30,000; ann expenses \$1000. Chairman of com, C. W. Giddings; supt, J. T. Noble; mayor, J. A. Elwell; village clerk, Jas. Hofsteter.

Sand Beach, Huron Co., population 1100; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, rubber good 100 ft; value of fire department equipment \$8000; total membership 25, volunteer; steam whistle alarm.

WATER SUPPLY—Source, Lake Huron; system not given; Deane pumping engines, dy cap 750,000 gals; 10 hydrants, Holly; pipe 1 mile; cost to construct \$4000. Pres, J. Jenks.

Saranac, Ionia Co., population 900. No organized fire department—1 hook and ladder truck.

Saugatuck, Allegan Co., population 700; mercantile buildings, wood, 2 stories; private, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 900 ft, inferior 400 ft, rubber inferior 400 ft; value of fire department equipment \$1200; value of buildings occupied \$1000; total ann expenses of department \$200; total membership 10, paid part time; bell alarm. Chief engineer, Jas. M. Pond.

Schoolcraft, Kalamazoo Co., population 900; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 400 ft, inferior 180 ft; value of fire department equipment \$300; total ann expenses of department \$100; total membership 94, volunteer; bell alarm.

WATER SUPPLY—Source, wells and cisterns, cap of cisterns 90,000 gals. Village clerk, F. L. Gill.

South Lyon, Oakland Co., population 1000; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, rubber good 500 ft; value of fire department equipment \$1800; value of buildings occupied \$2500; total membership 45, volunteers. Chief engineer, J. J. Biner.

WATER SUPPLY—Source, wells and cisterns.

Spring Lake, Ottawa Co., population 2000; mercantile buildings, wood and brick. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; siamese couplings; hose cotton, good 800 ft; rubber good 1000 ft; value of fire department equipment \$4100; value of buildings occupied \$400; total membership 80, paid part time; whistle and bell alarm. Chief engineer, J. Mahoney.

WATER SUPPLY—Source, wells, lake, river and 11 cisterns. Town clerk, C. M. Kay.

Stanton, Montcalm Co., population 2800; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, siamese couplings, hose cotton, good 1800 ft, inferior 800 ft; value of fire department equipment \$8000; value of building occupied \$2500; total ann expenses of department \$1200; total membership 78, volunteers; bell alarm. Chief engineer, Robert Smith.

WATER SUPPLY—Source, well; system, pumping to reservoir; hydrants 80; pipe 2 miles; pressure, domestic 80, fire 120 pounds; cost to construct \$15,000; ann expenses \$1800; int on bonds 6 per cent.

Sturgis, St. Joseph Co., population 3000; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, inferior 800 ft; rubber good 800 ft, inferior 400 ft; 2 hoses; value of fire department equipment \$5000; value of buildings occupied \$1800; total membership 21, paid part time; bell alarm. Chief engineer, F. Mattison; chairman of fire and water com, D. Kane; electric alarm ordered.

WATER SUPPLY—Source not given; system, pumping to cisterns and reservoir; 18 cisterns, 1 reservoir, cap of

cisterns 26,000 gals dy; pumping engines, dy cap 1,500,000 gals; hydrants 54; ann expenses \$200. Supt, Capt. W. S. Bunn; mayor, M. E. Aulsbrook; city clerk, Wm. Joon.

Tawas City, Iosco Co., population 2100, fire area 460 acres; mercantile buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 400 ft; linen good 400 ft; value of fire department equipment \$2700; value of buildings occupied \$1200; total ann expenses of department \$75; total membership 30, volunteers. Chief engineer, Thos. Connon.

Tecumseh, Lenawee Co., population 2500; fire area 17 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 3 hose carriages; hose cotton, good 1000 ft; rubber good 1400 ft; 2 hoses, value \$5500; value of building owned \$5000; total ann expenses of department \$800; total membership 50, paid 2; bell alarm. Chief engineer, S. W. Bordine.

WATER SUPPLY—Source, well; system, pumping to tank; Perkins windmill pumping engines, dy cap 20,000 gals; hydrants 15, Ludlow; pipe ¾ mile; pressure 40 pounds; cost to construct \$7000; ann expenses \$150.

Three Oaks, Berrien Co., population 700. Fire department—1 hand engine, 18 chemical extinguishers, 1 hose carriage; hose rubber, good 250 ft, inferior 100 ft; total membership 25, volunteers.

Three Rivers, St. Joseph Co., population 2400. Fire department—1 hand engine, 1 chemical engine, 2 hose carriages; hose rubber, good 1800 ft, leather good 500 ft; total membership 40, volunteer.

WATER SUPPLY—Source, 9 wells; system, direct; Walker pumping engines, dy cap 300,000 gals; 48 hydrants, Holly, Chapman; pipe 4½ miles; cost to construct \$25,000; ann expenses \$500; int on bonds 5 per cent.

Traverse City, Grand Traverse Co., population 3200. Fire department—1 hook and ladder truck; 4 hose carriages, all kinds; 2000 ft hose; total membership 90, volunteer; electric alarm; 7 street boxes. Chief engineer, I. C. Despres.

WATER SUPPLY—Source, bay; system, direct; Walker pumping engines, dy cap 2,500,000 gals; 48 hydrants, Flower & Galvin; pipe 6½ miles, 4 to 10 in dia, Mich. Pipe; 18 valves, Flower & Galvin; 4 meters Hervey; quality of water excellent; pressure 60 to 100 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$2400. Owner, H. D. Campbell; supt, D. F. Campbell; mayor, Perry Hannah; city clerk, H. C. Davis.

Union City, Branch Co., population 1700; fire area 6 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$4000; value of building occupied \$4000; total membership 20, volunteers. Chief engineer, J. A. Campbell.

WATER SUPPLY—Source, river and race; 5 cisterns, supplied from roofs of buildings; 2 tanks. Village clerk, J. D. Easton.

Vassar, Tuscola Co., population 1700. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 18 hand force pumps; total membership 25, volunteers. Chief engineer, C. T. Barnum.

WATER SUPPLY—Source, river and artesian well; system, pumping direct and to standpipe; Holly & Gaskel pumping engines, dy cap 1,500,000 gals; 58 hydrants, Galvin, Matthews; 6½ miles pipe, 4 to 10 in dia; pressure, domestic 75, fire 100 pounds; cost to construct \$25,000; int on bonds 5 per cent.

Vicksburg, Kalamazoo Co., population 1200; buildings, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$2000; total membership 77, volunteer. Chief engineer, Wm. W. Scott; chairman of fire and water com, M. Wintersdorf.

WATER SUPPLY—Source, wells and cisterns. Town clerk, John B. Penfield.

West Bay City, Bay Co., population 18,000; fire area 15 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; gravel roofs; no fireworks ordinance. Fire department—1 steam fire engine; 3 hose carriages, all kinds; hose cotton, good 1500 ft, inferior 1500 ft, rubber good 1000 ft, inferior 800 ft; 6 hoses, value \$1200; value of fire department equipment \$1700; value of buildings occupied \$4000; total ann expenses of depart-

ment \$6000; total membership 20, paid full time 2, paid part time 17; Gamewell electric alarm; 17 street boxes; 8 fire companies. Chief engineer, Geo. F. Russell; chairman of fire com, Jas. T. Emery.

WATER SUPPLY—Source, river; system, direct; Holly pumping engines, dy cap 8,000,000 gals; 122 hydrants, Galvin; pipe $\frac{3}{4}$ miles, 4 to 14 in dia, Mich. Pipe Co.; 23 valves, Galvin Brass and Iron Works; no filtration; pressure, domestic 40, fire 80 to 90 pounds; water-works owned by city; cost to construct \$60,000; ann expenses \$5500. Chairman of com, Thos. Lookey; supt, W. H. Phillips; mayor, W. J. Martin; city clerk, W. H. Phillips.

White Cloud, Newaygo Co., buildings, wood, $\frac{1}{2}$ and 2 stories. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 1000 ft; rubber, good 2000 ft; value of fire department equipment \$6000; total ann expenses of department about \$80; total membership 27, volunteer; bell alarm. Chief engineer, A. E. Ferguson.

WATER SUPPLY—Source, river; system, direct.

Whitehall, Muskegon Co., population *2600; fire area 1000 acres; buildings, brick, 2 stories. Fire department—1 steam fire engine; 2 hose carriages, fire boat, ladders and siamese couplings; 2500 ft good hose; value of fire department equipment \$10,000; value of buildings occupied \$2000; total membership 40; bell alarm.

WATER SUPPLY—Source, lake and river; 4 cisterns filled by engine, cap of cisterns 2700 barrels. Mayor, H. G. Staples; town clerk, Geo. E. Cowell.

Williamstown, Ingram Co., population *1100. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose good 900 ft. Chief engineer, E. S. Andrews.

WATER SUPPLY—Source, river and wells. Town clerk, A. M. Porter.

Wyandotte, Wayne Co., population *4800. Fire department—1 steam fire engine, 3 hose carriages; hose rubber, good 1800 ft, linen 1800; total membership 16, volunteers. Chief engineer, G. Bamulor.

WATER SUPPLY—Source, river; system, direct; Hughes

pumping engines, dy cap 8,000,000 gals; 85 hydrants, Galvin; pipe 8 miles, 4 to 16 in dia, Addystone P. & S. Co.; 50 valves, Galvin; no meters; quality of water soft; pressure, domestic 30, fire 90 to 100 pounds; water-works owned by city; cost to construct \$55,000; ann expenses \$3600; int on bonds 5 per cent. Chairman of com, T. J. Langlois, M. D.; supt, H. N. Ocoobock; mayor, Wm. Campbell; city clerk, J. S. McLaughlin, Jr.

Ypsilanti, Washtenaw Co., population 6000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 2 hose carriages; siamese couplings; hose rubber, good 1000 ft, inferior 800 ft; value of fire department equipment \$16,000; value of buildings occupied \$5000; total ann expenses of department \$1000; total membership 20, volunteer; telephone and bell alarm. Chief, Edw. Batwell.

WATER SUPPLY—Source, springs and river; system pumping to reservoir; reservoir cap 255,000 gals; Flower pumping engines, dy cap 1,500,000 gals; 122 hydrants, Flower Bros.; pipe $1\frac{1}{2}$ miles, 4 to 16 in dia, Detroit Pipe Works; 100 valves, Flower Bros.; 1 meter, Worthington; quality of water fine; pressure 92 to 98 pounds; water works owned by city; cost to construct \$140,000; ann expenses \$3800; int on bonds 4 per cent. Chairman of com, D. L. Quirk; supt, A. F. Burbank; mayor, D. Putnam; city clerk, Frank Joslyn.

Zeeland, Ottawa Co., population *1000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose linen, good 400 ft; total membership 44, volunteers. Chief engineer, J. D. Everhard.

WATER SUPPLY—Source, 18 wells. Village clerk, J. D. Van Den Bosch.

Zilwaukee, Saginaw Co., population 800. Fire department—2 hose carriages.

WATER SUPPLY—Source, river.

The following places have no fire protection: Cassopolis, Cass Co., population 1060; Danby, Ionia Co., population 200; Milan, Washtenaw Co., population 1800.

MINNESOTA.

Albert Lea, Freeborn Co., population *4800; mercantile buildings, brick, 2 stories; private, wood; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 100 ft, inferior 300 ft, rubber good 1800 ft, inferior 300 ft; total membership 51, paid part time 2, volunteers 49; 1 engine company, 1 hook and ladder company. Chief engineer, W. C. Mitchell; chairman of fire and water com, W. A. Movat.

WATER SUPPLY—Source, lake; 6 cisterns; 1 reservoir. Water-works are contemplated. Supt, H. H. Lokens; mayor, D. N. Gates; town clerk, C. A. Briggs.

Alexandria, Douglas Co., population 2600; buildings, wood, $\frac{1}{2}$ and 2 stories; fireworks ordinance. Fire department—2 chemical engines on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose 1500 ft; value of fire department equipment \$4000; total ann expenses of department \$100 (1888); total membership 10, volunteers; bell alarm. Chief engineer, N. P. Ward.

WATER SUPPLY—Source, wells and 2 lakes water-works completed, but not yet accepted. Town clerk, A. G. Jexton.

Anoka, Anoka Co., population 14689; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted on residences only; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 2000 ft; 4 horses, value \$900; value of fire department equipment \$6000; value of buildings occupied \$10,000; total ann expenses of department \$2200; total membership 90, paid full time 1, paid part time 29, volunteers 60; electric alarm; 15 street boxes; 8 fire companies. Chief engineer, L. H. Bruns; chairman of fire and water com, T. M. Ryan.

WATER SUPPLY—Source, river and cisterns; water-works recently completed and accepted; 60 hydrants; ann expenses \$220. City clerk, D. M. Parker.

Austin, Mower Co., population 4800; mercantile buildings, brick, 2 stories; private, wood, $\frac{1}{2}$ and 2 stories; wooden roofs not permitted; fireworks ordinance; causes fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber good 500 ft; value of fire department equipment \$8000; value of buildings occupied \$1000; total

ann expenses of department \$150; total membership 75 volunteers; telephone alarm; 1 hook and ladder company 2 hose companies. Chief engineer, E. J. Ames.

WATER SUPPLY—Source, artesian well, domestic; Cedar River, fire; system, direct pumping; Smedley pumping engines, dy cap 2,000,000 gals; 52 hydrants, Mathews; pipe 4 to 10 in dia, Detroit, Lake Shore; Galvin valves; pressure, domestic 40, fire 80 pounds; water-works owned by town; cost to construct \$40,000. Supt, J. M. Greenman; city clerk, M. Becker.

Barnesville, Clay Co., population 1500; mercantile buildings, wood, 1 story; private, wood, 1 story; fireworks ordinance, wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; 1360 ft good rubber hose, 150 ft poor, 1000 ft good cotton hose; value of fire department equipment \$4500; total membership 52, paid full time 26, part time 16; bell and whistle alarm. Chief engineer, H. Marow.

Blue Earth City, Fairbault Co., population 1800; fire area 5 acres; mercantile buildings, brick, 2 stories; private, wood, $\frac{1}{2}$ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$600; value of buildings occupied \$300; total membership 25, volunteers; bell alarm. 1 hook and ladder company. Chief engineer, C. A. H. Kopplin.

WATER SUPPLY—Source, 2 wells; artesian well being bored.

Brainerd, Crow Wing Co., population 10,000; buildings, wood and brick. Fire department—1 hook and ladder truck, 4 hose carriages; hose rubber, good 2500 ft; value of fire department equipment \$5000; value of building occupied \$5000; total membership 121, paid full time 1, volunteers 120. Chief engineer, A. F. Leopold.

WATER SUPPLY—Source, Mississippi River; system, direct pumping; Blake pumping engines, dy cap 2,300,000 gals; 72 hydrants, Ludlow; pipe 18 miles, 4 to 12 in dia, National Tube Works; Ludlow valves; pressure, domestic 35, fire 100 pounds; water-works owned by company; cost to construct \$110,000; ann expenses \$6800; int on bonds 6 per cent. Pres, C. F. Kindred; supt, H. D. Powers; mayor, W. Hemstead; city clerk, P. Murphy.

MINNESOTA—Continued.

Buffalo, Wright Co., population 800; fire area 40 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$400; total membership 18, volunteers. Mayor, A. Y. Eaton.

Caledonia, Houston Co., population 1200; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, ladders, axes, etc.; value of fire department equipment \$300. Chief engineer, W. H. Harries.

WATER SUPPLY—Source, wells and cisterns.

Canby, Yellow Medicine Co., population 550; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; total ann expenses of department \$50 (1898). Chief engineer, H. Bieseker.

WATER SUPPLY—Source, wells and streams. Town clerk, P. C. Scott.

Cannon Falls, Goodhue Co., population 942; buildings, stone and brick, 1½ and 2 stories. Fire department—3 hose carriages; hose cotton, good 500 ft; rubber good 1000 ft; value of fire department equipment \$1800; total membership 33, volunteers; bell alarm. Chief engineer, F. B. Seager.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 175,000 gals; windmill pump; 2 hydrants, Galvin; pipe 1500 ft, 8 in dia; pressure 75 pounds; water-works owned by village, cost to construct \$5500; int on bonds 6 per cent. Pres of village, F. B. Seager; recorder, J. A. Wilson.

Carver, Carver Co., population 800; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 700 ft; value of fire department equipment \$1800; total membership 40, volunteers; bell alarm. Chief engineer, C. Bristle.

WATER SUPPLY—Source, cisterns; 2 reservoirs, cap 800 barrels each. Town clerk, O. C. Brunins.

Chaska, Carver Co., population 2600; mercantile buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 900 ft, inferior 300 ft; value of fire department equipment \$3000; total membership 90, volunteers; bell alarm. Chief engineer, Geo. Henk.

WATER SUPPLY—Source, river; 8 cisterns. Village clerk, Paul Hartman.

Cold Spring, Stearns Co., population 850; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 200 ft; value of fire department equipment \$400; value of buildings occupied \$50; total ann expenses of department \$30; total membership 25, volunteers; bell alarm. Chief engineer, John L. Bold.

WATER SUPPLY—Source, river and wells. Village recorder, M. Kummer.

Crookston, Polk Co., population 6000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 500 ft, inferior 200 ft, rubber good 1000 ft, inferior 1000 ft; value of fire department equipment \$5000; value of buildings occupied \$5000; total ann expenses of department \$1000; total membership 40, volunteers; bell alarm; electric bell at chief's residence; 4 fire companies. Chief engineer, Ed. Wiley; chairman of fire and water com, Aug. Walter.

WATER SUPPLY—Source, Red Lake River; system, direct pumping; Worthington and Holly pumping engines, dy cap 3,000,000 gals; hydrants 42, Ludlow; pipe 7 miles, valves, Ludlow; 1 meter; pressure, domestic 65, fire 100 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$2000; int on bonds 7 per cent. Pres and supt, D. Jacobs; city clerk, John Paterson.

Delano, Wright Co., population 1080; buildings, brick and wood, 1 to 3 stories, wooden roofs permitted. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft, inferior 200 ft; value of fire department equipment \$2000; total ann expenses of department \$200 (1898); total membership 35, volunteers; bell alarm. Chief engineer, O. L. Billings.

WATER SUPPLY—Source, river and cisterns. Town clerk, L. P. Probst.

Duluth, St. Louis Co., population 40,000 (report of 1899). Fire department—1 steam fire engine; 9 hose carriages; hose linen, good 2000 ft; rubber good 3000 ft; inferior 1800 ft; total membership 112, paid full time 20, paid part time 92. Chief engineer, T. W. Hathaway.

WATER SUPPLY—Source, Lake Superior; system, pumping to reservoir; reservoir cap 4,000,000 gals; Worthington, Blake, Gaskill pumping engines, dy cap 10,000,000 gals; 300 hydrants, Ludlow, Mathews; pipe 30 miles, 4 to 30 in dia; 300 valves, Eddy, Ludlow, Galvin; 110 meters, Hersey, Crown, Worthington, Gem; quality of water best; pressure 5 to 110 pounds; water-works owned by company. Pres of com, R. L. Belknap; supt, Wm. Craig; mayor, M. J. Davis; city clerk, Chas. E. Baden.

Fairbault, Rice Co., population 16459; fire area 12 blocks; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 1½ and 2 stories, fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose rubber, good 2500 ft; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$7500; total membership 150, paid; bell alarm. Chief engineer, O. Strouber.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir, cap 1,000,000 gals; Deane pumping engines, dy cap 1,000,000 gals; 50 hydrants, Chapman; pipe 7-10 miles, 4 to 14 in dia, Long; 37 valves, Chapman; 11 meters, Worthington, Union; quality of water good; pressure 35 pounds; water-works owned by company; cost to construct \$90,000; ann expenses \$3000; int on bonds 6 per cent. Pres of com, A. T. Rand; supt, A. C. Miller; mayor, F. W. Winton.

Farmington, Dakota Co., population 1000; fire area 4 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not built in fire limits; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; value of fire department equipment \$2000; value of buildings occupied \$300. total ann expenses of department \$100; total membership 25, volunteers; bell alarm. Chief engineer, E. Z. Needham; chairman of fire and water com, E. L. Brackett.

WATER SUPPLY—Source, wells.

Fergus Falls, Otter Tail Co., population 5000; fire area 1000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 Silsby steam fire engine, 1 Rumsey hook and ladder truck, 4 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft, linen good 1000 ft; value of fire department equipment \$10,000; value of buildings occupied \$4000; total ann expenses of department \$5000; total membership 100, paid full time 1, volunteers 99; bell alarm; 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, Alex. Van Praag; chairman of fire and water com, E. E. Shaver.

WATER SUPPLY—Source, Red River of the North; system, direct pumping; Worthington pumping engines, dy cap 4,250,000 gals; 55 hydrants, Ludlow; pipe 9½ miles, 4 to 12 in dia, Addyston, National; 88 valves, Ludlow; 2 meters, Worthington; quality of water good; pressure, domestic 55, fire 100 pounds; water-works owned by company; cost to construct \$147,000; int on bonds 6 per cent. Supt, Oscar Moore; mayor, J. W. Earl.

Glencoe, McLeod Co., population 1555; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$3500; total membership 70, volunteers; bell alarm. Chief engineer, N. Hassan.

WATER SUPPLY—Source, 5 wells and cisterns. Town clerk, A. S. Snyder.

Glenwood, Pope Co., population 700; buildings, brick and wood, 1½ and 2 stories; shingle, gravel and tin roofs. Fire department—3 hose carriages, hooks and ladders; hose cotton, good 1000 ft, rubber inferior 250 ft; value of fire department equipment \$1400; total ann expenses of department \$400 (1898); total membership 15, volunteers; bell alarm. Chief engineer, F. L. Simmons.

WATER SUPPLY—Source, Spring Creek; system, gravity; impounding reservoir, cap 180,000 gals; Ludlow hydrants; 1 6-10 miles pipe; pressure 60 pounds; water-works owned by village; cost to construct \$7000; ann expenses \$500; int on bonds 10 per cent.

Hallock, Kittson Co., population 600; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 5 chemi

al extinguishers, 1 hook and ladder truck, 1 hose carriage; force pumps, hand brake; hose linen, good 150 ft, rubber good 250 ft; 3 horses, value \$400; value of fire department equipment \$3000; value of buildings occupied \$1500; total ann expenses of department \$100; total membership 90, volunteers 60; 1 engine company, 1 hook and ladder company. Chief engineer, Ed. H. Love; chairman of fire and water com, E. Geo. Thompson.

Hastings, Dakota Co., population 4500; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in business section. Fire department—1 steam fire engine, hook and ladder truck, 8 hose carriages; hose rubber, good 2900 ft, inferior 200 ft; 2 horses, value \$350; value of fire department equipment \$5500; value of buildings occupied \$300; total ann expenses of department \$350; total membership 20, paid part time; bell alarm. Chief engineer, V. Shepherd.

WATER SUPPLY—Source, Mississippi River and cisterns. Mayor, Wm. Hodgson; town clerk, J. Langensfeld.

Henderson, Sibley Co., population 568; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage; hose rubber, good 60 ft; value of fire department equipment \$3000; total ann expenses of department \$50; total membership 42, volunteers; bell alarm. Chief engineer, W. Sheridan.

WATER SUPPLY—Source, cisterns. Mayor, Pat. Barry; village clerk, C. Bismar.

Hokah, Houston Co., population 800; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—3 hand engines; hose cotton, good 200 ft, value of fire department equipment \$3000; value of buildings occupied \$300; hook and ladder company.

Jackson, Jackson Co., population 1200; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not used on new store buildings; fireworks ordinance. Fire department—1 hand engine, 12 chemical extinguishers, 1 hose carriage, hooks, ladders and buckets; hose rubber, good 250 ft, inferior 100 ft; value of fire department equipment \$1000; value of buildings occupied \$100; total membership 85, volunteers; bell alarm. Chief engineer, A. C. Serum.

WATER SUPPLY—Source, wells. Town clerk, E. J. Ditt.

Janesville, Waseca Co., population 1900; fire area 6 blocks; mercantile buildings, brick, 1 story; private, wood, 1 to 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 500 ft.

WATER SUPPLY—System, pumping by windmill to 100 barrel tank. Councilman, John Finley.

Kasson, Dodge Co., population 1000; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, hose carriage, 1 force pump on truck; hose rubber, good 50 ft; value of fire department equipment \$300; total membership 20, volunteers; bell alarm. Fire warden, A. A. Johnson.

WATER SUPPLY—Source, wells; system, windmill pumping to tank. Town clerk, Geo. Somer.

Lake City, Wabash Co., population 12496; fire area 0 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; metal roofs used; fireworks ordinance; causes of fire investigated. Fire department—1 steam engine; 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose cotton and linen, good 800 ft, value of fire department equipment \$7500; value of buildings occupied \$2000; total ann expenses of department \$200; total membership 51, paid full time 1, part aid 50; bell alarm. Chief engineer, James H. Gillett.

WATER SUPPLY—Source, lake; system, pumping to 3 cisterns, cap of cisterns 2200 barrels. City clerk, R. H. Leal.

Laurelboro, Fillmore Co., population 1108; buildings, wood, 2 stories; wooden roofs not permitted in business section. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 500 ft; value of fire department equipment \$7000; value of buildings occupied \$3000; total ann expenses of department \$500; total membership 13, volunteers; bell alarm; 3 hose companies. Chief engineer, P. Hebbestad; chairman of fire and water com, M. Hauck.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap, 250,000 gals; windmill pump, dy cap, 5,000 gals, 6 hydrants; pipe ¼ mile, 8 in dia; pressure 2 pounds; water-works owned by village; cost to con-

struct \$10,000; ann expenses \$200; int on bonds 7 per cent. Sec of com, John Johnson; mayor, S. A. Nelson; city clerk, H. C. Shelberg.

Litchfield, Meeker Co., population 3000; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages; hose rubber, good 900 ft, inferior 600 ft; value of fire department equipment \$10,000; value of buildings occupied \$4000; total ann expenses of department \$800; total membership 75, volunteers; bell alarm. Chief engineer, E. F. Roberts; chairman of fire and water com, A. Nelson.

WATER SUPPLY—Source, 3 wells; 5 cisterns; supplied by hand pumps and windmill. Village clerk, A. J. Keocle.

Laverne, Rock Co., population 2000; buildings, stone and brick, 2 stories. Fire department—1 hand engine, 1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft, rubber good 500 ft; value of fire department equipment \$3500. No organized department.

WATER SUPPLY—Source, wells and cisterns; 2 tanks, cap 500 gals each. Town clerk, M. Webber.

Madison, Lac-qui-Paille Co., population 800; fire area ¼ mile; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; 3 force pumps with 400 ft hose; hose rubber, good 400 ft; value of fire department equipment \$350; value of buildings occupied \$1000; bell alarm.

Mankato, Blue Earth Co., population 11,000; fire area 24 blocks; buildings, brick and wood, 1½ and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 4 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages; siamese couplings; hose cotton, good 1100 ft, rubber good 2200 ft; value of fire department equipment \$3500; total ann expenses of department \$750; total membership 110, volunteers; electric bell alarm. Chief engineer, Geo. M. Phillips.

WATER SUPPLY—Source, flowing wells; system, pumping to reservoir; Gaskill pumping engines, dy cap 1,000,000 gals; 76 hydrants, R. D. Wood & Co. and Gaskill; pipe 24,625 ft, 4 to 12 in dia, Dennis, Long & Co. and Lake Shore; 15 valves, R. D. Wood & Co. and Gaskill; 3 meters; quality of water good; pressure 100 pounds; cost to construct \$61,000; ann expenses \$3500. Supt, E. V. Watters; mayor, A. R. Pfefer; city engineer, M. B. Haynes.

Mapleton, Blue Earth Co., population 800; fire area 80 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 400 ft; value of fire department equipment \$1000; value of buildings occupied \$350; total membership 25. Chief engineer, John M. Sprague; chairman of fire and water com, Wm. N. Plymat.

WATER SUPPLY—Source, well 170 ft deep; system, pumping to a 2000-barrel tank elevated 30 ft; pipe 2 miles, 2 to 6 in dia.

Minneapolis, Hennepin Co., population 240,000; fire area 6 square miles; mercantile buildings, brick and stone, 3 to 6 stories; private, wood and brick, 2 stories; slate or tin roofs; fireworks ordinance; causes of fire investigated. Fire department—14 steam fire engines, 6 chemical engines, 18 chemical extinguishers, 5 hook and ladder trucks, 15 hose carriages, 1 supply wagon, siamese couplings; hose cotton, good 500 ft, rubber good, 37,500 ft; 114 horses; value of fire department equipment \$160,625; value of 15 buildings owned \$142,301; total ann expenses of department \$240,378; total membership 204, paid full time; telegraph alarm; 174 street boxes and 8 private. Chief engineer, F. L. Stetson.

WATER SUPPLY—Source, river; system, direct; Worthington and Waters pumping engines, dy cap 70,000,000 gals; 1496 hydrants, Mathews; pipe 143 miles, 6 to 36 in dia; 1147 valves, Eddy; 408 meters, Hersey, Worthington; quality of water good; pressure 80 pounds; water-works owned by city; cost to construct \$2,268,370; ann expenses \$22,000. Chairman of com, F. C. Barrows; supt, J. H. McConnell; mayor, E. C. Babb; city clerk, Chas. F. Haney.

Montgomery, Le Seuer Co., population 830; buildings, wood, 1½ and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft, inferior 50 ft; total ann expenses of department about \$100; total membership 25, volunteer, paid part time; bell alarm. Chief engineer, J. A. Stratton.

MINNESOTA—Continued.

WATER SUPPLY—Source, cisterns. Town clerk, Frank Baker.

Moorhead, Clay Co., population 3600; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, inferior 500 ft, rubber good 1000 ft, inferior 1000 ft; value of fire department equipment \$6500; value of buildings occupied \$1500; total ann expenses of department \$100; total membership 40, volunteers; steam whistle alarm; 2 fire companies. Chief engineer, A. J. Wright; chairman of fire and water com, L. M. Anderson.

WATER SUPPLY—Source, river; system, direct. Blake pumping engines; 75 hydrants; pipe 4 miles, 4 to 10 in dia; pressure, domestic 30, fire 100 pounds; cost to construct \$25,000; ann expenses \$4000; int on bonds 7 per cent.

Morris, Stevens Co., population 1700; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 1 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft, rubber good 1000 ft; value of fire department equipment \$2500; value of buildings occupied \$2000; total ann expenses of department \$300; total membership 50, volunteer; bell alarm; 3 fire companies. Chief engineer, O. F. Tewksbury; chairman of fire and water com, Joe Flynn.

WATER SUPPLY—Source, well and lake; 8 tanks; also cisterns of 1500 barrels cap each. Village clerk, W. W. Griswold.

New Prague, Scott Co., population 1800; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1800 ft; total membership 28, volunteer; bell alarm. Chief engineer, J. Landenberger.

WATER SUPPLY—Source and system not given; 6 tanks, cap 800 barrels each.

New Ulm, Brown Co., population 4500; mercantile buildings, brick, 2 stories; private, brick and wood 1½ and 2 stories; wooden roofs not permitted inside fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 250 ft, linen good 1500 ft, inferior 50 ft; value of fire department equipment \$5000; value of buildings occupied \$1000; total ann expenses of department \$1800; total membership 60, volunteer; bell alarm. Chief engineer, Chas. Brust; chairman of fire and water com, C. L. Roosa.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 117,250 gals; Smith-Vaile pumping engines, dy cap 1,000,000 gals; 13 hydrants, R. D. Wood & Co.; pipe 2800 ft, 8 to 10 in dia; water-works owned by city; cost to construct \$15,000; int on bonds 6 per cent. Mayor, Chas. Wagner; city clerk, Louis Schilling.

Northfield, Rice Co., population 4000; fire area 2500 acres; mercantile buildings, brick and stone; 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 500 ft, rubber good 1500 ft, inferior 500 ft; value of fire department equipment \$6000; value of buildings occupied \$4000; total ann expenses of department \$900; total membership 75, volunteer; bell alarm; 4 fire companies. Chief engineer, R. C. Phillips; chairman of fire and water com, Peter Moes.

WATER SUPPLY—Source not given; system, pumping to 2 cisterns, cap 1600 barrels dy; 8 hydrants; pipe 8 in dia; pressure 150 pounds. Town clerk, W. W. Clark.

North St. Paul, Ramsey Co., population 3000; fire area 150 acres; mercantile buildings, brick, 2 to 5 stories; private, wood, 1½ stories; roofs iron and gravel; fireworks ordinance. Fire department—1 chemical engine on wheels; 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 600 ft, rubber good 600 ft; value of fire department equipment \$3000; value of buildings occupied \$3500; total membership 58, volunteer; electric alarm; 4 fire companies. Chief engineer, C. B. Brody; chairman of fire and water com, Alfred Freshel.

WATER SUPPLY—Source not given; system, direct; cost to construct \$16,000.

Owatonna, Steele Co., population 2800; fire area 30 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemi-

cal engines, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, rubber good 800 ft; value of fire department equipment \$7000; value of building occupied \$3000; total ann expenses of department \$300; total membership 50, volunteer; bell alarm. Chief engineer, C. E. Luce; chairman of fire and water com, C. F. Backus.

WATER SUPPLY—Source, drilled well 650 ft; system, pumping to standpipe and direct; standpipe cap 1,000,000 gals; Smedley pump; 28 hydrants, R. D. Wood & Co.; pipe 8 miles, 4 to 10 in dia; quality of water soft; water-works owned by city; cost to construct \$30,000; ann expenses \$5. Supt, W. W. Curtis; mayor, E. M. Morehouse; city clerk, S. M. Byrnes.

Osakis, Douglas Co., population 600; fire area 4 square miles; buildings, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage, 3 sets extension ladders and 8 hand pumps; hose cotton, good 1000 ft, inferior 300 ft; value of fire department equipment \$3500; value of buildings occupied \$200; total membership 30, volunteers; steam whistle alarm. Chief engineer, John R. Gallagher.

WATER SUPPLY—Source and system not given; 100 barrel cistern.

Paynesville, Stearns Co., population 500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hooks, ladders and pails; hose cotton, good 600 ft, inferior 600 ft; value of fire department equipment \$1000; value of buildings occupied \$100; total ann expenses of department \$20; total membership 20, volunteer; steam whistle alarm. Chief engineer, Fred. Harper; chairman of fire and water com, R. J. Tuttle.

Pipe Stone, Pipe Stone Co., population 1400; mercantile buildings, stone and wood, wooden roofs permitted; fireworks ordinance. Fire department—3 chemical engines on wheels, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total membership 60, volunteer; bell alarm. Chief engineer, W. B. Brown.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 90,000 gals; 10 hydrants, Chapman; pipe 3 miles, 8 and 4 in dia; pressure 40 pounds; cost to construct \$20,000; ann expenses \$500; int on bonds 6 per cent. Chairman of com, C. C. Goodnow.

Presten, Fillmore Co., population 1200; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; value of fire department equipment \$1000; total ann expenses of department about \$400; total membership 40, volunteers, paid part time; bell alarm. Chief engineer, Geo. Remmer.

WATER SUPPLY—Source, river, wells and cistern. Village clerk, C. Peterson.

Red Wing, Goodhue Co., population 8000 mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 5000 ft, inferior 1500 ft; value of fire department equipment \$50,000; value of buildings occupied \$20,000; total ann expenses of department \$2500; total membership 63, volunteers; electric alarm. Chief engineer, J. H. Webster.

WATER SUPPLY—Source, river; system, pumping to reservoir; cap of reservoir 1,000,000 gals; Blake pumping engines, dy cap 1,000,000 gals; 65 hydrants, Galvin & Chapin; pipe 7½ miles, 4 to 14 in dia, St. Louis Pipe Co.; 28 valves, Galvin & Chapin; 50 meters, Nat'l & Hersey; quality of water good; pressure 110 pounds; water-works owned by city; cost to construct \$62,400; ann expenses \$500. Chairman of com, F. B. Howe; supt, W. I. Miller; mayor, F. B. Howe; city clerk, S. J. Willard.

Redwood Falls, Redwood Co., population 1500; buildings, brick and wood, 1 and 2 stories. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; value of fire department equipment \$3500; total membership 20, volunteers; bell alarm. Chief engineer, O. W. McMillan.

WATER SUPPLY—Source, wells and cisterns. Town clerk, E. D. French.

Rochester, Olmstead Co., population 15322. Fire department—1 steam fire engine, 2 hook and ladder trucks, 4 hose carriages; hose cotton, inferior 500 ft, rubber inferior 1500 ft; total membership 30, paid. Chief engineer, W. S. Elkins.

WATER SUPPLY—Source, springs; system, pumping to standpipe; 6 cisterns; standpipe cap, 225,000 gals; Worth

ington pumping engines, dy cap 2,000,000 gals; 150 hydrants, Ludlow; pipe 2½ miles, 4 to 14 in dia; valves, Ludlow; pressure, domestic 75, fire 150 pounds; water-works owned by company; cost to construct \$150,000; ann expenses est \$500; int on bonds 6 per cent. Pres of com, J. F. Moffett; supt, Chas. Streeter; town clerk, E. Yetter.

Rosemount, Dakota Co., buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1800; total membership 18, volunteers. Chief engineer, M. Hyam.

WATER SUPPLY—Source, wells; system, pumping to tanks; 4 tanks, cap 2000 barrels each. Town clerk, Thos. Moran.

Rushford, Fillmore Co., population 1800; buildings, stone and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 75 leather buckets; total ann expenses of department \$100 (1888); total membership 30, volunteers; bell alarm.

WATER SUPPLY—Source, driven wells. Town clerk, F. Oleson.

St. Charles, Winona Co., population 1188; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$200; total membership 34, volunteers; bell alarm. Chief engineer, C. G. Batchelder.

WATER SUPPLY—Source not stated; 1 tank cap 1000 barrels; 11 hydrants; pipe 1½ miles. Village recorder, Thos. P. Dixon.

St. Cloud, Stearns Co., population 8000; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, stone and brick, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 800 ft, inferior 600 ft; value of fire department equipment \$2800; total ann expenses of department \$2800; total membership 180, volunteers; electric alarm. Chief engineer, R. R. Griebler.

WATER SUPPLY—Source, Mississippi River; system, pumping to standpipe and direct; standpipe cap 350,000 gals; Deane and Holly-Gaskill pumping engines, dy cap 3,000,000 gals; 100 hydrants, Coffin; pipe 9 miles, 4 to 12 in dia, Shickle, H. & H.; 27 gates, Coffin; 8 meters, Union; pressure 40 to 100 pounds; water-works owned by company; cost to construct \$125,000; ann expenses \$200; int on bonds 6 per cent. Pres of com, E. T. Sykes; supt, Theo. Weinhaus; mayor, W. Westerman; city clerk, Peter Buck.

St. Paul, Ramsey Co., population 215,000; fire area 81,000 acres; mercantile buildings, stone, brick, terra cotta and wood, 2 to 10 stories; private, stone, brick, terra cotta and wood, 2 to 8 stories; wooden roofs permitted in fire limits; fireworks ordinance. Fire department—10 steam fire engines, 9 chemical engines on wheels, 8 chemical extinguishers, 8 hook and ladder trucks, 3 aerial trucks, 19 hose carriages, 16 supply wagons, water tower, hose cotton, good 17,450 ft, rubber good 9800 ft, 08 horses, value \$25,750; value of fire department equipment \$104,410; value of buildings occupied \$173,450; value of real estate \$140,800; total ann expenses of department \$224,761; total membership 194, paid full time; firewell alarm; 136 street boxes. Chief engineer, John Jackson; Chairman of board, Reuben Warner.

WATER SUPPLY—Source, chain of lakes; system, low service, gravity; high service, pumping to reservoir. Allis pumping engines, dy cap 6,000,000 gals; 10,000,000 gal Deane pump ordered, 1471 hydrants, Mathews; pipe 60½ miles, 4 to 36 in dia, Shickle, H. & H.; 1479 valves, Boston, Wood, Galvin; 320 meters, Worthington, Union, Crown, Empire, Hersey, Thomson, Frost; quality of water best; pressure 80 to 100 pounds; water-works owned by city; cost to construct \$3,549,351; ann expenses \$0,072; int on bonds 4 to 5 per cent. Pres of com, J. F. Ioyt; supt, J. B. Overton; mayor, R. A. Smith.

St. Peter, Nicolett Co., population 4500; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$2000; value of buildings occupied \$000; total ann expenses of department \$150; total membership 65, volunteers; bell alarm. Chief engineer, John McCabe.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 142,000 gals; Smedley pumping engines, dy cap 1,700,000 gals; 35 hydrants, Chapman; pipe 8 miles, 4 to 12 in dia, Shickle, H. & H.; 20 valves, Chapman; 1 meter; quality of water good; pressure, domestic 75, fire 80 pounds; water-works owned by city; cost to construct \$28,000; ann expenses \$600. Mayor, Philip Dick; city clerk, C. R. Davis.

Sauk Centre, Stearns Co., population 3000; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$2500; value of building occupied \$2000; total membership 50, volunteers; electric alarm; 5 street boxes. Chief engineer, L. E. Coe.

WATER SUPPLY—Source, Sauk Lake; system, direct pumping; Worthington pumps, dy cap 1,000,000 gals; 15 hydrants, Ludlow; pipe 1½ miles, 6 and 8 in dia; National meters; pressure, domestic 50, fire 125 pounds; water-works owned by company which has failed; operated by city pending result of litigation; cost to construct \$14,000; ann expenses \$120; int on bonds 6 per cent. Supt, L. E. Coe; mayor, W. S. Dean; town clerk, A. H. Pettit.

Shakopee, Scott Co., population 2500; fire area 15 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 700 ft, rubber good 1800 ft; value of fire department equipment \$3700; value of buildings occupied \$4000; total ann expenses of department \$1206; total membership 90, volunteers; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, E. J. Gellenbeck.

WATER SUPPLY—Source, cisterns. Town clerk, J. A. Collar.

South St. Paul, Ramsey Co., population 8000; mercantile buildings, brick, 4 and 5 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 steam fire engines; hose cotton 7700 ft, rubber 300 ft, leather good 2800 ft, inferior 300 ft; value of fire department equipment \$12,000; value of buildings occupied \$8000; total membership 60, paid part time 8; bells. Chief engineer and chairman of fire and water com, Frank I. Waterous.

Springfield, Brown Co., population 850; fire area 10 acres; mercantile buildings, wood, 2 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 hook and ladder trucks, 1 hose carriage; hose from railroad tank forced by round-house engine; value of fire department equipment \$1000; value of buildings occupied \$400; total ann expenses of department \$100; total membership 25, volunteers; triangle alarm. Chief engineer, Chas. Olsen.

Spring Valley, Fillmore Co., population 1188; buildings, wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; value of fire department equipment \$1500; value of building occupied \$600; total membership 50, volunteers; bell alarm.

WATER SUPPLY—Source, creek; 2 cisterns. Mayor, C. M. Clark; village clerk, J. C. Holpkat.

Stillwater, Washington Co., population 117,437; buildings, wood, brick and stone; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 10 hose carriages; hose good, 10,000 ft; 6 horses; value of fire department equipment \$10,000; value of building occupied \$1300; total membership 23, paid full time 6; electric and whistle alarm; 15 street boxes. Chief engineer, F. E. Joy.

WATER SUPPLY—Source, McKusick Lake; system, gravity and pumping to tanks; cap of tanks 100,000 gals each; 2 Blake pumping engines, dy cap 2,000,000 gals; 88 hydrants, Ludlow; pipe 9 4-10 miles, 4 to 16 in dia; Ludlow valves; 3 meters; filtration, gravel and charcoal; pressure, domestic 60, fire 60 to 90 pounds; water-works owned by company; cost to construct \$200,000; ann expenses \$4000; int on bonds 7 per cent. Pres of com, E. W. Durant; supt, H. H. Harrison; mayor, G. M. Seymour; city clerk, E. A. Hopkins, Jr.

Wabasha, Wabasha Co., population 2800; buildings, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck; bell alarm. Chief engineer, M. Kennedy.

WATER SUPPLY—Source, Mississippi River; system, direct pumping; Silsby pumping engines, quality of water salt; cost to construct \$6000; ann expenses \$800; int on bonds 6 per cent. Mayor, Jacob Tenney; town clerk, R. E. Stearns.

Waconia, Carver Co., buildings, wood, 1 and 2 stories; wooden roof permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$3000; total ann expenses of department \$50 (1888); total membership 48, volunteers; bell alarm. Chief engineer, J. Kugler.

WATER SUPPLY—Source and system not given; 5 tanks, cap 500 barrels each; cisterns. Town clerk, A. E. Kaeder.

MINNESOTA—Continued.

Warren, Marshall Co., population 900; fire area 240 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$5000.

Waseca, Waseca Co., population 12500; buildings, wood and brick. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1250 ft.; value of fire department equipment \$1500; total membership 86, volunteers; bell and whistle alarm.

WATER SUPPLY—Source, lake and cisterns. Town clerk, John Moonan.

Watertown, Carver Co., buildings, wood, 1½ and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft., inferior 150 ft.; value of fire department equipment \$1000; total ann expenses of department \$150 (1888); total membership 25, volunteers; bell alarm. Chief engineer, F. A. Barth.

WATER SUPPLY—Source, rivers and cisterns. Town clerk, Walter St. John.

Wells, Fairbault Co., population 1661; buildings, brick and wood, 1 to 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber lined, good 800 ft.; value of fire department equipment \$2000; total ann expenses of department \$500 (1888); total membership 60, paid part time 30; bell alarm. Chief engineer, G. W. Fellows.

WATER SUPPLY—Source and system not given; 4 tanks cap 500 barrels each. Town clerk, J. A. Jonson.

West St. Paul, Ramsey Co. (see St. Paul).

Willmar, Kandiyohi Co., population 1500; buildings, brick and wood, 1 to 3 stories. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels,

1 hook and ladder truck, 2 hose carriages; hose cotton, good 1200 ft., rubber good 400 ft.; value of fire department equipment \$4500; value of building occupied \$1000; total ann expenses of department \$300 (1888); total membership 37, volunteers; bell and whistle alarm. Chief engineer, M. D. Manning.

WATER SUPPLY—Source and system not given; cisterns; 2 supply tanks. Town clerk, A. Crosby.

Winona, Winona Co., population 23,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages; hose cotton 2000 ft., rubber good 6000 ft.; total membership 150, volunteers. Chief engineer, M. Hanley.

WATER SUPPLY—Source, 2 wells near Mississippi River; system, pumping to standpipe and direct; Worthington pumping engines, dy cap 5,000,000 gals; 175 hydrants; pipe 16 miles, Long; pressure, domestic 40, fire 90 pounds; water-works owned by city; cost to construct \$200,000; ann expenses \$14,000; int on bonds 4½ per cent. Chairman of com, John B. Fellows; supt, Thos. Botham; city clerk O. N. Clark.

Zumbrota, Goodhue Co., population 1000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1200 ft.; value of fire department equipment \$7000; total ann expenses of department \$500; total membership 55, volunteers; bell alarm.

WATER SUPPLY—Source, river; system, direct pumping; 6 hydrants; pipe 1 mile, 4 to 9 in dia; pressure 140 pounds; cost to construct \$8000; ann expenses \$350. Supt, P. Yochem; mayor and pres, W. F. Bevers; village recorder, F. N. Lee.

The following places have no fire protection: Battle Lake, Otter Tail Co., population 182. Graceville, Big Stone Co., population 40 (has 2 dozen chemical extinguishers). La Crescent, Houston Co., population 200.

MISSISSIPPI.

Aberdeen, Monroe Co., population 4000; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose rubber, good 1500 ft.; 2 horses; value of fire department equipment \$7000; value of building occupied \$1500; total ann expenses of department \$350; total membership 120, volunteers; bell alarm.

WATER SUPPLY—Source, 12 artesian wells; 4 reservoirs, cap 16,000 gals each.

Bay St. Louis, Hancock Co., population 2000; buildings, wood, 1 story. Fire department—1 hand engine, 4 chemical extinguishers, 1 Babcock hook and ladder truck; hose cotton, good 200 ft., inferior 200 ft.; value of fire department equipment \$1700; value of building occupied \$1500; total membership 31, volunteers. Chief engineer, John Dillman.

WATER SUPPLY—Source, wells and cisterns.

Biloxi, Harrison Co., population 4000; fire area 5 sq. miles; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; buckets; hose cotton; good 500 ft., rubber good 300 ft., inferior 300 ft.; value of fire department equipment \$10,000; value of buildings occupied \$2000; total membership 150, volunteers; bell alarm. Chief engineer, Phil McCabe.

WATER SUPPLY—Source, artesian well; pipe 4 miles, 4 in dia.

Brookhaven, Lincoln Co., population 2500; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage; hose rubber, good 700 ft.; value of fire department equipment \$2500; total ann expenses of department \$150; total membership 150; bell alarm.

WATER SUPPLY—Source, 6 cisterns. Town clerk, B. T. Alkins.

Canton, Madison Co., population 2028; fire area 640 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1600 ft., inferior 400 ft.; 2 horses, hired; value of fire department equipment \$3000; value of 2 buildings owned \$300, 1 rented at \$20 per year; total ann expenses of de-

partment \$2000; total membership 125, volunteers; bell alarm. Chief engineer, W. L. Craig.

WATER SUPPLY—Source, springs, wells; 4 cisterns. Town clerk, R. W. Durfee.

Columbus, Lowndes Co., population 5350; fire area 240 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages; siamese couplings used; hose rubber, good 2000 ft., inferior 1000 ft.; value of fire department equipment \$20,000; value of 4 buildings occupied \$5000; total ann expenses of department \$1000; total membership 200; bell alarm. Chief engineer, J. E. Leigh.

WATER SUPPLY—Source, 2 artesian wells; system, pumping to reservoir; reservoir cap 90,000 gals; 2 Knowles pumping engines, dy cap 100,000 gals; 100 hydrants; pipe 3 miles, 4 in dia; 4 meters; pressure 10 to 60 pounds; water-works owned by city; cost to construct \$25,000; ann expenses \$1200. Supt, R. J. Frierson; city clerk, S. W. Baker.

Crystal Springs, Copiah Co., population 1500; buildings, wood and brick, 1 story; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$600; total membership 40; volunteers; bell alarm. Chief engineer, C. Appel.

WATER SUPPLY—Source, public wells and cisterns. Town clerk, I. M. Eagan.

Greenville, Washington Co., population 2800; fire area 2000 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 900 ft., inferior 400 ft.; 2 horses; value of fire department equipment \$10,000; total ann expenses of department \$3000; total membership 50, paid 5; bell alarm.

WATER SUPPLY—Source, artesian well, with Mississippi River as reserve; system, direct pumping; 2 Gordon pumping engines, dy cap 2,500,000 gals; 65 hydrants; pipe 5½ miles, Addystone; water-works owned by company; cost to construct \$70,000. Pres of com, Louis Metesser; supt, James Burke; mayor, R. W. Telford; city clerk, Wm. Yerger.

Grenada, Grenada Co., population 3500; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories;

wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck.

Jackson, Hinds Co., population 5204; fire area 1500 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose rubber, good 2880 ft; value of fire department equipment \$9766; value of 6 buildings occupied \$8000; total ann expenses of department \$2500; total membership 247; bell alarm. Chief engineer, W. S. Hamilton.

WATER SUPPLY—Source, river; system, pumping to standpipe; pumping engines, dy cap 3,000,000 gals; 80 hydrants; pipe 18 miles, 4 to 12 in dia; pressure 60 to 125 pounds; water-works owned by company; cost to construct \$110,000. Pres of com, A. L. Saunders; supt, Chas. Dudley, mayor, Wm. Henry; city clerk, J. T. Buck.

Kosciusko, Attala Co., population 1400; buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$750; total membership 20, volunteers; bell alarm.

WATER SUPPLY—Source, wells, Mayor, J. C. Clark; town clerk, J. D. Comfort.

Macon, Nottoway Co., population 2500; fire area 11 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck; total membership 35, volunteers; bell alarm; 1 hook and ladder company. W. M. Jones, pres.

WATER SUPPLY—Source, 250 cisterns, dy cap 10,000 gals. Town clerk, Wm. French.

McComb, Pike Co., population 1982; buildings, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels; 2 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 500 ft; value of fire department equipment \$500; total ann expenses of department \$100; total membership 30, volunteers; bell and whistle alarm.

WATER SUPPLY—Source, 8 cisterns.

Meridian, Lauderdale Co., population 15,000; fire area 250 acres; mercantile buildings, brick, 2 to 5 stories; private, wood, 1 to 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 5 hose carriages; hose cotton, good 1500 ft, inferior 500 ft, rubber good 500 ft, inferior 500 ft; 2 horses, value \$500; value of fire department equipment \$18,000; value of buildings occupied \$2000; total ann expenses of department \$200; total membership 210, volunteers, paid 2; American alarm; 16 street boxes; 8 engine companies, 2 hose companies. Chief engineer, Joseph Swain; chairmen of fire and water coms, G. Coleman, C. W. Gallagher.

WATER SUPPLY—Source, springs and surface water; system, gravity and direct pumping; reservoir, cap 200,000 gals; Worthington pumping engines, dy cap 2,500,000 gals; 90 hydrants, Ludlow; pipe 9 8-10 miles. Wood; Ludlow valves; 8 meters; pressure, domestic 60, fire 90 pounds; water-works owned by company; cost to construct \$125,000; ann expenses \$2400. Supt, Geo. B. Opp; city clerk, J. R. McElroy.

Moss Point, Jackson Co., population 2500. Fire department—3 hand engines; 350 ft good hose; total membership 85, volunteers.

WATER SUPPLY—Source, river and lake.

Natchez, Adams Co., population 12,000; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages; hose rubber, good 1000 ft, inferior 800 ft; 4 horses, value \$1000; value of fire department equipment \$10,000; value of 2 buildings occupied \$11,500; total ann expenses of department \$2844; total membership 254, paid full time 1, paid part time 2, volunteers. R. S. Dixon, pres.

WATER SUPPLY—Water-works have been accepted and are now in use; not described; 110 hydrants. Mayor, W. B. Benbrook; city clerk, T. R. Quarterman.

Port Gibson, Claiborne Co., population 1600; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—Babcock extinguisher, 1 hook and ladder truck; bell alarm.

WATER SUPPLY—Source, cisterns. Town clerk, Frank H. Foote.

Scranton, Jackson Co., population 1500; buildings, wood, 9 and 10 feet. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, good 800 ft; total membership 78, volunteers; bell alarm.

WATER SUPPLY—Source, river, wells and 80 cisterns.

Starkville, Oktibbeha Co., population 2500; fire area 1260 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical extinguisher, 1 hook and ladder truck; value of fire department equipment \$1000; value of building occupied \$3000; total ann expenses of department \$400; total membership 40, volunteers; bell alarm; 1 hook and ladder company. Chief engineer, S. B. Chambers; chairman of fire and water com, W. W. Magruder.

WATER SUPPLY—Source, spring and 100 cisterns. Town clerk, J. T. Chiles.

Summit, Pike Co., population 2000. Fire department—2 chemical extinguishers, 1 hook and ladder truck; total membership 20. Chief engineer, J. J. Havers.

WATER SUPPLY—Source, wells and 9 cisterns. Mayor, J. C. Lambkin; town clerk, S. A. Matthews.

Vicksburg, Warren Co., population 22,000; mercantile buildings, brick and iron, 2 to 5 stories; private, brick and wood, 2 to 3 stories; wooden roofs not permitted. Fire department—3 steam fire engines, 1 hook and ladder truck; 5 hose carriages; horse and buggy for chief; hose cotton, inferior 500 ft, rubber good 2500 ft, inferior 300 ft; 7 horses, value \$1900; value of fire department equipment \$12,800; value of buildings occupied \$10,000; total ann expenses of department \$3000; total membership call men, paid full time 6; bell and telephone alarm. Chief engineer, Wm. Price; chairmen of fire and water com, John Evans, J. B. Reid.

WATER SUPPLY—Source, Mississippi River; system, pumping to standpipe; standpipe cap, 580,000 gals; 4 Deane pumping engines, dy cap 4,000,000 gals; 91 hydrants, Ludlow; pipe 14 8-10 miles, 4 to 16 in dia, Long; 70 valves, Ludlow; 18 meters, National; quality of water good; settling basin; pressure 40 to 140 pounds; water-works owned by company; cost to construct \$254,000; int on bonds 6 per cent. Pres of com, Wm. Yorke; supt, Chester R. McFarland; mayor, R. F. Beck; city clerk, F. L. Gussio.

Wesson, Copiah Co., population 4000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; iron and slate roofs. Fire department—15 chemical extinguishers, 8 hose carriages; hose cotton, good 900 ft, rubber good 500 ft, inferior 500 ft, leather good 800 ft, linen good 400 ft, inferior 900 ft; total membership 15, volunteers; bell and whistle alarm. Chief engineer, J. J. Stevens.

WATER SUPPLY—Source, creek and cisterns; system, pumping to reservoir and direct; Worthington and Deane pumping engines, dy cap 2,000,000 gals; 22 hydrants; pipe 1 mile, 6 in dia; 48 gates, Chapman; pressure 50 to 200 pounds; cost to construct \$17,000; ann expenses \$300. Supt, John Hopkinson; mayor, T. D. Day; city clerk, A. T. Woodin.

Yazoo City, Yazoo Co., population 4000; fire area 850 acres; buildings, wood and brick, 1 and 2 stories; wooden roofs not permitted on main street; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft, inferior 600 ft, leather good 100 ft; value of fire department equipment \$8000; value of buildings occupied \$3000; total ann expenses of department \$1000; total membership 110, paid full time 1, volunteers 109; 3 bells alarm. Chief engineer, Geo. H. Quekmeyer; chairman of fire and water com, John Lear.

WATER SUPPLY—Source, 22 cisterns, cap 500 barrels each. Mayor, W. G. Deles; city clerk, E. J. Poursine.

The following places have no fire protection: Daleville, Lauderdale Co., population 300. Durant, Holmes Co., population 2000. Friars Point, Coahoma Co., population 1200. Hattiesburg, Perry Co., population 450. Iuka, Tishomingo Co., population 1000. Oxford, La Fayette Co., population 3000. Raymond, Hinds Co., population 500. Sardis, Panola Co., population 1000. Shubuta, Clarke Co., population 750. Tunica, Tunica Co., population 450. Tupelo, Lee Co., population 2000. Water Valley, Yalobusha Co., population 2500; West Point, Clay Co., population 3500.

MISSOURI.

Boonville, Cooper Co., population 5850. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 1500 ft; total membership 80, volunteers. Chief engineer, L. H. Levens.

WATER SUPPLY—Source, Missouri River; system, pumping to reservoir; reservoir cap 3,000,000 gals; Smith-Vaile pumping engines, dy cap 1,300,000 gals; 52 hydrants, Chapman; pipe 7½ miles, 4 to 10 in dia, Shickle, H. & H.; 14 valves, Chapman; 2 meters, Crown; quality of water clear; filtration sand and gravel; pressure, domestic 40, fire 65 to 100 pounds; water-works owned by company; cost to construct \$84,000; int on bonds 6 per cent. Pres of com, John S. Elliott; supt, R. Hadelich; mayor, Dr. Franklin Swap; city clerk, E. H. Redman.

Brunswick, Charlton Co., population *2900; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 2 chemical extinguishers; hose rubber, good 300 ft. **WATER SUPPLY**—Source, river; system, pumping to tanks; 1 hydrant. Town clerk, W. A. Knappenberger.

California, Moniteau Co., population *2500. Fire department—hooks and ladders. **WATER SUPPLY**—Source, wells. Town clerk, S. F. Hart.

Cameron, Clinton Co., population *3500. Fire department—1 hand engine; hose good 600 ft; total membership 40, volunteers. Chief engineer, W. Sackett.

WATER SUPPLY—Source, wells and cisterns. Mayor, A. L. Lindner; town clerk, Byron B. Beery.

Canton, Lewis Co., population 2500; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in business section; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose cotton, good 1600 ft; inferior 400 ft; value of fire department equipment \$3000; value of buildings occupied \$4000; total ann expenses of department \$1500; total membership 85, paid full time 1, volunteers 84; bell alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, L. H. Condit; chairman of fire and water com, N. D. Starr.

WATER SUPPLY—Source, artesian well; 1 reservoir; 10 hydrants; pipe 1 mile, 6 in dia; pressure 70 pounds. Town clerk, S. Stewart.

Cape Girardeau, Cape Girardeau Co., population *6500; mercantile buildings, brick, stone and iron, 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 600 ft, rubber inferior 400 ft; value of fire department equipment \$1200; value of buildings occupied \$400; total ann expenses of department \$500; total membership 125, volunteers 50; bell alarm. Chief engineer, John Wolter.

WATER SUPPLY—Source, river, creek and cisterns. Mayor, Leon J. Albert; city clerk, Philip A. Hoch.

Carrollton, Carroll Co., population 7000; fire area 1½ miles square; mercantile buildings, brick, 3 and 3 stories, private, wood and brick, 1 and 2 stories; tin and gravel roofs; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; hoses, value \$500; value of fire department equipment \$3500; value of buildings occupied \$2500; total ann expenses of department \$500; total membership 35, volunteers; telephone alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, L. M. Mettler; chairman town council, W. F. Gibson.

WATER SUPPLY—Source, wells; system, direct; standpipe being constructed; Holly-Gaskill pumping engines, dy cap 1,500,000 gals; 28 hydrants, Holly and others; pipe 2 miles, 4 to 10 in dia; 5 meters, Crown; quality of water good; pressure, domestic 45, fire 130 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$25,000; int on bonds 7 per cent. Pres of com, B. F. Jones; supt, S. K. Turner; mayor J. G. Houston; town clerk, Dudley D. Thomas.

Carthage, Jasper Co., population 11,000; fire area 9 sq. miles; mercantile buildings, brick and stone, 2 to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 2 hose wagons; hose cotton, good 500 ft, rubber good 3000 ft; 4 horses, value \$600; value of fire department equipment \$1500; value of buildings occupied \$5500; total ann expenses of department \$1200; total membership 80, paid full time 2, volunteers 28; bell alarm; 1 hook and ladder company; 2 hose companies.

Chief engineer, Geo. H. Thomas; chairman of fire and water com, C. O. Harrington.

WATER SUPPLY—Source, Spring River; system, pumping to standpipe and direct; 1 standpipe, cap 22,000 gals; 2 Knowles pumping engines, dy cap 1,500,000 gals; 65 hydrants, Chapman; pipe 18 miles, Shickle, H. & H.; Chapman valves; 10 meters; filtration, stone and gravel; pressure, domestic 40, fire 118 pounds; water-works owned by company; cost to construct \$1,000,000; ann expenses \$2800; int on bonds 6 per cent. Pres of com, C. H. Main; supt, C. L. Bartlett; mayor, B. F. Thomas; city clerk, W. A. Williams.

Charleston, Mississippi Co., population *1500; fire area 400 acres; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels; hose rubber, 100 ft; value of fire department equipment \$1000; value of building occupied \$50; bell alarm.

WATER SUPPLY—Source, driven wells. Town clerk, S. G. Twiddle.

Chillicothe, Livingston Co., population *6000. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose good, 1000 ft. Chief engineer, A. M. Shelton.

WATER SUPPLY—Source, Grand River; system, pumping through filters to standpipe and direct; reservoir cap 1,200,000 gals; standpipe cap 135,000 gals; 2 Worthington pumping engines, dy cap 2,000,000 gals; 81 hydrants, Ludlow; pipe 8½ miles, Shickle, H. & H.; Ludlow valves; 1 meter; 3 filters, Hyatt; pressure, domestic 80, fire 150 pounds; water-works owned by company; cost to construct \$200,000; ann expenses \$4000. Pres of com, Alex. G. Black; supt, N. C. Irwin; mayor, J. L. Schmitz; city clerk, B. Craycroft.

Clinton, Henry Co., population 7000; fire area about 48 acres; mercantile buildings, brick and stone, 2 stories; private, wood and brick; metal roofs; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carts; hose rubber, good 1000 ft; value of fire department equipment \$2000; buildings occupied, rented; total ann expenses of department \$2000; total membership 60, volunteers; bell alarm. Chief engineer, J. E. McCarty; chairmen of fire and water coms, R. H. Piper, P. W. Morisetti.

WATER SUPPLY—Source, Grand River and 6 wells; system, pumping to reservoir, standpipe and direct; reservoir cap 2,000,000 gals; standpipe cap 80,000; Perkins pumping engines; 55 hydrants, Perkins; pipe 10 miles, 4 to 10 in dia; pressure, domestic 60, fire 130 pounds; water-works owned by company; cost to construct \$55,730; ann expenses est \$4500; int on bonds 6 per cent. Pres of com, P. B. Perkins; supt, W. H. Allen; city clerk, A. Haynie.

Fulton, Callaway Co., population *3000. Fire department—2 chemical extinguishers, 1 hook and ladder truck.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 650,000 gals; Deane & Nelson pumping engines, dy cap 1,300,000 gals; cost to construct est \$20,000; int on bonds 6 per cent. Chairman of com, W. H. Humphreys; supt, James Leach; town clerk, T. M. Bolton.

Hamilton, Caldwell Co., population *2000. Fire department—3 hand engines, hooks, ladders, pikes, etc.; total membership 40; 1 hook and ladder company. Chief engineer, C. A. Thornton.

WATER SUPPLY—Source, cisterns. Town clerk, S. M. Young.

Hannibal, Marion Co., population 11,060; fire area 2080 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 5000 ft; 3 horses; value of fire department equipment \$13,300; value of buildings occupied \$5000; total ann expenses of department \$3750; total membership 80, paid part time 6; telephone bell alarm. Chief engineer, T. B. Parks.

WATER SUPPLY—Source, river; system, pumping to reservoir; 1 reservoir, cap 1,500,000 gals; Blake & Allis pumping engines, dy cap 4,000,000 gals; 78 hydrants; pipe 13½ miles, 4 to 6 in dia; pressure 150 pounds; cost to construct \$123,000; ann expenses \$5700; int on bonds 8 per cent. Pres, J. G. Chapman; supt, J. C. Louis.

Hermann, Gasconade Co., population 1500; fire area 900 acres; buildings, brick and stone, 2 to 3 stories. Fire department—1 steam fire engine, 2 hand engines, 1 hook

and ladder truck, 2 hose carriages; siamese couplings; hose rubber, good 1000 ft, inferior 200 ft; value of fire department equipment \$4000; value of buildings occupied \$1000; total ann expenses of department \$150; total membership 75, volunteer; bell alarm. Chief engineer, Hugo Kropp.

WATER SUPPLY—Source, river; 6 cisterns, cap 10,000 gals. Town clerk, T. Graf.

Holden, Johnson Co., population 8000; fire area 120 acres; mercantile buildings, brick and stone, 2 stories; private, 1 and 2 stories; wooden roofs not permitted; fire-works ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$1500 ft; value of buildings occupied \$3000; total ann expenses of department \$150; total membership 40, volunteers; bell alarm; 2 fire companies. Chief engineer, Jos. S. Johnson; chairman of fire and water com, W. P. Baker.

WATER SUPPLY—Source not given; system, pumping through filter to standpipe; standpipe cap 75,000 gals; impounding reservoir; Deane pumping engines, dy cap 1,250,000 gals; 50 hydrants, Chapman; pipe 8½ miles; filtration Hyatt; pressure 60 pounds. Pres, L. P. Andrews; supt, B. J. Miller.

Independence, Jackson Co., population *8000. Fire department—1 hose carriage; hose good, 1000 ft; total membership 80, volunteers. Chief engineer, J. George.

WATER SUPPLY—Source, Missouri River; system, pumping to reservoirs and to standpipe; standpipe cap 80,000 gals; Smith & Valle and Deane pumping engines, dy cap 500,000 gals; 50 hydrants, Chapman; pipe 7½ miles, 10 to 14 in dia, Shickle, Harrison & Howard Iron Co.; 14 valves, Chapman; 8 meters, Crown & Hersey; quality of water excellent; filtration, sand and gravel; pressure, domestic 25, fire 80 to 120 pounds; water-works owned by company; cost to construct about \$100,000; ann expenses \$5600; int on bonds \$4800. Pres, W. E. Winner; supt, R. D. Weirt; mayor, C. Cryslar; city clerk, Jas. F. Armstrong.

Iron Mountain, San Francois Co., population 3500. No organized fire department—200 feet hose.

WATER SUPPLY—Source and system not given; works have a dy cap of 1,000,000 gals; pressure 140 pounds; water-works owned by company.

Jamesport, Daviess Co., population 900; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; buckets, ladders and sicks; no organized department.

Jefferson City, Cole Co., population 8500; fire area 1000 acres; buildings, mercantile, brick, stone and iron, 2 or 4 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages, pom-pier ladders; hose rubber, good 2500 ft; total ann expenses of department \$600; total membership 28, volunteer; bell alarm; total number of fire companies 5. Chief engineer, H. J. Gerstenkorn; chairman of fire and water com, Hon. L. D. Gerdan.

WATER SUPPLY—Source, Missouri River; system, pumping to reservoir and to standpipe; reservoir cap 60,000 gals; standpipe cap 200,000 gals; Gordon pumping engines, dy cap 1,250,000 gals; 70 hydrants; pipe 7 miles, to 14 in dia; 4 meters, Worthington; quality of water good; filtration, Johnson system; pressure, domestic 70, fire 85 to 90 pounds; water-works owned by company. Pres, F. H. Bindee; supt, J. W. Edwards; mayor, Phillip Iitt; city clerk, Geo. Winston.

Joplin, Jasper Co., population 1500; fire area 1 mile square; buildings, mercantile, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton, good 4500 ft, rubber good 500 ft, inferior 400 ft; value of fire department equipment \$6000; value of buildings occupied \$5000; total ann expenses of department \$300; total membership 1, volunteer; fire companies 3. Chief engineer, A. Oughton.

WATER SUPPLY—Source, shoal creek; system, pumping to reservoir; reservoir cap 3,000,000 gals; Smith & Valle pumping engines, dy cap 804,000 gals; 60 hydrants, Ludlow; pipe 18 miles; 6 meters; pressure, domestic 30 to 1, fire 100 pounds; water-works owned by company; cost construct \$124,000; ann expenses \$5900; int on bonds 7 per cent. Supt, C. W. Glover.

Kahoka, population 2000; buildings, brick, 2 stories; fire department—1 hand engine, 1 hook and ladder truck; hose rubber, good 100 ft; value of fire department equipment \$400; value of buildings occupied \$50; total membership 12, volunteer. Chief engineer, O. J. Snyder.

Kansas City, Jackson Co., population *200,000; fire

area 15 sq. miles; mercantile buildings, brick and stone, 2 to 10 stories; private, wood, brick and stone, 1 to 5 stories; fireworks ordinance; causes of fire investigated. Fire department (report of 1890)—3 steam fire engines, 1 chemical engine on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 10 hose carriages, 2 hose wagons, 2 water towers, siamese couplings used; hose good 21,600 ft, inferior 3000 ft; 84 horses; value of fire department equipment and 10 buildings occupied \$345,550; total ann expenses of department \$108,000; total membership 78, all paid; telephone and telegraph alarm. Chief engineer, Geo. C. Hale.

WATER SUPPLY (report of 1890)—Source, Missouri River; system, pumping to reservoir, standpipe and direct; reservoir and standpipe cap 70,000,000 gals; Holly and Worthington pumping engines, dy cap 20,000,000 gals; 1256 hydrants, Holly, Ludlow, Mathews; pipe 140 miles, 4 to 42 in dia, Shickle, H. & H., Long; valves, mostly Ludlow; 1730 meters, mostly Crown; quality of water good; settling basins, pressure, domestic 130, fire 165 to 175 pounds; water-works owned by company. Pres of com, Giles E. Taintor; supt, B. F. Jones; mayor, Benj. Holmes; city clerk, Frank Graham.

Kirksville, Adair Co., population 4500; fire area 1 mile square; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 700 ft; value of fire department equipment \$800; total ann expenses of department \$125; total membership 25, volunteer; bell alarm. Chief engineer, T. E. Grave.

WATER SUPPLY—Source, wells. Town clerk, Chas. Miller.

La Grange, Lewis Co., population 1850; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$1300; total membership 20, paid part time; bell alarm. Chief engineer, D. C. Skinner.

WATER SUPPLY—Source, river. Town clerk, J. B. Sudduth.

Lexington, La Fayette Co., population *5000; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, same, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft; 2 horses; value of fire department equipment \$3000; value of buildings occupied \$5000; total membership 50, volunteer; telephone and bell alarm. Chief engineer, Wm. Winkler; chairman of fire and water com, John Welborn.

WATER SUPPLY—Source, Missouri River; system, pumping to settling reservoirs and standpipe; standpipe cap 300,000 gals; Blake pumping engines, dy cap 3,000,000 gals; 50 hydrants, White; pipe 7 miles; 15 meters, Crown; pressure, domestic 65, fire 100 pounds; water-works owned by company; cost to construct \$90,000; ann expenses \$4000; int on bonds 6 per cent. Pres, Wm. Morrison; supt, Jos. A. Edmonds; mayor, John Welborn.

Louisiana, Pipe Co., population 55,000; fire area 10 blocks; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted. Fire department—1 hose carriage; hose cotton, good 500 ft, inferior 200 ft, rubber good 1000 ft, inferior 300 ft; 2 horses, value \$200; value of fire department equipment \$4000; value of buildings occupied \$3000; total ann expenses of department \$1800; total membership 10, paid, part time; telephone and bell alarm. Chief engineer, C. C. Smith; chairman of fire and water com, Dr. P. F. Lowrgan.

WATER SUPPLY—System of water-works not described. Town clerk, W. M. White.

Macon, Macon Co., population *4900; fire area 6 acres; buildings, brick and wood, 1 to 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese couplings used; hose rubber, good 1000 ft, inferior 500 ft; value of fire department equipment \$12,000; value of buildings occupied \$2500; total membership 30, paid part time; bell alarm.

WATER SUPPLY—Source and system not stated; 8 reservoirs and 5 cisterns; dy cap of cisterns 8000 barrels.

Marshall, Saline Co., population 5000. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose 1000 ft; total membership 47.

WATER SUPPLY—Source, driven well; system, direct pumping; Worthington pumping engines, dy cap 1,000,000 gals; 67 hydrants, Ludlow; pipe 5½ miles, 10 to 6 in dia,

MISSOURI—Continued.

Natl., Dennis, Long & Co.; 12 valves, Ludlow; quality of water good; pressure, domestic 70 to 80, fire 120 to 180 pounds; water-works owned by company; cost to construct \$75,000; ann expenses \$3200; int on bonds 6 per cent. Pres, I. R. Hall; supt, E. R. Page; mayor, Joseph Chase; city clerk, George Brown.

Maryville, Nodaway Co., population *6200; fire area 60 acres; buildings, brick, 1 and 1½ stories; fireworks ordinance. Fire department—8 hose carriages; hose rubber, good 1000 ft; bell alarm.

WATER SUPPLY—Source, One Hundred and Two River; system, pumping to standpipe and direct; standpipe cap 250,000 gals; pumping engines, dy cap 2,000,000 gals; 51 hydrants, White; pipe 8 miles; valves, Ludlow; 27 meters; pressure 55 pounds; water-works owned by company; cost to construct \$80,000; ann expenses \$1440; int on bonds 6 per cent. Pres of com, Wm. O. Cole; supt, G. P. Deany; city clerk, W. H. Davey.

Mexico, Adrian Co., population *6600. Fire department—3 hose carriages; hose cotton, good 1000 ft; total membership 14. Chief engineer, R. M. White.

WATER SUPPLY—Source, surface water and springs; system, direct pumping; reservoir cap 170,000,000 gals; Blake pumping engines, dy cap 1,750,000 gals; 64 hydrants, Chapman; pipe 4½ miles, 12 to 16 in dia, Shickle, Harrison & Howard; 80 valves, Ludlow; 4 meters, Crown and Worthington; quality of water soft, National Filter Co.; pressure, domestic 85, fire 120 pounds; water-works owned by company; cost to construct \$80,000; ann expenses \$4000; int on bonds 4½-100 per cent. Pres, Geo. B. MacFarlane; supt, Jno. J. Steele; mayor, Geo. L. Ferris; city clerk, J. M. Riley.

Moberly, Randolph Co., population 10,100. Fire department—1 steam fire engine, 4 chemical extinguishers, 2 hose carriages; hose cotton, good 2000 ft; total membership 14.

WATER SUPPLY—Source, surface water; system, direct pumping; 1 reservoir; 2 Worthington pumping engines, dy cap 1,800,000 gals; 70 hydrants, Chapman; pipe 6½ miles; 4 meters; pressure, domestic 75, fire 120 pounds; water-works owned by company; cost to construct \$125,000; ann expenses \$3758; int on bonds 6 per cent. Supt, D. I. Forney; city clerk, J. F. Rucker.

Montgomery City, Montgomery Co., population *2800; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 chemical engine, 10 chemical extinguishers, 8 hook and ladder trucks, 2 hose carriages; hose rubber, good 1000 ft, inferior 500 ft, leather good 500 ft; 10 horses; value of fire department equipment \$7000; total ann expenses of department about \$1000; total membership 25; telephone alarm.

WATER SUPPLY—Source and system not stated; 4 reservoirs, cap 30,000 gals; 80 hydrants; pipe 5 miles. Town clerk, T. Suethen.

Mountain Grove, Wright Co., population 1500; buildings, brick and wood, 2 stories. No organized fire department—1 hand engine.

Nevada, Vernon Co., population 12,000. Fire department—1 hook and ladder truck, 2 hose carriages; hose 1500 ft; value of fire department equipment \$4500; total membership 62, volunteer; bell alarm. Chief engineer, W. W. Templin.

WATER SUPPLY—Marmaton River; system, pumping to reservoir; Deane pumping engines, dy cap 2,000,000 gals; 66 hydrants; pipe 10 miles; pressure, domestic 35, fire 100 pounds; water-works owned by company; cost to construct \$77,000; ann expenses est \$8000. Pres of com, C. H. Malin; supt, C. B. Ingels; city clerk, J. A. Lovell.

North Springfield, Greene Co., population *5300; buildings, brick and wood, 1 to 4 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of buildings occupied \$4000; total ann expenses of department about 500; total membership 30, volunteer, paid part time; bell alarm.

WATER SUPPLY—Source and system not given; 1 reservoir, dy cap 1,600,000 gals; 29 hydrants; pipe 4 miles, 4 to 12 in dia; pressure 60 pounds. City clerk, P. B. Perkins.

Pacific, Franklin Co., population *1600. Fire department—1 hand engine, 1 hook and ladder truck; value of fire department equipment \$610.

WATER SUPPLY—Source, wells and cisterns.

Perryville, population 750; fire area 60 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordi-

nance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 600 ft, inferior 600 ft; value of fire department equipment \$1400; value of buildings occupied \$500; total ann expenses of department \$50; bell alarm. Chief engineer, Thos. Hoos.

WATER SUPPLY—Source, 10 large cisterns.

Pierce City, Lawrence Co., population *4500; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—100 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft; value of fire department equipment \$2200; total membership 50, paid part time 10; bell alarm. Chief engineer, G. H. Schoen.

WATER SUPPLY—Source, lake fed by springs; system, pumping to standpipe and direct; standpipe cap 1,000,000 gals; 25 hydrants, Bourbon C. & B. Wks.; pipe 5½ miles, 4, 6 and 8 in dia, Shickle, H. & H.; 200 valves, Bourbon C. & B. Wks.; quality of water pure, not filtered; pressure, domestic 65 to 70, fire 70 to 100 pounds; cost to construct \$45,450; ann expenses \$2350; int on bonds \$1500. Pres, J. Guenney; mayor, G. R. Armstrong; city clerk, R. H. Davis.

Princeton, population 2000; fire area 1 sq. mile; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 500 ft; value of fire department equipment \$1275; value of buildings occupied \$100; total membership 106, volunteer. Chief engineer, W. P. Shelds.

Rockport, Atchison Co., population 1500; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories. No organized fire department—5 chemical extinguishers, ladders. City clerk L. C. Christian.

Rolla, Phelps Co., population 3000. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck; total membership 55. Chief engineer, Geo. L. Love.

WATER SUPPLY—Source, cisterns. Town clerk, T. D. Smith.

St. Charles, St. Charles Co., population 5100; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hook and ladder trucks, 4 hose carriages; siamese couplings; hose rubber, good 2200 ft; value of fire department equipment \$8000; value of buildings occupied \$5000; total ann expenses of department \$600; total membership 130, volunteer; electric and bell alarm; 2 street boxes.

WATER SUPPLY—Source, Missouri River; system, pumping to standpipe and direct; standpipe cap 300,000 gals; Worthington pumping engines, dy cap 2,000,000 gals; 45 hydrants, Ludlow and R. D. Wood & Co.; pipe 7 miles, 12 to 4 in dia; 28 valves, Eddy; 1 meter; settling tanks; pressure, domestic 80, fire 110 pounds; cost to construct \$80,000; ann expenses \$3940; int on bonds 6 per cent. Pres, E. Richards; supt, Wm. L. Vick.

St. Joseph, Buchanan Co., population 80,000; fire area 1600 acres; mercantile buildings, brick, 4 to 6 stories; private, brick and wood, 1 to 3 stories; metal roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck; 5 hose carriages, 1 hose wagon; siamese couplings used; hose rubber, good 5000 ft; 18 horses; value of 1 building rented, \$300 per year; total ann expenses of department \$30,000; total membership 81, full paid time; telephone alarm. Chief engineer, M. M. Kane.

WATER SUPPLY—Source, Missouri River; system, pumping to reservoir; reservoir cap 22,000,000 gals; 4 Worthington pumping engines, dy cap 8,000,000 gals; 250 hydrants, Mathews; pipe 22 miles, 4 to 24 in dia, Cinc. & Newport Iron Co.; Ludlow valves; meters, Crown; pressure 75 to 150 pounds; water-works owned by company; ann expenses, est \$20,000; int on bonds 6 to 10 per cent. Pres, J. M. Barnes; supt, T. J. Chew, Jr.; mayor, W. M. Shepard.

St. Louis, St. Louis Co., population 450,000; mercantile buildings, brick, stone and iron, 4 to 10 stories; private, brick and stone 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—33 steam fire engines, 8 chemical engines, 20 chemical extinguishers, 8 hook and ladder trucks, 32 hose carriages, 2 hose wagons; 6 supply wagons, siamese couplings; 40,000 ft hose; 195 horses; value of 29 buildings owned \$275,000; total ann expenses of department \$474,000; total membership 350, paid full time; telephone alarm; 440 street boxes. Chief engineer, John Lindsay. Also fire patrol of 18 men supported by underwriters.

WATER SUPPLY—Source, Mississippi River; system, pumping to reservoir through settling basin and to standpipes; reservoir cap 60,000,000 gals; 8 standpipes; Worthington, Cornish, Fulton pumping engines, dy cap 125,000,000 gals; 3500 hydrants; St. Louis I. & M.; pipe 350 miles, 8 to 48 in dia; Shickle, H. & H., South St. Louis Foundry; 8000 valves; Fulton; 2143 meters; quality of water good; pressure 50 pounds; water-works owned by city; cost to construct about \$18,000,000; ann expenses about \$350,000; int on bonds 6 per cent. Pres Board Pub. Wks., Col. Henry Flad; supt, W. L. Holman; mayor, E. A. Noonan.

Savannah, Andrews Co., population *2100 buildings, wood. No organized fire department—1 hook and ladder truck.

WATER SUPPLY—Source, well; elevated tank. Town clerk, W. L. Kirtly.

Sedalia, Pettis Co., population *21,000. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 3000 ft; inferior 500 ft, rubber good 500 ft; 12 horses; total membership 24, paid full time 12, paid part time 12. Chief engineer, H. Willis.

WATER SUPPLY—Source, Spring Creek and Flat River; system, pumping to standpipes; 2 standpipes, cap 320,000 gals; Deane & Blake pumping engines, dy cap 9,500,000 gals; 156 hydrants, Mathews & Galvin; 21 miles pipe, 4 to 15 in dia, Shickle, H. & H., Dennis Long & Co.; Chapman valves; 125 meters, Worthington and Crown; quality of water good; filtration, Hyatt system; pressure 50 pounds; water-works owned by company; cost to construct \$400,000; ann expenses \$6000; int on bonds \$12,000. Pres of com, J. B. Quigley; supt, S. F. Rosse; mayor, E. W. Stevens; city clerk, R. Easton.

Sheffield (see Kansas City).

Shelbina, Shelby Co., population *2000; fire area 1 block; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines; hose rubber, 800 ft; value of fire department equipment \$500; bell alarm. Chief engineer, F. C. Nitsche.

WATER SUPPLY—Source, 2 wells, 8 cisterns. Town clerk, Wm. Morgan.

Springfield, Green Co., population *31,000; buildings, private, brick, 2 and 3 stories. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose 10,000 ft; value of fire department equipment \$1200; total ann expenses of department \$250; total membership 86, volunteer; telephone bell alarm. Chief engineer, R. E. Everett.

WATER SUPPLY—Source, Little See River; system, pumping to reservoirs, tank and direct; 2 reservoirs, cap 5,500,000 gals, tank cap 65,000 gals; Deane, Chapman & Perkins pumping engines, dy cap 2,000,000 gals; 155 hydrants; pipe 80 miles; 6 meters; pressure, domestic 50, fire 80 pounds; water-works owned by company; cost to construct \$375,107; ann expenses \$2500; int on bonds 6 per cent. Pres of com, P. B. Perkins; supt, A. I. Robertson; city clerk, P. Foley.

Trenton, Grundy Co., population 6500; fire area 960 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 450 ft, inferior 50 ft, rubber good 500 ft; value of fire department equipment \$3000; value of buildings occupied \$1500; total annual expenses of department \$200; total membership 30, paid full time 1; bell alarm. Chief engineer, G. Heinen.

WATER SUPPLY—Source, Grand River and well; system, pumping to standpipe and direct; standpipe cap 170,000 gals; Smith & Valle pumping engines, dy cap 2,000,000

gals; 50 hydrants, White, Holly; pipe 5 miles, 6 to 12 in dia, Shickle, H. & H.; 17 valves; 27 meters, Crown, Worthington; quality of water good; filtration, Hyatt system; pressure, domestic 60, fire 130 pounds; water-works owned by company; cost to construct \$85,000; ann expenses \$3000; int on bonds 6 per cent. Pres, W. H. Taylor; supt, W. A. Fritts; mayor, A. R. Sykes; city clerk, Mr. Collier.

Warrenton, population 1200; fire area 100 acres; mercantile buildings, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose rubber, good 200 ft; value of fire department equipment \$150; total membership 15, volunteer, paid part time. No organized department.

Washington, Franklin Co., population 4100; buildings, brick. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose 500 ft; total membership 40.

WATER SUPPLY—Source, Missouri River; system, pumping to standpipe through filter and to clear-water reservoir; reservoir cap 400,000 gals; standpipe cap 100,000 gals; Pond pumping engines, dy cap 2,000,000 gals; 50 hydrants, Holly-Caskill; pipe 10 miles, 4 to 10 in dia, Ripley & Bronson, Chattanooga Pipe Co.; Holly valves; Worthington meters; quality of water good, Hyatt filter; pressure 60 to 90 pounds; cost to construct \$60,000; int on bonds 6 per cent. Pres, Theo. Plate; mayor, Chas. Hoffman.

The following places have no fire protection: Arrow Rock, Saline Co., population 700; Ash Grove, Greene Co., population 1500; Aurora Springs, Miller Co., population 475; Barnard, Nodaway Co., population 500 (have ladders, hose and buckets); Bevier, Macon Co., population 1000; Bloomfield, Stoddard Co., population 1000 (have some hose); Browning, Linn Co., population 800; Bucklin, Linn Co., population 800; Burlington Junction, Nodaway Co., population 687; Butler, Bates Co.; Carterville, Jasper Co., population 2500 (putting in water-works); Centralia, Boone Co., population 1800; Clinton City, Callaway Co., population 800; Commerce, Scott Co., population 440; Craig, Holt Co., population 1000; Deepwater, Henry Co., population 700; Frankford, Pike Co., population 850; Gallatin, Davies Co., population 1980; Galt, Grundy Co., population 650; Green Ridge, Pettis Co., population 1000; Greenville, Wayne Co., population 1800; Harrisonville, Cass Co., population 2000 (buckets); Higbee, Randolph Co., population 1000; Hopkins, Nodaway Co., population 1000; Kirkwood, St. Louis Co., population 2500; Knob Noster, Johnson Co., population 1800; Laclede, Linn Co., population 1200 (buckets); Lamar, Barton Co., population 8500; La Monte, Pettis Co., population 1000; Lebanon, Laclede Co., population 3000; Liberty, Clay Co., population 2514; Lowry City, St. Clair Co., population 800 (hook and ladder company organized, apparatus to be purchased); Marionville, Lawrence Co., population 1050; Meadville, Linn Co., population 1000; Miami, Saline Co., population 800; Monroe City, Monroe Co., population 900 (water-works will probably be built soon); New Cambria, Macon Co., population 500; New Florence, Montgomery Co., population 500; Osceola, St. Clair Co., population 2000; Perry, Ralls Co., population 400 (5 force pumps and 2 sterns); Pilot Knob, Iron Co., population 800; Pleasant Hill, Cass Co., population 2378 (pumps and buckets); Poplar Bluff, Butler Co., population 2000; Potosi, Washington Co., population 800; Quitman, Nodaway Co., population 800; Ste. Genevieve, Ste. Genevieve Co., population 2000; Salem, Dent Co., population 1624; Schell City, Vernon Co., population 1800 (buckets); Seligman, Barry Co., population 600; Seneca, Newton Co., population 1800; Stewartville, DeKalb Co., population 800; Ulrich, Henry Co., population 700; Vandalia, Adrian Co., population 2000; Waverly, La Fayette Co., population 800; Webb City, Jasper Co., population 5000 (constructing water-works); Wellsville, Montgomery Co., population 2000 (wells and buckets).

MONTANA.

Bozeman, Gallatin Co., population 4000; fire area 0 acres; mercantile buildings, brick, 2 stories; private, ick and wood, 2 stories; wooden roofs not permitted in e limits; fireworks ordinance. Fire department—1 eam fire engine, 1 hand engine, 1 hook and ladder truck; 2 hose carriages, coal cart and Silsby heater; hose cotton, od 2000 ft; value of fire department equipment \$10,000; alue of buildings occupied \$700; total ann expenses of epartment \$2900; total membership 63, volunteers; bell arm; 1 engine company, 1 hook and ladder company, 2 se companies. Chief fire marshal, W. G. Alexander; rman of fire and water com, W. B. McAdow.

WATER SUPPLY—Source, mountain streams; system,

gravity; 1 reservoir, cap 1,250,000 gals; 80 hydrants, R. D Wood & Co.; pipe 7.65 miles, 4 to 12 in dia, S. H. & H. I. Co., and Lake Shore foundry; 27 valves, Eddy; 5 meters; quality of water pure; pressure, domestic 90 to 110 pounds; fire same; water-works owned by company. Pres, S. M. Cary; supt, E. P. Whipple; mayor, H. A. Pease; city clerk, W. A. Imes.

Butte City, Silver Bow Co., population *8000; fire area 400 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; shingle and tin roofs; fire-works ordinance. Fire department—10 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages; sia-

MONTANA—Continued.

mese couplings used; hose rubber, good 2500 ft; value of fire department equipment \$18,000; value of building occupied \$2500; total ann expenses of department \$3000; total membership 120, volunteers; bell and whistle alarm.

WATER SUPPLY—Source, mountain stream; system, direct pumping from reservoir; reservoir cap 210,000 gals; Knowles pumping engines, dy cap 1,000,000 gals; 16 hydrants, Ludlow; pipe 10 miles, 6 to 10 in dia; valves, Ludlow; pressure 176 pounds; water-works owned by company; cost to construct \$120,000; ann expenses \$12,000; int on bonds 7 per cent. Pres of com, W. A. Clark; supt, O. P. Blaine.

Deer Lodge City, Deer Lodge Co., population 2250; fire area 430 acres; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 feet; value of fire department equipment \$5000; value of building occupied \$1500; total ann expenses of department \$300 (1888); total membership 85; volunteers; bell alarm.

WATER SUPPLY—Source, springs and cisterns; system not given; 14 hydrants; pipe 5½ miles, 8 to 10 in dia; 16 gates, Ludlow; pressure 185 to 215 pounds; water-works owned by W. Bennett and Wm. Coleman; cost to construct \$48,000.

Dillon, Beaverhead Co., population 2000; fire area 10 acres; buildings, mercantile, brick and wood, 3 stories, private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, buckets. Chief engineer, Dan. T. Chapman.

WATER SUPPLY—Water-works contemplated. Mayor, L. C. Fyleril.

Fort Benton, Choteau Co., population 1618; fire area 6 acres; buildings, mercantile, brick and wood, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted subject to fire committee; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, two hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$7000; value of buildings occupied \$3000; total ann expenses of department \$3000; total membership 125; volunteers; bell alarm. Chief engineer, Chas. Rowe.

WATER SUPPLY—Source, Missouri River; system, direct pumping; Blake pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe, National, 5½ miles; valves, Ludlow; pressure, domestic 40, fire 75 pounds; water-works owned by company; cost to construct \$52,000; ann expenses \$4000; int on bonds 6 per cent. Pres of com, George F. Woolston; supt, A. D. Bigelow; city clerk, H. B. Hill.

Fort Keogh, Custer Co., population 600; fire area 300 acres; buildings, mercantile, wood, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; military fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, inferior 800 ft. Post Quartermaster, M. C. Marhid.

WATER SUPPLY—Source, Yellowstone River; system, direct pumping; 1 reservoir, cap 10,800 gals; 9 cisterns, cap

95,000 gals; Worthington pumping engines, dy cap 500,000 gals; 18 hydrants; pipe 2½ miles, 4 and 6 in dia; pressure, domestic 40, fire 90 to 150 pounds; water-works owned by U. S. Government. Supt. M. C. Marhid, Q. M.

Glendale, Beaverhead Co., population 400; fire area 260 acres; buildings, mercantile, wood and brick, 1 to 2 stories; private, wood, 1 story. Fire department—hose rubber, good 700 ft, inferior 800 ft.

WATER SUPPLY—Source and system not given, flume, 140 ft fall; 24 hydrants; pipe ½ mile.

Great Falls, Cascade Co., population 3000; fire area 100 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—60 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft; 2 hoses, value \$300; value of fire department equipment \$3500; value of buildings occupied \$3500; total ann expenses of department \$800; total membership 78, paid full time 1, volunteers 75; bell, whistle and electric alarm; 4 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, H. Ringwald; chairman of fire and water com, Joan Geriss.

WATER SUPPLY—Source, Missouri River.

Helena, Lewis and Clarke Co., population 18,000; fire area 250 acres; buildings, brick, stone and wood, 1 to 5 stories; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages; almase couplings used; hose cotton, good 600 ft; rubber, good 2400 ft, inferior 850 ft; 5 hoses; value of fire department equipment \$15,000; value of 8 buildings occupied \$5500; total ann expenses of department \$8000; total membership 50, paid full time 6; Camewell alarm; 23 street boxes. Chief engineer, J. R. Wittmar.

WATER SUPPLY—Source, driven wells and surface; system, gravity and pumping to reservoir; reservoir cap 2,125,000 gals; 2 Blake pumping engines, dy cap 3,000,000 gals each; 200 hydrants, Chapman; pipe 40 1-5 miles, 4 to 12 in dia; 200 valves, Chapman; 120 meters, National Meter Co.; quality of water good; pressure 100 pounds on the main street; water-works owned by company; cost to construct \$2,376,700. Pres of com, Wm. Chessman; mayor, Donald Bradford; city clerk, R. B. Smith.

Miles City, Custer Co., population 3000; fire area 52 acres; buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck; hose rubber, good 1000 ft; value of fire department equipment \$300; total membership 25, volunteers; gun alarm. Chief engineer, Louis King; chairman of fire and water com, Andrew Volght.

The following places have no fire protection: Choteau, Choteau Co., population 200. Lewistown, Fergus Co., population 700. Townsend, Meagher Co., population 300. White Sulphur Springs, Meagher Co., population 650 (fire department and water-works projected).

NEBRASKA.

Albion, Boone Co., population 1916; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose cart; hose linen, good 500 ft; rubber good 500 ft; value of fire department equipment \$1000; total annual expenses of department \$300; total membership 50, volunteers; bell alarm.

WATER SUPPLY—Source not given; system, pumping from reservoir to tank and direct; reservoir cap 30,000 gals; tank cap 55,000 gals; pumping engines, dy cap 575,000 gals; 9 hydrants, Eclipse; pipe 1½ miles, 4 and 6 in dia; pressure, domestic 50, fire 120 pounds; water-works owned by town; cost to construct \$2000; ann expenses \$300. Com'r, H. P. Buell; mayor, T. F. Martin; town clerk, F. H. Friend.

Aurora, Hamilton Co., population 3000; mercantile buildings, wood and brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose linen, good 250 ft, rubber good 800 ft; total membership 35, volunteers; bell and whistle alarm; 1 hook and ladder company, 1 hose company. Chief engineer, J. P. Chapman; chairman of fire and water com, H. D. Cass.

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; reservoir cap 98,000 gals;

standpipe cap 63,000 gals; Deane pumping engines, dy cap 750,000 gals; 25 hydrants, Adams; pipe 6 to 10 in dia. Chattanooga; pressure, domestic 40, fire 100 pounds; water-works owned by city; cost to construct \$35,000; int on bonds 6 per cent. City clerk, W. R. Hellings.

Beatrice, Gage Co., population 12,000. Fire department—6 chemical extinguishers, 2 hook and ladder trucks, 3 hose carts; hose good 2500 ft; telephone, bell and whistle alarm. Chief engineer, N. Herron.

WATER SUPPLY—Source, Big Blue River; system, direct pumping; Holly pumping engines, dy cap 3,000,000 gals; 77 hydrants, Gaskill; pipe 7 miles, 4 to 16 in dia, Loag; 55 valves, Eddy and Ludlow; 3 meters, Crown; quality of water good; Jewell filters; pressure, domestic 55, fire 115 pounds; water-works owned by city; cost to construct \$30,000; ann expenses \$4000; int on bonds 6 per cent. Com. W. A. Wagner; mayor, J. L. Tait; city clerk, J. T. Phillips.

Blair, Washington Co., population 12122; fire area 160 acres; buildings, wood and brick, 1 and 2 stories; firework ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carts; value of fire department equipment \$800; value of building occupied \$400; total membership 60, volunteers; bell alarm. Chief engineer, E. O. Noble.

WATER SUPPLY—Source, 80 tube wells; system, pumping to reservoirs; 2 reservoirs, cap 800,000 gals; Smith-Vaile pumping engines, dy cap 800,000 gals; 28 hydrants; pipe 4 miles; 1 meter; pressure, domestic 110, fire 160 pounds; water-works owned by town; cost to construct \$20,000; ann expenses \$2000; int on bonds 7 per cent. Supt, J. S. Cook; town clerk, Wesley Cook.

Broken Bow, Custer Co., population 2500; fire area 4 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$1250; value of buildings occupied (leased) \$400; total membership 20, volunteers; 1 hose company. Foreman, J. J. Crabb.

WATER SUPPLY—Source, 10 wells; system, pumping to reservoir; reservoir cap 1,250,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 24 hydrants, Holyoke; pipe 81-10 miles, 4 to 10 in dia; Peet valves; pressure 70 pounds; water-works owned by company; cost to construct \$37,500; int on bonds 7 per cent. Pres of com, John Reese.

Chadron, Dawes Co., population 4000; buildings, brick, wood and stone, 1 to 3 stories; shingle and tin roofs. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carts; railroad has hose cart; 1000 ft rubber hose and 1 steam pump; hose cotton, good 1600 ft; value of fire department equipment \$4000; total ann expenses of department \$1000 (1888); total membership 100, volunteers; bell alarm. Chief engineer, W. G. Burk.

WATER SUPPLY—Source, Chadron Creek; system, pumping to reservoir and direct; reservoir cap 500,000 gals; Holly pumping engines, dy cap 875,000 gals; 28 hydrants; pipe 7 miles, 4 to 8 in dia, National; 2 valves; quality of water A1; pressure 100 pounds; water-works owned by city; cost to construct \$45,000; ann expenses \$4500; int on bonds 6 per cent. Com, D. Y. Means; mayor, Geo. Harner; city clerk, L. J. F. Jaeger.

Columbus, Platte Co., population 2500. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; total membership 100, volunteers.

WATER SUPPLY—Source, 16 driven wells; system, pumping to standpipe and direct; standpipe cap 80,000 gals; Smith-Vaile pumping engines, dy cap 1,000,000 gals; 26 hydrants; pipe 3 miles; pressure, domestic 40 to 45, fire 100 to 125 pounds; water-works owned by town; cost to construct \$25,000; ann expenses \$1500; int on bonds 5 per cent. Commissioner, O. L. Baker; supt, Wm. Rouston; town clerk, C. Schroeder.

Creighton, Knox Co., population 1100; fire area 40 acres; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$500; total membership 20, volunteers; bells alarm; 1 hook and ladder company.

Crete, Saline Co., population 2500; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. No fire department—City will purchase equipment when water-works are accepted.

WATER SUPPLY—The following system is completed but not yet accepted by city: Source, wells; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe 4½ miles, 8 to 12 in dia; water-works owned by A. L. Ittang; cost to construct est \$35,000. City clerk, F. D. Williams.

David City, Butler Co., population 1450; fire area 60 acres, buildings, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 1000 ft; value of fire department equipment \$3000; value of building occupied \$1000; total ann expenses of department \$50; total membership 75, volunteers. Chief engineer, John R. Townsend.

WATER SUPPLY—Source, 2 Cook wells; system, pumping to standpipe and direct; standpipe cap 80,000 gals; Buffalo pumping engines, dy cap 1,000,000 gals; 28 hydrants, Tamaqua; pipe 3 miles, Ohio; valves Peet; pressure, domestic 45, fire 100 pounds; water-works owned by city; cost to construct \$22,000; int on bonds 5 per cent. Supts, W. T. Richardson and F. A. Snow.

Fairbury, Jefferson Co., population 4500; buildings, brick, stone and wood, 2 to 3 stories. Fire department—1 hose 1200 ft; 2 hose companies. Chief engineer, N. L. Keel.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; Knowles pumping engines, dy cap

2,000,000 gals; 68 hydrants, Chapman; pipe 6 miles, 4 to 10 in dia, Shickle, H. & H.; 26 valves, Chapman; 28 meters, Union; quality of water good, hard; pressure, domestic 70, fire 125 pounds; cost to construct \$40,000; ann expenses \$3700; int on bonds 6 per cent. Pres of com, W. H. Burnham; supt, R. D. Russell; mayor, G. L. Pritchett; city clerk, G. E. Hinshaw.

Fairfield, Clay Co., population 2000; fire area 10 acres; new mercantile buildings, brick, 1 and 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hose carriage; ladders on every corner; hose cotton, good 600 ft; value of fire department equipment \$1500; value of buildings occupied \$400; total membership 50, volunteers; bell alarm. Chief engineer, H. I. Willis; chairman of fire and water com, Stanley Lewis.

WATER SUPPLY—Source, cisterns.

Fairmont, Fillmore Co., population 1500; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; total membership 32, volunteer. Chief engineer, Joseph Brenkle.

WATER SUPPLY—Source, wells; system, pumping to tanks on tower; Fairbank pumping engines; 17 hydrants; 3½ miles pipe; pressure 40 pounds. Town clerk, E. E. Lesh.

Falls City, Richardson Co., population 2800; mercantile buildings, brick and stone, 1 to 3 stories; private, wood and brick, 1 and 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; 2 hose carriages; 1000 ft hose; value of fire department equipment \$1000; total membership 50, volunteers. Chief engineer, L. Schenheit.

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; reservoir cap 250,000 gals; standpipe cap 80,000 gals; Cook, Knowles, pumping engines, dy cap 250,000 gals; hydrants 21; pipe 2½ miles, 4 to 12 in dia; 8 valves, Ludlow; 5 meters, Crown; quality of water pure; pressure, domestic 60, fire 150 to 200 pounds; water-works owned by city; cost to construct \$38,000; ann expenses \$2200; int on bonds 5 and 6 per cent. Supt, M. Masselman; mayor, Robert Clegg; city clerk, Jule Schoenheit.

Fremont, Dodge Co., population 2800; fire area 250 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 950 ft; value of fire department equipment \$4500; value of 2 buildings occupied \$3000; total membership 100, volunteers; bell alarm. Chief engineer, Fred. De La Mager.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe and direct; National, Deane pumping engines, dy cap 2,250,000 gals; hydrants 77, Ludlow, Morgan; pipe 9½ miles, 4 to 8 in dia; 50 valves, Galvin; 9 meters; quality of water good; pressure, domestic 45, fire 120 pounds; water-works owned by city; cost to construct \$25,000; ann expenses \$2200; int on bonds 6 per cent. Com, Arthur Gibson; supt, Geo. Marshall; mayor, John E. Sherwin; city clerk, A. W. Forbes.

Gibson, Buffalo Co., population 1000; fire area 1½ by ¾ miles; mercantile buildings, wood, 2 stories; private, wood, 10 to 14 ft; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 25 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 350 ft, inferior 1000 ft; value of fire department equipment \$1100; value of buildings occupied \$500; total membership 40, volunteers; bell alarm. Chief engineer, L. J. Babcock; chairman of fire and water com, D. P. Ashurn.

WATER SUPPLY—Wells proposed.

Grand Island, Hall Co., population 14,000; mercantile buildings, wood and brick, 1 to 4 stories. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck; hose good, 2600 ft; value of fire department equipment \$8000, value of 4 buildings occupied \$8000; total membership 120, volunteers; 2 hose companies. Chief engineer, John A. Mathews.

WATER SUPPLY—Source, 26 driven wells; system, pumping to standpipe and direct; standpipe cap 85,000 gals; Knowles pumping engines, dy cap 2,000,000 gals; 64 hydrants, Chapman; pipe 15 miles, 4 to 10 in dia, Dennis Long & Co.; 42 Chapman valves; 5 meters, Hersey and Crown; pressure, domestic 44, fire 140 pounds; water-works owned by city; cost to construct \$72,500; ann expenses \$5000; int on bonds 6 per cent. Com, Geo. Loan, Sr.; mayor, W. H. Platt; city clerk, Chas. W. Brininger.

NEBRASKA—Continued.

Hastings, Adams Co., population 15,800; buildings, brick, stone and wood, 2 and 3 stories. Fire department—1 hook and ladder truck, 3 hose carts; hose good, 2800 ft, inferior 400 ft; 2 horses; value of fire department equipment \$5850; value of buildings occupied \$6500; total membership 48; part paid; bell alarm. Chief engineer, J. C. Williams.

WATER SUPPLY—Source, tubular wells; system, pumping to standpipe; Knowles pumping engines, dy cap 250,000 gals; 91 hydrants; pipe 23 miles, 4 to 20 in dia; pressure 125 to 180 pounds; cost to construct \$115,000; ann expenses \$8000. Com, J. D. Mines; mayor, A. D. Yocum; city clerk, H. C. Haverly.

Hebron, Thayer Co., population 1800; mercantile, buildings, brick and stone, 2 and 3 stories, private, wood, 1 and 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 useless hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft; value of fire department equipment \$500; total membership 12, volunteers; bell alarm. Chief engineer, F. W. Hohensee.

WATER SUPPLY—Source, cisterns. Town clerk, Edwin Kirby.

Humboldt, Richardson Co., population 11400; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 400 ft; value of fire department equipment \$700; total membership 80, volunteers; bell alarm. Chief engineer, D. N. Nehr.

WATER SUPPLY—Source, cisterns. Town clerk, J. E. Shranger.

Indianola, Redwillow Co., population 900; buildings, brick and wood, 2 to 4 stories. Fire department—hose rubber, 300 feet.

WATER SUPPLY—Source, wells. Town clerk, J. H. Burgie.

Lincoln, Lancaster Co., population 58,000; fire area 85 acres; mercantile buildings, brick and stone, 2 to 6 stories; private, wood and brick, 1 to 2½ stories; wooden roofs permitted outside fire limits; stringent fireworks ordinance. Fire department—2 Silsby steam fire engines in reserve, 2 double-tank chemical engines on wheels, 16 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 7000 ft, rubber good 1200 ft; 16 horses, value \$3200; value of fire department equipment \$31,445; value of buildings and real estate \$32,000; total ann expenses of department \$32,500; total membership 80, paid full time; telephone alarm; 3 chemical engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, Wm. H. Newbury; chairman of fire com, H. H. Dean.

WATER SUPPLY—Source, 2 wells; system, pumping to standpipe and direct; standpipe cap 140,000 gals; Knowles & Deane pumping engines, dy cap 4,500,000 gals; 168 hydrants, Wood; pipe 20 miles, 4 to 16 in dia, Shickle, H. & H. and others; 88 valves, Ludlow, Galvin; 60 meters, Union, Hersey, Worthington; quality of water clear and pure; pressure, domestic 45, fire 125 pounds; water-works owned by city; cost to construct \$194,000; ann expenses \$16,000; int on bonds 6 per cent. Com and supt, I. L. Lyman; mayor, R. B. Graham; city clerk, D. C. Van Duyen.

Madison, Madison Co., population 2000; fire area 1000 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; 2 hose carriages; hose cotton, good 700 ft, rubber inferior 250 ft; total membership 36, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, J. C. Horsham, Jr.; chairman of fire and water com, John Horsham, Sr.

WATER SUPPLY—Source, wells and pond. Water-works not described. City clerk, A. M. Kozchig.

McCook, Red Willow Co., population 8000; fire area 12 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 750 ft, rubber good 500 ft, inferior 200 ft; value of fire department equipment \$2000; value of buildings occupied \$1500; total membership 48, volunteers; electric bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Frank I. Burgess; chairman of fire and water com, J. C. Allen.

WATER SUPPLY—Source not given; system, direct pumping; Deane pumping engines, dy cap 100,000 gals; 22 hydrants; pipe 15 miles, 8 to 12 in dia; 45 gates, Ludlow, Peet; pressure 40 to 140 pounds. Supt, C. H. Meeker; mayor, S. L. Green; town clerk, J. E. Kelley.

Nebraska City, Otoe Co., population 12,000; fire area 700 acres; buildings, brick, 1 to 4 stories; causes of fire investigated. Fire department—1 steam fire engine, 10 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose rubber, good 2200 ft; 8 horses; value of fire department equipment \$13,500; total ann expenses of department \$4000; total membership 76, paid full time 5, paid part time 10, volunteers 60. Chief engineer, M. Bauer.

WATER SUPPLY—Source, Missouri River; system, pumping to standpipe through settling basin and filter; standpipe cap 85,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; hydrants 80, Ludlow; pipe 8 miles, 4 to 12 in dia, Shickle, H. & H.; valves, Ludlow; meters, Crown & Worthington; Hyatt filter; pressure, domestic 100, fire 160 pounds; water-works owned by company; cost to construct est \$125,000; ann expenses \$4500. Pres of com, D. P. Rolfe; supt, J. S. Kennedy; mayor, F. P. Ireland; city clerk, J. J. Teten.

Neleigh, Antelope Co., population 1800; fire area 4½ acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck; hose cotton, good 1000 ft; value of fire department equipment \$1500; value of buildings occupied \$1000. total ann expenses of department \$250; total membership 80, paid part time; electric bell alarm. Chief engineer, Elmer C. Million.

WATER SUPPLY—Source, Elkhorn River, filtered; system, pumping to tank; tank cap 55,000 gals; Knowles pumping engines; hydrants, Eclipse; pipe 4000 ft, 4 and 6 in dia; pressure, domestic 30 pounds; water-works owned by town; cost to construct \$10,500; ann expense \$100; int on bonds 6 per cent. Com, S. Fockler.

Norfolk, Madison Co., population 5000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; 15,000 feet good rubber hose value of fire department equipment \$5000; value of buildings occupied \$4000; ann expenses \$600; total membership 110, volunteers. Chief engineer, W. H. Widaman.

WATER SUPPLY—Source, artesian wells and Elkhorn River when necessary; system, pumping to standpipe; standpipe cap 85,000 gals; Knowles pumping engines, dy cap 2,000,000 gals; 75 hydrants, Chapman; pipe 6 miles, 4 to 10 in dia; 22 valves, Chapman; 4 meters, Hersey; quality of water good and soft; pressure, domestic 75 to 85, fire 120 pounds; water-works owned by company; ann expenses \$1600. Pres of com, A. L. Strang; supt, C. C. Voorhees; mayor, H. Gerecke; city clerk, W. Gerecke.

North Bend, Dodge Co., population 1500; buildings, brick and wood, 1 and 2 stories. Fire department—1 horse-power engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 700 ft; value of fire department equipment \$2800; total membership 35, volunteers; bell alarm. Chief engineer, A. Crawford.

WATER SUPPLY—Source, cisterns. Town clerk, J. E. Newson.

North Platte, Lincoln Co., population 8000; buildings, wood and brick, 1 and 2 stories. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose rubber, good 1500 ft; value of fire department equipment \$2500; total membership 100, volunteers.

WATER SUPPLY—Source, driven wells and North Platte River; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 45 hydrants, Ludlow; pipe 4½ miles, 4 to 12 in dia; valves, Ludlow; water-works owned by company. Pres of com, J. H. Purdy; supt, A. S. Barnes; town clerk, E. B. Warner.

Omaha, Douglas Co., population 180,000; fire area 24½ square miles; mercantile buildings, brick and wood, 1 to 10 stories; private, wood, 2 stories; fireworks ordinance. Fire department—(report of 1899) 3 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 6 hose carriages; siamese couplings used; hose good 9000 ft; 21 horses; value of fire department equipment \$230,000; value of 5 buildings occupied \$40,000; total ann expenses of department \$72,000; total membership 480, paid 55; telegraph and telephone alarm; 55 street boxes. Chief engineer, J. J. Galligan.

WATER SUPPLY (report of 1899)—Source, Missouri River; system, pumping to reservoir through settling basins; reservoir cap 11,000,000 gals; Allis, Knowles, Holly-Gaskill pumping engines, dy cap 45,000,000 gals; 880 hydrants, Matthews, Holly; pipe 75 miles, 4 to 20 in dia; 400 meters; pressure 100 pounds; water-works owned by company; cost to construct \$3,000,000; ann expenses \$45,000; int on bonds 6 per cent. Mgr, S. L.

Wiley; supt, A. B. Hunt; mayor, W. J. Broatch; city clerk, J. B. Southard.

Plattsmouth, Cass Co., population *6560; buildings, brick and wood, 1 to 3 stories. Fire department—1 hook and ladder truck, 5 hose carriages; hose cotton, good 2100 ft, rubber good 360 ft; value of fire department equipment \$3000; total ann expenses of department \$360 (1888); total membership 126, paid part time 3, volunteers 123; bell alarm. Chief engineer, Sigel C. Green.

WATER SUPPLY—Source, Platte River; system, pumping to standpipe through settling basins; standpipe cap 300,000 gals; Blake pumping engines, dy cap 2,000,000 gals; 79 hydrants, Chapman; pipe 6 miles, 6 to 12 in dia, Cin. & Newport; 28 valves, Chapman; 32 meters; quality of water first-class; pressure, domestic 80, fire 98 to 160 pounds; water-works owned by company; cost to construct \$185,000. Pres of com, Geo. A. Ranson; supt, T. F. Coursey; mayor, F. M. Richey; city clerk, W. K. Fox.

Red Cloud, Webster Co., population *3800; fire area 1000 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 400 ft, rubber good 1000 ft; value of fire department equipment \$3600; value of buildings occupied \$3000; total ann expenses of department \$750; total membership 75, volunteers; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, A. S. Marsh.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 70,000 gals; Deane pumping engines, dy cap 720,000 gals; 40 hydrants; pipe 6 miles, 4 to 8 in dia, Ripley & B.; 9 meters, Hersey; quality of water soft; pressure, domestic 80, fire 175 pounds; water-works owned by city; cost to construct \$60,000; ann expenses \$1500; int on bonds 7 per cent. Supt, Z. H. Fort; mayor, A. S. Marsh; city clerk, S. Ward.

Elverton, Franklin Co., population 600; fire area 40 acres; mercantile buildings, wood, 1 to 2 stories; private, wood, 1½ to 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose cotton, good 600 ft, rubber good 600 ft; total membership volunteers. Chief engineer, Phil. Ziegler.

WATER SUPPLY—Source, Thompson Creek; system, pumping to tank; Flennekin pumping engines, dy cap 40,000 gals; 8 hydrants; pipe 2 miles; pressure, domestic 60, fire 75 pounds; water-works owned by town; cost to construct \$60,000; ann expenses \$160; int on bonds 7 per cent.

Schuyler, Colfax Co., population *3000; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; alamese couplings used; value of building occupied \$3000; total membership 160, volunteers; bell alarm. Chief engineer, J. W. Artley.

WATER SUPPLY—Source, domestic, wells; fire, water plugs. Mayor, H. C. Wright; city clerk, Ernest H. Phelps.

Seward, Seward Co., population *2029; fire area 10 acres; buildings, brick and wood. Fire department—2 chemical engines on wheels; 6 chemical extinguishers, 1 hook and ladder truck; hose 300 ft; value of fire department equipment \$2500; value of buildings occupied \$1200; total membership 50, volunteers. Chief engineer, J. C. Mulfinger.

WATER SUPPLY—Source not given; system, windmill pumping to tank. Town clerk, Geo. F. Dickman.

St. Paul, Howard Co., population *1800; buildings, wood. Fire department—Hooks and ladders. Chief engineer, F. W. Crew.

WATER SUPPLY—Source, 32 driven wells; system, pumping to standpipe and direct; standpipe cap 50,000 gals; Buffalo pumping engines, dy cap 760,000; 26 hydrants; pipe 3¼ miles, Chattanooga; pressure, domestic 80 to 40, fire 100 pounds; water-works owned by town; cost to construct \$22,000; int on bonds 6 per cent. Supt, H. N. Smith; mayor, A. C. Rowell; town clerk, K. McCall.

Stromsburg, Polk Co., population 1100; fire area 40 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1000; value of buildings occupied \$500; total membership 50, volunteers; bell alarm; 1 hook and ladder company; 1 hose company. Chief engineer, T. R. Ross; chairman of fire and water com, L. Headstone.

WATER SUPPLY—Source, Cook wells; system, pumping to standpipe and direct; standpipe cap 25,000 gals; Buffalo pumping engines, dy cap 1,000,000 gals; 16 hydrants,

Tamaqua; pipe 2 miles; valves Feet; pressure, domestic 40, fire 110 pounds; water-works owned by town; cost to construct \$12,000; int on bonds 6 per cent. Mayor, L. H. Headstone; town clerk, A. G. Hoffman.

Syracuse, Otter Co., population 1000; new mercantile buildings, brick, 2 stories, private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 86 rubber buckets; value of fire department equipment \$500; value of buildings occupied \$150; total membership 28; bell alarm. Chief engineer, W. F. Jennings.

Utica, Seward Co., population 800; mercantile buildings, brick, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$15,000; value of buildings occupied \$100; total ann expenses of department \$50; total membership 65, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, D. J. Hartrun; chairman of fire and water com, J. A. Boone.

Valentine, Cherry Co., population 600; fire area 40 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—5 chemical extinguishers, 2 hose carriages; hose cotton, good 500 ft; value of fire department equipment \$500; total membership 16, volunteers. Chief engineer, Geo. H. Hornby; chairman of fire and water com, Geo. Lang.

WATER SUPPLY—Source, Minnischaudya Creek; system, pumping to tank, tank cap 1600 barrels; Knowles pumping engines, dy cap 100,800 gals; 9 hydrants; pipe 4½ to 6 in dia.

Valparaiso, Saunders Co., population *700; buildings, brick and wood, 1 and 2 stories. Fire department—1 hose carriage; hose rubber, good 750 ft; value of fire department equipment \$1000; total membership 25, volunteers. Chief engineer, J. P. Miller.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 60,000 gals; 10 hydrants; pipe 2 miles; water-works owned by town. Town clerk, M. Deane.

Wahoo, Saunders Co., population *3000; buildings, wood and brick, 1 to 3 stories. Fire department—1 hand engine, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft, interior 50 ft; value of fire department equipment \$3500; total ann expenses of department \$100; total membership 60, volunteers; chief paid part time; bell alarm. Chief engineer, G. L. Melvin.

WATER SUPPLY—Source, driven wells and Wahoo River; system, direct pumping; Walker pumping engines, dy cap 2,000,000 gals; 48 hydrants, Ludlow; 6½ miles pipe, New Phila.; Ludlow valves; water-works owned by company; cost to construct \$68,000; int on bonds 6 per cent; supt, H. E. Kerr; mayor, H. Johnson; city clerk, F. J. Kirchman.

Weeping Water, Cass Co., population 2600; fire area 40 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 650 ft, interior 100 ft; value of fire department equipment \$1800; value of buildings occupied \$100; total membership 36, volunteers. Chief engineer, W. A. Hasse.

WATER SUPPLY—Source, wells; system, pumping to standpipe; cost to construct \$10,000. Comr, H. G. Race.

West Lincoln, Lancaster Co., buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$1200; total membership 30, volunteers; whistle alarm. Chief engineer, W. C. Austin.

WATER SUPPLY—Source not given; system, direct; 1 reservoir; Deane & Knowles pumping engines, dy cap 3,000,000 gals; 6 hydrants; 2½ miles pipe; pressure 60 pounds. Supt, John Hains; town clerk, C. H. Curren.

West Point, Cumming Co., population *2200; buildings, brick and wood. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose good, 800 ft, inferior 700 ft; value of fire department equipment \$1000, total ann expenses of department \$300; total membership 100, volunteers; bell alarm. Chief engineer, F. Koch.

WATER SUPPLY—Source not given; system, pumping to reservoir and direct; 23 hydrants; 8½ miles pipe; pressure, domestic 85, fire 195 pounds; water-works owned by town; cost to construct \$14,800; int on bonds 6 per cent. Com, B. Y. Yoder; town clerk, F. Kranse.

York, York Co., population *6000; buildings, brick and

NEBRASKA—Continued.

wood, 1 to 3 stories. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft; value of fire department equipment \$8000; total membership 75, volunteers; bell alarm. Chief engineer, G. F. Corcoran.

WATER SUPPLY—Source, Cook wells and Beaver Creek; system, pumping to standpipe and direct; standpipe cap 85 gals; Knowles pumping engines, dy cap 2,000,000 gals; 60 hydrants, Chapman; 6½ miles pipe, 4 to 12 dia, Shickle, H. & H.; 30 valves, Chapman; 7 meters, Hersey; quality of water A 1; pressure domestic 68, fire 180 pounds; water-works owned by company; cost to construct \$60,000; ann expenses \$3000; int on bonds 6 per cent. Pres of com, A. T. Strong; supt, Robt. McGowan; mayor, W. K. Williams; city clerk, M. M. Wildman.

The following places have no fire protection: Ains-

worth, Brown Co., population 1800 (bonds are voted for hose and cart and water supply). Ansley, Caster Co., population 500 (buckets). Atkinson, Holt Co., population 1000 (\$7000 voted for water-works). Bartlett, Wheeler Co., population 300 (has water-works and intends purchasing hooks, ladders, etc.). Curtis, Frontier Co., population 500. Dieler, Jefferson Co., population 500. Dodge, Dodge Co., population 700. Hartington, Cedar Co., population 1000. Nemaha City, Nemaha Co., population 500. Oakdale, Antelope Co., population 700. Oakland, Burt Co., population 600. O'Neill, Holt Co., population 2000. Rising City, Butler Co., population 700. Scotia, Greely Co., population 400. Stella, Richardson Co., population 700. Sterling, Johnson Co., population 1000 (3 force pumps and 600 ft hose). Strang, Fillmore Co., population 400. Tekamah, Burt Co., population 1800. Ulysses, Butler Co., population 1000. Wilber, Saline Co., population 1500 (have 200 ft hose).

NEVADA.

Austin, Lander Co., population *1500. Fire department—3 hose carriages; hose rubber, good 1500; total membership 70; volunteers. Chief engineer, P. H. Myles.

WATER SUPPLY—Source, tunnel driven into mountain; system, gravity from reservoir; reservoir cap 50,000 gals; 17 hydrants, Hinckley; pipe 1¼ miles; pressure 97 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$2400. Pres of com, W. W. Bisbot, agt, W. Foster; town clerk, J. A. Miller.

Carson City, Ormsby Co., population *4000; buildings, brick and wood. Fire department—1 steam fire engine, 3 hand engines; total membership 90, volunteers. Chief engineer, J. Muller.

WATER SUPPLY—Source not given; system, gravity; 8 reservoirs; 32 hydrants; water-works owned by company; ann expenses \$1600. Supt, Alfred Helm, city clerk, W. H. Doan.

Elko, Elko Co., population 850; buildings, wood and brick. Fire department—hook, ladder and bucket company. Chief engineer, W. T. Smith.

WATER SUPPLY—Source, Humboldt River; system, gravity; reservoir cap 4600 gals; pipe 3500 ft; pressure 75 ft head; water-works owned by company; cost to construct \$2740. Supt, H. Lay.

Eureka, Eureka Co., population 2000; fire area 300 acres; mercantile buildings, stone, brick and wood, 1 and 2 stories; private, wood, 1 story. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 800 ft, inferior 900 ft; value of fire department equipment \$2800; value of buildings occupied \$750; total membership 125; volunteers; bells and whistles alarm; 1 hook and ladder company; 4 hose companies. Chief engineer, M. L. Gregovitch.

WATER SUPPLY—Source, springs; system, gravity; 6 tanks, cap 250,000 gals; Park & Lacy pumping engines, dy cap 300,000 gals; 19 hydrants; pipe 80 miles, 8 to 6 in dia; 4 valves, Peet; pressure, domestic 45 to 90, fire 100 pounds; water-works owned by McCoy estate; cost to construct \$60,000. Supt, Geo. F. Bliss, city clerk, F. H. Harman.

Gold Hill, Storey Co. Fire department—1 hand engine, 4 hose carts; hose rubber, good 2500 ft, leather 500 ft. Chief engineer, Mike Kennedy.

WATER SUPPLY—(See Virginia City).

Hamilton, White Pine Co.; buildings, brick and wood, 1 story. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 50 ft; total membership 7, volunteers; bell alarm. Chief engineer, T. Hagar.

WATER SUPPLY—Source, Illapoh Springs; system, pumping to reservoir; reservoir cap 200,000 gals; 2 Cameron and other pumping engines; 30 hydrants; pipe 14 miles; 20 meters; pressure, domestic 45, fire 200 pounds;

water-works owned by company; cost to construct \$280,000.

Pioche, Lincoln Co.; buildings, wood, 1 story. Fire department—3 hose carriages; value of fire department equipment \$3000; total ann expenses of department \$100 (1888); total membership 40; bell alarm. Chief engineer, E. D. Turner.

WATER SUPPLY—Source, 2 springs, dy cap 50,000 gals; system, gravity to tanks; 2 tanks, cap 200,000 gals; 12 hydrants, Garrett; pipe 7 miles, 5 to 8 in dia; pressure 300 ft head; cost to construct \$150,000; ann expenses \$2000. Supt, Jas. McFadden.

Reno, Washoe Co., population 4000; fire area 1440 acres; mercantile buildings, brick, 1 story; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 15 chemical extinguishers, 5 hose carriages; hose rubber, good 3000 ft, inferior 500 ft; value of fire department equipment \$9000; value of building occupied \$3500; total ann expenses of department \$2600; total membership 8, paid part time.

WATER SUPPLY—Source, Truckee River; system, gravity to reservoir; 10 hydrants; 8 miles pipe, 2 to 15 in dia; pressure 90 pounds; water-works owned by A. A. Evans.

Virginia City, Storey Co., population 10,917; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden and metal roofs. Fire department—1 hook and ladder truck, 2 hose carriages, 15 hose reels; siamese couplings used; hose cotton, good 1400 ft, rubber good 5000 ft; 4 hoses; value of fire department equipment \$28,000; value of buildings occupied \$4000; total ann expenses of department \$16,000; total membership 7, paid full time; bell and whistle alarm. Chief engineer, Wm. Pennison.

WATER SUPPLY—Source, Mariette Lake and Hobart Creek; system, gravity; 3 reservoirs, cap 88,100,000 gals; hydrants, 98 in Va. City, 27 in Gold Hill; pipe 21 miles, 10 to 12 in dia, National; quality of water, fine; pressure, domestic 75, fire 150 pounds; water-works owned by company; cost to construct \$2,300,000; ann expenses \$58,000. Pres of com, W. S. Hobart; supt, J. B. Overton; chairman Bd. of Coms, B. Burke; county clerk, Frank Wilder.

Winnemucca, Humboldt Co., population *1000; fire area 50 acres; buildings, wood, 1 story; wooden roofs permitted. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; 12 fire boats; hose rubber, good 600 ft; value of fire department equipment \$1500; total ann expenses of department \$600; total membership 75, volunteer. Chief engineer, F. Ried.

WATER SUPPLY—Source, Cross Canyon; system, gravity; 1 reservoir, cap 1,000,000 gals; 17 hydrants; pipe 3 miles, 6 to 12 in dia; pressure 60 pounds; cost to construct \$30,000; ann expenses \$1000. Supt, J. B. Gramm; town clerk, A. T. Gilson.

The following place has no fire protection: Hawthorne, Esmeralda Co., population 500 (has 300 ft hose).

NEW HAMPSHIRE.

Alstead, Cheshire Co., population 300; buildings, wood, 1 and 2 stories. Fire department—2 hand engines, 1 hose carriage; hose cotton, good 50 ft, rubber lined 200 ft; total membership 4, volunteers. Chief engineer, C. S. Angles; chairman of fire and water com, Edmand Dinsmore.

WATER SUPPLY—Source, Cold River.

Amherst, Hillsborough Co., population 1285; private

buildings, wood, 1 and 1½ stories. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 800 ft; value of fire department equipment \$8000; value of building occupied \$1000; total ann expenses of department \$150; total membership 30, volunteers; bell alarm. Chief engineer, W. D. Clark.

WATER SUPPLY—Source, springs; 5 cisterns. Town clerk, A. A. Rotch.

Hristol, Grafton Co., population 1262; buildings, brick and wood, 1½ to 8 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hose carriages, extension ladder hose 1300 ft; value of fire department equipment \$3000; value of buildings occupied \$1500; total ann expenses of department \$350 (1890); total membership 40, volunteers; bell alarm. Chief engineer, Geo. C. Currier.

WATER SUPPLY—Source, Newfound Lake; system, gravity; 2 force pumps; 38 hydrants; pipe 5 miles; pressure 65 pounds; water-works owned by company; cost to construct \$2200; ann expenses \$400. Pres, B. F. Perkins; supt, J. H. Brown; town clerk, A. Robie.

Claremont, Sullivan Co., population 4704; fire area town; mercantile buildings, brick, 3 and 8 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, rubber lined, good 3000 ft; total membership 45, full paid. Chief engineer, G. H. Storwell.

WATER SUPPLY—Source, streams; system, gravity and direct pumping; reservoir cap 25,000,000 gals; Knowles pumping engines; 40 hydrants. Coffin; pipe 26 miles; 100 valves, Coffin; 20 meters, National; quality of water fine; pressure 64 to 100 pounds; water-works owned by company; cost to construct \$100,000; ann expenses \$1000. Pres of com, Chas. H. Bartlett; supts, Rand & Rice; town clerk, F. F. Haskell.

Colebrook, Coos Co., population 1800; fire area 1000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 to 8 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, inferior \$1000 ft; value of fire department equipment \$2000; value of buildings occupied \$600; total ann expenses of department \$1000; total membership 34, volunteers; bell alarm. Chief engineer, Orlando Farristall; chairman of fire and water com, A. C. Wallace.

WATER SUPPLY—Source, springs; 2 reservoirs; 8 hydrants; pipe 3 miles, largest 3 in dia; water-works owned by G. W. Annis; ann expenses \$150. Town clerk, D. E. Cummings.

Derry, Rockingham Co., population *2870; buildings, wood. Fire department—3 hand engines, 2 chemical engines on wheels, 1 hook and ladder truck, 3 hose carriages; value of fire department equipment \$3500; 8 buildings occupied; total membership 150, volunteers; bell and whistle alarm. Chief engineer, H. S. Warner.

WATER SUPPLY—Source, wells and cisterns; pumping engines, dy cap 40,000 gals. Town clerk, E. T. Parker.

Dover, Strafford Co., population *14,000. Fire department—3 steam fire engines, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; 1 supply wagon; large part of hose reserved for hydrant use at factories; hose cotton, good 32,300 ft, linen 14,050 ft, leather good 800 ft, inferior 3000 ft; 7 horses; total membership 115, paid; telegraph alarm; 20 street boxes. Chief engineer, H. G. Hanson.

WATER SUPPLY—Source, collecting wells; system, pumping to reservoir; reservoir cap 4,000,000 gals; Blake pumping engines, dy cap 2,000,000 gals; 145 hydrants, Ludlow; pipe 21 2-10 miles, 3 to 16 in dia, Wood; valves, Eddy, Ludlow; 100 meters, Crown, Hersey, Ball & Fitts; quality of water fine; pressure 80 pounds; water-works owned by city; cost to construct \$252,004; ann expenses \$31,000; int on notes 4¼ per cent. Chairman of com, Joseph W. Cate; supt, Wm. D. Taylor; mayor, B. F. Neally; city clerk, J. B. Stevens, Jr.

Exeter, Rockingham Co., population 4000; fire area 2000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, private chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 4000 ft, leather inferior 400 ft; value of fire department equipment \$9000; value of buildings occupied \$3500; total ann expenses of department \$3800; total membership 71, paid \$2 per month; bell alarm; 6 fire companies. Chief engineer, C. E. Warren.

WATER SUPPLY—Source, river and well; system, pumping to standpipe; 2 Worthington pumping engines, dy cap 2,000,000 gals; 51 hydrants, Coffin; pipe 11 miles, Wood; 7 meters; pressure, domestic 55 pounds; water-works owned by company; cost to construct \$140,000; ann expenses \$750; int on bonds 5 per cent. Pres, E. C. Eastman; supt Chas. H. Johnson.

Farmington, Strafford Co., population *3000; buildings, wood, 2 and 8 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton 500 ft, leather

good 750 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$700; total membership 70, full paid; bell alarm. Chief engineer, Eben Frye.

WATER SUPPLY—Source, springs; system, pumping to reservoir; Knowles pumping engine; 30 hydrants, Caris; pipe 1½ miles, 4 to 8 in dia; 5 meters; pressure 50 pounds; water-works owned by city; ann expenses \$500; int on bonds 4 per cent. Commissioners, C. W. Johnson, J. B. Brown, and supt, Wm. F. Thayer; town clerk, P. F. Conner.

Franklin, Merrimack Co., population 4000; mercantile buildings, wood, 1 to 8 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, hose carriages, with engines; hose cotton, rubber lined good 1200 ft, leather good 1600 ft; total membership 40, volunteers. Chief engineer, Chas. F. Noyes.

WATER SUPPLY—Source, 5 cisterns.

Gorham, Coos Co., population *1500; buildings, wood; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 2 hose carriages; hose cotton, good 600 ft; linen 400 ft; value of fire department equipment \$1800; value of buildings occupied \$1500; total membership 130, paid; bell and whistle alarm. Chief engineer, John Feabody.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 6000 gals; 11 hydrants, Mathews; pipe 23 miles, 3 to 4 in dia; pressure 55 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$165 (1898). Pres, Wm. Noyes; supt, T. E. Fish; town clerk, G. E. Tubbs.

Great Falls, Strafford Co., population *6000. Fire department—4 hand engines, 1 hook and ladder truck, 2 hose carriages; hose leather and linen, good 5000 ft; total membership 180, paid. Chief engineer, O. C. Shapleigh.

WATER SUPPLY—Source, Solomon Falls River; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; Deane pumping engines, dy cap 1,500,000 gals; 51 hydrants, Chapman; 5 miles pipe, 4 to 12 in dia; quality of water fair; Darling filter; pressure 40 to 60 pounds; water-works owned by company. Pres of com, J. H. Nichols; supt, H. S. Chase.

Hanover, Grafton Co., population *2147; fire area 3500 acres; buildings, wood, 2 stories. Fire department—2 hand engines, 30 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 500 ft, inferior 300 ft, leather good 1100 ft; value of fire department equipment \$2500; value of building occupied \$1700; total membership 300. Chief engineer, H. C. Braun.

WATER SUPPLY—Source, springs, 5 collecting wells; system, gravity; pipe 2 miles; pressure, domestic 50 to 100 ft head; water-works owned by company; cost to construct \$12,000; ann expenses \$300. Supt, E. R. Rugles; village clerk, Geo. Hitchcock.

Hinsdale, Cheshire Co., population *2800; fire area 500 acres; buildings, wood. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose linen, 700 ft, rubber good 800 ft, leather 800 ft; value of fire department equipment \$5000; total membership 72, paid part time; steam gong alarm. Chief engineer, A. H. Latham.

WATER SUPPLY—Source, canal, for fire protection; 4 force pumps in mills; 19 hydrants; pipe 1½ miles, 4 in dia. Town clerk, E. E. Hall.

Hollis, Hillsborough Co., population 1025; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose leather, inferior 300 ft; value of fire department equipment \$300; value of buildings occupied \$500; bell alarm. Chief engineer, Chas. W. Hardy.

Keene, Cheshire Co., population 8000. Fire department—3 steam fire engines, 2 hand engines, 2 hook and ladder trucks, 8 hose carriages; hose cotton, rubber lined, good 4000 ft, inferior 1800 ft; total membership 70, volunteers; telegraph alarm; street boxes 17. Chief engineer, H. H. Haines.

WATER SUPPLY—Source, lakes; system, gravity; reservoir cap 1,800,000 gals; 148 hydrants, Mathews, Worcester, Humphreys; pipe, Wood, 30 miles, 4 to 24 in dia; 200 valves, Ludlow, Eddy, Chapman; 12 meters, Hersey; quality of water good; pressure 65 pounds; water-works owned by city; cost to construct \$222,230; ann expenses \$2500. Chairman of com, E. S. Foster; supt, P. F. Babidge; city clerk, J. P. Wellman.

Laconia, Belknap Co., population *5500; buildings, brick and wood, 2 and 8 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good

NEW HAMPSHIRE—Continued.

3800 ft, inferior 1000 ft; 4 horses; value of fire department equipment \$11,818; total ann expenses of department \$1860; total membership 56, paid part time; telegraph alarm; street boxes 24. Chief engineer, C. H. Watson.

WATER SUPPLY—Source, Lake Winnipiseogee; system, gravity, pumping to reservoir and direct; reservoir cap 2,750,000 gals; Blake pumping engines, dy cap 1,000,000 gals; 80 hydrants, Coffin; pipe 18 miles, 4 to 12 in dia, Conn.; 75 valves, Chapman, Ludlow; 800 meters, Crown, Hersey; pressure 85 pounds; water-works owned by company; cost to construct \$100,000; ann expenses \$3800; int on bonds 5 per cent. Pres of com, John C. Moulton; supt, F. P. Webster; town clerk, Geo B. Lane.

Lancaster, Coos Co., population 3000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 3 force pumps; hose, linen 2500 ft, leather good 250 ft, new 200 ft; value of fire department equipment \$5000; value of 2 buildings occupied \$600; total ann expenses of department \$500; total membership 112, part paid; bell and whistle alarm. Chief engineer, Ed. R. Kent.

WATER SUPPLY—Source, domestic, springs; fire, river; system, domestic, gravity; fire, water-power force pump; 8 double hydrants; pipe 7 miles, $\frac{1}{2}$ to 2 in dia; quality of water pure; pressure, domestic 80 pounds; fire supply owned by city, domestic by company; cost to construct \$3000 (fire supply). Supt, W. Marshall; town clerk, R. J. Brown.

Lebanon, Grafton Co., population 3854; fire area 2500 acres; mercantile buildings, wood, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—3 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 200 ft, inferior 100 ft, leather good 1800 ft, inferior 800 ft; value of fire department equipment \$12,940; value of building occupied \$1000; total ann expenses of department \$978; total membership 119, paid part time 112; bell alarm. Chief engineer, Frank Sayre.

WATER SUPPLY—Source, Mascoma River; system, pumping to reservoir; reservoir cap 1,000,000 gals; Lang, Goodhue, pumping engines, dy cap 1,000,000 gals; 53 hydrants, Ludlow; pipe 5 3-5 miles, 4 to 10 in dia; 52 valves, Ludlow; quality of water good, soft; pressure 80 to 110 pounds; water-works owned by city; cost to construct \$50,000; ann expenses \$500; int on bonds $4\frac{1}{2}$ per cent. Supt, C. E. Lewis; city clerk, Chas. A. Downs.

Lebanon, Grafton Co., population 1000; fire area 640 acres; buildings, wood, 1 to 3 stories. Fire department—1 hook and ladder truck, 1 hose carriage, 1 force pump; hose cotton, good 800 ft; value of fire department equipment \$2000; total ann expenses of department \$1000 (1888); total membership 25; whistle and gong alarm. Chief engineer, F. P. Hall.

WATER SUPPLY—Source, Pearl Lake; system, gravity; 33 hydrants, Coffin; pipe 4 miles, 4 to 8 in dia; valves, Coffin; pressure 100 pounds; water-works owned by company; cost to construct \$24,000; ann expense \$1500. Supt, L. C. Payne; mayor, D. C. Moulton; city clerk, W. M. Kelsoe.

Littleton, Grafton Co., population *3850. Fire department—1 hook and ladder truck, 2 hose carriages; hose good, 2000 ft; total membership 17, volunteers. Chief engineer, A. J. Crain.

WATER SUPPLY—Source, springs and river; system, pumping to reservoir; reservoir cap 550,000 gals; Worthington pumping engines, dy cap 28,500 gals; 41 hydrants, Boston; pipe 14 miles, 4 to 8 in dia; 1 meter; quality of water pure; pressure 95 pounds; water-works owned by company; cost to construct \$70,000; ann expenses \$1200; int on bonds 6 per cent. Pres of com, B. H. Corning; supt, J. E. Richardson; town clerk, Geo. E. Lovejoy.

Manchester, Hillsborough Co., population *48,480; mercantile buildings, brick, 4 stories; private, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—6 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 8 hose carriages, 1 hose wagon; hose cotton, 10,250 ft, leather 6000 ft; 21 horses; value of fire department equipment \$59,774; 5 buildings occupied; total ann expenses of department \$32,528; total membership 123, paid full time 17, paid part time 106; telegraph alarm; 50 street boxes. Chief engineer, Thos. W. Lane.

WATER SUPPLY—Source, Massahesic Lake; system, pumping to reservoir; reservoir cap 15,000,000 gals; Wood, Davidson pumping engines, dy cap 10,000,000 gals; 441 hydrants, Boston, Holyoke, Chapman, Ludlow; pipe 53½

miles, 4 to 20 in dia; 411 valves, Ludlow, Boston; 1000 meters, Ball & Fitts, Crown; quality of water good; pressure 60 pounds; water-works owned by city; cost to construct \$364,230; int on bonds 4 and 6 per cent. Pres of com, A. Gay; supt, C. K. Walker; mayor, D. B. Varney; city clerk, N. P. Kidder.

Marlow, Cheshire Co.; buildings, wood, 1 to 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; hand grenades; total ann expenses of department \$192 (1888); whistle alarm.

WATER SUPPLY—Source, pond. Town clerk, Elbridge N. Howe.

Millford, Hillsborough Co., population 3200; buildings, wood, 2 and 3 stories. Fire department—2 hand engines, 1 hook and ladder truck; 2 hose carriages; 2 buildings owned by town; bell and horn alarm. Chief engineer, Geo. C. Farwell.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 275,000 gals; Davidson pumping engines, dy cap 1,000,000 gals; 50 hydrants, Chapman; pipe 6 miles, 6 to 12 in dia; 40 valves, Chapman; quality of water good; pressure 85 pounds; water-works owned by company. Pres of com, W. M. Knowlton; town clerk, Jas. M. Laws.

Nashua, Hillsborough Co., population 20,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—3 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carriages, 20 kinds; hose rubber, good 10,500 ft; 11 hoses, value \$3000; value of fire department equipment \$35,050; value of buildings occupied \$45,000; total ann expenses of department \$12,000; total membership 91, paid full time 9, paid part time 88; Gamewell electric alarm; 33 street boxes; 6 fire companies. Chief engineer, C. H. Whitney; chairman of fire and water com, Chas. H. Burke.

WATER SUPPLY—Source, brook; system, pumping to reservoir; reservoir cap 4,000,000 gals; Worthington & Lang pumping engines, dy cap 7,000,000 gals; 100 hydrants, Chapman; 40 miles pipe, 4 to 16 in dia, Warren Foundry and others; 250 valves, Chapman; 65 meters, Crown, Hersey and Worthington; quality of water good, not filtered; pressure, domestic 60, fire 100 pounds; water-works owned by company. Supt, Horace G. Holden; mayor, Chas. A. Burke; city clerk, Chas. S. Bussell.

New Market, Rockingham Co., population 235. Fire department—2 fire companies. Henry Tuttle.

WATER SUPPLY—Water power from mills, which will reach nearly all business portion of town. Town clerk, John L. Bennett.

Newport, Sullivan Co., population 2700; buildings, brick and wood, $1\frac{1}{2}$ to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 2000 ft; value of fire department equipment \$2000; total membership 35, volunteer; bell alarm. Chief engineer, Chas. H. Watts.

WATER SUPPLY—Source, river; 3 tanks.

Penacook, Merrimack Co., population 2500, partly in Concord; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 Silsby steam fire engine, 1 hand engine, private chemical extinguishers, 5 hose carriages; hose cotton, good 1500 ft, linen good 30 ft, leather good 1000 ft; value of 2 buildings occupied \$10,500; total ann expenses of department \$1000; total membership 65, paid part time; bell and whistle alarm; 2 engine companies. Assistant engineer, W. W. Allen, Concord side; foreman, John S. Boutelle, Boscomen side.

WATER SUPPLY of Concord, which supplies part of Penacook—Source, Penacook Lake; system, gravity; pipe 41 18-100 miles; valves, Ludlow & Chapman; 2 meters; pressure 45 pounds; water-works owned by city of Concord; cost to construct \$481,224; int on bonds 4 to 6 per cent. Supt, V. C. Hastings.

Peterborough, Hillsborough Co., population 2200; fire area 23,040 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; siamese coupling; hose linen, good 1400 ft, inferior 800 ft, leather good 600 ft; value of fire department equipment \$3500; value of buildings occupied \$300; total ann expenses of department \$500; total membership 87, volunteer. Chief engineer, John H. Steele.

WATER SUPPLY—Source not given; system, direct pumping; 17 hydrants; pipe 4 to 6 in dia. Town clerk, John H. Steele.

Pittsfield, Merrimack Co., population 25,000; fire area 700 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages,

hose cotton, good 2000 ft, rubber good 500 ft; bell alarm; 4 fire companies. Chief engineer, H. W. Bachelder; chairman of fire and water com, S. J. Winslow.

WATER SUPPLY—Source, pond; system, gravity to reservoir; reservoir cap 1,500,000 gals; 27 hydrants, Ludlow; pipe 6½ miles; 1 meter; pressure 80 pounds; cost to construct \$38,000; ann expenses \$500. Pres, R. L. French; supt, S. J. Winslow.

Plymouth, Grafton Co., population 1750; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine, 3 hose carriages; hose good 1150 ft; value of fire department equipment \$1800; total ann expenses of department \$1000; total membership 12, full paid; bell alarm. Chief engineer, J. P. Huckslein.

WATER SUPPLY—Source, springs; system, gravity; 27 hydrants, Perkins; 1 meter; pressure 70 pounds; cost to construct \$40,000; ann expenses \$300. Pres, A. Burleigh; supt, W. F. Langdon.

Portsmouth, Rockingham Co., population 11,000; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—4 steam fire engines, 3 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 3 hose wagons, supply wagon and sleighs; hose cotton, good 8700 ft; 1 horse owned, value 450; others hired; value of fire department equipment \$30,125; total ann expenses of department \$9172; total membership 126, paid part time; Gamewell electric alarm; 18 street boxes; 6 fire companies. Chief Engineer, H. A. Marden; chairman of fire and water com, D. Casey.

WATER SUPPLY—Source, brook; 14 reservoirs supplied from aqueduct and 4 reservoirs supplied with salt water.

Suncook, Merrimack Co., population 2500. Fire department—1 chemical engine; hose good 500 ft; total membership 50, 12 paid. Chief engineer, G. P. Appleton.

WATER SUPPLY—Not described; steam pumping; 6 hydrants.

Troy, Cheshire Co., population 900; mercantile buildings, brick and wood, 2½ stories; private, wood, 1½ and 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; fire hook and ropes; hose rubber, good 800 ft, various 400 ft; value of fire department equipment \$1000; total ann expenses of department about \$800; total membership 45; whistle and bell alarm. Chief engineer, Asa C. Dort.

Wilton, Hillsborough Co., population 2000; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 450 ft, leather good 600 ft; value of fire department equipment \$2000; total membership 21; whistle and bell alarm. Chief engineer, Jno. Gage.

WATER SUPPLY—Source, wells and river; 1 reservoir; 4 hydrants; pipe 50 rods. Town clerk, Jno. F. Mahoney.

Winchester, Cheshire Co., population 2500; mercantile buildings, brick and wood, 3 stories; private, wood, 1½ stories. Fire department—4 hand engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 400 ft, rubber good 300 ft, inferior 200 ft; total membership 100, volunteer; whistle and bell alarm. Chief engineer, W. N. Haskell.

WATER SUPPLY—Source, river and cisterns; hydrants; 3 steam pumps; 1 pump operated by water power. Town clerk, Geo. H. Snow.

Wolfborough, Carroll Co., population 2800; buildings, wood, 2 and 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages; siamese couplings; hose leather, good 500 ft, linen good 400 ft; value of fire department equipment \$1500; total ann expenses of department \$800; total membership 100, paid part time; whistle and bell alarm. Chief engineer, Thos. Lees.

WATER SUPPLY—Source, lake, river and wells.

Woodsville, Grafton Co., population 700; buildings, brick and wood, 1½ and 3 stories; wooden roofs permitted. Fire department—1 hose carriage; hose leather, good 500 ft; value of fire department equipment \$300; total ann expenses of department about \$400; total membership 22, paid full time; bell alarm. Chief engineer, J. P. Leonard.

WATER SUPPLY—Source, river; system, direct; Lang pumping engines, dy cap 1,500,000 gals; 19 hydrants; pipe 8½ miles; pressure, domestic 70, fire 100 pounds; cost to construct \$30,000; ann expenses \$375.

The following places have no fire protection: Hampton, Rockingham Co., population 1200. Hennick, Merrimack Co., population *400 (have 250 ft of hose). Hooksett, Merrimack Co., population 1800. Rumney, Grafton Co., population 1200. Willmot, Merrimack Co., population 1000.

NEW JERSEY.

Allentown, Monmouth Co., population 1010. Fire department—3 hand engines; hose leather, good 75 ft. Chief engineer, D. S. Savidge.

WATER SUPPLY—Source, wells and lake. Town clerk, Wm. Hawkins.

Asbury Park, Monmouth Co., population 3500; fire area 640 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 4 hose carriages; hose cotton, good 2000 ft, rubber good 3000 ft; 4 horses; value of fire department equipment \$18,000; value of buildings occupied \$3000; total ann expenses of department \$2000; total membership 200, paid part time 2; bell alarm. Chief engineer, Jas. H. Bird; chairman of fire and water com, Chas. A. Atkins.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; 3 Holly pumping engines, dy cap 1,000,000 gals; 60 hydrants; Cassin; pipe Donaldson, 10 miles, Millert, Union; valves Cassin; 60 meters; pressure 60 pounds; water-works owned by town; int on bonds 5 per cent. Supt, G. H. Coffin.

Atlantic City, Atlantic Co., population 12,000; fire area 7680 acres; mercantile buildings, wood, 3 and 3 stories, private, wood, 3 and 3 stories; wooden roofs permitted but seldom used; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 chemical engine on wheels ordered, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 6000 ft, inferior 2000 ft; 16 horses, value \$4500; value of fire department equipment \$38,000; value of buildings occupied \$15,500; total ann expenses of department \$15,500 (including purchase of hose); total membership 175, paid full time 16, paid part time 4, volunteers; 8 tower strikers and Gamewell alarm, street boxes 15; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, Chas. S. Lackey.

WATER SUPPLY—Source, driven wells and surface water;

system, pumping to standpipe, standpipe cap 500,000 gals; Worthington pumping engines, dy cap 9,500,000 gals; 160 hydrants, Wood; pipe Wood, 26 miles, 2 to 20 in dia; valves Wood; 280 meters, National, Worthington; pressure 40 to 58 pounds; water-works owned by company. Pres of com, Walter Wood; supt, Geo. T. Prince; mayor, Samuel D. Hoffman; city clerk, H. R. Albertson.

Bayonne City, Hudson Co., population *19,000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 3 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 8 chemical extinguishers, 3 hook and ladder trucks, 8 hose carriages; hose rubber, good 4700 ft; total ann expenses of department \$4000; volunteers; bell and telephone alarm. Chief engineer, J. H. Mahnkens; chairman of fire and water com, Henry Meigs.

WATER SUPPLY—Source, Passaic River; system, gravity; 156 hydrants, Johnson, Chapman, Galvin; pipe 15 miles, 6 to 20 in dia; 90 valves, Johnson; 900 meters, Crown, Worthington, Thomson; quality of water medium; pressure 45 pounds; water works owned by city; cost to construct \$159,000; ann expenses \$5000. Supt, M. O'Connor; mayor, John Newman; city clerk, Wm. D. Hamilton.

Bellefonte, Essex Co., population *1818; mercantile buildings, brick, 3 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1700 ft, rubber good 300 ft; value of fire department equipment \$2000; value of 2 buildings occupied \$1000; total ann expenses of department \$400; total membership 75, volunteers. Chief engineer, Levi Broadbent.

WATER SUPPLY—Source not given; system, pumping to reservoir, force pumps; 18 hydrants; pipe 2 miles, 6 in dia; pressure 70 pounds. Town clerk, Wm. D. Lister.

Belvidere, Warren Co., population 2000; fire area 600

NEW JERSEY—Continued.

acres; mercantile buildings, wood, 2½ to 5 stories; private, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 700 ft, rubber good 800 ft, inferior 200 ft; value of fire department equipment \$3000; value of buildings occupied \$5000; total membership 50, volunteers; bell alarm. Chief engineer, F. V. Harris; fire marshal, Thos. H. Hayes.

WATER SUPPLY—Source, Delaware River; system, pumping to standpipe; Blake pumping engines, dy cap 1,000,000 gals; 18 hydrants, Chapman; pipe Fisher, Warren, 8 miles; valves Lehman; pressure 77 pounds; water-works owned by company; cost to construct \$25,500; ann expenses \$1400. Pres, D. C. Blair; supt, John H. King; town clerk, Sharp Melick.

Beverly, Burlington Co., population 1760; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—6 chemical extinguishers (bad order), 1 hook and ladder truck, 8 hose carriages (2 used); hose cotton, good 1400 ft; value of fire department equipment \$2500; value of buildings occupied \$3000; total membership 135, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Foreman, C. W. Adams; chairman of fire and water com, J. Ashton.

WATER SUPPLY—Source, river; system, pumping to standpipe and direct; Gordon & Maxwell pumping engines, dy cap 2,000,000 gals; 44 hydrants; pipe 6½ miles; 100 valves. Supt, Harry Stetser; city clerk, Clarence Hazard.

Blairstown, Warren Co., population 500; fire area 10 acres; buildings, wood, 2 stories; wooden roofs permitted, slate used largely. Fire department—1 hose carriage; hose cotton, good 500 ft; total membership 25, volunteers. Foreman, Geo. A. Braman.

WATER SUPPLY—Source, stream; system, pumping to standpipe and direct; pumping engines, dy cap 676,000 gals; 15 hydrants.

Bloomfield, Essex Co., population 8500; fire area 13½ sq. miles; mercantile buildings, wood and brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 4250 ft, inferior 250 ft; 2 hoses, value \$900; value of fire department equipment \$7000; value of buildings occupied \$12,000; total ann expenses of department \$2500; total membership 142, volunteers; Gamewell alarm; 14 street boxes; 1 hook and ladder company, 8 hose companies. Chief engineer, T. H. Johnson.

WATER SUPPLY—Source, wells; 121 hydrants; pipe 17 miles, 4 to 9 in dia; pressure 90 to 120 pounds. Supt, Geo. Olcott; town clerk, E. F. Farrand.

Boonton, Morris Co., population 3500; fire area 500 acres; buildings, wood, 2 stories; wooden roofs permitted. No fire department—Buckets and ladders. The following apparatus is the property of Boonton Iron Works: 1 hook and ladder truck, 4 hose carriages; hose leather, good 1000 ft, inferior 800 ft. Mayor, E. G. Myer.

Bordentown, Burlington Co., population 14658; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 3 stories; tin or slate roofs; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose rubber, inferior 800 ft, leather good 1200 ft; value of fire department equipment \$6000; value of buildings occupied \$35,000; total ann expenses of department \$270; total membership 125, volunteers; bell alarm. Chief engineer, H. N. Jobs.

WATER SUPPLY—Source, Crowick's Creek; system, pumping to reservoir and direct; reservoir cap 500,000 gals; Worthington pumping engines, dy cap 500,000 gals; 42 hydrants, Wood; pipe 6 miles, 6 in dia, Wood, McNeal; valves, Eddy; 4 meters, Worthington; quality of water good, National filter; pressure, domestic 33 pounds, fire direct; water-works owned by company. Pres, Wm. Steele; supt, John M. Steele; mayor, John O. Huden; city clerk, Isaac Elliott.

Bridgeton, Cumberland Co., population 12,000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1500 ft; 2 hoses; total membership 23, paid part time. Chief engineer, W. H. Elwell.

WATER SUPPLY—Source, East Lake and springs; system, pumping to reservoir; reservoir cap 1,500,000 gals; Worthington pumping engines, dy cap 1,500,000 gals; 110 hydrants, Cassin; pipe 17 miles, 8 to 16 in dia, Mellert, Wood; 120 valves, Cassin; 8 meters, Crown, Hersey; quality of water good, soft; pressure 15 to 45 pounds; water-works owned by city; cost to construct \$107,000; ann expenses

\$2000; int on bonds 6 per cent. Pres of com, Benj. F. Harding; supt, Timothy Woodruff; mayor, Jeremiah Dubois; city clerk, Wm. B. Kirby.

Burlington, Burlington Co., population 9000; fire area 1500 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted, but mostly tin. Fire department—2 steam fire engines, 1 chemical engine on wheel, 1 hook and ladder truck, 7 hose carriages; hose cotton, good 2100 ft, leather good 8000 ft, inferior 400 ft; 2 hoses used; value of fire department equipment \$14,000; value of buildings occupied \$21,000; total ann expenses of department \$1248; total membership 448, volunteers; chief paid: Pierce & Jones electric alarm; 5 street boxes, 6 private; 3 engine companies, 1 hook and ladder company. Chief, Harry Carter; chairman of fire com, L. R. Vanechuyver.

WATER SUPPLY—Source, Delaware River; system, pumping to tank; tank cap 100,000 gals; Worthington, Holly-Gaskill pumping engines, dy cap 2,000,000 gals; standpipe ordered; 104 hydrants, Mathews; pipe 8 miles, Eddy valves; pressure, domestic 30, fire 65 pounds; water-works owned by city; cost to construct \$75,000; ann expenses \$9000; int on bonds 4 per cent. Supt, Geo. A. Hallison; city clerk, J. R. Batton.

Caldwell, Essex Co., population 800. No organized fire department—3 chemical extinguishers. Town clerk, M. B. Lindaley.

Camden, Camden Co., population 80,000; fire area 10½ square miles; mercantile buildings, brick and stone, 3 and 4 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines (1 in reserve), 6 chemical extinguishers, 2 hook and ladder trucks (1 in reserve), 5 hose carriages, all kinds; siamese couplings used; hose cotton, good 1300 ft, 18 hoses, value \$5400; value of fire department equipment \$40,000; value of 5 buildings occupied \$40,000 (owned by city); total ann expenses of department \$40,000 (1887); total membership 48, paid full time 33, paid part time 12; Gamewell & Singer alarm, 24 street boxes; 2 engine companies, 1 hook and ladder company. Chief engineer, R. S. Bender; chairman of fire com, James M. Lane.

WATER SUPPLY—Source, Delaware River; system, pumping to reservoir and standpipe; reservoir cap 7,300,000 gals; Blake pumping engines, dy cap 15,000,000 gals; 478 hydrants, Galvin; pipe 57.20 miles, 4 to 20 in dia, Gloucester Iron Works; 804 valves, Galvin; 20 meters, National; pressure, 18 to 40 pounds; water-works owned by city; cost to construct, \$500,000; ann expenses \$12,000; int on bonds 4 and 7 per cent. Pres of com, M. Ives; supt, Wm. Mines; mayor, Jesse Butt; city clerk, T. F. Varney.

Cape May City, Cape May Co., population 1405. Fire department—3 steam fire engines, 1 hook and ladder truck, 2 hose carriages, hose cotton, good 1500 ft, rubber good 1100 ft; total membership 41, paid full time 8, paid part time 33. Chief engineer, Jos. H. Hana.

WATER SUPPLY—Source, wells; system, gravity; tanks, auxiliary pumping; tanks cap 120,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 3 hydrants, Mathews; pipe 5 miles; pressure, domestic 24, fire 80 pounds; cost to construct \$25,000; ann expenses \$1500; int on bonds 5 and 6 per cent. Supt, H. F. Douglas.

Carlstadt, Bergen Co., population 9000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose canvas, good 300 ft; total membership 70, volunteers.

WATER SUPPLY—Source, river and 3 cisterns.

Chambersburg, Mercer Co., annexed to Trenton.

Clayton, Gloucester Co., population 12000; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 hand engines, buckets.

WATER SUPPLY—Source, wells. Village clerk, B. F. Sparks.

Dover, Morris Co., population 12170. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, 500 ft, rubber 1000 ft, leather good 500 ft; total membership 150. Chief engineer, W. H. Lambert.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 6,000,000 gals; 60 hydrants, Cassin; pipe 6½ miles, 4 to 10 in dia, Donaldson; 50 valves, Cassin; 8 meters, National; quality of water soft, good; pressure 5 to 80 pounds; water-works owned by company. Pres of com, Archer N. Martin; supt, P. J. H. Bennett; mayor, Sedgwick R. Bennett; town clerk, J. S. Gibson.

East Orange, Essex Co., population 14,000; buildings, brick and wood; wooden roofs permitted. Fire department—1 hook and ladder truck, 5 hose carriages; hose

cotton rubber lined, good 6000 ft; total membership volunteers; telegraph alarm. Chief, H. Mills.

WATER SUPPLY—Source, springs and wells; system, direct pumping; Holly-Worthington pumping engines, dy cap 1,500,000 gals; 251 hydrants, Ludlow; pipe 80 miles; valves Ludlow; 280 meters, Crown, Equitable; pressure 35 pounds; water-works owned by company; cost to construct \$106,000. Pres of com, F. M. Shepard; supt, Geo. P. Olcott; town clerk, Gen. A. F. Munn.

Easton town, Monmouth Co., population 1200; fire area 100 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft, inferior 250 ft; value of fire department equipment \$1500; value of buildings occupied \$300; total membership volunteers. Chief, J. D. Fay.

Egg Harbor, Atlantic Co., population 1800; buildings, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers (also 2 private), 1 hook and ladder truck, 2 hose carriages, 1 two-wheel hook and ladder truck; hose cotton, good 2000 ft, inferior 800 ft, rubber good 150 ft; value of fire department equipment \$1100; value of buildings occupied \$400; total ann expenses of department \$160; total membership 76, volunteers; bell alarm; 1 hook and ladder company; 1 hose company. Chief engineer, H. V. Postina; chairman of fire and water com, Aug. Arnold.

WATER SUPPLY—Source, driven wells; force pumps. Town clerk, F. Norman.

Elizabeth, Union Co., population *35,000; buildings, brick and wood, 2 to 4 stories; wooden roofs not permitted within 200 ft of the main street. Fire department—(report of 1890)—6 steam fire engines, 2 hook and ladder trucks, 8 hose carriages; hose rubber, good 3500 ft, inferior 2500 ft; 15 horses; 7 buildings owned; total ann expenses of department \$8000; total membership 578, paid full time 7; telegraph alarm; 36 street boxes. Chief engineer, Wm. Mahoney.

WATER SUPPLY—Source, Elizabeth River; system, pumping to reservoir and direct; impounding reservoir, cap 200,000,000 gals; Worthington, Davidson pumping engines, dy cap 7,000,000 gals; 220 hydrants, Ayers; pipe 15 miles; 80 meters; filtration, sand and charcoal; pressure 10 pounds; water-works owned by company; cost to construct \$1,000,000; ann expenses \$40,000; int on bonds 7 per cent. Pres of com, Jas. Battin; supt, Wm. Whelan; city clerk, E. L. P. Coleman.

Englewood, Bergen Co., population 4076; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; and extinguishers; hose rubber, good 1000 ft; value of fire department equipment \$2000; total membership 60, volunteers; bell alarm. Chief engineer, Jacob Taylor.

WATER SUPPLY—Source, Hackensack River; system, pumping to reservoir and direct; Worthington pumping engines, dy cap 5,000,000 gals; 50 hydrants, Coffin; pipe 8 miles, 4 to 24 in. Warren; 76 valves, Coffin, Ludlow; 300 meters, National, Worthington; quality of water good, aerated; pressure, domestic 10 to 100, fire 20 to 100 pounds; water-works owned by company. Supt, C. B. Brush; own clerk, A. A. Coyle.

Flemington, Hunterdon Co., population *2000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine; 1 hook and ladder truck, 1 hose carriage; hose abric, good 600 ft, rubber good 600 ft; 2 buildings occupied; total membership 180, volunteers. Chief engineer, F. A. Rice.

WATER SUPPLY—Source, river and springs; system, pumping to reservoirs; 13 hydrants; 10 miles pipe, 4 to 6 in dia. Supt, J. C. Hopewell.

Freehold, Monmouth Co., population *2500; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; value of fire department equipment \$10,000; value of building occupied \$6000; total membership 130, volunteers; engineers paid; bell alarm. Chief engineer, John H. Hulse.

WATER SUPPLY—Source, 14 cisterns and steam well when necessary. Town clerk, C. H. Butcher.

Frenchtown, Hunterdon Co., population *1066; mercantile buildings, wood, 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose leather, good 1000 ft; value of fire department equipment \$2800; value of building occupied \$3000; total ann expenses of department

\$100; total membership 80, volunteers. Chief engineer, J. B. Lyons.

WATER SUPPLY—Source, Delaware River and mill race. Town clerk, P. Smith.

Gloucester City, Camden Co., population *1966. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, 1800 ft, rubber good 1400 ft; mills own 5 hose carriages and 5000 ft hose; total membership 84, volunteers. Chief engineer, P. Mealey.

WATER SUPPLY—Source, springs and Newtown Creek; system, pumping from reservoir to standpipe; reservoir cap 2,000,000 gals; standpipe cap 145,000 gals; Wetherill pumping engines, dy cap 2,000,000 gals; 84 hydrants, Adams; pipe 12 miles; pressure, domestic 45, fire 80 to 90 pounds; water-works owned by city; cost to construct \$32,000; ann expenses \$1908; int on bonds 4 and 6 per cent. Supt, James Finley; mayor, John R. Jackson; city clerk, D. F. Lane.

Hackensack, Bergen Co., population *6000. Fire department—1 hand engine, 2 hook and ladder trucks, 8 hose carriages; hose cotton, good 3500 ft, rubber good 600 ft; total membership 165, volunteers; telegraph alarm. Chief engineer, M. W. Heath.

WATER SUPPLY—Supply furnished by Hackensack Water Co. reorganized (see Hoboken). 61 hydrants; pipe 5 miles; pressure 42 pounds. Town clerk, M. Demorest.

Hackettstown, Warren Co., population *1245. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 1800 ft, rubber good 100 ft; total membership 40, volunteers. Chief engineer, G. W. Smith.

WATER SUPPLY—Source, mountain stream; system, gravity; 40 hydrants; pipe 10 miles; filtration sand, gravel and charcoal; pressure 40 pounds; water-works owned by village; cost to construct \$54,000; int on bonds 5 to 7 per cent. Pres of com, S. C. Lanson; supt, Wm. Sidner; village clerk, Thos. Nolan.

Haddonfield, Camden Co., population 3000; fire area radius 1 mile; buildings, wood, 2½ stories; new roofs are slate or tin; fireworks ordinance. Fire department—1 force pump, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1000 ft, rubber inferior 500 ft; value of fire department equipment \$3800; value of buildings occupied \$1500; total ann expenses of department \$128; total membership 154, paid part time 1, volunteers 77. Chief engineer, Thos. Hill.

WATER SUPPLY—Source, 24 public cisterns; system, pumping to standpipe; reservoirs in course of construction; 20 hydrants; pipe 5 miles; 10 valves; 15 meters, Worthington, Thomson; pressure 26 to 40 pounds. Pres of com, Wm. H. Snowden; supt, D. D. Barnard; town clerk, Wm. S. Hart.

Hammon ton, Atlantic Co., population *2000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose leather, good 450 ft; value of fire department equipment \$1500; total membership 65, volunteers; telegraph alarm.

Harrison, Hudson Co., population *2000; buildings, wood, 2½ and 3 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, inferior 300 ft, rubber good 2000 ft; value of fire department equipment \$4000; total ann expenses of department \$2500; total membership 95, volunteers; bell and whistle alarm.

WATER SUPPLY—Source, Belleville water-works; 65 hydrants; pipe 4½ miles; pressure 65 pounds.

Hightstown, Mercer Co., population *1800; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, with 85 ft of ladder; 3 hose carriages; hose cotton, good 1500 ft, leather good 500 ft, inferior 400 ft; value of fire department equipment \$7000; value of building occupied \$3000; total membership 66, volunteers; bell alarm. Chief engineer, J. V. D. Beekman.

WATER SUPPLY—Source, pond, stream and wells; 8 cisterns, cap 1100 gals each. Town clerk, T. W. Pullen.

Hoboken, Hudson Co., population *42,000. Fire department (report of 1899)—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, 2 hose carts, 2 jumpers; hose rubber, good 4500 ft, linen good 400 ft; total membership 808, paid full time 2 engineers; volunteers 800. Chief engineer, W. A. Willig.

WATER SUPPLY—Source, Hackensack River; system, pumping to reservoirs and tanks; 2 reservoirs, cap 18,000,000 gals; 3 tanks, cap 188,000 gals; Worthington pumping engines, dy cap 16,000,000 gals; 580 hydrants, Chapman, Coffin, Mathews, Galvin; pipe 78½ miles, Warren; valves

NEW JERSEY—Continued.

Chapman, Coffin, Mathews, Galvin; 2667 meters; pressure, domestic 35 to 50, fire 50 to 75 pounds; water-works owned by Hackensack Water Co., reorganized, which supplies several other towns; ann expenses \$54,000; int on bonds 5 per cent. Pres of com, R. W. DeForest; supt, Chas. B. Brush; city registrar, Chas. Gross.

Hopewell, Mercer Co., population 700. Fire department—1 hook and ladder truck; value of fire department equipment \$1000; total membership 80, volunteers; bell alarm. Chief engineer, S. Smith Ege.

WATER SUPPLY—Source, wells, cisterns and brooks.

Jersey City, Hudson Co., population *160,000; fire area 3840 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick, 4 and 5 stories; fireworks ordinance; causes of fire investigated. Fire department—11 steam fire engines, 2 chemical engines on wheels, 26 chemical extinguishers, 6 hook and ladder trucks, 12 hose carriages, 15 fire boats, siamese couplings used; hose cotton, good 16,000 ft, rubber good 2000 ft; 46 horses; value of fire department equipment \$300,000; 23 buildings occupied; total ann expenses of department \$101,000; total membership 908, paid full time 75, paid part time 128; telegraph alarm; 96 street boxes. Chief engineer, Henry E. Farrier.

WATER SUPPLY—Source, Passaic River and tributaries; system pumping to reservoir, standpipe and direct; storage reservoir cap 167,000,000 gals; distributing reservoir cap 70,000,000 gals; 3 standpipes; 3 Cornish, 2 Worthington pumping engines, dy cap 32,000,000 gals; 1800 hydrants, Mathews, Titcomb, Galvin; pipe 168 miles, 4 to 36 in dia, Wood, Warren; valves, Mathews, Galvin; 220 meters, Crown, Worthington; quality of water good; pressure, domestic 85, fire 40 pounds; water-works owned by city and supplies Bayonne City and Kearny township; cost to construct \$4,950,000; ann expenses \$589,170. Water com, Chas. J. Somers; Chief engineer, W. W. Ruggies; mayor, Orestes Cleveland; city clerk, John E. Scott.

Keyport, Monmouth Co., population 19668; fire area 10,940 acres; buildings, brick and wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$1500; total ann expenses of department \$175; total membership 50, volunteers; bell alarm.

WATER SUPPLY—Source, cisterns and bay.

Lakewood, Ocean Co., population *1800. Fire department—1 hook and ladder truck; hose 800 ft.

WATER SUPPLY—Source, south branch Metedeconk River; system, pumping to standpipe; Worthington pumping engines, dy cap 1,000,000 gals; hydrants, Ludlow; pipe 2 6-10 miles; valves Ludlow; pressure, domestic 45 pounds; water-works owned by company. Pres and supt, Isaac A. Van Hise; town clerk, Geo. M. Holcombe.

Lambertville, Hunterdon Co., population 4500; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 850 ft, rubber good 250 ft, inferior 800 ft; value of fire department equipment \$4400; value of buildings occupied \$13,650; total ann expenses of department \$1367; total membership 183, volunteer; chief paid \$25 per year; 8 fire companies. Chief engineer, C. H. W. Van Sciven; chairman of fire and water com, I. W. Holcombe.

WATER SUPPLY—Source, spring and Swans Creek; system, gravity; 2 reservoirs, cap 117,000,000 gals; 80 hydrants, Wood; pipe 5 miles, 4 to 8 in dia; 26 valves, Cassin; 6 meters, Union, Crown; quality of water good; pressure 71 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$1000. Pres of com, Chas. A. Skillman; supt, T. Coryell; mayor, S. Coryell; city clerk, W. H. Wellmet.

Long Branch, Monmouth Co., population *8000; fire area 8000 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 4 hose carriages; siamese couplings used; hose cotton, good 1800 ft, rubber good 4000 ft; 6 horses; value of fire department equipment \$20,000; value of 4 buildings occupied \$12,000; total membership 800, volunteers, engineer and driver paid; telegraph alarm. Chief engineer, Jas. B. Flinn.

WATER SUPPLY—Source, brook and springs; system, pumping to standpipe; standpipe cap 143,000 gals; Worthington pumping engines, dy cap 5,000,000 gals; 112 hydrants, Starr, Mathews, Ludlow; pipe 26 miles, 4 to 2½ in dia; Warren, McNeal; 82 valves, Ludlow; quality of water soft and good; Hyatt filter; pressure,

domestic 40, fire 65 pounds; water-works owned by company; cost to construct \$850,000; int on bonds 5 per cent. Pres of com, Geo. F. Baker; sec and supt, Whitney Conant; mayor, G. W. Brown; town clerk, R. J. Van Brunt.

Madison, Morris Co., population *1800; buildings, wooden. Fire department—4 chemical extinguishers, 1 hook and ladder truck; bell alarm. Chief engineer, E. T. Absolon.

WATER SUPPLY—Source, 2 wells, supplied from roofs. Town clerk, C. M. Bush.

Manasquan, Monmouth Co., population 1000; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$1000; total membership 40, volunteers; bell alarm.

WATER SUPPLY—Source, wells.

Matawan, Monmouth Co., population 1500; buildings, wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 250 ft, leather good 250 ft; value of fire department equipment \$500; total ann expenses of department about \$500; total membership 58, volunteers; bell alarm.

WATER SUPPLY—Source, cisterns. Town clerk, W. A. Rodgers.

Medford, Burlington Co., population 950; buildings, wood, 3 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 100 ft; total ann expenses of department \$5; total membership 50, volunteers.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Sam'l Stackhouse.

Metuchen, Middlesex Co., population 2000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$2500; total annual expenses of department \$100; total membership 26, volunteers; bell alarm. Chief, Nathan Robino.

WATER SUPPLY—Source, wells. Town clerk, Joe Robinson.

Milford, Hunterdon Co., population 700; buildings, wood, stone and brick, 2 and 3 stories. Fire department—1 hand engine; other apparatus, hand grenades; hose rubber, good 500 ft; value of fire department equipment \$300; total membership 50, volunteers; bell and whistle alarm. Chiefs, Jno. Hager, C. H. Darmon.

WATER SUPPLY—Source creek and mill race. Town clerk, J. C. Stern.

Millville, Cumberland Co., population *9000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine; 1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber, good 4000 ft, leather good 1500 ft; value of fire department equipment \$6400; total membership 41, volunteers; bell alarm. Chief engineer, Geo. W. Yelter.

WATER SUPPLY—Source, well and river; system, pumping to standpipe from impounding reservoir; pumping engines dy cap, 1,500,000 gals; 66 hydrants, R. D. Wood & Co.; pipe 8 miles, 4 to 12 in dia; valves, R. D. Wood & Co.; quality of water good; pressure 60 pounds. Sept. W. Wood.

Montclair, Essex Co., population *7000; buildings, wood. Fire department—1 chemical engine, 1 hook and ladder truck, 8 hose carriages, all kinds; hose 1800 ft; bell alarm. Chief engineer, Geo. J. Westbrook.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 800,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 241 hydrants, R. D. Wood & Co.; pipe 26 miles, 4 to 12 in dia, Warren Foundry Co.; 150 valves, Watson Mfg Co.; 26 meters, National Meter Co.; quality of water pure; pressure 70 to 120 pounds; cost to construct \$300,000. Pres, W. G. Saow; supt, James Owen; chairman town com, J. H. Wilson; city clerk, H. S. Yost.

Moorestown, Burlington Co., population 1355. Fire department—3 hand engines, 1 hook and ladder truck, 1 hose carriage; hose cotton, inferior 40 ft, rubber good 200 ft; total membership 70, volunteers. Chief engineer, Thos. Wilson.

WATER SUPPLY—Source, 8 cisterns of 40,000 gals cap; water-works constructed last year, not described. Town clerk, G. Airden.

Morristown, Morris Co., population *9000; buildings, wood, 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—3 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose cotton, good 2200 ft, rubber good 1000 ft, inferior 1000 ft; value of buildings occupied

\$28,000; total membership 170, volunteers; bell and telephone alarm. Chief engineer, H. A. Freeman.

WATER SUPPLY—Source, springs; system, gravity to distributing from impounding reservoir; Worthington pumping engines, dy cap 1,500,000 gals; 71 hydrants; pipe 20 miles; 250 meters; pressure 30 to 40 pounds; cost to construct \$230,000; ann expenses \$3500; int on bonds and 6 per cent. Pres, H. C. Pitney; supt, W. A. Dunn.

Mt. Holly, Burlington Co., population 4700; mercantile buildings, brick, 5 stories; private, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—2 team fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; siamese couplings; hose cotton, good 900 ft, rubber good 100 ft; inferior 100 ft, leather good 1600 ft, inferior 600 ft; value of fire department equipment \$5500; value of buildings occupied \$6800; total membership 200, volunteers. Chief engineer, Chas. B. Gibbs.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 600,000 gals; Worthington pumping engines, dy cap 1,500,000 gals; 36 hydrants; 8 miles pipe, 12 in dia, McNeal P. & F. Co. and R. D. Wood & Co.; 0 valves, Eddy; 4 meters, Worthington & American; not filtered; pressure 40 pounds; water-works owned by company; cost to construct \$75,000; ann expenses \$2500. Pres, 3. F. Shreve; supt, Henry C. Riadon; town clerk, Joseph Shrive.

Newark, Essex Co., population 200,000, fire area 19 square miles; mercantile buildings, brick, stone and wood, 2 to 7 stories; private, brick and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—14 steam fire engines, 1 chemical engine on wheels, 6 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 9 hose carriages, all kinds, 8 hose wagons; hose cotton, good 24,800 ft, inferior 2800 ft; 47 horses, value \$14,100; total expenses of department (1899) \$138,841; total membership 124, paid full time; Gamewell electric fire alarm; 148 street boxes. Chief engineer, Robt. Gierstedt; chairman of fire com, Edw. Schickhaus.

WATER SUPPLY—Source, river; system, pumping to reservoir; Worthington pumping engines, dy cap 2,000,000 gals; 1460 hydrants, Hewes & Phillips, Galvin; 177 miles pipe, 30 to 4 in dia, McNeal, Warren & Wood; Galvin valves; 556 meters, Worthington, Crown, Ball & Frost; quality of water fair; pressure 30 pounds; water-works owned by city; cost to construct \$3,113,824; ann expenses \$115,000; int on bonds 4 to 7 per cent. Chairman of com, Hon. J. E. Haynes; supt, George B. Gray; mayor, Hon. J. E. Haynes; city clerk, S. H. Pemberton. A new supply, gravity system, cap of 50 million gals daily, and to cost \$6,000,000, was completed May 1st.

New Brunswick, Middlesex Co., population 19,000; fire area 2280 acres; mercantile buildings, brick, 3 stories; private, wood, 3 stories; causes of fire investigated. Fire department—6 steam fire engines, 1 hook and ladder truck, 7 hose carriages, all kinds; siamese couplings; hose cotton, good 1600 ft, rubber good 2500 ft; value of fire department equipment \$30,000; value of buildings occupied \$8000; total ann expenses of department \$3000; total membership 498, volunteer; bell alarm. Chief engineer, Francis Acker.

WATER SUPPLY—Source, brook; system, pumping to reservoir; reservoir cap 1,500,000 gals; Worthington pumping engines, dy cap 5,000,000 gals; 186 hydrants; 27 miles pipe, 4 to 12 in dia; 268 valves; 93 meters; quality of water good; pressure 15 to 55 pounds; cost to construct \$468,734; ann expenses about \$15,000. Pres, Jno. Runyor; supt, C. I. Cramer; mayor, Jas. Van Cleef; city clerk, H. B. Cook.

New Durham, Hudson Co., population 350; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical extinguisher; 1 hook and ladder truck; value of fire department equipment \$800; value of buildings occupied \$400; total membership 28, volunteer, paid art time; bell alarm. Chief engineer, Geo. Bruce.

WATER SUPPLY—Source, wells; supply is also furnished by Hackensack Water Co. Town clerk, Hy. Jollins.

Newton, Sussex Co., population 3000; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages, all kinds; hose cotton, good 550 ft, rubber good 500 ft, inferior 750 ft; value of fire department equipment \$5000; value of buildings occupied \$1000; total ann expenses of department about \$800; total membership 106, volunteer; 2 paid part time; bell alarm; 4 fire companies. Chief engineer, L. M. Morford.

WATER SUPPLY—Source and system not given; 4 cja-

terns, 90,000 gals cap; 1 reservoir, cap 42,000 gals; 700 ft pipe. Town clerk, D. B. Hetzel.

Ocean Grove, Monmouth Co., population 14,000; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1550 ft; value of fire department equipment \$7000; total ann expenses of department about \$800; total membership 65, volunteer. Chief engineer, Lewis Raineor.

WATER SUPPLY—Source, 11 artesian wells; system, pumping to tank; Giles & Garrison pumping engines, dy cap 864,000 gals; 37 hydrants; pipe 12 miles; 8 meters; pressure 40 pounds. Pres, E. H. Stokes; supt, L. Rynear.

Orange, Essex Co., population 18,000; fire area 100 acres; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 4000 ft, rubber good 600 ft; 6 horses; value of buildings occupied \$27,000; total ann expenses of department \$12,000; total membership 84, paid full time 6, paid part time 28; electric and telephone alarm. Chief engineer, J. W. Hodgkinson.

WATER SUPPLY—Source, river; system, gravity to reservoir; reservoir cap 275,000,000 gals; 206 hydrants, Casain, Wood, Galvin and Chapman; pipe 21 miles; filtration sponge and charcoal; pressure 70 pounds; cost to construct \$400,000; int on bonds 5 per cent. Supt, Thos. Dowd; mayor, Henry Truman.

Passaic, Passaic Co., population 8630. Fire department—3 steam fire engines, 1 chemical engine, 2 hook and ladder trucks, 4 hose carriages, all kinds; hose rubber, good 2300 ft; total membership 250, volunteer; Gamewell telegraph alarm; 30 street boxes. Chief engineer, W. E. Gibbs.

WATER SUPPLY—Source, lake and river; system, pumping to reservoir; reservoir cap 1,000,000 gals; Carr & Worthington pumping engines, dy cap 3,000,000 gals; 108 hydrants, Mathews, Browns; pressure 36 pounds; cost to construct \$150,000; ann expenses \$5000; int on bonds 7 per cent. Pres, John Reynolds; supt, Wm. Paulson.

Paterson, Passaic Co., population 80,000. Fire department—9 steam fire engines, 8 hook and ladder trucks, 1 aerial truck, 2 hose carriages, 7 hose wagons; hose cotton, good 10,000 ft, rubber inferior 1000 ft; 4 permanent and 28 call men to each company; telegraph alarm; 79 street boxes. Chief engineer, D. I. Turnbull.

WATER SUPPLY—Source, Passaic River; system, pumping to reservoir; reservoir cap 50,000,000 gals; Worthington and Watson pumping engines, dy cap 18,000,000 gals; 730 hydrants, Ayers & Watson Mfg. Co.; pipe 66 miles, 4 to 36 in dia; 600 valves, Ayers & Watson; not filtered; pressure 50 pounds; water-works owned by company. Pres, Geo. A. Hobart; supt, Wm. Ryle; mayor, W. Barnert; city clerk, Geo. Boyd.

Perth Amboy, Middlesex Co., population 9000; mercantile buildings, brick, 2 stories; private, wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2300 ft, rubber good 400 ft, inferior 600 ft; value of fire department equipment \$4800; value of buildings occupied \$5000; total ann expenses of department \$3800; total membership 117, volunteers; bell alarm. Chief engineer, G. H. Crowell.

WATER SUPPLY—Source, springs and surface water; system, pumping to standpipe from impounding reservoir; reservoir cap 90,000,000 gals; standpipe cap 170,000 gals; Blake pumping engines, dy cap 3,000,000 gals; 36 hydrants, Chapman; pipe 67 miles, 12 to 4 in dia; 7 valves, Ludlow and Chapman; 68 meters, Nat'l; quality of water good; pressure 43, fire 4 to 100 pounds; water-works owned by company. Pres, Wm. Hall; supt, W. A. Brown.

Phillipsburg, Warren Co., population 9000. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 2800 ft; total membership 130, volunteer, paid part time 3. Chief engineer, S. A. Metz.

WATER SUPPLY—Source, Delaware River; system, pumping to reservoir; reservoir cap 2,000,000 gals; Gordon & Maxwell pumping engines, dy cap 2,000,000 gals; 66 hydrants, Ludlow; pipe, 11 miles, 4 to 14 in dia, Warren Foundry & M. Co.; 76 valves, Ludlow; 7 meters; quality of water soft; pressure 105 pounds; water-works owned by company. Pres, S. Thomas; supt, G. G. Stryker; mayor, John S. Bowers; city clerk, P. F. Breakley.

Plainfield, Union Co., population 18,000; buildings

NEW JERSEY—Continued.

brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 8000 ft, inferior 400 ft, rubber good 8000 ft; 9 horses; value of fire department equipment \$15,000; total ann expenses of department \$9000; total membership 180, volunteer; paid part time 5; bell alarm. Chief engineer, T. O. Doane.

WATER SUPPLY—Source, underground water through gravel; system, pumping to standpipes; 2 standpipes, cap 250,000 gals each; pumping engines, dy cap 4,000,000 gals; 260 hydrants; pipe 40 miles, 6 to 16 in dia; quality of water pure and soft; pressure 100 pounds; water-works owned by company. Pres, Jas. Moore; mayor, Job Male; city clerk, J. B. Coward.

Pleasantville, Atlantic Co., population *400, buildings, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck; bell alarm. Chief engineer, Geo. W. Metz.

WATER SUPPLY—Source, wells. Town clerk, D. L. Albertson.

Princeton, Mercer Co., population *3800; mercantile buildings, brick, 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck, 5 hose carriages, all kinds; hose cotton, good 750 ft, inferior 300 ft, leather good 1950 ft; value of buildings occupied \$7500; total ann expenses of department \$3000; total membership 180; bell alarm. Chief engineer, T. H. Bergen.

WATER SUPPLY—Source, well, sunk through gravel bed; system, pumping to standpipe; standpipe cap 142,000 gals; Worthen-Worthington pumping engines, dy cap 1,900,000 gals; 47 hydrants, Eddy; pipe 7 miles, 4 to 10 in dia, Warren, McNeal & Fisher; 22 valves, Eddy; 260 meters, National & Hersey; quality of water moderately hard, not filtered; pressure 45 to 80 pounds; water-works owned by company; cost to construct \$71,000; ann expenses \$3400; int on bonds 5 per cent. Pres, Chas. E. Burk; supt, Wm. Libbey; mayor, R. H. Cummings; town clerk, C. H. A. Zopf.

Rahway, Union Co., population *7000; fire area 1920 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2½ stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 8 hose carriages; hose 2300 ft; total ann expenses of department \$500; total membership 250, volunteer; bell alarm. Chief engineer, Chas. Reier.

WATER SUPPLY—Source, Rahway River; system, direct; Worthington pumping engines, dy cap 3,000,000 gals; 125 hydrants, R. D. Wood & Co.; pipe 13 miles, 4 to 12 in dia, Am. Water Gas Co.; 55 valves, Boston Machine Co.; 1 meter, Worthington; quality of water good; Serer filter; pressure, domestic 50, fire 70-75 pounds; water-works owned by city; cost to construct \$155,000; ann expenses \$5500; int on bonds 7 per cent. Pres, Dr. D. W. C. Hough; supt, H. B. Bunn; mayor, L. S. Hyer; city clerk, Chas. H. Lambert.

Raritan, Somerset Co., population *2250; fire area 700 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 stories; slate and tin roofs; fireworks ordinance. Fire department—1 chemical engine, 2 hose carriages; siamese coupling; hose cotton, good 2000 ft, inferior 300 ft, leather good 150 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 50, volunteers; electric alarm. Chief engineer, J. C. Kinyon.

WATER SUPPLY—Source, Raritan River; system, direct and pumping to standpipe; 18 hydrants; pipe 2½ miles, 2 to 12 in dia; pressure 60 pounds; ann expense \$500.

Red Bank, Monmouth Co., population 3600. Fire department—1 hand engine, 2 chemical engines, 1 hook and ladder truck, 2 hose carriages; hose 1800 ft; total membership 150, volunteers, paid part time. Chief engineer, Jacob Degenring.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; Worthington pumping engines; 45 hydrants, Ludlow; pipe, 3 miles, 4 to 10 in dia, Warren; 43 valves; 55 meters, Crown, Worthington; quality of water good; pressure 45 pounds; cost to construct \$60,000; ann expenses \$2500; int on bonds 5 per cent. Pres, John H. Cever; supt, W. T. Calais; mayor, S. T. Hendrickson; city clerk, A. Harrison.

Rutherford, Bergen Co., population *4600; mercantile buildings, brick and wood, 2½ stories; private, wood, brick and stone, 2½ stories; wooden roofs permitted.

Fire department—2 hand engines, 1 chemical engine, 1 hook and ladder truck; value of fire department equipment \$2500; value of buildings occupied \$300; total membership 140, volunteers; bell alarm. Chief engineer, J. J. Dupuy.

NO WATER SUPPLY—Mayor, W. A. Preston; borough clerk, Chas. E. Tolhurst.

Salem, Salem Co., population 5500; fire area 300 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; siamese couplings; hose rubber, good 1000 ft, leather good 1000 ft, linen 100 ft; value of fire department equipment \$10,000; total membership 300, volunteers; bell alarm. Chief engineer, R. T. Starr.

WATER SUPPLY—Source, well and surface water; system, direct pumping from impounding reservoir; Holly pumping engines, dy cap 1,000,000 gals; 50 hydrants, Cassin; pressure, domestic 30, fire 110 pounds; cost to construct \$80,000; int on bonds 5 per cent. Supt, Chas. W. Casper.

Scotch Plains, Union Co., population 500; buildings, brick and wood, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$7000; total membership 80, volunteers; bell alarm. Chief engineer, F. W. Wistcraft.

WATER SUPPLY—Source, wells, brook and cisterns. Town clerk, Ed. L. Hand.

Somerville, Somerset Co., population 4000; mercantile buildings, brick, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 950 ft, rubber inferior 250 ft, leather good 250 ft; value of fire department equipment \$5500; total ann expenses of department \$500, total membership 110, paid full time; whistle and bell alarm. Chief engineer, L. M. Coddington.

WATER SUPPLY—Source, Raritan River; system, pumping to standpipe; standpipe cap 82,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 50 hydrants, Eddy; pipe 8 miles, 3 to 10 in dia, Warren; Eddy valves; 6 meters, Worthington & Hersey; quality of water good; filtration, Hyatt; pressure, domestic 45, fire 50 pounds; water-works owned by company; cost to construct \$85,000; ann expenses \$3704. Pres, A. Molk; supt, J. Harper Smith.

Trenton, Mercer Co., population 60,000; fire area 2400 acres; buildings, brick and wood, 3 and 4 stories; wooden roofs permitted; causes of fire investigated. Fire department—6 steam fire engines, 2 hook and ladder trucks, 11 hose carriages, all kinds; 5500 ft hose; 43 horses; value of fire department equipment \$80,000; value of buildings occupied \$75,000; total ann expenses of department \$22,000; total membership 465, volunteers; telegraph alarm; 23 street boxes. Chief engineer, Philip Freudenmacher.

WATER SUPPLY—Source, Delaware River; system, pumping to reservoir; reservoir cap 30,000,000 gals; Worthington & Wright pumping engines, dy cap 10,000,000 gals; 242 hydrants; pipe 70 miles, 4 to 26 in dia; 45 meters; pressure 20 to 40 pounds; cost to construct to Feb. 1, 1890, \$581,551; ann expenses \$15,000; int on bonds \$18,100; works owned by city. Pres of com, R. Aitken; supt, Jacob E. Carter; mayor, A. A. Skiren; city clerk, Jno C. Owens.

Vineland, Cumberland Co., population 10,000; fire area 980 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, all kinds; hose cotton good 2100 ft, inferior 350 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$1250; total membership 53, paid part time 40; Curtis & Parker electric alarm; 10 street boxes. Chief engineer, E. Morley; chairman of fire and water com, Frank B. Potter.

WATER SUPPLY—Source, driven wells; system, pumping to tanks; Holly, Gaskell pumping engines, dy cap 200,000 gals; 36 hydrants; pipe 12 miles, R. D. Wood & Co.; pressure 30 to 45 pounds; cost to construct \$40,000.

Washington, Warren Co., population *3400. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, 1200 ft, leather 400 ft; total membership 40, volunteer. Chief engineer, W. Banum.

WATER SUPPLY—Source, stream; system, gravity; 5½ miles pipe; pressure 85 pounds; cost to construct \$25,000. Pres, Z. W. Fitts; supt, Danl. Vliet.

Westfield, Union Co., population 2400; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 chemical engines, 2 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 550 ft; value of fire department equipment \$3000; total ann expenses of department about \$100; total membership 10, volunteer; bell alarm.

WATER SUPPLY—Source, wells and cisterns.

West Hoboken, Hudson Co., population 15,000; fire area 8 square miles; mercantile buildings, brick, 3 to 5 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—6 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, all kinds; hose linen, 4500 ft, inferior 300 ft; value of fire department equipment \$4000; value of buildings occupied \$8000; total ann expenses of department \$1500; total membership 254, volunteers; bell alarm; 5 fire companies. Chief engineer, Louis Haag; chairman of fire and water com, A. Lichtle.

WATER SUPPLY—Supplied by Hackensack Water Co. (see Hoboken).

Woodbury, Gloucester Co., population 4000; fire area 12,000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—2 hand engines, 1

hook and ladder truck, 3 hose carriages; hose 1750 ft; value of fire department equipment \$1000; value of buildings occupied \$3000; total membership 60, volunteers; bell alarm. Chief engineer, B. W. Cloud.

WATER SUPPLY—Source, stream; system, pumping to reservoir; reservoir cap 1,250,000 gals; Gordon & Maxwell pumping engines, dy cap 1,250,000 gals; 69 hydrants, Union Hydrant Works; pipe 11 miles, 2½ to 12 in dia; 75 valves, Union Hydrant Works; 2 meters, Crown; quality of water good, not filtered; pressure 30 to 50 pounds; water-works owned by city; cost to construct \$72,000; ann expenses \$2153; int on bonds \$3880. Supt, B. W. Cloud; mayor, D. O. Watkins; city clerk, D. T. Mathers.

Woodstown, Salem Co., population 1500. Fire department—1 hand engine, hose rubber, good 100 ft; total membership 40, volunteer.

WATER SUPPLY—Source, lake, creek and cisterns.

The following places have no fire protection: Dennisville, Cape May Co., population 1000. Hohokus, Bergen Co., population 260. Irvington, Essex Co., population 2600. Little Falls, Passaic Co., population 1000. Marlborough, Monmouth Co., population 200. Penns Grove, Salem Co., population 1500. South Amboy, Middlesex Co., population 5000. South River, Middlesex Co., population 1700. Stanhope, Sussex Co., population 1200. Swedesborough, Gloucester Co., population 800.

NEW MEXICO.

Albuquerque, Bernalillo Co., population 7840; mercantile buildings, brick, stone and wood, 2 to 3½ stories; private, brick and stone, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose wagons. Chief engineer, Wm. Hopkins.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 8,500,000 gals; Holly pumping engines, dy cap 8,000,000 gals; 75 hydrants, Ludlow; pipe 8 miles, 5 to 14 in dia, Nat'l Tube Works; 16 valves, Ludlow; 22 meters, Crown, Hersey; quality of water good; pressure 90 pounds; water-works owned by company; cost to construct \$128,000; ann expenses \$5500; int on bonds \$7700. Pres, A. A. Grant; supt, C. J. Stetson; mayor, M. Mandell; city clerk, Henry Lockhart.

Gallup, Bernalillo Co., population 1500; fire area 30 acres; buildings, adobe and wood, 1 story. Fire department—1 hose carriage; hose cotton, good 1000 ft, rubber good 2000 ft; value of fire department equipment \$500; total membership 85, paid full time 1, paid part time 6; steam whistle alarm. Chief engineer, John W. Green.

WATER SUPPLY—Source not given; system, pumping to large tank; pressure 120 pounds.

Kingston, Sierra Co., population 2000; fire area 40 acres; mercantile buildings, brick, stone and wood, 1 to 3 stories; private, wood and brick, 1 story; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$250; total ann expenses of department \$500; total membership 36, volunteers; bell alarm. Chief engineer, Wm. Burns; chairman of fire and water com, Fred. Lindner.

Las Vegas, San Miguel Co., population 7800; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 hose carriages; hose linen, good 2000 ft; value of fire department equipment \$4000; value of buildings occupied \$3000; total membership 70, volunteers; bell alarm.

WATER SUPPLY—Source, Gallinas River; system, gravity; 30 hydrants, Holly; pipe, 11 miles, 12 to 8 in dia, Dennis Long & Co.; 41 valves, Ludlow; 1 meter; quality of water good; pressure, 60 to 120 pounds. Pres, W. A. Vincent; supt, A. K. Nones; mayor, Edw. Henry; city clerk, Geo. E. Johnson.

Maton, Colfax Co., buildings, stone and wood, 1 and 2 stories. Fire department—2 hose carriages; hose rubber,

good 900 ft, linen good 1500 ft; value of fire department equipment \$3000; total membership 30, volunteers; bell alarm. Chief engineer, C. A. Fox.

WATER SUPPLY—Source, springs and well; system, gravity and pumping to reservoir; reservoir cap 75,000 gals; Knowles pumping engines, dy cap 250,000 gals; 10 hydrants, Holly; pipe 9½ miles; 1 meter; pressure 60 pounds; ann expenses about \$5000.

Santa Fe, Santa Fe Co., population 10,000; fire area 10 acres; mercantile buildings, adobe and brick, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 700 ft, rubber good 300 ft; value of fire department equipment \$2000; value of buildings occupied \$700; total membership 65, volunteers; bell alarm. Chief engineer, John Gray.

WATER SUPPLY—Source, river; reservoir cap 80,000,000 gals; 25 hydrants; pipe 10 miles; pressure 175 pounds; cost to construct about \$175,500; ann expenses \$6000. Pres, R. E. Carr; supt, E. B. Seward.

Silver City, Grant Co., population 3500; buildings; brick and stone, 1 story; 1 hook and ladder truck; 2 hose carriages; 1000 ft good hose. Chief engineer, Robert Black.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; reservoir cap 250,000 gals; Knowles pumping engines; 25 hydrants, Ludlow; pipe 6 miles; Ludlow valves; 10 meters, Crown; pressure 100 pounds; cost to construct \$20,000; ann expenses \$3800; int on bonds 5 per cent. Pres, G. H. Utter; supt, L. C. Munger.

Socorro, Socorro Co., population 4100; mercantile buildings, brick and stone, 1 and 2 stories. Fire department—1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1000; total membership 60, volunteer; bell alarm.

WATER SUPPLY—Source, springs; system, gravity; 20 hydrants, Ludlow; pipe 6 miles, 6 in dia; 15 valves; pressure 100 pounds; cost to construct \$30,000; ann expenses \$1000; int on bonds \$1800. Supt, R. W. Monroe; mayor, C. Gamie.

The following place has no fire protection: Bernalillo, Bernalillo Co., population 1500.

NEW YORK.

Adams, Jefferson Co., population 1800. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 300 ft, linen good 900 ft, leather good 50 ft; total membership 60, volunteers. Chief engineer, R. H. Huntington.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; standpipe cap 55,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 31 hydrants, Eddy; pipe 3 miles; 1 meter; pressure, domestic 44, fire 120 pounds; water-works owned by company; cost to construct \$30,000; int on bonds 6 per cent. Supt, I. W. Payne; mayor and clerk, T. F. Saunders.

Addison, Steuben Co., population 2800; mercantile buildings, iron, brick and stone, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 900 ft, inferior 150 ft, rubber good 500 ft, inferior 300 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 100, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engi-

NEW YORK—Continued.

neer, Ed. L. Hill; chairman of fire and water com, C. O. Shockey.

WATER SUPPLY—Source and system not given; 1 reservoir; 80 hydrants; pressure 100 pounds; water-works owned by company; cost to construct \$45,000. Town clerk, W. S. Moran.

Akron, Erie Co., population *1500; mercantile buildings, brick and wood 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carts; value of fire department equipment \$1500; value of 2 buildings occupied \$1000; total ann expenses of department \$200; total membership 100, volunteers; bell alarm.

WATER SUPPLY—Source, cisterns. Village clerk, E. R. Ford.

Albany, Albany Co., population *102,000 Fire department—11 steam fire engines, 81 chemical extinguishers, 8 hook and ladder trucks; hose cotton, good 16,800 ft; 88 horses; total membership 161, paid full time 48, paid part time 112; insurance patrol; 2 wagons; 10 chemical extinguishers; 4 men paid full time, 4 part paid; telegraph alarm; 144 street boxes. Chief engineer, M. E. Higgins.

WATER SUPPLY—Source, Hudson River, Patroon's Creek; system, gravity and pumping to reservoir; 2 impounding reservoirs, cap 190,000,000 gals; 2 distributing reservoirs; Quintard pumping engines, dy cap 15,000,000 gals; 628 hydrants, Chapman; pipe 90 miles, 3 to 80 in dia; 431 valves, Ludlow; 60 meters, Worthington, Crown; quality of water good; pressure, domestic 20 to 60 pounds, fire a high head; water-works owned by city; int on bonds 4 to 7 per cent. Pres of com, R. L. Banks; supt, Geo. W. Carpenter; mayor, Edward A. Maher; city clerk, Thos. H. Craven.

Albion, Orleans Co., population *5500; fire area 10 miles; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2500 ft; hired horses; total membership 240 volunteers, paid part time 8; triangle and bells alarm; 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, Frank E. O'Brien.

WATER SUPPLY—Source, springs and wells; system, pumping to standpipe; standpipe cap 250,000 gals; Buffalo pumping engines, dy cap 2,000,000 gals; 80 hydrants, Ludlow; pipe 8½ miles, 4 to 10 in dia, Wood; Ludlow valves, 150 meters; quality of water pure and soft; pressure, domestic 75, fire 75 to 100 pounds; water-works owned by company; cost to construct \$110,000; int on bonds 6 per cent. Pres of com, G. M. Wood; clerk, C. R. Samyer; mayor, W. B. Dye.

Alfred Centre, population 1000; fire area ¼ mile radius from centre; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose reel; 100 ft hose; value of fire department equipment \$750; new building begun, to cost \$4000; total membership 88, volunteers. Chief, W. H. Crandall.

WATER SUPPLY—Proposition to build water-works to be voted upon soon. Village clerk, C. E. Green.

Amsterdam, Montgomery Co., population 21,000; fire area 100 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hook and ladder truck, 7 hose carts; hose cotton rubber lined, good 4000 ft; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$8000; total membership 400, paid full time 2, paid part time 4; telegraph and bell alarm; 16 street boxes (20 to be added). Chief engineer, John C. Wright.

WATER SUPPLY—Source, spring and brooks; system, gravity; reservoir cap 90,000,000 gals; 215 hydrants, Ludlow; pipe 20¼ miles, 4 to 14 in dia, McNeal and others; 280 valves, Ludlow; 45 meters, Union, Crown, Thompson; quality of water good; pressure, domestic 80, fire 128 pounds; water-works owned by city; cost to construct \$297,000; ann expenses \$4000. Pres of com, Jas. R. Snell; supt, Capt. A. H. DeGraff; mayor, H. B. Waldron; city clerk, Andrew Conlin.

Andes, Delaware Co., population 2639; buildings, private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, 600 ft, leather good 900 ft; value of fire department equipment \$1800; 1 building rented \$90 per ann; total ann expenses of department \$75; total membership

50, volunteers; bell alarm. Chief engineer, Cornelius Felton.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir, dy cap 120,000 gals, 26 hydrants; pipe 1½ miles; 4 to 16 in dia; pressure 81 pounds; water-works owned by company; cost to construct \$8000, int on bonds 6 or 7 per cent. Supt, D. Ballantine; town clerk, J. Muir.

Antwerp, Jefferson Co., population 1100; fire area 640 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ and 2 stories; tin roofs. Fire department—1 hose carriage, hose cotton, rubber lined, good 700 ft.

WATER SUPPLY—Source, wells and river; 1 pump; 3 hydrants; pipe through main street. Supt, G. H. Crosby; village clerk, W. N. Johnson.

Aroa, Wyoming Co., population 800; fire area 230 acres; mercantile buildings, wood, 4 brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 150 ft, inferior 100 ft; value of fire department equipment est \$1350; value of buildings occupied \$100; total ann expenses of department \$160; total membership 40, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, C. E. Churchill.

WATER SUPPLY—Source, creeks and wells. Town clerk, W. W. Wade.

Athens, Greene Co., population *2500; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1500 ft; value of 2 buildings occupied \$4500; total membership 120, volunteers; bell alarm. Chief engineer, John Sicks.

WATER SUPPLY—Source, river, wells and springs; 8 cisterns, cap 180,000 gals. Town clerk, W. C. Brady.

Attica, Wyoming Co., population 2500; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted, mostly tin. Fire department—1 hand engine, 2 chemical extinguishers; 1 hook and ladder truck, 8 hose carriages; hose cotton, good 2500 ft, rubber good 500 ft; value of fire department equipment \$3500; value of buildings occupied \$6000; total membership 100, volunteers; bell and whistle alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Andrew G. Krauss.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 12,000,000 gals; 28 hydrants, Mathews; pipe 5½ miles; 18 valves, Eddy; 1 meter; pressure 65 pounds; water-works owned by company; cost to construct \$78,000; ann expenses \$500; int on bonds 6 per cent. Pres of com, C. E. Loomis; sec and supt, G. T. Loomis; village clerk, A. G. Krauss.

Auburn, Cayuga Co., population *26,000; mercantile buildings, brick and stone, 4 stories; private, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck (1 in reserve); 6 hose carriages, 6 hose jumpers in reserve, 1 protective carriage; hose cotton, good 7600 ft; 2 hoses used; value of fire department equipment \$22,750; value of buildings occupied \$30,000, annual rent \$600; total ann expenses of department \$10,000; total membership 208, paid full time 1, paid part time 2, volunteers 200; Gamewell alarm; no of street boxes 81; 1 patrol company, 1 hook and ladder company, 6 hose companies. Chief engineer, E. J. Jewhurst; chairman of fire com, M. J. Cunningham.

WATER SUPPLY—Source, Owasco Lake; system, direct pumping from impounding reservoir; Holly pumping engines, dy cap 15,000,000 gals; 353 hydrants, Mathews; pipe 83¼ miles, 4 to 24 in dia, Wood, Warren; 200 valves, Ludlow, Eddy; 400 meters, National, Hersey; pressure, domestic 45, fire 75 to 125 pounds; water-works owned by company; cost to construct \$400,000. Pres of com, A. G. Beardsley; sec, treas and supt, Nelson B. Eldred; mayor, C. Wheeler, Jr.; city clerk, Rob't J. Carson.

Avoca, Steuben Co., population 1200; fire area 13 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hose carriage; hose cotton, good 1600 ft; value of fire department equipment \$700; total membership 80, volunteers. Chief engineer, Walter H. Wood.

WATER SUPPLY—Source, creek; system, gravity; 33 hydrants; pipe 4 miles, 4 to 10 in dia; pressure 60 pounds.

Avon, Livingston Co., population 2000; fire area 2500 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, pump

hose rubber, good 1000 ft; 2 hoses, value \$400; value of fire department equipment \$5000; value of buildings occupied \$5000; total ann expenses of department \$500; total membership 120, volunteers; bell alarm; 4 fire companies. Chief engineer, Wm. H. Farnum.

WATER SUPPLY—Source, Conesus Lake; system, gravity; reservoir cap 800,000 gals; 22 hydrants; pipe 12 miles, Dwyer; pressure 75 to 110 pounds; water-works owned by company; cost to construct \$50,000; int on bonds 8.7 per cent. Pres of com, G. D. Dover; supt, O. Sackett; village clerk, H. E. Van Zandt.

Babylon, Suffolk Co., population 3000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose cart; hose 1000 ft; total membership 115, volunteers. Chief engineer, S. S. Baldwin.

WATER SUPPLY—Source, 30 large wells and 2 ponds. Town clerk, Jos. A. Douglas.

Bainbridge, Chenango Co., population 781; buildings, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—2 hose carriages; hose cotton, good 1200 ft, inferior 1200 ft; total ann expenses of department \$150; total membership 60, volunteers; bell alarm. Chief engineer, Dr. R. D. L. Evans.

WATER SUPPLY—Source, artesian wells, springs; system, pumping to 2 reservoirs; 20 hydrants; pipe 6 miles; pressure 115 pounds; water-works owned by J. N. Roberts. Town clerk, E. S. Gilbert.

Baldwinsville, Onondaga Co., population 3000; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 1 hand engine; 1 hook and ladder truck, 5 hose carriages; hose cotton, good 750 ft, rubber good 800 ft, leather good 600 ft; value of fire department equipment \$5000; value of buildings occupied \$1200; total ann expenses of department \$300; total membership 100; paid \$25 per annum; bell alarm. Chief engineer, T. B. Crum.

WATER SUPPLY—Source, well; system, pumping direct and to standpipe; standpipe cap 117,500 gals; Gordon pumping engines, dy cap 1,000,000 gals; 69 hydrants, Galvin; pipe 8¼ miles, 4 to 12 in dia, Jackson; 20 valves Galvin; 1 meter, Crown; quality of water soft; filtration natural, through gravel; pressure 87 pounds; water-works owned by city; cost to construct \$50,000. Pres of com, Chas. N. Bliss; supt, Wm. Rodgers; pres of com, Willard H. Tappan; town clerk, Geo. C. Ellison.

Ballston, Saratoga Co., population 9000; fire area 640 acres; buildings, wood; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck; 2 hose carriages; hose cotton 200 ft, rubber 1000 ft, leather good 600 ft, linen 400 ft; value of fire department equipment \$400; 2 buildings occupied; total membership 75; bell alarm. Chief engineer, Frank J. Holmes.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs; dy cap 100,000 gals; 100 hydrants, Eddy, Bailey; 11 miles pipe, 3 to 12 dia; 2 meters; pressure 35 pounds; water-works owned by village; cost to construct \$100,000; ann expenses \$150; int on bonds 5 to 7 per cent. Supt, J. H. Norris; town clerk, H. C. Wescott.

Batavia, Genesee Co., population 8000; mercantile buildings, brick, 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose linen, good 3500 ft; total ann expenses of fire and water department \$5000; total membership 115, volunteers; bell and whistle alarm; contract awarded for Gaynor alarm with 12 street boxes; 1 hook and ladder company; 3 hose companies. Chief engineer, C. B. Austin; chairman of fire and water com, John Redshaw.

WATER SUPPLY—Source, Tonawanda Creek; system, pumping to tank and direct; tank cap 22,000 gals; Holly-Gaskill pumping engines; 60 hydrants, Holly; 7 miles pipe, 4 to 12 in dia; pressure, domestic 40, fire 125 pounds; water-works owned by village; cost to construct \$115,000; int on bonds 8 per cent. Pres water board, W. C. Woolsey; city clerk, W. D. Smith.

Bath, Steuben Co., population 3500; fire area 14 acres; mercantile buildings, brick, 3 stories; private, wood, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose linen, good 1800 ft, inferior 950 ft; value of fire department equipment \$3000; value of building occupied \$4750; total ann expenses of department \$790; total membership 80; bell alarm system. Chief engineer, Wm. E. Howell.

WATER SUPPLY—Source, caisson well, system, pumping to standpipe; standpipe cap 300,000 gals; Blake pumping engines, dy cap 1,200,000 gals; 78 hydrants, Ludlow; 7 miles pipe, 4 to 10 in dia, Buffalo; Ludlow valves; 33 meters; quality of water pure and soft; pressure, domestic

80, fire 80 to 100 pounds; water-works owned by company; cost to construct \$75,000; int on bonds 6 per cent. Pres of com, F. A. Hinds; supt, H. W. Tattin; mayor, E. C. Cook; corporation clerk, Lucius A. Waldo.

Bay Shore, Suffolk Co., population 2750; fire area 1 mile; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$1000; total ann expenses of department \$400 (1899); total membership 40, volunteers. Foreman, John Daggett.

Lockwood WATER SUPPLY will be in use in 1890.

Binghamton, Broome Co., population 35,000; fire area 1800 acres; mercantile buildings, brick and stone, 4 to 7 stories; private, wood and brick, 2 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages; hose cotton, good 6000 ft, inferior 1000 ft; 12 hoses, value \$2400; value of fire department equipment \$30,000; value of buildings occupied \$35,000; total ann expenses of department \$15,000; total membership 414, paid full time 14, volunteers 400; Utica electric alarm; 18 street boxes. Chief engineer, Frank B. Newell; chairman of fire and water com, Frank Stuart.

WATER SUPPLY—Source, wells and Susquehanna River; system, direct pumping; Holly pumping engines, dy cap 8,000,000 gals; 318 hydrants, Mathews, Holly, Chapman; pipe 40 miles, 4 to 30 in dia, Warren; 366 valves, Eddy (30 will be added in 1890); 267 meters, National, Union, Hersey, Thompson, Undine; quality of water first-class; pressure, domestic 60, fire 70 to 100 pounds; water-works owned by city; cost to construct \$550,000; ann expenses \$10,500. Pres of com, John Anderson; supt, Darwin Felter; mayor, Frank H. Stephens; city clerk, Walter Flanagan.

Black Brook, Clinton Co., population 500; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage; value of fire department equipment \$100; value of buildings occupied \$500; bell alarm. Chief engineer, H. W. Stetson. Supt, I. Richard; village clerk, Chas. Sawyer.

Bolivar, population 1600; fire area 300 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 hose carriages; hose cotton, good 850 ft, inferior 200 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$400; total membership 107, volunteers; bell alarm; 2 hose companies. Chief engineer, Thos. Hearons; chairman of fire and water com, F. L. Newton.

WATER SUPPLY—Source not stated; system, gravity; dy cap 10,000 gals; 24 hydrants; pipe 5 in dia.

Booneville, Oneida Co., population 1850; fire area 843 acres; mercantile buildings, brick and wood, 3 stories; private, wood; 2 stories; wood and tin roofs. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose 1700 ft; total membership 110, volunteers. Chief engineer, Ed. L. Woolley.

WATER SUPPLY—Source pond, canal, river; reservoirs; force pumps. Town clerk, Eugene Hayes.

Brewster Station, Putnam Co., population 2500; fire area 180 acres; buildings, brick and wood, 1 to 3 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft, inferior 400 ft; value of fire department equipment \$3500; value of building occupied \$2000; total ann expenses of department \$500; total membership 50, volunteers. Chief engineer, C. A. Rundall.

WATER SUPPLY—Source, brooks and cisterns. Town clerk, Richard Michell.

Broadalbin, Fulton Co., population 2175; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, rubber buckets; hose rubber, good 225 ft; value of fire department equipment \$300; value of buildings occupied \$500; total ann expenses of department \$100; total membership 40. Foreman, John E. Lasher.

Brookport, Monroe Co., population 4500; mercantile buildings, brick, 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam

NEW YORK—Continued.

fire engine, 1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 protective wagon; siamese couplings used; hose cotton, good 2800 ft; value of fire department equipment \$10,000; value of 1 building owned \$20,000; total membership 200, volunteers; bell alarm.

WATER SUPPLY (following system in course of construction)—Source, canal; system, pumping to standpipe; pumping engines dy cap 2,000,000 gals; 75 hydrants; pipe 7 miles, 4 to 10 in dia; quality of water pure; pressure, domestic 75, fire 75 to 100 pounds; water-works owned by company. Pres of com, C. M. Harrington; mayor, Frank Capen; city clerk, E. Welch.

Brooklyn, Kings Co., population 816,840; fire area 12,000 acres; mercantile buildings, brick, stone and iron, 4 to 8 stories; private, brick and stone, $\frac{3}{4}$ to 4 stories; wooden roofs permitted outside of fire limits; fireworks ordinance; causes of fire investigated. Fire department—25 steam fire engines (and 3 in reserve), 2 chemical extinguishers on each truck and hose wagon, 8 hook and ladder trucks, 8 Hayes aerial trucks, 24 hose carriages, 4 hose wagons, 1 fire boat; hose cotton, good 30,700 ft; rubber good 30,000 ft; 148 horses, value \$42,900; value of fire department equipment \$378,000; value of buildings occupied \$479,800; total ann expenses of department \$218,428; total membership 629, paid full time; Gamewell alarm; 387 street boxes, 117 private. Chief engineer, Thomas F. Nevins.

WATER SUPPLY (report of 1899)—Source, surface water, open and driven wells; system, pumping to reservoirs; storage reservoir cap 1,000,000 gals; distributing reservoir cap 180,000,000 gals; high service reservoir cap 30,000,000 gals; various pumping engines, dy cap 60,000,000 gals; 8702 hydrants, Eddy, Chapman, Ludlow, Galvin and others; pipe 397 miles, 8 to 48 in dia; Eddy, Chapman, Coffin, Ludlow valves; 2021 meters, Crown, Worthington, Gem and others; pressure, domestic 40 pounds; water-works owned by city; cost to construct \$18,100,000; ann expenses \$688,068; int on bonds 5.56 per cent. Chief engineer, Robert Van Buren; mayor, A. C. Chapin; city clerk, M. J. Cummings.

Buffalo, Erie Co., population 200,000; fire area 26,880 acres; mercantile buildings, brick, 4 stories; private, wood, 2 stories; wooden roofs permitted; no stringent fireworks ordinance; causes of fire investigated. Fire department—25 steam fire engines, 8 chemical engines on wheels, 8 chemical extinguishers, 8 hook and ladder trucks, 8 aerial trucks, 23 hose carriages, 1 Hale water tower; hose cotton, good 56,000 ft, inferior 2000 ft; 126 horses, value \$22,000; value of fire department equipment \$300,000; value of buildings occupied \$150,000; total ann expenses of department \$325,326; total membership 319, paid full time; Gamewell alarm; 206 street boxes. Chief engineer, Fred. Hornung; chairman of fire and water com, Nelson K. Hopkins.

WATER SUPPLY—Source, Niagara River; system, pumping to reservoir and direct; 3 Worthington, 2 Gaskill, 2 Holly pumping engines, dy cap 84,000,000 gals; Gaskill 30,000,000 gal pump in course of construction; 2488 hydrants, Ludlow, Eddy; pipe 277½ miles, 2 to 36 in dia; Eddy, Ludlow valves; 115 meters; pressure 30 pounds; water-works owned by city; cost to construct \$6,523,088; ann expenses \$145,822; int on bonds 3 to 7 per cent. Pres of com, Louis F. Reichert; supt, Louis H. Knapp; city clerk, W. E. Delany.

Cambridge, Washington Co., population 1482; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose cotton, good 2000 ft, rubber good 650 ft, leather good 300 ft; value of fire department equipment \$3000; value of building occupied \$2000; total membership 94, paid 1; bell alarm. Chief engineer, John Larmon.

WATER SUPPLY—Source, springs; system, pumping to reservoir, thence direct pumping; 2 reservoirs cap 7,000,000 gals; Miller pumping engines, dy cap 1,000,000 gals; 86 hydrants, Ludlow, pipe 6½ miles; Eddy valves; 1 meter; pressure 80 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$300; int on bonds 5 per cent. Pres and supt, Wm. McKee; town clerk, H. H. Parrish.

Camden, Ononda Co., population 1589; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, inferior 50 ft, leather good 600 ft, inferior 100 ft; value of fire department equipment \$2800; value of building occupied \$1500; total ann

expenses of department \$58; total membership 93, volunteers; bell alarm.

WATER SUPPLY—Source, springs and surface water; system, gravity; 1 reservoir; 36 hydrants, Ludlow; pipe 6½ miles; valves, Eddy; pressure, fire 71 pounds; water-works owned by village; cost to construct \$26,000; ann expenses \$100; int on bonds 8½ per cent. Sec water board, Fred. Gamble; supt, S. Sherman; town clerk, Wm. Streater.

Canajoharie, Montgomery Co., population *2200. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose good 3000 ft; total membership 115, volunteers.

WATER SUPPLY—Source, springs in mountain; system, gravity; pipe 5000 ft; water-works owned by company; cost to construct \$23,000; ann expenses \$500; int on bonds 6 per cent. Supt, H. G. Bragden; town clerk, James W. Dygert.

Canandaigua, Ontario Co., population 7000; fire area 2000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, (only one in commission), 2 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, all kinds; hose cotton, good 2800 ft, inferior 200 ft, linen inferior 800 ft; value of fire department equipment \$13,500; value of buildings occupied \$12,000; total ann expenses of department \$780; total membership 125, paid part time 5, volunteers 120; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, Wm. McCabe, Jr.; chairman of fire and water com, W. M. Spangle.

WATER SUPPLY—Source, Canandaigua Lake; system, pumping to tank and direct; tank cap 800,000 gals; Worthington pumping engines, dy cap 8,000,000 gals; 96 hydrants, Ludlow; pipe 14 miles, 4 to 14 in dia, Warren; quality of water excellent; pressure domestic, 60 to 70, fire 70 to 180 pounds; water-works owned by company; cost to construct \$170,000; int on bonds 6 per cent. Pres of com and supt, Frank B. Merrill; mayor, W. M. Spangle; city clerk, S. F. Wader.

Canastota, Madison Co., population *3000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose rubber and leather, good 2800 ft; total membership 100, volunteers. Chief engineer, Wm. H. Pattern.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 7,000,000 gals; 56 hydrants, Ludlow; pipe 7½ miles, 4 to 16 in dia; water filtered; pressure 160 pounds; water-works owned by village; cost to construct \$70,000; ann expenses \$700; int on bonds 4 per cent. Pres of com, F. W. Doolittle; supt, D. Gee; mayor, F. W. Doolittle; village clerk, D. T. Willis.

Candor, Tioga Co., population 1500; fire area 10,000 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine; hose rubber, inferior 200 ft; value of fire department equipment \$100; value of buildings occupied \$100; total membership 12, volunteers. Chief engineer, N. W. Griffin.

Canisteo, Steuben Co., population *3000; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; 1 set protective apparatus; hose cotton rubber lined, good 2000 ft; value of fire and water departments equipments \$50,000; value of building occupied \$3000; total ann expenses of department \$700 (1886); total membership 130, volunteers; bell alarm. Chief engineer, F. C. Goff.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,000,000 gals; 51 hydrants, Mathews; pipe 7 miles, 4 to 10 in dia, Sayre; 30 valves, Eddy; quality of water pure; pressure 71½ pounds; water-works owned by company; cost to construct \$45,000; int on bonds 6 per cent. Pres and supt, O. O. Laine; town clerk, Eli Sweet, Jr.

Canton, St. Lawrence Co., population 3700; fire area entire village; mercantile buildings, brick, 2 and 3 stories; private, wood 2 stories; wooden roofs not permitted on main streets; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft, inferior 500 ft; value of fire department equipment \$7000; value of buildings occupied \$3600; total ann expenses of department \$300; total membership 50, volunteers; bell alarm. Chief engineer, T. G. Kirkland; chairman of fire and water com, D. H. Rice.

WATER SUPPLY—Source, river; reservoir, dy cap 25,000 gals. Village clerk, C. E. Chamberlain.

Cape Vincent, Jefferson Co., population *1500;

buildings, brick and wood, 1 and 2 stories. Fire department—1 Remington horse-power engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1455 ft; value of fire department equipment \$3800; value of new building occupied \$4000; total membership 185. Chief engineer, M. E. Lee.

WATER SUPPLY—Source, river and 8 tanks. Fire department clerk, E. C. Kelsey.

Carthage, Jefferson Co., population *2000; fire area 690 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; siamese couplings used; hose linen, good 1600 ft, rubber inferior 1000 ft; value of fire department equipment \$2600; value of building occupied \$1500; total ann expenses of department \$400; total membership 90, volunteers; bell alarm. Chief engineer, Wm. Bellen; chairman of fire and water com, F. D. Hubbard.

WATER SUPPLY—Source, river; system, 18 cisterns, dy cap \$28,500. Town clerk, M. C. Paul.

Castile, Wyoming Co., population *1200; fire area 300 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1200 ft, rubber 350 ft; value of fire department equipment \$1800; value of building occupied \$1000; total ann expenses of department \$150; total membership 48, volunteers; bell alarm. Chief engineer, E. A. Pierce.

WATER SUPPLY—Source, wells, cisterns and streams; reservoir cap 10,000 barrels; pressure 65 to 100 pounds. Town clerk, A. B. Smith.

Castleton, Rensselaer Co., population *1200. Fire department—1 steam fire engine, 3 hose carriages; hose linen, good 850 ft, leather good 200 ft; total membership 60, volunteers. Chief engineer, Wm. W. Wood.

WATER SUPPLY—Source, river; 1 cistern. Town clerk, John Moore.

Catskill, Greene Co., population 5041; fire area 2300 acres; mercantile buildings, brick, 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, 3 hose jumpers; hose rubber, good 2400 ft, linen inferior 300 ft; value of fire department equipment \$10,000; value of buildings occupied \$1100; total ann expenses of department \$1200; total membership 261, paid full time 2, volunteers 349; electric alarm; 10 street boxes; 1 engine company; 1 hook and ladder company, 3 hose companies. Chief engineer, W. R. Post.

WATER SUPPLY—Source, Hudson River; system, pumping to reservoir; 3 Davidson pumping engines, dy cap 2,000,000 gals; 100 hydrants, Wood; pipe 12 miles, Warren; Ludlow valves, 4 meters; pressure, domestic 95, fire 120 pounds; water-works owned by village; cost to construct \$150,000; ann expenses \$3810; int on bonds 4 per cent. Pres of com, Oliver Bourke; supt, Frank P. Smith; town clerk, E. P. Smith.

Cattaraugus, Cattaraugus Co., population 1000. Fire department—3 chemical extinguishers, 1 hook and ladder truck; total membership 30. Town Clerk, W. A. Andrews.

Cazenovia, Madison Co., population 1918; fire area 640 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 horse power engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose leather, good 1000 ft, inferior 300 ft; value of fire department equipment \$3500; total ann expenses of department \$500; total membership 80, volunteers; bell alarm; 5 fire companies. Chief engineer, Will. S. Weber.

WATER SUPPLY—Source, creek and lake. New water-works completed June 1, 1890, not described Town clerk, Jesse W. Hall.

Champlain, Clinton Co., population 1800; mercantile buildings, brick, 2½ stories; private, brick; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 300 ft, rubber good 700 ft; value of buildings occupied \$800; total membership 70, volunteers; bell alarm. Chief engineer, Ransom W. Graves.

WATER SUPPLY—Source, river. Village clerk, E. Everest.

Chateaugay, Franklin Co., population 2698; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; 2 hose carriages;

hose rubber, good 700 ft; value of fire department equipment \$880; value of building occupied \$1000; total ann expenses of department, \$25; total membership 55, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, H. E. Goodspeed.

WATER SUPPLY—Source, springs; system, gravity; 15 hydrants, Holyoke; pipe 4 miles, 4 to 6 in dia; Holyoke valves; pressure 45 to 60 pounds; water-works owned by company; cost to construct \$12,000; ann expenses \$100. Pres of com, H. D. Farnsworth; supt, Barney Harvey; town clerk, F. W. Ferrell.

Chatham, Columbia Co., population 2100; mercantile buildings, brick, 3 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—3 hose carriages; hooks and ladders; hose cotton, good 1000 ft, inferior 500 ft, rubber inferior 500 ft; value of fire department equipment \$3000; value of buildings occupied \$4000; total ann expenses of department \$100; total membership 45, volunteers. Chief engineer, H. A. Blunt; chairman of fire and water com, J. C. Washburn.

WATER SUPPLY—Source, gang wells; system, pumping to reservoir; reservoir cap 1,500,000 gals; Gaskill pumping engines, dy cap 1,000,000 gals; 56 hydrants, Wood; pipe 5 miles; 24 valves; pressure, domestic 80, fire 125 pounds; water-works owned by company; cost to construct \$50,200; ann expenses \$3000. Pres of com, H. W. McClellan; supt, P. B. Blinn, Jr.; city clerk, Frank E. Page.

Chittenden, Madison Co., population 954; fire area 330 acres; buildings, brick, 2 and 2½ stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton 1800 ft, rubber 50 ft, leather good 350 ft; value of fire department equipment \$2100; value of building occupied \$3000; total ann expenses of department \$100; total membership 50; volunteers; bell alarm. Chief engineer, Peter C. Carl.

WATER SUPPLY—Source, creeks; 13 hydrants; ¼ mile pipe, 12 in dia. Village clerk, C. A. Hitchcock.

Clayton, Jefferson Co., population *2280; buildings, wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, rubber lined, 1500 ft, rubber good 1600 ft; value of fire department equipment \$2000; total membership 95, volunteers; whistles and bell alarm. Chief engineer, L. J. Bates.

WATER SUPPLY—Source, river. Pres of village, A. E. Wood; village clerk, M. E. Frame.

Clifton, Richmond Co. (See Edgewater.)

Clifton Springs, Ontario Co., population 1800; fire area 200 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; ladders and buckets; hose cotton, good 2000 ft, rubber good 1000 ft, leather good 1000 ft, inferior 1000 ft; value of fire department equipment \$2000; value of buildings occupied \$500; total membership 70, volunteers; 1 hook and ladder company; 1 hose company. Chief engineer, Geo. W. Kingsbury.

WATER SUPPLY—The Sanitarium Co. owns the water supply, mains and hydrants; also the hose carriages.

Clinton, Oneida Co., population 1236; fire area 2500 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose linen, good 1000 ft, leather good 750 ft; rent of buildings occupied \$200; total ann expenses of department \$300; total membership 85, volunteers; bell alarm. Chief engineer, Francis Tasker.

WATER SUPPLY—Source, Miller Brook; system, gravity; impounding reservoir, cap 8,000,000 gals; 40 hydrants, Ludlow; pipe 5 miles, 8 to 16 in dia, Hays; Ludlow valves; pressure 55 to 100 pounds; water-works owned by village; cost to construct \$80,000; ann expenses \$1231. Pres of com, Chas. H. Smyth; supt, T. T. Thomson; town clerk, John Colgrove.

Clyde, Wayne Co., population *3000; fire area 960 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical engines on wheels, 8 chemical extinguishers (private), 1 hook and ladder truck, 4 hose carriages, siamese couplings used; hose linen, good 2000 ft, inferior 300 ft, rubber good 400 ft; total ann expenses of department \$3500; total membership 100, paid full time 2; bell alarm. Chief engineer, A. E. Adams.

WATER SUPPLY—Source, flowing wells; system, pumping to standpipe; standpipe cap 300,000 gals; Buffalo

NEW YORK—Continued.

pumping engines, dy cap 1,000,000 gals; 40 hydrants; Ludlow; pipe 5½ miles, 4 to 10 in dia. Buffalo; valves Ludlow; 20 meters; pressure, domestic 75, fire 75 to 100 pounds; water-works owned by company; cost to construct \$300,000; int on bonds 6 per cent. Pres of com, G. B. Bassett; supt, A. M. Van Buskirk; mayor, A. C. Lux; clerk of board, Geo. G. Gregg.

Cobleskill, Schoharie Co., population *1800; mercantile buildings, brick, 8 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine (not used), 1 hook and ladder truck, 2 hose carriages; hose good 1200 ft; value of fire department equipment \$3000; value of building occupied \$2000; total ann expenses of department \$500; bell alarm. Chief elected by members, C. H. Borst.

WATER SUPPLY—Source not given; system, gravity; 1 reservoir, cap 120,000,000 gals; 50 hydrants; pipe 7 miles, 4 to 16 in dia; pressure 80 to 110 pounds; cost to construct \$80,000. Supt, Jas. N. Borst; town clerk, Archie C. Kilmer.

Cohocton, Steuben Co., population *1200. Fire department—1 engine, 1 hook and ladder truck, hose; total membership 40; all volunteers. Chief engineer, J. M. Reynolds.

WATER SUPPLY—Source, wells. Town clerk, C. Crosby.

Cohoes, Albany Co., population 19,416; fire area 1280 acres; mercantile buildings, stone, brick and wood, 4 stories; private, brick and wood, 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 6 chemical extinguishers, 6 hose carriages; hose leather, good 7500 ft; 8 horses; value of fire department equipment \$25,000; value of buildings occupied \$21,500; total ann expenses of department \$10,415; total membership 100, paid full time 11, paid part time 4; telegraph alarm; 3 engine companies; 1 hook and ladder company, 2 hose companies. Chief engineer, R. S. Calkins.

WATER SUPPLY—Source, Mohawk River; system, pumping to reservoir; 8 reservoirs, cap 92,000,000 gals; 3 Lang pumping engines, dy cap 2,000,000 gals; 200 hydrants, Ludlow; pipe 25 miles, 4 to 24 in dia; Ludlow valves; 850 gates, Ludlow; 65 meters, National; pressure 55 to 90 pounds; cost to construct \$266,000; ann expenses \$12,000; int on bonds 4 and 7 per cent. Pres of com, Wm. E. Thorn; supt, A. L. Kniffin; mayor, John Garside; city clerk, P. C. Ryan.

College Point, Queens Co., population 5173. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 8200 ft; total membership 90, all volunteers. Chief engineer, Peter Schriener.

WATER SUPPLY—Source, Meadow Brook; system, direct pumping; Worthington pumping engine, dy cap 2,500,000 gals; 59 hydrants, R. D. Wood & Co.; pipe 14 miles, 12 to 6 in dia, McNeal Pipe & F. Co.; 69 valves, Ludlow; 140 meters, Worthington and Crown; quality of water good; pressure, domestic 60, fire 80 pounds; water-works owned by village; cost to construct \$212,000; ann expenses \$5000; int on bonds 7 per cent. Chairman of com, A. D. Schlesinger; supt, Wm. Taylor; mayor, Henry Kraemer; village clerk, Edward Biederlin.

Coney Island, Kings Co. Fire department—1 hook and ladder truck; 1 hose carriage, 1 jumper; hose cotton, good 1200 ft; value of fire department equipment \$6000; total membership 100, volunteers. Chief engineer, W. A. Vanderveer.

WATER SUPPLY—Source, near creek; system, direct pumping; Davidson pumping engines, dy cap 1,000,000 gals; 80 hydrants; pipe 6 miles. Wood. Pres of com, John Y. McKane; supt, T. G. Ring.

Constableville, Lewis Co., population 598; fire area 640 acres; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguisher (private), 1 hose carriage; hose rubber, good 500 ft, leather inferior 100 ft; value of buildings occupied \$1000; total ann expenses of department \$650; total membership 32, volunteers; bell alarm; 1 engine company; 1 hose company. Chief engineer, James Hinton.

WATER SUPPLY—Source, creek and well ponds; 9 reservoirs, cap 1200 gals each dy; Knowles pumping engines; 8 hydrants; pipe through main street. Supt, Jacob Worthby; town clerk, W. R. Wardsworth.

Cooperstown, Otsego Co., population 2199; fire area 350 acres; mercantile buildings, brick, 8 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1500 ft, rubber 1100 ft; value of fire department equipment \$3000; value of building occupied \$20,000; total membership 125, volunteers. Chief engineer, L. B. Crittenden.

WATER SUPPLY—Source, Otsego Lake; system, direct pumping; 2 Worthington pumps, water power, combined cap 1,000,000 gals dy cap; 22 hydrants, Eddy and others; pipe 5 miles, 4 to 8 in dia; valves, Ludlow, Eddy; pressure, domestic 75, fire 100 pounds; water-works owned by company; cost to construct \$42,000; ann expenses \$400; int on bonds 5 per cent. Pres of com, E. M. Harris; supt, Warren Lamb; village clerk, L. J. Arnold.

Corning, Steuben Co., population *6000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories. Fire department—2 hook and ladder trucks, 5 hose carriages; siamese couplings used; hose linen, good 2000 ft, rubber 500 ft; value of 2 buildings owned \$7000, 1 room rented \$250 per year; total ann expenses of department \$1800; total membership 120, volunteers; bell alarm. Chief engineer, Harry C. Heermans.

WATER SUPPLY—Source, Monkey Run Creek and springs; system, gravity and pumping to reservoir and direct; reservoir cap 2,000,000 gals; Martin pumping engines, dy cap 1,000,000 gals; 65 hydrants, Mathews; pipe 7 miles, 4 to 10 in dia; 48 meters; pressure 90 pounds; water-works owned by city, leased to Heermans & Lawrence; cost to construct \$60,500. Supt, H. C. Heermans.

Cornwall, Orange Co., population 1233; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; Fire department—1 hand engine, 1 hose carriage; hose cotton, rubber lined, good 400 ft, rubber good 275 ft; value of fire department equipment \$2000; value of buildings occupied \$2000; total membership 40, volunteers. Foreman, W. J. James.

WATER SUPPLY—Source, river and cistern.

Cornwall-on-the-Hudson, Orange Co., population 2500. Fire department—1 hand engine, 1 hose carriage.

Cortland, Cortland Co., population *7792; fire area 2660 acres; mercantile buildings, brick and wood, 3 to 4 stories; private, wood, 2 stories; mostly tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 extra extension ladder; hose large quantity; total membership 210, volunteers; fire police; electric alarm. Chief engineer, John H. Phelps.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 400,000 gals; Worthington pumping engines, dy cap 4,000,000 gals; 126 hydrants, Ludlow; pipe 15½ miles, 4 to 14 in dia; 81 valves, Ludlow; 100 meters, Worthington, Crown, Union; quality of water best; pressure, domestic 65, fire 90 pounds; water-works owned by company; cost to construct \$175,000; int on bonds 5 per cent. Pres of com, B. F. Taylor; supt, L. I. Richardson; mayor, Daniel E. Smith; city clerk, Fred Hatch.

Coxsackie, Greene Co., population 1661; fire area 300 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose good 1400 ft, inferior 500 ft; value of fire department equipment \$5500; value of 2 buildings occupied \$3500; total ann expenses of department \$70; total membership 65, volunteers. Chief engineer, Wm. K. Reed; chairman of fire and water com, Allen G. Case.

WATER SUPPLY—Source, river and cisterns. Town clerk, Albert Parker.

Croghan, Lewis Co., population 1000; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 800 ft; value of fire department equipment \$1500; value of buildings occupied \$700; total membership 50, volunteers; bell alarm. Chief engineer, Adolph Martin; chairman of fire and water com, Frank Pilchen.

WATER SUPPLY—Not described; reservoirs.

Cuba, Allegany Co., population *1500. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose good 1000 ft; total membership 150 volunteers. Chief engineer, A. W. Smith.

WATER SUPPLY—Source, springs; system, gravity; 38 hydrants; pipe 4½ miles; pressure 80 pounds. Pres of village, I. N. Sheldon; village clerk, E. A. Bartlett.

Dansville, Livingston Co., population 4500; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; protective carriage and outfit; hose linen, good 2750 ft; value of fire department equipment \$3000; value of buildings occupied \$9000; total ann expenses of department \$450; total membership 100, volun-

teers; electric alarm; 7 street boxes. Chief engineer, J. W. Burgess.

WATER SUPPLY—Source, Mill Creek; system, gravity; reservoir cap 1,000,000 gals; 54 hydrants; pipe 4 miles, 4 to 10 in dia, Ayrault; pressure 77 pounds; water-works owned by village; cost to construct \$25,000; ann expenses \$500. Pres of com, James Killen; supt, Jacob Huver; mayor, Geo. A. Sweet; town clerk, Anthony Dougherty.

Delhi, Delaware Co., population 4100; mercantile buildings, wood and brick, 2 and 8 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 2 chemical extinguishers (private), 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, 1700 ft, leather good 200 ft, inferior 450 ft; value of fire department equipment \$6000; value of 2 buildings occupied \$4000; total membership 150, volunteers; bell alarm. Chief engineer, F. L. Norton.

WATER SUPPLY—Source, brook; system, gravity; reservoir cap 600,000 gals; 33 hydrants, Ayers; pipe 3 1/4 miles, 8 to 12 in dia; filtration gravel; pressure 38 pounds; water-works owned by company; cost to construct \$25,000; ann expenses \$250. Pres of com, G. E. Marvin; supt, J. Middernist.

Depost, Broome Co., population 200; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 800 ft; value of fire department equipment \$1000; value of buildings occupied \$800; total ann expenses of department \$500; total membership 75, volunteers; bell alarm. Chief, B. Knapp.

WATER SUPPLY—Source, Butler Brook; system, gravity; 1 reservoir; 33 hydrants, Cassin; pipe 6 miles; Cassin valves; pressure 65 pounds; water-works owned by company; cost to construct \$37,000; ann expenses \$450. Pres of com, J. B. Perry; supt, C. M. Putnam; town clerk, H. J. Adams.

Dryden, Tompkins Co., population 779; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 3 chemical extinguishers (private), 1 hose cart; total membership 60, volunteers. Chief engineer, H. F. Pratt.

WATER SUPPLY—Source, wells; 6 cisterns. Village clerk, D. T. Wheeler.

Dundee, Yates Co., population 4100; buildings, brick and wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$600; total membership 42, volunteers; bell alarm. Chief engineer, H. V. L. Jones.

WATER SUPPLY—Source, wells.

Dunkirk, Chautauque Co., population 9700. Fire department—1 hook and ladder truck, 8 hose carriages; hose cotton, good 2800 ft, leather good 700 ft; total membership 148, volunteers.

WATER SUPPLY—Source, Lake Erie; system, direct pumping; Holly, Worthington pumping engines, dy cap 4,500,000 gals; 116 hydrants, Holly; pipe 2 1/2 miles, 8 to 12 dia; 164 valves, Ludlow; quality of water good; pressure, domestic 50, fire 100 to 125 pounds; water-works owned by city; cost to construct \$137,094; ann expenses \$8000; int on bonds 7 per cent. Pres of com, M. L. Hinman; supt, Geo. M. Abell; mayor, Wm. Bookstaver; city clerk, Edward Madigan.

East Aurora, Erie Co., population 2000; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, rubber inferior 500 ft; value of fire department equipment \$1500; value of buildings occupied \$5000; total ann expenses of department \$500; total membership 100, volunteers; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, Henry H. Parsons.

WATER SUPPLY—Source, wells; 2 cisterns, dy cap 250 gals. Village clerk, Chas. H. Addington.

East Syracuse, Onondaga Co., population 2100; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 700 ft; value of fire department equipment \$1500; total membership 100, volunteers; bell and whistle alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. M. Weaver.

WATER SUPPLY—Source, cisterns.

Elizabethtown, Essex Co., population 445; buildings, wood, 1 and 2 stories. Fire department—1 hose carriage; sectional ladder; hose linen 400 ft, rubber good

200 ft, inferior 100 ft; value of fire department equipment \$900; total ann expenses of department \$100 (1888); total membership 20; bell alarm. Chief engineer, Milo C. Perry.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 125,000 gals; 17 hydrants, Mathews; pipe 3 1/2 miles; pressure 100 pounds; water-works owned by company; cost to construct \$18,500; ann expenses \$150; int on bonds 6 per cent. Pres of com, R. L. Hand; supt, K. C. Kellogg; town clerk, Frank H. Durand.

Ellenville, Ulster Co., population 4500; fire area 700 acres; buildings, 1 to 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; hand extinguishers; hose cotton, good 1500 ft, leather good 500 ft, inferior 800 ft; value of fire department equipment \$5900; value of buildings occupied \$800; total membership 125, volunteers; 1 engine company, 1 hook and ladder company, 8 hose companies. Chief engineer, E. G. Fuller; chairman of fire and water com, W. H. Deyo.

WATER SUPPLY—Source, surface water; system, gravity; reservoir cap 40,000 gals; 54 hydrants, Ayers; pipe 10 miles, 4 to 8 in dia, Donaldson; valves, Kennedy; quality of water pure; pressure, domestic 80, fire 130 pounds; water-works owned by city; cost to construct \$51,000; ann expenses \$500; int on bonds 7 per cent. Pres of com, B. B. Demarest; supt, D. S. Williams; mayor, Geo. S. Kimble; village clerk, Geo. H. Heath.

Elliottsville, Cattaraugus Co., population 800; buildings, wood, 2 stories; slate, shingle and tin roofs. Fire department—4 chemical extinguishers; hose 1000 ft.

WATER SUPPLY—Source, wells; water company organizing. Village clerk, E. S. King.

Elmira, Chemung Co., population 32,000. Fire department—4 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 8 hose carriages; hose good 6100 ft, inferior 1900 ft; 11 horses; total membership 35, paid full time 14, call men 21; telegraph alarm; 40 street boxes. Chief engineer, Joseph A. Campbell; com, J. D. Boothe, J. M. Shoemaker.

WATER SUPPLY—Source, Chemung River, Carr's Creek and wells; system, gravity, pumping to reservoir and direct; reservoir cap 118,000,000 gals; Knowles, Worthington pumping engines, dy cap 8,000,000 gals; 249 hydrants, Wood; pipe 33 miles, 4 to 20 in dia, Wood, Mellert, Warren; 274 valves, Eddy, Wood; 285 meters, National, Hersey, Union; quality of water good, filter galleries and aeration; pressure 44 pounds; water-works owned by company; cost to construct \$610,186; ann expenses \$13,000. Pres of com, Geo. M. Diven; supt, J. M. Diven; mayor, C. S. Davison; city clerk, Thos. Smith.

Elm Park, Richmond Co. (see New Brighton).

Fairport, Monroe Co., population 3600; fire area 844 acres; mercantile buildings, brick and wood, 2 and 4 stories; private, wood, 2 1/2 stories. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, protection carriage; siamese couplings used; hose cotton, good 3600 ft; value of fire department equipment \$3800; total ann expenses of department \$1000; 100 volunteer members; whistle alarm. Chief engineer, P. McAuliffe.

WATER SUPPLY—Source, canal and creek. Mayor, Patrick McAuliffe; town clerk, Martin J. Ganbon.

Far Rockaway, Queens Co., population 2244; buildings, wood, 2 stories. Fire department—1 hook and ladder truck; 2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$3000; bell alarm.

WATER SUPPLY—Source, wells; system, pumping to standpipes; Davidson pumping engines, dy cap 2,500,000 gals; 80 hydrants, Eddy; Chapman, Holyoke; pipe 12 miles, McNeal; Eddy & Peet valves; pressure 48 pounds; water-works owned by company. Pres, R. V. DuBois, N. Y.; Supt, C. A. Lockwood.

Fayetteville, Onondaga Co., population 1556. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft, rubber good 200 ft, leather good 300 ft; total membership 200, all volunteers; bell alarm.

WATER SUPPLY—Source, 6 cisterns and creeks.

Fishkill, Dutchess Co., population 800. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 880 ft; total membership 25, all volunteers. C. F. Benjamin, foreman engine company.

WATER SUPPLY (see Mattawean).

Fishkill-on-Hudson, Dutchess Co., population 2508. 1 hand engine, 1 hose carriage; hose rubber and leather, good 1000 ft; membership 50, volunteers.

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 70,000,000 gals; 61 hydrants, R. D.

NEW YORK—Continued.

Wood & Co., pipe 10 miles, 4 to 12 in dia, Warren Foundry; 30 valves, Ludlow; 4 meters, National; quality of water best; pressure, 80 to 104 pounds; works owned by company. Pres of com, G. E. Taintor; supt, A. S. Brinkerhoff.

Flatbush, Kings Co., population *15,000; buildings, brick and wood, 8 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hook and ladder trucks, 6 hose carriages; volunteer members; telegraph and bell alarm. Chief engineer, Thos. M. Lott.

WATER SUPPLY—Source, wells; system, pumping to standpipe; 2 Worthington pumps, dy cap 2,500,000 gals; 149 hydrants; pipe 80 miles; pressure 75 pounds; capital stock \$300,000; int on bonds 6 per cent. Supt, Jeremiah Lott; town clerk, F. M. Gleason.

Flushing, Queens Co., population *8000. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1000 ft, leather good 1600 ft; 180 volunteer members. Chief engineer, Jas. McCormick.

WATER SUPPLY—Source, wells; system, direct pumping; Holly and Blake pumps, dy cap 8,000,000 gals; 118 hydrants, Matthews; pipe 80 miles; 800 taps; 140 meters; pressure, domestic 40, fire 100 pounds; cost to construct \$300,000; ann expenses \$11,000; int on bonds 5 and 7 per cent. Supt, G. A. Roullier.

Fonda, Montgomery Co., population 1300; area 640 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; tin roofs. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose linen, good 600 ft, inferior 200 ft; value of buildings occupied \$500; total membership 75, all volunteers. Chief engineer, Henry Silver.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,000,000 gals; 31 hydrants, R. D. Wood & Co.; pipe 3 1/2 miles; taps 78; pressure 47 pounds; cost to construct \$38,000; ann expenses \$450; int on bonds 5 per cent. Supt, Frank H. Burtch.

Fort Edward, Washington Co., population 2998; mercantile buildings, brick and wood, 2 to 4 stories; private, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages, hose cotton, good 1800 ft, rubber good 500 ft; value of building occupied \$1500; total membership 80, all volunteers; bell alarm. Chief elected by members, L. B. Fields.

WATER SUPPLY—Source, springs; system, gravity; 10 reservoirs; cost to construct \$10,000. Supt, Ransom Quas; village clerk, M. Bennett.

Fort Plain, Montgomery Co., population *3500; buildings, wood and brick, 2 to 3 stories; wooden roofs permitted. Fire department—3 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2000 ft, linen good 200 ft, leather good 600 ft; value of fire department equipment \$4500; value of buildings occupied \$3500; total ann expenses of department \$500; total membership 150, all volunteers; bell alarm. Chief elected by company and approved by trustees, J. Winning.

WATER SUPPLY—Source, springs; system, gravity; 52 hydrants, Ludlow; pipe 12 miles, 4 to 16 in dia, Warren Foundry; Ludlow valves; 1 meter, Crown; quality of water soft; pressure 80 pounds; cost to construct \$85,000; ann expenses \$800; int on bonds \$3800. Pres of com, J. M. Low; supt, Chas. Hennebergh; pres of town, D. G. Hackney; town clerk, A. D. Canning.

Frankfort, Herkimer Co., population *2500; fire area 1000 acres; mercantile buildings, wood, 2 to 3 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2100 ft, rubber good 100 ft; value of fire department equipment \$3000; total ann expenses of department \$350; total membership 100, all volunteers; bell alarm. Chief elected by companies, Thos. Hanahan.

WATER SUPPLY—Source, cisterns, canal and river, and 4 suction connections with water supply of West Shore R. R. Village clerk, Chas. B. Cleland.

Franklin, Delaware Co., population 2907; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 650 ft, rubber good 650 ft, inferior 350 ft; total membership 75, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Henry Phelps; chairman of fire and water com, David Betts.

WATER SUPPLY—Source not given; 2 reservoirs; cost to construct \$18,000. Town clerk, A. Bush.

Franklinville, Cattaraugus Co., population 1968; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose rubber good 200 ft, inferior 100 ft; 600 ft good canvas; value of fire department equipment \$2500; 1 building rented \$120 per year, value \$15,000; total ann expenses of department \$300; 90 volunteer members; bell alarm. Chief appointed by village trustees, M. J. Waring.

WATER SUPPLY—Source, wells. Village clerk, G. E. Spring.

Fredonia, Chautauque Co.; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; slamese couplings used; hose cotton, good 2400 ft, rubber good 300 ft; value of fire department equipment \$3500; 1 building occupied, owned by village; 86 volunteer members; whistle alarm. Chief elected by trustees, R. K. Palmer.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 10,000,000 gals; 56 hydrants, Matthews; pipe 9 miles; valves Ludlow; 4 meters; pressure 105 pounds; cost to construct \$90,000; ann expenses \$445; int on bonds 4 per cent. Board of trustees control and have charge of works. Village clerk, John A. Warren.

Freeport, Queens Co., population 1217. Fire department—1 hook and ladder truck; 30 volunteer members. Foreman, Hiram B. Smith. An incorporated department is contemplated.

Friendship, Allegany Co., population 2127; buildings, wood and brick. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose cart, 1 supply cart; slamese couplings used; hose good 1400 ft; value of fire department equipment \$3000; value of building occupied \$4000; expenses of department for 1899 \$1054; 74 volunteer members; bell and whistle alarm. Chief elected by company, T. J. Rose.

WATER SUPPLY—Source, 4 cisterns, dy cap 2200 gal. Town clerk, J. O. Rice.

Fulton, Oswego Co., population 6500; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—2 steam fire engines, 1 chemical extinguisher, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 3600 ft; 5 horses; total ann expenses of department \$1200; total membership 100, paid 4. Chief engineer, Walter Bradley; chairman of fire and water com, W. D. Patterson.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct into mains; Worthington pumps, dy cap 3,000,000 gals; 82 hydrants, Holyoke; pipe 11 miles; valves Eddy; quality of water best; pressure, domestic 52, fire 120 pounds; works owned by company; int on bonds 6 per cent. Pres of com, H. E. Nichols; supt, Geo. G. Chauncey; mayor, F. M. Wilson; city clerk, M. Highviter.

Fultonville, Montgomery Co., population 1400; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; equipment for truck; value of buildings occupied \$1800; total membership 40, all volunteers; bell alarm; 1 engine company. Foreman, August Anderson.

WATER SUPPLY—Source, springs, canal, river; system, gravity; 3 reservoirs; 8 hydrants; pipe 2 miles, 4 to 6 in dia. Supt, Robert Craig; village clerk, W. E. Vencer.

Geddes, Onondaga Co. (see Syracuse).

Geneseo, Livingston Co., population 2800; fire area 1500 acres; mercantile buildings, brick, 2 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, protective cart; hose linen, good 1900 ft, inferior 800 ft, rubber good 1500 ft, inferior 200 ft, leather inferior 400 ft; value of fire department equipment \$6500; value of buildings occupied \$3000; total membership 125, all volunteers; bell alarm; 4 fire companies. Chief engineer, Edward P. Coyne; chairman of fire and water com, T. F. Olmstead.

WATER SUPPLY—Source, Conesus Lake; system, pumping to reservoir; Gaskill pump, dy cap 600,000 gals; 86 hydrants, Ludlow; pipe 11 miles; 200 taps; pressure 60 to 100 pounds; cost to construct \$50,000; ann expenses \$1800; int on bonds 8 1/2 per cent. Pres of com, W. A. Wadsworth; supt, Sam'l H. Blythe; town clerk, L. H. Doty.

Geneva, Ontario Co., population *7300; fire area 109

acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 8000 ft, rubber good 500 ft; linen good 1000 ft; 4 horses; value of fire department equipment \$15,000; value of buildings occupied \$10,000; total ann expenses of department \$3000; total membership 180, paid part time 10, volunteers 150; bell alarm. Chief appointed by trustees, John Denison.

WATER SUPPLY—Source, Seneca Lake; system, gravity and pumping; Worthington pump, dy cap 1,500,000 gals; 108 hydrants, Matthews; pipe 18 miles, 12 to 4 in dia, R. D. Wood & Co.; Ludlow valves; 25 meters, National, Worthington, Union; quality of water good; pressure, domestic 45 to 100, fire 75 to 100 pounds; cost to construct \$150,000; int on bonds 6 per cent. Pres of com, S. H. Hammond; supt, Sam'l S. Graves; mayor, W. B. Dunning; city clerk, Henry B. Graves.

Gilbertsville, Otsego Co., population 600; fire area 2 square miles; mercantile buildings, wood, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hose carriage, 1 extension ladder; hose cotton, good 350 ft, linen inferior 100 ft; value of fire department equipment \$1000; value of buildings occupied \$1500; total ann expenses of department \$25; total membership 35, all volunteers; bell alarm. Foreman, J. R. Woodlands.

WATER SUPPLY—Source, wells, cisterns and brooks. Town clerk, H. O. Donaldson.

Glen Cove, Queens Co., population 8000; fire area 1000 acres; mercantile buildings, brick and wood, 2 to 5 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose canvas, good 350 ft, leather good 250 ft, inferior 300 ft; value of fire department equipment \$3500; total membership 45, all volunteers; bell alarm. Chief engineer, E. P. Titus.

WATER SUPPLY—Source, lake, cisterns and springs.

Glens Falls, Warren Co., population 10,000; fire area 100 acres; buildings, brick, stone and wood, 1½ to 7 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 6 hose carriages; 1 extension ladder; siamese couplings used; hose rubber and linen, good 3000 ft, inferior 1000 ft; value of fire department equipment \$3000; value of 2 buildings occupied \$15,000; total ann expenses of department \$1300 (1885); total membership 155, volunteers, paid part time 12; bell alarm; 1 engine company; 1 hook and ladder company; 3 hose companies. Chief engineer, Lloyd L. Davis.

WATER SUPPLY—Source, springs; system, gravity; impounding reservoir, cap 75,000,000 gals; 85 hydrants, Ludlow; pipe 15 miles; Ludlow valves; 7 meters; pressure 90 pounds; water-works owned by village; cost to construct \$120,000; ann expenses \$700; int on bonds 7 per cent. Com, Geo. H. Thomas; supt, Henry E. Allen.

Gloversville, Fulton Co., population 10,000; fire area 250 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose linen, good 1800 ft; value of fire department equipment \$3000; 1 building occupied; total ann expenses of department \$798; total membership 80, volunteers; bell and whistle alarm. Chief engineer, Frank Carson.

WATER SUPPLY—Source not given; system, gravity; 8 reservoirs, cap 15,000,000 gals; 102 hydrants, Wood; pipe 17 miles; 22 meters; pressure 80 pounds; water-works owned by village; cost to construct \$120,000; ann expenses \$9000; int on bonds 5 and 6 per cent. Pres of com, F. M. Young; supt, A. A. Hellwig.

Goshen, Orange Co., population 2557. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose fabric, 3000 ft, leather 2000 ft; total membership 100, volunteers. Chief engineer, C. G. Elliott.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 46,000,000 gals; 60 hydrants, Ludlow, Chapman; 6 miles pipe, 4 to 12 in dia; 17 valves; pressure 56 pounds; water-works owned by village; cost to construct \$75,000; ann expenses \$400; int on bonds 5 per cent. Supt, W. H. Wood; pres of village, Harrison W. Mowery; village clerk, E. H. Kelly.

Gouverneur, St. Lawrence Co., population 4000; fire area 600 acres; mercantile buildings, stone and brick, 2 to 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 2200 ft, inferior 150 ft; 2 horses, value \$300; value of fire department equipment \$4500; value of buildings occupied \$2500; total ann expenses of department \$400; total membership 32, bell and steam gong alarm. Foreman, S. A. Ackerman.

WATER SUPPLY—Source, Oswegatchie River; system, direct pumping; Bagley Sewal pumps (water power), dy cap 1,000,000 gals; 24 hydrants, Ludlow, Wood; pipe 8 miles; 4 and 6 in dia; 25 valves, Ludlow; quality of water soft; pressure, domestic 40, fire 60 to 80 pounds; water-works owned by company; cost to construct \$39,000; ann expenses \$700. Pres of com, W. R. Dodge; supt, C. A. Van Duzel; pres of village, Henry Sudds; town clerk, Chas. N. Reynolds.

Gowanda, Cattaraugus Co., population 9000; fire area 640 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; gravel, iron and shingle roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; 3 jumpers; hose cotton, good 3000 ft, linen good 450 ft, inferior 50 ft; value of fire department equipment \$3500; value of buildings occupied \$1000; total ann expenses of department \$500; total membership 150, volunteers; bell and electric alarm; 2 street boxes (3 to be added); 8 engine companies; 1 hook and ladder company; 3 hose companies. Chief engineer, Peter Brenck.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,000,000 gals; 17 hydrants, Ludlow; pipe 3 miles, 4 to 10 in dia, Mellert; Ludlow valves; pressure 80 pounds; water-works owned by company. Pres of com, W. W. Welch; supt, F. J. Blackman; pres of village, J. Van Deusen.

Granville, Washington Co., population 3000; fire area 1000 acres; mercantile buildings, wood and brick, 4 stories; private, wood, 2 stories; wooden roofs not often permitted; fireworks ordinance. Fire department—3 hose carriages; hose cotton, good 700 ft, linen good 1800 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total membership 38, volunteers; bell alarm; 3 hose companies. Chief engineer, Geo. W. Henry.

WATER SUPPLY—Source, Mettewos River; system, pumping to reservoir and direct; Knowles pumping engines, dy cap 500,000 gals; 23 hydrants; pipe 4 miles, 4 to 8 in dia; filtration sand, gravel and charcoal; pressure, domestic 80, fire 100 pounds; water-works owned by village; cost to construct \$30,000; ann expenses \$1000; int on bonds 4 per cent. Supt, O. L. Goodrich; village clerk, John S. Warren.

Greenbush, Rensselaer Co., population 7600; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 3 hose carriages; hose linen, good 3000 ft; value of fire department equipment \$15,000; value of 3 buildings occupied \$10,000; total ann expenses of department \$1000; total membership 300, volunteers; whistle and bell alarm. Chief engineer, John B. Miller.

WATER SUPPLY—Source, well and Hudson River; system, pumping to standpipe; 2 Worthington pumping engines, dy cap 4,000,000 gals; 81 hydrants, Ludlow; pipe 9 miles, 6 to 30 in dia, Warren; valves Ludlow; filtration sand and gravel; pressure, domestic 80 to 100, fire 140 pounds; water-works owned by company; cost to construct \$300,000; int on bonds 6 per cent. Pres of com, J. F. Moffett; supt, John Winn; village clerk, W. H. Heffers.

Greene, Chenango Co., population 1900; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose linen, good 1000 ft; leather good 1800 ft, inferior 200 ft; value of fire department equipment \$3000; total ann expenses of department \$100; total membership 100, volunteers; bell alarm. Chief engineer, E. B. Jackson.

WATER SUPPLY—Source, cisterns and river. Supt, R. A. Race; town clerk, M. F. Porter.

Green Island, Albany Co., population 5500; fire area 2 sq. miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; shingle and tin roofs. Fire department—1 steam fire engine, 2 chemical extinguishers, 3 hose carriages, 1 hose wagon; hose cotton, good 2700 ft, inferior 600 ft; 2 horses, value \$700; value of fire department equipment \$3000; value of buildings occupied \$1500; total ann expenses of department \$1200; total membership 70, paid full time 1, volunteers 69; church and electric bells; 2 hose companies. Chief engineer, Dominick E. Tighe; chairman of fire and water com, J. S. Toner.

WATER SUPPLY—Source, filter gallery on island in Hudson River; system, pumping to reservoir and standpipe; Worthington pumping engines, dy cap 5,000,000 gals; 53 hydrants, Ludlow; pipe 4 miles, 4 to 12 in dia; quality of water pure; pressure 80 pounds; water-works owned by company. Pres of com, J. V. Clarke; supt, C. C. Hill; village clerk, Thos. H. Kay.

NEW YORK—Continued.

Greenport, Suffolk Co., population 8000; fire area 640 acres; buildings, wood, 25 to 30 ft; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1700 ft, value of fire department equipment \$10,000; value of buildings occupied \$8000; total ann expenses of department \$1000; total membership 180, volunteers; bell alarm; 8 engine companies, 1 hook and ladder company, 8 hose companies. Chief engineer, J. L. Terry; chairman of fire and water com, C. M. Smith.

WATER SUPPLY—Source, wells and lakes; water-works under construction. Village clerk, Geo H. Corwin.

Greenwich, Washington Co., population 2500. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose rubber, fair 8000 ft; total membership 140, volunteers. Chief engineer, John B. Foster.

WATER SUPPLY—Source not given; system, gravity; 1 reservoir; 30 hydrants; pipe 5 miles; 15 valves; pressure 60 to 120 pounds. Supt, R. J. Wait; town clerk, W. T. Lidell.

Groton, Tompkins Co., population 1400; fire area 640 acres; mercantile buildings, brick, 8 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1400 ft, inferior 900 ft; total ann expenses of department \$800; total membership 100, volunteers; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, Ben Conger.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir, cap 600,000 gals; 45 hydrants; pipe 6½ miles, 4 to 8 in dia; pressure, domestic 80 to 95 pounds; cost to construct \$25,000. Supt, Thos. Moran; mayor, Eugene Landon; town clerk, R. B. Shaw.

Hamburg, Erie Co., population 1500; fire area 650 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 800 ft, rubber good 1000 ft; value of fire department equipment \$1500; value of building occupied \$5000; total ann expenses of department \$120; total membership 50, volunteers; bell alarm. Chief engineer, Chas. H. Wood.

WATER SUPPLY—Source not given; system, pumping to standpipe; 28 hydrants; pipe 5½ miles. Village clerk, Fayette Kelly.

Hamilton, Madison Co., population 2000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1100 ft, inferior 250 ft, leather good 300 ft, inferior 50 ft; value of fire department equipment \$6000; value of buildings occupied \$7000; total ann expenses of department \$175; total membership 70, volunteers, paid full time 2; bell alarm; 2 fire companies. Chief engineer, John I. Baker.

WATER SUPPLY—Source, 3 inexhaustible streams. Village clerk, B. J. Stimson.

Hammondsport, Steuben Co., population 1500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 horse-power fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1200 ft, inferior 800 ft; total membership 125, volunteers; bell alarm. Chief engineer, Geo. H. Keeler.

WATER SUPPLY—Source, lake, creek and 5 large cisterns. Village clerk, J. W. Shanley.

Hancock, Delaware Co., population 1000; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hose carriage; hose cotton, good 800 ft, inferior 150 ft. Dep't just organizing; will purchase hose cart and hook and ladder truck.

WATER SUPPLY—Source not given; system, gravity.

Hastings, Westchester Co., population 1800. Fire department—1 hand engine, 1 hose carriage; hose good 1100 ft, rubber inferior 500 ft, linen inferior 400 ft; total membership 40, volunteers.

WATER SUPPLY—Water supplied by Pocantico Water Co. See North Tarrytown.

Haverstraw, Rockland Co., population 4000; fire area 1½ square miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin roofs. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages; hose rubber, good

1500 ft, leather good 500 ft, linen good 1000 ft; value of fire department equipment \$5500; value of buildings occupied \$3000; total ann expenses of department \$3000; total membership 135, volunteers; bell alarm. Chief engineer, Wm. Bounet; chairman of fire and water com, Thos. F. Clark.

WATER SUPPLY—Source, wells; system, gravity; Holly pumping engines, dy cap 1,500,000 gals; 30 hydrants; pipe 6 miles; pressure 75 pounds; water-works owned by company. Pres, John Lockwood; supt, D. D. Williams.

Hempstead, Queens Co., population 3500. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose 1500 ft; total membership 200, volunteers; bell alarm. Chief engineer, E. Cooper.

WATER SUPPLY—Source, 22 wells; hydrants.

Herkimer, Herkimer Co., population 4000; fire area 2 square miles; mercantile buildings, stone, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 15 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2000 ft, rubber good 200 ft, leather good 200 ft, inferior 200 ft; value of fire department equipment \$10,000; value of buildings occupied \$3000; total ann expenses of department \$1200; total membership 180, volunteers; whistle and bell alarm. Chief engineer, M. Rice; chairman fire and water com, H. M. F. Ultee.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe and mains; standpipe, cap 533,000 gals; Knowles pumping engines, dy, cap 500,000; 53 hydrants. Ludlow; pipe 8 miles, 4 to 8 in dia, R. D. Wood & Co.; 50 valves, Kessler Mfg. Co.; quality of water good; pressure, domestic 87, fire 100 pounds; water-works owned by village; cost to construct \$57,000; ann expenses \$1200; int on bonds 8½ per cent. Pres, A. B. Steele; supt, J. H. Huyck; mayor, A. B. Steele; village clerk, H. W. McKenzie.

Herkimer, St. Lawrence Co., population 1000; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 700 ft, inferior 800 ft; value of fire department equipment \$1000; value of buildings occupied \$200; total ann expenses of department \$50; total membership 40, volunteer; bell alarm; 2 fire companies. Chief engineer, P. L. Doyle; chairman of fire and water com, E. A. Conant.

Hicksville, Queens Co., population 1700; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 chemical engine, 1 hook and ladder truck; bell alarm.

WATER SUPPLY—Source, wells and cisterns.

Highland Falls, Orange Co., population 2000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$700; value of buildings occupied \$900; total ann expenses of department \$200; total membership 40, volunteers; bell alarm. Chief engineer, L. F. Goodsell.

WATER SUPPLY—Water-works will probably be constructed; source, wells, brooks and river. Town clerk, J. E. Brennan.

Hobart, Delaware Co., population 600; buildings, wood, 2 and 3 stories. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 400 ft, rubber inferior 100 ft; total membership 50, volunteer. Chief engineer, John Muir.

WATER SUPPLY—Source, Spring Brook; system, gravity; reservoir cap 380,000 gals; 10 hydrants, Holyoke; pipe 2 miles, Norwalk; Ludlow valves, pressure, fire 80 pounds; water-works owned by company; cost to construct \$10,225; int on bonds 6 per cent. Pres of com, James Cowan; supt, A. S. Carroll; pres of corp, S. D. Kerr; village clerk, S. T. Morehouse.

Holley, Orleans Co., population 1500; buildings, brick and wood, 2 and 3 stories. Fire department—1 horse-power engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; total membership 100, volunteers.

WATER SUPPLY—Source, streams and springs; system, pumping to standpipe; 35 hydrants, Ludlow; pipe, 4 to 8 in dia, Buffalo Foundry; quality of water pure and soft; pressure 75 pounds. Pres G. B. Bassett; mayor, O. S. Miller; village clerk, Wm. House.

Homer, Cortland Co., population 3800; fire area 1 mile square; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose

carriages; siamese couplings; hose cotton, good 1800 ft, leather good 1800; value of fire department equipment \$5000; value of buildings occupied \$3400; total ann expenses of department \$350; total membership 120; bell alarm. Chief engineer, C. E. Lawson.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 150,000; Worthington pumping engines; dy cap 1,000,000 gals; 85 hydrants, Ludlow; pipe 5 miles, 4 to 8 in dia; 25 valves, Ludlow; 10 meters, Crown; quality of water good; pressure, domestic 60, fire 90 pounds; water-works owned by company; cost to construct \$50,000; int on bonds 6 per cent. Pres, L. J. Rich-aulp; mayor, W. A. Crane.

Honeoye Falls, Monroe Co., population 1500. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose good, 1500 ft; total membership 100; electric alarm. Chief engineer, H. H. Pillsbury.

WATER SUPPLY—Source, wells; system, pumping to tank; tank cap 1000 gals; Barr & Creelman pumping engines, dy cap 48,000 gals; pipe 2500 ft, Barr & Creelman; water-works owned by company; cost to construct \$2600. Pres of com, W. G. Starr; city clerk, J. Fitzpatrick.

Hosack Falls, Rensselaer Co., population 8500; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, good 2600 ft, inferior 400 ft; value of fire department equipment \$5000; value of buildings occupied \$10,000; total ann expenses of department \$1950; total membership 70, paid full time 8; bell alarm. Chief engineer, W. H. Parsons. Gamewell alarm system to be erected.

WATER SUPPLY—Source, well; system, pumping to standpipe; Knowles & Russell Sons pumping engines, dy cap 600,000 gals; 84 hydrants, Holyoke & Chapman, Eddy; pipe 8 miles, 4 to 10 in dia; 60 valves, Eddy; 8 meters, Worthington & Nat'l; pressure 60 to 100 pounds; water-works owned by company. Pres, Jno. Lockwood; supt, E. R. Estabrook; mayor, F. Riley; village clerk, B. C. Armstrong.

Hornellville, Steuben Co., population *14,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; 1 protective company; hose good, 4000 ft; total membership 203, volunteer; electric alarm; 14 street boxes. Chief engineer, T. C. McCarthy.

WATER SUPPLY—Source, mountain streams; system, gravity; impounding reservoir, cap 50,000,000 gals; 420 hydrants; pipe 19 miles, 4 to 16 in dia; 108 valves, Ludlow; 1 meter, Crown; filtration gravel and charcoal; pressure, domestic 95, fire 86 pounds; water-works owned by company; cost to construct \$200,000; int on bonds 6 per cent. Pres of com, N. M. Crane; supt, Geo. L. Tubbs; town clerk, H. C. Sawyer.

Horseheads, Chemung Co., population 1700; fire area 10 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 8 hose carriages; siamese couplings; hose cotton, good 1000 ft, leather good 900 ft; value of fire department equipment \$7000; value of buildings occupied \$6000, total ann expenses of department \$400; total membership 100, paid 8; bell alarm. Chief engineer, Jno. Hogan.

WATER SUPPLY—Source, springs and canal; 2 reservoirs. Town clerk, Chas. Marshall.

Hudson, Columbia Co., population 18,000; fire area 1000 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 6 hose carriages; hose cotton, good 8100 ft, inferior 600 ft; value of fire department equipment \$35,000; value of buildings occupied \$35,000; total ann expenses of department \$2300; total membership 244, volunteer; Gamewell electric bell; 10 street boxes. Chief engineer, Robt Elting; chairman of fire com, Jas. Muldoon.

WATER SUPPLY—Source, Hudson River; system, pumping to reservoir; reservoir cap 5,500,000 gals; Clapp & Jones pumping engines, dy cap 8,000,000 gals; 195 hydrants, Mathews, Ludlow; pipe 16 miles, 12 to 8 in dia, Wood and Warren; 126 valves, Ludlow and Eddy; 10 meters, Worthington; quality of water good; filtration sand; pressure 100 pounds; water-works owned by city; cost to construct to date \$309,361; ann expenses \$10,000; int on bonds 8½ and 7 per cent. Chairman of com, Wm. H. Traver; supt, John S. Roy; mayor, Henry S. Gregg; city clerk, Jas. McShane.

Huntington, Suffolk Co., population 8000; fire area 640 acres; mercantile buildings, brick, 2½ stories; private,

wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine with 200 ft of hose, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; siamese couplings; hose rubber, good 250 ft, inferior 125 ft; value of fire department equipment \$1500; value of building occupied \$1000; total ann expenses of department \$550; total membership 75, volunteer; bell alarm. Chief engineer, Chas. E. Shepard.

WATER SUPPLY—Source, springs; 2 cisterns. Town clerk, S. Pearsall.

Hyde Park, Dutchess Co., population 740; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft, linen good 1700 ft, leather 800 ft; value of fire department equipment \$5000; total ann expenses of department \$1200; total membership 110, volunteer; bell alarm.

WATER SUPPLY—Source, cisterns.

Ilion, Herkimer Co., population 3711; buildings, brick and wood, 2 and 3 stories. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 2500 ft, inferior 400 ft; value of fire department equipment \$11,500; total membership 175, paid full time 2; whistle and bell alarm. Chief engineer, M. M. Kane.

WATER SUPPLY—Source, cistern; 1 reservoir. Town clerk, Z. E. Cooper.

Irrington, Westchester Co., population 1904; buildings, wood, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 1400 ft, inferior 800 ft; value of fire department equipment \$3800; total ann expenses of department \$317; total membership 40, volunteers; bell alarm. Chief engineer, W. Walker.

WATER SUPPLY—Source, artesian well and stream; system, pumping to reservoir; reservoir cap 9,000,000 gals; Worthington pumping engines, dy cap 250,000 gals; 26 hydrants, Mathews; pipe 4¼ miles; 100 meters; pressure 140 to 186 pounds; water-works owned by village. Supt, W. H. Winne; village clerk, T. W. Crisfield.

Islip, Suffolk Co., population *2000. Fire department—1 engine, 1 hose carriage; value of fire department equipment \$1000; value of buildings occupied \$1000; total membership 94. Chief engineer, P. J. Hawkins.

WATER SUPPLY—Source, wells. Town clerk, W. F. Lecluse.

Ithaca, Tompkins Co., population 18,000; fire area 220 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, 1 supply wagon; hose cotton, good 4000 ft, inferior 1000 ft; 6 horses; value of fire department equipment \$15,000; value of buildings occupied \$40,000; total ann expenses of department \$3633; total membership 423, volunteers, paid part time 4; bell and telephone alarm; 2 engine companies, 1 protective police company, 1 hook and ladder company, 4 hose companies. Chief engineer, Frank Cole; chairman of fire and water com, James E. Warren.

WATER SUPPLY—Source, Bustermilk Falls Creek; system, gravity; 3 reservoirs, cap 13,000,000 gals; 70 hydrants, Treman, Waterman & Co.; pipe 15 miles, 4 to 20 in dia, Warren; 175 valves, Treman, Waterman & Co.; 8 meters; quality of water medium hard; pressure 55 to 80 pounds; water-works owned by company; cost to construct \$231,000. Pres of com, L. L. Treman; supt, E. M. Treman; mayor, John Barden; city clerk, Chas. H. Hillick.

Jamaica, Queens Co., population *5000; fire area 2800 acres; mercantile buildings, wood, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 3 jumpers, bucket carriage; hose canvas 600 ft, rubber good 1800 ft, various 800 ft; value of fire department equipment \$30,000; value of 6 buildings occupied \$10,000; total ann expenses of department \$435; total membership 165; bell alarm. Chief engineer, Wm. E. Everett.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 600,000 gals; Holly pumping engines, dy cap 1,000,000 gals; 140 hydrants, Holly; pipe 12 miles, 4 to 12 in dia, Warren; 60 valves, Holly, Kennedy; 8 meters, National; quality of water fine; pressure, domestic 60, fire 100 pounds; water-works owned by company; cost to construct \$175,000. Pres of com, John Lockwood; supt, J. T. Watts; mayor, J. Tyler-Watts; town clerk, G. Powell.

Jamestown, Chautauqua Co., population 18,000; buildings, wood and brick, 5 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hook and

NEW YORK—Continued.

ladder trucks, 5 hose carriages, 8 parade carriages, 1 Coffee cart; hose fabric, good 4500 ft, inferior 4500 ft, rubber inferior 500 ft, 11 horses not owned by city; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total membership 250, volunteers; telephone alarm; fire police; Coffee brigade; 2 engine companies; 1 hook and ladder company, 8 hose companies. Chief engineer, T. T. Cluney.

WATER SUPPLY—Source, artesian wells; system, direct pumping; Holly pumping engines, dy cap 4,000,000 gals; 100 hydrants, Holly; pipe 17 miles; 10 meters; pressure, domestic 80, fire 120 pounds; water-works owned by company; cost to construct \$300,000; ann expenses \$6000; int on bonds 6 per cent. Pres of com, S. B. Broadhead; supt, A. F. Kent; mayor, O. F. Price; city clerk, Robt. Shaw.

Johnstown, Fulton Co., population 8000; fire area 10 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted on new buildings in fire limits. Fire department—1 hook and ladder truck, 4 hose carriages; value of fire department equipment \$3700; value of buildings occupied \$8000; total membership 180, volunteers; Gamewell alarm; 8 hose companies. Chief engineer, A. J. Thompson.

WATER SUPPLY—Source, springs and streams; system, gravity; reservoir cap 10,000,000 gals; 86 hydrants, Mathews; pipe 18 miles, 4 to 10 in dia, Buffalo; 150 valves, Eddy; 40 meters; pressure, domestic 110, fire 100 pounds; water-works owned by city; cost to construct \$80,000; int on bonds 6 per cent. Pres of com, Oliver Getman; supt, J. J. Buchanan; mayor, M. S. Northrup; city clerk, J. J. Buchanan.

Jordan, Onondaga Co., population 4000; mercantile buildings, brick, 4 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 4 hose carriages; siamese couplings used; hose cotton, good 50 ft, rubber good 3000 ft, inferior 800 ft; value of fire department equipment \$3000; value of 3 buildings occupied \$2500; total ann expenses of department \$100; total membership 70, volunteers; bell alarm.

WATER SUPPLY—Source, outlet of Skaneateles Lake; system, pumping to reservoir; reservoir cap 30,000 gals; water power pump, dy cap 400,000 gals; 12 hydrants; 1/2 mile pipe, 1/2 in dia; pressure 50 to 100 pounds; water-works owned by an individual. Supt, S. Rockwell.

Keeseville, Essex Co., population 2500. Fire department—1 hook and ladder truck, 8 hose carriages, fire patrol with truck; hose cotton, 1500 ft; leather 800 ft; total membership 115, volunteers. Chief engineer, A. T. Talmadge.

WATER SUPPLY—Source, Ausable River; system, direct pumping; Flanders, Lang pumping engines, dy cap 2,000,000 gals; 40 hydrants, Ludlow; pipe 5 1/2 miles, 3 to 12 in dia; 25 valves, Ludlow; filtration gravel; pressure, domestic 68, fire 150 pounds; water-works owned by village; cost to construct \$88,000; ann expenses \$500; int on bonds 5 per cent. Chairman of com, W. Harper; supt, J. D. Cord; town clerk, M. R. La Duke.

Kinderhook, Columbia Co., population 1400; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose linen, 50 ft, leather good 1200 ft, inferior 400 ft; value of fire department equipment \$3000; value of building occupied \$3000; total membership 100, 2 paid; bell alarm. Chief engineer, Chas. Palmer.

WATER SUPPLY—Source, 14 cisterns, cap 100 to 600 hds. each. Village clerk, J. S. Whitbeck.

Kingston and Roundout, Ulster Co., population 21,104. Fire department—2 hook and ladder trucks, 10 hose carriages; hose cotton, good 2500 ft, leather inferior 2000 ft; total membership 307, 7 paid, volunteers 300. Chief engineer, John P. Dinnebocker.

WATER SUPPLY—Source, Sawkill Creek; system, gravity; reservoir cap 60,000,000 gals; 255 hydrants, Coffin; 38 1/2 miles pipe; Coffin valves; 85 meters; filtration charcoal and gravel; pressure 108 pounds; water-works owned by company; cost to construct \$600,000; ann expenses \$4800; int on bonds 6 per cent. Pres of com, Jas. L. Lindsey; supt, Alfred Hudler; city clerk, A. Scheffmans.

Lancaster, Erie Co., population 1802; fire area 790 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton 1800 ft, rubber 50 ft, leather 100 ft; value of fire department equipment \$3700; value of building occupied by H. & L. Co. \$1500; total ann expenses of depart-

ment \$75; total membership 85, volunteers; bell alarm. Chief engineer, Geo. Huber.

WATER SUPPLY—Source, wells and creeks. Town clerk, John Leininger.

Lansingburgh, Rensselaer Co., population 2000; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 and 3 stories. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; several factories have apparatus and steam fire pumps; hose good 2000 ft; 5 horses; total ann expenses of department \$5000 (1888); total membership 55; telegraph alarm, 18 street boxes. Chief engineer, J. H. Ingram.

WATER SUPPLY—Source, Oil Mill Creek; system, gravity; 2 reservoirs cap 85,000,000 gals; 120 hydrants, Ludlow; pipe 14 miles, Gloucester; Ludlow valves; 2 meters; pressure 71 pounds; water-works owned by village; cost to construct \$160,000; ann expenses \$5000; int on bonds 4 per cent. Pres of com, E. Tracy; supt, John Brooks; city clerk, F. DeWitt.

Le Roy, Genesee Co., population 4400; fire area 15 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, bucket cart; hose cotton, good 1600 ft, inferior 300 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$1000; total membership 85, volunteers; bell alarm. Chief engineer, John Wise.

WATER SUPPLY—Source, Oatka Creek; system, direct pumping; La France pumping engines; 30 hydrants; pipe 3 miles, 6 in dia; pressure 110 to 140 pounds; water-works owned by village; cost to construct \$3000; ann expenses \$300. City clerk, S. D. Gilbert.

Lima, Livingston Co., population 1878. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 30 grenades; hose cotton, good 34 ft, rubber good 800 ft; total membership 76, volunteers. Chief engineer, Geo. T. Salmon.

WATER SUPPLY—Source, cisterns and wells. Town clerk, A. Hyde.

Little Falls, Herkimer Co., population 7800. Fire department—3 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 3000 ft; total membership 309, paid 9; volunteers 300; telegraph alarm; 17 street boxes. Chief engineer, S. E. Babcock.

WATER SUPPLY—Source, stream; system, gravity; 4 reservoirs; cap 25,000,000 gals, dy cap 4,000,000 gals; 128 hydrants, Ludlow; pipe 26 1/2 miles, 4 to 20 in dia, Warren; 267 valves, Ludlow; 28 meters, Crown, Hersey, Union, Thompson, Worthington; quality of water soft, filtration coke, aerated; pressure, domestic 40 to 140, fire 140 to 250 pounds; water-works owned by village; cost to construct \$300,000; ann expenses \$16,000. Pres of com, Wm. I. Skinner; supt, S. E. Babcock; pres of trustees, I. B. Richmond; clerk, O. Zimmerman.

Liverpool, Onondaga Co., population 1830; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, buckets; value of fire department equipment \$200; total membership 40, volunteers. Chief engineer, John T. Rogers.

WATER SUPPLY—Source, wells and cisterns. Village clerk, A. B. Randall.

Lockport, Niagara Co., population 18,000; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 5 hose carriages, all kinds; hose rubber, 5000 ft; total ann expenses of department \$3800; total membership 200, volunteers; telegraph alarm; 30 street boxes; button at chief's residence; automatic box at police station. Chief engineer, H. K. Wicker.

WATER SUPPLY—Source, Erie Canal; system, direct pumping; Gaskill pumping engines, dy cap 4,500,000 gals; 250 hydrants, Holly; pipe 14 1/2 miles; 4 to 20 in dia, Buffalo; 100 valves, Holly, Ludlow; pressure, domestic 65, fire 75 to 100 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$3000; int on bonds 8 1/2 per cent. Pres of com, Louis Verdt; supt, R. J. Sterritt; mayor, James S. Liddle; city clerk, Wm. C. Olmsted. Three miles mains and 1,500,000 gal Gaskill pump were completed in June, 1880.

Long Island City, Queens Co., population 40,000; fire area 6400 acres; buildings, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire in-

vestigated. Fire department—2 steam fire engines, 2 hand engines, 4 hook and ladder trucks, 7 hose carriages, all kinds; hose rubber, good 6000 ft; value of fire department equipment \$30,000; 12 buildings occupied, 8 owned by city, 10 rented at \$3000 per annum; total ann expenses of department \$3000; total membership 600, volunteers; bell alarm. Chief engineer, Michael J. Sullivan.

WATER SUPPLY—Source, dug and driven wells; system, direct pumping; Holly, Worthington pumping engines; 600 hydrants; pipe 16 miles, 6 to 18 in dia; 27 meters; pressure, domestic 45, fire 70 pounds; water-works owned by city. Supt, P. J. Harrigan; mayor, P. J. Gleason; city clerk, T. C. Kadien.

Lowville, Lewis Co., population 8188. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft, linen and leather fair 400 ft; total membership 120, volunteers. Chief engineer, J. D. Moore.

WATER SUPPLY—Source, creek; 7 cisterns. Town clerk, F. C. Schraub.

Lyons, Wayne Co., population *6000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 25 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose linen, good 2750 ft, inferior 600 ft; value of fire department equipment \$30,000; value of building occupied \$6000; total ann expenses of department \$1021; bell alarm. Chief engineer, Chas. Marshall.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; standpipe cap 100,000 gals; Davidson pumping engines, dy cap 1,000,000 gals each; hydrants 41, Ludlow; pipe 8½ miles, 4 to 10 in dia, Sayre; 46 valves. Ludlow; 3 meters, National; quality of water hard; filtration charcoal; pressure, domestic 80, fire 84 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$2750. Pres of com, C. J. Ryan; supt, E. A. Brower; pres of village, Dr. J. W. Putnam; village clerk, E. D. Bourne.

Madrid, St. Lawrence Co., population *600; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 400 ft; value of building occupied \$300; bell alarm.

WATER SUPPLY—Source, river; tanks. Town clerk, J. E. Horsford.

Malone, Franklin Co., population *5000; fire area 750 acres; mercantile buildings, brick, 3 to 4 stories; private, wood, 1 to 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck; hose good 8600 ft, inferior 1800 ft; value of fire department equipment \$7000; value of 3 buildings occupied \$4500; total ann expenses of department \$400; total membership 104, volunteers; bell and whistle alarm. Chief engineer, M. G. Maguire.

WATER SUPPLY—Source, springs; system, gravity; 68 hydrants, Wood; pipe 80 miles, 1 to 14 in dia, Warren, Wood; 276 valves, Eddy; quality of water best; pressure, domestic 65 pounds; water-works owned by company. Pres of com, Chas. W. Breed; supt, Geo. Sabin; mayor, D. F. Mannix; town clerk, S. S. Willard.

Mamaroneck, Westchester Co., population 2500; buildings, brick and wood, 3 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; value of fire department equipment \$1500; total ann expenses of department \$300 (1888); total membership 46; bell alarm. Chief engineer, D. E. O'Neill.

WATER SUPPLY—Source, Mamaroneck River; system, pumping to reservoir; reservoir cap 1,000,000 gals; Worthington-Woodruff pumping engines, dy cap 50,000 gals; hydrants 18; pipe 15 miles, 6 in dia; 15 valves; 110 meters; Worthington; pressure, domestic 60 to 65 pounds; water-works owned by company; cost to construct \$65,000; ann expenses \$300. Pres of com, James M. Constable; supt, Louis Ottman; town clerk, Wm. H. Sicklis.

Manlius, Onondago Co., population 884; buildings, wood, 2 stories, wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 400 ft, leather good 200 ft; value of fire department equipment \$4200; value of building occupied \$1500; total ann expenses of department \$100; total membership 89, volunteers; triangle alarm; 1 engine company; 1 hook and ladder company; 1 hose company. Chief engineer, George Myers; chairman of fire and water com, Chas. Hibbard.

WATER SUPPLY—Source, springs; system, gravity; hydrants 4; pipe ¼ mile, 2¼ to 4 in dia; cost to construct \$500. Pres and supt, Chas. Hart; town clerk, F. H. Dewey.

Marathon, Cortland Co., population *1200; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine; 1 hose carriage; siamese couplings used; hose cotton, good 200 ft, rubber good 800 ft, inferior 188 ft; 1 building occupied; total ann expenses of department \$100; total membership 47, volunteers; bell alarm. Chief engineer, M. B. Aldrich.

WATER SUPPLY—Source, river, creek and cisterns; 1 reservoir; few hydrants. City clerk, H. E. Wilson.

Marcellus, Onondago Co., population 2378. Fire department—1 engine, 1 hose cart, 1 extension ladder; hose, good 1000 feet. Chief engineer, M. B. Van Vranken.

WATER SUPPLY—Source, cisterns. Village clerk, M. B. Van Vranken.

Maspeth, Queens Co., population 1000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine; 1 hook and ladder truck; 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$4500; value of buildings occupied \$1000; total ann expenses of company \$250; total membership 48, volunteers; 6 fire companies. Chief engineer, Oliver K. Perry.

WATER SUPPLY—Source, creek, ponds and wells. J. S. Fairbrother.

Massena, St. Lawrence Co., population 1000; buildings, brick, wood and stone, 1 and 2 stories. Fire department—2 hand engines, owned by village president; 1 hose carriage; bell alarm.

WATER SUPPLY—Source, river and well. W. H. Pad-dock.

Matteawan, Dutchess Co., population 5000; fire area 2148 acres; mercantile buildings, wood, 2½ stories; private, brick and wood, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 800 ft, inferior 100 ft, rubber good 100 ft, inferior 100 ft; value of fire department equipment \$2000; value of buildings occupied \$7000; expenses of department for 1899 \$4100; 50 volunteer members; bell alarm; 1 engine company. Chief engineer, S. H. Tillman; chairman of fire and water com, W. S. Watson.

WATER SUPPLY—Source and system not given. 8 reservoirs, cap 8,000,000 gals; hydrants 29; pipe 8 miles; pressure 110 pounds. Supt, Albert Brinkerhoff; city clerk, Sherwood Phillips.

Mechanicsville, Saratoga Co., population *4000; area 700 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage, siamese couplings used; hose good 1600 ft; value of fire department equipment \$4000; 76 volunteer members; bell alarm. Chief elected by members, H. S. Miller.

WATER SUPPLY—Source, river, canal and stream. Village clerk, W. J. Adams.

Medina, Orleans Co., population *5000. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages, 1 bucket wagon, 70 buckets; hose cotton, good 100 ft, rubber lined good 1500 ft; 158 volunteer members. Chief engineer, Fred C. Ryan.

WATER SUPPLY—Source, creek; system, direct pumping; hydrants 17; pipe 3 miles; a complete system of water-works will be constructed this year. Mayor, A. J. Hill; town clerk, Frank J. Kearney.

Mexico, Oswego Co., population 1278; fire area 700 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 supply cart; siamese couplings; hose cotton, good 1000 ft, leather good 600 ft; value of fire department equipment \$5500; value of building occupied \$850; 61 members; bell alarm. Chief engineer, A. J. Hallock.

WATER SUPPLY—Source, 8 cisterns and stream. Town clerk, J. Porter.

Middleburg, Schoharie Co., population *2000; buildings, wood and brick, 2 and 3 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carts; hose 1000 ft; value of fire department equipment \$5500; total ann expenses of department \$300; bell alarm. Chief engineer, G. L. Danforth.

WATER SUPPLY—Source, creek and river; 8 reservoirs. Village clerk, J. E. Young.

Middleport, Niagara Co., population 771; buildings, brick and wood, 2 stories. Fire department—1 horse-power engine, 2 Babcock fire extinguishers, 1 hook and ladder truck, fully equipped, 1 hose carriage, 1 hose car

NEW YORK—Continued.

hose good 1000 ft; no of fire companies 3. Chief engineer, James Compton.

WATER SUPPLY—Source, canals, creeks and ponds. Town clerk, C. W. Laskey.

Middletown, Orange Co., population 12,000; fire area 20 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 9 hose carriages; hose cotton, good 3000 ft, leather good 150 ft; value of fire department equipment \$3675; value of buildings occupied \$18,000; total ann expenses of department \$3000; 230 volunteer members; electric alarm; no of street boxes 17; 2 engine companies, 1 hook and ladder company, 8 hose companies. Chief engineer, E. M. Hamilton; chairman of fire and water com, Chas. E. Hill.

WATER SUPPLY—Source not given; system, gravity and pumping to reservoir; reservoir cap 300,000,000 gals; pumping engines dy cap 2,000,000 gals; 123 hydrants; Wood, Ayers; pipe 18 miles, 2 to 16 in dia. Wood, cement and iron; 124 valves; 16 meters; quality of water good, not filtered; pressure, 50 pounds; water-works owned by city; cost to construct \$75,162; ann expenses \$6178; int on bonds 2½ and 4 per cent. Pres of com, Isaac R. Clements; supt, Isaac F. Van Duzer; mayor, Samuel M. Boyd; city clerk, Frank Harding.

Mohawk, Herkimer Co., population 1800; fire area 4000 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; siamese couplings used; hose cotton, good 1600 ft, inferior 200 ft; value of buildings occupied \$5000; 90 volunteer members; bell alarm. Chief engineer, G. P. Peshect.

WATER SUPPLY—Source, well; system, pumping to 4 reservoirs. Town clerk, Eugene Plastridge.

Molra, Franklin Co., population 2254; buildings, brick and wood, 1½ stories. Fire department—1 hook and ladder truck; value of fire department equipment \$100; 40 volunteer members; bell alarm.

WATER SUPPLY—Source, cistern and wells. Village clerk, A. L. Sayles.

Montgomery, Orange Co., population 335; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hose carriage; hose linen, good 695 ft, leather good 150 ft; value of fire department equipment \$2300; 1 building owned by department; expenses for 1888 \$50; 63 volunteer members; bell alarm.

WATER SUPPLY—Source, river; 1 cistern, cap 400 barrels dy. W. H. N. Thomson; town clerk, J. N. Harris.

Monticello, Sullivan Co., population 1296; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; shingle and slate roofs. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 750 ft; value of fire department equipment \$3000; buildings occupied \$160 per year; value \$3000; 90 volunteer members; bell alarm. Chief engineer, S. W. Demorest.

WATER SUPPLY—Source, 9 cisterns. Corporation clerk, C. H. Royce.

Moravia, Cayuga Co., population 1800; buildings, brick and wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, siamese couplings in use; hose cotton, good 1600 ft; value of fire department equipment \$4000; value of building occupied \$3800; total ann expenses of department \$200; 80 volunteer members; bell alarm. Chief engineer, Chas. D. Shafr.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 150,000 gals; 100 taps, 80 hydrants, Bailey; pipe 5 miles, 4 to 10 in dia; 10 Eddy gates; pressure 85 pounds; cost to construct \$40,000; ann expenses \$400; int on bonds 6 per cent. Pres of com, S. H. Morgan; supt, Fred C. Reynolds; town clerk, F. A. Hawley.

Moriah, Essex Co., population 450; buildings, brick and wood. Fire department—1 hand engine; hose 200 ft; value of fire department equipment \$250; 25 volunteer members. Chief engineer, Joseph Wright.

WATER SUPPLY—Source, large well in centre of village.

Monnt Kisco, Westchester Co., population 1500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 1 hook and ladder truck, 1 hose carriage; hose linen, good 1000 ft; value of fire de-

partment equipment \$2100; 80 volunteer members. Chief elected by members, A. Gerlach.

WATER SUPPLY—Source, wells; cisterns, brooks and 2 hydrants. Village clerk, W. E. Osborne.

Mount Morri, Livingston Co., population 2800; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; tin roofs. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 2 hose carts; hose cotton, good 3000 ft, rubber good 150 ft, leather good 1500 ft, inferior 500 ft; value of fire department equipment \$3000; value of buildings occupied \$1500; total ann expenses of department \$250; 80 volunteer members; bell alarm; 4 fire companies. Chief engineer, Wm. Patton; Chairman of fire and water com, J. Gornar, P. C. Harding.

WATER SUPPLY—Source, springs; system, gravity; 25 hydrants, Matthews; pipe 5 miles, 4 to 10 in dia; 21 gates, Eddy, Ludlow; valves Eddy, Ludlow; 11 meters; pressure, 45 pounds; water-works owned by company; cost to construct \$60,000; ann expenses \$750. Pres of com, M. H. Mills; supt, Geo. C. Branch; town clerk, Jos. Britton.

Mount Vernon, Jefferson Co., population 12,000; mercantile buildings, brick and wood, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engines, 2 hand engines, 1 hook and ladder truck, 8 hose carriages, 1 fire patrol; hose cotton, good 3000 ft, inferior 2000 ft, rubber good 1500 ft; 300, all volunteers; 8 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Theo. Taylor; chairman of fire and water com, E. H. Fish.

WATER SUPPLY—Source, Hutchinson's Creek; system, pumping from reservoir to standpipe; Deane pumping engines, dy cap 2,000,000 gals; 100 hydrants, Ludlow; pipe 22 miles, 4 to 16 in dia, Warren; Ludlow valves; 60 Ludlow gates; pressure 45 pounds; water-works owned by company; cost to construct \$300,000. Pres of com, G. E. Taintor; Supt, E. A. Sheaff; town clerk, Jas. H. Jenkins.

Naples, Ontario Co., population 2200; area 700 acres; buildings, wood. Fire department—1 hand engine, 1 hook and ladder truck, 1 bucket cart with 100 buckets. Chief engineer, Chas. A. Sabin.

WATER SUPPLY—Source, wells. Village clerk, D. J. Doughty.

Newark, Wayne Co., population 4000; mercantile buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—2 hand engines, 1 chemical engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 600 ft, leather fair 300 ft, rubber fair 150 ft, linen good 400 ft, inferior 300 ft; 125 volunteer members; bell alarm. Chief engineer, M. J. Flynn.

WATER SUPPLY—Source, springs; system, pumping to standpipe from reservoir; reservoir cap 1,250,000 gals; 2 Worthington pumps, dy cap 2,000,000 gals; 97 hydrants, Ludlow; pipe 9½ miles, 4 to 14 in dia; 30 taps; 65 valves. Ludlow; 10 meters, National; quality of water good; pressure 70, fire 120 pounds; water-works owned by company; cost to construct \$120,000; int on bonds 6 per cent. Pres of com, J. F. Moffett; supt, F. W. Kellogg; clerk, I. W. Colburn.

New Berlin, Chenango Co., population 1100; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 500 ft, rubber good 300 ft, inferior 100 ft, leather good 100 ft; value of fire department equipment \$1500; value of buildings occupied \$300; total ann expenses of department \$75; 80 volunteer members; bell alarm; one engine company, 1 hose company. Chief engineer, M. H. Fish.

WATER SUPPLY—Source, springs and brooks; system, gravity; reservoir cap 14,000,000 gals; 28 hydrants, Ludlow; pipe 4 miles, 4 to 10 in dia; 125 taps; Ludlow valves; pressure 115 pounds; cost to construct \$30,000; ann expenses \$50; int on bonds 4 per cent. Supt, G. G. Beers; pres of village, G. G. Beers; village clerk, Frank Holmes.

New Brighton, Richmond Co., population 15,000, covering West New Brighton, Port Richmond and Elm Park; buildings, brick and wood, 2 and 3 stories, wooden roofs permitted. Fire department—3 steam fire engines, 1 hand engine, 1 chemical engine, 6 hook and ladder trucks, 5 hose carriages; hose cotton, good 700 ft, rubber good 4200 ft; value of fire department equipment \$12,000; total ann expenses of department \$2500; 700 volunteer members; bell alarm. Chief engineer, W. James.

WATER SUPPLY—Source, 40 driven wells; system, pumping to reservoir; reservoir cap 750,000 gals; Knowles pumping engines, dy cap 8,000,000 gals; 253 hydrants; pipe 80 miles, 4 to 20 in dia, Donaldson; 180 valves, Jones; 26 meters, National; pressure 85 pounds; water-works

owned by company; cost to construct \$175,000; ann expenses \$30,000; int on bonds 6 per cent. Pres of com, Horace Brightman; Supt, J. Seymour Warde; town clerk, John J. Kenney.

Newburgh, Orange Co., population 28,000. Fire department—8 steam fire engines, 1 hook and ladder truck, 5 hose carriages; hose fabric, good 6500 ft, rubber good 2500 ft; total membership 457, paid part time 7, volunteers 450; Gamewell alarm; 30 street boxes, 9 indicators, 9 tappers. Chief engineer, Jas Cunningham.

WATER SUPPLY—Source, Washington Lake and Silver Creek; system, gravity, pumping to reservoir; reservoir cap 2,000,000 gals; Worthington pumping engines, dy cap 360 gals; 266 hydrants, Ayers; pipe 32 miles, 4 to 24 in dia, Wood; 260 valves, Eddy; 4 meters, Worthington; water-works owned by town, cost to construct \$524,107; ann expenses \$15,000; int on bonds 8½ to 7 per cent. Pres, J. M. Crane; supt, Wm. C. Miller; mayor, Richard Doyle; town clerk, Dan. J. Contant.

New Lebanon, Columbia Co., population 500; fire area 1½ miles square; mercantile buildings, wood and brick, 2 to 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 30 chemical extinguishers, 2 hose carriages; value of fire department equipment \$350; value of building occupied \$100; 35 volunteer members; bell alarm. Chief engineer, J. H. Cox; chairman of fire and water com, Col. S. J. Tilden, Jr.

WATER SUPPLY—Not described; have water towers and tanks.

New Lots, Kings Co., part of Brooklyn.

New Palts, Ulster Co., buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—hook and ladder company lately organized. Chief engineer, Geo. Griffith.

WATER SUPPLY—Source, wells and cisterns. Village clerk, John Schmid.

New Rochelle, Westchester Co., population 8500; fire area 3000 acres; mercantile buildings, brick, 3 stories; private, wood, 2½ stories. Fire department—3 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, all kinds; fire patrol; hose cotton, good 2200 ft, inferior 400 ft; value of fire department equipment \$10,000; value of buildings occupied \$7000; total ann expenses of department \$1500; 128 volunteer members; bell alarm; 4 fire companies. Chief engineer, Jas. Rose; chairman of fire and water com, J. S. Nicholas.

WATER SUPPLY—Source, Hutchinson River; system, gravity; reservoir cap 180,000,000 gals; 72 hydrants, Galvin; pipe 25 miles, 4 to 12 in dia, McNeal; 117 valves, Ludlow; 400 meters, National; quality of water good; pressure, domestic 35, fire 40 pounds; works owned by company. Pres of com, Adrian Iselin; supt, F. H. Davis; pres of village, Lawrence D. Huntingdon; village clerk, M. J. Dillon.

Newark Valley, Tioga Co., population 800; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine, 1 hook and ladder truck, 1 supply wagon; hose rubber, good 100 ft; value of fire department equipment \$1000; 100 volunteer members; whistle and gong alarm; 8 fire companies. Chief engineer, O. S. Randall; president of fire and water com, D. C. Rand.

Newport, Herkimer Co., population 900; mercantile buildings, wood and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted; prohibitory firework ordinance. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 600 ft, linen good 200 ft; value of fire department equipment \$2500; value of buildings occupied \$1000; total membership 85, volunteers; bell alarm. Chief engineer, W. A. Ingham.

WATER SUPPLY—Source, springs; system, gravity; 7 reservoirs; 1 hydrant.

Newtown, Queens Co., population 17,000; fire area 25 square miles; buildings, private, wood, 3 stories. Fire department—1 steam fire engine, 2 hand engines, 1 chemical extinguisher, 4 hook and ladder trucks, 8 hose carriages; hose linen, good 200 ft, rubber good 1100 ft, leather good 250 ft; total membership 130, volunteers; bell alarm; 2 engine companies, 8 hook and ladder companies. Chief engineer, Oliver H. Perry; pres board of trustees, Henry Skelton.

WATER SUPPLY—Source, well, cisterns, ponds and streams. Town clerk, Wm. O'Gorman.

New York, New York Co., population *1,750,000; fire area 26,500 acres; mercantile buildings, brick, stone and iron, 6 to 12 stories; private, brick, 8 to 12 stories; fire-proof roofs required; firework ordinance; causes of fire investigated by fire marshal. Fire department—63 steam

fire engines, 27 hook and ladder trucks, 68 hose tenders, 2 large supply tenders; 3 fireboats, 8 water towers, 2 hose wagons, 1 wrecking truck, 16 fuel wagons; siamese couplings used; hose cotton, rubber lined, good 96,400 ft, rubber good 112,700 ft; 363 horses, value \$90,760; 82 buildings occupied; total ann expenses of department \$2,000,000; total membership 1026, paid full time; fire patrol incorporated and maintained by insurance companies, 125 men; 4 stations; ann expenses \$100,000, Abram C. Hull, supt. Pearce & Jones alarm; 800 street boxes, in buildings 420; the expenses of the Bureau of Inspection of buildings, a branch of the fire department, were \$108,419 in 1899. Chief engineer, Hugh Bonner; new steel hull floating engine nearly completed.

WATER SUPPLY—Source, Croton and Bronx Rivers; system, gravity, pumping to reservoir and standpipe; impounding reservoir, cap 17,441,000,000 gals; distributing reservoir, cap 1,624,784,000 gals; Worthington pumping engines, dy cap 25,000,000 gals; 8500 hydrants, Ayers; pipe 600 miles, 4 to 48 in dia, various; 6800 valves; 30,000 meters, Worthington, Crown, Thompson; quality of water good; pressure, domestic 10, fire 20 pounds; water-works owned by city; cost to construct \$40,000,000; ann expenses \$1,000,000. Commissioner of public works, Thos. H. Gilroy; Supt, G. W. Birdsall; mayor, Hugh Grant.

New York Mills, Oneida Co., population 902. Fire department—2 hand engines, 2 hose carriages, all kinds; hose leather and linen, good 17,070 ft.

WATER SUPPLY (Private)—System, direct pumping; 28 hydrants.

Niagara Falls, Niagara Co., population *6000. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; fabric hose, rubber lined, 1800 ft; leather good 1600 ft; total membership 189, volunteers. Chief engineer, John Pfetsch.

WATER SUPPLY—Source, Niagara River; system, direct pumping; Holly, Gaskill pumping engines, dy cap 6,500,000 gals (owned by Suspension Bridge W. W. Co.); 84 hydrants, Holly; pipe 8½ miles, 8 to 16 in dia, Gunther; 24 valves, Ludlow; quality of water good; pressure, domestic 60, fire 125 pounds; water-works owned by company; cost to construct pipe line \$50,000; ann expenses \$17,000; int on bonds 4 to 7 per cent. Pres of com, Jacob Bingenheimer, sr.; supt, Henry A. Keller; mayor, Thos. Gaskin; city clerk, James Murphy.

Northfield, Richmond Co., population *9000. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 2100 ft; total membership 300, volunteers.

WATER SUPPLY—Source, river and wells.

North Tarrytown, Westchester Co., population 2684; buildings, brick and wood, 8 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; fire patrol; hose cotton, good 1000 ft; value of fire department equipment \$2300; total membership 116, volunteers; assistance received from Tarrytown department. Chief engineer, Samuel Glenn.

WATER SUPPLY—Source, Pocantico River; system, pumping to distributing reservoir and direct; reservoir cap 180,000,000 gals; Deane, Gordon & Maxwell and water-power pumping engines, dy cap 5,000,000 gals; 87 double hydrants, pipe 21 miles; pressure 150 pounds; water-works owned by company. Pres of com, E. A. Stoddard; town clerk, J. Benedict See.

Norwich, Chenango Co., population 6000; mercantile buildings, brick, 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck; 8 hose carriages; siamese couplings used; hose hemp, good 1200 ft, rubber inferior 900 ft; value of fire department equipment \$7000; rent of buildings occupied \$440; total ann expenses of department \$500; total membership 125, paid 2. Chief engineer, H. C. Rydell.

WATER SUPPLY—Source, Hopkin's Brooks; system, gravity; reservoir cap 80,000,000 gals; 27 hydrants; pipe 9½ miles, 4 to 16 in dia; filtration drain tile; pressure 73 pounds; water-works owned by company; cost to construct \$100,000; ann expenses \$740. Pres of com, John Michell; supt, John Stuart; city clerk, F. H. Wheeler.

Nunda, Livingston Co., population 1100. Fire department—2 hand engines, 2 hose carriages; hose cotton, rubber lined, good 800 ft, leather 700 ft; total membership 75, volunteers. Chief engineer, H. Peck.

WATER SUPPLY—Source, springs; system, gravity and pumping reserve to reservoir; 25 hydrants; pipe 6½ miles, 4 to 10 in dia, Wyckoff; 10 valves, Galvin; pressure 75 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$1000. Pres, Miles Ayrant; supt, H. Willard; town clerk, C. D. Whitenack.

Nyack, Rockland Co., population 7000; mercantile buildings, brick, 2 and 3 stories; private, wood and brick,

NEW YORK—Continued.

2 stories; wooden roofs permitted. Fire department (includes also Upper, South and West Nyack)—3 steam fire engines, 1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, 2 jumpers; hose cotton, good 8500 ft; leather good 800 ft; value of buildings occupied \$7000; total ann expenses of department \$3000; total membership 300, volunteers 379; bell alarm; 4 engine companies, 2 hook and ladder companies, 1 hose company. Chief engineer, August J. Gross.

WATER SUPPLY—Source, springs and Hackensack River; system, gravity, pumping to reservoir; 5 reservoirs, cap 5,000,000 gals; Blake pumping engines, dy cap 800,000 gals; 68 hydrants, Wood; pipe 18 miles, 8 to 12 in dia, Gloucester, Wood; 40 valves, Wood, Ludlow, McLean; quality of water good; pressure, 60 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$4000. Pres. of com, A. M. Voorhis; supt, Wm. L. Voorhis; mayor, Wm. De Groat; town clerk, Edward H. Cole.

Oceanus (Rockaway Beach), Queens Co.; buildings, wood, 2 and 3 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 2100 ft, rubber lined, good 1750 ft; total membership 127; bell alarm. Chief engineer, John A. Bond.

WATER SUPPLY—Source, ocean; system, pumping to standpipes; hydrants; pipe 4 miles; pressure 55 pounds. Supt, Chas. Lockwood; town clerk, Jas. B. Curley.

Ogdensburg, St. Lawrence Co., population 18,000; fire area 50 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 4 hose sleighs; hose cotton, rubber lined, good 4500 ft; 3 horses, not owned by dept; value of fire department equipment \$15,000; value of buildings occupied \$12,000; total ann expenses of department \$275; total membership 43, paid part time; telegraph and electric bells alarm; 16 street boxes; 4 fire companies. Chief engineer, Lyman D. Burt; chairman fire and water com, Edward Merry.

WATER SUPPLY—Source, Oswegatchie River; system, direct pumping; Lang pumping engines, dy cap 500,000,000 gals; 97 hydrants, Wood; pipe 17 miles, 4 to 12 in dia, Wood, Patent; 104 valves, Ludlow and others; quality of water soft; pressure, domestic 45, fire 75 pounds; water-works owned by city; cost to construct \$150,000; ann expenses \$3500; int on bonds 3½ and 7 per cent. Chairman of com, W. M. Baird; supt, A. H. Lord; mayor, Edgar A. Newell; city clerk, Geo. Van Kermion.

Olean, Cattaraugus Co., population 11,000; mercantile buildings, wood and brick, 2 to 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 Silaby steam fire engine, 1 hook and ladder truck, 9 hose carriages, 1 fire police wagon, equipped; hose cotton, rubber good 4700 ft, inferior 1600 ft, linen good 350 ft; value of fire department equipment \$3000; value of buildings occupied \$4500; total ann expenses of department \$3250; total membership 240, volunteers; Gamewell alarm; 10 street boxes, 1 fire police company, 1 hook and ladder company, 5 hose companies. Chief engineer, C. P. Luther.

WATER SUPPLY—Source, dug and driven wells; system, pumping to reservoir; reservoir cap 2,500,000 gals; Holly, Worthington pumping engines, dy cap 3,000,000 gals; 63 hydrants, Ludlow; pipe 11½ miles, 4 to 12 in dia, Wood; valves, Ludlow; 8 meters, Crown; quality of water good; pressure 80 to 90 pounds; water-works owned by city; cost to construct \$75,000; ann expenses \$9987; int on bonds 4 and 4½ per cent. Pres, James F. Johnson; supt, John Z. Le Fevre; mayor, C. S. Stowell; city clerk, Fred. L. Eaton.

Oneida, Madison Co., population *7000; fire area 50 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; value of buildings occupied \$15,000; total ann expenses of department \$2500; total membership 123, paid 1; electric alarm. Chief engineer, Seth M. Hill.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 22,350,000 gals; 73 hydrants, Mathews; pipe 10 miles; Ludlow valves; pressure 80 pounds; water-works owned by company; cost to construct \$142,000. Pres and supt, J. W. Warner; mayor, E. C. Stark.

Oneonta, Otsego Co., population 6700; mercantile buildings, brick and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages;

hose cotton, good 3000 ft; value of fire department equipment \$6000; total membership 165, volunteers, 2 paid; bell alarm. Chief engineer, L. H. Groat.

WATER SUPPLY—Source, Oneonta Creek and Wilber Lake; system, gravity; reservoir cap 500,000,000 gals; 71 hydrants, Wood; pipe 15 miles, 4 to 20 in dia, Warren; Ludlow valves; 7 meters, Union; quality of water best; filtration charcoal and gravel; pressure 65 to 75 pounds; water-works owned by company; cost to construct \$300,000. Pres of com, Munro Westcott; supt, T. A. Norton; mayor, T. W. Stevens; town clerk, B. W. Hoyer.

Oswego, Oswego Co., population *25,000; fire area 3800 acres; mercantile buildings, brick, 4 stories; private, wood, 2 stories; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages; 1 hose wagon; siamese couplings used; hose cotton, good 6000 ft, inferior 1800 ft; 9 horses owned, 15 in use; value of 4 buildings occupied \$30,000; total ann expenses of department \$17,000; total membership 43; paid full time 12, paid part time 30; telegraph alarm; 36 street boxes. Chief engineer, Geo. W. Warsaw.

WATER SUPPLY—Source, Oswego River; system, pumping to reservoirs; 2 reservoirs, cap 15,000,000 gals; Kingsford water-power pump, dy cap 4,000,000 gals; 185 hydrants; pipe 28 miles, 8 to 12 in dia; Ludlow valves; 12 meters; filtration, sand and gravel; pressure, domestic 30 to 70, fire 50 to 75 pounds; water-works owned by company; cost to construct \$300,000; ann expenses \$16,500; int on bonds 5 to 7 per cent. Pres, T. S. Mott; supt, H. H. Lyman; city clerk, J. H. Mackin.

Oswego Falls, Oswego Co., population 2000; fire area 720 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$1500; total ann expenses of department \$350; total membership 50, volunteers; bell alarm; 2 hose companies. Chief, E. M. Baker.

WATER SUPPLY—Source, works at Fulton; 20 hydrants; 2½ miles pipe; Eddy valves; 1 meter; pressure 55 pounds. Supt, Geo. Chauncey; pres of village, Joshua Rigley; town clerk, G. F. Schenck.

Ovid, Seneca Co., population 850; fire area 240 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine (2½ miles distant, subject to telephone call), 1 hand engine, 1 hose carriage; hose cotton, good 1050 ft, rubber good 100 ft; total membership 35, volunteers. Chief engineer, A. S. Darrow.

WATER SUPPLY—Source, creek; 6 cisterns; reservoir. Village clerk, B. V. Covert.

Owego, Tioga Co., population 6000; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 4 hose carriages, 1 protective wagon; hose cotton, good 2505 ft, inferior 800 ft, leather inferior 800 ft; value of fire department equipment \$10,000; value of buildings occupied \$16,000; total ann expenses of department \$1000; total membership 300, volunteers; bell and telephone alarm; 1 engine company, 1 protective company, 1 hook and ladder company, 3 hose companies. Chief engineer, Otis S. Beach; chairman of fire and water com, Orin T. Gorman.

WATER SUPPLY—Source, Barnes Creek; system, gravity, with auxiliary pumping; reservoir cap 75,000,000 gals; Deane pumping engines, dy cap 500,000 gals; 57 hydrants, Matthews, Ludlow; pipe 11 miles, 6 to 12 in dia, 41 valves, Chapman, Ludlow; 22 meters, National Union, Worthington; quality of water fine, soft; Hyatt filter; pressure 100 pounds; water-works owned by company; cost to construct \$135,000; int on bonds 6 per cent. Pres of com, S. L. Wiley; supt, Geo. Y. Robertson; mayor, John G. Sears; city clerk, James Rogers.

Oxford, Chenango Co., population 1400; fire area 1129 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, good 3000 ft, inferior 800 ft; value of fire department equipment \$7500; value of building occupied \$3000; total membership 120, volunteer; bell alarm. Chief engineer, John R. Glover.

WATER SUPPLY—Source, stream; system, gravity and pumping for fire protection; Holly pump; 7 hydrants; pipe ½ mile, 4 in dia. Pres of com, Chas. M. Dodge; village clerk, L. A. Knott.

Oyster Bay, Queens Co., population *1800; buildings, brick and wood, 2 to 3 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and

ladder truck; value of fire department equipment \$800; total membership 45, volunteers; bell alarm. Chief engineer, T. H. McCormack.

WATER SUPPLY—Source, stream and wells. Village clerk, A. M. Knapp.

Palmyra, Wayne Co., population 2808; mercantile buildings, brick, 8 stories; private, wood, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, 800 ft, linen good 650 ft, leather inferior 800 ft; value of building occupied \$5000; total ann expenses of department \$800; total membership 100, volunteers; bell alarm. Chief engineer, G. C. Williams.

WATER SUPPLY—Source, caisson well; system, pumping to standpipe; standpipe cap 175,000 gals; Buffalo pumping engines, dy cap 1,000,000 gals; 40 hydrants, Ludlow; pipe 4½ miles, 4 to 10 in dia, Jackson & W. valves Ludlow; 20 meters; quality of water pure and soft; pressure, domestic 75, fire 75 to 100 pounds; water-works owned by company; cost to construct \$80,000; int on bonds 6 per cent. Pres of com, C. M. Harrington; Supt, R. A. Vanderboget; mayor, Albert Rogers.

Patchogue, Suffolk Co., population 6000; fire area 1440 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, inferior 200 ft, rubber good 350 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$350; total membership 100, volunteers; bell alarm; 2 fire companies. Chief engineer, Edwin Bailey.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; Holly pumping engines, dy cap, 1,500,000 gals; 24 hydrants, Holly; pipe 5 miles, Warren; valves, Holly; pressure 40 to 100 pounds; water-works owned by company; cost to construct \$100,000; int on bonds 6 per cent. Pres of com, John Lockwood; supt, W. M. Bolton.

Peekskill, Westchester Co., population 7009; mercantile buildings, brick, 8 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose cotton, 1700 ft, leather good 1800 ft; value of fire department equipment \$10,000; value of 2 buildings occupied \$25,000; total ann expenses of department \$3000; total membership 220, volunteers; bell and whistle alarm. Chief engineer, I. Yocom.

WATER SUPPLY—Source, Van Cortlandt Creek; system, gravity, pumping to reservoir; reservoir cap 85,565,779 gals; Vergennes pumping engines, dy cap 1,584,000 gals; 91 hydrants, Wood; pipe 10½ miles, 4 to 12 in dia, Warren; valves, Eddy & Ludlow; 60 meters, Crown; quality of water good; pressure 80 to 100 pounds; water-works owned by city; cost to construct \$150,000; ann expenses \$3655; int on bonds 7 per cent. Pres of com, Jas. T. Sutton; supt, Orrin J. Loder; mayor, Stephen D. Horton; town clerk, Edward G. Halsey.

Pensfield, Monroe Co., population *800. Fire department—1 hand engine, 1 hose carriage; hose 815 ft; total membership 50, volunteers. Chief engineer, J. W. Jones.

WATER SUPPLY—Not described; 2 reservoirs.

Penn Yan, Yates Co., population 4500; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 8000 ft; total ann expenses of department \$500; total membership 123, paid part time 3, volunteers 120; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, J. S. Parker; chairman of fire and water com, Edson Potter.

WATER SUPPLY—Source, outlet of Lake Kenka; system, direct pumping; water-power pumps, dy cap 150,000 gals; 16 hydrants, Commercial; pipe ½ mile; valves Commercial; pressure 60 pounds; pipe and hydrants owned by village; cost to construct \$1500. Supt, W. Saunders; village clerk, W. D. Dwelle.

Perry, Wyoming Co., population 2000; fire area 600 acres; mercantile buildings, brick, 2 to 3 stories; private, wood, 2 to 3½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft, rubber good 800 ft; value of fire department equipment \$1800; value of buildings occupied \$1500; total ann expenses of department \$600; total membership 80, volunteers; bell alarm; 2 engine companies, 1 hook and ladder company, 1 hose com-

pany. Chief engineer, G. R. Traver; chairman of fire and water com, A. H. Lowery.

WATER SUPPLY—Source, creek. Town clerk, H. A. Cole.

Phelps, Ontario Co., population 1260; buildings, wood and brick, 2 and 3 stories; State fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose fair, 800 ft. Chief engineer, Fred. Baker.

WATER SUPPLY—Source, springs; system, gravity; 1 force pump; pipe 8½ miles, 4 to 6 in dia, Jackson & W.; 10 meters; quality of water pure and soft; pressure 60 pounds; water-works owned by company; cost to construct \$20,000. Pres of com, C. M. Harrington; supt, W. D. Norton; mayor, S. Bowker.

Phoenix, Oswego Co., population *2800; fire area 600 acres; mercantile buildings, brick, 8 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 hose carriages; siamese couplings used; hose cotton, good 1000 ft, rubber inferior 300 ft, linen 200 ft; value of fire department equipment \$1000; total membership 47, volunteers; bell alarm. Chief engineer, Geo. Heselton.

WATER SUPPLY—Source, Oswego River; system, pumping to standpipe and direct; Volker & Felthousen pumping engines, dy cap 2,000,000 gals; 33 hydrants, Ludlow; pipe 6 miles, 2 to 4 in dia; 50 valves, Ludlow; pressure, domestic 75, fire 120 pounds; water-works owned by company; cost to construct \$25,000; ann expenses \$3000; int on bonds 6 per cent. Pres, F. K. Avery; supt, Van R. Sweet; village clerk, Chas. Harrison.

Plattsburgh, Clinton Co., population 9000; fire area 2400 acres; mercantile buildings, brick, 8 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hook and ladder trucks, 7 hose carriages; hose cotton, rubber lined, good 2150 ft, inferior 500 ft, rubber good 400 ft, leather inferior 500 ft; value of fire department equipment \$10,000; total membership 800, volunteers; Gamewell alarm; 11 street boxes. Chief engineer, Ross W. Nichols; chairman of fire and water com, John H. Myers.

WATER SUPPLY—Source, 2 spring brooks; system, gravity; 2 reservoirs, cap 3,500,000 gals; 65 hydrants, Holly; pipe 28 miles, up to 12 in dia, Swift, McNeal; 65 valves, Ludlow; quality of water excellent; pressure, domestic 45 to 60, fire 65 to 90 pounds; water-works owned by village; cost to construct \$300,000; ann expenses \$2500. Pres of com, W. P. Movers; supt, Andrew Williams; mayor, Smith M. Weed; town clerk, Andrew Borde.

Port Byron, Cayuga Co., population *1800. Fire department—1 hook and ladder truck, 8 hose carriages; hose linen, good 1500 ft, inferior 300 ft; total membership 85, volunteer. Chief engineer, E. Homel.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 200,000 gals; Runsey pumping engines, dy cap 150,000 gals; 28 hydrants; pipe 3 miles, Camden; pressure 65 pounds; water-works owned by village; cost to construct \$12,000. Pres of com, John Holing; village clerk, S. Roney.

Port Chester, Westchester Co., population *6300. Fire department—2 hand engines, 1 hook and ladder truck, 8 hose carriages; fire patrol; hose cotton, good 600 ft, rubber good 2400 ft, leather good 1800 ft; total membership 220, volunteers. Chief engineer, W. E. Lowden.

WATER SUPPLY—Source, river, cisterns (also Greenwich, Conn., water-works); system, gravity; 60 hydrants, Mathews; pipe 20 miles; Chapman, Ludlow valves; 14 meters; filtered pure; pressure 118 pounds; water-works owned by company. Pres of com, J. W. Lowesburgh; supt, John Dayton, Greenwich, Conn.; village clerk, J. H. Gilbert.

Port Henry, Essex Co., population *2580. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1450 ft, rubber inferior 950 ft; total membership 100, volunteers. Chief engineer, F. E. Tromblee.

WATER SUPPLY—2 hydrants. Supt, F. S. Witherbee.

Port Jefferson, Suffolk Co., population 2000; fire area 800 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 1 hose wagon; pump, pails, rope chairs, hooks; hose cotton, good 200 ft; horses hired; value of fire department equipment \$800; value of buildings occupied \$1000; total ann expenses of department \$200; total membership 50, volunteers; bell alarm. Foreman, W. P. Lake.

WATER SUPPLY—Source, spring, cistern and harbor.

Port Jervis, Orange Co., population *10,000; mer-

NEW YORK—Continued.

cantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 5 hose carriages; hose leather, good 2500 ft; value of fire department equipment \$8000; value of buildings occupied \$12,000; total ann expenses of department \$500; total membership 350, volunteers; steam whistle alarm.

WATER SUPPLY—Source, brook and springs; system, gravity; 2 reservoirs, cap 275,000,000 gals; 140 hydrants, Mathews; pipe 5 8-10 miles, 4 to 15 in dia; pressure, domestic 68, fire 75 pounds; water-works owned by company; ann expenses \$2500; int on bonds 5 per cent. Pres, Peter E. Farnum; supt, E. H. Ellis.

Port Leyden, Lewis Co., population *1100; buildings, brick and wood, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose linen, good 400 ft, leather inferior 800 ft; total membership 19, volunteers; bell alarm. Chief engineer, S. Hutt.

WATER SUPPLY—Source, river and canal. village clerk, I. A. Warmuth.

Port Richmond, Richmond Co. (See New Brighton).

Port Washington, Queens Co., population 1200; fire area 5 miles; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; total membership 47, volunteers. Chief, Chas. E. Strickland.

WATER SUPPLY—Source, river, ponds and cisterns. Town clerk, Samuel Hooper.

Potsdam, St. Lawrence Co., population 4000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose linen, good 2000 ft, leather good 300 ft; total membership 85, volunteers. Chief engineer, M. Hughes.

WATER SUPPLY—Source, Racket River; system, direct pumping; Lang & Goodhue pumping engines, dy cap 1,500,000 gals; 44 hydrants, Mathews; pipe 6½ miles, 4 to 8 in dia; 25 valves, Ludlow; quality of water soft; pressure, domestic 65, fire 100 pounds; water-works owned by village; cost to construct \$47,000; ann expenses \$1000; int on bonds 7 per cent. Pres of com, Geo. Lewis; supt, W. F. Sealy; pres of trustees, A. X. Parker; village clerk, S. C. Crane.

Poughkeepsie, Dutchess Co., population 20,307; fire area 3560 acres; mercantile buildings, brick, 3 stories; private, brick, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 7 hose carriages; siamese couplings used; hose leather good, 5000 ft, inferior 2000 ft; value of fire department equipment \$30,000; value of 8 buildings occupied \$24,000; total ann expenses of department \$3416; total membership 810, paid full time 8, paid part time 6; bell alarm.

WATER SUPPLY—Source, Hudson River; system, pumping to reservoir through settling basin; reservoir cap 12,000,000 gals; 2 Worthington pumping engines, dy cap 8,000,000 gals; 316 hydrants; pipe 15 2-5 miles, 6 to 16 in dia; 530 meters, Crown, Worthington; filtration, sand, gravel and stone; pressure 40 to 120 pounds; water-works owned by city; cost to construct \$683,655; ann expenses \$18,000; int on bonds 7 per cent. Supt, Chas. E. Fowler.

Prattville, Greene Co., population 400; mercantile buildings, wood, 2 stories; private, wood, 1 to 2 stories; wooden roofs permitted (a few iron roofs). Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 600 ft; total membership 17, volunteers. Chief, J. W. Mix.

WATER SUPPLY—Source not given; system, gravity; 1 reservoir; hydrants Ludlow; pipe 1 mile, 6 in dia, Norwalk; valves Ludlow; water-works owned by company. Pres, Francis Leonard, Norwalk, Conn.; supt, Martin Chamberlain.

Pulaski, Oswego Co., population 2000; fire area 30 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose linen, rubber lined, 1150 ft, leather good 400 ft; value of fire department equipment \$5000; value of buildings occupied \$4000; total ann expenses of department \$500; total membership 30, volunteers; bell alarm; electric connection between engine and pump houses. Chief engineer, M. I. Lane; chairman of fire and water com, D. C. Dodge.

WATER SUPPLY—Source, spring, brook; system, direct pumping; 1 reservoir; Holly pumping engines; 38 hydrants; pipe 48 miles, 4 to 8 in dia; pressure, domestic 30, fire 30 pounds; water-works owned by village; cost to

construct \$22,200; int on bonds 4 per cent. Pres and supt, F. S. Low; village clerk, B. E. Parkhurst.

Ramapo, Rockland Co., population *500. Fire department—1 hand engine, 6 chemical extinguishers, 1 steam pump. Chief engineer, G. B. Pierson.

WATER SUPPLY—Not described; 1 reservoir.

Randolph, Cattaraugus Co., population 1111. Fire department—4 chemical extinguishers, 2 hose carriages, 1 hose jumper, 1 hook and ladder outfit; hose 1700 ft; 75 members. Chief engineer, Chas. C. Sheldon.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 500,000 gals; 17 hydrants, Ludlow; pipe 4½ miles, 4 to 8 in dia; Ludlow valves; 1 meter; pressure 67 pounds; cost to construct \$30,000; int on bonds 4 per cent. Supt, G. E. Seager; village clerk, L. D. Van Rensselaer.

Rensselaerville, Albany Co., population 300; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; shingle roofs permitted. No organized fire department; ladders and pails; value of fire department equipment \$50.

WATER SUPPLY—Source, wells and springs.

Rhinebeck, Dutchess Co., population 1600. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose linen, good 1050 ft, rubber good 100 ft, inferior 500 ft, leather good 400 ft, value of fire department equipment \$7500; value of buildings occupied \$5500; total ann expenses of department \$780; total membership 103, 2 paid part time; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, Augustus M. Quick.

WATER SUPPLY—Source, 20 cisterns. Town clerk, Jacob H. Potterburgh.

Richfield Springs, Otsego Co., population *1700. Fire department—15 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose linen, good 1500 ft; 100 volunteer members. Chief engineer, M. A. McKie.

WATER SUPPLY—Source, Allen's Lake; system, pumping to reservoir; reservoir cap 9,000,000 gals; Worthen's pumping engines, dy cap 1,000,000 gals; 85 hydrants; pipe 5 miles; 200 taps; pressure 85 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$1000; int on bonds 5 and 6 per cent. Supt, S. F. Cole; village clerk, J. D. Reed.

Riverhead, Suffolk Co., population 1900; fire area ¾ x 1½ miles; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton rubber lined, good 1000 ft, inferior 300 ft, linen inferior 100 ft, leather inferior 40 ft; value of fire department equipment \$5000; value of buildings occupied \$3300; total ann expenses of department \$400; 100 volunteer members; bell alarm; 4 fire companies. Chief engineer, O. A. Terry; chairman of fire and water com, T. M. Guffing.

WATER SUPPLY—Source, river (reaching all business parts of village), 3 cisterns 30,000 gals capacity, 13 fire wells. Town clerk, John Bagshaw.

Rochester, Monroe Co., population *125,000; fire area 10,000 acres; mercantile buildings, stone and brick, 3 to 11 stories; private, wood and brick, 2 to 3 stories; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 2 chemical engines, 6 chemical extinguishers, 8 hook and ladder trucks, 5 hose carriages, 4 hose wagons; siamese couplings used; hose linen, good 20,000 ft, inferior 3000 ft; 61 horses; value of fire department equipment \$96,000; value of buildings occupied \$170,000; total ann expenses of department \$150,000; total membership 187, paid full time 98; telegraph alarm; 116 street boxes. Chief, elected by executive board, S. Bemish.

WATER SUPPLY—Source, lakes and Genesee River; system, gravity and direct pumping; reservoir cap 50,540,000 gals; Holly pumping engines, dy cap 7,000,000 gals; 1650 hydrants; pipe 211 miles, 4 to 24 dia; 2260 Ludlow gates; valves Ludlow; 17,000 taps; 8000 meters, National; pressure, domestic 35 to 85, fire 112 pounds; water-works owned by city; cost to construct \$3,350,123; ann expenses \$30,000; int on bonds 7 per cent. Chairman of com, Geo. W. Aldridge; supt, J. Nelson Tubbs; mayor, William Carroll; city clerk, P. Sheridan.

Rockville Centre, Queens Co., population 1882; fire area 1500 acres; buildings, wood. Fire department—1 hook and ladder truck; value of fire department equipment \$1000; value of building occupied \$900; 40 volunteer members; bell alarm. Chief engineer, L. J. Sammond.

WATER SUPPLY—Source, wells.

Rome, Oneida Co., population 14,000; mercantile buildings, brick and iron, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose cart, 2 hose wagons; 1 four-wheeled supply cart; hose cotton, inferior 250 ft, rubber inferior 100 ft, leather inferior 200 ft, linen good 4850 ft; 7 horses, value \$1600; value of buildings occupied \$12,000; total ann expenses of department \$5000; total membership 80, paid full time 10, volunteers 80; telegraph alarm; 27 street boxes; 1 hook and ladder company; 8 hose companies. Chief engineer, Jay Bates; chairman of fire and water com, T. J. Nock.

WATER SUPPLY—Source, Mohawk River; system, pumping to reservoir and direct; reservoir cap 10,000,000 gals; Long pumping engines, dy cap 5,000,000 gals; 160 hydrants, Ludlow; pipe 20 miles, 6 to 14 in dia, Miller & Sons; Ludlow valves; quality of water good; pressure, domestic 28, fire 60 pounds; water-works owned by city; cost to construct \$160,000; ann operating expenses \$3000, int on bonds 7 per cent. Pres of com, Jas. Stevens; supt, Theo. S. Comstock; mayor, Jas. Stevens; city clerk, R. E. Sutton.

Roundout, Ulster Co. (see Kingston).

Roslyn, Queens Co., population 1101. Fire department—1 combined engine and hook and ladder truck; bucket car; 40 members. Chief engineer, J. S. Hicks.

WATER SUPPLY—Source, wells and ponds. Town clerk, Samuel Hooper.

Russia, Herkimer Co., population 2277; buildings, wood, 1 to 2 stories. Fire department—1 hand force pump; bell alarm.

WATER SUPPLY—Source, wells and cisterns. Town clerk, L. F. Carpenter.

Rye, Westchester Co., population 3822; fire area 1400 acres; buildings, wood, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; siamese couplings used; hose rubber, good 500 ft; value of fire department equipment \$3500; 1 building owned; 50 volunteer members; bell alarm. Chief elected by members, T. Sniffin.

WATER SUPPLY—(See Port Chester water-works). Wilford Purdy, town clerk.

Sackett's Harbor, Jefferson Co., population 885; area 2000 acres; mercantile buildings, brick, 2½ stories; private, wood, 2½ stories; shingle roofs; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 450 ft, leather good 150 ft, inferior 200 ft; value of fire department equipment \$2000; value of buildings occupied \$1200; total ann expenses of department \$85; total membership 80, 2 paid; bell alarm.

WATER SUPPLY—Source, wells, reservoir and lake. Town clerk, B. W. Metcalf.

Sag Harbor, Suffolk Co., population 1906; buildings, brick and wood, 2½ and 3 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 450 ft, rubber good 400 ft, linen good 850 ft; value of fire department equipment \$2000; total ann expenses of department \$830; 85 volunteer members; bell and whistle alarm. Chief engineer, J. Wm. Beebe.

WATER SUPPLY—Source, wells; 2 hydrants; pipe 200 ft. Water-works constructed in 1860. Town clerk, T. Cunningham.

Salamanca, Cattaraugus Co., population *5000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages; siamese couplings used; hose cotton, good 8100 ft, rubber good 500 ft; value of fire department equipment \$15,000; value of buildings occupied \$2000; total ann expenses of department, \$2000; membership 180, volunteers; bell alarm. Chief elected by department, F. R. Stillman.

WATER SUPPLY—Source, springs and surface water; system, gravity, pumping direct and to reservoir; Gordon & Maxwell pumping engines, dy cap 850,000 gals; 48 hydrants, Matthews; pipe 5½ miles, 2 to 10 in dia, Wood; 85 valves, Eddy; quality of water soft, filtration gravel and charcoal; pressure 70 pounds; water-works owned by company; cost to construct \$30,000; int on bonds 6 per cent. Pres of com, Hudson Ausley; supt, A. H. Krieger; mayor, Fred. Stillman; city clerk, Thos. Dowd.

Salem, Washington Co., population 1410; area 2560 acres; buildings, wood, 2 stories; slate roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$7000; value of building occupied \$2000; total ann expenses of

department \$150; 135 volunteer members; bell alarm. Chief elected by members, J. M. Williams.

WATER SUPPLY—Source, 12 wells. Village clerk, S. W. Russell, Jr.

Sandy Creek, Oswego Co., population 1800; fire area 1 square mile; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, hooks and ladders; hose cotton, good 700 ft; value of fire department equipment \$1000; 50 volunteer members; 1 engine company, 1 hose company. Chief engineer, Fred S. Bosworth.

WATER SUPPLY—Not described. Considering the question of water-works.

Sandy Hill, Washington Co., population *8000. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 1250 ft; total membership 67, 2 paid full time. Chief engineer, S. H. Parks.

WATER SUPPLY—Source, Cold Brook; system, pumping to standpipe; 2 Worthington pumping engines, dy cap 750,000 gals each; 48 hydrants, Matthews; pipe 6½ miles, 4 to 12 in dia, McNeal; 20 valves, Eddy; 40 meters, National; quality of water excellent; pressure, domestic 50; fire 60 to 100 pounds; cost to construct \$50,000; ann expenses \$5000; int on bonds 5 per cent. Pres of com, Loren Allen; supt, John J. Cunningham; pres of village, Mitchell Potvin; village clerk, Harper N. Rogers.

Saratoga Springs, Saratoga Co., population *12,000; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose wagons, 1 hose wagon in reserve; apparatus drawn by horses; hose cotton, good 8800 ft; value of fire department equipment \$18,000; value of buildings occupied \$24,000; total ann expenses of department \$9000; total membership 27, paid part time; telegraph alarm; 21 street boxes. Chief elected by board of fire commissioners of village, E. J. Shadwick.

WATER SUPPLY—Source, Loughberry Lake; system, direct pumping; Holly-Gaskill pumping engines, dy cap 12,000,000 gals; 210 hydrants, Ludlow; pipe 29 miles, 3 to 20 in dia; 1700 taps; 10 meters; pressure 90 to 120 pounds; cost to construct \$300,000; ann expenses \$12,500; int on bonds 4 to 7 per cent. Pres of com, M. F. Meehan; supt, G. F. Bacon; village clerk, S. F. Corey.

Saugerties, Ulster Co., population *4000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft; 100 volunteer members. Chief engineer, Wm. Ziegler.

WATER SUPPLY—Source, Plotull Creek; system, gravity; 52 hydrants, Ludlow; pipe 12 miles, McNeal; valves Ludlow; 100 taps; pressure 80 pounds. Pres of com, Matthew Trumpbower; supt, J. M. Low; village clerk, M. Freleigh.

Savannah, Wayne Co., population 500; fire area ¼ mile; mercantile buildings, wood, 30 ft; private, wood, 25 ft. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 120 ft; value of fire department equipment \$550; 60 volunteer members; bell alarm; 1 fire company. Chief, Chas. Reamer; foreman, L. C. Sherman.

WATER SUPPLY—Not described. 1 reservoir. Village clerk, A. P. Smith.

Sayville, Suffolk Co., population *2000; fire area 8000 acres; mercantile buildings, wood, 2½ stories; private, 2 or 3 stories; wooden roofs permitted. Fire department—1 chemical extinguisher, 1 hook and ladder truck; value of building occupied \$400; 40 volunteer members; whistle alarm. Chief elected by members.

WATER SUPPLY—Source, wells.

Schaghticoke, Rensselaer Co., population 1275; buildings, brick and wood, 2 stories. Fire department—Force pumps; bell alarm. Chief engineer, S. S. Congdon.

WATER SUPPLY—Source, river. Village clerk, T. J. Willy.

Schenectady, Schenectady Co., population 25,000; fire area 5 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 5500 ft, leather good 300 ft, inferior 200 ft; value of fire department equipment \$55,000; total ann expenses of department \$2000 (1888); total membership 150, volunteers; whistle alarm; 5 hose companies. Chief engineer, Geo. Anderson; chairman of fire com, Jas. Devine.

WATER SUPPLY—Source, Mohawk River; system, direct pumping; Deane, Holly-Gaskill pumping engines, dy cap

NEW YORK—Continued.

10,000,000 gals; 247 hydrants, Ludlow, Eddy and others; pipe 16 3-10 miles. Wood; 142 valves; 40 meters; pressure, domestic 80, fire 95 pounds; water-works owned by city; ann expenses \$20,000; int on bonds 3 and 4 per cent. Pres of com, Edgar M. Jenkins; supt, Geo. T. Ingersoll; mayor, H. S. De Forest; city clerk, H. G. Glen.

Schenenvers, Otsego Co., population 1000; buildings, wood, 2 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1500 ft; value of fire department equipment \$1200; total membership 60, volunteers; 1 hook and ladder company, 1 hose company. Chief engineer, G. E. Guy; chairman of fire and water com, R. C. Wilson.

Schoharie, Schoharie Co., population 1500; fire area 2650 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; siamese couplings used; hose leather, good 800 ft; value of fire department equipment \$2100; value of buildings occupied \$2000; total ann expenses of department \$1100; total membership 45, volunteers; bell alarm. Chief engineer, Cyrus Griffin.

WATER SUPPLY—Source, driven well, brook; cisterns dy cap 1200 gals; hydrants. Town clerk, R. N. Stafford.

Schuyler, Saratoga Co., population 2000; fire area 800 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose rubber, good 1150 ft; total membership 60, volunteers; 1 engine company; 1 hose company. Chief engineer, J. J. Cavanagh; chairman of fire and water com, H. C. Mowron.

WATER SUPPLY—Source, well; system, pumping to reservoirs; 4 reservoirs; 1 force pump; pipe 800 ft, 6 in dia. Pres of com, H. C. Mowron; town clerk, G. R. Salisbury.

Scottsville, Monroe Co., population *800; buildings, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; siamese couplings used; hose linen, good 500 ft; value of fire department equipment \$2000; total ann expenses of department \$200; total membership 60, volunteers; bell alarm. Chief engineer, I. W. Salyards.

WATER SUPPLY—Source, creek, mill race. Town clerk, J. J. Weingand.

Seneca Falls, Seneca Co., population *7000. Fire department—2 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 14 chemical extinguishers, 2 hook and ladder trucks; 5 hose carriage, all kinds; 1 protective wagon; hose cotton, good 2000 ft, inferior 1700 ft, leather inferior 400 ft; 3 horses; total membership 172, paid call men 22, volunteers 150. Chief engineer, Horace N. Rumsey.

WATER SUPPLY—Source, river and canal; 26 cisterns; 22 hydrants; 5000 ft pipe (private). Village clerk, C. Silsby.

Sherburne, Chenango Co., population 944; fire area 1200 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 3 hose carriages; siamese couplings used; hose cotton, good 800 ft, rubber good 400 ft; value of fire department equipment \$1200; total ann expenses of department \$50; 75 volunteer members; bell alarm. Chief elected by members, W. S. Fish.

WATER SUPPLY—Source, surface water; system, gravity; reservoir cap 10,000,000 gals; 21 hydrants, Bailey; pipe 4 miles; taps 180; Eddy valves; pressure 100 pounds; cost to construct \$22,000; ann expenses \$500; int on bonds 4 per cent. Supt, W. E. Davis; city clerk, Geo. S. Loomis.

Sherman, Chautauqua Co., population 1100; fire area 640 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose leather, good 550 ft, inferior 100 ft; value of fire department equipment \$1000; total ann expenses of department \$100; total membership 65, bell alarm. Chief engineer, E. N. Myrick.

WATER SUPPLY—Source, 3 creeks, 1 mill pond; 2 reservoirs, cap 500 barrels. Town clerk, T. J. Newell.

Sidney, Delaware Co., population 1200; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose linen good 500 ft; value of fire department equipment \$500; total ann expenses of department \$100; total membership 25, volunteers.

Silver Creek, Chautauqua Co., population *2200; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 Silsby steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft; value of fire department equipment \$4000; value of buildings occupied \$3500; total ann expenses of department \$350; total membership 75, paid part time 2, volunteers 65. Private company, 60 members, responds to all calls, and has 1 hook and ladder truck, 1 hose carriage and 1500 ft good cotton hose; bell alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, F. B. Porter; chairman of fire and water coma, A. L. Brown, C. F. Shoemaker.

WATER SUPPLY—Source, 2 creeks, Lake Erie; Worthington pump.

Sing Sing, Westchester Co., population 7500; fire area 550 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton 1000 ft, rubber good 400 ft, inferior 30 ft, leather fair 1000 ft; value of fire department equipment \$10,000; value of buildings occupied \$2500; total ann expenses of department \$1000; total membership 100, 2 paid; bell alarm. Chief elected by members, A. E. Smith.

WATER SUPPLY—Source, reservoir fed by brook; system, gravity, pumping from reservoir; reservoir cap 11,710,000 gals; Lorez pumping engines, dy cap 2,000,000 gals; 100 hydrants. Wood; pipe 14 miles, 4 to 16 in dia, 75 valves. Wood; 110 meters. Thomson. National; quality of water very good; pressure 85 to 110 pounds; water-works owned by village; cost to construct \$190,000; ann expenses \$4000; int on bonds \$7200. Pres of com, John P. Truesdell; supt, S. G. Ellegood; mayor, E. G. Blakeley; town clerk, Wm. H. Peck.

Skaneateles, Onondaga Co., population *2500; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft, leather good 500 ft, inferior 100 ft; value of fire department equipment \$3800; total membership 60; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. C. Buich.

WATER SUPPLY—Source, lake; 3 reservoirs. Village clerk, S. E. Benedict.

Southampton, Suffolk Co., population 942; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine with ladders; hose cotton, good 250 ft; value of fire department equipment \$800; 34 volunteer members; bell alarm. Chief engineer, Oscar L. Howell.

WATER SUPPLY—Source, five wells and cisterns. L. Borden.

South Nyack, Rockland Co. (see Nyack).

Southold, Suffolk Co., population 1221; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; hose linen, good 650 ft; value of fire department equipment \$700; 70 volunteer members; bell alarm. Chief engineer, Lewis W. Kern.

WATER SUPPLY—Source, wells and cisterns. Town clerk, L. W. Kern.

Spring Valley, Rockland Co., population *1000; fire area 640 acres; buildings, wood, 2 1/2 stories; shingle roofs permitted. Fire department—2 hand engines, 1 hose carriage; hose cotton; good 100 ft, inferior 80 ft, leather good 200 ft, inferior 50 ft; value of fire department equipment \$2400; value of building occupied \$700; total ann expenses of department \$75; membership 40, volunteers; bell alarm. Chief elected by department, L. R. Brooks.

WATER SUPPLY—Source, brook and cistern.

Springville, Erie Co., population 2000; fire area 5 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 500 ft, rubber good 500 ft; value of fire department equipment \$2000; value of buildings occupied \$1200; total ann expenses of department \$300; 46 volunteer members; electric bell alarm; 6 street boxes; 1 hose company. Chief engineer, Geo. D. Conger; chairman of fire and water com, Geo. H. Dabolt, J. P. Myers.

WATER SUPPLY—Source, springs; system, direct pumping; Holly pumping engines dy cap 750,000 gals; 65 hydrants; pipe 7 miles, 4 to 12 in dia; pressure 40 to 120

pounds; cost to construct \$16,000. Supt, Jas. A. Shuttleworth; city clerk, A. R. Tabor.

Stamford, Delaware Co., population *800. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 650 ft, leather inferior 200 ft; 1 building in use; 44 volunteer members. D. Chichester.

WATER SUPPLY—Source, Delaware River; system, gravity; 16 hydrants, Matthews; pipe 8 miles, 4 to 8 in dia; 85 taps; valves Ludlow; pressure 60 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$125; int on bonds 6 per cent. Pres of com, V. Z. Wyckoff; supt, Johnson Hamilton; town clerk, G. W. Kendall.

Stapleton, Richmond Co. (see Edgewater).

Stillwater, Saratoga Co., buildings, brick and wood, 2 and 8 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; hose cotton, good 500 ft, rubber good 600 ft, inferior 200 ft; value of fire department equipment \$800; expenses in 1898 \$500; 87 volunteer members; bell alarm. Chief engineer, T. T. Judd.

WATER SUPPLY—Source, Hudson River and canal. Village clerk, M. G. Hewett.

St. Johnsville, Montgomery Co., population *2000. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 550 ft, inferior 500 ft; 123 volunteer members.

WATER SUPPLY—Source, 9 cisterns. Town clerk, F. S. Mosher.

Suspension Bridge, Niagara Co., population 2476; fire area 600 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 600 ft, leather good 800 ft; value of fire department equipment \$3100; value of buildings occupied \$1000; total ann expenses of department \$175; total membership 85, volunteer; bell alarm. Chief elected by village, O. R. Sackett.

WATER SUPPLY—Source, Niagara River; system, direct pumping; Holly, Gaskill pumping engines, dy cap 7,000,000 gals; 55 hydrants, Holly; pipe 7 miles, 4 to 14 in dia; Holly valves; pressure, domestic 60, fire 125 pounds; water-works owned by village; cost to construct \$125,000; ann expenses \$2500; int on bonds 5, 6 and 7 per cent. Pres of com, W. P. Horne; supt, Patrick Seymour; village clerk, C. F. Liscom.

Syracuse, Onondaga Co., population *90,000; fire area 9000 acres; mercantile buildings, wood and brick, 3 to 5 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—6 steam fire engines, 1 chemical engine, 4 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages; hose cotton, good 8500 ft, 80 horses; total ann expenses of department \$75,000; total membership 61, paid full time; telephone and telegraph alarm; 65 street boxes. Chief elected by commissioners, Henry Rieley.

WATER SUPPLY—Source, Onondaga Creek and springs; system, pumping to reservoir and direct; reservoir cap 80,000,000 gals; Worthington, Deane pumping engines, dy cap 16,000,000 gals; 400 hydrants; pipe 42 miles, 4 to 24 in dia; 300 valves; 500 meters, Crown; quality of water hard; pressure 42 pounds; water-works owned by company; cost to construct \$727,000; int on bonds 6 and 7 per cent. Pres and supt, D. H. Bruce; mayor, William Cowie; city clerk, Henry F. Stephens.

Tarrytown, Westchester Co., population 4500; buildings brick and wood, 3 stories; shingle roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 6 hose carriages; hose good 8500 ft; value of fire department equipment \$8000; value of buildings occupied \$5000; ann rent \$1100; total ann expenses of department \$1000; 95 volunteer members; bell alarm. Chief elected by department, Wm. Falton, Jr.

WATER SUPPLY—Source, well; system, pumping to reservoir and standpipe; Worthington pumping engines, dy cap 1,000,000 gals; 75 hydrants, Matthews; pipe 10 miles, 4 to 10 in dia, Wood; Eddy valves; 280 meters, National; quality of water good, filtration by natural process; pressure 185 pounds; cost to construct \$150,000; int on bonds 4 per cent. Pres of com, D. D. Tallman; supt, Alexander Megninley; Pres of village, Thomas Rawcliffe; village clerk, Warren C. Brown.

Ticonderoga, Essex Co., population 3804; fire area 100 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 1½ and 2 stories; metal roofs. Fire department—1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose cotton good, 700 ft, linen rubber lined good 950 ft; value of fire department equipment \$3500;

value of building occupied \$1000; 62 volunteer members; bell alarm. Chief engineer, Albert Weed.

WATER SUPPLY—Source, Lake George; system, gravity; 10 hydrants, Wood; pipe 8 miles, 8 in dia; 10 valves, Ludlow; quality of water good, pressure 65 pounds; cost to construct \$2000. Pres of com, J. B. Ramsey; supt, C. E. Ramsay; village clerk, John C. Fenton.

Tivoli, Dutchess Co., buildings, wood, 2 stories. Fire department—1 steam fire engine, 1 hose carriage; hose rubber, good 950 ft; value of fire department equipment \$4000; 50 volunteer members; bell alarm. Chief engineer, J. L. De Peyster.

WATER SUPPLY—Source, river and creek; 2 reservoirs. Village clerk, F. H. Burnet.

Tompkinsville, Richmond Co. (see Edgewater).

Tonawanda, Erie Co., population 10,000; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 6 hose carriages, all kinds; siamese couplings used; hose linen good 3500 ft, leather good 1000 ft; total ann expenses of department \$3000; 215 volunteer members; telegraph alarm. Chief appointed by department, J. O. Day; M. J. Watteugh.

WATER SUPPLY—Source, Niagara River; system, direct pumping; Holly pumping engines, dy cap 4,000,000 gals; 279 hydrants, Holly; pipe 20 miles, 4 to 12 in dia; quality of water good, not filtered; pressure, domestic 40, fire 80 to 125 pounds; cost to construct \$300,000; int on bonds \$14,400. Pres of com, Benj. L. Rand; supt, Henry M. Fales; mayor, Joseph Petts; city clerk, Thos. E. Warner.

Tottenville, Richmond Co., population 1800; fire area 1000 acres; mercantile buildings, wood, 3 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose linen, good 800 ft, rubber good 800 ft; value of fire department equipment \$2500; value of buildings occupied \$1800; total ann expenses of department \$500; 100 volunteer members; 1 engine company, 1 hook and ladder company. Chief engineer, Geo. Simonson.

WATER SUPPLY—Source, wells and cisterns. Town clerk, John Kall.

Troy, Rensselaer Co., population 56,737; fire area 580 acres; mercantile buildings, brick, 2 to 6 stories; private, brick and wood, 2 to 3 stories; fireworks ordinance. Fire department—8 steam fire engines, 12 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages; siamese couplings used; hose good 8200 ft, inferior 8000 ft; 28 horses; value of fire department equipment \$75,000; value of 10 buildings occupied \$90,000, 1 rented \$120; total ann expenses of department \$58,588; total membership 419, volunteers 388; telegraph alarm; 63 street boxes. Chief engineer, J. L. Lane.

WATER SUPPLY—Source, lakes and Hudson River; system, gravity and pumping to reservoir; 2 Holly pumping engines, dy cap \$12,000,000 gals; 661 hydrants, Bailey, Ludlow; pipe 55 8-10 miles, 4 to 30 in dia, Wood; 1010 valves; 228 meters; quality of water good; pressure 25 to 115 pounds; water-works owned by city; cost to construct \$1,171,692; ann expenses \$50,871; int on bonds 4 per cent. Pres of com, Samuel O. Gleason; supt, Edward Dolan; mayor, Dennis J. Whelan; city clerk, John J. McCormick.

Trumansburgh, Tompkins Co., population 1376. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose cotton, good 1000 ft, rubber good 400 ft; total membership 63, volunteers. Chief engineer, M. R. Bennett.

WATER SUPPLY—Source, creek; 6 reservoirs. Town clerk, C. L. Adams.

Unadilla, Otsego Co., population 1200; fire area 1000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hose carriage, 8 hose carts; hose cotton, good 1000 ft, linen inferior 1000 ft; value of fire department equipment \$1800; value of buildings occupied \$1500; total ann expenses of department \$500; total membership 60, volunteers. Chief engineer, Warren Curtis.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,000,000 gals; 18 hydrants, Matthews; pipe 2 miles; taps 41; Eddy valves; 1 meter; pressure 65 pounds. Supt, D. H. Loomis.

Union, Broome Co., population 1000; fire area 640 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose linen, good 500 ft; value of fire department equipment \$4000; value of buildings occupied \$15,000; total ann expenses of de-

NEW YORK—Continued.

partment \$1000; total membership 100, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, S. Skillman.

WATER SUPPLY—Source, wells and springs; 8 cisterns, cap 1000 barrels each. Town clerk, R. Park.

Union Springs, Cayuga Co., population 1210. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; 1000 ft hose; 100 volunteer members. Chief engineer, R. W. Tate.

WATER SUPPLY—Source, springs, ponds, cisterns, wells; reservoirs. Town clerk, E. M. Hart.

Upper Nyack, Rockland Co. (see Nyack).

Utica, Oneida Co., population 50,000; fire area 100 acres; mercantile buildings, brick and wood, 2 to 7 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—5 steam fire engines, 1 chemical engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose reel, 4 hose wagons; hose cotton, good 8850 ft; 21 horses, value \$4500; value of fire department equipment \$103,522; value of buildings occupied \$44,650; total membership 70, paid full time 21, paid part time 49; electric bell alarm; 67 street boxes; 5 fire companies. Chief engineer, Wesley Dimbleby; chairman of fire and water com., Geo. Tulmer.

WATER SUPPLY—Source, surface water; system, gravity; reservoir cap 800,000,000 gals; 825 hydrants, various makers; pipe 50 miles, 4 to 24 in dia; taps 2600; 1500 meters; pressure, domestic 30, fire 180 pounds; water-works owned by company; int on bonds 4, 5 and 7 per cent. Pres, Thos. Hopper; supt, W. Pratt; city clerk, P. J. McQuade.

Valatie, Columbia Co., population 1200. Fire department—1 hand engine, 1 hose carriage; hose rubber lined, good 950 ft; 40 volunteer members. Chief engineer, D. Hilton.

WATER SUPPLY—Source, creek; 1 cistern, 1 hydrant, 2 force pumps. Village clerk, W. P. Pulver.

Waddington, St. Lawrence Co., population 977; buildings, brick, stone and wood, 1 to 3 stories. Fire department—1 hand engine, 1 hose carriage; hose, good 500 ft, inferior 600 ft; value of fire department equipment \$2000; expenses in 1898 \$350; 40 members; bell alarm. Chief engineer, W. C. Jarelin.

WATER SUPPLY—Source, St. Lawrence River and wells. Town clerk, Thos. Hargrave.

Walden, Orange Co., population 3500; fire area 1058 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 jumper; siamese couplings used; hose fabric, good 1150 ft, rubber good 850 ft, leather inferior 100 ft; value of fire department equipment \$800; value of building occupied \$7000; total ann expenses of department \$200; 106 volunteer members; bell alarm. Chief elected by members, John D. Paret.

WATER SUPPLY—Source, river, brooks and cisterns. Pres, T. D. Barker; village clerk, E. A. Nichols.

Walton, Delaware Co., population 3000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 900 ft, inferior 150 ft, leather good 250 ft, inferior 300 ft; value of fire department equipment \$3850; value of buildings occupied \$12,000; total ann expenses of department \$907; 102 volunteer members; bell and whistle alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, M. C. Sliter. Chairman of fire com., E. W. Pond.

WATER SUPPLY—Source, spring and brook; system, gravity; 45 hydrants, Matthews; pipe 8 miles, 4 to 10 in dia; 25 valves, Ludlow; quality of water best; pressure 90 pounds; cost to construct \$15,000; ann expenses \$50. Pres, S. Comstock; supt, Julius W. St. John; mayor, John H. Townsend; town clerk, J. S. Euils.

Wappinger's Falls, Dutchess Co., population 5000; Fire department—1 steam fire engine, 2 hand engines, 2 hose carriages; hose rubber cotton, good 500 ft, inferior 600 ft; 2 hoses; 70 volunteer members. Chief engineer, C. W. Clapp.

WATER SUPPLY—Source not given; system, gravity; 1 reservoir; 10 hydrants. Town clerk, J. W. Connell.

Warrensburg, Warren Co., population 1735. Fire department—8 chemical extinguishers.

WATER SUPPLY—Source, brooks fed by springs; system, gravity; 7 hydrants; pipe 6 miles; taps 70; pressure 110

pounds; cost to construct \$5000; int on bonds 6 per cent. Supt, Ira Cole; city clerk, R. G. Jarvis.

Warsaw, Wyoming Co., population 2800; fire area 400 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, good \$100 ft; value of fire department equipment \$2000; 66 volunteer members, bell alarm. Chief elected by board of trustees, C. T. Watkins.

WATER SUPPLY—Source, springs; system, gravity; 50 hydrants, Ludlow; pipe 4 miles; Ludlow valves; 4 meters; pressure 125 pounds; cost to construct \$40,000; int on bonds 6 per cent. Supt, O. L. Morris; town clerk, N. S. Wells.

Warwick, Orange Co., population 1170; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories. Fire department—1 hose carriage, 2 jumpers; siamese couplings used; hose cotton, good 700 ft, leather good 400 ft; value of fire department equipment \$1800; 3 rooms used; total ann expenses of department \$100; 50 volunteer members. Chief elected by members, B. F. Vail.

WATER SUPPLY—Source, surface water; system, gravity; 33 hydrants, Matthews; pipe 4 miles; 118 taps; pressure 72 pounds; cost to construct \$25,000; ann expenses \$100; int on bonds 5 per cent. Supt, W. A. Hulse; town clerk, J. McWilliams.

Waterford, Saratoga Co., population 6000; area 51 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 3 hose carriages; hose good \$100 ft; 1 building used; total membership 61; 2 paid; bell alarm. Chief elected by company appointed by trustees, W. F. Holroyd.

WATER SUPPLY—Source, Hudson River; system, pump-to reservoir and direct; Worthington pumping engines, dy cap 1,000,000 gals; 63 hydrants, Ludlow; pipe 8½ miles, 4 to 10 in dia, Fisher; 56 valves, Eddy, Ludlow; 96 meters. Crown, Hersey, Union; quality of water good; pressure, domestic 70, fire 150 pounds; cost to construct \$75,000; ann expenses \$2500; int on bonds \$4900. Pres, M. C. Powell; supt, W. A. Dennis; mayor, Jeremiah Husted; town clerk, L. D. Van Arnum.

Waterloo, Seneca Co., population 5480. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, 1 patrol carriage; hose rubber, good 1700 ft, inferior 500 ft, leather inferior 40 ft; 240 volunteer members; independent hydrant hose, 20 men. Chief engineer, W. A. Gibson.

WATER SUPPLY—Source, Seneca River; system, pumping to standpipe and direct; Worthington pumping engines, dy cap 2,000,000 gals; 60 hydrants, Ludlow; pipe 11 miles, 4 to 14 in dia, Sayre; 25 valves, Ludlow, 3 meters; pressure, domestic 60, fire 80 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$3000; int on bonds 6 per cent. Pres, Francis Bacon; supt, Geo. Clark; village pres, Alfred S. Allen; town clerk, Jas. E. Batsford.

Watertown, Jefferson Co., population 12,000; fire area 2500 acres; mercantile buildings, brick, 5 and 6 stories; private, wood and brick, 2 and 3 stories; slate and tin roofs; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton, good 8500 ft, inferior 2000 ft; 6 hoses; value of fire department equipment \$15,000; value of buildings occupied \$14,000; 2 rented, ann rent \$700, value \$9000; expenses in 1898 \$2729; 120 volunteer members; telegraph alarm; Chief elected by department, J. L. McCarty.

WATER SUPPLY—Source, Black River; system, pumping to reservoir; reservoir cap 6,000,000 gals; Wood pumping engines, dy cap 5,000,000 gals; 500 hydrants; pipe 23½ miles, 4 to 16 in dia; 189 valves, Eddy; 24 meters; quality of water soft; pressure 40 to 100 pounds; water-works owned by city; cost to construct \$300,000; ann expenses \$14,000; int on bonds 8¼ per cent. Pres, J. C. Knowlton; supt, Alphonse Salisbury; mayor, W. F. Porter; town chamberlain, J. C. Lewis.

Waterville, Oneida Co., population 2800; buildings, wood and brick, 1 to 4 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose good 3000 ft, inferior 250 ft; value of fire department equipment \$6500; value of building occupied \$4000; total ann expenses of department \$450; membership 80, 8 paid; bell alarm. Chief elected by corporation, J. F. Hamill.

WATER SUPPLY—Source not given; system, gravity; reservoir cap 25,000,000 gals; 48 hydrants, Wood; pipe 5 miles; 60 taps; Eddy valves; pressure 90 pounds; cost to construct \$60,430; int on bonds 4 per cent. Pres, Ira D. Brainard; village clerk, Henry Peck.

Watkins, Schuyler Co., population *3000. Fire department—1 steam fire engine, 1 hook and ladder truck; 3 hose carriages; hose rubber, good 1800 ft; 100 volunteers. Chief engineer, Geo. O. Norman.

WATER SUPPLY—Source, lakes, driven wells and 7 cisterns. Town clerk, E. A. Gillett.

Waverly, Tioga Co., population *3000; area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, and brick, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 1500 ft, inferior 1000 ft; 150 volunteer members; bell alarm. Chief elected by department, C. W. Jones.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 58,000,000 gals; 25 hydrants, Matthews; pipe 9 miles, 12 to 8 in dia; Wood; Eddy valves, 56; 10 meters, Crown; quality of water good; pressure 80 to 90 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$1800. Pres. J. T. Sawyer; supt, A. J. Pannatta; mayor, H. J. Baldwin; town clerk, J. F. Shoemaker.

Wayland, Steuben Co., population *900; fire area 640 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1½ stories; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$3200; value of building occupied \$1000; total ann expenses of department \$135; 40 volunteer members; bell alarm. Chief engineer, Henry L. Moore; chairmen of fire and water com, B. J. Scott, N. Rauber, H. Rosenkraus.

WATER SUPPLY—Source, wells. Village clerk, C. C. Tinker.

Weedsport, Cayuga Co., population 1950; area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton good 1700 ft, rubber good 300 ft; value of fire department equipment \$8500; total ann expenses of department \$300; membership 70, 2 paid; bell alarm. Chief elected by members, H. D. Brewster.

WATER SUPPLY—Source, canal and creek; reservoirs. Town clerk, H. D. Brown.

Wellsville, Allegany Co., population *5000. Fire department—1 steam fire engine, 1 hand engine (in reserve), 1 hook and ladder truck, 3 hose carriages; hose linen, good 3000 ft; 100 volunteer members. Chief engineer, Wm. C. Clark.

WATER SUPPLY—Source not given; system, gravity and direct pumping; reservoir cap 7,000,000 gals; 31 hydrants, Ludlow; pipe 6 miles; \$10 taps; Ludlow valves; pressure 75 pounds; water-works owned by company; cost to construct \$50,000; int on bonds 6 per cent. Simons and Arnold, E. R. Allen.

West Brighton, Richmond Co. (see New Brighton).

West Nyack, Rockland Co. (see Nyack).

Westfield, Chautauqua Co., population *1994; fire area 480 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber 1000 ft, leather good 200 ft; value of fire department equipment \$3000; value of building occupied \$3000; total ann expenses of department \$150; total membership 100, volunteers; bell alarm.

WATER SUPPLY—Source, springs; system, gravity; 12 hydrants; pipe 1½ miles, 4 and 6 in dia; pressure 15 pounds; water-works owned by village; cost to construct \$3000; ann expenses \$100. Pres. F. B. Brewer.

West Point, Orange Co., population 1181; buildings, brick, stone and wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1800 ft; 4 horses owned by U. S. Gov't; membership, all U. S. employees or enlisted men; electric alarm; 5 boxes. Chief, Post Quartermaster Capt. Chas. W. Williams.

WATER SUPPLY—Source, mountain stream; system, gravity; 4 reservoirs, cap 68,600,000 gals; 17 hydrants; pipe 7 miles, 4 to 12 in dia; 11 valves, Chapman; filtration, sand and gravel; pressure, domestic 30, fire 70 pounds; water-works owned by U. S. Gov't; ann expenses \$1000. Supt, Capt. Philip M. Price.

West Troy, Albany Co., population 18,500; fire area 856 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 3 chemical extin-

guishers, 1 hook and ladder truck, 4 hose carriages, 3 hose wagons; hose cotton, good 6750 ft, inferior 1050 ft; 3 horses, value \$900; value of fire department equipment \$18,000; value of buildings occupied \$328,000; total ann expenses of department \$14,840; total membership 191, paid full time 4, paid part time 8, volunteers 184; bell alarm; 1 hook and ladder company, 4 hose companies. Chief engineer, Lewis W. Smith; chairman of fire and water com, S. V. Sturtevant.

WATER SUPPLY—From Green Island Water Co.; 100 hydrants, Eddy; pipe 14 miles, 4 to 16 in dia; valves Eddy; 60 meters; pressure 75 pounds. City clerk, John Cahill.

Whitehall, Washington Co., population *4000; fire area 3840 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 and 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages; siamese couplings used; hose rubber, good 3500 ft, inferior 500 ft; value of fire department equipment \$15,000; value of 4 buildings occupied \$8000; total ann expenses of department \$1900; total membership 158, paid 2; bell alarm. Chief engineer, De Witt C. Smith.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 5,500,000 gals; Davidson pumping engine, dy cap 1,500,000 gals; 58 hydrants, Matthews; pipe 9 miles, 4 to 12 in dia; 45 valves, Eddy, Wood; 18 meters, National, Union, Worthington; pressure, domestic 110, fire 115 pounds; water-works owned by village; cost to construct \$79,000; ann expenses \$4500; int on bonds 4 per cent. Pres. O. F. Davis; supt, C. M. Hotchkiss; village clerk, S. A. Conery.

White Plains, Westchester Co., population *5500; fire area *4500 acres; mercantile buildings, brick and wood, 3 stories; private, wood, brick and stone, 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1000 ft, leather good 1000 ft; value of fire department equipment \$5000; value of buildings occupied \$18,000; total membership 125, volunteers; bell alarm; 3 engine companies, 1 hook and ladder company. Chief engineer, Chas. A. Matthews; chairman of fire and water com, Stephen W. Smith.

WATER SUPPLY—Source, calson and brick wells; system, pumping to standpipe and direct; standpipe cap 180,000 gals; Worthington pumping engines, dy cap 2,000,000 gals; 85 hydrants, Ludlow; pipe 7½ miles, 4 to 12 in dia, Warren; 46 valves, Ludlow; 125 meters, Thompson, Crown, Union; quality of water excellent, soft; pressure, domestic 85, fire 150 pounds; water-works owned by company; cost to construct \$136,000; int on bonds 6 per cent. Pres. J. V. Clarke; supt, A. L. Fassett; pres of board, Jas. Lockwood; city clerk, F. M. Thompson.

Whitesboro, Oneida Co., population 1500; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, fair 800 ft, leather fair 300 ft; value of fire department equipment and buildings occupied \$5000; total ann expenses of department \$302; total membership 60, paid part time 1, volunteers 59; bell alarm; 2 fire companies. Chief engineer, John Thomas.

WATER SUPPLY—Source, springs; system, gravity; 1 hydrant; pipe 2½ miles; water-works owned by L. L. Wight. Village clerk, G. A. Kirkland.

Whitestone, Queens Co., population 3000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 double-tank chemical engine on wheels, 1 hook and ladder truck, buckets; hose rubber, good 200 ft, inferior 50 ft; value of fire department equipment \$2300; value of buildings occupied \$3200; total membership 52; bell alarm. Chief engineer, Thos. A. Harris; chairman of fire and water com, David Godley.

WATER SUPPLY—Source, cisterns.

Whitney's Point, Broome Co., population *1100; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose cotton, good 1400 ft, rubber inferior 300 ft; value of fire department equipment \$2000; value of buildings occupied \$2500; total ann expenses of department \$250; total membership 75, volunteers; bell and whistle alarm. Chief engineer, S. E. Birdsall.

WATER SUPPLY—Source, river and wells. Village clerk, D. L. Maxfield.

Willett's Point, Queens Co.; buildings, wood, 1 and 2 stories. Fire department—1 steam fire engine, 2 hose

NEW YORK—Continued.

carriages; hose rubber, good 1260 ft; total membership 860; bugle alarm.

WATER SUPPLY—Source, Flushing water-works and cisterns; 14 hydrants; pressure 60 pounds. Town clerk, Maj. W. R. King.

Williamsville, Erie Co., population 880; fire area 640 acres; buildings, wood, 1½ to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, siamese couplings used; hose linen, good 500 ft, leather good 100 ft, inferior 400 ft; value of fire department equipment \$2000; total ann expenses of department \$350; total membership 60, volunteers; bell alarm. Chief engineer, H. M. Long.

WATER SUPPLY—Source, creek; 2 reservoirs, dy cap 750 barrels.

Windham, Greene Co., population *450; buildings, wood, 2 stories; wooden roofs permitted. No organized fire department—3 hand engines; siamese couplings used; hose leather, good 460 ft, inferior 200 ft; value of fire department equipment \$800; value of building occupied \$50.

WATER SUPPLY—Source, creeks, wells and mill race. Town clerk, A. P. Roach.

Wolcott, Wayne Co., population *2500; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; fireworks ordinance. Fire department—1 horse-power engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1500 ft; value of fire department equipment \$2500; value of buildings occupied \$800; total membership 90, 85 volunteers; bell alarm. Chief engineer, Henry A. Graves.

WATER SUPPLY—Source, pond and cisterns; 5 reservoirs, cap 800 to 500 barrels each. Pres of village, F. S. Johnson; village clerk, E. A. Wadsworth.

Worcester, Otsego Co., population *1100; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton rubber lined, good 650 ft; value of fire department equipment \$1000; total ann expenses of department \$100; total mem-

bership 40, volunteers; bell alarm. Foreman, Melville Griggs.

WATER SUPPLY—Source, Caryl Lake; system, gravity; 17 hydrants; pipe 6 miles, pressure, domestic 70, fire 90 pounds; water-works owned by company; cost to construct \$84,000; ann expenses \$90; int on bonds 6 per cent. Pres of com, Geo. Hardy; supt, J. T. Hardsall; town det, Wm. Fenn.

Yonkers, Westchester Co., population 35,000; fire area 5120 acres; mercantile buildings, brick, 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 4 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages in use, 1 spare; hose cotton, good 6800 ft, inferior 300 ft, rubber good 1450 ft; value of fire department equipment \$15,000; value of 7 buildings occupied \$60,000; total ann expenses of department \$3600; total membership 400, volunteers; Gamewell alarm. Chief engineer, Jas. McVicar.

WATER SUPPLY—Source, Sprain and Grassy Sprain Brooks; system, pumping to tank, reservoir and direct; reservoir cap 404,000,000 gals; tank cap 40,000 gals; Worthington, Wright pumping engines, dy cap 9,000,000 gals; 15 hydrants, Wood; pipe 36½ miles, 4 to 18 in dia, Fulton, Wood; 248 valves, McLean; 2076 meters, National, Worthington, Union, Hersey; quality of water good; pressure 127 pounds; water-works owned by city; cost to construct \$386,476; ann expenses \$27,068; int on bonds 4 to 7 per cent. Pres of com, R. Eickemeyer; supt, Jos. A. Lockwood; mayor, Jas. Millward; city clerk, Wm. H. Doty.

The following places have no fire protection:

Carmel, Putnam Co., pop. 500. Chemung, Chemung Co., pop. 267. Chester, Orange Co., pop. 800. Euck, Onondaga Co., pop. 804. Highland, Ulster Co., pop. 128. Holland, Erie Co., pop. 400 (buckets and force pump). Marion, Wayne Co., pop. 780. Marlborough, Ulster Co., pop. 2000. Ontario, Wayne Co., pop. 650. Peru, Clinton Co., pop. 550. NORTH CAROLINA.

Asheville, Buncombe Co., population 12,000; fire area 40 acres; buildings, wood and brick, 2 and 3 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose good 3500 ft; total membership 70, volunteers; Gamewell alarm; street boxes 15. Chief engineer, Jas. P. Sawyer.

WATER SUPPLY—Source, Swannanoa River; system, pumping to standpipe; reservoir cap 800,000 gals; standpipe cap 720,000 gals; Gordon & Maxwell, Worthington pumping engines, dy cap 720,000 gals; 61 hydrants, Ludlow; pipe 15 miles, 4 to 10 in dia, Chattanooga; 50 valves, Ludlow; quality of water good; Hyatt filter; pressure, domestic 60, fire 100 pounds; water-works owned by city; cost to construct \$100,000; ann expenses est \$1800; int on bonds 6 per cent. Supt, J. L. Murray; mayor, C. D. Blanton; city clerk, F. M. Miller.

Charlotte, Mecklenburg Co., population *11,000; fire area 16 blocks; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose rubber, good 3200 ft, inferior 600 ft; 3 hoses; value of fire department equipment \$35,000; total ann expenses of department \$4000; total membership 45, paid call men 14; electric alarm; street boxes 20. Chief engineer, P. F. Asberry.

WATER SUPPLY—Source, springs; system, pumping to standpipe; impounding reservoir cap 10,000,000 gals; Blake pumping engines, dy cap 2,500,000 gals; 100 hydrants; pipe 12 miles, 4 to 12 in dia; valves; meters; pressure, domestic 35 to 100 pounds; water-works owned by company; ann expenses \$1400; int on bonds 6 per cent. Pres or chairman of com, R. J. Brevard; supt, D. P. Hutchison; mayor, F. B. McDowell; city clerk, Fred. Nash.

Clinton, Sampson Co., population 1000; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hand engines, ladders and buckets; hose rubber, good 250 ft; value of fire department equipment \$225; value of buildings occupied \$250; total

ann expenses of department \$30; total membership 30, volunteers; bell alarm. Chief, W. S. Thomson. Mayor, W. S. Thomson.

Concord, Cabarrus Co., population 1964. Fire department—1 hook and ladder truck, 1 hose cart; hose rubber, 500 ft; total membership 18. Chief engineer, E. H. Hall.

WATER SUPPLY—Source, spring; system, pumping to tank; tank cap 30,000 gals; 8 double hydrants; pipe 70 ft; water-works owned by an individual. Supt, P. E. Fritz; town clerk, F. A. Archibie.

Durham, Durham Co., population 7000; fire area 100 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; private hose; siamese couplings used; hose cotton rubber lined, good 2800 ft, inferior 500 ft; 4 hoses, value \$1000; value of fire department equipment \$3500; value of buildings occupied \$500; total ann expenses of department \$150; total membership 75, paid full time 1, volunteers 74; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Howard E. Heartt; chairman of fire and water com, Thos. L. Peay.

WATER SUPPLY—Source, Eno River; system, pumping to reservoir; reservoir cap 2,000,000 gals; Deane pumping engines, dy cap 2,500,000 gals; 61 hydrants, Coffin; pipe 18 miles, 4 to 12 in dia, McNeal; Chapman valves, 8 meters; pressure, domestic 72, fire 100 pounds; water-works owned by company; cost to construct \$200,000; ann expenses \$2500; int on bonds 6 per cent. Pres and supt, S. Holman; city clerk, G. W. Woodward.

Elizabeth City, Pasquotank Co., population 500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted, mostly metal; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1000 ft, rubber good 400 ft; 1 hose, value \$200; value of fire department equipment \$400; buildings leased; total ann expenses of department \$300; total

membership 85, paid full time 8, volunteers 82; bell alarm. Chief engineer, Geo. S. Beel.

WATER SUPPLY—Source, river, creek, 2 cisterns; cap of cisterns 20,000 gals.

Enfield, Halifax Co., population 1000; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$660; value of buildings occupied \$60; total membership 40, volunteers; bell alarm. Chief engineer, J. J. Robertson.

Fayetteville, Cumberland Co., population 47500; buildings, brick and wood. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose cotton, good 1000 ft, rubber good 500 ft, linen good 100 ft; value of fire department equipment \$4000; total ann expenses of department \$860; total membership 60, paid full time 1, paid part time 4, volunteers 55; bell alarm. Chief engineer, J. S. McNeil.

WATER SUPPLY—Source, spring; system, gravity, direct pumping; reservoir cap 6000 gals; Sibley fire pump, water power; 15 hydrants; 3/4 miles pipe, and 8 in pipe through principal streets; pressure 50 pounds; water-works owned by company. Supt, S. W. Tillinghast.

Goldsbrough, Wayne Co., population 45000; fire area 100 acres; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 hose carriages; siamese couplings used; hose fabric rubber lined, good 1000 ft, rubber 1000 ft; 2 horses; value of fire department equipment \$10,000; value of building occupied \$5000; total ann expenses of department \$1000; total membership 75, volunteers; bell alarm. Chief engineer, Jas. J. Robinson.

WATER SUPPLY—Source, river; system, pumping to standpipe; Worthington pumping engines, dy cap 1,000,000 gals each; 64 hydrants, Ludlow; pipe 7 1/2 miles, 4 to 12 in dia, McNeal; 29 valves, Ludlow; 3 meters, Worthington; quality of water pure; pressure, domestic 60, fire 150 pounds; cost to construct \$75,000; ann expenses \$3000; int. on bonds 6 per cent. Pres of com, F. R. Dudley; supt, H. P. Dortch; mayor, J. E. Peterson; city clerk, F. H. Bain.

Greensborough, Guilford Co., population 45000; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hand engine, in reserve, 1 chemical engine on wheels, 8 hose carriages; hose cotton, good 2000 ft; value of fire department equipment \$5000; total membership 30; bell alarm. Chief engineer, C. F. Thomas.

WATER SUPPLY—Source, wells and springs; system, pumping to tank; tank cap 100,000 gals; Blake pump, dy cap 1,500,000 gals; 75 hydrants, Mathews; pipe 10 miles, Wood; Eddy valves; pressure, domestic 40, fire 75 pounds; water-works owned by company; cost to construct \$75,000. Pres, T. B. Keogh.

Greenville, Pitt Co., population 41900; buildings, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck; total membership 25, volunteers.

WATER SUPPLY—Source, wells.

Henderson, Vance Co., population 3500. Fire department—1 hand engine, 1 hook and ladder truck; hose good 500 ft. Chief engineer, A. W. Schaum.

WATER SUPPLY—Source, creek or Fox Pond; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines dy cap, 2,000,000 gals; 68 hydrants, pipe 73.5 miles, 4 to 12 in dia; pressure 40 pounds; cost to construct \$80,000. Mayor, T. T. Hecks; town clerk, J. H. Bridges.

Hickory, Catawba Co., population 41800; fire limits. Fire department—Hose, none good; total membership 25, volunteers.

WATER SUPPLY—Source, 1 cistern.

Hillsborough, Orange Co., population 500; fire area 6 acres; buildings, private, stone, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical extinguisher, Ruppick pump; hose large quantity; value of fire department equipment \$1000; bell alarm. Chief engineer, J. Smith; chairman of fire and water com, Col. T. Grayham.

Kinston, Lenoir Co., population 45000; buildings, wood and brick, 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; value of buildings occupied 180; total membership 50, volunteers; night police; bell alarm.

WATER SUPPLY—Source, wells and river. Town clerk, L. McCullen.

Lenoir, Caldwell Co., population 1000; buildings, brick and wood, 3 stories. Fire department—1 hand engine; value of fire department equipment \$125; total membership 12; bell alarm. Chief engineer, G. F. Harper.

WATER SUPPLY—Source, cisterns. Town clerk, J. W. Kirby.

Lincolnton, Lincoln Co., population 41200. Fire department—1 hand engine; hose cotton, good 100 ft; total membership 35, volunteers. Chief engineer, T. H. Hake.

WATER SUPPLY—Source, wells. Town clerk, W. R. Edwards.

Milton, Caswell Co., population 4800. Fire department—1 hand engine, 1 hose carriage; hose linen, good 600 ft; total membership 80, volunteers.

WATER SUPPLY—Source, 2 large cisterns; cap 74,000 gals, 18 private cisterns. Mayor, F. H. Hunt.

Monroe, Union Co., population 42000; buildings, brick and wood, 1 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carts; hose 1000 ft; 2 horses; total membership 70; bell alarm. Chief engineer, R. V. Houston.

WATER SUPPLY—Source, 6 cisterns; cap 100,000 gals. Town clerk, J. M. Stewart.

Mooresville, Iredell Co. Fire department—1 hook and ladder truck. Pres, C. V. Voils.

WATER SUPPLY—Source, wells.

New Berne, Craven Co., population 7000; fire area city limits; mercantile buildings, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire district; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, private chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages; hose cotton, good 500 ft, inferior 800 ft, rubber good 500 ft, inferior 1000 ft; 8 horses, value \$1600; value of fire department equipment \$15,000; value of buildings occupied \$4500; total ann expenses of department \$2500; total membership 200, volunteers; bell alarm; 3 engine companies, 2 hook and ladder companies. Chief engineer, E. M. Pavie; chairman of fire and water com, Wm. Ellis.

WATER SUPPLY—Source, artesian wells; system, direct pumping; Worthington pumping engines, dy cap 1,000,000 gals; pipe 2 miles, 8 in dia; Ludlow valves; pressure, domestic 40, fire 100 pounds; water-works owned by A. R. Semmon. Mayor, R. D. Williams; city clerk, Silas Fulcher.

Oxford, Granville Co., population 48900. No organized fire department; 1 hook and ladder truck.

WATER SUPPLY—Source, wells. Mayor, L. G. Smith; Town clerk, F. B. Hays.

Plymouth, Washington Co., population 1886; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose cotton, 200 ft, rubber good 200 ft; value of fire department equipment \$1500; total membership 85, volunteers; bell alarm. Chief engineer, E. R. Latham.

WATER SUPPLY—Source, river and wells. Town clerk, J. F. Ayers.

Raleigh, Walke Co., population 414,500; fire area 1440 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical engines on wheels, 2 hook and ladder trucks, 5 hose carriages, hose cotton, good 700 ft, rubber good 2100 ft, inferior 200 ft, leather 500 ft; 5 horses; value of fire department equipment \$30,000; total ann expenses of department \$3000; total membership 200, volunteers; bell and Gamewell alarm; 11 street boxes. Chief engineer, E. B. Engelhard.

WATER SUPPLY—Source, Walnut Creek; system, pumping to reservoir, standpipe and direct; 4 Smith, Vaile pumping engines, dy cap 4,000,000 gals; 128 hydrants, Mathews; pipe 18 miles, 4 to 14 in dia, Wood; 65 valves, Eddy; 25 meters, Crown; quality of water good, Hyatt filter; pressure, domestic 50 to 75, fire 100 pounds; water-works owned by company; cost to construct \$175,000. Pres, Julius Lewis; supt, E. B. Engelhard; mayor, A. A. Thompson; city clerk, C. W. Lambeth.

Reidsville, Rockingham Co., population 4000; buildings (wood buildings not permitted in business section), brick, 2 to 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$15,000; members paid by year. Chief engineer, J. F. Stultz.

WATER SUPPLY—Source, cisterns. Town clerk, M. A. Allen.

Salem, Forsyth Co., population 48000; buildings, brick

NORTH CAROLINA—Continued.

and wood, 1 and 5 stories; wooden roofs permitted; fire-works ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages; hose cotton, 1200 ft, rubber 1000 ft, leather good 50 ft; total membership 22; bell alarm. Chief engineer, F. C. Menning.

WATER SUPPLY—Source, 2 wells; system, pumping to reservoir; reservoir cap 450,000 gals; Worthington pumping engines, dy cap 150,000 gals; 37 hydrants; pipe 3 miles, 2 to 6 in dia. Wood; 80 meters; pressure, 80 pounds; water-works owned by company; cost to construct \$16,500; ann expenses \$150; int on bonds 6 per cent. Pres, Frank H. Fries; supt, C. A. Fogle; town clerk, L. N. Clinard.

Salisbury, Rowan Co., population 4500; fire area 740 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose 1000 ft; value of fire department equipment \$3000; rent of building occupied \$100; total membership 100, volunteers; bell alarm. Chief, Alex. Parker.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; 2 Worthington pumping engines, dy cap 2,000,000 gals; 61 hydrants, Ludlow; pipe 7 miles, 6 to 12 in dia; quality of water good, will be filtered; pressure, domestic 40, fire 100 pounds; water-works owned by company; cost to construct \$100,000; int on bonds 6 per cent. Supt, E. B. Neave; mayor, Chas. D. Crawford; city clerk, D. R. Julian.

Statesville, Iredell Co., population 2000; buildings, wood and brick. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1000 ft; value of fire department \$3000; value of building occupied \$1500.

WATER SUPPLY—Source, cisterns, dy cap 60,000 gals.

Tarboro, Edgecombe Co., population 2500. Fire department—1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; total membership 175, volunteers.

WATER SUPPLY—Source, Hendrick's Creek; system, pumping to tank; tank cap 20,000 gals; Worthington pumping engines, dy cap 600,000 gals; 15 hydrants; pipe 3000 ft, 4 and 5 in dia.

Warrenton, Warren Co., population 1800. Fire department—1 hook and ladder truck; total membership 30, volunteers.

Washington, Beaufort Co., population 2000. Fire department—1 steam fire engine, 4 hand engines, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1000 ft; leather 1900 ft; total membership 175, volunteers. Chief engineer, E. S. Hoyt.

WATER SUPPLY—Source, Pamlico River and artesian wells. Mayor, John H. Small; town clerk, J. A. Burgess.

Wilmington, New Hanover Co., population 25,000; fire area 400 acres; mercantile buildings, brick, 3 and 5

stories; private, wood, 2 stories; wooden roofs sometimes permitted; fireworks ordinance. Fire department—3 steam fire engines, 8 hook and ladder truck, 1 aerial truck, 5 hose carriages; hose cotton, good 3500 ft, inferior 500 ft; 14 horses, value \$3500; value of fire department equipment \$14,000; value of buildings occupied \$10,000; total ann expenses of department \$11,000; total membership 250, paid full time 12; Gamewell alarm; 19 street boxes. Chief engineer, Martin Newman; chairman of fire and water com, John J. Fowler.

WATER SUPPLY—Source, Cape Fear River; system, pumping to standpipe and direct; Worthington pumping engines, dy cap 8,000,000 gals; 108 hydrants, public, 2 private, Chapman; pipe 18½ miles, Warrea, Wood, Gloucester; 61 valves, Chapman; 200 meters; quality of water fair; pressure, domestic 25 to 50, fire 75 to 100 pounds; water-works owned by company; cost to construct \$191,000; ann expenses \$7300. Pres, J. F. Divine; supt, John C. Chase; mayor, John J. Fowler; city clerk, W. A. Willson.

Wilson, Wilson Co., population 3000; fire area 25 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 950 ft, inferior 50 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$3500; total membership 20, paid part time 1; bell alarm. Chief engineer, R. G. Briggs.

WATER SUPPLY—Source, 4 cisterns, dy cap 48,000 gals. Mayor, Geo. D. Green.

Winston, Forsyth Co., population 9000; fire area 4 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 7 chemical extinguishers, 2 jumpers; hose rubber, good 800 ft, inferior 200 ft; 8 horses, value \$550; value of fire department equipment \$5000; value of buildings occupied \$1000; total ann expenses of department \$500; total membership 20, paid part time. Chief engineer, W. Keit; chairman of fire and water com, A. J. Gale.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 1,000,000 gals; Worthington water power pump, dy cap 280,000 gals; 45 hydrants, Mathers; pipe 4½ miles, 4 to 10 in dia. Wood; valves Eddy; 50 meters; pressure, domestic 35, fire 15 to 45 pounds; water-works owned by company; cost to construct \$52,000; ann expenses \$1027; int on bonds 6 and 8 per cent. Supt, Geo. W. Hinchaw; mayor, D. P. Mast; town clerk, E. H. Wilson.

The following places have no fire protection: Beilington, Franklin Co., population 800. Hendersonville, Henderson Co., population 2500. Lenoirville, Franklin Co., population 650. Rockingham, Richmond Co., population 1000. Rocky Mount, Edgecombe Co., population 1000. Scotland Neck, Halifax Co., population 1000. Wadesborough, Anson Co., population 1500. Waynesville, Haywood Co., population 800. Weld: Halifax Co., population 1800.

NORTH DAKOTA.

Bismarck, Burleigh Co., population 5000; buildings, brick and wood, 2 and 3 stories. Fire department—7 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft; value of fire department equipment \$7400; value of building occupied \$2000; total ann expenses of department \$3500; total membership 150, paid full time 2; bell alarm. Chief engineer, L. U. Griffin.

WATER SUPPLY—Source, Missouri River; system, pumping to reservoirs; 2 reservoirs, cap 2,000,000 gals; Deane pumping engines, dy cap 3,000,000 gals; pipe 6 miles, Wood; 24 meters; pressure 65 pounds; water-works owned by company; cost to construct \$110,000; int on bonds 6 per cent. Pres, E. H. Bly; city clerk, E. H. Barrett.

Devil's Lake, Ramsey Co., population 1000; buildings, wood, 1½ stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose 1500 ft; bell alarm. Chief engineer, C. W. Kelley.

WATER SUPPLY—Source, 6 cisterns, cap 225 barrels each. Mayor, R. L. Cleveland; town clerk, C. M. Fisher.

Fargo, Cass Co., population 10,000; fire area 900 acres; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs permitted in some locations. Fire department—8 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages, 1 hose wagon;

hose cotton, good 1500 ft, inferior 500 ft, rubber good 200 ft, inferior 500 ft; 2 horses, value \$500; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$3000; total membership 100, paid full time 2, paid part time 1; electric alarm; 40 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, H. J. Rusch; chairman of fire com, E. C. Geary.

WATER SUPPLY—Source, Red River of the North; system, direct pumping from filter basin; Holly, Gaski pumping engines, dy cap 2,500,000 gals; 54 hydrants, Holly; pipe 7½ miles, 4 to 12 in dia, Shickle, H. & H.; 3 valves, Chapman; 150 meters, Hersey, Worthington; quality of water hard; pressure, domestic 35, fire 100 to 110 pounds; water-works owned by company; cost to construct \$25,000; ann expenses \$12,000; int on bonds 6 per cent. Pres of com, C. Sweatt; supt, Chas. H. Porrett; mayor, Seth Newman; city clerk, A. S. Shotwell.

• **Grand Forks**, Grand Forks Co., population 6000; fire area 10 acres; mercantile buildings, brick, stone and iron, 3 to 5 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2000 ft, inferior 2000 ft; value of fire department equipment \$3000; value of buildings occupied \$7800; total ann expenses of department \$1500; total membership 144, paid part time 1,

volunteers 143; Gamewell alarm; street boxes 6; 1 extinguisher company, 1 hook and ladder company, 4 hose companies. Chief engineer, E. H. Mix; chairman of fire and water com, John Cummings.

WATER SUPPLY—Source, Red Lake River; system, direct pumping; Blake and other pumping engines, dy cap 4,000,000 gals; 48 hydrants, Ludlow; pipe 6 miles, 4 to 14 in dia; 50 valves, Ludlow; 24 meters, Worthington & Hersey; quality of water good; pressure, domestic 80, fire 80 pounds; cost to construct \$75,000; ann expenses \$6000; int on bonds 7 per cent. Pres of com, P. McDowell; city engineer, W. S. Russell; mayor, Alex. Griggs; city auditor, A. C. Mather.

Jamestown, Stutsman Co., population *4000; buildings, brick and wood, 2 stories. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 900 ft, value of fire department equipment \$3000; total ann expenses of department \$375; total membership 80, volunteers; bell alarm. Chief engineer, J. T. Vennum.

WATER SUPPLY—Source, artesian wells; system, gravity; 16 hydrants, Holly; pipe 1 mile, 4 to 8 in dia; pressure, domestic 90 pounds; water-works owned by city; cost to construct \$11,000; ann expenses \$100; int on bonds 7 per cent. Supt, John F. Vennum; mayor, B. W. Fuller; city clerk, Andrew Blewitt.

Larimore, Grand Forks Co., population 1080; buildings, wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft; total membership 30, volunteers. Chief engineer, A. D. Bangham.

WATER SUPPLY—Source, wells and cisterns; dy cap of cisterns, 54,400 gals. Mayor, W. H. Fellows; city clerk, E. R. Mory.

Lisbon, Ransom Co., population 2000; fire area 400 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 15-barrel water tank on wheels; hose rubber, good 400 ft; value of fire department equipment \$2500; value of buildings occupied \$600; total ann expenses of department \$100; total membership 30, volunteers; 2 engine companies. Chief engineer, Frank Russell.

Mandan, Morton Co., population *2000; buildings, brick and wood, 1 to 3 stories. Fire department—1 hook

and ladder truck, 2 hose carriages; hose rubber, good 2000 ft, inferior 400 ft; value of fire department equipment \$3500; total ann expenses of department \$1000; total membership 50, volunteers; electric alarm connects with steam whistle. Chief engineer, E. C. Rice.

WATER SUPPLY—Source, Heart River; system, direct pumping; Worthington pump; 10 hydrants; pipe 1½ miles, 4 in dia; Ludlow valves; pressure 140, fire pounds; water-works owned by town; cost to construct \$6000; ann expenses \$25. Supt, E. C. Rice; town clerk, J. McGinniss.

Mayville, Traill Co., population 2000; fire area 640 acres; buildings, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 700 ft, inferior 50 ft; value of fire department equipment \$2500; value of buildings occupied \$6000; total ann expenses of department \$150; total membership 32, volunteers; bell alarm. Chief engineer, Benj. P. Welch; chairman of fire and water com, N. D. Nelson.

WATER SUPPLY—Source, artesian wells; 4 cisterns, cap 800 barrels. Town clerk, H. Grenager.

Park River, population 700; fire area 4 blocks; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$3000; value of buildings occupied \$500; total membership 30, volunteers. Chief engineer, Sol. H. Bailey.

Wahpeton, Richland Co., population *2500; mercantile buildings, brick and wood; private, wood, 2 and 3 stories. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose 3000 ft; total membership 100, volunteers; electric and bell alarm. Chief engineer, N. E. Rice.

WATER SUPPLY—Source, Red River of the North; system, direct pumping; Worthington pumping engines, dy cap 1,000,000 gals; 28 hydrants; pipe 5 miles, 4 to 12 in dia; 12 valves, Ludlow; 2 meters, Hersey; quality of water good; pressure, domestic 40, fire 150 pounds; water-works owned by company; cost to construct \$78,500; ann expenses \$6000; int on bonds 6 per cent. Pres, W. A. Seely; supt, E. H. Bishop; mayor, A. Micksche; city clerk, Chas. Bache.

The following place has no fire protection: Carrington, Foster Co., population 500.

OHIO.

Ada, Hardin Co., population *2500. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; 2 hose carriages; hose good 1400 ft; total membership 60, volunteers. Chief engineer, J. W. Karode. **WATER SUPPLY**—Source, 9 cisterns. Town clerk, T. J. Rutledge.

Akron, Summit Co., population *80,000; fire area 44 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines, 1 hook and ladder truck, 4 hose carriages, hose linen good 900 ft, rubber good 5800 ft; 17 horses; value of fire department equipment \$40,000; value of 4 buildings occupied \$25,000; total ann expenses of department \$35,000; total membership 73, paid full time 21, paid part time 52; telegraph alarm. Chief engineer, J. Maunderbach.

WATER SUPPLY—Source, lake and wells; system, pumping to reservoir; Worthington pumping engines, dy cap 5,000,000 gals; 208 hydrants, Mathews; pipe 23 miles, 8 to 16 in dia, Lake Shore; valves Chapman; 80 meters; quality of water good; pressure 30 to 90 pounds; water-works owned by company; cost to construct \$250,000; ann expenses \$8000; int on bonds 6 per cent. Pres of com, Frank Adams; supt, E. A. Lawton; mayor, Wm. Miller; city clerk, Newton Ford.

Alliance, Stark Co., population *9000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 8 chemical extinguishers, 2 hook and ladder trucks, 8 hose carts; hose rubber, good 1760 ft; value of fire department equipment \$3000; total ann expenses of department \$4000; total membership 60, paid full time 1, paid part time 59; bell alarm. Chief engineer, C. A. Goddard.

WATER SUPPLY—Source, Mahoning River; system, pumping to standpipe and direct; Worthington pumping engines, dy cap 1,500,000 gals; 69 hydrants, Coffin; pipe 2½ miles, 4 to 12 in dia, Warren; 25 valves, Coffin, Ludlow; 25 meters, National; quality of water good; settling basin; pressure, domestic 75, fire 100 pounds; water-works

owned by company; cost to construct \$30,000; int on bonds 6 per cent. Pres of com, David Runkle; supt, J. C. Reed; mayor, J. M. Stillwell; city clerk, Thos Caselman.

Amherst, Lorain Co., population 2250. Fire department—1 hand engine, 1 hose carriage; hose rubber and leather, good 800 ft; total membership 60, volunteers. Chief engineer, H. C. Smith.

WATER SUPPLY—Source, 6 cisterns. Town clerk, E. A. Steivold.

Andover, Ashtabula Co., population 1000; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—Several private chemical extinguishers, force pumps and hose.

WATER SUPPLY—Source, wells. Mayor, C. H. Sargent.

Ansonia, Darke Co., population 1000; buildings, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$2000; value of buildings occupied \$5000; total membership 60, volunteers; bell alarm. Chief engineer, O. F. Johnson; chairman of fire and water com, John Gerlach.

Antwerp, Paulding Co., population 1800; fire area 2000 acres; buildings, brick and wood, 1 to 3 stories. Fire department—3 hand engines, 2 hose carriages; hose rubber, good 700 ft, inferior 250 ft; value of fire department equipment \$3500; value of building occupied \$1500; total ann expenses of department \$75 (1885); total membership 30, volunteers; bell alarm. Chief engineer, J. L. Pocock.

WATER SUPPLY—Source, 10 cisterns, cap 15,000 barrels; ann expenses \$25.

Ashland, Ashland Co., population 4000. Fire department—1 steam fire engine, hook and ladder truck, 3 hose carriages; hose rubber, good 1200 ft, leather inferior 300

OHIO—Continued.

ft; total membership 65, volunteers. Chief engineer, P. A. Myers.

WATER SUPPLY—Source, 16 cisterns. Town clerk, Frank Morran.

Ashtabula, Ashtabula Co., population 10,000; fire area 8½ square miles; mercantile buildings, brick and wood, 3 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—3 reserve steam fire engines, 1 reserve hand engine, 4 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages; 2 hose wagons; hose cotton, good 1000 ft, inferior 500 ft, rubber good 8000 ft, inferior 800 ft; value of fire department equipment est \$18,000; value of buildings occupied \$3000; total ann expenses of department \$3500; total membership 118, paid by the hour; bell alarm. Chief engineer, John C. Crosby; chairman fire and water com, F. E. Henry.

WATER SUPPLY—Source, Lake Erie; system, pumping to reservoir and standpipe; 2 Worthington pumping engines, dy cap 3,000,000 gals; 100 hydrants, Ludlow; pipe 12½ miles, 4 to 14 in dia, Addyson; 44 valves, Ludlow; 21 meters, Crown; quality of water fine; filtration sand; pressure 60 pounds; water-works owned by company; cost to construct \$180,000; int on bonds 6 per cent. Pres of com, Theo. Hall; supt, O. B. Clark; mayor, F. C. Moore; village clerk, S. R. Newberry.

Athens, Athens Co., population 3000; mercantile buildings, brick, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck. Town clerk, C. R. Sheldon.

Barnesville, Belmont Co., population 8400, fire area 100 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in limits; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft, inferior 300 ft; value of fire department equipment \$2000; total ann expenses of department \$35; total membership 100, volunteers; bell alarm. Chief engineer, Geo. E. Hilles.

WATER SUPPLY—Source, 18 cisterns, dy cap 10,800 gals. Town clerk, H. E. Barnes.

Batavia, Clermont Co., population 1015; buildings, wood, 1 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber good 400 ft; value of fire department equipment \$800; total membership 60, volunteers; bell alarm.

WATER SUPPLY—Source, cisterns

Bellaire, Belmont Co., population 8325; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; 4 hose carriages; hose rubber, good 3000 ft, inferior 1800 ft; value of fire department equipment \$28,000; value of 4 buildings occupied \$3000; total ann expenses of department \$58,000; total membership 184, volunteers 120; bell alarm.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir and direct; reservoir cap 3,000,000 gals; Lowry, Epping C. & Co. pumping engines, dy cap 5,000,000 gals; 22 hydrants, Lowry, Mathews; pipe, Cassin, 10 miles, 8 to 30 in dia, Wood; valves, Wood, Eddy; 6 meters, Union; quality of water fair; pressure 65 pounds; water-works owned by city; cost to construct \$180,000; ann expenses \$7,000; int on bonds 6 per cent. Pres of com, Geo. Walker; supt, H. G. Wilson; mayor, Samuel McGowan; city clerk, John R. Gow.

Bellefontaine, Logan Co., population 4900; mercantile buildings, brick, 3 stories; private, wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1400 ft, inferior 800 ft; 2 hoses, value \$500; value of fire department equipment \$5000; total ann expenses of department \$1800; total membership 11, paid full time 1, paid part time 2, paid \$1.50 per trip 8. Chief, C. F. Martin.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 11,000,000 gals; 72 hydrants, Mathews; pipe 7 miles; 72 valves, Eddy; 3 meters; pressure 60 pounds; water-works owned by town; cost to construct \$80,000; ann expenses \$800; int on bonds 6 per cent. Supt, C. F. Martin.

Bellevue, Huron Co., population 2800; fire area 400 acres; buildings, wood, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft, inferior 750 ft; value of fire

department equipment \$6500; value of building occupied \$6000; total membership 60, volunteers, paid part-time 1; bell alarm. Chief engineer, H. E. Basford.

WATER SUPPLY—Source, surface water; system, pumping to standpipe; reservoir cap 100,000,000 gals; 2 Knowles pumping engines, dy cap 1,080,000 gals; 18 hydrants, Flower; 7 miles pipe, 4 to 10 in dia, Wyckoff, Lake Shore; 11 valves, Flower; quality of water good; pressure 18 pounds; water-works owned by city; cost to construct \$60,000; ann expenses \$1900; int on bonds 5 per cent. Pres of com, W. H. Eigrich; supt, J. A. Dempsey; mayor, Dr. Landerman; town clerk, E. D. Heale.

Berea, Cuyahoga Co., population 8000; buildings, brick, frame and stone, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 100 ft, rubber good 100 ft, value of fire department equipment \$800; value of buildings occupied \$5000; total ann expenses of department \$50; total membership 35, volunteers; bell alarm. Chief engineer, W. Hermlston.

WATER SUPPLY—Source, river and tank. Town clerk, C. F. Lane.

Bluffton, Allen Co., population 1500; mercantile buildings, main street, brick, 2 stories; private, wood 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 3 small chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, rubber good 50 ft, inferior 180 ft; value of fire department equipment \$1200; value of buildings occupied \$800; bell alarm. Chief engineer, Jos. M. Mumma; chairmen of fire and water com, L. J. Siddall.

WATER SUPPLY—Source, 2 cisterns, cap 885 barrels.

Bolivar, Tuscarawas Co., population 600; fire area 300 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose rubber, good 375 ft; value of fire department equipment \$400; total membership 50, volunteers; bell alarm. Chief engineer, W. E. Lash.

WATER SUPPLY—Source, canal.

Bowling Green, Wood Co., population 2500; buildings, brick and wood, 1½ to 3 stories. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1250 ft; value of fire department equipment \$2000. Chief engineer, G. W. Gaghan.

WATER SUPPLY—Source, wells and cisterns. Mayor, Andrew J. Means; town clerk, E. H. Selkirk.

Brooklyn, Cuyahoga Co., population 4000. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose good 1800 ft; value of fire department equipment \$1200; total membership 20, volunteers; bell alarm.

WATER SUPPLY—Source; Cleveland water-works through meter; Ludlow hydrants; pipe 8 miles, 4 to 8 in dia, Lake Shore; Ludlow valves; 47 meters, Worthington; pressure 60 pounds; water-works owned by village; cost to construct \$14,000; int on bonds 6 per cent. Pres of com, S. Trumbull; mayor, F. E. Bitt; town clerk, H. M. Farnsworth.

Bryan, Williams Co., population 4000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1500 ft; inferior 500 ft; 2 hoses; total membership 28, 2 paid full time, 80 paid part time.

WATER SUPPLY—Source, fountains, 1 reservoir, 30 cisterns. Mayor, John W. Nelson; city clerk, Silas Peoples.

Bucyrus, Crawford Co., population 6000. Fire department—1 steam fire engine, 2 hook and ladder trucks; hose good 8000 ft; total membership 31, paid full time 4, minute men 17. Chief engineer, C. Schell.

WATER SUPPLY—Source, well; system, direct pumping; M. Walker pumping engines, dy cap 3,000,000 gals; 16 hydrants, Holly; pipe 12 miles; Galva valves; pressure, domestic 40, fire 80 pounds; water-works owned by company; cost to construct \$60,000; ann expenses \$600; int on bonds 6 per cent. Pres, J. B. Gormley; supt, Dorsey B. Smith.

Cadiz, Harrison Co., population 2000; fire area 180 acres; mercantile buildings, wood and brick, 3 stories; private, wood and brick, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1400 ft, inferior 800 ft; value of fire department equipment \$7000; total ann expenses of department \$150; total membership 40; paid part time 4, volunteers; bell alarm. Chief engineer, J. C. Glover; chairman of fire and water com, Albert McFadden.

WATER SUPPLY—Source, 7 cisterns, cap 3700 barrels. Town clerk, W. H. Lucas.

Caledonia, Marion Co., population *972; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber good 1000 ft; value of fire department equipment \$5000; total ann expenses of department \$150 (1898); total membership 62, volunteers; bell alarm. Chief engineer, Frederick Busch.

WATER SUPPLY—6 reservoirs, cap 800 barrels; 1 hydrant. Town clerk, L. M. Hipscher.

Cambridge, Guernsey Co., population *8600; fire area 560 acres; mercantile buildings, brick, 1 and 2 stories; private, wood and brick, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hook and ladder trucks, 2 hose carriages; siamese couplings used; hose cotton, good 1500 ft, rubber inferior 800 ft; value of fire department equipment \$3000; total ann expenses of department \$800; total membership 120, paid 1; bell alarm. Chief engineer, F. M. Raymond.

WATER SUPPLY—Source, creek; system, pumping to 9 cisterns; pumping engine dy cap 100 to 150 barrels; town clerk, J. J. Lee.

Canal Dover, Tuscarawas Co., population *8500. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose good 1500 ft; total membership 90, volunteers. Chief engineer, J. C. Shroop.

WATER SUPPLY—Source, Ohio Canal, mill race and Tuscarawas River; 9 cisterns, cap 600 barrels each. Mayor, C. Shaler; town clerk, E. Ameck.

Canal Fulton, Stark Co., population 1196; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; siamese couplings used; hose cotton, good 800 ft, rubber 600 ft; value of fire department equipment \$5000; value of building occupied \$800; total ann expenses of department \$800; total membership 40, paid 8; bell alarm. Chief engineer, Chas. Sorn, Sr.

WATER SUPPLY—Source, canal and river, 8 cisterns, dy cap 2000 gals. Town clerk, Henry Murphy.

Canton, Stark Co., population *29,000. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 5 hose reels; hose rubber, good 5000 ft, inferior 1000 ft; 3 horses; total membership 267, paid full time 9, paid part time 248.

WATER SUPPLY—Source, Mimsbillen Creek and Myers Lake; system, direct pumping; 2 Worthington pumping engines, dy cap 5,000,000 gals; 242 hydrants, Holly, Mathews, Galvin; pipe 30 miles, 8 to 16 in dia, Lake Shore; 211 valves, Ludlow; quality of water good; pressure, domestic 65, fire 120 pounds; water-works owned by city; cost to construct \$300,000; ann expenses \$8000; int on bonds 5 per cent. Pres of com, M. J. Hogan; supt, L. B. Ohliger; mayor, J. F. Blake; city clerk, H. S. Shaub.

Cardington, Morrow Co., population 1500; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft, inferior 200 ft; value of fire department equipment \$7000; value of buildings occupied \$1000; total membership 30, volunteers paid for actual service; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief, T. W. Long; chairman of fire and water com, S. A. Wood.

WATER SUPPLY—Source, wells and cisterns.

Carey, Wyandot Co., population 1600; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted, but seldom used. Fire department—1 hook and ladder truck, buckets; value of fire department equipment \$600; total membership 40, volunteers; bell alarm. Chief, T. W. McClure; chairman of fire and water com, Aaron Ryder.

WATER SUPPLY—Source, stream, wells and cisterns. Town clerk, Henry Hart.

Cedarville, Greene Co., population 1260. Fire department—1 steam fire engine, 1 hand engine, 2 hose carts; hose 1000 ft.

Cellina, Mercer Co., population 1845; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber good 800 ft; inferior 100 ft; 8 horses; value of fire department equipment \$3000; total ann expenses of department \$100; total membership 50, volunteers; bell alarm.

WATER SUPPLY—Source, 12 cisterns. Town clerk, C. C. Gable.

Chagrin Falls, Cuyahoga Co., population *1700.

Fire department—1 hose carriage, 1 force pump; hose rubber good 1000 ft. Town clerk, A. E. Smith.

Chardon, Geauga Co., population 1600; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted on dwellings; fireworks ordinance. Fire department—2 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft, inferior 200 ft; total membership 40, paid part time; bell alarm. Chief engineer, E. D. King; chairman of fire and water com, E. M. Latimer.

Chicago Junction, Huron Co., population *1000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 900 ft, inferior 800 ft; 2 horses; total membership 40, volunteers; bell alarm. Chief engineer, H. M. Sugler.

WATER SUPPLY—Source, cisterns; system, gravity and pumping; 2 reservoirs; pumping engines dy cap 300,000 gals; 12 hydrants; pipe 1 mile; 10 valves; water-works owned by B. & O. R. R. Co. Mayor, D. N. Carpenter; town clerk, J. J. Denison.

Chillicothe, Ross Co., population *13,000; fire area 1450 acres; mercantile buildings, brick, 3½ stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 combination ladder truck with hose reel; 2 hose carriages; hose good 2500 ft; 5 horses; value of fire department equipment \$43,000; value of 8 buildings occupied \$12,000; total ann expenses of department \$6500; total membership 6, paid full time; telegraph alarm; 23 street boxes. Chief engineer, Dan Hammel.

WATER SUPPLY—Source, well on bank Sciota River; system, pumping to reservoir; reservoir cap 8,500,000 gals; 2 Worthington pumping engines, dy cap 8,500,000 gals; 125 hydrants, Mathews; pipe 23 miles, 4 to 16 in dia; Cin. & Newport; Eddy valves; 20 meters, Crown, Empire, Worthington; pressure 95 pounds; water-works owned by company. Pres, Wm. Poland; supt, F. A. Stacey; city clerk, C. A. Malone.

Cincinnati, Hamilton Co., population 850,000; fire area 24 sq. miles; mercantile buildings, brick, stone and iron, 1 to 10 stories; private, brick, stone and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—28 steam fire engines, 2 chemical engines on wheels, 16 chemical extinguishers, 10 hook and ladder trucks, 2 aerial trucks, 40 hose carriages; hose cotton, good 37,500 ft, rubber good 2500 ft; 128 horses; total ann expenses of department \$419,400; total membership 306, paid full time; Gamewell alarm; 325 street boxes. Fire marshal, W. H. Hughes.

WATER SUPPLY (report of 1898)—Source, Ohio River; system, pumping to reservoirs and tanks; 2 reservoirs, cap 6,000,000 gals; pumping engines, dy cap 73,000,000 gals; 1000 hydrants; pipe 24½ miles, 4 to 40 in dia; 1280 meters; pressure, domestic 45 pounds; water-works owned by city; cost to construct \$7,847,895; ann expenses \$273,564; int on bonds 6 to 7 3/10 per cent. Supt, A. G. Moore; city clerk, E. Henderson.

Circleville, Pickaway Co., population 10,000; fire area 300 acres; mercantile buildings, brick, 3 stories; private, wood, 1 to 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 8 hose carriages; hose cotton, inferior 800 ft, rubber good 1500 ft, inferior 200 ft; 4 horses; value of fire department equipment \$3500; value of building occupied \$10,000; total ann expenses of department \$3000; total membership 19, paid full time 4, paid part time 15; telephone alarm; 15 street boxes. Chief engineer, J. M. Baer; chairman of fire and water com, Henry Hirt.

WATER SUPPLY—Source, Darby Creek; system, pumping to standpipe and direct; storage reservoir, cap 14,000,000 gals; Holly pumping engines, dy cap 4,000,000 gals; 100 hydrants, Ludlow; pipe 14 miles, 6 to 16 in dia, Louisville; quality of water good; filter galleries; pressure, domestic 80 to 90, fire 120 to 140 pounds; water-works owned by company; cost to construct \$170,000; ann expenses \$25,000; int on bonds 6 per cent. Pres, C. C. Pomeroy; supt and mayor, W. E. Bolin; city clerk, R. T. Dresbach.

Cleveland, Cuyahoga Co., population *225,005; fire area 1400 acres; mercantile buildings, brick and stone, 2 to 10 stories; private, wood, brick and stone, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—16 steam fire engines (3 in reserve), 3 chemical engines on wheels, 12 chemical extinguishers, 5 hook and ladder trucks (1 in reserve), 15 hose carriages, 1 fireboat; siamese couplings used; hose cotton, good 12,250 ft, rubber 5500 ft; 92 horses; value of fire department equipment

OHIO—Continued.

\$186,000; value of buildings occupied **\$212,000;** total ann expenses of department **\$200,000;** total membership **300;** paid full time; telegraph and telephone alarm; street boxes **180.** Chief engineer, J. W. Dickinson.

WATER SUPPLY (report of 1899)—Source, Lake Erie; system, pumping to reservoirs and direct; 3 reservoirs, cap **124,000,000** gals; Knowles, Worthington pumping engines, dy cap **70,000,000** gals; **2894** hydrants; pipe **276½** miles, 4 to 36 in dia; **5691** valves, Lord, Bowler; **1644** meters, Worthington; pressure **20** to **90** pounds; water-works owned by city; cost to construct **\$5,371,878;** ann expenses **\$100,000;** int on bonds **8½** and **7** per cent. Pres, Geo. S. Paine; supt, J. Whitelaw; mayor, Geo. W. Gardner; city clerk, H. H. Burgess.

Clyde, Sandusky Co., population ***9652;** mercantile buildings, brick **3** stories; private wood, **1** and **2** stories; wooden roofs permitted; fireworks ordinance. Fire department—**1** hand engine, **1** chemical extinguisher, **1** hook and ladder truck, **3** hose carriages; siamese couplings used; hose cotton, good **1000** ft; rubber **1000** ft; value of fire department equipment **\$6500;** value of buildings occupied **\$4500;** total membership **60;** bell alarm. Chief engineer, N. T. Wilder.

WATER SUPPLY—Source, artesian wells; system, direct pumping; storage reservoir; Gordon & Maxwell pumping engines, dy cap **2,000,000** gals; **38** hydrants, Bailey; pipe **41.5** miles; valves Eddy; settling basins; pressure, domestic **20**, fire **100** pounds; water-works owned by city; cost to construct **\$25,000;** ann expenses **\$2800;** int on bonds **6** per cent. Supt, Chas. H. Eaton; town clerk, C. H. Eaton.

Columbiana, Columbiana Co., population **1600;** buildings, wood, **2** stories; wooden roofs permitted. Fire department—**1** hand engine, **1** hook and ladder truck; **1** hose carriage; hose rubber, good **600** ft; total membership **76;** volunteers; bell alarm. Chief engineer, John Stumph.

WATER SUPPLY—Source, cisterns. Town clerk, J. W. Detwiler.

Columbus, Franklin Co., population ***90,000;** fire area **7690** acres; mercantile buildings, brick, **6** stories; private, brick, **2** stories; wooden roofs permitted; fireworks ordinance. Fire department (report of 1899)—**2** steam fire engines, **8** chemical engines on wheels, **2** chemical extinguishers, **8** hook and ladder trucks, **8** hose carriages, all kinds; hose rubber, good **10,000** ft; **28** horses; value of fire department equipment **\$80,000;** value of buildings occupied **\$125,000;** total ann expenses of department **\$57,000;** total membership **51,** paid full time; telegraph fire alarm system; street boxes **67.** Chief engineer, D. D. Tresenider.

WATER SUPPLY—Source, surface water, filter galleries; system, direct pumping; Holly-Gaskill pumping engines, dy cap **18,000,000** gals; **790** hydrants, Holly, Mathews; pipe Ohio, **98** miles, 4 to **24** in dia; **1290** valves, Holly, Ludlow, Eddy; **420** meters, Crown, Hersey; quality of water good; pressure, domestic **60,** fire **115** pounds; water-works owned by city; cost to construct **\$1,819,680;** ann expenses **\$39,000;** int on bonds **4** and **6** per cent. Supt, A. H. McAlpin; mayor, P. H. Bruck; city clerk, Henry E. Bryan.

Columbus Grove, Putnam Co., population ***1800;** buildings, brick and wood, **2** stories. Fire department—**1** hand engine, **2** chemical extinguishers, **1** hook and ladder truck, **1** hose carriage; hose rubber, good **500** ft; value of fire department equipment **\$3000;** value of building occupied **\$500;** total membership **100;** volunteers; bell alarm. Chief engineer, H. J. Saunders.

WATER SUPPLY—Source, cisterns. Town clerk, J. W. Morris.

Conneaut, Ashtabula Co., population ***2500;** mercantile buildings, brick and wood, **8** stories; private, wood, **2** stories; wooden roofs permitted. Fire department—**1** hand engine, **5** chemical extinguishers, **2** hose carriages; hose rubber, good **500** ft; value of fire department equipment **\$3000;** **1** building occupied; total ann expenses of department **\$300;** total membership **40,** paid full time **15,** paid part time **25;** bell alarm. Chief engineer, C. Hayward.

WATER SUPPLY—Source, **20** wells, **1** cistern, cap **1000** barrels; Town clerk, J. R. Stenson.

Covington, Miami Co., population ***2000.** Fire department—**1** steam fire engine; total membership volunteers. Chief engineer, Geo. Drees.

WATER SUPPLY—Source, **10** cisterns, cap **500** barrels. Town clerk, W. F. Maier.

Crestline, Crawford Co., population **4200.** Fire department—**1** hand engine, **2** hook and ladder trucks, **4** hose carriages; hose cotton, good **600** ft; rubber good **1000** ft;

total membership **90,** volunteers. Chief engineer, Fred. Kress.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap **1,500,000** gals; **86** hydrants, Holly, Gaskill; pipe **19** miles; Eddy valves; **1** meter; pressure **55** pounds; water-works owned by city; cost to construct **\$85,000;** ann expenses **\$600;** int on bonds **6** per cent. Pres of trustees, Jos. Zeller; town clerk, David Ogden.

Cuyahoga, Summit Co., population ***2000;** buildings, brick, **2** stories. Fire department—**10** chemical extinguishers, **1** hook and ladder truck, **4** hose carriages; hose rubber, good **1800** ft; value of fire department equipment **\$2500;** total membership **27,** volunteers; steam whistle alarm. Chief engineer, T. A. Carney.

WATER SUPPLY—Source not given; system, direct pumping; **8** Holly pumping engines; **26** hydrants; pipe **1** mile; **13** valves. Town clerk, A. Higgin.

Dayton, Montgomery Co., population **67,500;** fire area **9** square miles; mercantile buildings, brick and stone, **4** stories; private, brick and wood, **2** stories; wooden roofs permitted; fireworks ordinance. Fire department—**4** steam fire engines, **2** chemical engines, **4** chemical extinguishers, **1** hook and ladder truck, **1** aerial truck, **10** hose carriages; **1** telegraph wagon; **2** wagons for chief and assistant; hose cotton, good **12,450** ft; rubber good **1950** ft; **29** horses; value **\$8000;** value of fire department equipment **\$35,471;** value of buildings occupied **\$80,300;** total ann expenses of department **\$45,195;** total membership **64,** paid full time **47,** paid part time **9;** Gamewell alarm; **88** street boxes. Chief engineer, D. C. Larkin; chairman of fire and water, com, M. A. Nippen, Chas. H. Ware, E. F. Pryor, A. C. Nixon.

WATER SUPPLY—Source, **80** 8-inch tube wells; system, direct pumping; Holly pumping engines, dy cap **17,000,000** gals; **556** hydrants, Bourbon, Holly; pipe **58** miles, 4 to **12** in dia, Addyston; **108** meters, Crown, Hersey; quality of water pure; pressure, domestic **60,** fire **120** pounds; water-works owned by city; cost to construct **\$200,000;** ann expenses **\$23,150.** Pres of com, W. H. Odell; supt, Franklin J. Sachs; mayor, J. E. D. Ward; city auditor, Chas. A. Herbig.

Defiance, Defiance Co., population ***7500;** area **2,20** acres; mercantile buildings, brick and stone, **2** and **3** stories; private, brick and wood, **1** and **2** stories; wooden roofs permitted; fireworks ordinance. Fire department—**2** steam fire engines, **1** hook and ladder truck drawn by horse, **3** hose carriages; siamese couplings used; hose rubber and cotton, good **2500** ft; **6** horses; total membership **30,** volunteers, **5** full paid; telephone and bell alarm. Chief appointed by mayor, L. Spring.

WATER SUPPLY—Source, Maumee River; system, pumping to standpipe; Blake pumping engines, dy cap **5,600,000** gals; **143** hydrants, Ludlow; pipe **15** miles, **6** to **18** in dia, Dennis Long & Co.; **50** valves, Chapman, Ludlow; quality of water good; pressure, domestic **60,** fire **100** pounds; cost to construct **\$180,000;** int on bonds **6** per cent. Pres of com, David A. Boody; supt, S. M. Stevens; mayor, F. L. Hay; town clerk, M. B. Gorman.

De Graff, Logan Co., population ***1250;** buildings, brick and wood, **1** to **8** stories; wooden roofs permitted. Fire department—**1** steam fire engine, **1** hook and ladder truck, **3** hose carriages; hose cotton, good **1500** ft; value of fire department equipment **\$6500;** total ann expenses of department **\$600;** **57** volunteer members; bell alarm. Chief engineer, H. P. Runyon.

WATER SUPPLY—Source, wells, cisterns and mill race. Town clerk, J. H. McKinnie.

Delaware, Delaware Co., population **10,000;** fire area **2660** acres; mercantile buildings, brick and stone, **2** and **3** stories; private, wood, brick and stone, **1½** and **2** stories; fireworks ordinance. Fire department—**2** steam fire engines, **1** chemical engine, **4** chemical extinguishers, **1** hook and ladder truck, **2** hose carriages; siamese couplings used; hose cotton, good **1000** ft, linen inferior **500** ft; **5** horses; value of fire department equipment **\$35,000;** value of buildings occupied **\$20,000;** total ann expenses of department **\$3500;** total membership **17;** paid full time **5,** paid part time **12;** telephone and bell alarm. Chief nominated by mayor and appointed by city council, W. E. Moore.

WATER SUPPLY—Source, well, system, pumping to standpipe and direct; reservoir cap **225,000** gals; Deane pumping engines, dy cap **2,000,000** gals; **206** hydrants; pipe **19½** miles, 4 to **18** in dia; **118** valves; **89** meters, Hersey, Crown; pressure **60** to **150** pounds; water-works owned by company. Pres of com, John T. Moffet; supt, S. A. Harper; mayor, Henry Culver; city clerk, John Evans.

Delphos, Allen Co., population ***5000;** fire area **950** acres; buildings, brick and wood, **2** to **4** stories. Fire department—**2** steam fire engines, **1** hand engine, **1** hook and ladder truck, **3** hose carriages; siamese couplings used; hose rubber, good **2800** ft; value of fire department equip-

ment \$11,000; value of building occupied \$15,000; 75 volunteer members. Chief elected by council, F. Raus-hard.

WATER SUPPLY—Source, canal, creek, 17 cisterns. City clerk, J. M. Kollsmith.

Delta, Fulton Co., population 1700. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 900 ft; 75 volunteer members. Chief engineer, M. S. Sargent.

WATER SUPPLY—Source, cisterns.

Dennison, Tuscarawas Co., population 3000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hand engine, 2 chemical engines, 19 chemical extinguishers, 1 hook and ladder truck, 3 hand hose carts; 6 automatic hose reels; hose cotton, good 2000 ft; value of fire department equipment \$8000; value of buildings occupied \$3000; 80 volunteer members; Gamewell alarm; 6 street boxes; 4 fire companies. Chief engineer, C. A. Spooner.

WATER SUPPLY—1 reservoir; 90 to 100 pounds pressure; water-works recently constructed, not described.

Dunkirk, Hardin Co., population *2000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, inferior 500 ft, rubber good 800 ft, inferior 800 ft. Chief, J. P. Woods.

WATER SUPPLY—Source, 14 cisterns, cap 1800 barrels. Town clerk, J. P. Woods.

East Liverpool, Columbiana Co., population *11,000. Fire department—1 hook and ladder truck, 3 hose carriages; hose good 2500 ft; 3 horses; 40 volunteer members, 16 paid; telegraph alarm; 8 street boxes. Chief engineer, N. A. Frederick.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir and direct; reservoir cap 2,500,000 gals; Gordon and Maxwell pumping engines, dy cap 1,500,000 gals; 50 hydrants; pipe 17 miles, 4 to 12 dia; Eddy gates; 6 meters. Worthington; pressure 85 pounds; water-works owned by village; cost to construct \$35,000; ann expenses \$4500. Pres of com, N. A. Frederick; supt, Phil. Morley; town clerk, Wm. Griggs.

East Palestine, Columbiana Co., population 1047; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical engines, 4 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 500 ft; value of fire department equipment \$1300; total ann expenses of department \$50; 36 volunteer members; bell alarm. Chief engineer, J. R. Hays.

WATER SUPPLY—Source, wells. Town clerk, H. A. Gray.

Eaton, Preble Co., population *4000; fire area 500 acres; buildings, wood, 2 stories; shingle roofs. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose linen, good 800 ft, inferior 500 ft, rubber good 1100 ft; value of fire department equipment \$6500; value of building occupied \$7000; total ann expenses of department \$300; 35 paid members; bell alarm. Chief elected by company, J. A. Hubbell.

WATER SUPPLY—Source, 13 cisterns. Mayor, A. C. Risinger; town clerk, J. N. Silver. The construction of water-works is being considered.

Edgerton, Williams Co., population *950. Fire department—1 hand engine, 1 chemical engine, 1 hose carriage, 1 force pump; hose rubber, good 100 ft; 28 volunteer members.

WATER SUPPLY—Source, 8 cisterns; 1 hydrant.

Elmore, Ottawa Co., population *1500. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 500 ft; 65 volunteer members. Chief engineer, G. W. Galland.

WATER SUPPLY—Source, 10 cisterns. Town clerk, E. Tankey.

Elyria, Lorain Co., population 6000; fire area 1600 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 500 ft, rubber good 2000 ft; value of fire department equipment \$8000; value of buildings occupied \$30,000; total ann expenses of department \$1000; total membership 75, paid part time; bell alarm; 1 hook and ladder company, 5 hose companies. Chief engineer, John Hafner; chairman of fire and water com, Fred. Haserodt.

WATER SUPPLY—Source, Black River; system, pumping to tank; Worthington pumping engines, dy cap 2,500,000 gals; 60 hydrants, Matthews; pipe 10 miles. Wood; 60 valves, Ludlow; pressure, domestic 34, fire 100

pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$3681; int on bonds 7 per cent. Pres of com, Geo. H. Ely; supt, D. M. Clark; mayor, P. H. Boynton; town clerk, L. C. Kelsey.

Fayette, Fulton Co., population *1000; buildings, brick, 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage, ladders; hose rubber, good 500 ft; value of fire department equipment \$1200; expenses in 1898 \$36; 24 volunteer members; bell alarm. Chief engineer, E. T. Pierce.

WATER SUPPLY—Source, 18 reservoirs filled from buildings. Clerk for council, Frank Wood.

Felicity, Clermont Co., population 1200; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 2 stories; shingle and tin roofs. Fire department—3 hand engines, 1 aerial truck, 2 hooks, 6 ladders; hose rubber 800 ft; value of fire department equipment \$450; total ann expenses of department \$25; 1 paid member. Chief engineer, N. J. Frames.

WATER SUPPLY—Source, wells.

Findlay, Hancock Co., population 25,000; fire area 24 sq. miles; mercantile buildings, brick and stone 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 hand engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose wagons; hose cotton, good 2000 ft, inferior 500 ft, rubber good 800 ft; 11 horses, value \$3500; value of fire department equipment \$17,000; value of buildings occupied \$5000; total ann expenses of department \$700; total membership 61, paid full time 11, volunteers 40; Gamewell alarm. Fire engineer, Murray Waltram; chairman of fire and water com, Dr. F. H. Marical.

Forest, Hardin Co., population 1600; fire area 500 acres; mercantile buildings, wood, brick and stone, 3 and 4 stories; private, hard wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$145; value of building occupied \$100; total ann expenses of department \$50; 36 volunteer members; bell alarm. Chief engineer, E. I. Hasman; chairman of fire and water com, M. Myres.

Fostoria, Seneca Co., population 8000; fire area 2 miles square; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 8150 ft, rubber good 900 ft; 3 horses, value \$950; value of fire department equipment \$15,000; value of buildings occupied \$10,000; expenses for year ending April 1st, 1899, \$2009; 6 men paid full time, 28 paid part time. Chief engineer, J. W. Mickey.

WATER SUPPLY—Source, 14 cisterns and well. Water-works in course of construction; will be completed in October. Town clerk, J. M. Schatzell.

Frankfort, Ross Co., population 900; fire area 75 acres; mercantile buildings, brick 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck. Chief engineer, W. D. Voshier.

Franklin, Warren Co., population 3500. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton and rubber, good 1500 ft; 2 horses; total membership 16, paid part time. Chief engineer, W. H. Dial.

WATER SUPPLY—Source, 6 driven wells; system, direct pumping; Holly, Gaskill pumping engines, dy cap 1,500,000 gals; 60 hydrants, Matthews; pipe 6 miles; Eddy valves; taps 50; pressure 40 to 100 pounds; cost to construct \$45,000; int on bonds 5 per cent. C. W. Anderson, Wm. Michaels, N. W. Earhart, trustees; town clerk, John A. Reese.

Fredericktown, population 1000; fire area 140 acres; mercantile buildings, wood and brick, 1, 2 and 3 stories, private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 600 ft; value of buildings occupied \$2000; total membership 12, paid full time; bell alarm. Chief engineer, J. G. Davis; chairman of fire and water com, J. M. Axtell.

Fremont, Sandusky Co., population *10,000; fire area 2560 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 hose cart; hose cotton rubber lined, good 800 ft, rubber good 500 ft, 2

OHIO—Continued.

horses; value of fire department equipment \$5000; total membership 9, paid full time. Chief engineer, C. F. Reiff.

WATER SUPPLY—Source, springs and gravel beds; system, pumping to standpipe and direct; reservoir cap 2,500,000 gals; Knowles pumping engines, dy cap 4,000,000 gals; 112 hydrants, Mathews; pipe 11½ miles, 4 to 18 in dia; 90 valves, Ludlow; 8 meters, Hersey, Crown, Union; quality of water good hard; pressure, domestic 50, fire 75 to 80 pounds; water-works owned by city; cost to construct \$145,000; ann expenses \$4000; int on bonds 5 per cent. Supt, C. F. Reiff; mayor, H. B. Smith; city clerk, John Goltz.

Gallion, Crawford Co., population 5685; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hand engine, 4 hose carriages; siamese couplings used; hose cotton, good 400 ft; rubber good 1000 ft, inferior 300 ft; value of fire department equipment \$7450; value of 2 buildings occupied \$8000; total membership 83; paid full time; 6, paid part time 7; volunteers 70; Gamewell alarm.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; Deane pumping engines, dy cap 1,500,000 gals; 100 hydrants, Chapman; pipe 11 miles, 4 to 12 in dia; 40 valves, Chapman; quality of water pure; pressure 40 pounds; water-works owned by company; cost to construct \$100,000 gals; int on bonds 6 per cent. Pres, I. H. Green; mayor, A. C. Squier; city clerk, C. F. Eise.

Gallipolis, Gallia Co., population 4400; fire area 126 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 3000 ft, inferior 500 ft; 2 horses; value of building occupied \$1000; total ann expenses of department \$1500; total membership 55; paid full time 1, paid part time 8; bell alarm.

WATER SUPPLY—Source, Ohio River; 20 cisterns, cap 1000 to 1500 barrels.

Garrettsville, Portage Co., population 1000; mercantile buildings, wood, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose linen, good 950 ft; value of fire department equipment \$2500; total ann expenses of department \$150; total membership 38, volunteers, paid for service; bell alarm. Chief engineer, J. C. Lampson; chairman of fire and water com, S. M. Luther.

WATER SUPPLY—Source, river; system, pumping to standpipe; 8 reservoirs, cap 500 barrels each. Town clerk, E. L. Davis.

Geneva, Ashtabula Co., population 3000; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1000 ft; 2 horses; value of fire department equipment \$10,000; value of building occupied \$11,000; total ann expenses of department \$500; total membership 30, paid part time; bell and electric alarm. Chief engineer, W. H. Munger.

WATER SUPPLY—Source, 10 wells, dy cap 6500 barrels; city clerk, F. B. Wetmore.

Genoa, Ottawa Co., population 980; fire area 150 acres; buildings, brick and wood. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 500 ft, rubber good 250 ft; value of fire department equipment \$1500; total membership 35, volunteers; bell alarm. Chief engineer, S. H. Burgess.

WATER SUPPLY—Source, cistern, cap 500 barrels; wells. Town clerk, G. H. Foster.

Georgetown, Brown Co., population 1500; fire area 320 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 900 ft, inferior 100 ft; value of fire department equipment \$2500; value of buildings occupied, \$200; total membership 40, volunteers; bell alarm. Chief, G. C. Reissinger.

WATER SUPPLY—Source, cisterns and wells. Town clerk, R. E. Campbell.

Germantown, Montgomery Co., population 1800; fire area 500 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; hose cotton and rubber, good 1000 ft; value of fire department equipment \$8000; value of building occupied \$1500; total ann expenses of department \$300; total

membership 70, paid 2; bell alarm. Chief engineer, Adam Frank.

WATER SUPPLY—Source, 7 wells; system, pumping to 9 cisterns; pumping engines, dy cap 84,000 gals. City clerk, J. C. Schaeffer.

Girard, Trumbull Co., population 2000; buildings, wood and brick. No organized fire department—1 hand engine, 1 bucket brigade; hose rubber, good 100 ft; bell alarm.

WATER SUPPLY—Source, cisterns, wells and river.

Glendale, Hamilton Co., population 1850. Fire department—1 chemical engine on wheels; total membership 60.

Greenfield, Highland Co., population 2400; fire area 500 acres; buildings, wood and brick, 2 and 3 stories. Fire department—4 chemical extinguishers, 1 hook and ladder truck; bell alarm.

WATER SUPPLY—Source, wells and cisterns.

Green Spring, Seneca Co., population 1300. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages; hose rubber, good 1000 ft; total membership 25, volunteers. Chief engineer, H. Parker.

WATER SUPPLY—Source, 4 cisterns; 1 reservoir. Town clerk, D. McConnell.

Greenville, Darke Co., population 5000. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; hose good 1500 ft, inferior 500 ft; total membership 55, paid full time 4, volunteers 51; Gamewell alarm. Chief engineer, Z. T. Dorman.

WATER SUPPLY—Source, 8 cisterns, 7 wells. Mayor, Halleck Rupe; city clerk, Wm. Sullivan.

Greenwich, Huron Co., population 800; fire area 11 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 to 2 stories; wooden roofs permitted. No fire department; 1 hook and ladder truck. Mayor, L. E. Barker.

Hamilton, Butler Co., population 15,000. Fire department—3 steam fire engines, 2 hand engines, 1 hook and ladder truck, 8 hose carriages; hose rubber, fair 6000 ft; total membership 47, paid part time; telegraph alarm; street boxes 31. Chief engineer, D. Lingler.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir and direct; reservoir cap 6,708,885 gals; Gordon pumping engines, dy cap 8,000,000; 236 hydrants, Mathews; pipe, Newport, 30 miles, 4 to 20 in dia; 80 meters, Worthington, Crown, Union, Hersey; pressure, 85 to 90 pounds; water-works owned by city; cost to construct \$380,000; ann expenses \$8000; int on bonds 5 per cent. Pres of com, Jos. J. Pater; supt, R. N. Andrews; mayor, John Dirk; city clerk, J. J. McMakin.

Harmar, Washington Co., population 1572; buildings, wood and brick 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hose carriage; hose rubber 1500 ft, good 1000 ft; value of fire department equipment \$5500; value of buildings occupied \$2000; total ann expenses of department \$300; total membership 25, paid 3; bell alarm. Chief engineer, Geo. Stephens.

WATER SUPPLY—Source, river; 5 cisterns, dy cap 12,000 gals. Town clerk, W. Judd.

Harrison, Hamilton Co., population 2800; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft, leather good 250 ft, inferior 250 ft; value of fire department equipment \$5000; value of buildings occupied \$17,000; total ann expenses of department \$200; total membership 50, volunteers; bell alarm. Chief engineer, Wm. Rupp; chairman of fire and water com, W. T. Bartollette.

WATER SUPPLY—Source, 14 cisterns, cap 15,000 gals each. City clerk, Henry O. Campbell.

Hartwell, Hamilton Co., population 2500; mercantile buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand hook and ladder truck; total membership 51, volunteers; bell alarm. Chief fire marshal, Henry A. Hills; chairman of fire and water com, Wm. Burnes.

Hillsboro, Highland Co., population 4000; fire area 1000 acres; mercantile buildings, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings; hose cotton, inferior 200 ft, rubber good 3000 ft, inferior 3000 ft; 2 horses; value of fire department equipment \$7700; value of 2 buildings occu-

pled \$6000; total ann expenses of department \$3000; total membership 28, paid full time 8, paid part time 25; Gamewell alarm; 10 street boxes. Chief engineer, C. F. Doner.

WATER SUPPLY—Source, 4 ponds, 41 cisterns; system, pumping to cisterns in dry weather, when not filled from roofs. Town clerk, N. H. Ayers.

Hubbard, Trumbull Co., population 1511; buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 150 ft, rubber good 175 ft; total membership 30, volunteers; bell alarm. Chief engineer, Geo. Terry.

WATER SUPPLY—Source, wells, streams and private reservoir. Town clerk, R. J. Roberts.

Hudson, Summit Co., population 1817. Fire department—1 hand engine, 6 chemical extinguishers, 1 hose carriage; hose rubber and leather, good 486 ft; total membership 45, volunteers. Chief engineer, C. S. Witty.

WATER SUPPLY—Source, 13 cisterns. Town clerk, A. N. Waite.

Ironton, Lawrence Co., population 14,000; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 6 hose carriages; hose rubber, 2800 ft; total membership 65, volunteers. Chief engineer, Wm. George.

WATER SUPPLY—Source, Ohio River; system, direct pumping; Holly and McGowan pumping engines, dy cap 2,500,000 gals; 161 hydrants, Holly; pipe 18 miles, 4 to 12 in dia, Ohio; 70 valves, Ludlow, Scott; quality of water soft; pressure, domestic 48, fire 90 pounds; water-works owned by city; cost to construct \$160,000; ann expenses \$7000; int on bonds 4 and 8 per cent. Pres of com, W. C. Frailey; supt, E. Lawton; mayor, John M. Corns; city clerk, Halsey C. Burr.

Jackson, Jackson Co., population 5000. Fire department—2 steam fire engines, 8 hose carriages; hose rubber, good 1500 ft, inferior 800 ft; total membership 9, volunteers. Chief engineer, John Harding.

WATER SUPPLY—Source, 17 cisterns. Town clerk, J. S. Johnson.

Jamestown, Greene Co., population 1200; buildings, brick, stone and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$300; total membership 38, paid part time 1; bell alarm. Chief engineer, F. W. Ogam.

WATER SUPPLY—Source, wells; 6 cisterns, cap 400 barrels each. Town clerk, W. K. Shiffette.

Jefferson, Ashtabula Co., population 1500; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 100 ft, rubber good 200 ft, inferior 100 ft; value of fire department equipment \$1000; value of building occupied \$16,000; total ann expenses of department \$25; total membership 33, volunteers. Chief engineer, D. S. Dowling.

WATER SUPPLY—Source, wells and 6 cisterns. Village clerk, D. L. Crosby.

Kent, Portage Co., population 4000. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1800 ft; total membership 90, paid part time 1, paid for services \$80. Chief engineer, D. M. Marshall.

WATER SUPPLY—Source, Plum Creek; system, pumping to standpipe and direct; storage reservoir cap 10,000,000 gals; Holly-Gaskill pumping engines, dy cap 3,000,000 gals; 77 hydrants, Holly; pipe 8 miles; valves Holly; pressure, domestic 100, fire 150 pounds; water-works owned by company; ann expenses \$2900; int on bonds 6 per cent. Pres, A. N. Martin; supt, A. B. Young; city clerk, J. O. Smith.

Kenton, Hardin Co., population 7000; fire area 278 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1200, inferior 1000 ft; 4 hoses, value \$300; value of fire department equipment \$3000; value of buildings occupied \$12,000; total ann expenses of department \$3000; total membership 22, paid part time 30, volunteers 18; electric connection with water-works. Chief, W. M. Young.

WATER SUPPLY—Source, well; system, direct pumping; Holly-Gaskill and others pumping engines, dy cap 1,500,000 gals; 71 hydrants; pipe 8 miles, 8 to 14 in dia; 10

valves; 3 meters; pressure, domestic 60, fire 85 pounds; water-works owned by city; cost to construct \$34,000; ann expenses \$3600; int on bonds 6 per cent. Pres, W. W. Young; supt, Lewis Fisher; city clerk, M. Smith.

Kingsville, Ashtabula Co., population 4000; buildings, wood. No organized fire department—Ladders, etc. M. K. Lockwood.

WATER SUPPLY—Source, wells and cisterns.

Lancaster, Fairfield Co., population 4800; fire area 2560 acres; buildings, stone, wood and brick, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hook and ladder truck, 4 hose carriages; value of fire department equipment \$15,000; value of buildings occupied \$3000; total ann expenses of department \$3000; total membership 75, part paid; bell alarm. Chief engineer, Louis Mayer.

WATER SUPPLY—Source, gallery and well; system, pumping to tank; Worthington pumping engines, dy cap 1,200,000 gals; 66 hydrants, Chapman; pipe, Cin. & Newport, 6 miles, 6 to 12 in dia; valves; meters; pressure 55 pounds; water-works owned by city; cost to construct \$46,801; ann expenses \$2000. Chairman of com, J. B. Orman; mayor, H. Cannon; city clerk, G. W. Trimble.

Larne, Marion Co., population 1800; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1000 ft; value of fire department equipment \$3000; value of buildings occupied \$300; total ann expenses of department \$180; total membership 80, volunteers; bell alarm. Chief engineer, J. B. Halstead.

WATER SUPPLY—Source, river, tanks and 7 cisterns; cap of cisterns 25,000 gals dy; 8 hydrants; pipe 4 in dia. Town clerk, A. J. Manley.

Lebanon, Warren Co., population 3000; fire area 40 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 3000 ft, inferior 500 ft, leather inferior 300 ft; value of fire department equipment \$10,000; total ann expenses of department \$500; total membership 102, paid full time 8, volunteers, 100; bell alarm. Chief engineer, E. Siller; chairman of fire and water com, Ben Yeager.

WATER SUPPLY—Source, cisterns. Town clerk, Matt Gustin.

Leipsic, Putnam Co., population 1850; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—Buckets, axes, hooks and ladders; value of fire department equipment \$100.

WATER SUPPLY—Source, cisterns, cap 500 barrels each; 2 hydrants supplied by tank, cap 25 barrels. Town clerk, W. A. Kohler.

Lima, Allen Co., population 17,000. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 8600 ft; 5 hoses; total membership 19, paid full time 4, call men 15. Chief engineer, J. Hubbard.

WATER SUPPLY—Source, surface water; system, gravity to storage reservoir, thence direct pumping; reservoir cap 140,000,000 gals; Holly pumping engines, dy cap 6,000,000 gals; 173 hydrants, Ludlow, Mathews; pipe 24 1/2 miles, 4 to 30 in dia, Cin. & Newport; 266 valves, Ludlow; 12 meters, Worthington; quality of water good; pressure domestic 30, fire 70 pounds; water-works owned by city; cost to construct \$388,000; ann expenses \$6000; int on bonds 5 per cent. Pres of trustees, W. H. Lamberton; supt, D. E. Fitz; mayor, Ira Longworth.

Logan, Hocking Co., population 2900. Fire department—1 steam fire engine; hose rubber, good 2000 ft; total membership 90, volunteers. Chief engineer, R. O. Kittsmiller.

WATER SUPPLY—Source, canal; 4 cisterns, cap 2700 barrels. Town clerk, G. G. Gage.

London, Madison Co., population 8500; fire area 1440 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; siamese couplings used; hose cotton, good 2000 ft; 4 hoses; value of fire department equipment \$3000; 1 building occupied; total membership 30, paid full time 5, paid part time 25. Chief engineer, J. M. Boyer.

WATER SUPPLY—Source, river; system, pumping to 14 cisterns. Town clerk, W. Furgeson.

Lorain, Lorain Co., population 5000. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber 1300 ft; total membership 60, paid. Chief engineer, F. A. Parke.

OHIO—Continued.

WATER SUPPLY—Source, Lake Erie; system, direct pumping; Walker pumping engines, dy cap 1,000,000 gals; 42 hydrants; pipe 7 miles; 1 meter; pressure, domestic 65, fire 180 pounds; water-works owned by town; cost to construct \$47,000; ann expenses \$2500; int on bonds 6 per cent. Pres of trustees, John Stang; supt, J. D. Stack; town clerk, John Stack.

Londonville, Ashland Co., population 1872; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1400 ft, rubber good 1800 ft; value of fire department equipment \$3000; total membership 70, volunteers; bell alarm. Chief engineer, J. B. Human.

WATER SUPPLY—Source, 13 cisterns, cap 800 barrels each. Town clerk, J. Frankheiser.

Louisville, Stark Co., population *1500; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine; bell alarm. Chief engineer, L. J. Hang.

WATER SUPPLY—Source, cisterns. Town clerk, F. E. Favret.

Loveland, Clermont Co., population 1000; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; roofs mostly iron. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft, rubber good 400 ft; value of fire department equipment \$3800; value of building occupied \$15,000 (town hall); total ann expenses of department \$75; total membership 98, volunteers; bell alarm. Chief, Wm. Voris; chairman of fire com, Ed. Hurf.

WATER SUPPLY—Source, river and cisterns. Town clerk, J. R. Anderson.

Lyons, Fulton Co., population 219. No organized fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber 1850 ft. E. P. Cole.

WATER SUPPLY—Source, canal; 4 cisterns, 8 have cap of 1000 barrels each; 1, cap of 1500 barrels. Town clerk, F. A. Slater.

McArthur, Vinton Co., population 1000; mercantile buildings, brick, tin and slate roofs, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, buckets, hooks and ladders. Mayor, John A. Higgins.

McComb, Hancock Co., population *1400; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; 4 horses; value of fire department equipment \$5000; total membership 80, volunteers; bell alarm. Chief engineer, T. C. Meiser.

WATER SUPPLY—Source, cisterns. Town clerk, E. A. Cook.

McConnellsville, Morgan Co., population *2000. Bucket brigade.

WATER SUPPLY—Source, river, cisterns. Town clerk, W. O. Fouts.

Madison, Lake Co., population *1500; buildings, brick and wood, 2 stories. Fire department—6 chemical extinguishers.

WATER SUPPLY—Source, wells and cisterns. Mayor, F. P. Miller; town clerk, F. C. Allen.

Manchester, Adams Co., population 2000; buildings, wood and brick. Fire department—1 hook and ladder truck, 24 rubber buckets; value of fire department equipment \$150. Sec, C. W. Galbraith.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. A. Perry.

Mansfield, Richland Co., population 15,000; fire area 200 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limit; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose cotton, good 8500 ft, rubber inferior 800 ft; 6 horses, value \$1500; value of fire department equipment \$15,000; value of buildings occupied \$20,000; total ann expenses of department \$8000; total membership 15, paid full time 6, paid part time 10; Gamewell alarm; 28 street boxes. Chief engineer, Geo. Knofflock.

WATER SUPPLY—Source, 2 springs, 10 artesian wells; system, direct pumping; Holly, Gordon and Maxwell pumping engines, dy cap 8,500,000 gals; 180 hydrants, Holly, Mathews; pipe 22 miles, 4 to 16 in dia; 116 valves; quality of water excellent; pressure, domestic 96 to 100, fire 115 to 125 pounds; cost to construct \$199,000; ann expenses \$5914; int on bonds 6 per cent. Pres of com, A.

C. Cummins; supt, Wm. Ritter; mayor, R. B. McCrory; city clerk, J. Y. Glesener.

Marletta, Washington Co., population *6000; mercantile buildings, brick, 3 stories; private, brick, stone and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 6 hose carriages; siamese couplings used; hose rubber, good 3000 ft, inferior 1000 ft; 2 buildings occupied; total membership 100, volunteers; telephone and bell alarm. Chief engineer, Henry Best.

WATER SUPPLY—Source, river; system, pumping to 22 cisterns by steamer. Town clerk, Geo. Weser.

Marion, Marion Co., population 8000; fire area 3000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton 2400 ft; 3 horses; total membership 65, paid full time 8, paid part time 62; bell alarm. Chief engineer, Wm. Fies.

WATER SUPPLY—Source, gravel bed; system, pumping to standpipe and direct; Deane pumping engines, dy cap 8,000,000 gals; 148 hydrants, Coffin; pipe 14½ miles, 4 to 16 in dia, Lake Shore; Rensselaer valves; quality of water good; pressure, domestic 55, fire 100 to 125 pounds. Pres, C. C. Reid; supt, H. C. Stillwell; town clerk, H. M. Asai.

Martin's Ferry, Belmont Co., population 8000; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1200 ft; value of buildings occupied \$1000; total ann expenses of department \$500; total membership 70, volunteers; bell and whistle alarm; 1 hook and ladder company, 8 hose companies. Chief engineer, A. R. Ong; chairman of fire and water com, J. A. Bayless.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir and direct; reservoir cap 2,800,000 gals; Gordon & Maxwell pumping engines, dy cap 1,000,000 gals; 71 hydrants, Bourbon; pipe, 12½ miles, 4 to 12 in dia. Addystone; 186 valves, Ludlow, Rensselaer; 3 meters, Worthington; quality of water good, clear; pressure 65 to 115 pounds; water-works owned by city; cost to construct \$140,000; ann expenses \$2800; int on bonds 5 per cent. Pres of com, Stephen Hopkins, Jr.; supt, Chas. S. Moore; mayor, M. R. Smiley; city, town or village clerk, R. F. Alender.

Marysville, Union Co., population *3500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; tin and iron roofs. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose wagon; siamese couplings used; hose cotton good 1000 ft, rubber good 800 ft; 3 horses; value of fire department equipment \$15,000; value of building occupied \$17,000; total ann expenses of department \$3000; total membership 28, paid full time 3, paid part time 20; electric alarm. Chief engineer, Geo. W. Fox.

WATER SUPPLY—Source, wells, springs, creek; system, pumping to cisterns by steamer. Mayor, Marion Hopkins; town clerk, L. G. English.

Maillon, Stark Co., population 6636. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 3000 ft; total membership 140, volunteers. Chief engineer, S. Fritz.

WATER SUPPLY—Source, Sippo Lake; system, pumping to standpipe; Blake pumping engines, dy cap 1,000,000 gals; 160 hydrants, Ludlow; pipe, McNeal, 17 miles; Ludlow valves; 9 meters; pressure, domestic 75, fire 150 pounds; water-works owned by company; cost to construct \$287,500; ann expenses \$4300; int on bonds 6 per cent. Pres, E. Woltmann; supt, A. W. McCallum; town clerk, I. R. White.

Maumee, Lucas Co., population 1780. No fire department—1 hand engine.

WATER SUPPLY—Source, river and canal.

Mechanicsburg, Champaign Co., population 2000; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 to 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck; business houses have hand grenades; value of fire department equipment \$500; total ann expenses of department \$100; total membership 80, volunteers; bell alarm. Chief engineer, J. W. Needham.

WATER SUPPLY—Source, cisterns, dy cap 500 gals. Town clerk, F. E. Shepherd.

Medina, Medina Co., population *2800. Fire department—1 steam fire engine, 1 hook and ladder truck, 2

hose carriages; hose rubber, good 800 ft; 2 horses; total membership 66, paid 1, volunteers 65. Chief engineer, H. N. Brinard.

WATER SUPPLY—Source, 19 cisterns, wells and tank; hydrants, R. D. Wood & Co.; pipe 8 and 10 in dia. Supt, W. N. Hickox; town clerk, H. Goodwin.

Mendon, Mercer Co., population 620; buildings, wood, 1 and 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$250; total membership 23, volunteers; bell alarm.

WATER SUPPLY—Source, river and cisterns. Village clerk, J. H. Moore.

Miamisburgh, Montgomery Co., population *8800; fire area 800 acres; buildings, brick and wood, 1 to 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 3000 ft, leather good 1000 ft; value of fire department equipment \$3000; value of building occupied \$8000; total ann expenses of department \$76; total membership 80, volunteers. Chief engineer, John Risson.

WATER SUPPLY—Source, canal and river. Town clerk, A. C. Schell.

Middleport, Meigs Co., population *8500; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages, hose rubber, good 1500 ft, inferior 800 ft; 2 horses; total ann expenses of department \$80 (1888); bell alarm. Chief engineer, T. J. Gardner.

WATER SUPPLY—Source, river and cisterns.

Middletown, Butler Co., population *5800; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; shingle and metal roofs. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 3000 ft, rubber 1000 ft; total ann expenses of department \$44; total membership 24, paid full time 14, paid part time 10; telephone alarm. Chief, Wm. Barnett.

WATER SUPPLY—Source, well; system, direct pumping; Holly, Smith-Vaile pumping engines, dy cap 3,000,000 gals; 75 hydrants; pipe 12 miles; 1 meter; pressure, domestic 43, fire 90 pounds; water-works owned by town; cost to construct \$74,000; ann expenses \$1800; int on bonds 5 per cent. Supt, L. Goff; town clerk, Jas. V. Bonnell.

Milan, Erie Co., population 797; fire area 310 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, several private chemical extinguishers, 1 hose carriage; hose leather, good 800 ft; value of building occupied \$300; bell alarm.

WATER SUPPLY—Source, surface water; system, gravity from infiltration reservoir; Hughes' pumping engines, dy cap 1,000,000 gals; 23 hydrants, Mathews; pipe, Lake Shore, 3 miles, 4 to 8 in dia; 10 valves, Eddy; pressure, domestic 75, fire 150 pounds; water-works owned by village; cost to construct \$15,000; int on bonds 5 per cent. Supt, H. Kelly; mayor, Geo. R. Curtis; town clerk, Malkby Smith.

Millersburg, Holmes Co., population 2500; fire area 200 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 1 and 2 stories; slate roofs, fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft, inferior 800 ft, leather good 500 ft, linen good 500 ft; value of fire department equipment \$4500; value of buildings occupied \$15,000; total membership 140, volunteer. Chairman of fire com, R. M. Cameron.

WATER SUPPLY—Source, cisterns. Village clerk, J. G. Walkup.

Minerom, Vinton Co., population 1500; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hose carriages; hose good 800 ft; value of fire department equipment \$12,000; total membership 20; bell alarm.

WATER SUPPLY—Source, creek; steam pump. Town clerk, Wm. Unger.

Minerva, Stark Co., population 1500; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; shingle and slate roofs. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 800 ft, rubber good 600 ft; value of buildings occupied \$600; total membership 25, volunteers; bell alarm. Chief, T. J. Perdue; chairman of fire and water com, O. W. Kurtz.

WATER SUPPLY—Source, well on bank of creek, also creek; system, pumping to tank; Smith-Vaile pumping engines, dy cap 750,000 gals; 25 hydrants, Mathews; pipe 2½ miles; pressure 65 pounds; water-works owned by city; cost to construct \$12,000; ann expenses \$287; int on

bonds 5 per cent. Pres of com, Geo. F. Yengling; city clerk, O. Morrow.

Minster, Auglaize Co., population *1200. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft; total membership 80, volunteers. Chief engineer, B. Lange.

WATER SUPPLY—Source, canal and cisterns. Town clerk, J. B. Piening.

Monroeville, Huron Co., population 1231; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck; 8 hose carriages; siamese couplings used; hose cotton, good 400 ft, rubber good 1700 ft, inferior 400 ft; value of fire department equipment \$8000; value of building occupied \$300; bell alarm.

WATER SUPPLY—Source, 8 wells, river; 6 reservoirs, dy cap 6000 gals; 1 hydrant.

Montpelier, Williams Co., population *1200; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine; 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$1100; total ann expenses of department \$20 (1888); total membership 40, volunteers; bell alarm. Chief engineer, John Bager.

WATER SUPPLY—Source, river; 2 reservoirs, cap 200 barrels. Town clerk, F. M. Force.

Mt. Gilead, Morrow Co., population 1800. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1500 ft; total membership 60, volunteers. Chief engineer, W. E. Miller.

WATER SUPPLY—Source, 23 cisterns. Town clerk, Geo. E. Young.

Mt. Sterling, Madison Co., population 1200; fire area 60 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, rubber buckets; value of fire department equipment \$175; bell alarm.

WATER SUPPLY—Source, wells. Village clerk, Geo. E. Seliman.

Mt. Vernon, Knox Co., population 7500; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 500 ft, rubber 1500 ft; value of fire department equipment \$15,000; 3 buildings occupied; total ann expenses of department \$4800; total membership 21, part paid; bell and telephone alarm. Chief engineer, L. G. Hunt.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; Worthington pumping engines, dy cap 2,000,000 gals; 91 hydrants, Ludlow; pipe Newport, 13 miles, 4 to 12 in dia; 60 valves, Ludlow, Wood; quality of water best; pressure, 85 to 115 pounds; water-works owned by town; cost to construct \$85,000; ann expenses \$3500; int on bonds 6 per cent. Pres of com, W. A. Boonds; supt, Colin W. Koons.

Napoleon, Henry Co., population 3082; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose linen, good 500 ft, rubber inferior 500 ft; value of fire department equipment \$600; value of building occupied \$10,000; total ann expenses of department \$740; total membership 60, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Josiah Kaller; chairman of fire and water com, Jacob Brown.

WATER SUPPLY—Source, wells; system, pumping to cisterns by steamer. Mayor, David Meekison; city clerk, C. W. Jackson.

Navarre, population 1500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$300; value of buildings occupied \$2000; total membership 24; bell alarm. Chief, Chas. Uhle; chairman of fire and water com, Robt. Gachter.

New Athens, Harrison Co., population 878; buildings, brick and wood, 2 stories; tin, shingle and slate roofs. Fire department—1 hand engine, 4 ladders; hose cotton, good 150 ft; value of fire department equipment \$250; total ann expenses of department \$600. Chief, Ed. Hughes.

WATER SUPPLY—Source not given; system, pumping to tanks; 2 tanks, cap 100 barrels each; pressure 100 pounds. Mayor, J. W. Coffland; town clerk, H. G. Day.

OHIO—Continued.

New Bremen, Auglaize Co., population *1700; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; on new 2 story and business buildings iron roofs required. Fire department—4 hand engines, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1000 ft, rubber good 700, inferior 800 ft; value of fire department equipment \$6000; value of buildings occupied \$3600; total ann expenses of department \$500; total membership 135, volunteers; bell alarm; 4 fire companies. Chief engineer, F. G. Schulte.

WATER SUPPLY—Source, wells, 8 cisterns and canal; Town clerk, J. H. Grothens.

New Comerstown, Tuscarawas Co., population 1200; buildings, brick and wood, 2 stories; metal and slate roofs. Fire department—1 hook and ladder truck; 1 crank pump.

WATER SUPPLY—Source, canal and wells. Mayor, W. R. Crater; town clerk, R. F. Baxter.

New Lexington, Perry Co., population 1387. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck; hose good 1000 ft; total membership 40, volunteers. Chief, Jas. Weiland.

WATER SUPPLY—Source, 8 large cisterns. Town clerk, F. E. Fox.

New Lisbon, Columbiana Co., population 3000; fire area 400 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose leather, good 1000 ft, inferior 500 ft; value of fire department equipment \$2500; value of buildings occupied \$700; total ann expenses of department \$50; total membership 65, volunteers; bell alarm; 2 fire companies. Chief, L. J. Holton; chairman of fire and water com., F. P. Moore.

WATER SUPPLY—Source, 2 artesian wells; system, pumping to reservoir; reservoir cap 400,000 gals; Gordon & Maxwell pumping engines, dy cap 300,000 gals; 37 hydrants, Mathews, Ludlow; pipe $\frac{1}{4}$ miles, largest 10 in dia. Ad-dyston; 2 meters; pressure, domestic 47, fire 115 pounds; water-works owned by town; cost to construct \$40,000; ann expenses \$800; int on bonds 6 per cent. Supt, W. A. Rankin; city clerk, E. A. King.

New London, Huron Co., population 1011. Fire department—1 hand engine.

WATER SUPPLY—Source, wells and cisterns. Town clerk, S. Sackett.

New Philadelphia, Tuscarawas Co., population 5070; fire area 400 acres; mercantile buildings, brick and stone, 2 stories; private, wood, $1\frac{1}{2}$ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 1000 ft, inferior 800 ft, rubber good 500 ft; value of fire department equipment \$1000; total ann expenses of department \$1100; total membership 75, part paid; bell alarm. Chief engineer, S. F. Hensel.

WATER SUPPLY—Source, wells and Tuscarawas River; system, pumping to reservoir; Blake pumping engines, dy cap 2,000,000 gals; 88 hydrants; pipe 8 miles; water-works owned by company; cost to construct \$100,000; int on bonds 6 per cent. Pres, O. P. Taylor; supts, Shark & Sons; city clerk, J. A. Correll.

New Richmond, Clermont Co., population *3000; fire area 720 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, brick, stone and iron, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 2 hose carriages; hose cotton, good 100 ft, rubber good 550 ft, inferior 100 ft; 3 buildings occupied; total ann expenses of department \$300; total membership 80, part paid; bell alarm.

WATER SUPPLY—Source, Ohio River and cisterns. Mayor, L. M. Dawson; town clerk, C. T. Bainum.

New Straitsville, Perry Co., population *2789; buildings, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 2 hose carriages; siamese couplings used; hose rubber, good 550 ft; value of fire department equipment \$3000; total ann expenses of department \$120; total membership 42, paid part time 2, volunteers 40; bell alarm.

WATER SUPPLY—Source, 5 cisterns, creeks; 3 reservoirs, cap 80,400 gals.

Newark, Licking Co., population 18,000; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 4 chemi-

cal extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 800 ft, inferior 800 ft; 6 horses, value \$1500; value of fire department equipment \$20,000; value of buildings occupied \$5000; total ann expenses of department \$3000; total membership 21, paid full time 10, paid part time 110; Gamewell alarm; 26 street boxes. Chief engineer, John Schlegel; chairman of fire and water com., Geo. Wheeler.

WATER SUPPLY—Source, 2 surface wells; system, pumping to reservoir; reservoir cap 8,000,000 gals; Gordon & Maxwell pumping engines, dy cap 5,000,000; 223 hydrants, Bourbon; pipe $\frac{1}{4}$ miles, Lake Shore, Ohio; Bourbe valves; 5 meters; pressure 120 pounds; water-works owned by company; cost to construct \$300,000; int on bonds 6 per cent. Pres, J. F. Moffett; supt, Chas. B. Stevens; city clerk, W. A. Veach.

Newton Falls, Trumbull Co., population *900; fire area 700 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hose carriage, hose rubber, good 300 ft, inferior 50 ft; value of building occupied \$150; total ann expenses of department \$10; total membership 70, part paid. Chief engineer, J. J. Everett.

WATER SUPPLY—Source, rivers, cisterns and wells. Town clerk, E. E. Butta.

Niles, Trumbull Co., population 5000; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hose carriage; hose cotton, good 1950 ft; 4 horses; value of fire department equipment \$7500; value of building occupied \$7000; total ann expenses of department \$3000 total membership 15; telephone and whistle alarm. Chief engineer, Harry Meeker.

WATER SUPPLY—Source, Mosquito Creek and Mahoning River; Holly pumping engines, dy cap 1,000,000 gals; owned by A. G. Miner (not in use). Mayor, Wm. Davis; city clerk, Len. Holloway.

North Amherst, Lorain Co., population 1542; fire area 640 acres; mercantile buildings, wood, 2 stories; private, wood, $1\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 300 ft, inferior 300 ft, leather good 130 ft; total membership 34, volunteers, paid for services, marshal and chief empowered to compel service at fire bell alarm. Chief engineer, A. E. Stinall.

WATER SUPPLY—Source, springs, 8 cisterns; system, gravity; 13 reservoirs, dy cap 100,000 gals; pipe $\frac{1}{4}$ mile, 4 in dia; ann expenses \$150. Mayor, H. G. Redington; town clerk, A. E. Stinall.

North Kingsville, Ashtabula Co., population 50; buildings, wood, $2\frac{1}{2}$ stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck; 30 paid value of fire department equipment \$125; total membership 26; bell alarm. Chief, M. K. Lockwood.

WATER SUPPLY—Source, wells and cistern. Town clerk, — Peck.

Norwalk, Huron Co., population 6294; fire area 30 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin and iron roofs; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 3000 ft; 8 horses; value of fire department equipment \$6000; value of 6 buildings occupied \$3500; total ann expenses of department \$1250; total membership 23, part paid; bell and telephone alarm. Chief engineer, Geo. W. Suhr.

WATER SUPPLY—Source, Huron River and Cole Creek system, direct pumping; Worthington pumping engines, dy cap 2,000,000 gals; 111 hydrants, Holly; pipe Smith, 7 miles, 8 to 16 in dia; 100 valves, Brown, Ludlow; quality of water, roily after rains; pressure, domestic 45, fire 120 to 110 pounds; cost to construct \$197,000; ann expenses \$5000. Pres, S. P. Hildreth; supt, O. A. White; mayor, S. E. Crawford; city clerk, Chas. Suhr.

Oak Harbor, Ottawa Co., population 2500; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; iron, shingle and slate roofs. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 500 ft, rubber good 1000 ft, linen good 300 ft; value of fire department equipment \$3500; value of buildings occupied \$11,000; total ann expenses of department \$500; total membership 42, paid part time 24, volunteers 16; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Geo. Vining.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, E. M. Goody.

Oberlin, Lorain Co., population 4500; fire area 2560 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden and tin roofs; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, buckets; hose rubber, good 1800 ft; value of fire department equipment \$4000; total ann expenses of department \$1500; total membership 45, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, L. P. Chapman; chairman of fire com, M. G. Main.

WATER SUPPLY—Source, East Branch Vermillion River; system, pumping to tank; tank cap 4000 gals; Deane pumping engines, dy cap 2,000,000 gals; 60 hydrants, Wood; pipe Buffalo, 7 miles, 4 to 8 in dia; 60 valves, Ludlow; 6 meters, National; quality of water good; filtration sand and gravel; pressure, domestic 40, fire 75 to 100 pounds; water-works owned by city; cost to construct \$55,000; ann expenses \$1500. Pres of com, A. W. Mitchell; supt, Geo. C. Prince; mayor, Arden Dale; city clerk, A. Y. Monroe.

Orrville, Wayne Co., population 2900; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1150 ft; value of fire department equipment \$3000; total ann expenses of department \$100; total membership 64, volunteers; bell alarm. Chief engineer, C. Smith.

WATER SUPPLY—Source, cisterns and streams; 9 reservoirs, cap 86,000 gals. Town clerk, M. R. Zell.

Ottawa, Putnam Co., population 2000; mercantile buildings, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft; 2 horses; total membership 55, paid part time 15, volunteers 40. Chief, J. W. Brown.

WATER SUPPLY—Source, wells, cisterns and river. Town clerk, A. Schierlow.

Oxford, Butler Co., population 1743; fire area 8 blocks; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1000 ft; leather good 800 ft; value of fire department equipment \$7000; value of buildings occupied \$10,000; total ann expenses of department \$1500, total membership 55, volunteers; bell alarm. Chief engineer, H. W. Miller.

WATER SUPPLY—Source, 11 cisterns. Town clerk, J. A. Kennedy.

Palmeville, Lake Co., population 16000; buildings, brick and wood, 2 to 4 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton 3000 ft; value of fire department equipment \$10,000; total ann expenses of department \$1600; total membership 28. Chief engineer, W. C. Hathaway.

WATER SUPPLY—Source, wells and springs; system, pumping to standpipe and direct; storage reservoir; 3 Worthing pumping engines, dy cap 2,000,000 gals; 50 hydrants, Mathews; pipe 7 miles; Chapman valves; pressure, domestic 50, fire 85 pounds; water-works owned by company; cost to construct \$128,000; ann expenses \$3000. Pres, C. A. Avery; supt, B. F. Stephens; mayor, S. K. Gray; city clerk, H. P. Sanford.

Perrysburg, Wood Co., population 1900; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck 1 hose carriage; hose cotton, good 600 ft, inferior 150 ft; value of fire department equipment \$3000; value of buildings occupied \$600; total ann expenses of department \$72; total membership 30, volunteers. Chief engineer, Nathan Tefft.

WATER SUPPLY—Source, river and wells; 4 cisterns, cap 1160 barrels. Supt, J. Amon; town clerk, T. Oblinger.

Piqua, Miami Co., population 12,000; fire area 1000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 2 hose wagons, siamese couplings used; hose cotton, good 400 ft, rubber good 1600 ft, inferior 1600 ft, leather inferior 800 ft; 4 horses; value of fire department equipment \$4000; 3 buildings occupied; total ann expenses of department \$4500; total membership 22, paid full time 4, paid part time 18; telegraph, telephone and bell alarm; 12 street boxes. Chief engineer, F. E. Hunter.

WATER SUPPLY—Source, canal fed by Lewiston reservoir; system, direct pumping, Vergennes, Gordon & Maxwell pumping engines, dy cap 3,500,000 gals; 140 hydrants, Mathews; pipe 16 miles, 4 to 16 in dia; Eddy valves; pressure, domestic 45, fire 100 pounds; water-works owned by city; cost to construct \$395,000; ann expenses \$4500. Pres and supt, Leopold Kiefer; mayor, John G. Geyer; city clerk, Jas. H. Hatch.

Plymouth, Richard Co., population 1145; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose rubber good 200 ft; total membership 15, volunteers.

WATER SUPPLY—Source, wells and cisterns. Town clerk, F. Beckman.

Pomeroy, Meigs Co., population 5500; fire area 2000 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 500 ft, inferior 200 ft, rubber good 1000 ft, inferior 800 ft; horses hired; value of fire department equipment \$3000; value of buildings occupied \$2000; total ann expenses of department \$300; total membership 45, paid full time 4, volunteers 41; bell alarm. Chief, L. H. Lee; chairman of fire and water com, M. Blattner.

WATER SUPPLY—Source, river; system, pumping to cisterns; cap of cisterns 25,000 gals; 8 pumps owned by brewery and mills. Mayor, A. B. Donnelly; town clerk, W. H. Huntley.

Port Clinton, Ottawa Co., population 2500; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1500 ft; value of fire department equipment \$3000; value of buildings occupied \$3000; total ann expenses of department \$300; 1 member, paid full time; bell alarm. Chief engineer, S. Levingruber.

WATER SUPPLY—Source, lake, cisterns; water-works to be constructed; street mains from lake. Town clerk, Geo. Haller.

Portsmouth, Scioto Co., population 15,000; fire area 1200 acres; buildings, brick, stone and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages; hose rubber 2800 ft, leather good 100 ft; 4 horses; value of fire department equipment \$10,000; value of buildings occupied \$1500; total ann expenses of department \$3878; total membership 100, paid full time 40, volunteers 60; electric alarm; 8 street boxes; 60 telephone stations. Chief engineer, John M. Williams.

WATER SUPPLY—Source not given; system, direct pumping; 118 hydrants; pipe 24 miles, 4 to 12 in dia; pressure 100 pounds; ann expenses \$12,000. Pres of com, L. Smith; supt, Thos. Watkins; mayor, Geo. A. Waller; city clerk, S. G. McColloch.

Proctorville, Lawrence Co., population 800; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose rubber, good 115 ft; value of fire department equipment \$225; total ann expenses of department \$315 (1888); total membership 40, full paid 1. Chief engineer, A. Ripley.

WATER SUPPLY—Source, cisterns. Town clerk, E. F. Gillen.

Quaker City, Guernsey Co., population 1200; fire area 100 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$300; building occupied leased; total ann expenses of department \$600; total membership 30, volunteers; bell alarm. Chief, Jas. W. Garber; chairman of fire and water com, I. P. Steele.

WATER SUPPLY—Source, cisterns and wells.

Ravenna, Portage Co., population 8000; fire area 970 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose rubber good 500 ft, inferior 1000 ft; 8 horses; value of fire department equipment \$6000; value of buildings occupied \$3000; total ann expenses of department \$600; total membership 15, paid, telephone alarm. Chief engineer, J. H. Helt.

WATER SUPPLY—Source, Crystal Lake; system, direct

OHIO—Continued.

pumping; 2 Knowles pumping engines, dy cap 3,000,000 gals; 91 hydrants, Ludlow; pipe 12½ miles; Ludlow valves; pressure 50 pounds; water-works owned by town; cost to construct \$81,000; ann expenses \$2800; int on bonds 5 per cent. Pres trustees of com, D. C. Coolman; supt, W. H. Linton; town clerk, A. Seyton.

Reading, Hamilton Co., population *3800; fire area 500 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, good 800 ft; value of fire department equipment \$1000; total membership, volunteers.

WATER SUPPLY—Source, wells and cisterns.

Richfield, Summit Co., population 700; mercantile buildings, wood and brick, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 chemical extinguisher.

WATER SUPPLY—Source, wells and cisterns. Village clerk, H. M. Welton.

Richwood, Union Co., population 2000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1100 ft; inferior 400 ft; value of fire department equipment \$6800; value of buildings occupied \$2000; total ann expenses of department \$500; total membership 28, volunteers; bell alarm. Chief engineer, V. F. Collier.

WATER SUPPLY—Source, driven wells. Town clerk, Henry S. Styles.

Ripley, Brown Co., population 2546; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 Aherns steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose leather, good 3000 ft; inferior 500 ft; value of fire department equipment \$2000; 1 building occupied; total ann expenses of department \$400; total membership 68, volunteers; bell alarm. Chief engineer, J. K. Greenhow.

WATER SUPPLY—Source, river; 17 cisterns, dy cap 12,000 gals.

Salem, Columbiana Co., population *5677; fire area 1280 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 hand engines (not in use), 1 hook and ladder truck, 6 hose carriages; 1 extension ladder; hose cotton, good 1800 ft; rubber 1800 ft; total membership 147; bell alarm. Chief engineer, C. F. Lease.

WATER SUPPLY—Source, wells and springs; system, pumping to standpipe; coll reservoir cap 600,000 gals; standpipe cap 280,000 gals; Blake pumping engines, dy cap 8,000,000 gals; 160 hydrants, Coffin; pipe 18 miles, 4 to 10 in dia, Addyston; 123 valves, Coffin; 35 meters, Crown, Hersey; quality of water good, pressure, domestic 70, fire 140 pounds; water-works owned by company. Pres, B. S. Ambler; supt, F. W. Allison; mayor, Frank Mercer; city clerk, F. W. Allison.

Salineville, Columbiana Co., population *3000; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$400; value of buildings occupied \$100; total membership 40, volunteers; bell alarm. Chief engineer, J. W. Manning.

WATER SUPPLY—Source, wells and creek. Town clerk, H. Schubert.

Sandusky, Erie Co., population 36,000; fire area 2¼ sq. miles; mercantile buildings, stone and wood, 40 ft; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 8 chemical extinguishers, 1 extension ladder truck, 5 hose carriages; hose cotton, good 2400 ft; inferior 400 ft; rubber good 2600 ft; 6 horses, value \$1500; value of fire department equipment \$10,900; value of buildings occupied \$7000; total ann expenses of department \$1100; total membership 37, paid full time 6, paid part time 21; telephone and whistle alarm. Chief engineer, Wm. C. Smith; chairman of fire and water com, R. E. Schenck.

WATER SUPPLY—Source, Sandusky Bay; system, pumping to standpipe; standpipe cap 600,000 gals; Worthington pumping engines, dy cap 10,500,000 gals; 197 hydrants, Mathews; pipe 28½ miles, 2 to 36 in dia; 190 valves, Ludlow, Klotz and Kromer; 74 meters, Crown, Worthington, Union and Hersey; pressure, domestic 50 to 75, fire 95 pounds; water-works owned by city; cost to

construct \$350,000; ann expenses \$11,500; int on bonds 5 and 7 per cent. Pres trustees, C. F. Schaeffer and Chas. A. Judson; mayor, Wm. B. H. Hunt; city clerk, A. W. Miller.

Seville, Medina Co., population *900; buildings, brick and wood, 2 stories; shingle, tin and slate roofs. Fire department—1 hand engine, 1 hose carriage; hose, rubber 400 ft; bell alarm.

WATER SUPPLY—Source, 2 streams; 8 tanks. Town clerk, Egbert Smith.

Shane's Crossing, Mercer Co., population 730; mercantile buildings, wood and brick, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 400 ft; value of fire department equipment \$1000; value of buildings occupied \$2000; total membership 50, volunteers; bell alarm. Chief engineer, H. H. Bevington.

WATER SUPPLY—Source, cisterns.

Shawnee, Perry Co., population 4300; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hose carriage; hose rubber, good 700 ft; value of fire department equipment \$1700; value of buildings occupied \$2100; total ann expenses of department \$150; total membership 20, volunteers; bell alarm. Chief engineer, E. W. Williams; chairman of fire and water com, John Caldwell.

WATER SUPPLY—Source, cisterns. Mayor, Wm. Davis; town clerk, S. R. Grant.

Shelby, Richland Co., population 2800; fire area 1½ miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 3000 ft, inferior 200 ft; rubber good 400 ft, inferior 200 ft, linen good 400 ft, inferior 100 ft; value of fire department equipment \$800; value of buildings occupied \$3000; total ann expenses of department \$3000; total membership 163, volunteers; bell alarm; 3 engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, Robert Smiley; chairman of fire and water com, John C. Sutter.

WATER SUPPLY—Source, 17 cisterns. Town clerk, W. Williams.

Sidney, Shelby Co., population *6000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose wagon; hose cotton, good 2000 ft; value of fire department equipment \$12,000; value of buildings occupied \$8000; total ann expenses of department \$3500; total membership 80, paid full time 2, paid part time 17; electric alarm; 12 street boxes. Chief engineer, J. W. Kendall.

WATER SUPPLY—Source, Great Miami River and well system, pumping to standpipe and direct; Gordon pumping engines, dy cap 2,500,000 gals; 55 hydrants; pipe Addyston, 7 miles; Bourbon valves; American filter; water-works owned by city; cost to construct \$110,000; ann expenses \$200; int on bonds 6 per cent. Supt, Jacob Wagner; mayor, H. S. Ailes; city clerk, John Knox.

Somerset, Perry Co., population *1400; buildings, brick, stone and wood, 2 stories; wooden, tin and slate roofs—Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton rubber lined, good 800 ft; value of fire department equipment \$3500; total membership 60, volunteers; bell alarm. Chief engineer, E. Kempf.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Thos. Scanlon.

Springfield, Clark Co., population *37,000. Fire department—3 steam fire engines, 3 chemical engines on wheels, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 6300 ft, rubber good 1260 ft; 15 horses; total membership 86, paid full time 21, call men 15; telegraph alarm; street boxes 60. Chief engineer, E. W. Simpson.

WATER SUPPLY—Source, springs through filter gallery; system, pumping to standpipe; Cope & Maxwell pumping engines, dy cap 5,000,000 gals; 285 hydrants, Eddy, Mathews, Ludlow, Chapman, Whittier; pipe Warren, 22½ miles; valves, Eddy, Mathews, Ludlow, Chapman, Whittier; 37 meters; pressure 80 pounds; water-works owned by city; cost to construct \$428,550; ann expenses \$13,000; int on bonds 5 per cent. Sec and supt, W. R. Smith; city clerk, J. S. Shewalter.

St. Clairsville, Belmont Co., population *1800. Fire department—4 chemical extinguishers, 4 sets hooks and ladders. Mayor, Geo. Linn; town clerk, R. C. Meyer.

St. Mary's, Auglaize Co., population *2000; fire area

840 acres; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1400 ft, inferior 800 ft; rubber inferior 600 ft, leather good 400 ft; value of fire department equipment \$4500; value of buildings occupied \$6000; total ann expenses of department \$750; total membership 75, volunteers; bell alarm. Chief engineer, F. A. Hause.

WATER SUPPLY—Source, 11 cisterns, canal and rivers; cisterns dy cap 11,500 gals each. Town clerk, H. G. McLain.

St. Paris, Champaign Co., population 1090; buildings, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$4500; total ann expenses of department \$225 (1889); total membership 60, volunteers; bell alarm. Captain, Asa Wiant.

WATER SUPPLY—Source, wells. Town clerk, Thos. Derr.

Steubenville, Jefferson Co., population *14,000; fire area 600 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 ladder truck, 1 aerial truck, 5 hose carriages; hose cotton, good 5000 ft; 9 hoses; value of fire department equipment \$12,000; value of 3 buildings occupied \$20,000; total ann expenses of department \$14,000; total membership 15, paid full time; Gamewell alarm; 24 street boxes. Chief engineer, Ed. Nicholson.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir; reservoir cap 2,000,000 gals; Means pumping engines, dy cap 1,000,000 gals; 140 hydrants, Means & Irwin; pipe 80 miles, 4 to 20 in dia; pressure 65 pounds; water-works owned by town; ann expenses \$7500. Sec. trustees, R. E. Blinn; supt, Wm. Hunt; city clerk, J. M. Reynolds.

Tiffin, Seneca Co., population *10,000; fire area 30 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood and brick, 1½ to 3 stories; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 7 hose carriages; siamese couplings used; hose rubber, good 4000 ft; 4 hoses; value of fire department equipment \$20,000; 5 buildings occupied; total ann expenses of department (including water-works) \$12,000; total membership 108, paid 2. Chief engineer, John Roller.

WATER SUPPLY—Source, Sandusky River; system, direct pumping; Holly-Gaskill, Holly, Knowles pumping engines, dy cap 7,000,000 gals; 109 hydrants, Mathews; pipe 15 miles, 5 to 16 in dia; valves Eddy, Chapman; 24 meters; pressure 110 pounds; water-works owned by company; cost to construct \$175,000. Pres and manager, M. Scannell; city clerk, J. Rex.

Tippecanoe City, Miami Co., population *2600; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 heater, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton, good 500 ft, rubber 1000 ft; value of fire department equipment \$6000; value of buildings occupied \$6000; total membership 55, volunteers; bell alarm. Chief engineer, C. Truff.

WATER SUPPLY—Source, canal and wells. City clerk; E. A. Jackson.

Toledo, Lucas Co., population 100,000; fire area 6 miles; mercantile buildings, brick, 4 to 6 stories; private, brick and wood, 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—4 steam fire engines, 2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages; hose cotton, good 10,000 ft, inferior 4000 ft; 30 hoses, value \$7000; value of fire department equipment \$75,000; value of buildings occupied \$200,000; total ann expenses of department \$23,587; total membership 65, paid full time 62, paid part time 3; Gamewell and other electric alarm; 232 street boxes. Chief engineer, J. Nagely; chairman of fire com, M. J. Malone.

WATER SUPPLY—Source, Maumee River, through filter basin; system, pumping to standpipe; 2 Worthington, 1 Knowles pumping engines, dy cap 15,000,000 gals; 465 hydrants, Mathews; pipe 70 miles, 6 to 30 in dia; 800 valves; 305 meters; quality of water turbid after rains; pressure, domestic 65, fire 110 pounds; water-works owned by city; cost to construct \$1,260,000; ann expenses \$21,000; int on bonds 8 per cent. Pres of com, M. T. Huntly; supt, H. C. Cotter; mayor, J. K. Hamilton; city clerk, Chas. Durain.

Toronto, Jefferson Co., population 3000; mercantile

(new) buildings, brick, 3 and 4 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck; 1 volunteer hook and ladder company. Pres, A. L. Hull.

WATER SUPPLY—Water-works under construction.

Troy, Miami Co., population *6000; fire area 800 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; hose linen, good 200 ft, rubber, good 1900 ft, cotton good 500 ft; 8 hoses; value of fire department equipment \$25,000; total ann expenses of department \$3000; total membership 27, paid part time; bell and telephone alarm. Chief engineer, George Mayer.

WATER SUPPLY—Source, well; system, direct pumping; Smith-Valle pumping engines, dy cap 2,000,000 gals; 85 hydrants, Wood; pipe 8 miles, 8 to 16 in dia, Ohio; 121 valves, Eddy; quality of water hard; pressure, domestic 85, fire 70 to 100 pounds; water-works owned by city; cost to construct \$80,000; ann expenses \$1850; int on bonds 6 per cent. Pres of com, N. Tobey; sec and supt, I. N. Price; mayor, M. K. Gantz; city clerk, J. H. Conklin.

Upper Sandusky, Wyandot Co., population 8540. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 hook and ladder trucks, 3 hose carriages; hose rubber, good 1500 ft; total membership 115, paid full time 2, paid part time 113. Chief engineer, W. S. Coon.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; standpipe cap 200,000 gals; 2 Blake pumping engines, dy cap 2,000,000 gals; 110 hydrants, Bourbon; pipe 13½ miles, 4 to 12 in dia, Lake Shore, Detroit, Allentown; 50 valves, Bourbon; quality of water soft; filtration gravel; pressure, domestic 4½, fire 60 to 125 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$1800; int on bonds 6 per cent. Pres, Nels McConnell; supt, W. S. Coon; mayor, Frank Jones; town clerk, N. Halbedle.

Urbana, Champaign Co., population *8500; fire area 4 blocks; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 500 ft, rubber good 2500 ft; 5 hoses; value of fire department equipment \$9000; value of 2 buildings occupied \$3500, 1 rented \$300; total ann expenses of department \$4500; total membership 64, paid full time 4, paid part time 8; telephone alarm. Chief engineer, W. G. Weaver.

WATER SUPPLY—Source, well; system, direct pumping; Holly pumping engines, dy cap 4,000,000 gals; 114 hydrants, Holly; pipe, 15½ miles, 4 to 16 in dia, Addyston, Ohio; 100 valves, Ludlow, Holly; 8 meters, Crown; quality of water pure; pressure, domestic 40, fire 100 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$4500; int on bonds 6 per cent. Pres or chairman of com, Alex. F. Vance, Jr.; supt, F. W. Ambrose; mayor, C. H. Ganson; city clerk, C. A. Ross.

Utica, Licking Co., population 703; fire area 130 acres; buildings, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 400 ft, rubber good 30 ft; value of fire department equipment \$700; total membership 30, volunteers; bell alarm. Chief engineer, C. A. Berit.

WATER SUPPLY—Source, wells and streams. Town clerk, H. E. Harris.

Vermillion, Erie Co., population 1090; mercantile buildings, wood, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 700 ft, inferior 200 ft; value of fire department equipment \$110; value of buildings occupied \$500; total ann expenses of department \$350; total membership 27, volunteers; bell alarm.

WATER SUPPLY—Source, river and cisterns.

Versailles, Darke Co., population *1600; buildings, brick, 3 stories; metal roofs. Fire department—1 steam fire engine, 1 hose carriage; hose rubber, good 1000 ft, inferior 50 ft; value of fire department equipment \$3000; value of buildings occupied \$5000; total ann expenses of department \$250; total membership 30, volunteers; bell alarm. Chief engineer, S. S. Jackson; chairman of fire and water com, H. C. Jacobs.

WATER SUPPLY—Source, creek and cisterns. Supt, J. G. Stierle; village clerk, Wesley Ault.

Wadsworth, Medina Co., population *8000; build-

OHIO—Continued.

ings, brick and wood, 2 and 3 stories; wooden roofs permitted. No fire department—ladders and buckets.

WATER SUPPLY—Source, 3 springs; system, gravity; 2 reservoirs; 80 hydrants; pipe $8\frac{1}{2}$ miles; 5 meters; pressure 75 pounds; water-works owned by company; cost to construct \$500; ann expenses \$500. Pres, Sam Weaver; supt, R. F. Weaver; town clerk, J. A. Clark.

Wapakoneta, Auglaize Co., population *3500; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 4 hose carriages; hose cotton, inferior 1000 ft, rubber inferior 1500 ft; total ann expenses of department (1898) \$600; total membership 110, volunteers; bell alarm. Chief engineer, James Stecknell.

WATER SUPPLY—Source, wells and cisterns. Mayor, T. J. Cartmell; town clerk, Joseph Myers.

Warren, Trumbull Co., population *7500; fire area 1000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines (not used), 1 water-works; 1 hook and ladder truck, 4 hose carriages; hose cotton, good 500 ft, rubber good 1500 ft, inferior 500 ft; 4 horses, value \$800; value of fire department equipment \$10,000; value of buildings occupied \$50,000; total ann expenses of department \$2500; total membership 23, paid full time 2, paid part time 1; automatic bell alarm. Chief, H. B. Drennen; chairman of fire and water com, A. C. Hunt.

WATER SUPPLY—Source, Mahoning River through filter gallery; system, pumping to standpipe; 2 Deane pumping engines, dy cap 3,000,000 gals; 105 hydrants, Bailey; pipe 12 miles, 4 to 16 in dia; Wood, 48 valves, Eddy; pressure, domestic 75, fire 150 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$3750; int on bonds 6 per cent. Pres, E. Woltmann; supt, Geo. H. Quimby; mayor, J. L. Smith; town clerk, G. H. Quimby.

Washington, Fayette Co., population 7200; fire area $2\frac{1}{2}$ miles; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine (not used), 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 2500 ft, inferior 500 ft; 2 horses, value \$400; value of fire department equipment \$10,000; value of buildings occupied \$15,000; total ann expenses of department \$2500; total membership 62, paid full time 2, paid part time 60; telephone alarm. Chief, John Milliken; chairman of fire and water com, E. A. Ranney.

WATER SUPPLY—Source, wells; system, pumping to standpipe; 2 Worthington pumping engines, dy cap 3,000,000 gals; 124 hydrants, Bourbon; pipe 17 $\frac{1}{2}$ miles, 6 to 14 in dia; Addyston; 78 valves, Bourbon; 5 meters, Worthington; quality of water superior; pressure, domestic 60, fire 120 pounds; cost to construct \$145,000; ann expenses \$2000; int on bonds 6 per cent. Pres, E. Randolph; supt, John P. Maynard; mayor, J. B. Koonitz; town clerk, Ad. Burnett.

Wauseon, Fulton Co., population 1900; fire area 160 acres; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood; 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages; hose cotton, good 1800 ft; value of fire department equipment \$4500; value of building occupied \$15,000; total ann expenses of department \$35; total membership 65, volunteers; bell alarm.

WATER SUPPLY—Source, 80 cisterns, cap 10,000 gals daily. Town clerk, C. J. Nachtrieb.

Waverly, Pike Co., population *1600; fire area 150 acres; buildings, brick and wood, 1 to 3 stories; shingle and tin roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$8000; value of building occupied \$800; total ann expenses of department \$100; total membership 25, volunteers; bell alarm. Chief engineer, C. L. Hanbell.

WATER SUPPLY—Source, canal and 3 cisterns. Town clerk, W. D. Hartshorn.

Wellington, Lorain Co., population *2500; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; 24 buckets; hose cotton, good 400 ft, inferior 150 ft, rubber good 500 ft, inferior 50 ft; value of fire department equipment \$19,000; total ann expenses of department \$300 (1898); total membership 30, paid \$10 per year; bell alarm.

WATER SUPPLY—Source, cisterns. Village clerk, R. Goodwin.

Wellsville, Columbiana Co., population *3575; fire area 550 acres; buildings, brick and wood; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$2300; value of 3 buildings occupied \$2300; total membership 37, volunteers; bell and whistle alarm. Chief, C. R. Van Fossen.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir; reservoir cap 2,500,000 gals; 2 Worthington pumping engines, dy cap 400,000 gals; 60 hydrants; pipe 7 miles, 4 to 8 in dia; 50 valves, Ludlow; 2 meters; pressure, domestic 100, fire 150 pounds; water-works owned by city; cost to construct \$32,500; ann expenses \$3300; int on bonds $5\frac{1}{2}$ per cent. Pres, John Lyth; supt, A. S. Foge; mayor, G. B. Cooper; city clerk, C. B. Mayhew.

West Liberty, Logan Co., population 1500; fire area 500 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$4000; value of buildings occupied \$4000; total membership 30, paid full time 1, paid part time 3, volunteers 24. Chief engineer, W. E. Waugh; chairman of fire and water com, Geo. Feather.

WATER SUPPLY—Source, mill race, fire wells and cisterns. Village clerk, J. W. Brown.

West Milton, Miami Co., population 800; fire area 400 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1 to 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels; hose rubber, good 250 ft; value of fire department equipment \$1000; building rented; total membership 30, volunteers; bell alarm. Chief, J. O. Arnold.

West Salem, Wayne Co., population *1200. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; all kinds; hose rubber, good 1000 ft, leather good 1000 ft; total membership 50, volunteers. Chief, A. J. Gerhart.

WATER SUPPLY—Source, 15 cisterns. Town clerk, O. F. More.

West Toledo, Lucas Co. (see Toledo).

Willoughby, Lake Co., population 1500; buildings, wood and brick, 2 stories; wooden roofs not permitted; fire limits; fireworks ordinance. Fire department—2 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 100 buckets; hose rubber, good 600 ft; value of fire department equipment \$300; value of buildings occupied \$300; total membership 16, volunteers, paid for service; bell alarm. Captain, E. J. Dickey.

WATER SUPPLY—Source, cisterns.

Willmington, Clinton Co., population *3500; fire area 1300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1400 ft, inferior 800 ft; 3 horses; value of fire department equipment \$8000; city owns buildings occupied; total ann expenses of department \$700; total membership 70, volunteers. Chief engineer, W. H. McLain.

WATER SUPPLY—Source, 16 cisterns. City clerk, Ed Hughes.

Wooster, Wayne Co., population 7000. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; hose cotton, inferior 60 ft, rubber good 9000 ft; total membership 170, volunteers. Chief engineer, W. A. Eberly.

WATER SUPPLY—Source, springs and well; system, gravity and pumping to reservoirs; 2 reservoirs, cap 12,000,000 gals; Worthington pumping engine, dy cap 600,000 gals; 14 hydrants, Wood; pipe Long, 11 4.5 miles, 4 to 15 in dia; 42 valves, Eddy; 4 meters, Henery; quality of water good; pressure 60 pounds; water-works owned by city; cost to construct \$115,000; ann expenses \$1000; int on bonds 6 and 8 per cent. Pres of com, R. P. Babb; supt, Z. Potter; mayor, W. C. Yost; city clerk, C. C. Adams.

Xenia, Greene Co., population *10,000; buildings, wood, 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton good, 100 ft, rubber 4400 ft; value of fire department equipment \$15,000; value of 3 buildings occupied \$10,000; total ann expenses of department \$7500; total membership 15, paid full time 5, paid part time 9; telegraph alarm; street boxes 17.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 275,000 gals; Gordon pumping engines, dy cap 3,500,000 gals; 183 hydrants, Chapman; pipe Addyston, 20 miles, 6 to 14 in dia; 100 valves, Chap-

an; 7 meters, National, Hersey, Worthington; quality of water good; pressure 80 to 100 pounds; water-works owned by company; cost to construct \$300,000; int on bonds 6 per cent. Pres, John Little; supt, G. F. Cooper; mayor, Charles Howard; city clerk, John Hirlinger.

Youngstown, Mahoning Co., population 25,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 3600 ft; 9 horses; total membership 22, paid full time 12, paid part time 10. Chief engineer, John P. Mercer.

WATER SUPPLY—Source, Mahoning River; system, direct pumping; Deane, Worthington pumping engines, 5000 gals; 308 hydrants; pipe 26 miles, 4 to 20 in dia, Lake Shore; valves Ludlow; 100 meters; quality of water good, filtration for domestic use; pressure, domestic 90, fire 110 to 125 pounds; water-works owned by city; cost to construct \$280,000; ann expenses \$12,000; int on bonds 5 per cent. Pres of com, John O. McGowan; supt, W. S. Hamilton; mayor, Ranney Montgomery; city clerk, E. Gathman.

Zanesville, Muskingum Co., population 21,000; fire area 3308 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 double-tank chemical engine, 1 hook and ladder truck, 4 hose carriages; 1 horse; value of fire department equipment \$4000; value of 5 buildings occupied \$16,000; total ann expenses of department \$14,000; total membership 16, paid full time 14, paid part time 1; bell and telegraph alarm; 37 street boxes. Chief, L. F. Langley.

WATER SUPPLY—Source, Muskingum River; system, pumping to reservoirs and to standpipe for high service; Worthington pumping engines, 5000 gals; 300 hydrants, Wedge; pipe 48 miles, 2 to 20 in dia, Addyston; 500 valves, Zanesville; 3 meters, Union; quality of water very good; pressure 65 pounds; water-works owned by city; cost to construct \$400,000; ann expenses \$26,000; int on bonds 4½ per cent. Pres of com, W. R. Baker, supt, R. M. Saup; mayor, John W. Canrade; city clerk, Wm. M. Shinnick.

The following places have no fire protection: Attica, Seneca Co., population 900. Belpre; Washington Co., population 1000. Bettsville, Seneca Co., population 800. Bridgeport, Belmont Co., population 8500. College Corner, Butler Co., population 700. Coshocton, Coshocton Co., population 4500. Creston, Wayne Co., population 1000. Doylestown, Wayne Co., population 1400 (4 ladders and private extinguishers). East, Cleveland, Cuyahoga Co., population 2578. Grand Rapids, Wood Co., population 800 (3 chemical extinguishers, 5 ladders). Matamoras, Washington Co., population 1500. Meigs Co., population 1500. New Concord, Muskingum Co., population 800. North Fairfield, Huron Co., population 800. North Monroeville, Huron Co., population 121. Palmyra, Portage Co., population 1200. Scioto, Harrison Co., population 1000. Shiloh, Richland Co., population 1200. Waynesburgh, Stark Co., population 622. West Union, Adams Co., population 800. Winchester, Adams Co., population 1000 (hook and ladder and buckets).

OREGON.

Albany, Linn Co., population 5000; mercantile buildings, brick, 1 to 3 stories; private, wood and brick, 1 to 3 stories; wooden roofs permitted; fire-works ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose good 1700 ft, inferior 500 ft; value of fire department equipment \$10,000; value of 4 buildings occupied \$6000; total ann expenses of department \$1500; total membership 140, volunteers; bell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, C. H. Stewart; chairman of fire and water com, F. M. French.

WATER SUPPLY—Source, Santiam Canal and Calapoozie River; system, direct pumping; 2 pumping engines, 5000 gals; 6 hydrants; pipe 8.5 miles, 1 to 6 in dia; pressure 40 to 100 pounds; cost to construct \$16,000. Owner and supt, J. A. Crawford; city clerk, N. J. Henon.

Arlington, Gillam Co., population 600; mercantile buildings, wood and brick, 3 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft; value of fire department equipment \$500; total membership 20, volunteers; bell alarm. Chief engineer, Jay P. Lucas; chairman of fire and water com, J. E. Frick.

WATER SUPPLY—Source, Columbia River; system, pumping to reservoir; reservoir cap 100,000 gals; Blake pumping engines, 5000 gals; 8 hydrants; pipe 5 miles, 6 and 8 in dia, Puget Sound; water-works owned by company; cost to construct \$7000; ann expenses \$1200; int on bonds 10 per cent. Pres, J. E. Frick; supt, E. D. Parrot.

Astoria, Clatsop Co., population 10,000; fire area 8 miles square; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 4000 ft; 2 horses, value \$600; value of fire department equipment \$25,000; value of buildings occupied \$3000; total ann expenses of department \$6000; total membership 225, paid full time 3, volunteers 222; Gamewell alarm; 6 street boxes; 2 engine companies, 1 hook and ladder company. Chief, C. H. Stockton; chairman of fire and water com, J. Wickman.

WATER SUPPLY—Source, mountain spring; system, gravity; reservoir cap 100,000 gals; 1 hydrant; pipe 18 miles; 6 meters; pressure 45 to 65 pounds; water-works owned by company; cost to construct \$80,000; ann expenses est \$2600. Pres, F. de Kum; supt, J. W. Welch; city clerk, T. S. Jewett.

Baker City, Baker Co., population 4500; fire area 200 by 415 ft; mercantile buildings, brick, 3 stories; private, wood, 1 story; wooden roofs not permitted; fire-works ordinance. Fire department—4 chemical extinguishers, hook and ladder truck, 2 hose carriages; hose cotton,

good 2000 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total membership 100, volunteers; 1 hook and ladder company, 2 hose companies. Chief, E. Silver.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; reservoir cap 600,000 gals; Worthington pumping engine; 14 hydrants; pipe 2 miles, 6 to 10 in dia. cost to construct \$30,000. City auditor, Wm. Packwood.

Corvallis, Benton Co., population 2000; buildings, wood and brick; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carts; hose rubber and leather good 1000 ft, inferior 500 ft; 2 buildings occupied, owned by city; total membership 125, volunteers; bell alarm.

WATER SUPPLY—Source, Willamette River; system, pumping to tank and direct; tank cap 15,000 gals; Worthington pump; 4 hydrants; pipe 4 miles, 4 to 8 in dia; pressure, domestic 23, fire 90 pounds; water-works owned by company; cost to construct \$12,000; ann expenses estimated \$3000; int on bonds 10 per cent. Supt, Wm. Groves; city recorder, J. M. Porter.

Dallas, Polk Co., population 2000. Fire department—1 hand engine, 8 hose carriages; hose leather 500 ft; total membership 80, volunteers.

WATER SUPPLY—Source not given; system, gravity; 5 hydrants; 4 cisterns.

The Dalles, Wasco Co., population 5000; fire area 5 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted in fire limits. Fire department—4 steam fire engines, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; O. R. & N. Co. own fire pump, pipe and plugs; hose rubber, good 2400 ft; value of fire department equipment \$14,000; value of buildings occupied \$3000; total ann expenses of department \$1514 (11 months); total membership 72, paid full time 1; paid part time 1, volunteers; bell alarm; 1 engine company, hose company. Chief engineer, Geo. C. Munger; chairman of fire and water com, F. Dehm.

WATER SUPPLY—Source, Hood River; system, gravity; reservoir cap 50,000 gals; 16 hydrants; pipe 30 miles; pressure 40 pounds; water-works owned by company; cost to construct \$37,000; ann expenses estimated \$3000. Mayor, M. A. Moody; city clerk, Geo. Knags. Ordinance passed appropriating \$100,000 for water supply; water commissioners appointed; Z. F. Moody, chairman.

Eugene City, Lane Co., population 7500; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fire-works ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 2700 ft; value of fire department equipment \$4000; 2 buildings occupied; total ann expenses of department \$150; total membership 125, volunteers; bell alarm. Chief, J. F. Starr.

WATER SUPPLY—Source, Willamette River; system,

OREGON—Continued.

pumping to reservoir and direct; reservoir cap 250,000 gals; Dow pumping engines; 33 hydrants; pipe 10 miles, $\frac{3}{4}$ to 8 in dia; Chapman valves; quality of water good; pressure, domestic 75, fire 275 pounds; water-works owned by company; cost to construct est \$40,000; ann expenses \$1000; int on bonds 8 per cent. Pres, T. W. Shelton; supt, G. R. Chrisman; mayor, A. G. Horey; city clerk, B. F. Dorris.

Jacksonville, Jackson Co., population 11900. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; hose 750 ft; total membership 50; bell alarm. Chief engineer, C. F. Smith.

WATER SUPPLY—Source, 8 cisterns, cap 12,000 gals; street mains. Town clerk, S. Huffer.

McMinnville, Yam Hill Co., population 3000; fire area 640 acres; mercantile buildings, 2 stories; private, wood, 2 stories; wooden and iron roofs; fire-works ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 800 ft, rubber good 600 ft; value of fire department equipment \$3125; value of building occupied \$3800; total membership 75, volunteers; electric alarm; 1 engine company; 1 hook and ladder company; 2 hose companies. Chief engineer, Elsie Wright; chairman of fire and water com, G. W. Jones.

WATER SUPPLY—Source, Yam Hill River; system, direct; cost to construct \$31,000.

Newport, Benton Co., population 4700; buildings, wood, $1\frac{1}{2}$ and 2 stories. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source and system not given; 1 reservoir, cap 120,000 gals. Town clerk, J. H. Aldrich.

Oregon City, Clackamas Co., population 3500; fire area 700 acres; mercantile buildings, brick, wood, iron and stone to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton, good 300 ft; rubber good 1400 ft, inferior 300 ft, leather good 300 ft, linen good 500 ft, inferior 150 ft; value of fire department equipment \$3500; value of buildings occupied \$15,000; total ann expenses of department \$1050; total membership 97; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, T. F. Ryan; chairman of fire and water com, W. E. Pratt.

WATER SUPPLY—Source, Willamette River; system, pumping to standpipe and direct; 5 pumping engines, dy cap 750,000 gals; 15 hydrants; pipe $2\frac{1}{2}$ miles, 4 to 10 in dia; pressure 50 to 160 pounds; water-works owned by town; cost to construct est, \$10,000; ann expenses \$500. Supt, W. H. Howell; city clerk, C. O. T. Williams.

Pendleton, Umatilla Co., population 3250; buildings, brick and wood, 1 to 4 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1600 ft, inferior 450 ft; 2 hoses; value of fire department equipment \$3000; total ann expenses of department \$1800; total membership 100, volunteers; bell alarm. Chief engineer, J. N. Young.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 500,000 gals; Blake pumping en-

gines, dy cap 1,000,000 gals; 35 hydrants, Chapman; pipe $\frac{3}{4}$ to 6 in dia, 15 valves, Chapman; pressure, domestic 80, fire 120 pounds; water-works owned by city; cost to construct \$39,000; ann expenses \$3000; int on bonds 8 per cent. Supt, Geo. T. Schoffner; mayor, John Caga town clerk, C. H. Carter.

Portland, Multnomah Co., population 75,000; fire area 100 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2 stories; fireworks ordinance causes of fire investigated. Fire department—4 steam fire engines, 2 hook and ladder trucks, 4 hose carriages; hose rubber, good 6000 ft; 28 horses; value of fire department equipment \$75,840; value of 8 buildings occupied \$128,000; total ann expenses of department \$54,000; total membership 80, paid full time 23, paid part time 2; telegraph alarm; 43 street boxes. Chief engineer, Harry Morgan.

WATER SUPPLY—Source, Willamette River; system, direct pumping, surplus to reservoir; 2 reservoirs, dy 2,250,000 gals; Worthington, Holly pumping engines, dy cap 11,500,000 gals; 800 hydrants; pipe 52 miles, 4 to 24 in dia; valves Chapman; 60 meters, Hersey, Crown, Worthington; quality of water good; pressure, domestic 30 to 60, fire 40 to 90 pounds; water-works owned by city; cost to construct \$700,000; ann expenses \$50,000; int on bonds 5 per cent. Chairman of com, Henry Failing; supt, Isaac W. Smith; mayor, Van De Lashmut; city auditor, W. H. Wood.

Salem, Marion Co., population 15,000; fire area 2 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and $1\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 2400 ft, inferior 1000 ft; 4 horses, value \$700; value of fire department equipment \$3000; value of buildings occupied \$10,000; total membership 100, volunteers, paid part time 4; bell alarm; 4 fire companies. Chief engineer, Geo. G. Bingham; chairman of fire and water com, Oren Hutten.

WATER SUPPLY—Source, Willamette River; system, direct pumping; Dow, Smith & Vaile pumping engines, dy cap 10,000,000 gals; 45 hydrants; pipe 12 miles, 4 to 12 in dia; 48 valves, Eddy, Chapman and Flower; filters; cisterns 20 x 11 ft; pressure, domestic 60, fire 90 to 120 pounds; water-works owned by company; cost to construct \$300,000; ann expenses \$5000; works now being extended. Pres and supt, J. M. Martin; mayor, Geo. Williams; city clerk, A. Conn.

Union, Union Co., population 600; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—50 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$300; total ann expenses of department \$75; total membership 5, volunteers; triangle and bell alarm. Chief, E. E. Davis.

WATER SUPPLY—Source, 3 creeks and wells. Town clerk, J. E. Tuttle.

The following places have no fire protection: Drisk Douglass Co., population 800. Hood River, Wasco Co. Milton, Umatilla Co.; population 850 (100 ft hose).

PENNSYLVANIA.

Allegheny, Allegheny Co., population 105,000; mercantile buildings brick, 4 stories; private, brick, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—10 steam fire engines, 10 chemical extinguishers, 2 hook and ladder trucks, 12 hose carriages; siamese couplings used; 45 horses; value of fire department equipment \$80,000; value of 11 buildings occupied \$80,000; total membership 85, paid full time; telegraph alarm; 113 street boxes. Chief engineer, Robt. Jones.

WATER SUPPLY—Source, Allegheny River; system, pumping to reservoir; reservoir cap 18,000,000 gals; Allis, Wilson and others pumping engines, dy cap 35,000,000 gals; 1200 hydrants, Hutchinson; pipe 90 miles, 6 to 36 in dia; Long, National; 4200 valves, Hutchinson; 1 meter; quality of water good; pressure 60 pounds; water-works owned by city; cost to construct \$2,000,000; ann expenses \$95,000. Chairman of com, Thos. Brown; supt, Edw. Armstrong; mayor, J. G. Wyman; city clerk, R. T. White.

Allentown, Lehigh Co., population 26,000; buildings brick, 2 and 3 stories; slate and tin roofs; fireworks ordinance. Fire department—4 steam fire engines, 6 hose

carriages; hose linen, good 4550, leather 3550 ft; 16 horses; value of building owned by city \$70,000; by dep, \$15,000; total ann expenses of department \$7000; total membership 558, volunteers; telegraph alarm. Chief engineer, Geo. J. Klein.

WATER SUPPLY—Source, springs; system, pumping to reservoir and standpipe; reservoir cap 410,443 gals; Knowles pumping engines, dy cap 6,000,000 gals; 16 hydrants, Cassin, Mathews, Tamaqua; pipe 27 miles, 8 to 24 in dia; 1 meter; pressure, domestic 30 pounds; water-works owned by city; cost to construct \$278,458; ann expenses \$3000; int on bonds 4, 5 and 7 per cent. Pres and com, S. S. Frederick; supt, S. S. Thompson; mayor, C. S. D. Lehr; city controller, Jas. Hausman.

Altoona, Blair Co., population 27,775; fire area 137 acres; buildings, wood, $1\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 2 hook and ladder trucks, 6 hose carriages; siamese couplings used; hose cotton, good 12,000 ft; 15 horses; value of fire department equipment \$3500; total ann expenses of department \$5000; total membership 500, volunteers; electric alarm; 35 street boxes. Chief engineer, F. P. Molloy.

WATER SUPPLY—Source, spring and surface water; system, gravity; impounding reservoir cap 60,000,000 gals; distributing reservoir cap 3,000,000 gals; 186 hydrants, Mathews, Ludlow; pipe Wood, 37 miles, 2 to 16 in dia, Jackson & Woodin; 218 valves, Ludlow, Eddy; 6 meters, Crown; quality of water good; pressure, 15 to 75 pounds; water-works owned by city; cost to construct \$200,000; ann expenses \$500; int on bonds 4 per cent. Chairman of com, T. H. Wiggins; supt, S. A. Gailey; mayor, Theo. H. Burchfield; city clerk, H. T. Heinsling.

Annville, Lebanon Co., population 1600. Fire department—1 steam fire engine, 3 hand engines, 1 hose carriage; hose cotton, good 500 ft, leather 800 ft. Chief engineer, W. Martin.

WATER SUPPLY—Source, wells, cisterns and creeks. Town clerk, D. O. Shenk.

Archibald, Lackawanna Co., population 8049. No fire department.

WATER SUPPLY—Source, mountain stream; system, gravity; 6 hydrants, Wood; pipe 8 miles, 3 to 10 in dia; 12 valves, Ludlow; quality of water good; pressure 90 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$25. Pres, J. Y. Williams; supt, Justus Bishop; burgess, Thos. Gilday.

Arnot, Tioga Co., population 4000. No fire department—1 fire engine and 1000 ft hose owned by coal company and under its direction. Engineer, N. Shultz.

WATER SUPPLY—Source and system not given; 2 steam pumps; reservoirs. Supt, F. F. Lyon; town clerk, S. S. Miller.

Ashland, Schuylkill Co., population 9000; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose linen, good 100 ft, leather 1500 ft; value of 2 buildings occupied \$8000; total ann expenses of department \$488; total membership 170, volunteers.

WATER SUPPLY—Source, Little Mahanoy Creek; system, gravity; 3 reservoirs, cap 8,800,000 gals; 86 hydrants, Cassin; pipe 9 4.5 miles, 3 to 12 in dia; Cassin valves; pressure 120 pounds; water-works owned by city; cost to construct \$35,000; ann expenses \$1300; int on bonds 4 and 6 per cent. Chairman of com, Jas. R. Dugan; supt, Jos. Hardenock.

Ashley, Luzerne Co., population 4000; fire area 800 acres; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—2 chemical extinguishers, 3 hose carriages; hose rubber lined, good 3000 ft; value of fire department equipment \$800; value of building occupied \$4000; total ann expenses of department \$73 (1888); total membership 40, volunteers; steam gong alarm. Chief engineer, W. T. Reed.

WATER SUPPLY—Source, lake; 19 hydrants; pipe 3 miles, 4 to 14 in dia; pressure 110 pounds; water-works owned by company. Town clerk, J. K. P. Fenner.

Athens, Bradford Co., population 3000; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, 800 ft, leather good 600; value of building occupied \$600; total membership 73, volunteers. Chief engineer, C. T. Hull.

WATER SUPPLY—Sayre Water Co. (see Sayre); 18 hydrants, pipe 7 miles; pressure 120 pounds; water-works owned by company.

Andenreid, Carbon Co., population 2000; buildings, wood, 1 and 2 stories. No fire department; buckets and hose; whistle alarm.

WATER SUPPLY—Source and system not given; reservoir cap 2,500,000 gals; steam pumping engines; 11 hydrants; pipe 3 miles; pressure 55 pounds. Supt, J. L. Hollenbeck.

Austin, Potter Co., population 3000; fire area 50 to 75 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose linen, good 350 ft, inferior 800 ft; value of fire department equipment \$300; value of buildings occupied \$200; total ann expenses of department \$200; total membership 30, volunteers; whistle alarm. Chief, F. H. Rhodes.

WATER SUPPLY—Source, springs, wells and brooks; pipe line through all streets connected with steam pump. Town clerk, M. J. Young.

Bangor, Northampton Co., population 3900; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; slate roofs. Fire department—1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$1200; total membership 85, volunteers; bell alarm. Foreman, Chas. L. Grubb.

WATER SUPPLY—Source not stated; system, gravity; reservoir; 15 hydrants. Supt, C. K. Stier.

Beaver, Beaver Co., population 1000. Fire department—1 hand engine.

WATER SUPPLY—Source, Ohio River through filter; system, pumping to reservoir; reservoir cap 800,000 gals; Worthington, Blake pumping engines, dy cap 100,000 gals; 70 hydrants; pipe 6 miles; water-works owned by village; cost to construct \$20,000; ann expenses \$1200; int on bonds 5 per cent. Sec of coun, E. N. Biggett; supt, Geo. Joyce.

Beaver Falls, Beaver Co., population 10,000; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 2000 ft; hoses furnished for use of stable; value of fire department equipment \$15,000; value of buildings occupied \$15,000; total ann expenses of department \$2000; total membership 85, volunteers; telephone alarm. Chief, Dr. Wm. Rayner; chairman of fire and water com, Lyle Sutton.

WATER SUPPLY—Source, Beaver River; system, pumping to reservoir; reservoir cap 4,000,000 gals; Holly, Wilson & Snyder pumping engines, dy cap 5,000,000 gals; 86 hydrants, Ramsey & George; pipe 15 miles, 4 to 12 in dia, Wood; 91 valves, Wood; 1 meter, Crown; quality of water good; pressure 60 pounds; water-works owned by company; cost to construct \$180,000; ann expenses \$8000. Pres, Hon. Henry Hice; supt, J. W. Ramsey; mayor, S. C. Gormley; town clerk, H. T. Dempsey.

Bedford, Bedford Co., population 2970; fire area 800 acres; mercantile buildings, brick, 2 to 3 stories; private, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 3000 ft; value of fire department equipment \$4000; total ann expenses of department \$3000; total membership 61; electric bell alarm; 6 street boxes. Chief, S. F. Statler; chairman fire and water com, Asa Dick.

WATER SUPPLY—Source, mountain springs; system, gravity; 3 reservoirs; 14 hydrants; pipe 8 1/2 miles, 2 to 4 in dia; 26 valves; pressure 80 pounds; water-works owned by town; cost to construct \$35,000; ann expenses \$500; int on bonds 6 per cent. Mayor, Abraham Barnhart.

Bellefonte, Centre Co., population 4600; fire area 360 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft, leather good 1600 ft; value of fire department equipment \$4800; value of 2 buildings occupied \$2400, 1 rented \$300 per year; total ann expenses of department \$1000; total membership 190, volunteers. Chief, L. T. Menon.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 290,000 gals; Knowles pumping engines, dy cap 1,440,000 gals; 40 hydrants, Duncan; pipe 10 miles; Duncan valves; water-works owned by city; cost to construct \$100,000; ann expenses \$4000; int on bonds 5 to 7 per cent. Supt, Sam'l D. Ryan; city clerk, I. Mitchell.

Berwick, Columbia Co., population 3500; fire area 640 acres; buildings, private, brick, stone and wood; fireworks ordinance. Fire department—1 hand engine, 3 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$2000; value of buildings occupied \$3000; membership, 15 paid, volunteers 15; steam gong alarm. Chief engineer, Andrew D. Seely; chairman of fire and water com, C. H. Zelnder.

WATER SUPPLY—Source, spring; system, direct pumping, surplus to reservoir; Cruikshank M. & Co. pumping engines, dy cap 340,000 gals; 21 hydrants; pipe 11 8.8 miles, 3 to 6 in dia, Phillipsburg, Jackson & Woodin; Ludlow valves; quality of water hard; pressure, domestic 37, fire 110 pounds; cost to construct \$25,000; ann expenses \$1800; int on bonds 4 per cent. Pres, C. H. Zelander; supt, Geo. De Puy; town clerk, F. A. Witman. A gravity system with 18,500,000 gal reservoir is in course of construction.

Bethlehem, Northampton Co., population 8000; buildings, brick, 2 and 3 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1800 ft; total ann expenses of department \$4000; total membership 250; bell alarm; 3 engine companies; 2 hose companies. Chief engineer, Henry Fentermacher; chairman of fire com, Wm. Rice.

WATER SUPPLY—Source, springs; system, direct pumping; Cameron, Worthington pumping engines, dy cap 1,300,000 gals; 72 hydrants, Mathews, Tamaqua; pipe 8 miles; valves Ross; pressure 73 pounds; cost to construct \$75,000; ann expenses \$4800; int on bonds 4 per cent.

PENNSYLVANIA—Continued.

Chairman of com, Alvin L. Hill; supt, Chas. Bodder, mayor, J. B. Kemmerer; town clerk, T. O. Fradenec.

Birdsborough, Berks Co., population *2800; fire area 640 acres; buildings, brick and stone, 2 and 2½ stories; fireworks ordinance. Fire department—1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$1800; value of property owned \$3800; total membership 72, volunteers. Chief engineer, I. W. Miller.

Water Supply—Source, Indian Run; system, gravity; impounding reservoir cap 25,000,000 gals; 86 hydrants, Cassin; pipe, Mellert, 5½ miles, 4 to 10 in dia; pressure 80 pounds; water-works owned by company. Pres, Geo. Brooke; supt, Ward Harrison; town clerk, C. K. Rhoads.

Blairsville, Indiana Co., population *1800; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1000 ft; value of fire department equipment \$1400; R. R. Co. has 1 hose cart, 400 ft cotton hose and 1 horse. Chief, J. Kalbach.

Water Supply—Source, Conemaugh River; system, pumping to reservoir; reservoir cap 200,000 gals; McKnight pumping engines, dy cap 100,000 gals; 86 hydrants, Bailey, Mathews; pipe 8½ miles; pressure 30 to 50 pounds; water-works owned by town; cost to construct \$25,000; ann expenses \$1200; int on bonds 4 per cent. Supt, J. F. Kalbach; mayor, Samuel Lyons; town clerk, A. B. Earhart.

Bloomsburgh, Columbia Co., population *5000; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose cotton, good 800 ft, leather good 800 ft, inferior 100 ft; value of fire department equipment \$3000; rent of building occupied \$90; total membership 75, volunteers; bell alarm.

Water Supply—Source, Fishing Creek; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; Worthington, Holly pumping engines, dy cap 3,750,000 gals; 48 hydrants, Birkenbine, Ludlow; pipe, Jackson & Woodin, 7 miles, 4 to 12 in dia; 80 valves, Cassin; 2 meters, National; quality of water excellent; pressure, domestic 70, fire 120 pounds; water-works owned by company; cost to construct \$50,000. Pres, L. N. Meyer; supt, G. W. Welliver; mayor, Peter Harman; town clerk, Wm. Cummings.

Blossburg, Tioga Co., population *1400; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; hose cotton, good 1800 ft, rubber fair 800 ft; value of buildings occupied \$3600; total ann expenses of department \$75; total membership 106, volunteers; bell alarm; fire guards, self-supporting, 30 permanent members. Chief engineer, S. Hollands.

Water Supply—Source, springs and river; 2 reservoirs. Town clerk, J. F. Ely.

Boyerstown, Berks Co., population 1099; fire area 250 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 to 3 stories; tin and shingle roofs. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft, inferior 400 ft; value of fire department equipment \$10,000; value of 2 buildings occupied \$2000; total membership 150, volunteers; bell alarm. Chief engineer, H. M. Binder.

Water Supply—Source, springs; system, direct pumping from reservoir; reservoir cap 25,000 gals; 6 hydrants; pipe 8 miles, 3 to 6 in dia; pressure 80 pounds; water-works owned by company; ann expenses \$2500. Supt, J. Schweinhart; town clerk, C. F. Ems.

Bradnock, Allegheny Co., population *13,000. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber 1500 ft. Chief engineer, Jas. L. Black.

Water Supply—Source, river; system, direct pumping; Worthington pumping engines, dy cap 2,500,000 gals; 55 hydrants, pipe 15 miles, 2 to 20 in dia; pressure 80 to 100 pounds; cost to construct \$85,000. Supt, G. L. Jones; town clerk, A. S. Brubaker.

Bradford, McKean Co., population 15,000; mercantile buildings, brick and wood; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 8 hose carriages; hose linen, good 3000 ft, rubber good 750 ft; value of fire department equipment \$30,000; value of buildings occupied \$10,000; total membership 254, paid

full time 4, volunteers 250; Gamewell alarm; 72 street boxes; 1 hook and ladder company, 5 hose companies. Chief engineer, D. A. Ropp.

Water Supply—Source, Marilla & Gilbert brooks; system, gravity; 2 impounding reservoirs, cap 24,000,000 gals; 80 hydrants, Ludlow; pipe Mellert, 19½ miles, 3 to 14 in dia, Jackson & Woodin, 238 valves, Ludlow; 1 meter. Crown; quality of water fine; pressure 80 pounds; water-works owned by city; cost to construct \$120,000; ann expenses \$3000; int on bonds 6 per cent. Chairman of com, T. C. Clark; supt, C. J. Lane; mayor, S. Ward; city clerk, J. A. Lindsey.

Bristol, Bucks Co., population 6500; fire area 4½ acres; mercantile buildings, wood, stone and brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose leather, good 800 ft, inferior 500 ft; value of fire department equipment \$1000; value of buildings occupied \$7000; total ann expenses of department \$1800; total membership 175, volunteers; bell alarm; 2 fire companies; chairman of fire and water com, P. R. Diehl.

Water Supply—Source, Delaware River; system, pumping to standpipe and direct; 3 Worthington pumping engines, dy cap 3,000,000 gals; 59 hydrants, Mathews, pipe McNeal, Wood, 7 miles, 4 to 16 in dia; 20 valves, Eddy, Ludlow; quality of water good; pressure, domestic 60, fire 100 pounds; water-works owned by company; cost to construct \$60,000; ann expenses \$3500. Pres, Anthony Swain; supt, A. K. Joyce; mayor, W. P. Wright; town clerk, J. W. Wright.

Brookville, Jefferson Co., population 2138. Fire department—1 hook and ladder truck, 2 hose carts; hose 1000 ft; total membership 40, volunteers.

Water Supply—Source, North Fork Creek; system, pumping to tanks; 2 tanks, cap 100,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 94 hydrants, Hutchinson & Alexander; pipe 6 miles, 8 in dia; Hutchinson & Alexander valves; pressure 88 pounds; water-works owned by company; cost to construct \$28,000; ann expenses \$1200. Pres, E. A. Litch; supt, W. R. Ramo; town clerk, C. Z. Gordon.

Butler, Butler Co., population *7000. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton rubber lined, good 3000 ft, rubber good 300 ft; total membership 225, volunteers. Chief engineer, A. L. Rebe.

Water Supply—Source, Conoquenessing Creek; system, pumping to reservoir; reservoir cap 2,500,000 gals; Keystone pumping engines, dy cap 88,000 barrels; 6 hydrants; pipe 14 miles; 4 valves; pressure 110 pounds; water-works owned by company; cost to construct \$40,000; int on bonds 6 per cent. Pres, W. G. Braxton; supt, W. B. Meredith; town clerk, J. D. Marshall.

Canton, Bradford Co., population *1500; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck; hose linen, good 800 ft, inferior 200 ft; total ann expenses of department \$100; total membership 25, volunteers; bell alarm. Chief engineer, L. E. Cize.

Water Supply—Source, stream; system, gravity; 1 reservoir; 14 hydrants; pipe 2½ miles, 4 to 12 in dia; pressure 280 pounds; water-works owned by company; ann expenses \$450. Pres, G. W. Maynard; supt, G. A. Gurnsey; town clerk, C. E. Riggs.

Carbondale, Lackawanna Co., population 15,000; fire area 50 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 800 ft, leather good 800 ft; value of fire department equipment \$1200; value of buildings occupied \$500; total ann expenses of department \$300; total membership 82 volunteers; steam gong alarm. Foreman, P. F. Moffit; chairman of fire and water com, J. P. Coyle.

Water Supply—Source, springs; system, gravity; 2 reservoirs; 40 hydrants, Philadelphia; pipe 8 miles, largest 14 in dia, Warren; Ludlow valves; quality of water pure; pressure, domestic 75, fire 90 pounds; water-works owned by company; cost to construct \$34,500; ann expenses \$1500. Pres of com, R. Manville; supt, Wm. McMullen; C. A. Retten; city clerk, R. D. Stuart.

Carlisle, Cumberland Co., population 7000. Fire department—8 steam fire engines, 1 hook and ladder truck, 7 hose carriages; hose cotton, good 800 ft, leather good 800 ft; total membership 750, volunteers.

Water Supply—Source, Conodoquinet Creek; system, pumping to reservoir; 2 reservoirs, cap 2,500,000 gals; Gardner, Deane pumping engines, dy cap 1,000,000 gals; 70 hydrants, Morris, T. & Co., Mathews; pipe 30 miles, water-works owned by company; ann expenses \$1400.

Pres. Lemuel Todd; supt, Chas. E. Ramsey; city clerk, G. Heiser.

Catsanqua, Lehigh Co., population 5000; fire area 20 acres; buildings, brick and wood, $2\frac{1}{2}$ and 8 stories; wooden roofs permitted but slate used; fireworks ordinance. Fire department—3 steam fire engines, 5 hose carriages, 2 private hose carts; all factories have private hose, etc.; hose cotton, good 800 ft, rubber good 400 ft, some linen and leather; value of fire department equipment \$10,000; value of buildings occupied \$19,000; total ann expenses of department \$800; total membership 250, volunteers; whistles alarm. Chief, Wm. H. Mealy; chairman of fire and water com, C. F. Hunsicker.

WATER SUPPLY—Source, Lehigh River; system, pumping to standpipe and reservoir; reservoir cap 300,000 gals; pumping engines, dy cap 80,000 gals; 51 hydrants; pipe 6 miles; pressure 30 to 45 pounds; water-works owned by company; cost to construct \$50,000. Supt, W. R. Thomas; mayor, Thos. W. Jones; town clerk, Ed. D. Boyer.

Catawissa, Columbia Co., population *2800. Fire department—2 hand engines (old), 1 hose cart; hose good quantity.

WATER SUPPLY—Source not given; system, gravity.

Chambersburg, Franklin Co., population *8500; buildings, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine.

Hand engine, 100 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose leather, good 3000 ft; value of fire department equipment \$6000; value of buildings occupied \$3000; total ann expenses of department \$500; total membership 200, volunteers. Chief engineer, A. C. Brady.

WATER SUPPLY—Source, Conococheague Creek; system, pumping to reservoir and direct; reservoir cap 1,000,000 gals; Weimer pumping engines, dy cap 1,000,000 gals; 79 hydrants, Birkenbine, Mathews; pipe $8\frac{1}{2}$ miles, 4 to 10 in dia; 45 valves, Eddy; quality of water soft; pressure, domestic 37 to 45, fire 70 to 80 pounds; water-works owned by town; cost to construct \$55,000; ann expenses \$2420; int on bonds $\frac{4}{5}$ per cent. Supt, A. C. McGrath; mayor, Fred Heninger; city clerk, D. B. Kirby.

Chester, Delaware Co., population *32,000. Fire department—3 steam fire engines, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 5500 ft, inferior 1800 ft; 12 hoses; total membership 225, volunteers. Chief engineer, T. Hargraves.

WATER SUPPLY—Source, Delaware River; system, pumping to reservoir and direct; reservoir cap 15,000,000 gals; pumping engines, dy cap 10,000,000 gals; 76 hydrants, Ludlow; pipe 40 miles, 6 to 24 in dia, Wood; 240 valves, Ludlow; 8500 meters. National; pressure 60 pounds; water-works owned by company; cost to construct \$4,250,000; ann expenses \$7500. Pres, J. L. Forwood; supt, W. S. Johnson; mayor, J. R. T. Coates; city clerk, Geo. T. Jones.

Clarendon, Warren Co., population 1500; fire area 50 acres; buildings, wood, $1\frac{1}{2}$ and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton and rubber, good 1500 ft; value of fire department equipment \$3000; value of 3 buildings occupied \$300; total ann expenses of department \$350; total membership 200, volunteers; 1 fire police; bell and whistle alarm. Chief engineer, A. S. Knight.

WATER SUPPLY—Source, well; system, gravity and direct pumping; 4 reservoirs; force pump, dy cap 65,000 gals (owned by town); 30 hydrants; pipe $8\frac{1}{2}$ miles, 2 to $1\frac{1}{2}$ in dia; pressure 300 pounds; water-works owned by company.

Clarion, Clarion Co., population *2500. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1000 ft, leather good 600 ft; value of fire department equipment \$3000; total membership 60, volunteers. Chief engineer, W. J. McIntire.

WATER SUPPLY—Source, Clarion River; system, pumping to tanks; 2 tanks, cap 90,000 gals; Eclipse pump, dy cap 48,000 gals, 15 hydrants, Hutchinson & Alexander; pipe $2\frac{1}{2}$ miles; 2 meters; pressure 40 pounds; water-works owned by company; cost to construct \$15,000; ann expenses \$1300. Pres, W. Corbett; supt, R. B. Thomas; town clerk, C. E. Smith.

Clearfield, Clearfield Co., population *3000. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton 1000 ft; value of fire department equipment \$3000; 1 building occupied; total membership 60, volunteers. Chief engineer, O. L. Moore.

WATER SUPPLY—Source, Moose Creek; system, gravity; 12 hydrants, Mathews; pipe 6 miles, 3 to 10 in dia, McNeal, Wood; Wood valves; quality of water soft; pressure, domestic 70, fire 35 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$750.

Pres of com, W. W. Betts; supt, H. F. Bigler; mayor, D. Condlly; town clerk, S. Bell.

Coatesville, Chester Co., population 2766; fire area 1200 acres; mercantile buildings, brick, 8 stories; private, brick and wood, $2\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck 8 hose carriages; hose cotton 500 ft, leather good 500 ft; value of fire department equipment \$3500; value of building occupied \$6000; total ann expenses of department \$150; total membership 120, volunteers; bell alarm. Chief engineer, Geo. W. Brooks.

WATER SUPPLY—Source, springs; system, gravity; collecting reservoir cap 1,000,000 gals, distributing reservoir cap 800,000 gals; pumping engines, dy cap 800,000 gals; 58 hydrants; pipe 5 miles, 8 to 8 in dia; pressure, domestic 26 pounds; water-works owned by borough; cost to construct \$30,000; ann expenses \$350; int on bonds 4 per cent. Chairman of com and supt, L. H. Humphrey; town clerk, I. Spackman.

Columbia, Lancaster Co., population *10,000. Fire department—3 steam fire engines, 7 hose carriages; hose cotton and leather, good 3000 ft; total membership 450, volunteers. Chief engineer, John Kline.

WATER SUPPLY—Source, Susquehanna River and spring; system, gravity and pumping to reservoir; 3 reservoirs; Worthington pumping engines, dy cap 1,200,000 gals; 98 hydrants; pipe 12 miles; 2 meters; pressure 60 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$5000; int on bonds 5 per cent. Chairman of com, F. H. Willson; supt, W. B. Fasig; city clerk, Dr. S. A. Bockus.

Conneantville, Crawford Co., population *1000; buildings, brick and wood, 2 and 3 stories. Fire department—1 horse power engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 5000 ft, rubber good 10,000 ft, leather good 5000 ft; value of fire department equipment \$4000; total ann expenses of department \$25 (1888); total membership 100, volunteers; bell alarm. Chief engineer, J. Bolard.

WATER SUPPLY—Source, canal and creek. Burgess, J. C. Greenlee; clerk, Ira Fetterman.

Connellsville, Fayette Co., population *7000; fire area 480 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose rubber, good 900 ft; value of fire department equipment \$1500; value of buildings occupied \$7000; total ann expenses of department \$400; total membership 60, volunteers; bell and whistle alarm; 2 hose companies. Fire marshal, K. C. McCormick.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, cap 20,000,000 gals; 75 hydrants; pipe 14 $8\frac{1}{2}$ miles, 4 to 12 in dia; pressure, 110 pounds; water-works owned by company; cost to construct \$130,000; int on bonds 6 per cent. Gen. manager, W. S. Kuhn; supt, G. A. Munson; town clerk, W. Hughes.

Conshohocken, Montgomery Co., population *7500; fire area 640 acres; mercantile buildings, brick, 8 stories; private, brick, $2\frac{1}{2}$ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 8 hose carriages; hose cotton, good 1500 ft; 2 hoses, value \$700; value of fire department equipment \$3000; value of buildings occupied \$6000; total ann expenses of department \$1250; total membership 126, paid full time 1, volunteers 126; bell alarm. Chief, Miles Stemple.

WATER SUPPLY—Source, Schuylkill River; system, pumping to reservoir; reservoir cap 1,250,000 gals; 3 Worthington pumping engines, dy cap 2,000,000 gals; 560 hydrants, Mathews; pipe, Wood, $8\frac{1}{2}$ miles, 8 to 10 in dia; 54 valves, Union; 40 meters, Crown; quality of water good; pressure, domestic 60 pounds; water-works owned by company; cost to construct \$110,000; ann expenses \$1700; int on bonds 6 per cent. Pres or chairman of com, J. Tuslens; supt, W. E. Ferrier; mayor, Wm. F. Smith; town clerk, Wm. Heywood.

Corry, Erie Co., population 8000; fire area 600 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; iron and slate roofs; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 8000 ft, inferior 1000 ft, rubber good 800 ft; 2 hoses, value \$400; value of fire department equipment \$10,000; value of buildings occupied \$12,000; total ann expenses of department \$4000; total membership 181, paid full time 1, volunteers 180; 2 bells alarm; 1 hook and ladder company, 2 hose companies. Chief, C. L. Covell; chairman of fire and water com, R. P. Dawson.

WATER SUPPLY—Source, Hare Creek; system, pumping to reservoir; reservoir cap 8,500,000 gals; 2 Holly pumping engines, dy cap 2,000,000 gals; 62 hydrants, Ludlow;

PENNSYLVANIA—Continued.

pipe, Long, 11 miles, 1½ to 12 in dia; 54 valves, Ludlow; quality of water soft; pressure, domestic 65, fire 150 pounds; water-works owned by company; cost to construct \$130,000; ann expenses \$3800; int on bonds 6 per cent. Agt of com, Chas. E. Kimball; supt, B. F. Krause; Eli Barlow; city clerk, Chauncey Rogers.

Coudersport, Potter Co., population 1500; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, buckets; hose rubber, good 1000 ft; value of fire department equipment \$1500; value of buildings occupied \$600; total ann expenses of department \$300; total membership 80, volunteers; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, W. K. Jones.

WATER SUPPLY—Not described; pipe through main streets; pressure 75 pounds; water-works owned by company.

Curwensville, Clearfield Co., population 1580; buildings, brick and wood, 2 and 3 stories. Fire department—1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$3000; total ann expenses of department \$1900 (1888); total membership 50, volunteers; steam whistle alarm. Chief engineer, Wm. Holden.

WATER SUPPLY—Source and system not given; 4 reservoirs, cap 500 barrels each. Town clerk, A. Bloom.

Danville, Montour Co., population 10,000. Fire department—1 steam fire engine; hose cotton, good 8000 ft, leather 500 ft; total membership 188; volunteers; 4 fire companies. Chief engineer, J. H. Montague.

WATER SUPPLY—Source, 2 wells; system, direct pumping; Holly pumping engines, dy cap 2,000,000 gals; 112 hydrants; pipe, Keller & Kreebs, 14 miles, 2 to 12 in dia; 87 valves, Ludlow; pressure 60 to 100 pounds; water-works owned by borough; cost to construct \$160,000; ann expenses \$5000; int on bonds 4 per cent. Supt, P. M. Kerns; burgess, Sam'l S. Gulick; town clerk, Benj. Harris.

Darby, Delaware Co., population *2000. Fire department—1 hand engine; hose 500 ft.

WATER SUPPLY—Source, creek. Town clerk, B. D. Legin.

Derry Station, Westmoreland Co., population *2500; buildings, wood, 2 stories. Fire department—1 chemical engine on wheels, 2 hose carriages; hose rubber, good 600 ft; total ann expenses of department \$900; total membership 80, volunteers; whistle alarm.

WATER SUPPLY—Source, streams; system, gravity; 24 hydrants; pipe 5½ miles, 4 to 10 in dia; 61 valves, Ludlow; pressure 95 pounds. Pres, C. S. Sims; supt, Murray Forbes; town clerk, John Doak.

Downingtown, Chester Co., population 2000; fire area 150 acres; mercantile buildings, wood, brick and stone, 2½ and 3 stories; private, brick and wood, 2½ and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$500; total ann expenses of department \$100; total membership 100, volunteers. Pres, G. C. M. Eicholtz; chief, Sam'l A. Black.

WATER SUPPLY—Source, springs; system, gravity; 8 reservoirs; 1 hydrant; pipe 6 miles; pressure 35 pounds; water-works owned by company; cost to construct \$80,000; ann expenses \$400; int on bonds 6 and 7 per cent. Pres, P. C. Hollis; supt, Jas. Hamilton; town clerk, J. Hamilton.

Doylestown, Bucks Co., population 2070. Fire department—2 hose carriages; hose leather, good 1000 ft.

WATER SUPPLY—Source, springs; system, pumping to reservoir and direct; Holly-Gaskill pumping engines, dy cap 1,500,000 gals; 41 hydrants, Cassin; pipe 10 miles; Cassin valves; pressure, domestic 70, fire 140 pounds; water-works owned by borough; cost to construct \$35,000; ann expenses \$1800; int on bonds 4 per cent. Pres, Dr. O. P. James; supt, S. L. Freed.

Du Bois, Clearfield Co., population 8000; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; tin roofs. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 500 ft, rubber good 1500 ft; 2 horses, value \$600; total membership 200, volunteers. Chief engineer, J. H. Whitehill.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 2,000,000 gals; 1 force pump; 42 hydrants, Holly; pipe Michigan 12 miles, 8 to 12 in dia; 23 valves; 7 meters, Hersey pressure domestic 70 to 100

pounds; water-works owned by company; cost to construct \$120,000. Pres, Geo. P. Smith; supt, Geo. B. Campbell; mayor, A. L. Todier; town clerk, A. L. Cole.

Duke Centre, McKeon Co., population *800; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical hand engine, 2 hose carriages; hose cotton, good 500 ft, inferior 1000 ft; value of fire department equipment \$1000; value of building occupied \$500; 1 rented \$36 per year; total ann expenses of department \$30; total membership 50, volunteers; bell and steam whistle alarm.

WATER SUPPLY—Source not given; system, pumping to tanks; storage tanks 40,000 gals; 1 force pump; 13 hydrants; 1½ miles pipe, 2 and 3 in dia; ann expenses \$10; town clerk, G. H. Dana.

Duncannon, Perry Co., population 1200; buildings, wood, 2 stories. Fire department—2 hand engines, 2 hose carriages; hose leather, good 550 ft, inferior 800 ft; steam whistles alarm.

WATER SUPPLY—Source, rivers and wells. Burgess, A. L. Lane.

Dunmore, Lackawanna Co., population 12,000; fire area 1000 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 hose carriages, hose cotton, good 500 ft, rubber good 500 ft; value of fire department equipment \$2000; value of buildings occupied \$300; total ann expenses of department \$700; total membership 108; volunteers; electric bell alarm; 6 street boxes; 3 fire companies. Chief engineer, Frank E. Wagner; chairman of fire and water com, Frank P. McDonald.

WATER SUPPLY—Source, surface water; system, gravity; 4 hydrants, pipe 5 miles; 6 meters, Worthington; pressure 100 pounds; water-works owned by company; int on bonds 5 per cent. Pres, John B. Smith; supt, Wm. Gilmore; town clerk, C. P. Savage.

East Brady, Clarion Co., population *1700; buildings, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$2200; value of building occupied \$250; total membership 180, volunteers; bell alarm. Chief engineer, C. P. McCafferty.

WATER SUPPLY—Source, springs; system, pumping to tank; pumping engine, dy cap 30,000 gals; pipe ½ mile, 2 in dia; 2 meters; pressure 90 pounds; water-works owned by Cunningham & Foster. Supt, J. M. Cunningham; town clerk, R. R. McGregor.

East Mauch Chunk, Carbon Co., population 350; buildings, wood, 2 and 3 stories; wooden roofs permitted. No fire department; buckets.

WATER SUPPLY—Source, 2 small streams; system, gravity. For further information, see Mauch Chunk. Supt, S. S. Smith.

Easton, Northampton Co., population 16,000; fire area 640 acres; mercantile buildings, brick, stone or wood, 3 to 6 stories; private, wood, 2½ to 4 stories; tin roofs; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 5 hose carriages, 1 ambulance; hose cotton good, 1700 ft, inferior 800 ft, rubber good 4000 ft, inferior 1000 ft; 7 horses, value \$2000; value of fire department equipment and buildings occupied \$47,232; total ann expenses of department \$908; total membership 35, paid full time 7, paid part time 5, call men; Gamewell alarm; 36 street boxes; 3 engine companies, 1 hook and ladder company. Chief, J. J. Smith; chairman of fire com, Joseph Beck.

WATER SUPPLY—Source, Delaware and Lehigh Rivers; system, direct pumping, surplus to reservoir; reservoir cap 4,000,000 gals; Cornish Bull, Corlies, Worthington pumping engines, dy cap 5,000,000 gals; 85 hydrants, Cassin; pipe 15 miles, 4 to 20 in dia, Warren; Cassin valves; 3 meters; pressure 20 to 100 pounds; water-works owned by company; cost to construct \$500,000; ann expenses \$10,000; int on bonds 6 per cent. Pres, J. S. Rotherbaugh; supt, R. P. Rader; city clerk, H. T. Buckley.

East Stroudsburg, Monroe Co., population 1800; buildings, wood, 2 and 3 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, wells, cisterns and creeks; water-works in course of construction. Town clerk, Geo. E. Stauffer.

East York, York Co. Fire department—1 steam fire engine; hose 800 ft.

Ebensburg, Cambria Co., population 1128; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton 900 ft, rubber 00 ft; value of fire department equipment \$2950; 1 building occupied; total ann expenses of department \$75; total membership 70, volunteers 5; bell alarm. Chief, A. Kirkpatrick.

WATER SUPPLY—Source, artesian well and pond; system, pumping to reservoir; reservoir cap, 150,000 gals; Cameron pumping engines, dy cap 288,000 gals; 16 hydrants, 1/2 mile, 4 to 6 dia; 8 meters; pressure 36; water-works owned by borough; cost to construct, \$16,000; ann expenses \$500; int on bonds 4 per cent. Supt, R. L. Thomas; town clerk, W. H. Connell.

Edenburg, Clarion Co., population 1000; buildings, wood and brick, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose 550 ft; value of fire department equipment \$900; value of building occupied \$250; total membership 46. Chief, J. R. Seely.

WATER SUPPLY—Source, well; system, pumping to tank; tank cap 40,000 gals; 5 hydrants, Ludlow; pipe 1000 feet; pressure 75; water-works owned by company, controlled by borough; cost to construct \$2000; ann expenses, \$200; int on bonds 6 per cent. Supt, Robert Cortett; burgess, A. J. Smith; town clerk, N. N. Booth.

Eldred, McKean Co., population 1800; fire area 600 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; shingle and tin roofs; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose linen, good 1000 ft; value of fire department equipment \$1000; value of buildings occupied \$600; total ann expenses of department \$198; total membership 60, volunteers; bell and whistle alarm; 1 hook and ladder company, 1 hose company. Chief engineer, T. L. Sartwell; chairman of fire and water com, W. B. Archibald.

WATER SUPPLY—Source, Allegheny River; system, pumping to tank; tank cap 40,000 gals; Cameron pumping engines, dy cap 250,000 gals; 18 hydrants; pipe 2 miles, 3 in dia; pressure 110 pounds; water-works owned by private parties; cost to construct \$8000; ann expenses \$100. Town clerk, A. H. Mayo.

Elizabethtown, Lancaster Co., population 3980; fire area 640 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 Clapp & Jones engine, 2 hose carriages; hose cotton, good 1000 ft, rubber good 400 ft, inferior 500 ft; value of fire department equipment \$5000; value of buildings occupied \$4000; total ann expenses of department \$100; total membership 75, volunteers; bell alarm. Chief engineer, J. C. Redecker.

WATER SUPPLY—Source, Conoy Creek and wells; street cisterns. Chairman of com, D. Z. Witmer; burgess, J. G. Stauffer; town clerk, Frank W. Miller.

Emmenton, Venango Co., population *1500; buildings, brick and wood. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton 400 ft, rubber good 600 ft, linen 400 ft; value of fire department equipment \$2000; total ann expenses of department \$100 (1888); total membership 60, volunteers. Chief, A. R. Newton.

WATER SUPPLY—Source, springs and Allegheny River; system, gravity and pumping to reservoir; reservoir cap 25,000 gals; Worthington pumping engines; 10 hydrants; pipe 2 miles, 5 and 6 in dia; pressure 126 pounds; water-works owned by company. Pres, C. C. Cooper; supt, D. D. Moriarty; town clerk, J. R. Donnelly.

Emporium, Cameron Co., population *2500. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1250 ft, rubber fair 700 ft; total membership 110, volunteers. Chief engineer, E. O. Bardwell.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,500,000 gals; 26 hydrants, Mathews; pipe 6 1/2 miles; Eddy valves; pressure 120 pounds; water-works owned by company; cost to construct \$33,000; ann expenses \$25; int on bonds 5 per cent. Pres and supt, J. F. Parsons; town clerk, H. H. Mullen.

Ephratah, Lancaster Co., population 1800; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hose carriage; hose cotton, good 1000 ft, rubber good 400 ft, inferior 100 ft; value of fire department equipment \$3000; total ann expenses of department \$300 (1888); total membership 60, volunteers; bell alarm. Chief engineer, Geo. W. Groff.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 60,000 gals; pipe 4000 ft, 4 and 6 in dia; pressure

70 pounds; water-works owned by company; cost to construct \$4000. Pres, R. R. Bitzer; town clerk, E. S. Royer.

Erie, Erie Co., population 40,000; fire area 175 acres; mercantile buildings, brick and wood, 2 to 5 stories; private, wood, 1 and 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 12,350 ft; 21 horses; value of fire department equipment \$14,000; value of 8 buildings occupied \$50,000; total ann expenses of department \$20,682; total membership 46, paid full time 12, call men 33; telegraph alarm; 29 street boxes; 6 hose companies. Chief engineer, J. A. Moses; chairman of fire com, R. Liebel.

WATER SUPPLY—Source, Lake Erie; system, pumping to reservoir and standpipe; reservoir cap 80,000,000 gals; West. Eng. Co., Holly-Gaskill pumping engines, dy cap 9,000,000 gals; 346 hydrants, Mathews; pipe 68 miles, 4 to 20 in dia; 602 valves, Eddy; 80 meters, Worthington, Crown, Union; quality of water good; pressure 80 to 90 pounds; water-works owned by city; cost to construct \$1,040,224; ann expenses \$16,232. Chairman of com, Geo. W. Starr; sec and treas, B. F. Sloan; mayor, Chas. S. Clark; city clerk, Thos. Hanlon.

Etna, Allegheny Co., population 4000; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose linen good 1000 ft; 3 horses; value \$600; value of fire department equipment \$8000; value of buildings occupied \$5500; total ann expenses of department \$1800; total membership 24, volunteers; Gamewell alarm; 8 street boxes. Chief, W. B. Kroesen; chairman of fire and water com, John Q. Robertson.

WATER SUPPLY—Source not given; system, pumping to tank and direct; 5 hydrants.

Everett, Bedford Co., population *2500; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—1 steam fire engine, 3 hose carriages; hose cotton 500 ft, rubber good 1000 ft; value of fire department equipment \$4800; value of buildings occupied \$5000; total ann expenses of department \$200; total membership 60, volunteers; bell alarm. Chief engineer, D. B. Ott.

WATER SUPPLY—Source, river and streams; reservoirs. Town clerk, J. F. Fisher.

Foxburgh, Clarion Co., population 750; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 1 1/2 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hose carriage; hose cotton, inferior 300 ft, rubber good 500 ft; total membership 30, volunteers. Chief, Geo. Kiel.

WATER SUPPLY—Source, Allegheny River; system, pumping to tanks, 2 tanks, cap 40,000 gals; pumping engines, dy cap 20,000 gals; 15 hydrants; pipe 2 miles; water-works owned by company. Supt, Frank Dale.

Franklin, Venango Co., population *6000; fire area 500 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; hose linen 500 ft, rubber good 1000 ft; value of fire department equipment \$11,850; value of 3 buildings occupied \$6000; total ann expenses of department \$1200; total membership 150, part paid 8; bell alarm. Chief engineer, P. W. Welsh.

WATER SUPPLY—Source, springs and French Creek; system, gravity and direct pumping; reservoir cap 17,000,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 50 hydrants, Bailey; pipe 20 miles, 4 to 8 in dia, Wood; Eddy valves; pressure, domestic 45, fire 60 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$3500; int on bonds 5 per cent. Pres, F. W. Mitchell; supt, R. J. Hanna; city clerk, Wm. Waller.

Freeburgh, population 600; fire area 60 acres; buildings, wood and brick, 1 to 4 stories; wooden roofs permitted. Fire department—1 hand engine; bucket brigade; value of fire department equipment \$100.

WATER SUPPLY—Source, wells.

Freeland, Luzerne Co., population 3000; fire area 250 to 300 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; value of fire department equipment \$2500; value of buildings occupied \$1500; total ann expenses of department \$1500; total membership 40, volunteers; bell alarm. Chief, B. F. Davis; chairman of fire and water com, John Burton.

PENNSYLVANIA—Continued.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir and direct; 2 Worthington pumping engines, dy cap 300,000 gals; 18 hydrants, Tanqua; pipe 3 1/4 miles; Mellerst valves; pressure, domestic 65, fire 65 to 80 pounds; water-works owned by company; cost to construct \$21,000; ann expenses \$2500. Pres, Jos. Birkbeck; supt, Henry Fisher; mayor, W. D. Cowen, town clerk, T. A. Buckley.

Freeport, Armstrong Co., population 2000; buildings, brick, 3 and 3 stories; wooden roofs permitted; private fire company organized by distillery. Pres, H. M. Brackenridge.

WATER SUPPLY—Source, Allegheny River; system, pumping to 2 tanks; Blake, Fort Pitt pumping engines; 5 hydrants; pipe 4 miles; filtration, gravel; pressure 85 pounds; water-works owned by company; cost to construct \$12,000; ann expenses \$300. Pres, H. L. Weaver; town clerk, G. M. Hill.

Gettysburg, Adams Co., population 3500; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and others, 2 stories; tin and shingle roofs; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton; good 1800 ft; value of fire department equipment \$6000; value of buildings occupied \$4000; total ann expenses of department \$300; total membership 90, volunteers; bell alarm. Chief engineer, G. M. Warner; fire marshal, Samuel Herbst.

WATER SUPPLY—Source, driven well; system, pumping to reservoir; reservoir cap 900,000 gals; wind-mill pump, dy cap 57,000 gals; 28 hydrants; pipe 2 3/4 miles, 3 and 6 in dia; pressure 60 pounds; water-works owned by company. Pres, Chas. Horner; supt, David Warren; burgess, Henry S. Benner; town clerk, Jacob Aughinbaugh.

Girard, Erie Co., population 703. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft, inferior 200 ft; total membership 50, volunteers.

WATER SUPPLY—Source, creek and 1 cistern. Town clerk, H. Ball.

Girardville, Schuylkill Co., population 4000. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages. Chief marshal, H. Schaffstahl.

WATER SUPPLY—Source, Lost Creek; system, gravity; 300 hydrants, St. Clair; pipe, 4 and 6 in dia, through all streets, Mellerst; 18 valves, Ludlow; 2 meters, National; quality of water middling; pressure 150 pounds; water-works owned by borough; cost to construct \$15,000; ann expenses \$1500; int on bonds 4 per cent. Supt, Thos. Thomas; chief burgess, Robert Bennie; town clerk, John W. Metz.

Greensburg, Westmoreland Co., population 4500; mercantile buildings, brick and stone, 3 stories; private, brick and stone, 2 stories; fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck, 1 hose carriage; hose rubber, inferior 850 ft, leather good 180 ft, inferior 50 ft; 1 horse; value of fire department equipment \$2500; value of 2 buildings occupied \$500; total ann expenses of department \$250; total membership 150, volunteers.

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 210,000,000 gals; 40 hydrants, Ludlow; 40 miles pipe, 4 to 18 in dia, American; 200 valves, Ludlow; 3 meters, Worthington, Frost & Thompson; quality of water fine; pressure 60 to 180 pounds; water-works owned by company; cost to construct est \$300,000. Pres, Geo. F. Huff; supt, Murray Forbes; mayor, J. C. Keffler; town clerk, Cyrus Gross.

Greencastle, Franklin Co., population 2000. Fire department—1 Silsby steam fire engine, 2 hose carriages; hose rubber, good 1100 ft; value of fire department equipment \$1400; value of buildings occupied \$4000; total membership 62, paid part time, 4, volunteers 60; bell alarm. Chief engineer, Carlisle Kuhn.

WATER SUPPLY—Source, 6 cisterns (cap of 3, 60,000 gals each). Town clerk, J. E. Wilson.

Greenville, Mercer Co., population 4400; fire area 1200 acres; mercantile buildings, brick 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 3 hose carriages; siamese couplings used; hose rubber, good 2000 ft; value of fire department equipment \$5000; total ann expenses of department \$300; total membership 80, paid 2; bell alarm. Chief, E. A. Washburn.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 7,500,000 gals; 35 hydrants, Mathews; pipe 8 miles, 4 to 10 in dia, Wood; valves Wood; quality of

water soft; pressure 90 pounds; water-works owned by company; cost to construct \$128,000. Pres, J. T. Blair; supt, R. S. Cochran; mayor, W. P. Leech; city clerk, E. S. Templeton.

Hamburgh, Berks Co., population 2300; fire area 60 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, leather good 200 ft, inferior 100 ft; value of buildings occupied \$1800; total membership 70; bell alarm. Foreman, Geo. H. Spindler.

WATER SUPPLY—Source, canal and creeks; water plugs. Town clerk, M. M. Dreibelis.

Hanover, York Co., population 5000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose leather, good 1600 ft; value of fire department equipment \$6000; value of building occupied \$5000; total ann expenses of department \$300; total membership 75, volunteers; bell alarm. Chief, W. H. Long.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 4,000,000 gals; 36 hydrants; Reading; pipe 6 miles, 4 and 6 in dia, Mellerst; 10 valves, Ludlow; 9 meters, Worthington; quality of water, soft; pressure 80; water-works owned by company; cost to construct \$25,225; ann expenses \$300. Pres and supt, Stephen Keefe; mayor, Geo. S. King; city clerk, W. R. Solidav.

Harrisburg, Dauphin Co., population 45,000; fire area 22,000 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wood and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 10 hose carriages; hose cotton, good 10,000 ft, inferior 800 ft, leather, good 350 ft, inferior 3000 ft; 21 horses, value \$3250; value of fire department equipment \$30,000; value of buildings occupied \$61,340; total ann expenses of department \$12,750; total membership 1000; volunteers; Gamewell alarm; 23 street boxes; 7 engine companies, 1 hook and ladder company, 8 hose companies. Chief engineer, John Endress, Jr.; chairman of fire com, Chas. Osler.

WATER SUPPLY—Source, Susquehanna River; system, pumping to standpipe and reservoir; reservoir cap 21,000,000 gals; Harrisburg Car Co., Knowles, pumping engines, dy cap 12,000,000 gals; 466 hydrants; pipe 38 miles, 4 to 30 in dia; 616 valves; 236 meters, Crown; quality of water good; pressure 40 to 90 pounds; water-works owned by city; cost to construct est \$300,000; ann expenses \$21,455; int on bonds 6 per cent. Pres of com, Edmund Mather; mayor, John A. Fritchey; city clerk, W. J. Baker.

Hazleton, Luzerne Co., population 12,000; fire area 12,000 acres; mercantile buildings, brick and wood, 2 1/2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 15 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, 600 ft; leather good, 1700 ft; 2 horses; value of fire department equipment \$14,000; total membership 50, volunteers. Chief engineer, E. Bachman.

WATER SUPPLY—Source, springs; system, gravity and auxiliary pumping; 5 reservoirs, cap 25,000,000 gals; pumping engines dy cap 80,000 gals; 30 hydrants, Cassia; pipe 12 miles, 8 to 8 in dia; Cassia valves; 6 meters; pressure 48 pounds; water-works owned by company; cost to construct \$200,000; ann expenses \$3580. Pres, E. P. Wilber; supt, D. Clark; City clerk, Geo. Mane.

Holidaysburg, Blair Co., population 3150; fire area 1000 acres; mercantile buildings, brick, 2 1/2 stories; private, wood and brick, 2 1/2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose lines 2000 ft, leather good, 300 ft; value of fire department equipment \$10,000; value of buildings occupied \$5000; total ann expenses of department \$500; total membership 200, volunteers; whistle alarm. Chief, Martin Bell.

WATER SUPPLY—Source, Roaring run; system, gravity; 45 hydrants, Ludlow; pipe 18 miles, 6 in dia; Eddy valves; pressure 50 pounds; water-works owned by borough; cost to construct \$78,000; ann expenses \$280; int on bonds 4 per cent. Chairman of com, W. R. Smith; supt, C. A. McFarland; town clerk, J. H. Smith.

Honesdale, Wayne Co., population 3630; fire area 500 acres; mercantile buildings, brick and wood, 3 and 4 stories; private brick and wood, 2 1/2 and 3 stories; wooden

roofs permitted. Fire department—3 steam fire engines, 2 hose carriages; siamese couplings used; hose cotton, good, 1500 ft; rubber inferior 250 ft; leather inferior 800 ft; value of fire department equipment \$10,000; value of building occupied \$6000; total ann expenses of department \$500; total membership 55, paid 8; gong alarm. Chief, Robt. W. Ham.

WATER SUPPLY—Source, lake; system, gravity; 8 hydrants; pipe 8 miles, 4 and 6 in dia; pressure 80 pounds; water-works owned by company; ann expenses \$1600. Supt, F. D. Thayer; town clerk, T. E. Callaway.

Hughesville, Lycoming Co., population *1500; buildings, wood and brick, 3 stories; wooden roofs not permitted on main street; fireworks ordinance. Fire department—1 hand engine; value of fire department equipment \$800.

WATER SUPPLY—Source, wells; contract made for water-works. Pres of council, Jeremiah Kelly; town clerk, T. Rommelt.

Hummelstown, Dauphin Co., population 1500; fire area 125 acres; mercantile buildings, brick and stone, 3 stories; private, wood and brick, 2½ stories; wooden roofs permitted. Fire department—3 hand engines, 1 hose carriage; hose linen, good 1800 ft, inferior 75 ft; value of fire department equipment \$1000; value of buildings occupied \$2400; total ann expenses of department \$15; total membership 200, volunteers; bell alarm; 3 fire companies. Chief director, John M. Murray.

WATER SUPPLY—Source, Swatara Creek; system, pumping to standpipe; Raymond & Campbell pumping engines; 22 hydrants; pipe 2½ miles; pressure, domestic 75, fire 150 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$560; int on bonds 6 per cent. Pres, F. J. Schaffner; supt, Simon Campbell; town clerk, J. J. Bolton.

Huntingdon, Huntingdon Co., population 6000; mercantile buildings, brick, stone and iron, 2 to 3 stories; private, brick and wood, 3 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; siamese couplings; hose cotton, good 1200 ft, leather good 2000 ft, inferior 700 ft; hired horses; value of fire department equipment \$19,000; value of buildings occupied \$15,000; total ann expenses of department \$900; total membership 408, paid full time 3, volunteers 400; electric alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, Gilbert Greenberg.

WATER SUPPLY—Source, creek; system, pumping to reservoir and direct; reservoir cap 1,400,000 gals; Knowles, Gordon pumping engines, dy cap 1,500,000 gals; 40 hydrants, Gloucester; pipe 8 miles, 4 to 12 in dia, Gloucester; 40 valves, Ludlow; Crown meters; quality of water pure; filtration gravel and slate; pressure, domestic 70, fire 85 pounds; water-works owned by company; cost to construct \$60,000; int on bonds 4 per cent. Pres, H. B. Melick; supt, Irvin W. Hoffman; chief Burgess, W. B. Watson; city clerk, J. R. Patton.

Indiana, Indiana Co., population *4000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1200 ft; value of fire department equipment \$2550; value of buildings occupied \$3500; total ann expenses of department \$600; total membership 175, volunteers; bell alarm. Chief engineer, M. J. Lowery.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 800,000 gals; pumping engines, dy cap 8000 barrels; 72 hydrants, Mathews; pipe 9 miles, 4 to 6 in dia, Wood; 12 valves, Eddy; quality of water good; pressure, domestic 55, fire 125 pounds; water-works owned by company; cost to construct \$37,000; ann expenses \$3000. Pres, Geo. W. Hood; supt, Chas. H. Vensel; trustees, A. T. Taylor, H. M. Bell, S. A. Douglass and J. A. C. Ruffner.

Irwin, Westmoreland Co., population *2200; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 1000 ft; value of fire department equipment \$2000; value of building occupied \$300; total ann expenses of department \$300; total membership 83, volunteers; bell alarm. Chief engineer, L. J. Frick.

WATER SUPPLY—Source, 5 cisterns, cap 50,000 gals; water-works to be constructed; 25 fire plugs; pressure, domestic 75 pounds. Town clerk, S. C. Remsburg.

Jermyn, Lackawanna Co., population 3000; fire area 480 acres; buildings, wood, 2 stories; wooden roofs per-

mitted; Fire department—1 hook and ladder truck, 2 hose carriages; hose linen, good 1000 ft; value of fire department equipment \$1000; value of buildings occupied \$1800; total membership 40, volunteers; bells and whistle alarm. Foreman, S. D. Davis; chairman of fire and water com, James Dunn.

WATER SUPPLY—Source, Aylesworth Creek; system, gravity; 12 hydrants, Ludlow; pipe 8 miles, 2 to 18 in dia, Warren; 85 valves, Ludlow; quality of water fine; pressure, domestic 80, fire 180 pounds; water-works owned by company; cost to construct \$32,000; ann expenses \$1000. Pres, Jos. J. Jermyn; supt, Wm. S. Hutchings; Burgess, Wm. Sullivan; town clerk, Wm. Nicholson.

Jersey Shore, Lycoming Co., population 3800; buildings, brick and wood, 2 and 3 stories. Fire department—2 hose carriages; hose leather, good 1000 ft; value of fire department equipment \$3000; bell alarm.

WATER SUPPLY—Source, springs and surface water; system, pumping to reservoir; reservoir cap 8,000,000 gals; Knowles pumping engines, dy cap 8,000,000 gals; 21 hydrants, Mathews; pipe 4 miles; pressure 55 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$600; int on bonds 5 per cent. Pres, Frank Trump; supt, E. D. Trump; town clerk, B. D. Bicker.

Johnstown, Cambria Co., population *30,000. Fire department (report of 1889)—3 steam fire engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 8000 ft; 2 horses; total membership 408, paid part time 8, volunteers 400. Chief engineer, S. E. Young.

WATER SUPPLY—Source, mountain springs and runs; system, gravity; quality of water fine; pressure 75 pounds; water-works owned by company. Pres, Jas. McMillen; supt, Jas. Williams; mayor, W. H. Rose. All records lost, re-survey in process.

Jonestown, Lebanon Co., population 708. Fire department—1 hand engine, 1 hose carriage; hose leather 100 ft.

WATER SUPPLY—Source, wells and cisterns. Town clerk, C. D. Zehning.

Kennett Square, Chester Co., population 1200; fire area 100 acres; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose linen 600 ft, rubber 150 ft; value of fire department equipment \$1200; value of building occupied \$500; total ann expenses of department \$25; total membership 80, volunteers; bell alarm. Chief, Robt. Walker.

WATER SUPPLY—Source, spring and surface water; system, pumping to reservoir and standpipe; reservoir cap 88,000 gals; Cope pumping engines, dy cap 36,000 gals; 15 hydrants; pipe 4½ miles, 2 to 6 dia, Wood; pressure 5 to 40 pounds; water-works owned by borough; ann expenses \$300. Supt, E. P. Mercer; town clerk, Jos. Clark.

Kerns, Columbia Co., buildings wood, 1 and 2 stories; wooden roofs permitted. Fire department—Several chemical extinguishers, 1 hose carriage; hose rubber, good 500 ft, inferior 175 ft; value of fire department equipment \$400; total membership 21, volunteers. Chief engineer, L. S. Burgess.

WATER SUPPLY—Not described; pumps of 25 horsepower; 6 hydrants; pipe 1 mile.

Kington, Luzerne Co., population 3000; fire area 1200 acres; mercantile buildings, brick and wood, 50 ft; private, wood, 30 ft; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; fire plugs; hose fabric, rubber lined, good 800 ft; value of fire department equipment \$4000; value of buildings occupied \$3000; total membership 50, volunteers; steam gong alarm; 2 fire companies. Chief engineer, H. J. Roat.

Kittanning, Armstrong Co., population 2624; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hook and ladder trucks; hose leather, good 1100 ft; 2 buildings occupied; total membership 40, volunteer; bell alarm.

WATER SUPPLY—Source, Allegheny River; system, pumping to reservoir; reservoir cap 1,500,000 gals; Keystone pump; 80 hydrants, Mathews; pipe 11 miles, 6 to 10 in dia; Eddy valves; pressure 80 pounds; water-works owned by company. Pres, G. C. Orr; supt, W. B. Meredith.

Knox, Clarion Co., population *1250; buildings, wood and brick, 1 and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose linen, 50 ft, rubber good 550 ft; value of fire department equipment \$300; 1 building occupied; total membership 50, volunteers; steam whistle alarm.

PENNSYLVANIA—Continued.

WATER SUPPLY—Source, wells; system, pumping to tanks; 2 tanks, cap 28,000 gals; pumps dy cap 812½ gals; 6 hydrants, Ludlow; pipe ¾ mile, 8 and 4 in dia; pressure 75 pounds; water-works owned by borough; ann expenses \$100. Town clerk, Nelwin Tooth.

Kutztown, Berks Co., population *1825; buildings, brick and wood. Fire department—1 hand engine.

WATER SUPPLY—Source, wells. Town clerk, J. D. Wanner.

Lancaster, Lancaster Co., population 25,789; fire area 2500 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 to 3 stories; slate roofs; causes of fire investigated. Fire department—4 steam fire engines, 1 hook and ladder truck, 4 hose carts; hose 6000 ft, several factories have private hose; 14 horses; value of fire department equipment and building \$150,000; total ann expenses of department \$35,467; total membership 89, paid full time 10, paid part time 28; telegraph alarm. Chief engineer, H. B. Vondersmith.

WATER SUPPLY—Source, Conestoga Creek; system, pumping to standpipe and reservoir; reservoir cap 6,000,000 gals; Worthington pumping engines, dy cap 11,000,000 gals; 485 hydrants, Ludlow, Galvin and others; pipe, Mellert, 40 miles, 4 to 8 in dia; 450 valves, Eddy and others; quality of water good; pressure, 18 to 60 pounds; cost to construct \$50,000; ann expenses \$20,000; int on bonds 4 per cent. Chairman of com and mayor, Robert Clark; supt, Edward F. Frailey; city clerk, John J. Attick.

Lansford, Carbon Co., population *2500; buildings, wood, 2 and 2½ stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, streams; system, gravity; impounding reservoir cap 600,000 gals; 3 hydrants; pipe 8 miles; pressure, 112 pounds; water-works owned by company; cost to construct \$52,000; ann expenses \$500. Supt, W. D. Zehner; town clerk, W. Drumheller.

Latrobe, Westmoreland Co., population 6000; buildings, brick and wood, 2 and 3 stories; shingle, tin and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck; hose rubber, good 950 ft; value of fire department equipment \$1800; value of buildings occupied \$1500; total membership 88, volunteers; bell alarm.

WATER SUPPLY—Source, Loyallhanna Creek; system, direct pumping; Wilson & Snyder pumping engines, dy cap 2,500,000 gals; 48 hydrants, Mathews, Ludlow; pipe, Scottsdale, 6 miles, 4 to 12 in dia; valves Eddy; pressure, domestic 60 to 80, fire 110 pounds; water-works owned by company. Pres, H. L. Donnelly; supt, W. A. Johnston; chief Burgess, H. A. Donnelly; town clerk, John Rock.

Lebanon, Lebanon Co., population *15,700; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hook and ladder truck, 3 hose carriages; hose cotton 3600 ft; value of fire department equipment \$3500; value of buildings occupied \$40,000; total ann expenses of department \$2500. Chief engineer, G. A. Hunter.

WATER SUPPLY—Source, springs; system, gravity; 2204 hydrants; pipe, Mellert & King, 15 to 18 miles, 6 to 16 in dia; 122 valves, Mellert & King, Ludlow; meters, National; quality of water soft; pressure, domestic 45 to 50, fire 65 pounds; water-works owned by borough; cost to construct \$300,000; ann expenses \$2500 to 30,000; int on bonds 4 per cent. Pres, Wm. D. Ranch; supt, H. M. Allwein; mayor, John W. Harbeson; city clerk, Jos. Krause.

Lehigh, Carbon Co., population 4000; fire area 2500 acres; buildings, wood, 2 and 3 stories; few shingle roofs. Fire department—1 hook and ladder truck; value of fire department equipment \$400; total membership 65, volunteers. Foreman, Henry Schwartz.

WATER SUPPLY—Source, streams; system, gravity; 42 hydrants, Tamaqua; pipe, Fisher, 8 7.10 miles, 6 to 12 in dia; 18 valves; quality of water good; pressure, 120 pounds; cost to construct \$300,000; int on bonds 5 per cent. Pres, J. S. Lentz; town clerk, John T. Semml.

Lewistown, Union Co., population 9060; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, stone and wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 8 hose carriages; siamese couplings used; hose cotton, good 200 ft, inferior 800 ft, rubber good 1500 ft; value of fire department equipment \$10,000; value of building occupied \$3500; total ann expenses of department \$150; total membership 100, paid 8; bell alarm. Chief, J. V. Miller.

WATER SUPPLY—Source, West Branch, Susquehanna

River; system, pumping to standpipe; Knowles pumping engines, dy cap 1,500,000 gals; 45 hydrants, Ludlow; pipe 4 7.10 miles, 2½ to 10 in dia; Ludlow valves; 8 meters; pressure, domestic 45, fire 100 pounds water-works owned by company; cost to construct \$37,577; ann expenses \$1713; int on bonds 5 per cent. Pres, W. C. Duncan; supt, S. D. Bates; city clerk, Wm. Jones.

Lewistown, Mifflin Co., population 3222. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 hook and ladder trucks, 3 hose carriages, hose cotton, good 1000 ft, rubber good 1800 ft, inferior 1000 ft, leather inferior 1500 ft; total membership 101, paid part time 1, volunteers 100. Chief engineer, F. H. Wentz.

WATER SUPPLY—Source, springs; system, gravity; 25 hydrants. Pres, R. H. Lee; Sec Gen, F. F. McCoy; town clerk, P. Clum.

Littitz, Lancaster Co., population 1113. Fire department—3 hand engines, 2 chemical engines on wheels; hose cotton, good 500 ft; total membership 25, volunteers.

WATER SUPPLY—Source, creek; water-works under construction.

Lock Haven, Clinton Co., population 9000; mercantile buildings, brick and wood, 2 to 4 stories; private, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 2400 ft., leather good 1300 ft; 8 hoses, value \$900; value of fire department equipment \$12,000; value of buildings occupied \$400; total ann expenses of department \$2250; total membership 166, paid full time 8, volunteers 158; bell alarm; 4 fire companies. Chief engineer, Geo. D. Fox; chairman of fire com, Hugh McChord.

WATER SUPPLY—Source, 2 mountain streams; system, gravity; 2 reservoirs, cap 6,000,000 gals; 80 hydrants, Holly; pipe 15 miles, 4 to 12 in dia; Jackson & Woodin; Ludlow valves; quality of water good; pressure 80 pounds; water-works owned by city; cost to construct \$130,000; ann expenses \$1400. Chairman of com, John Agar; supt, J. F. Griffin; mayor, Geo. W. Mason; city clerk, E. P. Geary.

Lykens, Dauphin Co., population 2500. Fire department—2 hose carriages, 2 hose carts; 1000 ft hose; 2 hose companies. Chief, A. G. Stanley.

WATER SUPPLY—Source, Rattling Creek; system, gravity; 26 hydrants, Ludlow; pipe 5 miles, 8 to 10 in dia. Warren; 12 valves, Ludlow; quality of water good; pressure 40 pounds; water-works owned by company. Pres, I. J. Wistar; supt, J. M. Williams; town clerk, B. F. Eby.

Mahanoy Plane, Schuylkill Co., population 300; fire area 2 miles; buildings, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hook and ladder trucks, 3 hose carriages; hose leather, good 2500 ft; value of fire department equipment \$300; value of buildings occupied \$500.

WATER SUPPLY—Source, Mud Run; system, gravity; 8 hydrants; pipe 4 miles, 6 in dia; 8 valves, Bannan; quality of water good; pressure good. Pres, M. Luthin; chief Burgess, John Trevelthen; town clerk, M. J. Reynolds.

Manheim, Lancaster Co., population *2200; fire area 960 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 8 hose carriages; hose good 1400 ft; value of fire department equipment \$200; value of 2 buildings occupied \$1600; total membership 100, volunteers; bell alarm.

WATER SUPPLY—Source, Lehman's Creek; system, pumping to reservoir; reservoir cap 800,000 gals; Worthington pumping engines, dy cap 600,000 gals; 68 hydrants, Tamaqua; pipe Mellert, 4½ miles; Mellert valves; pressure 60 pounds; water-works owned by company; cost to construct \$27,000; ann expenses \$510. Pres, A. Kline; supt, H. E. Gye; mayor, M. E. Bomberger; town clerk, H. M. Ensminger.

Mansfield, Tioga Co., population *2500; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$750; total membership 50, volunteers; bell alarm. Chief, T. H. Bailey.

WATER SUPPLY—Source, not given; system, gravity; water-works owned by company. Mayor, T. H. Bailey; town clerk, Mart. King.

Mansfield Valley, Allegheny Co., population 300. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; total membership 35, volunteers.

WATER SUPPLY—Source, 15 cisterns.

Marietta, Lancaster Co., population 3800; fire area 2000 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose leather, good 1600 ft, inferior 1800 ft; value of fire department equipment \$8000; value of building occupied \$7000; total membership 90, volunteers; bell alarm. Chief engineer, Caspar Eater; chairman of fire and water com, S. L. Emswiler.

WATER SUPPLY—Source, river, canal, creek and 4 cisterns. Mayor, Jas. Duffy; town clerk, John Naylor.

Mauch Chunk, Carbon Co., population *4800; mercantile buildings, brick, 4 stories; private, brick and wood, 3 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 800 ft, rubber good 600 ft, leather good 600 ft; value of fire department equipment \$8000; value of 2 buildings occupied \$4000; total membership 116, paid part time 2. Chief engineer, G. W. Sandell.

WATER SUPPLY—Source, springs; system, gravity; 25 hydrants, Mathews; pipe 4 miles, 4 to 8 in dia; Ross valves; 8 meters, American; quality of water good; pressure 80 pounds; water-works owned by company; cost to construct \$37,500; ann expenses \$1200. Pres, Robt. Klotz; mayor, John H. Fuger; town clerk, Elmer Keiser.

Marysville, Perry Co., population 1000. Fire department—1 hand engine; hose cotton 150 ft; value of fire department equipment \$500; total membership 45, volunteers. Chief, G. E. Strasbough.

WATER SUPPLY—Source, river and well. Burgess, J. E. Mann.

McConnellsburg, Fulton Co., population 600; fire area 19 acres; mercantile buildings, brick and stone, 2 stories; private, wood, brick and stone, 2 stories; wooden roofs permitted. Fire department—3 hand engines, 1 hose carriage; hose rubber, good 1000 ft, inferior 200 ft, leather good 100 ft; value of buildings occupied \$300; total membership 75, volunteers; bell alarm. Chief engineer, M. R. Shaffner.

WATER SUPPLY—Source, stream.

McKeesport, Allegheny Co., population 20,000; mercantile buildings, brick, 2 to 6 stories; private, wood; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; 8 hoses, value 750; 1 building occupied; total ann expenses of department \$620; total membership 8, paid full time; Gamewell alarm; 16 street boxes. Capt, Jas. McCallister; chairman of fire com, T. C. Jones.

WATER SUPPLY—Source, Youghiogheny River; system, pumping to reservoir; reservoir cap 6,000,000 gals; Worthington pumping engines, dy cap 8,000,000 gals; 130 hydrants, Mathews; pipe 17½ miles; 120 meters; pressure 115 pounds; water-works owned by city; cost to construct \$160,000; ann expenses \$4500; int on bonds 5 per cent. Supt, Jas. Escoff; city clerk, Geo. Bossart.

Meadville, Crawford Co., population *12,000. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 3600 ft; 2 hoses; total membership 225, volunteers. Chief engineer, Oscar Hartman.

WATER SUPPLY—Source, French Creek; system, pumping to reservoir; reservoir cap 5,000,000 gals; Knowles pumping engines, dy cap 5,000,000 gals; 106 hydrants, Wood; pipe 20 miles, 2 to 12 in dia, McNeal; Eddy valves; 30 meters, National; quality of water soft; filtration gravel; pressure 110 pounds; water-works owned by company; cost to construct \$177,000; ann expenses \$5000. Pres, Jas. D. Gill; supt, Geo. T. Cullum; mayor, Cyrus Harper; city clerk, B. B. Pickett, Jr.

Mechanicsburg, Cumberland Co., population 4500; fire area 400 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers 1 hook and ladder truck, 2 hose carriages, hooks, ladders, axes, ropes and extra cart; hose rubber, good 1500 ft, inferior 200 ft, leather inferior 800 ft; value of fire department equipment \$9800; value of buildings occupied \$5000; total ann expenses of department \$900; total membership 180, volunteers, paid part time; 2 bells alarm; 2 fire companies. Chief engineer, S. W. Wagoner; chairman of fire and water com, Dr. L. P. O'Neal.

WATER SUPPLY—Source, springs and artesian well; system, gravity; 2 reservoirs; 54 hydrants; pipe, Donaldson, Mellert, Reading, 6½ miles, 4 to 10 in dia; 48 valves, Wood; quality of water pure; pressure, domestic 45, fire 120 pounds; water-works owned by company; cost to construct \$80,000; ann expenses \$1100. Pres, Jos. Lear;

supt, Andrew Seifert; burgess, Geo. Bobb; city clerk D. E. Kast.

Media, Delaware Co., population 3900; buildings, brick, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 hose carriages, ladders; hose cotton, good 300 ft, leather good 1000 ft. Chief engineer, Henry Green.

WATER SUPPLY—Source, Ridley Creek; system, pumping to reservoir; reservoir cap 1,250,000 gals; Worthington, Knowles pumping engines, dy cap 1,400,000 gals; 76 hydrants, Union, Wood; pipe 6.8 miles, 4 to 8 in dia, Mellert; valves Union Wood; water-works owned by borough; cost to construct \$90,000. Supt, Ralph Buckley; chief burgess, Henry Green; town clerk, Wm. Lucker.

Mercer, Mercer Co., population *2350. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carts; hose rubber, good 1500 ft; total membership 50, volunteers; fire police, 15 men. Chief engineer, W. D. Keck.

WATER SUPPLY—Source, Otter Creek, filtered; system, pumping to tank and direct; Smith-Vaile pumping engines, dy cap 600,000 gals; 24 hydrants, Ludlow; pipe 3 miles; pressure, domestic 40, fire 125 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$500; int on bonds 6 per cent. Pres, S. H. Miller; town clerk, H. H. Zigler.

Mercersburg, Franklin Co., population *1500; buildings, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose cotton, good 950 ft, inferior 50 ft; value of fire department equipment \$5000; total membership 40, paid 1, volunteers; bell alarm. Chief engineer, S. C. Jordan.

WATER SUPPLY—Source, mill race and wells; system, pumping to cisterns by Silsby engine; cost to construct \$5000. Burgess, F. A. Waddell; town clerk, M. J. Slick.

Meshoppen, Wyoming Co., population *800; buildings, wood, 2 stories. No fire department. 48 buckets, 8 ladders.

WATER SUPPLY—Source, springs and brook; system, gravity; 2 reservoirs, dy cap 80,000 gals; 2 hydrants, Hancock & Manle; pipe 8 miles, ¾ to 8 in dia; pressure 100 ft head; water-works owned by company; cost to construct \$10,000; ann expenses \$100. E. H. Wells.

Meyersdale, Somerset Co., population 2800; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose 700 ft; total membership 48, volunteers. Chief engineer, M. Coulihan.

WATER SUPPLY—Source, Sand Spring; system, gravity; reservoir cap 1,000,000 gals; 30 hydrants, Eddy; pipe 4½ miles, 2 to 8 in dia; 15 valves, Eddy; pressure 125 pounds; water-works owned by company; cost to construct \$16,000; ann expenses est \$300; int on bonds 5 per cent. Pres, S. Chamberlain; supt, J. S. Graves; mayor, F. Groff; town clerk, E. Spilson.

Middletown, Dauphin Co., population *5000. Fire department—1 steam fire engine, 8 hose carriages; hose cotton, good 1500 ft; leather 800 ft; total membership 90, volunteers.

WATER SUPPLY—Source, Swatara Creek; system, pumping to standpipe and direct; Raymond & Campbell pumping engines, dy cap 800,000 gals; 84 hydrants, Mathews; pipe 5 miles, 4 to 12 in dia, Wood; National valves; 4 meters, National; quality of water excellent; filtration gravel; pressure, domestic 60 to 65, fire 200 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$150; int on bonds 6 per cent. Pres, Joseph Campbell; supt, C. W. Raymond.

Mifflintown, Juniata Co., population *800. Fire department—1 hand engine.

WATER SUPPLY—Source, canal and river.

Milford, Pike Co., population 984; buildings, wood, 2 stories. No fire department; hose rubber 450 ft, leather good 250 ft; value of fire department equipment \$925; value of building occupied \$50. Ex-chief, J. B. Newman.

WATER SUPPLY—Source, spring; system, gravity; 61 hydrants; pipe 4 miles, 4 to 8 in dia; pressure 65 pounds; water-works owned by company; cost to construct \$15,000; ann expenses \$300. Pres, T. C. Wallace; supt, Milton Armstrong; mayor, A. D. Brown; town clerk, Jas. Hutchison.

Millersburgh, Dauphin Co., population 2000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$900; total membership 40, volunteers; bell alarm. Chief, D. D. Ditty.

WATER SUPPLY—Source, wells. Mayor, W. L. Brubaker; town clerk, Wm. M. Hartman.

PENNSYLVANIA—Continued.

Millerstown, Butler Co., population 1500; fire area 480 acres; mercantile buildings, wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 hose carriage; hose cotton, good 500 ft, rubber good 300 ft, inferior 300 ft; value of fire department equipment \$12,000; building occupied; total ann expenses of department \$100; total membership 35, volunteers; bell alarm.

WATER SUPPLY—Source, artesian well; system, pumping to tanks; town has 2 tank, cap 38,000 gals; H. A. Leopold has tanks, cap 64,000 gals; pumping engines, dy cap 70,000 gals; 12 hydrants; pipe 2 miles, 8 to 5 in dia; pressure, domestic 10 to 80, fire 20 to 90 pounds; water-works owned by borough and H. A. Leopold; ann expenses \$1000; int on bonds 6 per cent. Supts, H. A. Leopold & Son; mayor, C. F. Aldinger; town clerk, J. C. Gaisford

Millvale (Bennett P. O.), Allegheny Co., population 5000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, rubber inferior 600 ft; 1 horse, value \$180; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$50; total membership 125, volunteers; bell alarm. Chief engineer, Reuben C. Wetzel.

Milton, Northumberland Co., population 2500; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber 300 ft, leather good 1000 ft; value of fire department equipment \$6000; value of building occupied \$1500; total ann expenses of department \$400; total membership 18, paid part time; bell alarm.

WATER SUPPLY—Source, West Branch Susquehanna River; system, pumping to reservoir; reservoir cap 2,000,000 gals; Worthington pumping engines, dy cap 8,500,000 gals; 41 hydrants, Bailey; pipe 7 miles; Eddy valves; pressure 100 pounds; water-works owned by company; cost to construct \$50,000; ann expenses \$2550; int on bonds 5 per cent. Pres and supt, R. F. Wilson; town clerk, R. Hatfield.

Minersville, Schuylkill Co., population 8240; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose cotton, good 1200 ft, rubber good 600 ft; value of fire department equipment \$4000; value of 4 buildings occupied \$3000; 1 rented, \$100 per year; total ann expenses of department \$500; total membership 150, volunteers.

WATER SUPPLY—Source, surface water; system, gravity; 20 hydrants, Mathews; pipe Wood, 9 miles, renewing with 14 in dia; Eddy valves; 2 meters, Crown; quality of water soft; pressure, 125 to 150 pounds; water-works owned by company; cost to construct \$41,000; ann expenses \$1500. Pres, R. F. Potter, Sr.; supt, Chas. R. Kear; mayor, Thos. T. Loyd; town clerk, Jonas Lambenstein.

Monongahela City, Washington Co., population 2904; fire area 600 acres; buildings, wood and brick. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$3000; value of building occupied \$3500; total membership 75, volunteers; bell and steam whistle alarm.

WATER SUPPLY—Source, Monongahela River; system, pumping to reservoir; 20 hydrants; pipe National, 15 miles; water-works owned by company; cost to construct est \$140,000; ann expenses est \$1500; int on bonds 6 per cent. Pres V. Neubert.

Montoursville, Lycoming Co., population 1550; fire area 500 acres; buildings, wood, 2 stories; causes of fire investigated. Fire department—1 hook and ladder truck; value of fire department equipment \$600; rent of building occupied \$25 per year.

WATER SUPPLY—Source, wells. Town clerk, D. Lichenthale.

Montrose, Susquehanna Co., population 1800; fire area 320 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—9 hand engines, 1 hook and ladder truck, 2 hose carriages, hose linen rubber lined, 1800 ft; value of fire department equipment \$5500; value of buildings occupied \$4000; total membership 150, volunteers; bell alarm. Chief engineer, L. P. Knoll.

WATER SUPPLY—Source, 12 cisterns. Town clerk, W. S. Cox.

Mount Carmel, Northumberland Co., population 9000; buildings, brick and wood, 2½ and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hose carriage; hose leather, good 2500 ft, inferior 300 ft; value of fire department equipment \$5000; total ann expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, S. Dietrick.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, cap 5,000,000 gals; 24 hydrants; pipe 5 miles; pressure 75 pounds; water-works owned by company; cost to construct \$35,000; ann expenses \$500; int on bonds 4 per cent. Pres, Wm. Schwenk; supt, T. Scott; city clerk, S. Hoover.

Mount Joy, Lancaster Co., population 2058. Fire department—1 hand engine, 2 hose carriages; hose linen, good 500 ft, cotton 500 ft, rubber good 150 ft, leather good 508 ft; total membership 50, volunteers.

WATER SUPPLY—Source, Chiquasalunga Creek; system, pumping to reservoir and direct; reservoir cap 750,000 gals; Birkinbine & Weiner pumping engines; 23 hydrants, Werner; 2 2.5 miles pipe; pressure, domestic 34, fire 45 pounds; water-works owned by town; cost to construct \$50,000; ann expenses \$800; int on bonds 4 per cent. Supt, Wm. Kuhn.

Mount Oliver, Allegheny Co., population 3000; fire area, 300 acres; buildings, private, wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft; value of fire department equipment \$500; total ann expenses of department \$118; total membership 75, volunteers; bell alarm. Chief, August Meahl.

WATER SUPPLY—Source, cisterns and wells; 8 hydrants; pipe ¼ mile, 4 in dia. Pres, John Wagner; town clerk, A. B. Goldbach.

Mount Pleasant, Westmoreland Co., population 6500; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose 1650 ft; value of fire department equipment \$1875; value of building occupied \$300; bell alarm. Chief, J. W. Hay.

WATER SUPPLY—Source, Jacob's Creek; system, pumping to reservoir and standpipe; reservoir cap 3,000,000 gals; standpipe cap 105,000 gals; Gordon pumping engines, dy cap 3,500,000 gals; 60 hydrants, Wood; pipe 8 miles, 4 to 16 in dia, Jackson & Woodin; 26 valves, Ludlow; quality of water soft; pressure, domestic 45 to 100 pounds, fire any desired; water-works owned by company. Pres, H. C. Frick; supt, H. Coll; mayor, Urbanas Hubbs; town clerk, John A. Stevenson.

Muncy, Lycoming Co., population 3000; mercantile buildings, brick, 3 stories; private, brick and wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1000 ft, leather 500 ft; 2 horses; value of fire department equipment \$3000; value of building occupied \$2500; total ann expenses of department \$1500; total membership 63, volunteers; bell alarm. Chief engineer, C. I. Shook.

WATER SUPPLY—Source and system not given; 1 reservoir, 220 ft elevation.

Myerstown, Lebanon Co., population 2200; mercantile buildings, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 700 ft, rubber 300 ft, leather 400 ft; value of fire department equipment \$5750; value of 2 buildings occupied \$10,000; total membership 300, volunteers; bell alarm.

WATER SUPPLY—Source, wells and cisterns.

Nanticoke, Luzerne Co., population 12,000; fire area 1700 acres; mercantile buildings, brick and wood, 2½ and 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton, good 900 ft, inferior 600 ft; value of fire department equipment \$3500; value of buildings occupied \$1200; total ann expenses of department \$300; total membership 125, volunteers; steam whistle alarm; 1 hook and ladder company, 4 hose companies. Chief, A. K. Mowry; chairman of fire and water com, Chas. Deltrick.

WATER SUPPLY—Source not given; system, pumping to standpipe and direct; 1 reservoir; 30 hydrants; pipe 13 miles, 4 to 12 in dia.

Nazareth, Northampton Co., population 364. Fire

department—3 old hand engines, 1 hook and ladder truck, 1 hose carriage; hose leather good 700 ft. Chief, E. A. Clewell.

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoir; Deane, Gould pumping engines, dy cap 120,000 gals; 16 hydrants, McKean; pipe 4 in dia; pressure 60 pounds; water-works owned by company; cost to construct \$15,000; ann expenses \$300; int on bonds 5 per cent. Pres, Sam'l Odenwelder; supt, John F. Bardell; town clerk, E. T. Grunewald.

Newbury, Lycoming Co. (see Williamsport).

New Bethlehem, Clarion Co., population 1000; fire area 50 acres; mercantile buildings, wood, 2 stories; fire-works ordinance. Fire department—8 chemical engines on wheels, 4 chemical extinguishers; 3 hose carriages; hose 1800 ft; value of fire department equipment \$2700; value of building occupied \$600; total ann expenses of department \$40; total membership 40, volunteers. Chief, E. V. Marsh.

WATER SUPPLY—Source, Red Bank Creek; system, pumping to reservoir; Worthington pumping engines, dy cap 1,250,000 gals; 12 hydrants, Hutchinson & Alexander; pipe 1½ miles; filtration stone; pressure 80 pounds; water-works owned by company; cost to construct \$11,775, ann expenses \$550. Pres, E. V. Marsh; supt, Geo. S. Thomas; mayor, W. S. Corbett.

New Brighton, Beaver Co., population 6000. Fire department—1 hand engine, 4 hose carriages; hose good 2000 ft; total membership 60, volunteers. Chief, D. R. Corbus.

WATER SUPPLY—Source, Beaver River; system, pumping to reservoir and direct; reservoir cap 500,000 gals; Worthington, Wilson & Snyder pumping engines, dy cap 1,000,000 gals; 65 hydrants, Ludlow; pipe 11 miles, 2 to 10 in dia, Wood; 21 valves, Ludlow; 6 meters, Crown; quality of water first-class; Hyatt filter; pressure 120 pounds; water-works owned by company; cost to construct \$65,000; ann expenses \$3400; int on bonds 6 per cent. Pres, R. S. Kennedy; supt, John D. King; mayor, Philip Martsoff; town clerk, D. T. Daniels.

New Castle, Lawrence Co., population 19,000; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fire-works ordinance; causes of fire investigated. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; fire police cart; hose rubber good, 4500 ft; 8 horses, value \$300; value of fire department equipment \$8000; value of buildings occupied \$7000; total ann expenses of department \$8500; total membership 100, paid full time 4, paid part time 10; bell and telephone alarm; 5 fire companies. Chief engineer, W. W. Cubbison; chairman fire and water com, Daniel Bitner.

WATER SUPPLY—Source, Shenango River; system, pumping to reservoir; reservoir cap 7,500,000 gals; Blake pumping engines, dy cap 2,500,000 gals; 117 hydrants, Mathews; pipe 17 miles, 4 to 12 in dia; Eddy valves; 8 meters; pressure 120 pounds; water-works owned by company; ann expenses \$6000. Pres, J. H. Lippincott; supt, J. W. Taylor.

New Knoxville, Bucks Co., population 1152. Fire department—2 steam fire engines, 1 hand engine, 2 hose carriages; hose leather good, 500 ft; total membership, 60, volunteers.

WATER SUPPLY—Source, river and canal.

New Oxford, Adams Co., population 700; fire area 380 acres; buildings, brick, 2 and 3 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine; hose, 800 ft; total membership 50, volunteers. Chief, F. C. McCadden.

WATER SUPPLY—Source, wells and cisterns. Mayor, H. H. Diehl; town clerk, J. S. Gitt.

Newport, Perry Co., population 1700; fire area 100 to 125 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, bucket brigade; value of fire department equipment \$300; value of buildings occupied \$200; total membership, 12. Chief engineer, L. E. Gautt.

WATER SUPPLY—Source, wells and canal. Burgess, W. M. Korting; town clerk, A. F. Keim.

Newtown, Bucks Co., population 1800; fire area 300 acres; mercantile buildings, brick, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hose carriage; hose leather, fair 500 ft, inferior 250 ft; value of fire department equipment \$1000; value of buildings occupied \$500; total membership 60, volunteers, paid part time 10.

Chief engineer, E. R. Balderston; chairman of fire and water com, J. T. Briggs.

WATER SUPPLY—Source, 2 artesian wells; system, pumping to reservoir; reservoir cap 500,000 gals; Downie pumping engines, dy cap 228,000 gals; 22 hydrants, Cassin; pipe, Union, 5 miles, 4 to 8 in dia; 14 valves; pressure, 40 pounds; water-works owned by company; cost to construct \$20,000. Pres, Geo. C. Worsall; chief burgess, Thos. K. Gumpfer; town clerk, H. G. Reeder.

Newville, Cumberland Co., population 1800; mercantile buildings, brick and wood, 2 and 3 stories; firework ordinance. Fire department—2 hand engines, 1 hose carriage; hose cotton, good 150 ft, leather 500 ft; total membership 60, volunteers.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. M. Hays.

Norristown, Montgomery Co., population 18,000; fire area 2000 acres; buildings, brick and stone, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—8 steam fire engines, private chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 6 hose carriages, 1 supply wagon; hose cotton, good 3000 ft, rubber good 500 ft, leather inferior 1000 ft; 16 horses, value \$8000; value of fire department equipment \$30,000; value of buildings occupied \$80,000; total ann expenses of department \$3700; total membership 600, volunteers; Gamewell alarm; 18 street boxes; indicator in engine house; 4 fire companies. Chairman of fire and water com, T. L. Mumshower.

WATER SUPPLY—Source, Schuylkill river; system, pumping to reservoir; reservoir cap 11,000,000 gals; Worthington, Newbold pumping engines, dy cap 8,000,000 gals; 150 hydrants, Ludlow; pipe 87 miles, 8 to 4 in dia; valves Ludlow; pressure 68 pounds; water-works owned by company; cost to construct \$250,000; int on bonds 5 per cent. Pres and supt, John Slinguff; burgess, Geo. M. Grady; city clerk, Theo. F. Baker.

Northeast, Erie Co., population 1206; buildings, brick and wood, 2 stories. Fire department—2 hose carriages; hose cotton, good 1300 ft; value of fire department equipment \$800; total ann expenses of department \$185 (1856); total membership 60, volunteers; bell alarm. Chief, W. H. Phillips.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,500,000 gals; 23 hydrants, Ludlow; pipe 5½ miles; Ludlow valves; pressure 100 pounds; water-works owned by town; cost to construct \$20,000; ann expenses \$450; int on bonds 5 per cent. Supt and town clerk, E. W. Merrill; burgess, R. A. Davidson.

Northumberland Borough, Northumberland Co., population 3600. Fire department—1 hook and ladder truck; volunteer department.

WATER SUPPLY—Source, river and canal. Mayor, C. T. Brouse; town clerk, C. H. Peter.

North Wales, Montgomery Co., population 1500; fire area 250 acres; mercantile buildings, brick and stone, 3 stories; private, brick, 2 and 3 stories; wooden roofs permitted, mostly tin and slate; fireworks ordinance. Fire department—1 hose carriage; hose cotton, good 1000 ft; fire plugs; value of fire department equipment \$300; value of buildings occupied \$200; total membership 8, volunteers. Chief, John Weikel; chairman of fire and water com, Francis Anderson.

Oil City, Venango Co., population 15,000; mercantile buildings, brick and stone, 3 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—8 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 2000 ft, inferior 1500 ft; 6 horses, value \$1400; value of fire department equipment \$10,000; value of buildings occupied \$7000; total ann expenses of department \$6000; total membership 60, paid full time 2, paid part time 18; Gamewell alarm; 10 street boxes; 1 hook and ladder company, 8 hose companies. Chief engineer, D. Fisher; chairman of fire and water com, Wm. Dwyer.

WATER SUPPLY—Source, Allegheny River and springs; system, pumping to reservoir and gravity; reservoir cap 2,500,000 gals; 2 Eclipse pumping engines; 190 hydrants, Mathews; pipe 20 miles; Galvin valves; 80 meters; pressure 120 pounds; water-works owned by city; cost to construct \$160,000; ann expenses \$4000; int on bonds 5 and 6 per cent. Supt, M. Dobson; mayor, W. G. Hunt; city clerk, H. C. Sweeney.

Osceola, Tioga Co., population 720; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage.

WATER SUPPLY—Source, wells.

Osceola Mills, Clearfield Co., population 2500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose linen rubber lined, good

PENNSYLVANIA—Continued.

600 ft; value of fire department equipment \$1000; total ann expenses of department \$1000; total membership 60, volunteers. Chief, A. B. Stine; chairman of fire and water com, Geo. E. Jones.

WATER SUPPLY—Source not given; system, gravity; pipe 8 in dia; pressure 80 pounds; water-works owned by company. Burgess, Jas. Stoddard, town clerk, C. T. Hall.

Oxford, Chester Co., population 1502; fire area 1280 acres; mercantile buildings, brick, 3 stories; private, brick, 2 and 3 stories; slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1100 ft; value of fire department equipment \$5000; value of building occupied \$3000; total ann expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, Geo. E. Jones.

WATER SUPPLY—Source, 2 bored wells; system, pumping to reservoir; reservoir cap 500,000 gals; Knowles pumping engines, dy cap 115,000 gals; 85 hydrants, Cassin, Gloucester; pipe 8 & 10 miles, 6 in dia; Gloucester valves; pressure 30 pounds; water-works owned by borough; cost to construct \$44,288; ann expenses \$360; int on bonds about 5 per cent. Burgess, Geo. D. Hayes; town clerk, J. C. Kerr.

Parker's Landing, Armstrong Co., population 1885; fire area 2 miles; buildings, wood and brick, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose linen, good 500 ft, rubber good 1500 ft; value of fire department equipment \$3000; value of 2 buildings occupied \$3000; total membership 50, volunteers; bell and whistle alarm. Chief engineer, G. A. Needle.

WATER SUPPLY—Source, Allegheny River; system, pumping to tanks; tanks cap 100,000 gals; Cameron pumping engines, dy cap 300,000 gals; 80 hydrants; pipe 8 miles, 2 to 14 in dia; pressure, domestic 40, fire 140 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$1800. Pres and supt, O. Tinsman; city clerk, R. Balph.

Patterson, Juniata Co., population 800; fire area 20 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 stationary engine for pumping water through pipes; hose cotton, good 1000 ft, leather inferior 450 ft; value of fire department equipment \$4500; value of buildings occupied \$500; total membership 60, volunteers; electric alarm; 8 street boxes. Chief engineer, R. L. Cramer.

WATER SUPPLY—Source, river; system, gravity; reservoir, 8 hydrants; pipe $\frac{1}{2}$ mile, 4 in dia; 4 valves; pressure 30 pounds. Mayor, John Diven.

Petrolia, Butler Co., population 1500; buildings, wood, 1 and 2 stories; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hose carriages; hose linen, good 1000 ft, inferior 2000 ft; value of fire department equipment \$1800; value of 2 buildings occupied \$800; total membership 100, full paid; bell and whistle alarm. Chief engineer, J. A. Gibson.

WATER SUPPLY—Source, artesian well; system, pumping to tank and direct; tank cap 48,000 gals; 2 Blake pumping engines; 6 hydrants; pipe 2 miles, 2 to $3\frac{1}{2}$ in dia; pressure, domestic 30, fire 150 pounds; water-works owned by T. Keighron; cost to construct \$8000; ann expenses \$1700. Town clerk, J. W. Riddle.

Philadelphia, Philadelphia Co., population 1,040,499; mercantile buildings, brick and stone, 8 to 10 stories; private, brick; wooden houses or roofs not permitted. Fire department (report of 1899)—45 steam fire engines, 8 hook and ladder trucks, 36 hose carriages; hose cotton, fair, 50,000 ft; rubber, fair, 10,000 ft; 175 horses; total membership 513, paid full time; insurance patrol with 18 members maintained by insurance companies and private parties at ann cost of \$28,818. Geo. R. Stillman, capt.; telegraph alarm; street boxes 615. Chief engineer, J. R. Cantlin.

WATER SUPPLY (report of 1899)—Source, Schuylkill and Delaware Rivers and springs; system, pumping to reservoir and direct; reservoir cap 373,015,300 gals; Holly-Gaskill, Worthington, Cornish, Knowles, Davidson, C. Corlies, Marine, Simpson pumping engines, dy cap 183,300,000 gals; 6715 hydrants; pipe 376 miles; 263 meters; pressure 18 to 180 pounds; water-works owned by city; cost to construct \$15,000,000; ann expenses \$580,830. Chief engineer, John L. Ogden; supt, Frank L. Hand; mayor, E. Fitter.

Phillipsburg, Center Co., population 6000; fire area 200 acres; buildings, brick and wood, 2 stories; fireworks

ordinance; causes of fire investigated. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck; 4 hose carts; siamese couplings used; hose cotton good, 5000 ft; value of fire department equipment \$5000; value of 2 buildings occupied \$1000; total membership 321, volunteers; bell alarm. Chief, G. E. Parker.

WATER SUPPLY—Source, mountain stream; system, pumping to reservoir; reservoir cap, 300,000 gals; Dunca pumping engines, dy cap 600,000 gals; 44 hydrants, Duncan; pipe 5 miles, 2 to 8 in dia; pressure 55 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$2400. Pres, J. N. Cassanova; supt, Henry Southard; city clerk, R. L. Scott.

Phoenixville, Chester Co., population 9500; fire area 1600 acres; mercantile buildings, brick, 3 to 4 stories; private, brick and stone, $2\frac{1}{2}$ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; 2 hose carriages; hose cotton good, 500 ft, leather good, 500 ft, inferior 500 ft; value of fire department equipment \$7000; value of buildings occupied \$800; total ann expenses \$4; total membership 100, volunteers 40; bell alarm. Chief engineer, Chas Shaffen; chairman of fire and water com, P. G. Carey.

WATER SUPPLY—Source, Schuylkill River; system, pumping to reservoir; reservoir cap, 2,530,500 gals; Worthington pumping engines, dy cap, 600,000 gals; 125 hydrants, Mathews; pipe 12 miles, 4 to 16 in dia, Mellert; Ludlow valves; pressure 65 to 75 pounds; water-works owned by borough; cost to construct \$397,000; ann expenses \$13,100; int on bonds 47.10. Supt, A. S. Vander-alice; city clerk, J. P. Zachus.

Pine Grove, Schuylkill Co., population 1500; mercantile buildings, wood, 2 stories; private, wood, 3 stories, wooden roofs permitted. Fire department—buckets.

WATER SUPPLY—Source, wells and stream. Town clerk, Aaron T. Felner.

Pittsburgh, Allegheny Co., population 250,000; fire area 12,000 acres; mercantile buildings, wood, brick and iron, 2 to 8 stories; private, wood and iron, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department (report of 1899)—16 steam fire engines, 30 chemical extinguishers, 4 hook and ladder trucks; 18 hose carriages, all kinds; hose cotton good, 30,000 ft; 90 horses; value of fire department equipment \$150,000; value of 18 buildings occupied \$200,000; total ann expenses of department \$125,000; total membership 180, full paid; telegraph alarm; 340 street boxes. Chief, S. N. Evans; Chief, Dept. Pub. Safety, J. O. Brown.

WATER SUPPLY—Source, Allegheny River; system, pumping to reservoirs; reservoir cap 120,000 gals; Hartup pumping engines, dy cap 48,000,000 gals; 1522 hydrants, Ludlow; pipe 122 miles, 4 to 50 in dia; 2321 valves, Ludlow; 48 meters, Crown; pressure 40 to 120 pounds; water-works owned by city; cost to construct \$8,500,000; ann expenses \$22,500; int on bonds 6 and $\frac{1}{2}$ per cent. Supt, Geo. H. Browne; mayor, H. I. Gomey; city clerk, Geo. Booth.

Pittston, Luzerne Co., population 15,000; fire area 3 miles; mercantile buildings, brick, wood and stone, 3 stories; private, wood, 3 stories; fireproof roofs; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 500 ft, rubber good 700 ft, inferior 600 ft, linen good 200 ft, inferior 300 ft; 2 horses, value \$600; value of fire department equipment \$12,500; value of buildings occupied \$11,000; total ann expenses of department \$800; total membership 150, volunteers; gong alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, J. H. Mullin; chairman of fire and water com, Edward J. Burke.

WATER SUPPLY—Source, Susquehanna River; system, pumping to reservoirs; 2 reservoirs, cap 2,500,000 gals; Worthington, Knowles pumping engines, dy cap 2,000,000 gals; 28 hydrants, Mathews and others; pipe 21 miles; Eddy valves; 6 meters, Union; pressure 40 pounds; water-works owned by company; cost to construct \$114,000; ann expenses \$8000. Pres of com, John J. Hart; burgess, Louis Seibel; city clerk, Patrick Joyce.

Plymouth, Luzerne Co., population 10,000; buildings, wood and brick, 2 stories. Fire department—8 hose companies.

WATER SUPPLY—Source, springs, artesian wells and surface water; system, gravity and pumping to reservoir; reservoirs cap 4,500,000 gals; Neelan, Knowles pumping engines, dy cap 1,000,000 gals; 40 hydrants, Tamaqua; pipe 17 miles, 2 to 12 in dia; 7 meters, National; quality of water good; pressure 120 pounds; water-works owned by company; cost to construct \$110,000; ann expenses \$4500. Pres or chairman of com, Draper Smith; supt,

O. M. Lance; pres town council, F. R. Hendershot; town clerk, J. Q. Creveling.

Port Carbon, Schuylkill Co., population 2354. Fire department—hose good 1200 ft; 1 hose company. Chief, Geo. P. Dicus.

WATER SUPPLY—(see Pottsville). Supt, J. Moody; town clerk, Jos. H. Beir.

Pottstown, Montgomery Co., population *12,000. Fire department—2 steam fire engines, 1 hook and ladder truck with extinguishers, 2 hose carriages, 1 hose cart; hose canvas, good 1000 ft, inferior 500 ft, leather good 1000 ft, inferior 500 ft; horses; total membership 806, volunteers. Chief engineer, Jos. N. Maltzberger.

WATER SUPPLY—Source, Schuylkill River; system, pumping to reservoir; reservoir cap 1,500,000 gals; Worthington, Philadelphia pumping engines, dy cap 2,500,000 gals; 120 hydrants, Kinsley, Mellert, Chester; pipe 15 miles, Mellert; valves Kinsley, Mellert, Chester; 6 meters; pressure 60 pounds; water-works owned by company; cost to construct \$125,000; int on bonds 4½ per cent. Pres, Isaac Fegeley; supt, Hiram Royer; city clerk, A. K. Shuner.

Pottsville, Schuylkill Co., population 18,000; buildings, brick and wood; fireworks ordinance. Fire department—4 steam fire engines, 8 hose carriages; 6 horses; 7 buildings occupied; bell alarm. Chief engineer, H. R. Shoener.

WATER SUPPLY—Source, mountain streams; system, gravity; 8 reservoirs, cap 450,000,000 gals; pipe 26 miles; pressure 80 to 100 pounds; water-works owned by company. Pres, D. W. Bland; sec, W. D. Pollard; city clerk, D. L. Krebs.

Punxsutawney, Jefferson Co., population 3500; fire area 75 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; tin, slate and shingle roofs. Fire department—1 chemical engine on wheels; 13 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose linen, good 1200 ft, rubber good 200 ft; value of fire department equipment \$3500; value of buildings occupied \$2000; total ann expenses of department \$500; total membership 60, volunteers; bell and whistle alarm. Chief engineer, W. C. Torrence.

WATER SUPPLY—Source, Mahoning Creek; system, pumping to reservoir; reservoir cap 80,000 gals; Epping, Gordon pumping engines, dy cap 1,000,000 gals; 20 hydrants, Ludlow; pipe Wood, 4½ miles, 2 to 6 in dia; 36 valves, Ludlow, Chapman; 2 meters, Union; filtration charcoal; pressure, domestic 60, fire 110 pounds; water-works owned by company; cost to construct \$25,000; ann expenses \$18,000; int on bonds 6 per cent. Pres, R. C. Winslow; supt, Chas. E. Ratz; mayor, D. S. Altman; town clerk, John R. Lowry.

Quakertown, Bucks Co., population *2500. Fire department—2 hand engines, 1 hook and ladder truck.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. C. Harmer.

Reading, Berks Co., population *60,000; fire area radius 1½ miles; mercantile buildings, brick, 3 stories; private, brick, 2½ stories; tin and slate roofs; fireworks ordinance. Fire department (report of 1899)—8 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 11 hose carriages, 1 salvage corps wagon; hose cotton 10,500 ft, rubber 850 ft, leather good 500 ft; 30 horses; value of fire department equipment \$58,450; value of 9 buildings occupied \$64,000; 1 rented \$400 per year; total ann expenses of department \$19,000; total membership 3000, paid full time 18, paid part time 2; telegraph and telephone alarm; street boxes 48; fire patrol supported by members and city, 18 permanent members. Chief engineer, G. W. Miller.

WATER SUPPLY (report of 1899)—Source, Hamden, Mineral and Edelman Springs, Bernhart and Antietam Creeks; system, gravity; reservoirs cap 154,250,000 gals; 879 hydrants, Adams, Tamaqua; pipe 59 miles, 4 to 20 in dia; valves Douglas and Connard; 11 meters; pressure 35 to 65 pounds; water-works owned by city; cost to construct \$1,166,405; ann expenses \$14,550; int on bonds 4 to 6 per cent. Pres, F. S. Jacobs; supt, Wm. B. Harper.

Removo, Clinton Co., population *5000; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 4 hose carts; hose cotton, 2500 ft; 2 buildings owned; total ann expenses of department \$600; total membership 60, paid 20, volunteers 40. Chief engineer, J. R. Shuster.

WATER SUPPLY—Source, Peter's Run; system, gravity, with auxiliary pumping; reservoir cap 2,000,000 gals; 62 hydrants; pipe 5 miles, 6 in dia; quality of water good; pressure 180 ft head; water-works owned by city; cost to construct \$30,000; ann expenses \$125; int on bonds 4½

per cent. Supt, H. English; mayor, Jas. H. Ferguson; city clerk, P. A. Kinsley.

Reynoldsville, Jefferson Co., population *8000. Fire department—3 chemical extinguishers; hose 1000 ft; total membership 50; 3 hose companies. Foreman, J. B. Arnold.

WATER SUPPLY—Source, mountain springs; system, pumping to reservoir; Laidlow, Dunn & Co. pumping engines; 25 hydrants, Mathews; pipe, Wood, 3½ miles, 4 and 6 in dia; valves Chapman; quality of water fine; pressure 100 pounds; water-works owned by company; cost to construct \$12,000; ann expenses \$600. Pres, Geo. Mullinger; supt, M. S. Sterley; mayor, Samuel Saxton; town clerk, T. H. Scott.

Ridgway, Elk Co., population 3700; mercantile buildings, brick, 3 stories; private, wood, 2½ stories; tin roofs. Fire department—2 chemical engines on wheels; 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft; value of fire department equipment \$3500; value of buildings occupied \$1000; total membership 50, volunteers; 2 hose companies. Foreman, Thomas J. Leden.

WATER SUPPLY—Source, mountain streams; system, gravity; 20 hydrants, Wood; pipe 5 miles, 4 to 8 in dia, National; Kennedy valves; water-works owned by city; cost to construct est \$18,000. Pres, J. H. McEwen; supt, Thos. Barry; town clerk, W. C. Healy.

Royersford, Montgomery Co., population 2800; fire area 300 acres; mercantile buildings, brick, 2 to 6 stories; private, brick, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; 2 horses, value \$500; value of fire department equipment \$6500; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 175, volunteers; bell alarm. Chief, John Ruckel, Sr.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; standpipe cap 188,496 gals; Gordon pumping engines, dy cap 187,300 gals; 20 hydrants, Union; pipe 7 miles, 4 to 12 in dia, Mellert; 29 valves, Union; quality of water soft; pressure, domestic 60, fire 170 pounds; water-works owned by company. Pres, J. A. Buckwalter; supt, Horatio Sands; burgess, I. B. Lathaw; town clerk, R. E. Springer.

Saegerstown, Crawford Co., population 1000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; slate roofs. Fire department—1 hook and ladder truck; value of fire department equipment \$400; value of buildings occupied \$500; total membership 40, volunteers. Foreman, E. P. David.

WATER SUPPLY—Eureka Mineral Springs Co. has private supply, 2 ponds and pump.

Sayre, Bradford Co., population 3000; buildings, brick and wood, 2 and 3 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 1300 ft; value of fire department equipment \$3000; total membership 75, volunteers; whistle alarm.

WATER SUPPLY—Source, Susquehanna River; system, pumping to reservoir; reservoir cap 8,000,000 gals; Worthington pumping engines, dy cap 1,500,000 gals; 26 hydrants, Wood; pipe 12 miles, Sayer, Wood; Eddy valves; 40 meters, National; pressure 78 pounds; water-works owned by company; cost to construct \$100,000. Pres or chairman of com, Howard Elmer; supt, Alex. B. Shearer; town clerk, N. F. Walton.

Schuylkill Haven, Schuylkill Co., population 3052. Fire department—1 hose carriage; 1000 ft hose. Chief, J. H. Bader.

WATER SUPPLY—Source, springs; system, gravity; 28 hydrants, Mellert; pipe 9 miles, 4 to 8 in dia; 25 valves, Mellert; quality of water very good; pressure 135 pounds; water-works owned by company; cost to construct \$75,000; ann expenses \$6000; int on bonds 6 per cent. Pres or chairman of com, Caleb A. Homer; supt, Wm. H. Mellon; mayor, Geo. E. Bast; town clerk, J. W. Lyson.

Scottsdale, Westmoreland Co., population *8000. Fire department—2 chemical engines on wheels, 1 hook and ladder truck; total membership 80.

WATER SUPPLY—Source, wells; few houses supplied from Coke Co.'s pipe line. Mayor, W. N. Porter; town clerk, B. C. Juettis.

Seranton, Lackawanna Co., population 100,000. Fire department—5 steam fire engines, 2 hand engines, 1 hook and ladder truck, 14 hose carriages; hose cotton rubber lined, fair 900 ft, rubber good 5750 ft, inferior 2850 ft; 12 horses; total membership 456, paid part time 11, volunteers 445; Gamewell alarm. Chief engineer, H. R. Madison.

PENNSYLVANIA—Continued.

WATER SUPPLY (report of 1899)—Source, streams; system, gravity; 6 reservoirs, cap of four 551,000,000 gals; 106 hydrants, Ayers, Eddy, Ludlow and others; pipe 49 8.10 miles, 8 to 20 in dia; valves Ayers, Eddy, Ludlow and others; filtration sand and gravel; pressure 50 to 120 pounds; water-works owned by two companies. Presidents, W. R. Storrs, W. W. Scranton; supts, J. B. Fish, Rob't Reaves; city clerk, M. T. Lavelle.

Sellin's Grove, Snyder Co., population 1481; mercantile buildings, brick, 8 stories; private, brick, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose linen, good 800 ft, leather good 300 ft; value of fire department equipment \$8050; total ann expenses of department \$425; total membership 90, paid 15, volunteers 75; bell alarm. Chief engineer, John Kessler.

WATER SUPPLY—Source, stream; system, gravity; reservoir; 80 hydrants. Pres, Dr. B. Wagenseller; supt, I. Kochen; town clerk, A. W. Potter.

Sewickly, Allegheny Co., population 8000; fire area 640 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hose carriage; siamese couplings used; hose linen, good 1800 ft; value of fire department equipment \$1800; value of building occupied \$400; total ann expenses of department \$150; total membership 12, volunteers. Foreman, W. E. Patten; chairman of fire and water com, John P. Walker.

WATER SUPPLY—Source, springs and river; system, gravity; pumping from river in dry weather; reservoir cap 4,000,000 gals; Worthington pumping engines, dy cap 6000 barrels; 28 hydrants, Hutchinson & Alexander; pipe 19½ miles; valves, Hutchinson & Alexander, Starr; 1 meter; pressure 45 pounds; water-works owned by borough; cost to construct \$25,000; ann expenses \$250; int on bonds 6 and 8 per cent. Supt, John Patton, Jr.; burgess, J. B. Reno; town clerk, Chas. Atwell.

Shaefferstown, Beaver Co., population *700. No fire department.

WATER SUPPLY—Source not given; system, gravity; pipe ¼ mile.

Shamokin, Northumberland Co., population 15,000; mercantile buildings, brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 hose carriages; hose cotton, good 500 ft, rubber good 2700 ft, inferior 500 ft; value of fire department equipment \$4000; value of buildings occupied \$12,300; total ann expenses of department \$300; total membership 215, volunteers. Chief engineer, J. Schabo.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 41,000,000 gals; 48 hydrants, Mathews, Tamaqua; pipe 85 miles; valves Ludlow, Eddy, Chapman; 4 meters; pressure 100 pounds; water-works owned by company; cost to construct \$460,000; ann expenses \$5000; int on bonds 4 and 5 per cent. Pres of com, W. C. McConnell; chief burgess, J. A. Weaver; town clerk, James A. Shipp.

Sharon, Mercer Co., population 8000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1600 ft, inferior 300 ft; 2 hoses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$1000 to \$1500; total membership 80, paid full time 1; volunteers 29; bell alarm. Chief, C. E. Bundel.

WATER SUPPLY—Source, Chenango River; system, pumping to reservoir; reservoir cap 2,000,000 gals; 2 Deane pumping engines, dy cap 2,000,000 gals; 85 hydrants, Ludlow; pipe 18 miles, 4 to 12 in dia, Wood; valves Ludlow; 4 meters; pressure 150 pounds; water-works owned by company; cost to construct \$140,000; ann expenses \$8000. Pres, H. G. Hopper; supt, E. J. Robinson; mayor, W. Q. Wallis; town clerk, T. B. Beil.

Sharpsburgh, Allegheny Co., population *4350. Fire department—1 hook and ladder truck, 2 hose carriages; total membership 100, volunteers; telegraph alarm. Chief engineer, W. C. Meyer.

WATER SUPPLY—Source, Allegheny River; system, direct pumping; Gordon & Maxwell pumping engines, dy cap 3,000,000 gals; 40 fire hydrants, Buffalo; pipe 8½ miles, 4 to 14 in dia, Buffalo; filtration rip rap; pressure, domestic 45, fire 80 pounds; water-works owned by borough; cost to construct \$49,000; ann expenses \$3200; int on bonds 5 per cent. Pres or chairman of com, Geo. T. Lewis; supt, Robt. Beaty; burgess, Geo. T. Lewis; town clerk, Wm. Weckbecker.

Shenandoah, Schuylkill Co., population *17,000. Fire department—2 steam fire engines, 8 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose leather and cotton, good 3000 ft; total membership 501, volunteers. Chief engineer, W. Temple.

WATER SUPPLY—Source, mountain springs; system, gravity; 41 hydrants; pipe 18 miles; pressure, domestic 75 to 130 pounds; water-works owned by company; cost to construct \$150,000. Pres, John Cather; supt, S. D. Hess; town clerk, P. Sheehy.

Shickshinny, Luzerne Co. No fire department; bucket.

WATER SUPPLY—Source, Shickshinny Creek; system, gravity; 1 hydrant; pipe 2½ miles; water-works owned by company; cost to construct \$11,200; ann expenses \$40. Pres, Geo. W. Search; supt, M. B. Hughes; chief burgess, J. S. Prince; town clerk, M. W. Harrington.

Shippensburg, Cumberland Co., population 2218; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages, hose rubber, 1000 ft, leather good 1200 ft, inferior 300 ft; value of fire department equipment \$3500; value of buildings occupied \$5000; total membership 150, volunteers; 2 alarm bells. Sec, John A. Fleming.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 700,000 gals; 39 hydrants, Ludlow; pipe 12 miles; valves Ludlow; pressure 68 pounds; water-works owned by borough; cost to construct \$30,000; ann expenses \$125; int on bonds 4 per cent. Supt, B. J. Landis; chief burgess, Geo. W. Nofsker; town clerk, John E. Geesaman.

Slatington, Lehigh Co., population 8000. Fire department—1 useless hand engine, 4 chemical extinguishers, 1 hose carriage; hose cotton 500 ft, leather 600 ft. Chief, J. H. Lloyd.

WATER SUPPLY—Source, mountain spring; system, gravity; 28 hydrants, Wood; pipe, Fisher, 6 miles, 3 to 6 in dia; 12 valves; pressure 85 to 90 pounds; water-works owned by borough; cost to construct \$25,000; ann expenses \$120; int on bonds 4 per cent. Pres of com, L. Williams; burgess, Frank Jacobs; town clerk, Geo. McDowell.

Smithport, McKean Co., population *1000; fire area 300 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 800 ft; value of fire department equipment \$1800; 1 building owned; total ann expenses of department \$350; total membership 60, paid 1; bell alarm. Chief engineer, C. S. King.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 10,000 barrels; 15 hydrants, Philadelphia; pipe, Gloucester, 8 miles, 6 in dia; pressure 55 pounds; water-works owned by company; cost to construct \$18,500; ann expenses \$300. Pres, Henry Hamlin; Supt, A. B. Armstrong.

Somerset, Somerset Co., population *1400; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. No fire department; 1 chemical engine on wheels; 4 chemical extinguishers; value of fire department equipment \$1000; value of building occupied \$1450.

WATER SUPPLY—Source, wells and cisterns. Burgess, W. H. Welfrey; town clerk, J. S. Berkey.

South Bethlehem, Northampton Co., population 10,000; fire area 400 acres; mercantile buildings, brick and wood, 3 stories; private, brick, 2½ stories. Fire department—1 hook and ladder truck, 4 hose carriages; hose cotton, good 300 ft, leather good 500 ft, inferior 500 ft; value of fire department equipment \$20,000; value of buildings occupied \$3000; total ann expenses of department \$4000; total membership 300, volunteers; electric bell alarm; 4 fire companies. Chief engineer, John Christie; chairman of fire and water com, Adam Brinker.

WATER SUPPLY—Source, Lehigh River; system, pumping to reservoirs; reservoir cap 3,000,000 gals; Dickson pumping engines, dy cap 2,000,000 gals; 70 hydrants, Tamaqua; pipe Donaldson, 15 miles, 8 to 16 in dia; 13 valves, Lehman; 3 meters, National; pressure 80 to 90 pounds; water-works owned by company; cost to construct \$150,000; int on bonds 7 per cent. Pres, E. P. Wilbur; supt, B. E. Lehman; burgess, H. H. Goodwin.

South Chester, Delaware Co., population 3664. Fire department—1 steam fire engine, 8 hose carriages; hose cotton 2500 ft. Chief engineer, Frank Little.

WATER SUPPLY—Source, river. Burgess, C. B. Hooton; town clerk, W. J. McDowell.

South Easton, Northampton Co., population 4534; buildings, brick and wood, 3 stories. Fire department—

1 steam fire engine, 1 hand engine (not in use), 8 hose carriages; hose cotton, good 500 ft, rubber good 600 ft, inferior 200 ft; 8 horses; value of fire department equipment \$7000; total ann expenses of department \$400; total membership 60, paid full time 1, paid part time 3; bell alarm. Pres Fire Co., Jacob Kemmerer.

WATER SUPPLY—Source, tunnel in mountain; system, gravity; reservoir cap 750,000 gals; 25 hydrants, Ludlow; pipe Warren 5½ miles, 4 to 8 in dia; 25 valves, Ludlow; pressure 45 to 98 pounds; water-works owned by company; cost to construct \$38,000; int on bonds 5 per cent. Pres, W. F. Pascoe; mayor, F. M. Arthur; town clerk, J. Salridge.

Spring City, Chester Co., population 1400. Fire department—1 steam fire engine, 2 hose carriages, ladders, etc.; hose good 1000 ft; total membership 50. Chief engineer, E. Derricks.

WATER SUPPLY—Source, cistern, cap 600 hds, and canal. Town clerk, L. H. Rosenberger.

St. Clair, Schuylkill Co., population 4800. Fire department—2 hose carriages; hose cotton 600 ft, leather 1000 ft; total membership 150, volunteers. Chief marshal, Clay W. Evans.

WATER SUPPLY (see Pottsville)—42 hydrants; pipe 4 miles, 8 to 12 in dia; pressure 40 pounds. Chief Burgess, Harry Dix; town clerk, John A. Erwin.

St. Mary's, Elk Co., population 150. Fire department—1 hand engine, 2 hose carriages; hose 100 ft.

WATER SUPPLY—Source, creek and wells. Town clerk, J. A. Hanhauser.

St. Petersburg, Clarion Co., population 1044; fire area 100 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose good 1500 ft; total membership 80, volunteers; bell alarm.

WATER SUPPLY—Source, spring; system, gravity; 8 tanks, cap 117,000 gals; 15 hydrants, Cameron; pipe 8 miles, 4 in dia; pressure, domestic 75, fire 100 pounds; water works owned by borough; cost to construct \$10,000; ann expenses \$250. Chairman of com, Jos. Krichner; supt, Josiah Fillman; town clerk, C. E. Dewe.

Steelton, Dauphin Co., population 8000; buildings, brick and wood, 2½ and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder village truck, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$450; value of building occupied \$6000; total ann expenses of department \$50; total membership 98, volunteers; steam whistle alarm.

WATER SUPPLY—Source, canal, wells; pump. Burgess, T. Shellenberger; town clerk, Chas. W. Graham.

Strasburgh, Lancaster Co., population 1006. Fire department—2 hand engines, 1 hose carriage; hose rubber, good 800 ft. Town clerk, Isaac Walker.

Stroudsburg, Monroe Co., population 8000; mercantile buildings, brick and wood, 2½ and 3 stories; private, brick and wood, 2 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; siamese couplings used; hose fabric jacket 2000 ft, good 3000 ft; value of fire department equipment \$10,000; value of building occupied \$3000; value of parlor furniture \$1000; total membership 30, paid 3. Chief engineer, J. G. Keller.

WATER SUPPLY—Source, springs; system, gravity; 14 hydrants; pipe 3 miles, 4 and 6 in dia; pressure 57 pounds; water-works owned by company; cost to construct \$15,000; ann expenses \$200. Pres, John B. Storm; supt, A. N. Snow; mayor, S. W. Palmer; town clerk, I. B. Williams.

Summit Hill, Carbon Co., population 850; buildings, wood, 2 and 3 stories. No fire department.

WATER SUPPLY—Source, mountain stream; system, pumping to reservoir; Carter & Allen pumping engines, dy cap 30,000 gals; 18 hydrants, Ludlow; pipe 4 miles, Warren; Ludlow valves; pressure 45 ft head; water-works owned by company; cost to construct \$18,000; ann expenses \$1800. Pres and supt, Saml. Rickert.

Sunbury, Northumberland Co., population 8500; buildings, brick and wood, 2 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 3 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton, good 8500 ft; 3 horses; value of fire department equipment \$12,000; value of 3 buildings occupied \$16,000; total ann expenses of department \$1500; total membership 800, volunteers.

WATER SUPPLY—Source, spring and surface water; system, pumping from impounding to distributing reservoir; imp. reservoir cap 700,000 gals; dist. reservoir cap 4,000,000 gals; 2 Worthington pumping engines, dy cap 2,000,000

gals; 40 hydrants, Mathews; pipe 11 miles; Peet valves; 2 meters; pressure 55 pounds; water-works owned by company; cost to construct \$110,000; ann expenses \$3000; int on bonds 6 per cent. Pres, John Haas; sec and supt, S. E. Slaymaker; town clerk, L. D. Haupt.

Susquehanna, Susquehanna Co., population 4461. Fire department—1 hook and ladder truck, 1 hose carriage; hose leather, good 1400 ft; total membership 48, volunteers. Chief, H. Brown.

WATER SUPPLY—Source, springs; system, gravity; 8 hydrants, Wood; pipe 2 miles, 8 to 6 in dia, Jackson & Woodin; 8 valves, Eddy; quality of water soft; pressure 120 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$100. Pres, Gaylord Curtis; sec and treas. C. F. Curtis; burgess, B. F. Pride; town clerk, A. D. Harding.

Tamaqua, Schuylkill Co., population 7000; mercantile buildings, stone, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose linen, good 2000 ft, rubber good 500 ft; 2 horses; value of fire department equipment \$2000; value of 2 buildings occupied \$3000; total ann expenses of department \$300; total membership 125, volunteers; bell alarm.

WATER SUPPLY—Source, springs; system, gravity; 50 hydrants; 10 miles pipe, 4 to 6 in dia; valves; pressure 108 pounds; water-works owned by borough; cost to construct \$30,000; ann expenses \$1200. Pres of com, W. Caloway; chief burgess, Wm. Friser; town clerk, S. Beard.

Tarentum, Allegheny Co., population 8000. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; 800 ft hose. Chief engineer, J. R. Hemmelwright.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 500,000 gals; Smith-Vaile pumping engines, dy cap 750,000 gals; 2 hydrants; pipe 11 miles, 8 to 8 in dia, National; 33 valves; quality of water good; pressure 85 pounds; water-works owned by company; cost to construct \$35,000; ann expenses \$11; int on bonds 6 per cent. Pres, J. B. Ford; supt, F. N. McDowell; mayor, Samuel Weaver; town clerk, W. W. Callipass.

Tidionte, Warren Co., population 1500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 5 hose carriages; siamese couplings used; hose cotton 400 ft, rubber 550 ft, linen good 1800 ft; value of fire department equipment \$2000; value of 3 buildings occupied \$1400; total membership 60, volunteers; bell alarm. Chief, J. Tinkin.

WATER SUPPLY—Source, mountain stream; system, gravity; dist. reservoir cap 520,000 gals; 27 hydrants, Mathews; pipe 9 miles; Ludlow valves; pressure 65 pounds; water-works owned by company; cost to construct \$40,000; ann expenses \$500; int on bonds 4 per cent. Pres, T. W. Irwin; supt, M. C. Bowen; town clerk, A. J. Noble.

Tioga, Tioga Co., population 600; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 1000 ft; total membership 100, volunteers 25. Chief, M. B. Prutsman.

WATER SUPPLY—Source, Beatty Creek; system, gravity; pumping during drought; imp. reservoir cap 14,000,000 gals; dist. reservoir cap 1,000,000 gals; Worthington pumping engines; 14 hydrants, Ayers; 3 1.5 miles, 8 to 6 in dia; pressure 40 to 90 pounds; water-works owned by company; cost to construct \$20,000; ann expenses \$250. Pres, E. G. Schieffelin; supt, T. A. Wickham; mayor, C. B. Borden; town clerk, J. H. Putnam.

Titusville, Crawford Co., population 9046; fire area 1400 acres; buildings, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 4900 ft, inferior 500 ft, rubber good 1000 ft, inferior 450 ft; 5 horses; value of fire department equipment \$11,200; value of 4 buildings occupied \$3500; total annual expenses of department \$3750; total membership 81, paid full time 4, paid part time 27; bell and telephone alarm; fire police, 20 members, supported by city. Chief engineer, D. Healy.

WATER SUPPLY—Source, artesian well; system, direct pumping; Holly pumping engines, dy cap 4,000,000 gals; 69 hydrants, Holly, Gaskill; pipe 12½ miles, 2 to 15 in dia, Smith; 158 valves, Ludlow; 80 meters, Union, Crown; quality of water excellent; pressure, domestic 45, fire 90 pounds, water-works owned by city; cost to construct \$189,233 ann expenses \$6500; int on bonds 4 per cent. Supt and sec, G. W. Angier; mayor, E. O. Emerson; city clerk, W. M. Dame.

PENNSYLVANIA—Continued.

Towanda, Bradford Co., population *8100; mercantile buildings, brick, 8 to 5 stories; private, wood and brick, 2 stories. Fire department—1 steam fire engine, 1 hand engine, 2 hook and ladder trucks, 4 hose carriages; siamese couplings used; hose cotton, good 2000 ft, inferior 400 ft; value of fire department equipment \$9800; value of 2 buildings occupied \$15,000; total ann expenses of department \$860; total membership 140, volunteers; bell alarm. Chief engineer, W. S. Rickey.

WATER SUPPLY—Source, river and surface water; system, pumping to reservoir and gravity; Holly, Deane pumping engines, dy cap 500,000 gals; 50 hydrants, Mathews; pipe 8 miles, 6 to 12 in dia; Ludlow valves; pressure 80 to 100 pounds; water-works owned by company. Supt, J. J. Griffiths; mayor, C. P. Welles; city clerk, J. S. Kingsbury.

Tremont, Schuylkill Co., population *2000; fire area 600 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hose carriage; hose cotton, good 1000 ft; value of fire department equipment \$6000; value of building occupied \$2500; total ann expenses of department \$100; total membership 45, volunteers. Chief engineer, J. Marks.

WATER SUPPLY—Source, mountain, stream and springs; system, gravity; reservoir cap, 1,000,000 gals; 20 hydrants, Mellert; pipe 3 miles, Mellert; Mellert valves; pressure, domestic 50, fire 80 pounds; water-works owned by company; cost to construct \$35,000; ann expenses \$50; int on bonds 6 per cent. Supt and sec, I. P. Echterl; chief Burgess, Thos. Cockrill; town clerk, Chas. Summendinger.

Troy, Bradford Co., population *1500; buildings, wood, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; siamese couplings used; hose cotton, good 1500 ft, rubber good 600 ft; value of fire department equipment \$4000; value of building occupied \$8000; total ann expenses of department \$150; total membership 75, volunteers; bell alarm. Chief engineer, H. M. Spalding.

WATER SUPPLY—Source, springs; system, gravity; 6 hydrants, Ludlow; pipe 4 miles; Ludlow valves; pressure 25 to 80 pounds; water-works owned by two companies; cost to construct \$7500. Supts, R. J. Redington, E. B. Parsons; town clerk, W. E. Chilson.

Tunkhannock, Wyoming Co., population 2150; fire area 500 acres; buildings, brick and wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 1 jumper; hose cotton, good 1200 ft, leather good 400 ft; value of fire department equipment \$2000; value of building occupied \$500; total ann expenses of department \$100; total membership 40, volunteers; bell alarm. Chief, G. White.

WATER SUPPLY—Source, Slocum Spring, Susquehanna River; system, pumping to reservoir; reservoir cap 600,000 gals; Worthington, Gordon & Maxwell pumping engines, dy cap 500,000 gals; 27 hydrants, Wood; pipe 6 miles; Wood valves; Hyatt filter; pressure 40 to 60 pounds; water-works owned by company; cost to construct \$24,000. Pres, F. C. Brunnell; supt and treas, W. C. Kittredge; mayor, James Pratt; city clerk, Geo. DeWitt.

Tyrone, Blair Co., population 5000; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1500 ft, leather inferior 1000 ft; also 1000 ft rubber and leather hose owned by private parties; 5 horses, value \$1000; value of fire department equipment \$3250; value of buildings occupied \$8800; total ann expenses of department \$1400; total membership 200, volunteers; whistle alarm; 3 fire companies. Chief, C. W. Sausser; chairman of fire com, W. W. Cams.

WATER SUPPLY—Source, Sink Run; system, gravity; reservoir cap 1,000,000 gals; 33 hydrants, Morris & Tasker. Wood; pipe 5 miles, 8 to 12 in dia, Wood, Jackson & Woodin and others; 20 valves, Ludlow; quality of water soft; pressure 40 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$100. Pres, C. Guyer; supt, C. H. Dieffenbaugh; mayor, S. B. Templeton; city clerk, C. Smith.

Ulysses, Potter Co., population *600; buildings, wood, 2 stories. Fire department—1 hose carriage; hose linen, good 300 ft; value of fire department equipment \$650; total membership 25, volunteers; bell alarm. Chief, H. A. Gridley.

WATER SUPPLY—Source, springs; system, gravity; pumping for fire protection; reservoirs cap 71,000 gals;

windmill pump; 7 hydrants, Chapman; pipe 8 miles, 2 in dia; Chapman valves; pressure, domestic 40, fire 70 pounds; water-works owned by company; cost to construct \$5000; ann expenses very light; int on bonds 6 per cent. Supt, Perry Brigham; Burgess, O. A. Nelson; town clerk, I. P. Collins.

Union City, Erie Co., population *2500; fire area 1000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 horse power engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; 2 horses; value of fire department equipment \$3700; value of 3 buildings occupied \$8000; total ann expenses of department \$360.

WATER SUPPLY—Source, creek; system, pumping to tank; tank cap 50,000 gals; Knowles, Earle pumping engines, dy cap 1,150,000 gals; 7 hydrants; pipe 1/4 mile; pressure, domestic 40, fire 80 pounds; water-works owned by Wm. Dunmeyer. Supt, Wm. Dunmeyer.

Uniontown, Fayette Co., population *7000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 1/2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 ladder truck, 3 hose carriages; siamese couplings used; hose good 2000 ft; value of fire department equipment \$6000; value of building occupied \$5000; total ann expenses of department \$1000. Chief engineer, W. H. Wilhelm.

WATER SUPPLY—Source, mountain springs; system, gravity; 2 reservoirs, cap 18,000,000 gals; 68 hydrants, Mathews; pipe Wood, 20 miles, 4 to 8 in dia; 4 meters. National; quality of water pure; pressure 160 pounds; water-works owned by company; int on bonds 6 per cent. Pres, W. H. Playford; supt, G. H. Seaton; mayor, Jesse Reed; city clerk, R. T. Hopwood.

Upland, Delaware Co., population 3000; fire area 350 acres; mercantile buildings, stone and brick, 3 and 4 stories; private, brick and stone, 2 and 3 stories; wooden roofs permitted. No fire department—1 hand engine, 300 ft hose in factories.

WATER SUPPLY (see Chester)—Pressure 70 pounds.

Warren, Warren Co., population 6000; mercantile buildings, brick, 3 to 4 stories; private, wood, 2 stories; wooden roofs not permitted in fire district. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; 1 fire police truck; hose cotton, good 2800 ft; value of fire department equipment \$9000; value of buildings occupied \$18,000; total ann expenses of department \$800; total membership 200; 4 fire companies. Chief engineer, J. W. Crawford; chairman of fire and water com, P. J. Bayer.

WATER SUPPLY—Source, Allegheny River and Morrison River; system, gravity and pumping to reservoir; reservoir cap 2,000,000 gals; Knowles pumping engines, dy cap 1,500,000 gals; 60 hydrants, Mathews; pipe 17 miles, 4 to 14 in dia; 55 valves; pressure, domestic 70, fire 120 pounds; water-works owned by company; cost to construct \$125,000. Pres, G. C. Orr; supt, Wm. B. Meredith; mayor, A. D. Wood; city clerk, C. H. Mechem.

Washington, Washington Co., population 10,000; mercantile buildings, brick and stone, 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, all kinds; hose 2800 ft; value of fire department equipment \$8000; value of 2 buildings occupied \$90,000, 1 rented \$700 per year; total ann expenses of department \$550; total membership 100, volunteers; bell alarm. Chief engineer, John McGuffie.

WATER SUPPLY—Source, creek; system, pumping to reservoir; reservoir cap 4,000,000 gals; Deane pumping engines, dy cap 3,000,000 gals; 40 hydrants, Holyoke; pipe 17 miles, 4 to 10 in dia; 2 meters, American, Frost; quality of water soft; pressure 80 to 120 pounds; water-works owned by company; cost to construct \$250,000; int on bonds 7 per cent. Pres, Sam'l Hazlett; supt, J. Mac Jones; mayor, Jonathan Allison; city clerk, A. M. Liza.

Waterford, Erie Co., population 900; buildings, wood and brick, 3 stories; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage, ladders, buckets, etc.; hose rubber, good 200 ft; value of buildings occupied \$2500; total membership 40, volunteers; bell alarm. Chief engineer, F. E. Ensworth.

WATER SUPPLY—Source, creeks; reservoirs. Town clerk, A. H. Woodard.

Watsonstown, Northumberland Co., population 2800. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton 6000 ft (owned by mills), leather good 400 ft; 2 horses hired; total member-

ship 16, paid 1 volunteer company. Chief engineer, D. F. Wagner.

WATER SUPPLY—Source, White Deer Creek; system, pumping to reservoirs; 4 reservoirs cap 2,000,000 gals; 2 Worthington pumping engines, dy cap 3,400,000 gals; 84 hydrants; pipe 7 miles; quality of water soft; pressure 75 pounds; water-works owned by company; cost to construct \$40,000; int on bonds 6 per cent. Pres, Jacob H. Wagner; supt, Jas. I. Higbee; chief burgess, E. S. Follmer; town clerk, Chas. B. McLain.

Wayne, Delaware Co., population 850; buildings, brick, stone and wood, 2 and 3 stories. Fire department—6 chemical extinguishers, 1 hose carriage; hose cotton, good 500; value of fire department equipment \$1500; total ann expenses of department \$37 (1898); total membership 80, volunteers; electric alarm. Chief, J. M. Matthews.

WATER SUPPLY—Source, Ithan Creek and Gulf Stream; system, pumping to reservoir; reservoir cap 250,000 gals; Worthington, Delamater pumping engines, dy cap 284-168 gals; 40 hydrants; pipe, Cassin, 7 miles, 6 in dia; pressure 82 pounds; water-works owned by Wayne estate; cost to construct \$20,000; ann expenses \$800. Supt, Frank Smith.

Waynesborough, Franklin Co., population *3500. Fire department—1 steam fire engine, 1 hook and ladder truck; hose 1000 ft; total membership 80, volunteers.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 1,500,000 gals; 26 hydrants, Matthews; pipe 9 miles, 4 to 12 in dia; valves Eddy; pressure, domestic 70, fire 85 pounds; water-works owned by company; cost to construct \$75,000; ann expenses \$500; int on bonds 6 per cent. Pres, Caleb H. Horne; supt and sec, Geo. S. Meyer.

Waynesburgh, Greene Co., population 2500. Fire department—3 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; bucket brigade; hose 800 ft; total membership, volunteers. Chief engineer, W. L. Allison.

WATER SUPPLY—Source, Ten Mile Run; system, pumping to reservoir; reservoir cap 1,000,000 gals; 2 Smith-Valle pumping engines, dy cap 1,100,000 gals; 28 hydrants, Holyoke; pipe 4 miles, 4 to 8 in dia; valves Holyoke; pressure 125 pounds; water-works owned by company; cost to construct \$75,000; int on bonds 6 per cent. Pres, Wm. Pollock; supt and sec, L. N. Singley; mayor, A. P. Dicken; town clerk, J. A. F. Randolph.

Weatherly, Carbon Co., population 2000; buildings, wood, 2 stories; shingle, tin and slate roofs. No fire department.

WATER SUPPLY—Source, Penrose Creek and springs; system, gravity; reservoir cap 250,000 gals; 150 hydrants, Bailey; pipe 6 miles; valves Lehman; pressure 90 pounds; water-works owned by company; cost to construct \$25,000; int on bonds 5 per cent. Pres, W. W. Blakeslee; supt, B. F. Clewell; town clerk, E. G. Rouse.

Wellsborough, Tioga Co., population *3300; fire area 10 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 1600 ft, leather and cotton, inferior 300 ft; value of fire department equipment \$5000; value of building occupied \$800; total ann expenses of department \$3000; total membership 180, part paid; bell alarm. Chief engineer, J. A. Beach; chairman of fire com, Hugh Young.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 70,000,000 gals; 48 hydrants, Matthews; pipe 16 miles, Wood; 29 valves, Chapman; filtration crushed stone and sand; pressure 85 pounds; water-works owned by company; cost to construct \$65,000; ann expenses \$1200; int on bonds 6 per cent. Pres, Wm. Bache; supt, W. C. Kress; mayor, R. J. Borden; town clerk, A. J. Shattuck.

West Chester, Chester Co., population 7946; buildings, brick and wood, 2 to 4 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages; total membership 200, volunteers; bell alarm. Chief engineer, T. P. Apple.

WATER SUPPLY—Source, Chester Creek; system, pumping to reservoir; reservoir cap 2,500,000 gals; Worthington pumping engines, dy cap 500,000 gals; 250 hydrants, Cassin; pipe 18 miles; Cassin valves; 8 meters; pressure, domestic 48, fire 70 pounds; water-works owned by borough; cost to construct \$55,000; ann expenses \$5000; int on bonds 4 per cent. Supt, Chas. F. Henry; chief burgess, M. S. Tray; town clerk, J. A. Hannum.

West Newton, Westmoreland Co., population 3600; buildings, brick and wood, 2 stories; wooden roofs per-

mitted. Fire department—1 chemical engine on wheels; hose rubber, good 300 ft; value of fire department equipment \$1000; total membership volunteers; steam whistle alarm. Chief engineer, M. H. Lutz.

WATER SUPPLY—Source, river; system, direct pumping; 5 pumps; 5 hydrants; pipe 2500 ft, 3 and 4 in dia; pressure 170 pounds. Supt, W. Barnes; town clerk, David Orr.

White Haven, Luzerne Co., population 1408. Fire department—1 steam fire engine, 3 hose carriages; hose good 2300 ft; total membership 40, volunteers. Chief engineer, J. N. Gettel.

WATER SUPPLY—Water-works; not described. Supt, H. I. Myers; town clerk, S. Maguire.

Wilkesbarre, Luzerne Co., population 40,000; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose linen, good 770 ft, rubber lined, 6000 ft, leather good 2600 ft; 19 horses; 8 buildings occupied; total ann expenses of department \$3000; total membership 100, paid full time 4, paid part time 88; bell alarm. Chief engineer, T. S. Hilliard.

WATER SUPPLY—Source, Laurel Run and Toby's Creek; system, gravity; can pump direct; reservoir cap 2,040,000,000 gals; Worthington pumping engines, dy cap 4,000,000 gals; 118 hydrants, Wood; pipe 54 miles, 6 to 30 in dia, Warren; 412 valves, Eddy; 5 meters, National, Hersey; quality of water excellent; pressure 35 pounds; water-works owned by company; cost to construct \$750,000; int on bonds 5 per cent. Pres, Geo. R. Wright; supt, Roger McGarry; mayor, Chas. B. Sutton; city clerk, Frank Deitrick.

Williamsport, Lycoming Co., population *30,000; fire area 716 acres; mercantile buildings, brick, 3 to 8 stories; private, brick and wood, 2 and 3 stories. Fire department—4 steam fire engines, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose cotton, good 5800 ft, rubber good 1060 ft; 15 horses; value of fire department equipment \$18,822; value of buildings occupied \$28,000; total ann expenses of department \$30,000; total membership 48, paid full time 16, paid part time 32; telephone alarm. Chief engineer, J. W. Miles.

WATER SUPPLY—Source, Hagerman's Run and Mosquito Creek; system, gravity and pumping direct; surplus to reservoir; 2 reservoirs; 2 Knowles pumping engines, dy cap over 4,000,000 gals; 188 hydrants; pipe 53 miles, 8 to 16 in dia; valves, Eddy, Ludlow, Galvin, Chapman; 1 meter; pressure, domestic 42, fire 75 pounds; water-works owned by two companies; cost to construct \$500,000; int on bonds 5 per cent. Presidents, Jas. M. Gamble, John White; supt, J. H. McMinn; mayor, F. H. Keller; city clerk, J. J. Galbraith.

Williamstown, Dauphin Co., population *4000; buildings, wood, 2 and 3 stories. No fire department.

WATER SUPPLY—Source not given; system, gravity; Supt, D. Challenger; town clerk, I. Ischopp.

Womelsdorf, Berks Co., population 1097; buildings, brick, 2 and 3 stories; wooden roofs permitted. Fire department—3 hand engines, 100 chemical extinguishers, 1 hose carriage; value of fire department equipment \$1000; total ann expenses of department \$50 (1898). Chief, T. B. McDonel.

WATER SUPPLY—Source, creek and cisterns. Burgess, Geo. W. Filbert; town clerk, John M. Smith.

Wrightsville, York Co., population 3000; fire area 15 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2 1/2 and 3 stories; tin and slate roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hose cart; Aurora furnace has 2 steam pumps and 200 ft cotton hose; hose cotton, good 1000 ft, rubber good 50 ft; value of fire department equipment \$3000; value of buildings occupied \$8000; total ann expenses of department \$300; total membership 100, volunteers, janitor paid; bell alarm. Chief engineer, H. McElroy.

WATER SUPPLY—Source, river; pumps. Town clerk, W. W. Moore.

Wyalusing, Bradford Co., population *800; buildings, wood, 2 stories. Fire department—200 pails; total membership 200, volunteers.

WATER SUPPLY—Source, 15 cisterns; force pump. Town clerk, J. S. Haymaker.

York, York Co., population *23,300. Fire department—4 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2400 ft, leather inferior 2500 ft; 18 horses; total membership 407, paid 9, volunteers 400; telegraph, 4 tower strikers, 5 gongs; 27 street boxes, 1 indicator. Chief engineer, Chas. Bucher.

PENNSYLVANIA—Continued.

WATER SUPPLY—Source, Codorous Creek and Springs; system, pumping to reservoir; reservoir cap 11,000,000 gals; Birkenbine, Martin and Trotter and Deane pumping engines, dy cap 1,500,000 gals; 60 hydrants, Birkenbine; pipe 24 miles, 2 to 24 in dia; Wood; 115 valves, Ludlow; 5 meters; quality of water first-class, filtration gravel; pressure 10 to 45 pounds; water-works owned by company; cost to construct \$80,000. Pres, Jere Carl; supt, Jacob L. Kuehn; mayor, D. K. Noell; city clerk, T. Hendrickson.

The following places have no fire protection: Barclay Bradford Co., population 1143. Cambridgeboro, Crawford Co., population 1000. Coalport, Clearfield Co., population 8600. Cressona, Schuylkill Co., population 1700. Edinborough, Erie Co., population 1200 (19 hand extinguishers). Frackville, Schuylkill Co., population 3600. Gallitzin, Cambria Co., population 1600 (water-works in

course of construction). Leechburg, Armstrong Co., population 3000. Liberty, Tioga Co., population 880. Ligonier, Westmoreland Co., population 1400. Limesville, Crawford Co., population 880. Lower Providence, Montgomery Co., population 200. Macungie, Lehigh Co., population 900. McDonald, Washington Co., population 4500. Millersville, Lancaster Co., population 1121. Mount Holly Springs, Cumberland Co., population 1400. New Florence, Westmoreland Co., population 675. New Holland, Lancaster Co., population 1200. Nicholson, Wyoming Co., population 675. Parassus, Westmoreland Co., population 580 (6 ladders). Port Perry, Allegheny Co., population 1000. Quarryville, Lancaster Co., population 900. Saltsburgh, Indiana Co., population 1600. Sheshequin, Bradford Co., population 150. West Fairview, Cumberland Co., population 1000. Westfield, Tioga Co., population 1200. Wyoming, Luzerne Co., population 1800.

RHODE ISLAND.

Arctic, Kent Co., population 845. The Arctic Mill has 8 fire pumps and 1600 ft hose. Town clerk, J. F. Lockwood.

Bristol, Bristol Co., population 16737; fire area 2500 acres; mercantile buildings, brick and wood, 1 to 7 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; siamese couplings used; hose rubber lined, good 8600 ft; value of fire department equipment \$36,000; value of buildings occupied \$4000; total ann expenses of department \$3000; total membership 100, paid 1; bell alarm. Chief engineer, Spencer Round.

WATER SUPPLY—Source, Kickanmit River; system, pumping to tank; tank cap 339,000 gals; Knowles pumping engines, dy cap 1,000,000 gals; 150 hydrants, Chapman; pipe 14 miles, 4 to 6 in dia; valves Chapman; 6 meters; pressure, domestic 60, fire 80 pounds; water-works owned by company; cost to construct \$250,000. Pres, I. F. Williams.

Central Falls, Providence Co., population 12,000; fire area 700 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton 2000 ft, rubber 2800 ft; 8 horses; value of fire department equipment \$12,000; value of building occupied \$16,000; total ann expenses of department \$6000; total membership 27, paid full time 3, call men 24; electric alarm; 18 street boxes. Chief, Irving F. Patt.

WATER SUPPLY (see Pawtucket)—61 hydrants; pipe 18 miles; pressure 100 pounds; water-works owned by City of Pawtucket.

Cranston, Providence Co., population 5940. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; apparatus owned by Bleaching & Printing Co.; hose good 3000 ft; total membership 24, volunteers.

WATER SUPPLY (see Providence)—12 hydrants; 3 steam pumps.

East Greenwich, Kent Co., population 8600; fire area 1440 acres; buildings, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber good 3000 ft, inferior 700 ft; value of fire department equipment \$3000; value of buildings occupied \$1800; total ann expenses of department \$1200; total membership 75, volunteers; bell alarm. Chief engineer, Jas. E. McKenna; chairman of fire and water com, Thos. J. Tilly.

WATER SUPPLY—Source, Hunts River; system, pumping to standpipe; standpipe cap 120,000 gals; 2 Worthington pumping engines, dy cap 2,000,000 gals; 53 hydrants, Wood; pipe Wood, 10 miles, 4 to 10 in dia; 65 valves, Wood; 25 meters, Worthington; quality of water soft, pure; pressure, domestic 50, fire 300 pounds; water-works owned by company; cost to construct \$150,000; ann expenses \$4000; int on bonds 5 per cent. Pres, Jas. H. Eldridge, M.D.; supt, John L. Congdon; town clerk, Edw. Stanhope.

East Providence, Providence Co., population 6800. Fire department—2 hand engines, 8 hose carriages, all kinds; hose linen, good 3000 ft; total membership 100, volunteers.

WATER SUPPLY (see Pawtucket)—57 hydrants, Wood; pipe 8 miles; Chapman valves; 176 meters, Crown; pressure

70 to 75 pounds; water-works owned by City of Pawtucket. Town clerk, Wm. L. Sutherland.

Lonsdale, Providence Co., population 700. 1 hose company.

WATER SUPPLY (see Pawtucket).

Natick, Kent Co. Fire department—1 hand engine, 1 hose carriage; hose fair 1000 ft; total membership volunteers.

Newport, Newport Co., population 20,000; fire area 4500 acres; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck and 1 in reserve, 7 hose carriages; hose cotton, good 50 ft, rubber good 11,000 ft, linen good 6500 ft, leather, cotton and linen poor 1500 ft; 10 horses, value \$2500, 8 hired on call; value of fire department equipment \$65,000; value of 9 buildings occupied \$44,000, 1 rented \$150 per year; total ann expenses of department \$30,000; total membership 134, paid full time 2, paid part time 122; Gamewell alarm; 28 street boxes; 4 engine companies, 1 hook and ladder company, 8 hose companies. Chief engineer, Henry W. Cozzens; chairman of fire and water com, E. W. Higbie.

WATER SUPPLY—Source, Easton's and Paradise ponds; system, pumping to reservoir; reservoir cap 10,000,000 gals; Knowles, Curtis, Carr-Selden pumping engines, dy cap 7,000,000 gals; 220 hydrants; pipe 60 miles; 12 meters, Crown, Worthington; pressure 55 pounds; water-works owned by company; cost to construct \$700,000; ann expenses \$20,000. Pres, Geo. H. Norman; supt, Wm. S. Slocum; mayor, T. Coggeshall; city clerk, W. G. Stevens.

Olneyville, Providence Co., population 5765. Fire department—1 hand engine, 2 hose carriages; hose cotton, good 600 ft, rubber 1200 ft, linen good 600 ft; total membership 88, volunteers. Chief engineer, S. E. Groves.

WATER SUPPLY (see Providence)—35 hydrants; pipe 5 miles. Town clerk, W. F. King.

Pawtucket, Providence Co., population 22,000; fire area 6630 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 10 chemical extinguishers, 8 hook and ladder trucks, 4 hose carriages; siamese couplings used; hose cotton, good 9050 ft, leather good 700 ft, 14 horses; value of fire department equipment \$97,000; value of 4 buildings occupied \$46,500; total ann expenses of department \$31,000; total membership 58, paid full time 8, paid part time 49; telegraph alarm; 60 street boxes. Chief engineer, John Briery.

WATER SUPPLY—Source, Abbot Run Stream; system, pumping to reservoir and direct; reservoir cap 30,000,000 gals; Corliss pumping engines, dy cap 12,000,000 gals; 636 hydrants, Fales & Jenks; pipe 1.06 miles, 4 to 36 in dia. Warren, Gloucester; 1000 valves, Chapman; 5400 meters; quality of water extra; filtered; pressure, 65 to 120 pounds; water-works owned by city; cost to construct \$1,500,000; ann expenses \$25,000; int on bonds 4 and 5 per cent. Pres com, L. B. Darling; supt, Edwin Darling; mayor, Hugh I. Carroll; city clerk, H. W. Sibley.

Phenix, Kent Co., population 1800; fire area 640 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 1¼ to 3½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose cotton, good 1600 ft; value of fire department

equipment \$1500; value of new building occupied \$5000; total membership 20, volunteers; bell alarm. Chief engineer, F. S. Chase.

WATER SUPPLY—Source, Spring Lake Brook; system, gravity; reservoir; 41 hydrants, Ludlow; pipe 6 miles, Warren; Ludlow valves; Crown meters; pressure 80 pounds; water-works owned by company; int on bonds 5 per cent. Sec, V. A. Bailey; supt, Alfred F. Hill; town clerk, W. V. Slocum.

Providence, Providence Co., population 125,000; fire area 10,016 acres; mercantile buildings, brick and wood, 3 to 5 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines in service (3 in reserve), 3 chemical engines on wheels, 25 chemical extinguishers, 6 hook and ladder trucks in service (2 in reserve), 3 aerial trucks in service (1 in reserve), 16 hose carriages, all kinds; siamese couplings used; insurance wagon and equipment; hose fabric rubber lined good, 15,750 ft, rubber good 5050 ft; 49 horses; value of fire department equipment \$200,000; value of 17 buildings occupied \$225,000; total ann expenses of department \$185,000; total membership 216, paid full time 152, paid part time 64; Gamewell alarm; 300 street boxes. Chief engineer, Geo. A. Steere; chairman of fire and water com, Ira Winsor.

WATER SUPPLY (report of 1899)—Source, Pawtuxet River; system, pumping to reservoir; 2 storage reservoirs, cap 125,738,000 gals; Worthington, Cornish, Corliss, pumping engines, dy cap 23,000,000 gals; high service pumps, Corliss, Nagle, dy cap 10,000,000 gals, direct pumping; 1278 hydrants, Providence; pipe 208 miles, 6 to 36 in dia; 7623 meters; pressure 80 to 75 pounds; water-works owned by city; cost to construct \$6,234,673; ann expenses \$30,828; int on bonds 5 and 6 per cent. Pres water board, C. E. Carpenter; mayor, H. R. Barker; city clerk, H. V. A. Joslin.

Valley Falls, Providence Co., population 1831. Fire department—3 steam fire engines, 3 hand engines, 1 hook and ladder truck, 4 hose carriages; hose rubber, good 1200 ft; 2 horses; total membership 40, volunteers. Chief engineer, John H. Barnwell.

WATER SUPPLY (see Pawtucket)—22 hydrants. Supt, Edwin Darling; town clerk, P. F. Kinton.

Warren, Bristol Co., population *4200. Fire department—1 steam fire engine (out of repair), 2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1000 ft, rubber good 600 ft, leather good 300 ft, linen

good 1000 ft, inferior 800 ft; total membership 100, paid part time 3, volunteers 97.

WATER SUPPLY—Source, Kickummit River; system, pumping to reservoir; Russell pumping engines, dy cap 1,000,000 gals; 62 hydrants; pipe 15 miles, 8 to 18 in dia; 40 valves, Chapman; quality of water excellent, filtration gravel; pressure 73 pounds; water-works owned by company. Pres, I. T. Williams; supt, B. B. Martin; mayor, C. H. Handy; city clerk, C. B. Mason.

Westerly, Washington Co., population *6338. Fire department—2 steam fire engines, 3 hose carriages; hose cotton, good 3000 ft; total membership 67, volunteers. Chief engineer, W. E. Wheeler.

WATER SUPPLY—Source, Shunoc Brook; system, pump-to standpipe and direct; standpipe cap 371,000 gals; 2 Worthington pumping engines, dy cap 1,500,000 gals; 26 hydrants, Ludlow; pipe, Gloucester, McNeal, Donaldson, 14 miles, 4 to 16 in dia; 60 valves, Chapman, Ludlow; 210 meters, Crown, Union, Ball & Fitts, Hersey; quality of water good, soft; filtration sand; pressure, domestic 40 to 90, fire 90 pounds; water-works owned by company; cost to construct \$140,000; int on bonds 5 per cent. Pres, Jonathan Chace; supt, Everett Barnes; city clerk, Wm. Hoxie.

Wickford, Washington Co., buildings, brick and wood, 2 stories. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber 250 ft, leather inferior 500 ft; total membership 60; bell alarm. Chief engineer, G. F. Hunt.

WATER SUPPLY—Source, wells, springs and harbor. Village clerk, Chas. T. Croumb.

Woonsocket, Providence Co., population 20,000. Fire department—3 steam fire engines, 3 hook and ladder trucks, 3 hose carriages; hose cotton 3800 ft; total ann expenses of department \$6000; total membership 58, paid part time. Chief engineer, Jay Neill.

WATER SUPPLY—Source, Crooks Fall Brook; system, pumping to standpipe; standpipe cap 950,000 gals; Worthington pumping engines, dy cap 1,700,000 gals; 377 hydrants, Chapman; pipe 253.5 miles, 4 to 14 in dia; 303 valves, Chapman; 827 meters, Union, Crown, Worthington, Hersey, Thomson; quality of water good; pressure 65 to 115 pounds; water-works owned by city; cost to construct \$352,320; ann expenses \$7000; int on bonds 4 per cent. Supt, Byron I. Cook; mayor, Daniel B. Pond; city clerk, Albert E. Greene.

The following places have no fire protection: Coventry, Kent Co.; population 250. Tiverton, Newport Co., population 2708.

SOUTH CAROLINA.

Aiken, Aiken Co., population *8000; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fire-works ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose linen 1200 ft; rubber 1000 ft; value of fire department equipment \$8000; total ann expenses of department \$250; total membership 100, volunteers; triangle alarm. Chief engineer, H. F. Warncke; chairman of fire com, W. Turnbull.

WATER SUPPLY—Source, 3 cisterns, cap 95,000 gals and 50 private cisterns. Town clerk, J. R. Jordan.

Anderson, Anderson Co., population 4000. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose reels; hose rubber, good 1900 ft; total membership 114, volunteers. Chief engineer, R. F. Diver.

WATER SUPPLY—Source, 3 streams and cisterns, cap of cisterns 210,000 gals. Town clerk, J. E. Breazeale.

Bamberg, Bamwell Co., population 1150. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose reel; hose 250 ft.

WATER SUPPLY—Source, 2 cisterns, cap 4000 gals.

Beaufort, Beaufort Co., population 4000; buildings, brick and wood, 2 stories; wooden roofs not permitted on business street; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; combination bucket hook, ladder and reel; siamese couplings used; hose linen, good 600 ft; rubber good 3000 ft, inferior 400 ft; value of fire department equipment \$7000; value of buildings occupied \$3000; total ann expenses of department \$1000; total membership 175, volunteers, paid full time; watch tower alarm; 1 fire company, 8 engine companies, 1 hook and ladder company, 1 hose company. Chief, E. W. Bailey; chairman of fire and water com, Jas. Riley.

WATER SUPPLY—Source, 8 artesian wells, cisterns, water front. Supt, J. W. Collins; city clerk, S. E. Taylor.

Bennettsville, Marlborough Co., population 1000. Fire department—1 hook and ladder truck; 1 hook and ladder company.

Blackville, Barnwell Co., population 1000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, buckets, etc.; hose 150 ft; total membership 24, volunteers; bell alarm. Capt, M. W. Felder.

WATER SUPPLY—Source, wells; pumps. Town clerk, P. J. Drew.

Camden, Kershaw Co., population *2500; fire area 660 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 400 ft, rubber good 300 ft, linen good 300 ft; total ann expenses of department \$400; total membership 100, volunteers; bell alarm. Chief engineer, John R. Goodale.

WATER SUPPLY—Source, cisterns. Town clerk, Jas. L. Brasington.

Charleston, Charleston Co., population 60,000; buildings, brick and wood, 3 and 3½ stories. Fire department (report of 1899) 8 steam fire engines in use (3 in reserve), 2 hook and ladder trucks, 7 hose carriages; hose rubber, good 10,000 ft; 28 horses; total ann expenses of department \$44,000; total membership 103, paid; telegraph alarm; 97 street boxes. Chief engineer, F. L. O'Neil.

WATER SUPPLY—Source, 3 artesian wells; system, pumping to standpipe and reservoir; cap 8,300,000

SOUTH CAROLINA—Continued.

gals; 2 Knowles pumping engines, dy cap 8,000,000 gals; 388 hydrants, Chapman, Ludlow; pipe 26 miles, 4 to 16 in dia; valves Chapman, Ludlow; 30 meters; quality of water best; pressure 36 to 40 pounds; water-works owned by company; int on bonds 5 and 6 per cent. Pres of com, Geo. I. Cunningham; sec and treas, Z. Davis; mayor, Geo. D. Bryan; city clerk, W. W. Simons.

Chester, Chester Co., population 2500. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose linen, good 600 ft, rubber good 800 ft; total membership 180, volunteers. Chief, B. M. Spratt.

WATER SUPPLY—Source, 5 cisterns, cap 92,000 gals. Town clerk, S. B. Latham.

Clifton, Spartanburg Co., population *3000; buildings, brick and wood, 3 stories. Fire department—1 hose carriage; hose linen, good 1785 ft; total membership 18, paid; bell alarm. Chief, C. B. Carr.

WATER SUPPLY—Source, Pacolet River; system, pumping to reservoir and direct; reservoir cap 92,000 gals; Holyoke pumping engines, dy cap 1,525,000 gals; 16 hydrants, Prov.; pipe 8 in dia, Prov.; quality of water good; pressure 76 pounds; water-works owned by company; cost to construct \$18,000. Supt, D. D. Wheat; town clerk, D. E. Converse.

Columbia, Richland Co., population 16,000; fire area 1000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin roofs; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 8 hand engines, 1 hook and ladder truck, 6 hose carriages, all kinds; hose cotton, good 3000 ft, rubber good 1500 ft; 6 horses, value \$1650; value of fire department equipment \$30,000; value of buildings occupied \$10,000; total ann expenses of department \$6000; total membership 860, volunteers; Gamewell alarm; 21 street boxes; 4 engine companies; 1 hook and ladder company. Chief engineer, Philip Motz; chairman of fire and water com, G. V. Allwooden.

WATER SUPPLY—Source, Congaree River and springs; system, pumping to reservoir; 2 reservoirs, cap 6,500,000 gals; Worthington pumping engines, dy cap 2,500,000 gals; 110 hydrants; pipe, 16 miles, 6 to 12 in dia, pressure 30 to 60 pounds; water-works owned by city; ann expenses \$7000. Supt, H. Alexander; mayor, F. W. McMaster; city clerk, W. J. Carthart.

Darlington, Darlington Co., population 3500; buildings, wood, 1 and 2 stories; wooden roofs not permitted in business section. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 2 hose carriages; hose cotton, good 500 ft, rubber good 250 ft, inferior 300 ft; value of fire department equipment \$4000; total ann expenses of department \$300; total membership 40; bell alarm. Chief engineer, W. J. Early.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 30,000 gals; pipe 4000 ft, 4 in dia; quality of water pure, pressure 40 ft head; water-works owned by company; cost to construct \$3000. Pres, C. S. McCullough; supt, L. L. McGee; mayor, J. C. Wilcox; town clerk, S. S. Burch.

Florence, Darlington Co., population 5000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden buildings and roofs not permitted in business section. Fire department—1 steam fire engine, 2 hand engines, 4 hose carriages; hose rubber good 3000 ft, inferior 300 ft; 2 horses; value of fire department equipment \$7000; total membership 225, paid full time 5, volunteers 220; bell alarm; 3 fire companies. Chief engineer, G. C. Cole.

WATER SUPPLY—Source, 26 wells for fire purposes. Mayor, W. H. Day; city clerk, E. W. Lloyd.

Georgetown, Georgetown Co., population 2555; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose rubber, good 3000 ft; value of fire department equipment \$10,000; value of 4 buildings occupied \$5000; total ann expenses of department \$1600; total membership 250, volunteers; bell alarm. Chief engineer, A. P. Hazard.

WATER SUPPLY—Source, river and wells. Town clerk, J. J. Hucks.

Greenville, Greenville Co., population 10,000; fire area 8142 acres; mercantile buildings, brick, 1 to 4 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose rubber, good 1800 ft; 2 horses, value \$700;

total membership 225; bell alarm. Chief engineer, John G. Green; chairman fire and water com, Dr. Davis Furncom.

WATER SUPPLY—Source, 30 cisterns; dy cap 25,000 gals; ann expenses \$60. City clerk, C. W. D'Oyley.

Lancaster, Lancaster Co., population *1000; buildings brick; fireworks ordinance. Fire department—1 hook and ladder truck; total membership 30, volunteers.

WATER SUPPLY—Source, wells.

Lawrence, Lawrence Co., population 2500; fire area 640 acres; mercantile buildings, brick 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in business section; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 1800 ft, rubber good 1900 ft, inferior 600 ft; 2 horses, value \$300; value of fire department equipment \$4000; value of buildings occupied \$300; total membership 68, paid full time 1, volunteers 51; bell alarm; 1 fire company, 1 hook and ladder company. Chief, Frank Evans; chairman of fire and water com, J. J. Pluss.

WATER SUPPLY—Source, 1 cistern, cap 75,000 gals, and never-failing branch stream. Town clerk, A. P. Sullivan.

Marion, Marion Co., population 2600; buildings, wood and brick, 3 and 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 aerial truck; value of fire department equipment \$1500; value of buildings occupied \$1000; total membership 88, paid full time, volunteers 7; bell alarm. Chief, W. H. Collier; chairman fire and water com, T. E. Stonley, Jr.

WATER SUPPLY—Source, 9 wells. Village clerk, W. J. McKeall.

Mayesville, Sumter Co., population *800. Fire department—1 hand engine; hose good 300 ft.

WATER SUPPLY—Source, wells.

Newberry, Newberry Co., population 4000; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1500 ft, inferior 800 ft, rubber good 100 ft, inferior 200 ft; value of fire department equipment \$8000; value of buildings occupied \$5000; total ann expenses of department \$1236; total membership 145, paid full time 3, volunteers 142; bell alarm; 3 fire companies. Chief engineer, E. S. Mower; chairman of fire and water com, Wm. Johnson.

WATER SUPPLY—Source, wells and cisterns. Mayor, J. K. P. Goggans; town clerk, J. S. Fair.

Orangeburg, Orangeburg Co., population *3500; fire area 960 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose rubber, good 1400 ft, inferior 300 ft; value of fire department equipment \$4800; value of 8 buildings occupied \$2600; total membership 73, volunteers. Chief engineer, F. A. Schifley.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; Worthington pumping engines, dy cap 2,804,000 gals; 104 hydrants; pipe 6 miles, 6 in dia; 15 valves, Chapman, McLean; quality of water pure; pressure 60 to 95 pounds; water-works owned by Geo. N. Cornelison; cost to construct \$26,000. Mayor, I. S. Albertgotti; town clerk, C. D. Koctohn.

Rock Hill, York Co., population *2700; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in business section; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 900 ft, inferior 300 ft; value of fire department equipment \$5000; total membership 100, volunteers; bell alarm; 3 fire companies. Chief engineer, J. F. Reid; chairman fire and water com, R. T. Fewell.

WATER SUPPLY—Source, 3 cisterns, cap 52,000 gals. Town clerk, Edward Fewell.

Spartanburg, Spartanburg Co., population 6000; fire area radius 1½ miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, not used, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 1000 ft, rubber 500 ft; value of fire department equipment \$8000; total ann expenses of department \$4000; total membership 60, volunteers; bell alarm. Chief engineer, M. Greenwald.

WATER SUPPLY—Source, Chincapin Creek and Cleveland Branch; system, pumping to standpipe; standpipe

cap 216,000 gals; 2 Deane pumping engines, dy cap 2,000-000 gals; 60 hydrants, Chapman; pipe 7 miles, 4 to 10 in dia; 25 gates; 2 meters, Crown; pressure 60 pounds. City clerk, Jos. M. Elford.

Summerville, Berkley Co., population *8200; buildings, wood, 1 story; wooden roofs permitted. Fire department—1 chemical engine on wheels; hose rubber, good 300 ft; 2 horses, value \$300; value of fire department equipment \$1000; value of buildings occupied \$400; total ann expenses of department \$50; total membership 40, volunteers; bells. Chief, Robt. H. Sweeney.

Sumter, Sumter Co., population *8000. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck; 2 hose carriages; hose rubber, good 1150 ft; total membership 85, paid 85, volunteers 50. Chief engineer, W. R. Delgar.

WATER SUPPLY—Source, open and driven wells. Supt, W. R. Delgar; mayor, R. O. Purdy; town clerk, W. A. Pringle, Jr.

Union, Union Co., population 1800; fire area 8 square miles; mercantile buildings, brick and stone, 1 story; private, 1 and 2 stories; wooden roofs permitted. No organized fire department; 1 hand engine in bad order; hose rubber, good 100 ft, inferior 200 ft; value of fire department equipment \$150. John Q. Buckheit.

WATER SUPPLY—Source, 4 cisterns, cap 160,000 gals.

Walkalla, Oconee Co., population *1200; buildings, wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated.

Fire department—1 hand engine, 1 hose carriage; hose rubber, good 300 ft; total membership 65, volunteers; 1 hook and ladder company. Chief engineer, Geo. Pratt.

Fire department—1 steam fire engine, 1 hose carriage; hose cotton, good 1000 ft; 2 horses, value \$400; value of fire department equipment \$3000; value of buildings occupied \$300; total membership 45, paid full time 1, volunteers 44; bell alarm. Chief engineer, J. C. Loggins.

Proposed water supply to be put in at once; source, lake; system, pumping to standpipe; pumping engines dy cap 500,000 gals; 100 hydrants; pipe 5 miles. Mayor, J. B. Jones; town clerk, A. N. Kendrick.

Fort Worth, Tarrant Co., population 25,000; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages; siamese couplings used; hose rubber 6500 ft; 13 horses; value of fire department equipment \$40,000; value of buildings occupied \$3000; total ann expenses of department \$12,000; total membership 178, paid 12; Gamewell alarm; 27 street boxes. Chief engineer, Dan B. Adams.

WATER SUPPLY—Source, Trinity River, Clear Creek and geas wells; system, direct pumping; Holly pumping engines, dy cap 4,000,000 gals; 126 hydrants, Holly; pipe 2 miles; valves Ludlow; 60 meters; pressure, domestic 35, fire 130 pounds; water-works owned by city; cost to construct \$261,000; ann expenses \$30,000; int on bonds 6 per cent. Chairman of com, F. J. Latum; supt, M. H. Hilburn; city clerk, Henry Early.

Franklin, Robertson Co., population 1000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; tin roofs. Fire department—1 hook and ladder truck; value of fire department equipment \$150; total membership 38. Chief, F. J. Miller.

WATER SUPPLY—Source, public cisterns, artesian well will build water-works soon.

Fredericksburgh, Gillespie Co., population 1200. Fire department—1 hook and ladder truck; total membership volunteers. Chief, Oscar Krauskopf.

Gainesville, Cooke Co., population 14,346; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 3500 ft; inferior 300 ft; 4 horses, value \$1200; value of fire department equipment \$12,500; value of buildings occupied \$10,000; total ann expenses of department \$9740; total membership 104, paid full time 4, volunteers 100; telephone and bell alarm. 1 supply company; 1 hook and ladder company, 2 hose companies. Chief, W. O. Kinne; chairman fire and water com, C. C. Blackwood.

WATER SUPPLY—Source, Elm River; system, direct pumping; reservoir cap 115,000,000 gals; Holly pumping engines, dy cap 2,000,000 gals; Ludlow hydrants; pipe 8.25 miles; Ludlow valves; 108 meters; pressure, domestic 60, fire 120 pounds; water-works owned by company; cost to construct \$188,000; ann expenses \$5880; int on bonds 6 per cent. Pres, J. S. Drake; mayor, J. B. Rowland; city clerk, John Puckett.

Galveston, Galveston Co., population *50,000; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs not permitted on new buildings; fireworks ordinance. Fire department—5 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, aerial truck, 3 hose carriages, 2 hose wagons; hose cotton, good 7000 ft; 30 horses, value \$2000; value of fire department equipment \$46,500; value of buildings occupied 0,000; total ann expenses of department \$47,711; total membership 58, paid full time; Gamewell alarm; 46 street boxes. Chief engineer, Wm. Oldenburg; chairman of fire department, Chas. Fowler, Sr.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 500,000 gals; Knowles pumping engines, dy cap 6,000,000 gals; 300 hydrants, athews; pipe 36 miles, 6 to 24 in dia, Wood; 276 valves, ddy; 3 meters, Hersey; quality of water mineral; pressure, domestic 65, fire 100 pounds; water-works owned by city; cost to construct \$450,000; int on bonds 5 per cent. Pres, Albert Weiss; supt, John A. Cotter; mayor, R. L.ulton; city clerk, Danl. J. Buckley.

Gatesville, Coryell Co., population *3000. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, hose good 800 ft; total membership 40, volunteers; bell alarm. Chief engineer, B. B. Garrett.

WATER SUPPLY—Source, 2 cisterns, cap 50,000 gals. Mayor, C. P. White; city clerk, O. F. Wells.

Georgetown, Williamson Co., population 4000; fire area 16 acres; mercantile buildings, stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, inferior 1800 ft, rubber good 150 ft; value of fire department equipment \$2500; value of buildings occupied \$750; total membership 80, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, E. E. Taylor; chairman of fire and water com, G. W. Davis.

WATER SUPPLY—Source, San Gabriel River; system, pumping to standpipe; standpipe cap 280,000 gals; Worthington pumping engine, dy cap 1,500,000 gals; 21 hydrants, Ludlow; pipe 7½ miles, 2 to 10 in dia, National Tube Works; 28 valves, Ludlow; 6 meters, Worthington; pressure, domestic 40, fire 800 pounds; water-works owned by city, leased to company; cost to construct \$51,000, ann expenses \$1200; int on bonds 6 per cent. Pres, Emory Taylor; supt, W. J. Thomas; mayor, W. Y. Penn; town clerk, E. I. Watson.

Giddings, Lee Co., population 1900; fire area 300 acres; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs not used on brick buildings. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft; value of fire department equipment \$1200; total membership 45, volunteers; bell alarm. Foreman, J. C. Neumann.

WATER SUPPLY—Source, cisterns. Town clerk, A. B. Green.

Gonzales, Gonzales Co., population 1861; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, Guadalupe River; system, pumping to standpipe, tank and direct; 2 tanks; cap 40,000 gals; standpipe cap 80,000 gals; Worthington pumping engines, dy cap 280,000 gals; 14 hydrants, Ludlow; pipe 6 miles; Ludlow valves; pressure, domestic 30, fire 180 pounds; water-works owned by company; cost to construct \$12,000; ann expenses \$1200. Pres, C. Braches; supt, T. S. Walker; town clerk, Ed. Titcomb.

Greenville, Hunt Co., population 7000; buildings, brick and wood, 1 and 2 stories. Fire department—1 steam fire engine, 8 hose carriages; hose cotton, good 1250 ft, rubber good 1500 ft; 2 horses; value of fire department equipment \$7000; total ann expenses of department \$1500; total membership 25, paid 1, volunteers 23; bell alarm. Chief engineer, M. S. Andrews.

WATER SUPPLY—Source, Cowleach Fork of Sabine River; system, pumping to standpipe and direct; reservoir cap 105,000,000 gals; standpipe cap 165,210 gals; Buffalo pumping engines dy cap 1,360,000 gals; 61 hydrants, Ludlow; pipe 6 miles, 6 to 12 in dia, Shickle, H. & H.; 16 valves, Ludlow; 15 meters, Crown; quality of water good, American filter; pressure, domestic 50, fire 100 pounds; water-works owned by company; cost to construct \$118,000; ann expenses \$2500; int on bonds 6 per cent. Pres, J. M. Cook; supt, L. Russell; mayor, R. L. Porter; city clerk, J. P. Atterbury.

Hempstead, Waller Co., population *3000; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories; fireworks ordi-

nance; causes of fire invest hook and ladder truck; tota

WATER SUPPLY—Source, clerk, E. Hauser.

Hillsboro, Hill Co., 1 brick, 1 and 2 stories. Fire gine, 1 hook and ladder truck, good 1000 ft, inferior equipment \$3000; total ann expenses of department \$4000; total membership 40, paid full time; Eugene Rosenbau

WATER SUPPLY—Source, Andrew L. Smith.

Houston, Harris Co., 10 acres; mercantile buildings, 1 2 stories; iron and slate roof department—1 steam fire engine and ladder truck, 4 hose carriages; 10 horses, value \$3500; value of buildings occupied \$5000; ann expenses of department \$500, volunteers; telephone alarm engineer, Eugene R. Parker; com, B. A. Riessner.

WATER SUPPLY—Source, piping to standpipe and direct; Worthington pumping engine hydrants, Ludlow; pipe 28 miles, pressure, domestic 40, fire 90 by company; cost to construct \$57,000; int on bonds 6 per cent; supt, C. H. Strong; city

Huntsville, Walker Co., department—1 hand engine; chief engineer, F. O. Brown.

WATER SUPPLY—Source, water-works at State penitentiary.

Jefferson, Marion Co., department—2 steam fire engines, hose carriages; hose rubber, leather good 900 ft; total membership 25, volunteers; Chief engineer, J. M. Dewar.

WATER SUPPLY—Source, river. County clerk, W. F. J.

Kyle, Hays Co., population 1000; stone and wood, 1 story; private, brick and wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft; value of fire department equipment \$1200; total membership 25, volunteers; E. Roach.

WATER SUPPLY—Source, pumping to tanks; 2 tanks, carrying engine, dy cap 100,000 miles; pressure 48 pounds; company; cost to construct \$11,800; bonds 8 per cent. Pres, H. J.

La Grange, Fayette Co., department—1 horse-power engine; hose good 1000 ft; Chief engineer, F. C. teers.

WATER SUPPLY—Source, cistern; town clerk, J. E. Bake.

Lampasas, Lampasas Co., buildings, stone and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, cotton, good 1500 ft, inferior ment equipment \$2000; be Reynolds.

WATER SUPPLY—Source, standpipe and direct; standpipe pumping engines, dy Ludlow; pipe 6½ miles; valve 40 to 50, fire 100 to 120 pounds; cost to construct \$4000; bonds 7 per cent. Chief city clerk, H. O. Hair.

Laredo, Webb Co., 100 acres; buildings, brick, adobe; department—1 hook and ladder truck, good 1000 ft; total membership 28.

WATER SUPPLY—Source, filter wells; system, direct engines, dy cap 2,000,000 gal 9½ miles, National; valves 45, fire 150 to 225 pounds; company; cost to construct \$120

TEXAS—Continued.

on bonds 8 per cent. Pres, A. L. McLane; supt, A. Waggon; town clerk, Rafael Vidourri.

Longview, Gregg Co., population 3500; buildings, brick and wood, 1 story. Fire department—1 steam fire engine, 1 hose carriage; hose cotton, good 600 ft; value of fire department equipment \$3000; total ann. expenses of department \$180; total membership 24, paid 1, volunteers; bell alarm.

WATER SUPPLY—Source, 1 cistern, cap 50,000 gals. Town clerk, J. H. Carter.

Luling, Caldwell Co., population *2500; buildings, brick and wood, 1 story. Fire department—1 hook and ladder truck, ropes, buckets and ladders; value of fire department equipment \$300; total membership 30, volunteers; bell alarm. Chief, R. W. Malone.

WATER SUPPLY—Source, wells. Town clerk, F. C. Cross.

Marlin, Falls Co., population *2400. Fire department—1 hand engine; hose good 300 ft; total membership 19, volunteers; bell alarm.

WATER SUPPLY—Source, cisterns, wells. Town clerk, C. J. Bartlett.

Marshall, Harrison Co., population 9000. Fire department—1 steam fire engine, 1 hand engine, 6 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose rubber, good 2000 ft, inferior 500 ft; 5 horses; total membership 30, volunteers; bell and telephone alarm. Chief engineer, Fred Walz.

WATER SUPPLY—Source, Wagner steamed wells; system, pumping to standpipe and direct; standpipe cap 23,308 gals; Deane pumping engines, dy cap 250,000 gals; 80 hydrants; pipe 7 miles, 4 to 10 in dia; 30 valves; pressure 50 to 200 pounds; water-works owned by city; cost to construct \$70,000. Supt, A. Van Hook; mayor, J. H. Carte; town clerk, W. G. Rudd.

McKinney, Collin Co., population 5000; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 750 ft, inferior 250 ft, rubber good 100 ft; 4 horses, value \$300; value of fire department equipment \$6000; value of buildings occupied \$4000; total ann. expenses of department \$800; total membership 40, paid full time 1, paid part time 1, volunteers 38; bell alarm. Chief engineer, A. L. Jones; chairman of fire and water com, Henry Hemdon.

WATER SUPPLY—Source, public and private cisterns and wells. Mayor, J. M. Ball; city clerk, W. P. Cloyd.

Mexia, Limestone Co., population 3000; fire area 1 mile radius; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in city limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carts; hose rubber, good 1000 ft; 2 horses, value \$250; value of fire department equipment \$1500; total ann. expenses of department \$36; total membership 30, volunteers, paid full time 3; bell alarm. Chief engineer, E. V. Shipman; chairman of fire and water com, J. R. Cooley.

WATER SUPPLY—Source, artificial lake; system, pumping to standpipe and direct; standpipe cap 86,000 gals; Smith-Vaile pumping engines, dy cap 750,000 gals; 15 hydrants; pipe 5 miles, 6 in dia; pressure, domestic 40, fire 60 to 80 pounds; water-works owned by company; cost to construct \$30,000; ann. expenses \$1000; int on bonds 6 per cent. Pres, D. M. Prendergast; supt and sec, John R. Corley; town clerk, S. I. Munger.

Navasota, Grimes Co., population 4000; buildings, stone and wood, 1 to 3 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose rubber, good 750 ft; value of fire department equipment \$1000; total membership 40; bell alarm; 1 hook and ladder company, 1 hose company. Chief, J. H. Lee.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and standpipe; reservoir cap 100,000 gals; standpipe cap 84,000 gals; Deane, Smith-Vaile pumping engines, dy cap 1,150,000 gals; 12 hydrants, Chapman; pipe 6½ miles, 2 to 6 in dia, Shickle, H. & H.; 40 valves, Ludlow and others; 8 meters, Worthington; pressure, domestic 36 to 66, fire 120 to 160 pounds; water-works owned by city, leased to E. L. Bridges; cost to construct \$28,000; ann. expenses \$1400; int on bonds 6 and 8 per cent. Supt, E. H. Haver; mayor, M. P. Yarbrough; city clerk, W. T. Smithall.

New Braunfels, Comal Co., population 2000; buildings, wood and brick, 1 and 2 stories. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 3

hose carriages; hose cotton, good 600 ft, rubber inferior 250 ft; value of fire department equipment \$1500; total membership 40, volunteers; bell alarm. Chief engineer, Richard Gerlich.

WATER SUPPLY—Source, Comal River; system, pumping to reservoir and direct; reservoir cap 350,000 gals; Knowles pumping engines, dy cap 500,000 gals; 28 hydrants; pipe 4 miles, Long; 11 meters; pressure, domestic 24, fire 120 pounds; water-works owned by company; cost to construct \$30,000; ann. expenses \$1200; int on bonds 5 per cent. Supt, G. Gerlich; town clerk, A. Holman.

Orange, Orange Co., population 4000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; 2 hose carriages; 4 horses, hired; value of fire department equipment \$3000; total membership 60, volunteers; bell alarm. Chief engineer, A. O. McLenn.

WATER SUPPLY—Source, river; system, pumping to reservoir; Worthington pumping engines; 30 hydrants; pipe 1 mile; cost to construct \$5000. Luther & Moore; mayor, Bialand.

Palestine, Anderson Co., population *6000; fire area 100 acres; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 6 hose carriages; hose 1500 ft; 1 horse; value of fire department equipment \$3000; value of 3 buildings occupied \$2500; total ann. expenses of department \$300 (1888); total membership 74, volunteers; bell and telephone alarm. Chief, G. W. Barkett.

WATER SUPPLY—Source, artificial lake; system, pumping to standpipe and direct; Davidson pumping engines, dy cap 500,000 gals; 80 hydrants; pipe 7½ miles, 6 to 12 in dia; 18 valves, Ludlow; 9 meters, Union, Crown; quality of water good; pressure, domestic 60, fire 80 to 125 pounds; water-works owned by company; cost to construct \$150,000. Pres, Wm. Tredway; supt, Ed. McCleery; mayor, J. J. Dwyer; city clerk, J. M. Fulewider.

Paris, Lamar Co., population 12,000; fire area 20 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1500 ft, inferior 500 ft; 6 horses, value \$300; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann. expenses of department \$5000; total membership 65, paid full time 3, volunteers 62; telephone and bell alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief, Julius P. Record; chairman of fire and water com, S. Linn.

WATER SUPPLY—Source, wells and tunnels; system, pumping to standpipe; standpipe cap 30,000 gals; pumping engines dy cap 3,000,000 gals; 85 hydrants; pipe 11 miles, 4 to 10 in dia; 42 valves, Ludlow; 75 meters, National Hersey; quality of water soft, good; pressure, domestic 54, fire 100 pounds; water-works owned by city and J. D. Thomas; cost to construct \$100,000; int on bonds 5 per cent. Pres and supt, J. D. Thomas; mayor, M. J. Halloway; city clerk, H. C. Robinson.

Reecos City, Reeves Co., buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no organized fire department; hose rubber, good 1000 ft.

WATER SUPPLY—Source, artesian wells, good pressure.

Round Rock, Williamson Co., population 1500; mercantile buildings, stone, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose linen, good 400 ft; value of fire department equipment \$1500; total annual expenses of department \$300; total membership 38, volunteers; 1 engine company, 1 hook and ladder company. Chief, Clarence Woodward.

San Angelo, Tom Green Co., population *3500. Fire department—1 hook and ladder truck, 2 hose carriages; hose 1250 ft; total membership 35, volunteers; bell alarm.

WATER SUPPLY—Source, North Concho River; system, pumping to tank and direct; tank cap 60,000 gals; Deane pumping engines, dy cap 500,000 gals; 44 hydrants, Chapman; pipe, Williamsport, 4 miles, 3 to 6 in dia; 30 valves, Chapman; 16 meters, Crown, Union, Hersey; quality of water limestone; pressure, domestic 60, fire 120 to 200 pounds; water-works owned by company; cost to construct \$30,000; ann. expenses 2000. Pres and supt, I. S. Milspaugh; mayor, J. G. Brasser; city clerk, John F. Morakery.

San Antonio, Bexar Co., population *42,000; fire area 640 acres; mercantile buildings, stone and brick, 1 to 3 stories; private, wood and stone, 1 and 2 stories; causes of fire investigated. Fire department—2 steam fire engines

8 chemical extinguishers; 1 hook and ladder truck, 9 hose carriages; hose good 3450 ft, inferior 1000 ft; 8 horses; value of fire department equipment \$15,000; value of 7 buildings occupied \$35,000; total ann expenses of department \$12,000; total membership 157, paid full time 8, paid part time 6; telephone and bell alarm. Chief engineer, G. A. Duerber.

WATER SUPPLY—Source, San Antonio River; system, pumping to reservoir and direct; reservoir cap 5,000,000 gals; Worthington pumping engines, dy cap 5,000,000 gals; 450 hydrants, Chapman, Wood; pipe 75 miles, 4 to 24 in dia; valves Ludlow, Eddy, Chapman; 80 meters, Worthington, Crown; quality of water limestone; pressure, domestic 60, fire 150 pounds; water-works owned by company; cost to construct est \$880,000 ann expenses \$30,000; int on bonds 6 and 7 per cent. Pres, G. W. Brachenredge; supt, I. U. Seuf; mayor, Bryan Callaghan; city clerk, E. P. Claredon.

San Marcos, Hays Co., population *2800; buildings, wood and stone, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose cotton, good 800 ft; value of fire department equipment \$1500; total ann expenses of department \$400 (1888); total membership 34, volunteers. Chief engineer, J. R. Porter.

WATER SUPPLY—Source, San Marcos River; system, pumping to reservoir and direct; reservoir cap 230,000 gals; 2 Worthington, Gordon & Maxwell pumping engines, dy cap 1,250,000 gals; 21 hydrants; pipe 6 miles; valves Peet, Ludlow; pressure 60 pounds; water-works owned by company; cost to construct \$40,500; ann expenses \$1400; int on bonds 7 per cent. Pres, C. M. Holmes; supt, R. Pettit; mayor, H. Hardy; town clerk, P. Springer.

Schulenburg, Fayette Co., population *1000. Fire department—2 private hand engines, 1 hook and ladder truck; hose good 200 ft; total membership 40, volunteers; bell alarm. Chief engineer, N. L. McKinnon.

WATER SUPPLY—Source, 5 cisterns, cap 40,000 gals. Town clerk, Fred. Ebelling.

Sequin, Guadalupe Co., population 3000; fire area 320 acres; mercantile buildings, brick, wood and concrete, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 700 ft, inferior 100 ft; value of fire department equipment \$2000; value of buildings occupied \$400; total membership 40, volunteers; bell alarm; 1 hook and ladder company; 1 hose company. Chief engineer, P. J. Burges.

WATER SUPPLY—Source, Guadalupe River; system, pumping to standpipe and direct; standpipe cap 60,000 gals; pumping engines dy cap 1,500,000 gals; 15 hydrants, Nelson; pipe 6 miles; pressure, domestic 48, fire 100 pounds; water-works owned by company; cost to construct \$28,000; ann expenses \$1370; int on bonds 7 per cent. Pres, W. D. Wood; supt, Jas. T. Holmes; town clerk, A. G. Swope.

Sherman, Grayson Co., population *10,007; fire area 13 squares; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; siamese couplings used; hose rubber, good 3000 ft, inferior 500 ft; 5 horses; value of fire department equipment \$3850; value of 3 buildings occupied \$4500; total ann expenses of department \$3058; total membership 77, paid 5; bell and telephone alarm. Chief engineer, S. C. Gilmore.

WATER SUPPLY—Source, gang wells; system, pumping to standpipe; standpipe cap 805,200 gals; 2 Worthington pumping engines, dy cap 1,000,000 gals; 70 hydrants, Chapman; pipe 9 miles, 4 to 10 dia, Chapman; 10 valves, Chapman; meters, Worthington, Crown, Thomson; quality of water hard; pressure 50 pounds; water-works owned by city; cost to construct \$70,000; ann expenses \$8000; int on bonds 8 per cent. Supt, Robt. Harvey; mayor, J. L. Porter; city clerk, C. S. Divlin.

Sulphur Springs, Hopkins Co., population *5500; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1800 ft, inferior 300 ft; value of fire department equipment \$3500; value of buildings occupied \$1000; total ann expenses of department \$500; total membership 36, paid part time 1, volunteers 35; bell alarm. Chief engineer, S. W. Summers.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. M. Ashcroft.

Taylor, Williamson Co., population *2500; buildings, brick, and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose

cotton, good 100 ft; total m alarm. Chief, C. H. Wel

WATER SUPPLY—Source, system, pumping to tank at Blake, Worthington pump gals; 21 hydrants; pipe 7 Eddy valves; pressure, don water-works owned by cor \$25,000; ann expenses \$21 T. P. Barton.

Temple, Bell Co., popu mercantile buildings, brick, wooden roofs not permitted. Fire department—1 carriages; R. R. Co. has ho 2000 ft, inferior 200 ft; valu \$3500; value of buildings c ship 100, volunteers; bell a pany, 8 hose companies. (of fire and water com, T. I

Chief, J. C. Creighton.

WATER SUPPLY—Source, Cameron Run; system, pumping to reservoir; 2 reservoirs; steam pumping engines; 115 hydrants; pipe 15 miles, 4 to 20 in dia; pressure 50 to 75 pounds. Supt, F. I. Power; mayor, E. E. Downham; city clerk, E. F. Price.

Bedford City, Bedford Co., population 2475. Fire department—2 hose carts; hose good 1000 ft.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap, 1,000,000 gals; 40 hydrants, Holyoke; pipe 15 miles, 4 to 6 in dia, Glamorgan, Wood; quality of water freestone; pressure 80 to 120 pounds; water-works owned by city; cost to construct \$55,000; ann expenses \$350; int

on bonds 6 per cent. Pres, P. L. Saunders; city clerk, P. L. Saunders.

Blackstone, Nottoway Co., department—1 hook and ladder truck, 2 hose carriages; total membership 50, volunteers. Chief, Champitt.

WATER SUPPLY—Source, pond; W. Jett.

Bristol, population 700; tile buildings, brick, 2 stories; wooden roofs not permitted; department—2 hose carriages; total membership 40, volunteers. W. Jett.

WATER SUPPLY—Source, pond; W. Jett.

Charlottesville, Albemarle Co., fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; fire department equipment \$1000; total membership 40, volunteers; bell alarm. C. Williams; town clerk, J. M. G.

WATER SUPPLY—Source, system, gravity; reservoir cap, 1,000,000 gals; 15 valves, Chapman; quality of water, freestone; pressure 100 pounds; water-works owned by city; cost to construct \$107,500; ann expenses \$350; int on bonds 6 per cent. Pres, P. L. Saunders; city clerk, P. L. Saunders.

VIRGINIA—Continued.

Chase City, Mecklenburg Co., population *550; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; total membership 10, volunteers; bell alarm. Foreman, W. H. Saunders; town clerk, W. H. Pettus.

Chatham, Pittsylvania Co., population 1000; fire area 1 mile in circumference; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, spring; system, gravity; dy cap 200,000 gals; water-works owned by town.

Culpepper, Culpepper Co., population 1818. Fire department—1 hand engine, 1 hook and ladder truck; hose 180 ft; value of fire department equipment \$400; total ann expenses of department \$225.

WATER SUPPLY—Source, wells and cisterns. Town clerk, W. J. Shotwell.

Danville, Pittsylvania Co., population 16,000; mercantile buildings, brick, 2 to 5 stories; private, brick and wood, 2 to 3 stories; wooden roofs permitted to some extent; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine not used, 1 hook and ladder truck, 6 hose carriages; hose cotton, good 3600 ft, inferior 800 ft, rubber good 100 ft; 5 hoses, value \$1000; value of fire department equipment \$10,000; value of 8 buildings occupied \$2000; total ann expenses of department \$7000; total membership 31, paid full time 5, paid part time 16; telegraph alarm. Chief engineer, N. F. Reid; chairman of fire and water com, G. D. Richardson.

WATER SUPPLY—Source, Dan River; system, pumping to reservoir and direct; reservoir cap 6,500,000 gals; Worthington pumping engines, dy cap 1,500,000 gals; 87 hydrants, Ludlow; pipe 8 to 16 in dia, Wood; Ludlow valves; pressure 55 pounds; water-works owned by city; ann expenses \$8800, supt, C. A. Ballou; town clerk, J. A. Smith.

Farmville, Prince Edward Co., population 2058; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 dozen buckets; hose rubber, good 700 ft, leather good 800 ft; value of fire department equipment \$1000; value of 3 buildings occupied \$500; total ann expenses of department \$3800; total membership 75, paid 2; bell alarm. Chief, Wm. T. Doynne.

WATER SUPPLY—Source, wells; 11 cisterns. Town clerk, J. R. Whitehead.

Fredericksburg, Spottsylvania Co., population 5010; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose reels; value of fire department equipment \$4950; 1 building owned; total membership 33, volunteers. Chief, M. H. McCracken.

WATER SUPPLY—Source, Rappahannock River; system, pumping to reservoir; reservoir cap 4,000,000 gals; Blake pumping engines, dy cap 450,000 gals; 50 hydrants, Eaves; pipe 10 miles, 2 to 8 in dia, McNeal; 36 valves, Peet; 1 meter, Crown; quality of water freestone; pressure, domestic 55, fire 100 pounds; water-works owned by city; cost to construct \$25,000; ann expenses \$3500; int on bonds 6 per cent. Chairman of com, M. G. Willis; supt, S. J. Quinn; mayor, A. F. Rowe; city clerk, R. B. Berrey.

Front Royal, Warren Co., population 829; buildings, wood, 2 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$2000; total membership 82, volunteers; bell alarm. Capt. C. A. Macatee.

WATER SUPPLY—Source, wells. Town clerk, G. W. Forsyth.

Gordonsville, Orange Co., population 1800; buildings, wood and brick, 2 stories; tin roofs; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft; value of fire department equipment \$700; value of buildings occupied \$300; total membership 27, volunteers; bell alarm. Chief engineer, R. H. Stratton; chairman of fire and water com, C. F. Meyers.

WATER SUPPLY—Source not given; system, gravity; reservoir cap 750,000 gals; pipe 6 in dia. Supt, J. P. Martin; town clerk, J. W. Scott.

Hampton, Elizabeth City Co., population 2084. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber and linen, good 1100 ft; 3 hoses; total membership 30, volunteers. Chief engineer, Wm. F. Dougherty.

WATER SUPPLY—Source, bay and 6 cisterns. Town clerk, I. L. Jones.

Harrisonburg, Rockingham Co., population *2300; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 700 ft, inferior 50 ft, rubber good 500 ft, inferior 300 ft; value of fire department equipment \$3000; value of building occupied \$2000; total membership 100, volunteers.

WATER SUPPLY—Source, artesian well; system, pumping direct and to reservoir; reservoir cap, 800,000 gals; Knowles pumping engines, dy cap 144,000 gals; 22 hydrants; pipe, Wood, 5 miles, 8 to 8 dia; Mathew valves; quality of water limestone; pressure 55 pounds; water-works owned by city; cost to construct \$35,000; ann expenses \$600. Supt, P. S. Thomas; mayor, F. C. Woodson; town clerk, W. A. Slater.

Leesburgh, Loudon Co., population 1728. Fire department—2 hand engines, 2 hose carriages, ladders; hose rubber, good 1150 ft; total membership 65. Chief, T. B. Cockey.

WATER SUPPLY—Source, Rock Spring; system, gravity; cisterns; hydrants; pipe 4 miles; water-works owned by village; cost to construct \$18,000; ann expenses \$300. Mayor, Jos. L. Morris; town clerk, H. O. Claggett.

Lexington, Rockbridge Co., population 4771; buildings, brick, 2 and 3 stories; metal and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 50 private chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 800 ft, inferior 700 ft; value of fire department equipment \$1000; value of building occupied \$1000; total ann expenses of department \$100; bell alarm. Chief engineer, S. L. Weatherford.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,500,000 gals; 11 hydrants, Bailey; pipe, Glamorgan, 6 miles; Eddy valves; pressure, domestic 80, fire 140 pounds; water-works owned by town; cost to construct \$45,000; ann expenses \$800; int on bonds 6 per cent. Supt, Jos. B. Holmes; city clerk, S. C. Zeeser.

Lynchburg, Campbell Co., population 25,000; fire area 1900 acres; mercantile buildings, brick, 3 to 6 stories; private, brick and wood, 2 to 3 stories; wooden roofs permitted in some localities; fireworks ordinance. Fire department—2 steam fire engines, 10 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose wagons; hose cotton, good 5000 ft, inferior 600 ft; 12 hoses, value \$2200; value of fire department equipment \$37,748; value of buildings occupied \$10,000; total ann expenses of department \$17,200; total membership 27, paid full time 19, paid part time 8; Gamewell alarm; 27 street boxes. Chief, Alex. Thurman; chairman of fire and water com, G. W. Smith.

WATER SUPPLY—Source, James River; system, pumping to reservoirs; 2 reservoirs, cap 8,000,000 gals; Holly, Gaskill, Wood, Knowles pumping engines, dy cap 5,000,000 or 6,000,000 gals; 160 hydrants, Bailey; pipe 16 miles, Wood; Eddy valves; 8 meters; pressure, domestic 60, fire 120 pounds; water-works owned by company; cost to construct \$171,100; ann expenses \$8000; int on bonds 5, 6 and 8 per cent. Chairman of com, James I. Lee; supt, I. P. Page.

Manchester, Chesterfield Co., population *9000; fire area 178 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 7 hose carriages; hose rubber, good 1900 ft; value of fire department equipment \$38500; value of building occupied \$9000; total ann expenses of department \$1980; total membership 40, volunteers; fire patrol maintained by city, 3 members. Chief engineer, A. J. Gallagher.

WATER SUPPLY—Source, James River; system, pumping to standpipe; standpipe cap 123,000 gals; Worthington pumping engines, dy cap 800,000 gals; 50 hydrants; pipe 6½ miles, 6 to 12 in dia; pressure 72 pounds; water-works owned by W. H. White & Bro., N. Y. Supt, H. S. Bradley; city clerk, J. B. Vadden.

Marion, Smyth Co., population 1300; buildings, brick and wood, 2 and 3 stories. No fire department—bell alarm. Chief, E. J. Haller.

WATER SUPPLY—Source, springs; system, gravity to standpipe; 16 hydrants; pipe 3 miles; water-works owned by town; cost to construct \$12,000; int on bonds 6 per cent. Supt, Geo. P. Rider; recorder, J. H. Francis.

Middletown, Frederick Co., population 500; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, books and lad-

bership 15, volunteers; Charlottesville dep't renders assistance when necessary; bell alarm. Chief, F. P. Dunnington.

WATER SUPPLY (see Charlottesville)—Pressure 100 pounds. Supt, Geo. Peyton.

Warrenton, Fanquier Co., population 1464; fire area 500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck; total membership 40, volunteers; bell alarm. Chief, J. R. Spillman.

WATER SUPPLY—Source, cisterns, dy cap 80,000 gals. Mayor, John R. Spillman; town clerk, R. R. Campbell.

West Point, King William Co., population 8600; fire area 150 acres; buildings, wood, 2 stories; tin roofs. Fire department, property of R. R. Co.—1 steam fire engine, 1 chemical engine on wheels, 1 chemical extinguisher, 2 hose carriages; hose linen, good 4000 ft, rubber good 150 ft; total ann expenses of department \$3656 (1888); total membership 18, full paid; electric alarm. Chief, V. L. Hawkins.

WATER SUPPLY—Source, artesian wells. Mayor, E. Wilkinson.

Winchester, Frederick Co., population 6000; fire area, 10 acres; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—8 steam fire engines, 6 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 11 hose carriages; hose cotton, good 1000 ft, rubber good 1800 ft, inferior 2000 ft leather inferior 1800 ft; value of fire department equipment \$10,000; value of buildings occupied \$9000; total ann expenses of department \$1000; total membership 400, volunteers; bell alarm; 4 fire companies. Chief engineer,

Geo. F. Glaise; chairman of fire and water com, Dr. W. A. Bell.

WATER SUPPLY—Source, spring; system, gravity; 50 hydrants; pipe 8 miles, water-works owned by town; ann expenses \$500. Supt, John H. Nulton; mayor, W. A. Atkinson; town clerk, K. L. Gray.

Woodstock, Shenandoah Co., population 1100. Fire department—1 hand engine, 1 hose carriage; hose rubber, good 850 ft; total membership 75, volunteers. Chief engineer, I. V. R. Clower.

WATER SUPPLY—Source, wells and cisterns. Town clerk, M. Coffman.

Wytheville, Wythe Co., population 3000; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose leather, good 800 ft; value of fire department equipment \$3000; total ann expenses of department \$600; total membership 26, paid full time; bell alarm. Chief engineer, W. H. Neighbors.

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoir; reservoir cap 1,000,000 gals; Worthington pumping engines, dy cap 400,000 gals; 30 hydrants, Mathews, pipe 3½ miles, 4 and 6 in dia, Glasgow; 11 valves, Eddy; 1 meter, Hersey; quality of water hard; pressure, domestic 80, fire 100 pounds; water-works owned by city; cost to construct \$23,000; int on bonds 6 per cent. Pres of com, C. B. Thomas; supt, Thos. Biggs mayor, Chas. W. Gleaves; city clerk, Jas. A. Rider.

The following places have no fire protection: Bowling Green, Caroline Co., population 600. Claremont, Surrey Co., population 400. Clarksville, Mecklenburg Co., population 1000. Fairfax, Fairfax Co., population 450. Floyd C. H., Floyd Co., population 450. Luray, Page Co., population 1500. Scottsville, Albemarle Co., population 700.

WASHINGTON.

Cheney, Spokane Co., population 1800; mercantile buildings fireproof in fire limits; 2 stories; private, wood, 2 stories; wooden roofs not permitted within fire limits; fireworks ordinance. Fire department—1 hose carriage; hose cotton, good 400 ft, rubber good 200 ft; value of fire department equipment \$1000; value of buildings occupied \$300; total ann expenses of department \$300; total membership 20, volunteers. Chief engineer, M. M. Tayle; chairman of fire and water com, J. Horns.

WATER SUPPLY—Source, 8 wells with force pumps; contract let for water-works system to cost \$100,000.

Dayton, Columbia Co., population 906; buildings, brick and wood, 1½ and 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1800 ft, inferior 100 ft; value of fire department equipment \$7500; total ann expenses of department \$175; total membership 40, volunteers; bell alarm. Chief engineer, J. Carr.

WATER SUPPLY—Source, streams; system, gravity; 2 cisterns; 2 hydrants; pipe 8 miles; pressure 25 pounds. Supt, N. Crasure; town clerk, C. Miller.

North Yakima, Co., population 3500; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 25 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 2000 ft; value of fire department equipment \$6500; value of buildings occupied \$3000; total membership 45, paid full time 1, paid part time 1, volunteers 43; bell alarm; Chief, F. E. Rowe.

WATER SUPPLY—Source, 2 tanks, cap 40,000 gals; franchise granted for Holly system of water-works.

Olympia, Thurston Co., population 4500; fire area 18 blocks; mercantile buildings, brick and iron, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 1500 ft, inferior 1600 ft; value of fire department equipment \$15,000; value of buildings occupied \$7000; total ann expenses of department \$3000; total membership 95, paid full time 1, volunteers 94. Chief engineer, S. L. McClellan; chairman of fire and water com, E. D. Harkness.

WATER SUPPLY—Source, Moxley Creek; system, pumping to reservoir; reservoir cap 2,000,000 gals; Worthington pumping engines, dy cap 2,000,000 gals; will have 20 hydrants; pipe 14 miles; pressure, domestic 50 to 60, fire 75 pounds; water-works owned by company; cost to construct \$80,000; ann expenses \$2400; int on bonds 10 per

cent. Pres, E. W. Andrews; supt, Chas. A. Otis; mayor, J. F. Gowey; city clerk, Jas. Marr. Will build 2,000,000 gal reservoir and put in two 2,000,000 gal Worthington pumps.

Port Townsend, Jefferson Co., population 6000; fire area 10 acres; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose rubber, good 2800 ft; 2 horses, value \$300; value of fire department equipment \$10,000; value of buildings occupied \$2000; total ann expenses of department \$2000; total membership 75, paid full time 1, paid part time 2, volunteers 75; bell alarm; 3 hose companies. Chief, D. H. Hill; chairman of fire and water com, Wm. Payne.

WATER SUPPLY—Source, domestic not given; for fire protection, salt water from Sound; system, direct; 9 hydrants; pipe 1 mile; pressure 85 pounds. Supt, H. L. Tibbals, Jr.; mayor, J. A. Kuhn; city clerk, Del. C. Smith.

Seattle, King Co., population 40,000; fire area 1½ miles by 4 blocks; mercantile buildings, brick and wood (no new wooden buildings allowed in fire limits), 4 to 7 stories; private, brick, 4 to 7 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—4 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 1 chemical extinguisher; 2 hook and ladder trucks, 1 aerial truck, 9 hose carriages; hose rubber, good 5200 ft, inferior 400 ft; 12 horses, value \$3800; value of fire department equipment \$42,800; total ann expenses of department est \$75,000; total membership 52, paid full time; Gamewell alarm; 52 street boxes; 5 engine companies, 2 hook and ladder companies. Chief, Gardner Kellogg; chairman of fire and water com, D. E. Durie.

WATER SUPPLY—Source, Lake Washington; system, pumping to reservoir; reservoir cap 4,500,000 gals; Dew pumping engines, dy cap 2,250,000 gals; 60 hydrants; pipe 40 miles, 4 to 12 in dia, Converse; 50 valves, Eddy, Galvin; 60 meters, Hersey; quality of water excellent; pressure 25 to 120 pounds; water-works owned by city; cost to construct \$250,000; ann expenses est \$8000; int on bonds 6 per cent. Pres, Bailey Gatzert; supt, E. Shepard; mayor, Robt. Moran; city clerk, C. W. Ferris.

Snohomish, Snohomish Co., population *1500; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hose cart; hose cotton, good 500 ft; total membership volunteers. Chief, F. M. Hendle.

WATER SUPPLY—Source, lake; system, gravity; 9 hy-

WEST VIRGINIA—Continued.

Parkersburg, Wood Co., population 10,000. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carriages; hose fabric, good 8500 ft, rubber 500 ft; 2 horses; total membership 111, paid full time 1, paid part time 10, volunteers 100; Gamewell alarm; 14 street boxes. Chief engineer, J. F. Barrows.

WATER SUPPLY—Source, Ohio River; system, pumping to tanks; 2 tanks, cap 2,000,000 gals; Wilson, Snyder & Co. pumping engines, dy cap 1,000,000 gals; 60 hydrants, Ludlow; pipe, Cin. & Newport, 12 miles, 4 to 12 in dia; Ludlow valves; pressure, domestic 72 to 96, fire 68 to 90 pounds; water-works owned by city; cost to construct \$108,000; ann expenses \$3000; int on bonds 6 per cent. Supt. J. F. Cook; mayor, G. B. Gibbons; town clerk, L. W. Hughes.

Piedmont, Mineral Co., population 1853; buildings, wood. Fire department—1 hose cart; hose rubber, good 400 ft, inferior 100 ft; value of fire department equipment \$300. Chief, J. J. McGuinness.

WATER SUPPLY—Source, river and wells.

Romney, Hampshire Co., population 1000; fire area 75 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—Ladders and buckets.

WATER SUPPLY—Source, mountain spring; system, gravity; pipe about 3 miles, 6 in dia. Mayor, Jas. A. Gibson.

Ronceverte, Greenbrier Co., population 1500; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 1 hose carriage, buckets; hose rubber, good 750 ft; 2 horses, value \$500; value of buildings occupied \$200; total membership 40; triangle alarm. Chief foreman, E. C. Best; chairman of fire and water com, F. M. Weber.

WATER SUPPLY—Source, river.

Shepherdstown, Jefferson Co., population 1700; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose rubber, good 1100 ft; value of fire department equipment \$4000; 1 building occupied; total membership 76, volunteers. Chief,

Chas. Ferrell; chairman of fire and water com, M. B. Baker.

WATER SUPPLY—Source, 3 cisterns; streams. Town clerk, J. N. Trussell.

Wellsburg, Brooke Co., population 3000; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose linen good 1000 ft, rubber good 1000 ft, leather good 400 ft, inferior 300 ft. Chief, W. Reeves; chairman of fire and water com, J. E. Montgomery.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir and direct; reservoir cap 800,000 gals; Knowles pumping engines, dy cap 600,000 gals; 23 hydrants, Mathews; pipe 4½ miles, Long; Eddy valves; pressure 100 pounds; water-works owned by town; cost to construct \$25,000; ann expenses \$1000; int on bonds 6 per cent. Supt. N. Nelson; town clerk, C. K. Scott.

Wheeling, Ohio Co., population 34,000; mercantile buildings, brick, 1 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs permitted; dead letter fireworks ordinance. Fire department—3 steam fire engines, 9 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; hose cotton, good 800 ft; 19 horses, value \$4250; value of fire department equipment and buildings \$61,895; total ann expenses of department \$23,516 (1899); total membership 62, paid full time 19, paid part time 23; Gamewell alarm; 62 street boxes, 8 engine companies, 1 hook and ladder company, 3 hose companies. Chief marshal, J. A. Dunning; chairman of fire and water com, C. R. Tracy.

WATER SUPPLY—Source, Ohio River; system, pumping to reservoir; 2 reservoirs, cap 7,000,000 gals; Worthington, Gordon pumping engines, dy cap 4,000,000 gals; 360 hydrants, Ludlow, Mathews; pipe 41 miles, 4 to 30 in dia; Ludlow valves; Worthington meters; quality of water fair; pressure 20 to 80 pounds; water-works owned by city; cost to construct \$750,000; ann expenses \$40,000. Chairman of com, M. Pollock; supt, John W. Cummings; mayor, Chas. W. Seabright; city clerk, Thos. F. Thoner.

The following places have no fire protection: Coal Valley, Fayette Co., population 1500. Elizabeth, Wirt Co., population 576. Elkhorn, McDowell Co., population 2000. Hinton, Summers Co., population 1500. Milton, Cabell Co., population 600. Moorefield, Hardy Co., population 800. Phillippi, Barbour Co., population 750. West Union (bucket brigade).

WISCONSIN.

Ahnapee, Kewaunee Co., population 1200; fire area radius 1 mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 private chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 800 ft, inferior 300 ft; value of fire department equipment \$900; value of buildings occupied \$1750; total membership 60, volunteers; bell alarm; 2 fire companies. Chief engineer, M. T. Parker; chairman of fire and water com, Joseph Anderregg.

WATER SUPPLY—Source, lake, river and cisterns. Town clerk, James Dudley.

Albany, Green Co., population 800; fire area 6 blocks; mercantile buildings, brick 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 500 ft, rubber inferior 300 ft; value of buildings occupied \$500; total membership 25, volunteers. Chief, D. Osborn.

Alma, Buffalo Co., population 1700. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose cart, 1 hand pump; hose rubber, good 500 ft.

WATER SUPPLY—Source, river. Town clerk, J. H. White.

Antigo, Langlade Co., population 4000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 700 ft, rubber good 2000 ft; value of fire department equipment \$5000; total ann expenses of department \$500; total membership 60, volunteers; bell alarm. Chief, W. B. Johns.

WATER SUPPLY—Source, spring and brook; 8 reservoirs, cap 900 barrels. City clerk, E. La Londe.

Appleton, Outagamie Co., population 12,000; fire area entire city; mercantile buildings, wood and brick, 2 to 3 stories; private, wood, 2 to 3 stories; shingle and tin roofs; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hook and ladder truck; value of fire department equipment \$400; total membership 30, volunteers; bell alarm. Chief, J. H. W. Lewis; chairman of fire and water com, P. H. Boyland.

WATER SUPPLY—Source, wells and river. City clerk, John McNeile.

Nicollett, Brown Co., population 2068; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 300 ft, rubber good 300 ft, inferior 100 ft, leather inferior 200 ft; 3 horses; value of fire department equipment \$5000; total ann expenses of department \$600; total membership 16, paid full time 1, paid part time 1, volunteers 14; steam whistle and bell alarm.

WATER SUPPLY—Source, river; 4 reservoirs cap 200 gals; 25 hydrants; pipe 2 miles. Town clerk, A. Wilcox.

Oconomowoc, Waukesha Co., population 3800; fire area 50 acres; buildings, brick 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 bucket cart; hose rubber, good 1500 ft; 2 horses, value \$300; value of fire department equipment \$5000; value of buildings occupied \$33,000; total ann expenses of department \$300; total membership 50, volunteers, paid part time 1; bell alarm; 8 fire companies. Chief, B. S. Young; chairman of fire and water com, F. Clausen.

WATER SUPPLY—Source, 2 lakes, 4 wells. City clerk, B. J. Egerton.

Oconto, Oconto Co., population 14880; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose rubber, good 2800; value of fire department equipment \$10,000; value of 2 buildings occupied \$6000; total ann expenses of department \$3000; total membership 23, paid part time 2; bell alarm. Chief, L. S. Bailey.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 32,000 gals; Deane pumping engines, dy cap 500,000 gals; 6 hydrants, Holly; pipe 1½ miles; pressure 27 pounds; water-works owned by company; cost to construct \$4000; ann expenses \$30. Pres, A. Cole; supt, Chas. Hall; mayor, John Noonan; city clerk, Chas.

Norton., City will probably 1890.

Omro, Winnebago Co., department—Hooks, ladders and buckets. Chief engineer, J. A. Pratt.

WATER SUPPLY—Source, wells.

Oshkosh, Winnebago Co., area 200 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 1 to 2 stories; causes of fire investigated; steam fire engines, 2 hook and ladder trucks, all kinds; siamese couplings, 50 pumps; hose cotton, 12 horses; value of fire department equipment of 5 buildings occupied of department \$22,000; to time; telephone and telegraph. Chief engineer, Robt. A. B.

WATER SUPPLY—Source, wells; system, direct pumping, dy cap 8,000,000 gals; miles, 4 to 10 in dia; 60 valves of water fair, Jewell filter; pounds; water-works owned \$350,000; ann expenses \$10,000. Pres, D. L. Libbey; supt, J. A. Pratt; city clerk, D. Witzel.

Pepin, Pepin Co., population 1000; mercantile buildings, wood and brick, 2 stories; wooden roofs permitted; chemical extinguishers; hose rubber, good 1000 ft; value of fire department equipment \$300; total membership 30, volunteers; bell alarm. Chief, J. A. Pratt.

WATER SUPPLY—Source, wells. Village clerk, H. Fuller.

Peshtigo, Marinette Co., area 70 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 300 ft, rubber 600 ft; value of fire department equipment \$300; total membership 30, volunteers; triangle alarm. Chief, J. A. Pratt.

WATER SUPPLY—Source, wells. City clerk, W. W. Hall.

Platville, Grand Co., population 1000; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; chemical extinguishers; hose rubber, good 1000 ft; value of fire department equipment \$300; total membership 30, volunteers; bell alarm. Chief, J. A. Pratt.

WATER SUPPLY—Source, wells. City clerk, W. W. Hall.

Plymouth, Sheboygan Co., area 640 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1500 ft; value of fire department equipment \$400; total membership 30, volunteers; bell alarm. Chief, A. H. Schramm.

WATER SUPPLY—Source, wells. City clerk, G. L. Gilman.

Portage City, Columbia Co., area 1000 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1500 ft; value of fire department equipment \$400; total membership 30, volunteers; bell alarm. Chief, J. A. Pratt.

WATER SUPPLY—Source, wells; system, pumping to standpipe and gals; Worthington pumps; 75 hydrants, Ludlow; 9 meters; water-works owned by company; cost to construct \$125,000; int, E. G. Ferris; supt, Jas. V.

Port Washington, Columbia Co., area 1000 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1500 ft; value of fire department equipment \$400; total membership 30, volunteers; bell alarm. Chief, J. A. Pratt.

WATER SUPPLY—Source, wells. City clerk, G. L. Gilman.

Prairie du Chien, Wisconsin, area 1000 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1500 ft; value of fire department equipment \$400; total membership 30, volunteers; bell alarm. Chief, J. A. Pratt.

WATER SUPPLY—Source, wells. City clerk, G. L. Gilman.

WISCONSIN—Continued.

823 ft, inferior 200 ft; value of fire department equipment \$5000; value of 3 buildings occupied \$1500; total ann expenses of department \$600; total membership 123, volunteers; bell alarm. Chief engineer, — Helwid.

WATER SUPPLY—Source, flowing artesian well; system, gravity; 10 hydrants, Ludlow; pipe 1 mile, 6 in dia; water-works owned by company; cost to construct \$8000; ann expenses \$100; int on bonds 5 per cent. Pres, H. C. Pochler; supt, F. H. Pochler; mayor, C. S. Fuller; city clerk, D. Quilligore.

Prescott, Pierce Co., population 1114; buildings, brick and wood, 1½ to 4 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$200; bell alarm. Chief, J. S. Clements.

WATER SUPPLY—Source, wells and river. Mayor, J. S. Clements; city clerk, Geo. S. Price.

Princeton, Green Lake Co., population 1100; buildings, stone, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 8000 ft; value of fire department equipment \$1500; total membership 80, volunteers; bell alarm. Chief engineer, F. W. Cooke.

WATER SUPPLY—Source, river; 1 reservoir. City clerk, Edward Monthey.

Racine, Racine Co., population *23,000. Fire department—4 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, hose good 6900 ft; 18 horses; total membership 46; telegraph alarm; 26 street boxes. Chief engineer, D. S. Abesser.

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe and direct; standpipe cap 275,000 gals; Blake pumping engines, dy cap 4,500,000 gals; 824 hydrants, Coffin, Chapman; pipe 24 miles, 6 to 24 in dia; Long; 335 valves, Coffin, Chapman; 115 meters, Crown; quality of water good; pressure, domestic 75, fire 125 pounds; water-works owned by company; cost to construct \$750,000; int on bonds 6 per cent. Pres, Henry E. Cobb; supt, Wm. H. Laing; city clerk, L. H. Coleman.

Reedsburg, Sauk Co., population 2500; fire area 25 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 500 ft, inferior 500 ft; value of fire department equipment \$800; value of buildings occupied \$3000; total membership 50; volunteers; bell alarm. Chief engineer, Geo. W. Morgan. chairman of fire and water com, F. D. Hulbert.

WATER SUPPLY—Source, rivers and wells; 6 reservoirs. City clerk, G. Stevens.

Richland Center, Richland Co., population 1353; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose rubber, good 1400 ft, inferior 400 ft; value of fire department equipment \$1000; total membership 60, volunteers; bell alarm. Chief engineer, J. O. Burnham.

WATER SUPPLY—Source, artesian wells and cisterns; system, direct pumping. City clerk, K. W. Eastland.

Ripon, Fond du Lac Co., population 13507; mercantile buildings, stone and brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels; hose rubber, good 1500 ft; value of fire department equipment \$35,000; value of building occupied \$700; rent \$100; total ann expenses of department \$1000; total membership 55, volunteers; bell alarm. Chief engineer, T. G. Sullivan.

WATER SUPPLY—Source not given; system, pumping to reservoirs; 2 reservoirs; 1 cistern; pumping engine dy cap 2500 barrels; 1 hydrant; pipe 100 ft, 4 in dia; pressure 85 pounds; ann expenses \$155. City clerk, C. B. Dickinson. A system is now being put in.

River Falls, Pierce Co., population 2000; mercantile buildings, stone and brick, 1 and 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, bucket truck; hose cotton, good 700 ft; value of fire department equipment \$1000; value of buildings occupied \$500; total ann expenses of department \$200; total membership 48, volunteers; bell alarm. Chief, A. W. Kaler; chairman of fire and water com, John W. Barrett.

WATER SUPPLY—Source, river. Town clerk, F. L. Perrin.

Sauk City, Sauk Co., population 917; buildings, wood, brick and stone. Fire department—2 hand engines, 1 hook

and ladder truck, 2 hose carriages; hose cotton, good 500 ft, inferior 500 ft; value of fire department equipment \$2000; total membership 50, volunteers; bell alarm. Chief engineer, Paul Lachmund.

WATER SUPPLY—Source, rivers and 4 wells. Town clerk, C. Naffz.

Shawano, Shawano Co., population 1250; fire area 30 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose linen, good 500 ft, rubber good 250 ft; value of fire department equipment \$500; value of buildings occupied \$500; total membership 50, volunteers; bell alarm; 1 fire company; 1 hook and ladder company. Chief engineer, D. E. Wescott; chairman of fire and water com, H. Catlan.

Sheboygan, Sheboygan Co., population 20,000; fire area 1200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2000 ft, rubber good 3000 ft; 3 horses, value \$900; value of fire department equipment \$35,000; value of buildings occupied \$10,000; total ann expenses of department \$600; total membership 37, paid full time 6, paid part time 11, volunteers 20; Gaynor alarm; 21 street boxes. Chief engineer, John Sandrock; chairman of fire and water com, Ed. Seidemann.

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe; Worthington pumping engines, dy cap 5,000,000 gals; 264 hydrants; pipe 18½ miles, 4 to 30 in dia; pressure, domestic 55, fire 90 pounds; water-works owned by company; cost to construct \$280,000; int on bonds 6 per cent. Pres and supt, W. D. Cockburn; city clerk, W. Kunz.

Sparta, Monroe Co., population 12796. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 600 ft; total membership 25. Chief engineer, W. J. Summerfield.

WATER SUPPLY—Source, creek and 6 cisterns. City clerk, Wm. Blyton.

Spring Green, Sauk Co., population 600; fire area 80 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, rubber buckets; hose linen, good 450 ft, rubber good 300 ft, inferior 150 ft; value of fire department equipment \$500; value of buildings occupied \$300; total ann expenses of department \$250; total membership 30, volunteers; bell alarm. Chief, S. J. North; chairman of fire and water com, Ferd. Schoenman.

WATER SUPPLY—Source, driven wells.

Stevens Point, Portage Co., population 9000; mercantile buildings, wood, stone and brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; sistance couplings used; hose cotton, good 4000 ft, rubber good 1000 ft; 4 horses, value \$800; value of fire department equipment \$18,000; value of buildings occupied \$6000; total membership 47, paid full time 2, volunteers 45; telephone alarm. Chief engineer, Jas. Rice; chairman of fire and water com, P. H. Cashin.

WATER SUPPLY—Source, well and Wisconsin River; system, pumping to standpipe and direct; standpipe cap 323,011 gals; Holly pumping engines, dy cap 4,000,000 gals; 128 hydrants, Holyoke; pipe 6½ miles, 6 to 16 in dia; 50 valves, Ludlow and others; 25 meters, Hersey, Crown; quality of water good, Hyatt filters; pressure, domestic 45 to 65, fire 65 to 110 pounds; water-works owned by company; cost to construct \$175,000; int on bonds 6 per cent. Pres, Wm. Yorke; supt, W. O. Lamoreux; mayor, W. W. Spraggon; city clerk, J. E. Kogen.

Stoughton, Dane Co., population *8000; Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages. Chief engineer, W. Atkinson.

WATER SUPPLY—Source, 2 wells and river; system, pumping to standpipe; standpipe cap 141,778 gals; Deane pumping engines, dy cap 1,500,000; 84 hydrants, Chapman; pipe 8½ miles, 4 to 10 in dia; quality of water good; pressure, domestic 75, fire 150 pounds; water-works owned by city; cost to construct \$20,000; ann expenses \$1000. Supt, Julius Fitz; mayor H. T. Hanson; city clerk, Benj. Wait.

Sturgeon Bay, Door Co., population *2000; buildings, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages;

Cheyenne, Laramie Co., population 9000; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 6 hose carriages, all kinds; hose cotton, good 4000 ft, inferior 500 ft; value of fire department equipment \$30,000; value of buildings occupied \$22,000; total ann expenses of department \$4000; total membership 180, volunteers; telegraph alarm; 9 street boxes; 1 engine company, 1 hook and ladder company; 2 hose companies. Chief, L. W. Warlamont; chairman of fire and water com, Louis G. Jenks.

WATER SUPPLY—Source, Crow Creek; system, gravity and direct pumping; storage reservoirs cap 214,000,000 gals; 2 Knowles pumping engines, dy cap 6,000,000 gals; 30 hydrants, Chapman; pipe 18 miles, Shickle, H. & H., Long; Chapman valves; pressure, domestic 18, fire 150 pounds; water-works owned by city; cost to construct \$250,000; ann expenses \$2500; int on bonds 7 per cent. Chairman of com, J. W. Hammond; supt, Donnell Miller; city clerk, Frank Dana.

Evanston, Uintah Co., population 1800; fire area 6 blocks; mercantile buildings, wood, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine; 18 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose cotton, good 900 ft, rubber good 800 ft, inferior 75 ft; value of fire department equipment \$2800; value of buildings occupied \$3000; total ann expenses of department \$1700; total membership 67, volunteers; steam whistle and bell

alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, N. E. Small.

WATER SUPPLY—Source, wells and irrigating ditches. Town clerk, J. Knight.

Laramie, Albany Co., population 45000; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 1500 ft, rubber good 2000; value of fire department equipment \$5500; value of building occupied \$6000; total ann expenses of department \$800; total membership 120, volunteers; bell and whistle alarm. Chief engineer, Ott Gramm.

WATER SUPPLY—Source, springs; system, gravity; dy cap 2,000,000 gals; 30 hydrants, Holly, Beaumont; pipe 5 miles, 8 to 12 in dia; pressure 45 pounds; water-works owned by U. P. R'y Co. and used for their own supply and fire protection in the city; cost to construct \$18,000; ann expenses \$100. City clerk, C. E. Golden.

Rock Springs, Sweetwater Co., population 3000. Fire department—1 hose cart; hose 1000 ft; total membership 30. Chief, J. A. Ingalls.

WATER SUPPLY—Source, Green river; system, pumping to reservoir; reservoir cap 8,000,000 gals; Knowles pumping engines, dy cap 500,000 gals; 60 hydrants, Chapman; pipe 87 miles, 4 to 8 in dia, Shickle, H. & H.; 100 valves; 185 meters, National; quality of water good; filtration Lepage; pressure, domestic 65, fire 75 to 90 pounds; water-works owned by U. P. R'y Co. Chief engineer, V. G. Bogue; supt, Thomas J. Wyche; town clerk, Robert Smith.

DOMINION OF CANADA. BRITISH COLUMBIA.

Kamloops, population 41250; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hose carriages; 600 ft hose; volunteers; 2 fire companies. Chief engineer, Jas. Vair.

WATER SUPPLY—Water-works constructed in 1885, not described; pressure, domestic 50, fire 100 pounds.

New Westminster, population 7000; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limit; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, 2 hose reels; hose cotton, good 1000 ft, rubber good 2500 ft; 2 hoses, value \$700; value of fire department equipment \$8000; value of buildings occupied \$1500; total ann expenses of department \$3000; total membership 60, paid full time 2 volunteer members 58; telephone and bell alarm; 1 fire company. Chief engineer, T. Ackerman; chairman of fire and water com, James Johnson.

WATER SUPPLY—City has raised \$200,000 to bring a supply from lake 12 miles distant, to have a 180 ft fall and be completed within twelve months.

Vancouver, New Westminster District, population 412,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, all kinds; hose cotton, good 8000 ft, rubber good 2900 ft, inferior 100 ft; 2 hoses, value \$450; value of fire department equipment \$20,000; value of buildings occupied \$5000; total ann expenses of department \$11,000; total membership 28, paid full time 18, paid part time 10; Gamewell alarm; 10

street boxes, 2 fire companies. Chief engineer, J. H. Carlisle; chairman of fire and water com, J. M. Fox.

WATER SUPPLY—Source, Capilano River; system, gravity from impounding reservoir; reservoir cap 14,000,000 gals; situated 450 ft higher than lowest hydrant; 75 hydrants, Albion Iron Works; pipe 10 miles; pressure 100 pounds; water-works owned by company; cost to construct \$250,000. Pres of com, John Irving; sec, J. W. McFarland. The city is now arranging to purchase the works and perfect the system so as to obtain 200 pounds pressure.

Victoria, Victoria District, population 18,000; fire area 4 square miles; mercantile buildings, brick, stone and wood, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—8 steam fire engines, 2 hand engines, 1 chemical engine on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 170-ft aerial truck, 7 hose carriages, 2 60-ft ladders; hose cotton good 3000 ft, rubber good 4550 ft, inferior 400 ft; 7 hoses, value \$1750; value of fire department equipment \$30,000; value of buildings occupied \$30,000; total ann expenses of department \$30,000; total membership 55, paid full time 6, paid part time 21, volunteer members 2. Gamewell alarm; 28 street boxes, 1 hook and ladder company, 3 hose companies. Chief engineer, Thomas Denny; chairman of fire wardens, Wm. Wilson.

WATER SUPPLY—Source, creek and bay almost surrounding city; system, gravity and direct pumping; 10 cisterns in business portion, cap 15,000 gals each; 100 hydrants, Albion Iron Works; pipe 15 miles, 4 to 12 in dia. R. D. Wood & Co.; Worthington meters; pressure at hydrants 60 pounds; water-works owned by company; ann expenses about \$3000. Pres of com, Peter Summerfield. Engines can be run direct to bay if necessary.

MANITOBA.

Brandon, Selkirk Co., population 8500; buildings, brick and wood, 1½ to 3 stories; large brick fire district created by by-law in centre of city; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1000 ft, rubber good 1200 ft; inferior 300 ft, linen good 800 ft, inferior 200 ft; 3 hoses; value of fire department equipment \$10,000; total membership 36, paid full time 1, paid part time 21, volunteer members 14; bell alarm. Chief engineer, E. G. Wiswell. Council has extensive additions to department under consideration.

WATER SUPPLY—Source, wells and tanks; the city in-

tends putting in a system of water-works and is now sinking an artesian well as a test. Mayor, Andrew Kelly; city clerk, John C. Kerr.

Emerson, population 700. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good 1500; volunteer department. Chief engineer, A. E. Hopkinson.

WATER SUPPLY—Source, river and cisterns. Town clerk, W. W. Unsworth.

Portage La Prairie, population 3000; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese

couplings; hose cotton, good 500 ft, rubber good 500 ft, inferior 500 ft, linen good 1000 ft; 2 horses; value of fire department equipment about \$7000; value of buildings occupied \$3500; ann expenses \$700; total membership 55, paid part time; bell alarm. Chief engineer, B. Roburgh. WATER SUPPLY—Source, wells and tanks and 5 cisterns. own clerk, R. C. Brown.

Winnipeg, population 28,000; mercantile buildings, brick and stone, 4 and 5 stories; private, wood and brick, and 4 stories; wooden roofs not permitted in fire limits; reworks ordinance. Fire department—3 steam fire engines, 3 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; hose cotton, good 3000 ft, inferior 3000 ft, rubber good 3000 ft, inferior 1000 ft, linen good 1000 ft, inferior 2000 ft; 16 horses, value \$4500; value of fire department equipment

\$48,000; value of buildings \$28,000; value of department equipment \$20,000; full time; Gamewell alarm engineer, Wm. Code; chairman, Callaway.

WATER SUPPLY—Source direct pumping; Laidlaw 1000 gals; 40 hydrants; pig sure, domestic 45, fire 85 p company; cost to construct per cent. Pres, Alex. Mc clerk, C. G. Brown.

The following places have Dufferin Co., population 8000 (street department disbanded).

NEW BRUNSWICK.

Chatham, population 8000; frame buildings; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages, 3 fire tug boats, siamese V. couplings; hose rubber, good 3500 ft, inferior 500 ft, leather good 500 ft; value of fire department equipment \$7000; 3 buildings occupied, value \$8000; total ann expenses of department \$3000; total membership 60, paid full time 12; volunteer members 48; bell alarm.

WATER SUPPLY—Source, river; 6 tanks.

Fredricton, population 7000. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 5 hose carriages; rubber hose in good condition; paid department. Chief engineer, A. Lipsett.

WATER SUPPLY—Source, River St. John; system, pumping to standpipe and direct; Holly-Gaskill pumping engines, dy cap 1,500,000 gals; 82 hydrants, Coffin; pipe 9 4.5 miles, 8 to 12 in dia, made in Scotland; 125 valves, Coffin & Whittier; 3 meters, National; quality of water good; pressure, domestic 45, fire 70 pounds; works owned by city; cost to construct \$100,000; expenses in 1899, \$5442; int on bonds 5 per cent. Chairman of com, Marshall Richey; supt, Alex. Burchill; mayor, T. C. Allen; city clerk, C. W. Beckwith.

Kingston, population 2000; buildings, brick and stone; 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 1800 ft, rubber good 200 ft, inferior 100 ft, linen good 1200 ft, leather good 100 ft; value of fire department equipment \$30,000; ann expenses \$5000; total membership 27; paid full time 7, volunteer members 20; telegraph alarm; 10 street boxes.

WATER SUPPLY—Source, lake; system, gravity; 1 reservoir, cap 800,000 gals; pipe 2½ miles; 42 hydrants; pressure, domestic 35 pounds. J. L. Harris.

Moncton, population 10,000; fire area 1000 acres; mercantile buildings, stone, brick and wood, 3 stories; private, wood and brick, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine in reserve, 1 hook and ladder truck with Bangor extension ladders, etc., 8 hose wagons, 3 hand reels, 1 salvage wagon maintained by underwriters; hose cotton good 2800 ft, fair 400 ft; 3 horses owned by department, 4 hired, value of ones owned \$375; value of fire department equipment \$18,000; value of buildings occupied about \$10,000; total ann expenses of department average \$3000; total membership 46, paid part time; Stevens electric alarm; 14 street boxes, 4 fire companies. Chief engineer, Geo. Ackman; chairman of fire and water com, Benj. Toombs.

Chief engineer, Jas. Marshall.

WATER SUPPLY—Source, tanks.

Carleton Place, population 4800; fire area 1100 acres; mercantile buildings, stone, brick and veneer, 2 to 3 stories; private, wood and brick, 1½ and 2 stories; galvanized roofs; fireworks ordinance. Fire department—1 steam fire engine, 8 hose carriages; hose cotton, good 1000 ft, inferior 200 ft, rubber good 1000 ft, inferior 450 ft; value of fire department equipment \$10,000; value of buildings occupied \$2000; total ann expenses of department \$200; total membership 30, paid part time 30, volunteers 20; bell alarm; 1 fire company. Chief engineer, Jas. Daugherty; chairman of fire and water com., J. M. Brown.

WATER SUPPLY—Source, river, tanks, cisterns and small reservoir. Mayor, R. F. Preston; town clerk, A. R. G. Peden.

Cayuga, population 1200; fire area 400 acres; mercantile

tile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 200 ft; rubber good 100 ft; leather good 30 ft; linen good 100 ft; value of fire department equipment \$200; value of buildings occupied \$1500; total membership 25, volunteers; bell alarm. Chief, Wm. McFadden; chairman of fire and water com., Jas. Roberts.

WATER SUPPLY—Source, tanks.

Chatham, population 4000; fire area 10 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 3000 ft; 4 horses; value of fire department equipment \$10,000; value of building occupied \$2000; total annual expenses of department \$2000; total membership 15, paid full time 4, paid part time 11; telephone alarm; also watchman in tower from 10 P. M. and 6 A. M. Chief engineer, W. Lambert.

WATER SUPPLY—Source, 2 rivers, 25 cisterns. Town clerk, J. Tossimen. A system of water-works contracted for.

Clinton, population 3800; mercantile buildings, brick and wood, 2 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine (private chemical extinguishers in mostly all places of business), 1 hook and ladder truck, 3 hose carriages; hose cotton, good 600 ft, inferior 200 ft, rubber good 1500 ft, inferior 500 ft, linen good 200 ft; value of fire department equipment \$5000; value of building occupied \$12,000 (part of town hall); total annual expenses of department \$200; total membership 18, paid full time 15; bell alarm; 1 fire company. Chief engineer, Geo. E. Pay; chairman of fire and water com., A. K. Manning.

WATER SUPPLY—Source, wells for domestic and tanks for fire purposes. Mayor, Wm. Doherty; town clerk, W. Coats.

Cobourg, population 6000; mercantile buildings, brick, 3 stories; private, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, 3 hand reels; hose cotton, good 2000 ft, rubber good 2000 ft, inferior 1000 ft; 3 horses, value \$600; value of buildings occupied \$5000; total annual expenses of department \$2000; total membership 52, paid full time 2, paid part time 20, volunteer members 30; 10 alarm bells; electric alarm system to be installed at once; 1 hook and ladder company, 1 hose company. Chief engineer, Wm. Pratt; fire and water com., R. Wilson, Wm. Battell, J. D. Hayden.

WATER SUPPLY—Source, Lake Ontario and cisterns; system, pumping to standpipe and direct; 1 standpipe; Holly pumping engines; 72 hydrants; pipe 7 miles, 4 to 12 in dia; water works owned by company. Town clerk, J. Sutherland.

Collingwood, population 5800. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; 1500 ft hose in good condition, 1500 ft in poor; total membership, 20, paid part time. Chief engineer W. R. Anderson.

WATER SUPPLY—Source, Georgian Bay; system, direct (it is intended to use standpipe); Kerr Bros. pumping engines, dy cap 1,000,000 gals; 54 hydrants, Kerr Bros.; pipe $\frac{1}{2}$ miles, 4 to 12 in dia, Gartshore & Co.; 24 valves, Kerr Bros.; quality of water good; pressure, domestic 40, fire 80 pounds; water-works owned by town; cost to construct \$22,700; annual expenses about \$3000; int on bonds 5 per cent. Supt, Thos. Bassett; mayor, Charles Macdougale; town clerk, John Hogg.

Cornwall, population 7000; fire area 750 acres; mercantile buildings, brick, $2\frac{1}{2}$ and 3 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings; hose cotton, good 1500 ft, rubber good 500 ft, inferior 500 ft, linen 700 ft; mills have hand engine, hose and sprinklers; also organized company; value of fire department equipment \$11,000; total annual expenses of department about \$2500; 5 paid members; bell alarm. Chief engineer, J. C. Hunter.

WATER SUPPLY—Source, St. Lawrence River; system, pumping to standpipes; standpipe cap 200,000 gals; Worthington pumping engines, dy cap 1,500,000 gals; 60 hydrants, Smith & Co., pipe 8 miles, 4 to 12 in dia, Gartshore & Co.; 40 valves, Ludlow; 6 meters. National, quality of water good; pressure, domestic 55, fire 100 pounds; water-works owned by Moffett, Hodgkins & Clarke, Supt, J. Strickland; mayor, M. M. Mulhiera; city clerk, G. S. Jarvis.

Deseronto, Hastings Co., population 8000; buildings, stone, brick and wood, $1\frac{1}{2}$ and 2 stories. Fire department—1 steam fire engine, 1 hand engine, 3 chemical engines on

wheels, 4 hose carriages; 6 engine, E. W. Rathbun.

WATER SUPPLY—Source, tank; 9 Worthington steam cap of tank 3000 barrels; supplies the town with the operates same in case of town clerk, Robt. Irvine.

Dresden, population 1000; tile buildings, wood and brick, 1 to 3 stories; no fireworks ordinance. Fire department—2 steam fire engines, 2 hose carriages; 1 of fire department equipment occupied \$2000; total membership 15, paid full time 11; telephone alarm. Chief engineer, J. and water com., Henry We

Dundas, Wentworth Co., 250 acres; mercantile buildings, private, brick, 2 stories; fireworks ordinance. Fire department—2 hook and ladder trucks, good 1500 ft, linen good 1000 ft; equipment \$2000; value of annual expenses of department all volunteers; bell and water company; 2 hose companies; Knowles, chairman of fire

WATER SUPPLY—Source, reservoir, cap 1,250,000 gals; to 12 in dia; pressure 75 to 100 lb; by town; cost to construct \$10,000; town clerk, T. Wilson.

Dunnville, population 1000; hand engine, 1 hook and ladder truck, 1 hose rubber, good 1800 ft; 110 volunteers. Chief engineer, Hugh Clark.

WATER SUPPLY—Source, J. W. Holmes.

Elora, population 1600; stone, 3 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 hose carriages, 2 hose trucks, 2 hose reels; hose cotton, good 200 ft, inferior 100 ft; value of fire department equipment \$2000; total annual expenses of department \$200; paid full time 20, volunteer members 30, Chief engineer, Hugh Clark.

WATER SUPPLY—Source, Burns.

Exeter, population 2000; tile buildings, brick, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 hose carriages; value of fire department equipment occupied \$1000; total membership 50, volunteers.

Fenelon Falls, Victoria Co., brick, $1\frac{1}{2}$ and 2 stories; private, brick, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 1500 ft; value of fire department equipment \$2000; total annual expenses of department \$200; Chief engineer, S. J. and water com., E. D. Hand.

WATER SUPPLY—Source, clerk, E. D. Hand.

Flesherton, population 1000; wood, 2 stories; shingle roof; 1 hand engine; 1 hose carriage; value of fire department equipment \$200; Chief engineer, F.

Forest, population 2000 and wood, 2 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 1500 ft; equipment \$2000; value of annual expenses of department \$200; volunteers, paid part time; Pettypiece; chairman of fire

WATER SUPPLY—Source,

Galt, population 8000; fire engine, 1 hand engine, 1500 ft; total membership 15, paid full time 11; Chief engineer, J. Curlias.

WATER SUPPLY—Source, works to be constructed. Town clerk, J. G. Dyl

ONTARIO—Continued.

Geonauque, Leeds Co., population 4000; mercantile buildings, brick and wood, 2 to 3 stories; private, brick, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose linen, good 500 ft, rubber good 800 ft, inferior 600 ft; value of fire department equipment \$7100; value of buildings occupied \$3000; total ann expenses of department \$800; total membership 74, paid part time; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief, Jas. McKellar; chairman of fire and water com, T. I. Storey.

WATER SUPPLY—Source, river; system, direct pumping; water-power pump; new pump to be put in with dy cap 1,150,000 gals; 18 hydrants; pipe 1½ miles, 2½ and 8 in dia; pressure 800 pounds; water-works owned by city; ann expenses \$300. Supt, C. R. Catton; city clerk, S. McCammon.

Georgetown, population 1800; fire area 200 acres; mercantile buildings, stone and brick, 1½ to 3 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, rubber good 300 ft, inferior 100 ft; total membership 65, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief, Geo. H. Kennedy.

WATER SUPPLY—Source, ponds and streams. Town clerk, G. S. Goodwillie.

Glencoe, Middlesex Co., population *2000; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose cotton, good 700 ft; value of fire department equipment \$2600; total membership 80, paid full time; bell alarm.

WATER SUPPLY—Source, tanks. Village clerk, G. M. Harrison.

Goderich, Huron Co., population 4400; mercantile buildings, brick, 2½ and 3 stories; private, brick and wood, 2 and 3 stories; roofs shingle, laid in mortar, gravel and plastic slate. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 2800 ft, rubber inferior 850 ft, leather inferior 200 ft; value of fire department equipment \$6000; total ann expenses of department \$1000; total membership 12, paid; bell and electric alarm. Chief engineer, J. Bates.

WATER SUPPLY—Source, artesian wells; system, direct pumping; Gordon pumping engines, dy cap 1,500,000 gals; 60 hydrants, Stevens & Burns; pipe 10½ miles, 4 to 10 in dia; Stevens & Burns valves; quality of water pure; pressure, domestic 80, fire 80 pounds; water-works owned by city; cost to construct \$425,000; int on bonds 5 per cent. Mayor, John M. Butler; city clerk, Wm. Mitchell.

Gravenhurst, population *2800; fire area 8 or 10 acres; mercantile buildings, brick, 3 stories; private, wood, 1½ stories; wooden roofs not permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels (not used), 2 hose carriages; hose rubber, good 1200 ft, inferior 300 ft; value of fire department equipment \$5000; value of buildings occupied \$1000; total membership 12, paid full time, 1 volunteers 12, paid \$1.50 per fire; bell alarm. Engineer Arley Sloan; chairman of fire and water com, B. R. Mowey.

WATER SUPPLY—Source, tanks and lakes. Town clerk, T. Johnson.

Guelph, Wellington Co., population *11,000. Fire department—1 steam fire engine, 4 hose carriages; hose good 2600 ft; 2 horses; total membership, paid. Chief engineer, A. Robertson; chairman of fire and water com, C. Kleopher.

WATER SUPPLY—Source, springs and river; system, direct pumping; Walker pumping engines, dy cap 1,500,000 gals; 104 hydrants, Inglis & Hunter; pipe 14 miles, 2 to 12 in dia; 4 meters; quality of water good; pressure, domestic 80, fire 120 pounds; water-works owned by city; cost to construct \$125,000; ann expenses \$5000; int on bonds 6 per cent. Supt, Jas. Fordyce; mayor, Thos. Gowdy; city clerk, Richard Mitchell.

Hamilton, Wentworth Co., population 50,000; fire area 2500 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical engines on wheels (1 combination with hose wagon), 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage not in service; hose cotton, good 6700 ft; 17 horses, value \$2400; value of fire department equipment \$73,000; value of buildings occupied \$68,000; total ann expenses of department \$30,000; total membership 41, paid full time; elec-

tric alarm; 40 street boxes. Chief engineer, A. W. Aitchison.

WATER SUPPLY—Source, Lake Ontario, through 5-ft. basin; system, pumping to reservoir; reservoir cap 11,000,000 imp gals; Killey pumping engines, dy cap 12,000,000 imp gals; 889 hydrants, Killey; pipe 89 miles, 6 to 24 in dia, Gartsshore; 315 valves, Killey; 4 meters, National Scotch; quality of water best; pressure 80 to 75 pounds; water-works owned by city; cost to construct \$1,250,000; ann expenses \$35,000; int on bonds 6 per cent. Chairman of com, James Dixon; city engineer, Wm. Harkness; mayor, David McLellan; city clerk, Thos. Beasley.

Harriston, population 2800; buildings, wood 2½ brick, 1 to 3 stories. Fire department—1 steam fire engine, 2 hose carriages. Chief engineer, J. Robertson.

WATER SUPPLY—Source, river. Town clerk, M. F. Empey.

Ingersoll, population 4000; buildings, brick and wood 1½ to 3 stories; wooden roofs permitted, laid in mortar; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose cotton, good 500 ft, rubber good 1600 ft; 2 horses; value of fire department equipment \$7000; total membership 20, paid part time bell alarm. Chief engineer, George Craig.

WATER SUPPLY—Source, pond; the following system is in process of construction: system, pumping to standpipe and direct; pipe 6 miles, 4 to 12 in dia, Gartsshore; quality of water fine; pressure, domestic 60, fire 120 pounds; water-works owned by company; cost to construct \$30,000. Pres, J. F. Moffett; mayor, — Buchanan; city clerk, R. Smith.

Iroquois, Dundas Co., buildings, brick, stone, and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose cotton, good 850 ft, rubber good 500 ft; bell alarm.

WATER SUPPLY—Source, St. Lawrence River; system, direct pumping; 15 hydrants; pipe 2 miles, imported, pressure, domestic 45, fire 75 pounds; water-works owned by Buchon & Serviss; cost to construct \$18,000; ann expenses \$450. Supt, Gordon Serviss; town clerk, J. Tindale.

Jarvis, population 1200; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine; hose cotton, good 150 feet; value of fire department equipment \$300. Chief engineer, J. W. Rodgers; chairman of fire and water com, Benj. Millenbacher.

WATER SUPPLY—Good; not described.

Kemptville, population 1400; fire area 200 acres; mercantile buildings, brick and stone, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, siamese couplings used; hose cotton, good 1700 ft, rubber good 500; 2 horses; value of fire department equipment \$6200; value of building occupied \$3700; total ann expenses of department \$200; total membership 80; volunteers; bell alarm. Capt, W. H. Bouza.

WATER SUPPLY—Source, river. Town clerk, O. Bacon.

Kincardine, population 2000; fire area 1280 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, brick and wood, 1 to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, 15 leather buckets; hose cotton, good 200 ft, rubber good 500 ft, inferior 800 ft; value of fire department equipment \$10,000; value of building occupied \$1000; total ann expenses of department \$100; total membership 62, volunteers, paid part time 1; bell alarm. Chief, John Stewart; chairman of fire and water com, Sam'l Henry.

WATER SUPPLY—The following system to be completed in July, 1890; source not given; system, pumping to standpipe hydrants 63; pipe, 3 miles. Town clerk, A. M. Williamson.

Kingston, Frontenac Co., population *20,000; fire area 900 acres; buildings, brick and stone, 2 to 3 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 1750 ft, rubber good 800 ft, inferior 400 ft, leather good 500 ft, linen good 1500 ft; 4 horses; value of fire department equipment \$18,000; value of 2 buildings owned \$14,000; 1 rented \$150 per year; total ann expenses of department \$4000; total membership

ONTARIO—Continued.

WATER SUPPLY—Source, St. Lawrence River; system, direct pumping; pumping engines dy cap 1,944,000 gals; 23 hydrants; pipe 3 miles, Bellhouse, D. & Co.; pressure, domestic 40, fire 120 pounds; water-works owned by town; cost to construct \$36,000; ann expenses \$400; int on bonds 5 per cent. Supt, Cyrus Casselman; town clerk, Frank F. Plants.

Mt. Forest, population *2800; buildings, brick, 1½ to 3 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; total membership 65. Chief engineer, I. S. Armstrong.

WATER SUPPLY—Source, wells. Town clerk, W. C. Perry.

Napanee, Lenox Co., population *4000; fire area 1200 acres; mercantile buildings, brick, 3 stories; private, wood and brick 1½ stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1200 ft, rubber good 1800 ft, inferior 500 ft, leather inferior 800 ft; value of fire department equipment \$12,000; value of building occupied \$10,000; total ann expenses of department \$1000; total membership 32, paid part time; bell alarm. Chief engineer, R. J. Wales.

WATER SUPPLY—Source, Napanee River; system, direct pumping; Northey water power pumps, dy cap 2,000,000 gals; 40 hydrants, Mathews; pipe 2½ miles, St. Lawrence; Peet valves; pressure, domestic 50, fire 100 pounds; water-works owned by J. P. Northey; cost to construct \$36,000; ann expenses est \$1500. Town clerk, P. Enbury.

New Hamburg, population 1008. Fire department—1 steam fire engine, 2 hose carriages; hose rubber, good; total membership volunteers.

WATER SUPPLY—Source, river and cisterns.

New Market, York Co., population 2700; fire area 50 acres; mercantile buildings, brick or rough cast, 2 to 3 stories; private, brick clad, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, private chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose cotton, good 1800 ft, rubber good 250 ft, linen good 200 ft; value of fire department equipment \$2500; value of buildings occupied \$2000; total ann expenses of department \$300; total membership 118 paid full time 1, volunteers 115; electric and bells alarm; 6 street boxes, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, John Savage; chairman of fire and water com, H. S. Cane.

WATER SUPPLY—Source, artesian wells; system, gravity and direct pumping; 23 hydrants; pipe 2 miles, 4 to 8 in dia; 8 valves; pressure, domestic 40, fire 80 to 120 pounds.

Niagara Falls, Welland Co., population *3800; buildings, wood, brick and stone. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose cotton, good 500 ft, leather good 2000 ft; value of fire department equipment \$3000; value of building occupied \$4500; total ann expenses of department \$600 (1888); total membership 70, paid part time 12, volunteers 58; bell alarm. Chief engineer, W. L. Flaherty.

WATER SUPPLY (the following system is under construction)—Source, Niagara River; system, direct pumping; Kennedy pumping engines, dy cap 2,500,000 gals; 34 hydrants, Ludlow; pipe Gartshore, 5½ miles, 6 to 12 in dia; 20 valves, Ludlow; quality of water good; pressure, domestic 90, fire 120 to 180 pounds; water-works owned by town; cost to construct \$82,000. Const. engr, Wm. Kennedy, Jr.; mayor, Wm. McHattie; town clerk, John Robinson.

Onemee, population 900; fire area 80 acres; mercantile buildings, wood and brick, 1½ and 2½ stories; private wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck; hose rubber, good 300 ft, inferior 300 ft; value of fire department equipment \$1000; value of buildings occupied \$100; total ann expenses of department \$25; bell alarm. Chief engineer, Alex. Redmond.

WATER SUPPLY—Source, Pigeon River and mill pond.

Orangeville, Wellington Co., population 4000; fire area half of town; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—2 stationary steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose rubber, good 1000 ft, inferior 500 ft; value of fire department equipment \$15,000; value of buildings occupied \$1000; total ann expenses of department \$1000; total membership 24, paid full time 12, volunteers 12; bell alarm. Capt. C. H. King; chairman of fire and water com, James May.

WATER SUPPLY—Source, Credit River; system, pumping to reservoir and direct; reservoir cap 110,000 gals; 2

Holly rotary pumping engines; 10 hydrants; pipe 1 mile; pressure 50 to 110 pounds; water-works owned by town; cost to construct \$10,000; ann expenses \$1000; int on bonds 6 per cent. Supt, Geo. Harkies; town clerk, A. A. Hughson.

Orillia, population 6000; fire area 2000 acres; buildings, brick, 2 stories; iron roofs. Fire department—2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose rubber 1100 ft; value of fire department equipment \$3000; value of buildings occupied \$1000; total ann expenses of department \$200; total membership 25, volunteers; bell alarm. Chief engineer, R. Mainer.

WATER SUPPLY—Source, lake and cisterns. Town clerk, C. Grant.

Oshawa, population 4000; fire area 3800 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 50 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; simease couplings used; hose cotton, good 200 ft, rubber good 2000 ft, inferior 500 ft; value of fire department equipment \$18,000; 1 building occupied; total ann expenses of department \$1100; total membership 35, full paid; bell alarm. Chief engineer, J. Pellow.

WATER SUPPLY—Source, tanks. Mayor, W. F. Cowan; town clerk, C. W. Smith.

Ottawa, Carleton Co., population 45,000. Fire department—2 steam fire engines, 1 hook and ladder truck, 12 hose carriages; lumber mills have powerful pumps and 5000 ft hose; hose cotton and rubber, good 8000 ft; horses; total membership paid; telegraph alarm. Chief engineer, W. Young.

WATER SUPPLY—Source, Ottawa River; system, direct pumping; pumping engines dy cap 18,000,000 gals; 506 hydrants, Mathews; pipe 72 miles, 5 to 24 in dia, Wood and imported; 612 valves, Ludlow, Chapman; 6 meters. Worthington; quality of water good; pressure, domestic 50 to 80, fire 75 to 110 pounds; water-works owned by city; cost to construct \$1,300,000; ann expenses \$50,435; int on bonds 5 per cent. Pres or chairman of com, John C. Rogers; manager, Robt. Surtees; mayor, Jacob Enatt; city clerk, W. P. Lett.

Owen Sound, Grey Co., population *6500. Fire department—1 steam fire engine, 4 hose carriages; hose rubber, good 1500 ft, inferior 500 ft; membership volunteers; 1 paid.

WATER SUPPLY—Source, spring; system, gravity; reservoir cap 750,000 gals; 29 hydrants, Perkins; pipe 8 miles, largest 10 in dia, Don; 12 valves, Perkins; 6 meters, National; quality of water good; pressure 70 pounds; water-works owned by town; cost to construct \$45,000. Supt, S. I. Parker; town clerk, T. Gordon.

Paisley, Bruce Co., population 1600; mercantile buildings, brick and wood, 4 stories; private, brick and wood, 1½ and 2 stories, wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages, hooks, pails, etc.; hose cotton, good 400 ft, rubber good 600 ft, value of fire department equipment \$8000; value of buildings occupied \$1000; total ann expenses of department \$300; total membership 50, volunteers; bell and whistle alarm. Chief, Chas. Briggs; chairman of fire and water com, D. J. Bain.

WATER SUPPLY—Source not given; system, direct pumping; Osborne, Kelly & Co. pumps; pipe 200 ft on main street. Chairman of com, James Claxton; town clerk, N. M. Kechine.

Palmerston, population 2000; fire area 200 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose rubber, good 1000 ft; value of fire department equipment \$2000; value of buildings occupied \$1000; total ann expenses of department \$100; total membership 50, volunteers. Chief engineer, R. Johnston.

WATER SUPPLY—Source, tanks.

Paris, Brant Co., population *3500. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; hose rubber, good 2000 ft; total membership 30, volunteers, including salvage corps. Chief engineer, P. H. Cox.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 1,000,000 gals; Northey pumping engines, dy cap 800,000 gals; 26 hydrants, Waterson and others; pipe 4 miles, 4 to 8 in dia, Gartshore; Gartshore valves; quality of water pure; pressure 70 pounds; water-works owned by town; cost to construct \$40,000; ann expenses \$1416; int on bonds \$16,278. Chairman of com, T. McCoach; supt, John Brockbank; mayor, Henry Strood; town clerk, S. Dadson.

ONTARIO—Continued.

fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose rubber good 2000 ft, inferior 500 ft; value of fire department equipment \$5000; value of building occupied \$6000; total ann expenses of department \$2200; total membership 60, paid part time; bell and telephone alarm (electric alarm system to be put in); 1 hook and ladder company, 1 hose company. Chief engineer, Chas. S. Ellis; chairman of fire and water com, R. Le Sueur.

WATER SUPPLY—Source, River St. Clair; system, direct pumping; E. Leonard & Sons and F. Blakie pumping engines, dy cap 2,500,000 gals; 101 hydrants, R. D. Wood & Co.; pipe 15 miles, 3 to 12 in dia, R. D. Wood & Co. and A. Gartshore; Ludlow valves; 4 meters, Worthington, Crown and Hersey; quality of water very good; pressure, domestic 85, fire 95 to 120 pounds; water-works owned by town; cost to construct to date \$78,000; ann expenses \$4149.50. Supt, Robt. Turner; mayor, E. P. Watson; town clerk, J. D. Stewart (1 1/4 miles of 4 in pipe, 14 hydrants with 16 gate valves now being added).

Sault Ste. Marie, population 2500; fire area 500 acres; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted, but tin mostly used; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose cotton, good 2500 ft; value of fire department equipment \$7000; value of buildings occupied \$4500; total ann expenses of department \$2000; total membership 50, paid full time 3, paid part time 47; 1 hook and ladder company, 2 hose companies. Chief engineer, Thos. H. Elliott; chairman of fire and water com, D. J. Graham; electric fire alarm to be put in.

WATER SUPPLY not described; a system of water-works proposed.

Seaforth, Huron Co., population *8000. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber, good 1800 ft; volunteer department.

WATER SUPPLY—Source, Spring Creek; system, direct pumping; reservoir cap, 400,000 gals; Ingles & Hunter pumping engines, dy cap 907,900 gals; 16 hydrants, Ingles & Hunter; pipe 8 miles, 4 to 8 in dia, Ingles & Hunter; 5 valves, same; quality of water fair; pressure, fire 100 pounds; water-works owned by town; cost to construct \$14,000; ann expenses \$700. Supt. E. S. Roberts; mayor, R. Wilson; town clerk, Wm. Elliott.

Shelburne, Grey Co., population 1400; fire area 15 acres; mercantile buildings, brick, 3 stories; private, brick and iron, 2 stories. Fire department—1 chemical engine, 1 hose carriage; ladders; hose cotton, good 600 ft; total membership 44, all volunteers. Chief engineer, Wm. Jelly.

WATER SUPPLY—Source, well; system, windmill pumping to tank, cap of tank 80,000 gals; 7 hydrants; pipe 2800 ft, 10 in dia (4000 ft of 6 in to be laid); pressure 45 pounds; water-works owned by village; cost to construct \$300. Supt, John Madill; city clerk, F. G. Dunbar. Present system of mains cover business section.

Simcoe, population *8000; fire area 1 square mile; buildings, brick and wood, 2 stories. Fire department—2 steam fire engines; 2 hand engines, 3 hook and ladder trucks, 4 hose carriages; hose cotton, good 2000 ft, rubber good 1000 ft; value of fire department equipment about \$9000; 3 buildings occupied, value \$4500; total ann expenses of department \$300; total membership 50, paid full time 4, remainder volunteers. Chief engineer, J. H. Luscombe.

WATER SUPPLY—Source, wells and pond, new wells sunk in 1899. Town clerk, N. C. Ford.

Smith's Falls, Lanark Co., population *6600. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; hose cotton, good 2000 ft, rubber good 500 ft; volunteer department. Chief engineer, W. Müller.

WATER SUPPLY—Source, Redan River; system, pumping to standpipe; Northey water-power pump, dy cap 750,000 gals; 4 hydrants, Perkins; pipe 2 miles, 6 in dia, Hamilton; 5 valves, Beckett; quality of water good; pressure, domestic 80, fire 100 pounds; water-works owned by A. Foster; cost to construct \$18,000; ann expenses \$300. Mayor, Ogile Cars.

Stayner, population 1200; buildings, brick, 2 stories private, wood and brick, 2 stories, wooden roofs not permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; siamese couplings used; hose cotton, good 700 ft, rubber good 400 ft; value of fire department equipment, \$4500; value of buildings occupied, \$1500; total ann expenses of department \$600; total membership 21, paid full time 1, paid part time 20; bell alarm. Chief engineer, R. E. Bingham; chairman of fire and water com, Dr. Jakeway.

WATER SUPPLY—Source, pond, 8 tanks. Mayor, R. R. Rogers; town clerk, G. L. Darby.

St. Catharines, Lincoln Co., population 12,000; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose cotton and linen, good 2600 ft; inferior 1500 ft; total membership 94; telegraph alarm; street boxes 24; 5 gongs. Chief engineer, F. P. Begg.

WATER SUPPLY—Source, Lake Erie via Welland canal and Beaverdam creek; system, gravity; reservoir cap 265,000,000 gals; hydrants 185, Burrow & Chatfield and others; pipe Tale, Buffalo, 24 1/2 miles, 4 in to 20 in dia, Gartshore; 205 valves, Eddy & Wood; 9 meters, National; quality of water soft and good; filtration sand; pressure 75 pounds; water-works owned by city; cost to construct \$330,000; ann expenses \$4000; int on bonds 6 per cent. Chairman of com, Dr. L. S. Oille; supt, J. Albert Mills; mayor, John B. McIntire; city clerk, John Rollison.

St. Mary's, population 4500; buildings, wood, brick and stone, 2 and 3 stories; wooden roofs permitted, laid in mortar; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose cotton, good 450 ft, rubber good 1500 ft; inferior 400 ft; value of fire department equipment \$5000; value of buildings occupied \$1800; total ann expenses of department \$1000; total membership 15, paid part time; bell alarm. Chief engineer, W. Moyes.

WATER SUPPLY—Source, 2 rivers; 3 tanks. Town clerk, L. Harstone.

St. Thomas, Elgin Co., population *11,500; fire area 65 acres; buildings, brick and stone, 1 1/2 to 4 stories; fireworks ordinance; causes of fires investigated. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose cotton, good 1800 ft, rubber good 850 ft, inferior 650 ft; 4 horses; value of fire department equipment \$6000; value of 2 buildings occupied \$10,000; total membership 19, paid full time 4, paid part time 15; telephone and gong alarm. Chief, A. Henderson.

WATER SUPPLY—Source, Kettle Creek; system, direct pumping; Haggert pumping engines, dy cap 1,000,000 gals; hydrants 55, Holly; pipe Gartshore, 5 1/2 miles, 4 in to 12 in dia; 30 valves, Ludlow; 4 meters, Kennedy; quality of water sometimes muddy; pressure, domestic 50, fire 150 pounds; water-works owned by city; cost to construct \$75,000; ann expenses \$4500. Supt, Jas. Bell; mayor, Israel Morse; city clerk, H. F. Ellis. Works being rebuilt; to have 2 new pumps, dy cap 2,500,000 gals; 20 1/2 miles of pipe, 4 in to 14 in dia; 160 hydrants and 120 valves; to cost \$125,000.

Stratford, Perth Co.; population *10,000; buildings, brick, stone and wood; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; 1 salvage outfit; hose cotton, good 2600 ft, rubber good 700 ft; value of fire department equipment \$6300; total ann expenses of department \$1200; total membership 15, paid part time; bell and telephone alarm. Chief engineer, R. MacNabb.

WATER SUPPLY—Source, Spring Creek; system, direct pumping; 2 Worthington pumping engines, dy cap 2,500,000 gals; 72 hydrants, Perkins; pipe 11 miles, 4 to 12 in dia, Gartshore; Perkins valves, filtration gravel and sand; pressure, domestic 60, fire 100 pounds; water-works owned by company; cost to construct \$30,000; ann expenses \$5000; int on bonds \$2000. Pres, John Corry; supt, Thos. Clark; mayor, John Brown; city clerk, R. R. Lang.

Strathroy, population *4100; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 and 3 stories; roofs, felt, gravel, and shingle laid in mortar. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; force pump; siamese couplings used; hose cotton, good 300 ft, rubber good 1800 ft, inferior 500 ft, good 500 ft; 2 horses; value of fire department equipment \$3000; value of building occupied \$3000; total ann expenses of department \$1000; total membership 35, paid full time 3, paid part time 22; bell alarm. Chief, John Leafestey, Jr.

WATER SUPPLY—Source, river and 12 tanks; quality of water good. Mayor, A. Johnston; city clerk, I. B. Wilew.

Teeswater, population 1200; mercantile buildings, brick and wood, 3 stories; private, wood, 1 1/2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose rubber, good 1000 ft; total membership 25, volunteers; bell and electric alarm. Capt, Herbert Field.

Thessalon, population 950; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose cotton, good 100 ft, lines

The following places have no fire protection: Ardmore, Chickasaw N., Indian Ter., population *1600. Purcell, Chickasaw N., Indian Ter., population 1500. Oklahoma City, Oklahoma Ter. Noble, Oklahoma Ter., population 260.

ERRATUM—On page 9 (California), Naperville, Du Page Co., is erroneous, and should be disregarded.

TWO PER CENT TAX FOR FIRE DEPARTMENTS.

The following amendments to the laws relating to the two per cent tax for the benefit of fire departments was passed at the last session of the legislature:

SEC. 1. There shall be paid to the treasurer of the fire department of every city or village of this State, whether incorporated or unincorporated, having a fire department company or organization, for the use and benefit of such fire department, *or to the treasurer of such fire department within the fire limits as established by law of an unincorporated village*, and when no treasurer of a fire department exists, then to the treasurer or other financial officer of such city or village, *or in case of an unincorporated village, to the supervisor of the town in which such village is situated*; who, for the purposes of this act, shall have the same powers as the treasurers of fire departments, on the first day of February of each year, by every person who shall act as agent for or on behalf of any individual or association of individuals or corporation not incorporated by or under the laws of this State, whose business is insuring against loss or injury by fire upon property in this State, although such individual, association or corporation may be incorporated for that purpose by any other State or country, the sum of two dollars upon the hundred dollars, and at that rate upon the amount of all premiums which, during the year, or part of a year, ending on the last preceding thirty-first day of December, shall have been received by such agent or person, or received by any other person for him, for any insurance effected or procured by him as such agent or broker against loss or injury by fire upon property situate within the corporate limits of such city or village, *or within the fire limits of such unincorporated village*.

SEC. 2. No person shall, as agent for any such individual, association or corporation as aforesaid, effect any insurance upon any property situate in any city or village of this State as aforesaid, upon which the above duty is required to be paid, or as such agent procure such insurance to be effected until he shall have executed and delivered to the treasurer of the fire department of the city or village in which the property insured is situated, or if no treasurer of a fire department exists, then to the treasurer or other financial officer of such city or village, *or in case of an unincorporated village, to the supervisor of the town in which such village is situated*, a bond to such fire department in the penal sum of five hundred dollars, with such sureties as such treasurer, *supervisor* or other financial officer shall approve, with a condition that he will annually render to said treasurer, *supervisor* or other financial officer, on the first day of February in each year, a just and true account verified by his oath, that the same is true of all premiums which, during the year ending on the thirty-first day of December preceding such report, shall have been received by him.

The rate of mortality is less than that of any other company, and the dividends arising from that source will be correspondingly larger. The exhaustive report published by the Company, covering an experience of *twenty* years, shows that the number of deaths was one-third less than the number which should have occurred in accordance with the indications of the American Experience Table of Mortality. Such a percentage of gain was never before realized.

J. H. DURLAND, President,
 R. A. BABBAGE, Vice-President.

OF NEW YORK.

R. H. TAYLOR, Sec'y and Treas.
 F. M. KELLEY, Assistant Sec'y.

MONTHLY REDEMPTION BONDS.

The bonds of this association are redeemed in cash every month.

No notes or mortgages are required.

No interest or bonus to pay for your money.

Bonds of \$100, \$500 and \$1000 sold on monthly installments of from 75 cents to \$4.50 per month.

OUR BONDS ARE EXEMPT BY LAW FROM ATTACHMENT FOR DEBT.

An unequalled system of savings and profit.

A safe investment for 40 to 70 per cent profit of the face value of each bond.

The best, safest, most profitable and quickest returns of any system in existence.

Cash redemption of bonds every month.

Every bondholder is a member of the association and has a vote in its affairs.

Secure your bonds at once, as they are issued and redeemed in numerical order. Delay means loss of time.

It is impossible to hold one of our bonds to maturity or redemption and not receive many times more interest profit than savings banks or other investment companies pay.

Correspondence with and the investigation of insurance men cordially solicited, with a view to selling the bonds of this company.

Address the Home Office,

177 and 179 Broadway, NEW YORK CITY.

UNION MUTUAL LIFE INSURANCE COMPANY

PORTLAND, MAINE.

INCORPORATED 1848.

JOHN E. DeWITT, President.

The attractive features and popular plans of this well known Company present many inducements to intending Insurers peculiar to itself.

Its policies are the most liberal now offered to the public; after three years they are Non-forfeitable, Incontestable and free from all limitation as to Residence, Travel, Suicide or Occupation, Military and Naval Service excepted.

TOTAL PAYMENTS TO POLICYHOLDERS AND THEIR BENEFICIARIES, MORE THAN
\$24,750,000.00.

Good Territory still open for Active and Experienced Agents.

Connecticut General LIFE INSURANCE COMPANY, HARTFORD, CONN.

T. W. RUSSELL, President,

F. V. HUDSON, Secretary.

M. STORRS, M. D., Medical Adviser.

Total Assets, Jan. 1, 1890, - \$1,980,483.40
Total Liabilities, - - - 1,484,879.79

SURPLUS TO POLICYHOLDERS:
By Connecticut Standard, - - \$475,879.79

In each of the ten years past, the
Company has Increased

1. The number of Policies in force.
2. The amount of Insurance in force.
3. The amount of its Assets.
4. The amount of its Surplus.

Issues all the ordinary approved forms of Life and Endowment Policies, either with or without participation in surplus as may be preferred.

— THE — VERMONT LIFE INSURANCE COMPANY OF BURLINGTON, VT. — INCORPORATED, - 1865. ISSUES LIFE, ENDOWMENT, — AND — BOND POLICIES

Of every Desirable Form for Family Protection or Investment for Personal Benefit.

WILLIAM H. HART, Pres. C. M. SPAULDING, Vice-Pres.
C. R. TURRELL, Sec.

E. W. BUSHNELL, Supt. Agencies.
A. P. GRINNELL, Medical Examiner.

EXAMINE THE MANIFOLD ADVANTAGES OF THE

"LOW RATE TERM PLAN"

of this Company. It is easier to place insurance on this plan than on any plan ever before offered, and the policy itself is the most liberal and equitable contract consistent with recognized business principles.

THE MARKED SUCCESS already achieved by this plan shows that it fills a want long felt by the insuring public.

Good Agents, desiring to represent the Company, are invited to address J. S. GAFFNEY, Superintendent of Agencies, at Home Office.

ORGANIZED IN 1851.

SURETYSHIP FOR EMPLOYEES

THE ORIGINAL COMPANY IN AMERICA

THE GUARANTEE COMPANY
OF NORTH AMERICA

ESTABLISHED.....

Paid up Capital and Resources, Dec. 31, 1889, over .
" " " April 30, 1890, over .
Paid up in Cash
Deposited with the Insurance Department at Albany,

This Company's business is solely that of issuing Bonds on the Security of Employees in positions of trust, whereby the necessity for private surety is obviated.

This was the first Company to introduce this system to the American public, and one whose whole Capital and Funds are especially applicable thereto. The system of bonded management which first introduced and has for over thirty years been in successful business on this continent.

COVENANT MUTUAL

LIFE INSURANCE COMPANY

ST. LOUIS, MO.,

205 and 206 Odd-Fellows' Hall.

LIFE RATE ENDOWMENT INSURANCE.—Policies on this plan mature at a definite period, and are incontestable after three years. On the back of Policy is a table showing the amount of paid-up insurance, term of extension or the cash surrender value to which the holder is entitled in case of lapse.

RENEWABLE TERM INSURANCE.—Policies on this plan are renewable at the expiration of each period of Ten years, without re-examination, upon payment of a slightly increased premium for the advanced age.

Policies issued on all the well tested plans of life and endowment insurance.

All policies issued by the Covenant are Registered and secured by a deposit of gilt edge securities with the Missouri insurance department, giving to policy-holders security similar to that of the National Bank Notes.

No restrictions as to residence, travel or occupation. Circulars and information furnished upon application.

HAND-BOOK

—OF—

ASSESSMENT. INSURANCE.

Fifth Annual Edition, Corrected to June 1, 1890.

This important annual contains the

COMPARATIVE STATISTICS OF 450 LIFE AND ACCIDENT COMPANIES.

The Hand-Book has been very greatly improved, embracing many new features, new compilations of statistical exhibits, analyzing the business, methods and transactions of the assessment organizations in such manner as to present at a glance a true knowledge of the condition of each individual association.

An important feature is a Directory of Assessment Associations and Fraternal Societies, giving the location of each, date of organization, and the name of the president and secretary.

PRICE, - - - - - \$2.00.

1890.

THE WASHINGTON Life Ins. Co. of New York.

W. A. BREWER, Jr., - President.

Assets, \$10,500,000.

THE POLICIES OF THE WASHINGTON ARE EASILY DEFINED.

THEY ARE Non-forfeitable. Unrestricted as to residence and travel after two years. Incontestable by their terms. Secured by an Invested Reserve. Solidly backed by Bonds and Mortgages, first liens upon Real Estate. Safer than Railroad Securities. Not affected by the Stock Market. Better paying investments than U. S. Bonds. Less expensive than Assessment Certificates. More liberal than the law requires. Definite contracts. Immediate settlement of claims. All Life Policies contain guaranteed cash surrender value FOR THE FULL RESERVE.
